

Fresno City College

**Amended
2010–2012 Catalog**

Fresno City College at a Glance

General Information

Fresno City College is a college of the State Center Community College District.

Address 1101 E. University Avenue
Fresno, California 93741
Web Address www.fresnocitycollege.edu

Notice to Students

The information contained in this catalog is advisory only and does not constitute a contractual agreement by the college or guarantee that course content suggested will be strictly followed or fulfilled. The Board of Trustees and the administration of the State Center Community College District reserve the right to change at any time, without notice, academic requirements to graduate, curriculum course content and structures, and such other matters as may be within their control, notwithstanding any information set forth in this catalog.

The Fresno City College Catalog is prepared by the Office of Instruction and published by the Public Information Office.

Statement of Nondiscrimination

This institution does not discriminate on the basis of race, sex, sexual orientation, handicap, religion or age.

Accreditation

Fresno City College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education.

Although every effort has been made to assure the accuracy of the information in this catalog, students and others who use this catalog should note that laws, rules and policies change periodically and these changes may alter the information contained in this publication.

The Fresno City College Amended 2010–2012 Catalog may also be viewed online at: www.fresnocitycollege.edu.

Fresno City College 2010-2012 Amended Catalog

A Public California Community College

COLLEGE STATEMENT

This publication is intended to serve students and prospective students as a guide to program planning, institutional services and regulations for attendance at this institution. This catalog becomes effective with the Fall 2011 semester and ends with the Summer 2012 session, unless otherwise amended. The college reserves the right to adjust conditions of enrollment, class offerings, and services rendered as dictated by the limits of institutional resources and enrollment conditions.

Students are held individually responsible for the information contained in the catalog. Failure to read and comply with college regulations will not exempt students from whatever penalties they may incur.

Reference copies of the catalog are available in the Library, Counseling Center, Admissions and Records Office, online, and in the offices of the deans of instruction and educational advisors. Students are encouraged to purchase and use their own copy of the catalog. Personal copies are for sale in the Fresno City College Bookstore.

INTRODUCTION

Fresno City College is a college of the State Center Community College District, which operates within the broader mission of California's 112 community colleges. Fresno City College strives to be a premier learning community whose students, graduates and staff will be among the best prepared citizens to meet the challenges of an increasingly complex environment.

The Mission of Fresno City College

Fresno City College is a comprehensive community college offering innovative instructional programs in anticipation of and responsive to the life-long learning needs of our diverse population. Fresno City College provides a wide variety of quality services to support student success by engaging our students in achieving their educational goals. Moreover, we are dedicated to working collaboratively with our community to enhance the economic and social development of the region.

Fresno City College Vision Statement

Fresno City College is a premier learning institution that strives to prepare the members of our community to meet the challenges of an increasingly complex global environment.

Fresno City College Core Values

As a learner-centered institution, Fresno City College values an educational and cultural environment which promotes:

Success—the college community encourages and motivates students, faculty, and staff to identify and achieve their individual goals by providing quality instruction, programs, services, and processes.

Participation—the college community encourages active involvement in campus life and developing avenues of greater community participation.

Diversity—the college community encourages and respects individual differences.

Collegiality—the college community is committed to working as a team in an open, civil, collegial, and safe environment.

Innovation—the college community supports an environment in which individuals are free to explore new or alternative avenues toward advancing the college's mission.

Stewardship—the college community is committed to the optimal utilization of its resources consistent with strategic goals.

Fresno City College Ethics Statement

The principles and values of the Fresno City College Code of Ethics and Excellence guide the faculty, students, and staff in the achievement of a profound appreciation of and respect for the dignity and worth of each member of our community of learners in responding to the trust conferred on the college by the public. We are guided by the standards and principles established by our respective professional associations and organizations in our effort to create an ethical college community.

Fairness: In our relationships with each other, we will be fair and just in our decisions and actions by carefully weighing the circumstances in an equitable manner.

Civility: We adhere to standard conventions of civility and regard of others. We achieve an open working and learning environment when each community member feels secure enough to participate in the free exchange of ideas. We ensure an honest and supportive climate which serves the interests of the institution and protects the well-being of all individuals.

Integrity: In order to support excellence in learning, we will act in the college's best interests. As a community dedicated to providing education, we demonstrate professional integrity and exemplary behavior in all that we do.

Respect: We demonstrate a high regard for the rights, diverse opinions, and life styles of all community members. It is our responsibility to establish a climate of mutual respect to protect the rights and freedoms of others.

Trust: The development of trust relies on our ability to treat others equitably in a non-exploitive manner.

Adapted from Humber College Ethics Statement.

Fresno City College, California's first community college, was founded in 1910 with 20 students and three instructors. Now the college has over 25,000 students and over 800 faculty members.

Fresno City College Institutional Student Learning Outcomes

Communication

Students will demonstrate effective communication and comprehension skills.

- Comprehend, analyze and respond appropriately to oral, written and visual information.
- Effectively communicate information through speaking, writing and other appropriate modes of expression.

Critical Thinking and Information Competency

Students will demonstrate critical thinking skills in problem solving across disciplines and in daily life.

- Identify vital questions, problems, or issues and evaluate the reasonableness of a solution.
- Analyze, assess, and evaluate the validity of an argument.
- Analyze multiple representations of quantitative information, including graphic, formulaic, numeric, and verbal.
- Select and evaluate the accuracy credibility and relevance of information sources.

Community and Global Awareness and Responsibility

Students will demonstrate knowledge of social, cultural, environmental and aesthetic perspectives.

- Examine individual and group responsibilities in society.
- Participate in active citizenship.

Personal, Academic, and Career Development

Students will assess their own skills, and abilities, to develop personal, educational, and career goals, work independently and in group settings, and identify lifestyle choices that promote self reliance, financial literacy, and physical, mental and social health.

- Assume personal responsibility for identifying academic and psychological-social needs, determining resources, and accessing appropriate services.
- Evaluate progress towards achieving personal goals, academic goals, career goals, and career resilience.

History of Fresno City College

Fresno City College was established in 1910, becoming California's first community college and ultimately changing education in California.

The college's history began in 1907 when C. L. McLane, then superintendent of schools for the city of Fresno, recognized the need for college instruction for San Joaquin Valley students. Largely through McLane's efforts, Fresno Junior College was established. The first class consisted of 20 students and three instructors.

The campus was originally located at the former Fresno High School campus on "O" Street in downtown Fresno. In 1921, Fresno Junior College combined with the then Fresno Normal School, later Fresno State College and currently California State University, Fresno. The junior college operated on the same campus as the four-year school. Fresno Junior College continued to grant associate degrees and offer a two-year curriculum, but its campus and staff were identical with those of the normal school. In 1948, new laws permitted local school districts to operate junior colleges, and Fresno City College returned to the "O" Street campus, which it shared with Fresno Technical High School. By 1950, the technical high school program had been phased out and the district began looking for another campus. The junior college district completed negotiations for the purchase of the University Avenue site from Fresno State College, and by 1956 Fresno Junior College had moved to its current location on University Avenue. The name was changed to Fresno City College on May 11, 1958.

Fresno City College has built upon its rich history and gone on to pioneer many new developments in community college education. Thousands of local people have worked through the years to make Fresno City College a viable and strong educational institution.

The District

Fresno City College is one of two colleges in the State Center Community College District. The district encompasses a 5,500 square mile area and 17 unified and high school districts.

The State Center Community College District office is located at 1525 E. Weldon, Fresno, CA 93704. The district is comprised of Fresno City College, Career and Technology Center and The Training Institute, Reedley College, Clovis Center, Madera Center, Oakhurst Center, and Willow International Center. Each campus offers certain programs/courses which are unique and are not offered at the other campuses.

Student Right-to-Know and Campus Security Act

In compliance with the Student-Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the State Center Community College District and Fresno City College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 1997, a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students was tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at Fresno City College, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 30.2 percent attained a certificate or degree or became 'transfer prepared' during a three-year period, from Fall 1997 to Spring 2000. Students who are 'transfer-prepared' have completed 56 transferable units with a GPA of 2.0 or better.

Based on the cohort defined above, 21.5 percent transferred to another postsecondary institution (UC, CSU, or another California community college) prior to attaining a degree, certificate, or becoming 'transfer-prepared' during a five-semester period, from Spring 1998 to Spring 2000.

Annual reports of criminal activity on campus and procedures for prevention of campus crime, as required by the Crime Awareness and Campus Security Act of 1991, are available, on request, from the district Police Department.

ACADEMIC CALENDAR

Fall Semester 2011

August 15	Instruction begins
September 5	Labor Day Holiday (Campus Closed)
October 15	Last day to withdraw from college or to be dropped from 18-week classes
November 11	Veterans Day Holiday (No Classes, Offices Open)
November 24-25	Thanksgiving Day Holidays (Campus Closed)
December 16	Last day for degree and certificate of achievement candidates to file application for December 2011 completion date
December 12-16	Final examinations
December 16	End of Fall Semester 2011
December 24-January 4	Winter recess

Spring Semester 2012

January 9	Instruction begins
January 16	Martin Luther King, Jr. Day Holiday (Campus Closed)
February 17	Lincoln's Day Holiday (Campus Closed)
February 20	Washington's Day Holiday (Campus Closed)
March 10	Last day to withdraw from college or to be dropped from 18-week classes
March 16	Last day for degree and certificate of achievement candidates to file application for May 2012 completion date
April 2-6	Spring recess (Classes reconvene April 9)
May 14-18	Final examinations
May 18	End of Spring Semester 2012
May 18	Graduation exercises

Summer Semester 2012

Fresno City College will conduct four sessions:
(subject to change)

- 4-week summer session
- 6-week summer session
- 8-week summer session
- 10-week summer session

May 28	Memorial Day Holiday (Campus Closed)
May 29	Instruction begins for 4- and 10-week classes
June 11	Instruction begins for 8-week classes
June 22	Final examinations and end of 4-week classes
June 25	Instruction begins for 6-week classes
July 4	Independence Day Holiday (Campus Closed)
August 3	Final examinations; end of 6-, 8-, and 10-week classes
August 3	Last day for degree and certificate of achievement candidates to file application for August 2012 completion date

Note: Evening classes observe the same holiday and examination schedule as day classes.

ADMISSION AND REGISTRATION

Admission of Students

Any graduate of an accredited high school may be admitted to Fresno City College. Also, any person having successfully completed the California High School Proficiency Exam (CHSPE) or the General Education Development test (GED) with scores of 45 overall and with no subtest lower than 35 may be admitted.

Upon completion of applicable admission requirements, registration materials are issued by the Admissions and Records Office. For dates relating to registration, check the calendars in this catalog or inquire at the college's office of Admissions and Records in the Student Services Building, lower level.

Students should complete all plans for entrance as early as possible and be familiar with the following: (1) general requirements of the college, (2) special requirements in the major field of study, (3) the general requirements of the college or university they may wish to attend in the future, and (4) the most desirable electives.

General Admission

A person who is at least 18 years old, with a high school diploma, or the equivalent (such as the California High School Proficiency Examination or GED) is eligible for admission to Fresno City College.

Provisional Admission

An applicant to a district college who is 18 years of age or older and is not a high school graduate may enroll as a provisional student for 12 semester units or more for one semester, with the stipulation that in order to enroll for subsequent semesters as a full-time student, he/she must earn a 1.75 GPA in the units attempted. This regulation does not apply to part-time students.

Readmission

Former students of Fresno City College returning after an absence of two or more semesters must make formal application for readmission. An official transcript of work taken at any other institution (including summer session and extension or correspondence courses) since the date of last enrollment at Fresno City College must be sent from the previous schools to the Fresno City College Records Office, 1101 East University Avenue, Fresno, CA 93741-0001.

Transfer Admission

Students who have previously attended another college and are in good scholastic standing are eligible to enroll at Fresno City College. Records for transfer students are evaluated with regard to the scholastic status system in use at Fresno City College at the time of enrollment. It is important to note that transcripts received with "work in progress" are not considered as complete.

International Admission

An application, official documents and detailed transcripts of record should be submitted to the International Students Office no later than two months prior to the beginning of the semester for which the student is being considered for admission: May 1 for fall semester and October 1 for spring semester. A student from another country is not admitted until notified of admission in writing by the International Students Office. It is required that international students achieve a minimum score of 500 on the Test of English as a Foreign Language (TOEFL) for regular standing. TOEFL scores below 500 may be approved by special action. When an international

Yog koj paub txog kev kawm ntawv (Admission), thov mus cuag tau Counseling Department.

Si necesita información en español para su admisión a la universidad, favor de ponerse en contacto con el Departamento de Consejeros o la Oficina de Admisiones y Sección de Expedientes.

student arrives at Fresno City College, the student should report first to the International Students Office.

At the time of registration, each student must have evidence of health insurance and have complied with the district policy regarding tuberculosis testing and current measles immunization. It is also mandatory that each student successfully complete an English course during each semester at Fresno City College until graduation requirements have been met for program completion or for transfer purposes and that the student maintain 12 units or more each semester.

Health insurance payments must be initiated at the International Students Office, Student Services Building, lower level.

Summary of Admission Requirements

Any student who intends to obtain a degree or certificate of achievement at Fresno City College or plans to transfer to a four-year college or university shall be required to:

1. File a completed admission application prior to the deadline as specified in the catalog.
2. Request the last high school attended to send one transcript of work completed or attempted if high school was attended in the last two years. Transcript is to be an official copy sent directly from the previous school to:

Fresno City College
Admissions and Records Office
1101 East University Avenue
Fresno, CA 93741-0001

3. Have the GED scores or a copy of the CHSPE Certificate sent to the Admissions and Records Office if the GED test or the California High School Proficiency Examination (CHSPE) was taken in the last two years.
4. Request each college of attendance to send a complete transcript of work attempted whether or not credit was earned. Transcripts are to be official copies sent directly from the previous college to Fresno City College.
5. Take a placement test: see Assessment, page 15.

Application

Fresno City College is one of multiple colleges and centers within the State Center Community College District (SCCCD). Students need only submit one application for admission to any of SCCC's colleges/centers.

Apply on-line at www.fresnocitycollege.edu for greatest convenience. Applications are also available from the Admissions Office at any college or center within SCCC, or from the counseling office at your local high school.

Who Needs to Apply?

If you have never attended a college or center within SCCC (*new or transfer student*) or have been away for two or more semesters (*returning former student*), you must complete an application for admission. Students currently enrolled within SCCC do not need to reapply for admission for the subsequent semester. Currently enrolled high school students must reapply each semester.

Residency

By law, every student must file a statement declaring his/her residence status. The form for such a statement is included in the admission process.

A maintenance allowance is available for students attending Fresno City College whose permanent residence is in a California nondistrict territory (district without a community college) and who live more than 60 miles from the "nearest community college attendance center." For further information, contact the Residence Office, room 111, Student Services Building, lower level. (California Education Code 76160 Rev. 83).

It is recommended that all students whose legal residence is outside of the State Center Community College District have a health and accident insurance policy while attending Fresno City College. If the student does not have health and accident insurance, he/she may sign up and pay for such a policy in the office of the Vice President of Students.

In-State

Students who have established residency in California for at least one year and one day prior to the beginning of the term in which they enroll.

Out-of-State/International

Students who have not resided in California for at least one year and one day prior to the beginning of the term in which they enroll.

Exemption from Nonresident Tuition (AB-540)

Any student, other than a nonimmigrant alien, who meets all of the following requirements, shall be exempt from paying nonresident tuition at all public colleges and universities in California:

- Requirements:
 - The student must have attended a high school (public or private) in California for three or more years;
 - The student must have graduated from a California high school or attained the equivalent prior to the start of the term (for example, passing the GED or California High School Proficiency Exam or receive a completion certificate);
 - An alien student who is without lawful immigration status must file an affidavit with the college or university stating that he or she has filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so.
- Students who are non-immigrants [for example, those who hold F (student) visas, B (visitor) visas, etc.] are *not* eligible for this exemption.
- The student must file an exemption request including a signed affidavit with the college that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law.
- Students eligible for this exemption who are transferring to another California public college or university must submit a new request (and documentation if required) to each college under consideration.
- Nonresident students meeting the criteria will be exempted from the payment of nonresident tuition, but they will not be classified as California residents. They continue to be “nonresidents.”
- AB540 does not provide student financial aid eligibility for undocumented alien students. These students remain ineligible for state and federal financial aid.

Matriculation

Fresno City College strives to make students aware of the varied educational programs that are offered and to provide smooth access to these programs. Once enrolled, the college provides many services to ensure success.

All new first-time college students may choose to matriculate. Matriculation is the process that brings Fresno City College and each student into an agreement for the purpose of realizing the student’s educational objectives.

With the State Matriculation Plan, Fresno City College provides:

- An admission process
- An assessment of basic educational skills and career goals
- Orientation to college programs, services and procedures
- Counseling to develop a Student Educational Plan
- Counseling on student progress with referral to support services as necessary

As their part of the Matriculation Plan, students agree to:

- Complete the placement test and assessment process
- Declare a specific educational objective within a reasonable period of enrollment
- Attend an orientation session
- Participate in counseling-related activities during the first two semesters of college prior to registration to develop and refine a Student Educational Plan

Exemptions

Students may be exempt from various matriculation components and seek a matriculation waiver. Visit the Counseling Center for more information.

Appeals Procedure

Students may request, in writing, to waive orientation, counseling and testing or assessment. Students will meet with a counselor to discuss the student’s request for exemption. If both the counselor and student agree that an exemption is warranted, an exemption form will be signed by both parties. If a disagreement ensues, the student will be allowed to appeal to the dean of students for counseling and guidance, and the student will discuss the student’s request and resolve it during this meeting. In every case, the student has the right to be exempted from matriculation components, although the counselor and/or dean may believe that participation is in the student’s best interest and would be beneficial in helping the student to select appropriate classes.

Yog koj xav paub txog kev pab cuam rau kev kawm natwv (Matriculation), thov mus cuag tau Counseling Department.

Si necesita información en español para su matriculación a la universidad comunal, favor de ponerse en contacto con el Departamento de Consejeros.

Matriculation Checklist

- APPLICATION/ADMISSION**
I have completed and submitted a Fresno City College application.
- FINANCIAL AID (optional)**
I have completed and submitted the FAFSA (Free Application for Federal Student Aid).
- ORIENTATION**
I have attended, or participated in, one of the orientation options offered by Fresno City College.
- ASSESSMENT (Placement Test)**
I have completed the appropriate assessment tests:
 - English Reading
 - English Sentence Skills
 - Mathematics (basic math, algebra, or college level math)
- COUNSELING and ADVISEMENT**
I have met with a counselor for class selection and advising.
- STUDENT EDUCATIONAL PLAN (SEP)**
I have met with a counselor to develop a student education plan based on my educational and individual circumstances.
- REGISTRATION**
I have registered in classes through one of the registration processes: WebAdvisor, touchtone, counter registration, or Registration-To-Go.
- FOLLOW-UP**
I have scheduled a follow-up appointment with a counselor to discuss certificates, degrees, majors and develop, revise, or complete an SEP.

Registration

A student will receive approval from the Admissions and Records Office to be admitted. This approval is in the form of specific preregistration and registration instructions mailed or given to the student after the student has completed all admission requirements. Registration materials are issued in March through July for the summer/fall semester and in October through January for the spring semester. Information concerning registration procedures will accompany the notice of admission to college. Further information can be found in the class schedule.

The Family Education Rights and Privacy Act (FERPA) makes it illegal for the college to release a student's confidential educational records to anyone without express written permission of the student. If a student is unable to register at his/her appointed time, a substitute may be appointed provided the proper procedure is observed; contact Admissions and Records Office for the specific procedure to follow.

Intra-District Transfer

Fresno City College students who plan to transfer to colleges or centers within the District for the ensuing semester will receive the same registration service and priority as currently enrolled students. It is advised that any transfer student see a counselor.

Concurrent College Enrollment

Students planning to attend Fresno City College and another college (other than Reedley College) at the same time are required to obtain a concurrent enrollment authorization form from the college where the major number of units will be taken.

Forms are available at the District Vice President of Admissions and Records Office in the Student Services Building, for students who will be taking the majority of units at Fresno City College.

Reedley College offers a number of courses and programs not available at Fresno City College. Students may attend both colleges concurrently without following the procedure described above.

Students may contact their counselors for more specific information on procedures to be followed.

Advising

A counselor or education advisor is available to assist students with their educational endeavors each semester. Students may obtain counseling assistance by contacting the Counseling Center or online counseling is also available via the Fresno City College website at www.fresnocitycollege.edu.

Holds on Records and Registration

Whenever students fail to pay debts or return property owned by any college in the district, students' records will be held. Failure to return library books or other college property or equipment, failure to pay fees or student loans, and failure to reimburse the college for checks written on insufficient fund accounts will result in a "monetary hold" being placed. Additionally, holds may be placed for academic or disciplinary reasons which will result in the student's inability to register for subsequent classes.

Students whose records are held for monetary reasons shall not be allowed to (1) register for subsequent classes; (2) send or receive transcripts; or (3) receive other documents which relate to their records, including final grades or enrollment certification at any campus within the District. When the students have cleared their obligations, the “monetary hold” will be removed.

Priority Registration

Registration priority for students is determined in accordance with the following criteria:

1. Students in special programs where priority registration is mandated by state code or Board policy, e.g., DSP&S, EOPS, Honors Program, Military/Veterans;
2. Currently enrolled students based on a graduated combination of units completed and grades achieved within the State Center Community College District;
3. Noncurrent students (new, transfer, and returning former students) in the order in which they complete application requirements.

All students will be notified of their assigned registration appointment date.

Consult the class schedule or contact the Fresno City College registration staff for details on starting dates for the groups listed above.

Waitlist Rules and Information

When you are unable to find an open section of a course you wish to take, you have the option of being placed on a “WAITLIST” for a specific section of the course. Please note that the following rules apply:

1. Students may add their name to any available “Waitlist” up to the last day of registration prior to the beginning of the term, PROVIDING they meet pre-requisites and/or co-requisites of the course.
2. Students will be added to the “Waitlist” on a first-come first-served basis.
3. Students are not billed until moved from the “Waitlist” to the official roster.
4. Students cannot be placed on a “Waitlist” prior to their registration appointment date.
5. Students on the “Waitlist” will have first priority for any seats in a “full” class that may subsequently become available during the first 20% of the course PROVIDED that they attend each and every class meeting (for 18 week semester courses, this is the first 3 weeks of class).

6. “Waitlists” will be available only for current class sections that are “full” (that is, the class has reached its “maximum class size”). No “Waitlists” will be available for “canceled” class sections or class sections that are not yet “full.”
7. Time conflicts between registered classes and “Waitlist” classes may result in being removed from “Waitlist” classes.
8. Students cannot be placed on a “Waitlist” for a section of a course when already enrolled in another section of that same course.
9. Students cannot be on more than one “Waitlist” for the same course.
10. The Admissions and Records office will regularly monitor all classes with existing “WAITLISTS” for student drops. When an open space on the roster becomes available, the first eligible student on the waitlist will be officially enrolled and notified either by letter or telephone of this action. Admissions & Records will monitor waitlists up to the class start date.
11. On the first-date of class, instructors will determine the number of openings available. They will provide a “STUDENT ADD LABEL” to those students present in the order in which their name appears on the “WAITLIST” portion of their roster. It is the student’s responsibility to officially enroll in the class within the defined time constraints.
12. After the “WAITLIST” for the class is exhausted, additional openings, if any, will be filled by the instructor, in accordance with existing policies.

Assessment

It is highly recommended that students planning to take an English class, a math class or a class that has an English or math prerequisite take an English/math placement test prior to registration if they have not met the class prerequisite by other means. This test is administered at the Assessment Center.

A schedule of testing times and dates is established each month. For test dates, times, and location look online at: www.fresnocitycollege.edu/index.aspx?page=338 or call the Assessment hotline at 442-8280.

Test scores are used for counseling purposes and to assist with correctly advising students on class placement. These tests are not entrance examinations, and the results will not prevent any prospective student from admission to the college or from enrolling in any course. If possible, the placement tests should be completed well before registering

Fresno City

to these
programs.

for classes so that a counselor can advise the student on the appropriate classes to take.

After a student takes the placement test, he/she can discuss the test results and the assessment survey with a counselor. If the student thinks the assessment results do not reflect his/her true ability, he/she may discuss this with the counselor. A student may decide to retake the test or make a course selection based on the total assessment with the counselor.

If a student wishes to take a class other than the one recommended by the assessment process, the student may discuss this with the counselor. If he or she agrees, the counselor will approve the student's entry into that class. If the counselor does not agree, the student may appeal the counselor's recommendations to the dean of counseling and guidance by completing the Prerequisite/Corequisite Challenge Petition (available from the Counseling Department or from a counselor). The student will have a chance to present his/her case to the Dean at which time a decision will be made as to whether to enroll in the class.

Students who plan to transfer to a baccalaureate institution prior to the completion of 60 transferable units at Fresno City College are encouraged to take the ACT (American College Test) or the SAT (Scholastic Aptitude Test) of the college board.

No placement examination is required as a condition for admission to the college. However, see page 15 for information about placement in English and math classes.

Students who are unsure of their academic or vocational goals are encouraged to:

1. Go to the Career Center for assistance with career planning. This center offers a series of assessments that include:
 - True Colors personality exploration
 - DISCOVER interest, ability and values inventories
 - EUREKA Micro Skills
 - Strong Interest Inventory
 - Meyers-Briggs Type Indicator

Note: Assessments are offered as components of a self-paced, individualized career planning process that involves 4-5 sessions in the Career Center, 2nd Floor, Student Services Building in Counseling.
2. See a counselor.
3. Take Counseling 48, Career Planning.
4. Take the placement test for Math and English. Contact the Assessment Center at 442-8280 for further information.

Class Schedule Change

Errors in registration should be rectified during the first week of each semester. Students are encouraged to discuss with their counselors program changes that affect their educational plans.

Community College-High School Enrichment Program

Current high school juniors and seniors may be admitted to the college through the Community College-High School Enrichment Program. High school students can obtain information from their high school counselor or from the college's College Relations office. Call 442-8225 for details.

In addition to the regular semesters, high school students are eligible for the summer session prior to their junior year and the summer session between their junior and senior years.

Student Fees

Enrollment Fee*

The state of California mandates an enrollment fee of \$36 per unit (with no cap) be charged to all students (E.C. 76300; 5, CCR 58500-58509). Classes may be dropped if fees are not paid by due dates. Please see the Class Schedule for fee deadlines and payment options.

Nonresident and International Tuition

Nonresident and international students are charged a tuition fee as follows (Education Codes 76140; 76140.5):

Regular and Summer Sessions

Each full unit taken:

International Student Tuition.....	\$215**
Nonresident Student Tuition.....	\$215**
Plus Enrollment Fee per unit	\$36**

** *Note: Nonresident fees are computed each year in accordance with a state mandated formula and are therefore subject to change. Contact the College Business Office for current information. Fees are subject to change without notice.*

A "nonresident" student is a student who has not resided in the state for more than one year immediately preceding the first day of the regular semester/summer session (Title 5, Section 54002), or has not demonstrated evidence of intent to be a California resident.

All international students must also have proof of domestic health insurance coverage in the amount prescribed by

Board policy (which includes repatriation). Contact the International Students Office, Student Services Building, room 108.

Community college nonresident fees are due and payable to the College Business Office prior to completion of registration. Nonresident fees are payable via money order, certified check, cash or credit card.

Authorized apprenticeship students are exempt from nonresident tuition fees for apprenticeship courses only.

Instructional Materials Fees*

In accordance with Education Codes (E.C. 73365, 81457, 81458, 5CC 59400-59408), Fresno City College may require students to provide materials that are course-related, including, but not limited to, textbooks, tools, equipment and clothing. Such materials will be required if:

1. The instructional or other materials are used in the production of a course-related project or “end product” that has continuing value to the student outside of the classroom setting; or
2. The instructional and other materials required for the class have a continuing value to the student outside of the classroom setting.

Health Fee*

All on-campus students are required to pay a \$17 health fee for each semester (fall and spring terms) and a \$14 health fee for the summer session. Off-campus students are required to pay a \$9 health fee for each term (fall, spring and summer). For students enrolled in both on-campus and off-campus sites the health fee is charged at the on-campus rate. Effective Fall 2006, on-campus sites will include Fresno City College, Reedley College, Madera Center, Clovis Center, and Willow International Center (E.C. 76355).

Parking Fee*

Student vehicles must display a State Center Community College District parking permit to park in campus parking lots. Parking permits may be purchased at the FCC Bookstore or the College Business Office. The fee for parking on approved parking facilities is \$17 per semester; summer semester is \$8. One-day permits may be purchased at walk- and drive-up dispensers and metered parking is also available. Enforcement for parking permits will begin the first day of class. Students requiring handicap parking should contact the Disabled Students Programs and Services Office.

Transcript Fee*

Requests for transcripts of courses taken at Fresno City College or within the State Center Community College District must, by provision of State and Federal law, be accompanied by the written signature of the student. Students are entitled to obtain two copies of their transcript free of charge; each additional copy is \$5. Payment must be received before the request will be processed. You may pay by money order, VISA, MasterCard, Discover Card or American Express. Payments can be made online at www.fresnocitycollege.edu/payments.html. Cash is accepted at the Cashier's Window. Please do not mail cash with transcript request. Transcripts will not be provided if the student has a “hold” on their permanent file (E.C. 76233).

Normally, transcripts are available within five working days except during periods which involve holidays or at the end of each semester. When requesting transcripts by mail, address the request to the Admissions and Records Office. Transcripts from other institutions become a part of the student's permanent file and are not duplicated and forwarded with the Fresno City College transcript.

Associated Student Body Fee*

Students are encouraged to purchase an Associated Student Body (ASB) membership. The membership is \$5 per semester. The ASB card entitles the student to participate in or attend all activities sponsored by the ASB. The card can also be used for reduced admission to all college-sanctioned athletic home games (except playoffs), theatrical productions and music programs. Students who are ASB members and carry 12 units or more are eligible for Associated Student funded emergency loans, work programs and scholarships as available.

Associated Student Government Representation Fee*

Student Representation Fee

A Student Representation Fee of \$1 per student per semester (excluding summer session) has been established by an election at Fresno City College in the Fall of 2001. Under the provision of California Education Code, section 76060.5 and California Administrative Code sections 54801-54805, the students established the representation fee by a two-thirds majority of students voting in the election.

Use of Student Representation Fee

The money collected from the student fee shall be used for student advocacy at the local, state, and national levels.

* Fees are subject to change without notice.

Right to Request a Waiver

Students have the right to request a waiver of the Student Representation Fee for religious, political, moral, or financial reasons. However, no refunds will be given once the fee is paid.

To request a waiver, the student must fill out a form available at Fresno City College in the Student Activities, or College Business Offices or online at the College Business Office main webpage. At Reedley College and the North Centers, the forms are available in the College Business Office.

For more information, contact the Associated Student Government Office at 442-8275.

Credit by Examination Fee*

Students are required to pay a fee in the amount of \$10.00* for the first unit plus \$5.00* for each additional unit for each course challenged. This fee is specific to the Credit by Examination charge. An additional \$36.00 per unit fee is required by State Law (E.C.76300; 5, CCR 58753).

Those students otherwise required to pay non-resident fees will also be required to pay the non-resident unit fee for each unit of a course challenged in addition to the specific Credit by Examination fees noted in the above paragraph.

Refund to Students

Refund or Reversal of Enrollment Fees and Tuition

Refund or reversal of enrollment fees and tuition shall be made following cancellation or withdrawal from class(es) in accordance with the following schedule.

Refunds shall be initiated upon receipt of a written request to the Business Office. Requests may also be made online at www.fresnocitycollege.edu/refunds.

Refund requests are subject to an audit of the student's record to verify balance. Credit balances may be carried forward to the new term in lieu of a refund. Balances greater than or equal to \$15 will remain on the account for three years and amounts less than \$15 will remain on the account for one year.

Primary Term-Length (Full Semester) Classes, 16-18 Weeks

- Withdrawal during the first two weeks of the semester 100% refund
- Withdrawal after the second week of the semester no refund

Summer/Short-Term Classes

State code defines the drop deadlines to qualify for fee refund/reversals of enrollment fees for short-term classes as on or before 10 percent of the duration of the class.

- A 100% refund is given upon withdrawal by the 10 percent point.
- No refund is given after withdrawal beyond the 10 percent point.

*Number of actual class meetings:	10% Point (rounded down)	100% refund if withdrawal is on or before:
8	0.8 = 0	1st day of class
16	1.6 = 1	1st day of class
24	2.4 = 2	2nd day of class
38	3.8 = 3	3rd day of class

* Do not count holidays, weekends, or any other day the class is not scheduled to meet.

Refund of Health Fee

Students receive a refund upon complete withdrawal from all classes in accordance with the enrollment and tuition fee refund schedule.

Refund of Parking Fee

Full refunds for parking permits will be made during the first two weeks of the fall/spring semesters and the first week of the summer sessions upon proof of complete withdrawal from school. The parking permits must be attached to a Request for Refund form and returned to the College Business Office in order to obtain the refund. There is no refund for limited-term parking permits.

Refund of Associated Student Body Membership

A refund policy for Associated Student Body membership has been adopted by the students. This policy provides for full refund during the first week of classes and one-half refund during the second week. No refunds will be made after the second week.

* Fees are subject to change without notice.

ACADEMIC REGULATIONS

Units of Academic Credit

The standard quantity for measurement of college work is a unit. One unit generally equals one hour of classroom lecture per week plus two hours of study. Using this formula, a class that meets in lecture three times a week for one hour will be worth three units. This college operates on the semester system and all references to units of academic credit in this catalog are to semester units. Quarter units from other colleges may be converted to semester units by decreasing the number of quarter units by one-third.

Full-Time Enrollment

The normal semester load is 15 units. Students enrolled in 12 or more units are considered full-time students. Students with regular admission status who are not on academic probation may take as many as 18 units. Students on academic probation are normally limited to 12 units.

Permission to enroll in excess of 18 units is granted only when unusually high scholarship and urgent need prevail. Counselors can approve a student request to take 19 to 21 units. Students who wish to take 22 or more units may obtain a petition for this purpose in the Counseling Center.

The student who desires to be a candidate for graduation in two years must carry an average of 15 units per semester. The following classifications have been established:

- Freshman*fewer than 30 units completed
- Sophomore*30 or more units completed

Students who work are urged to be realistic in balancing the number of academic units undertaken in view of outside hours of work. Normally, each unit undertaken requires two hours of outside study for each hour of class lecture.

Summer Units Allowed

All students are limited to 18 units in all summer sessions, with no more than 8 units allowed in a four-week session. Disqualified students and students on probation are required to have a counselor's approval before registering for any summer session(s). Disqualified students and students on probation who have obtained a counselor's approval to register for any summer session(s) must also have a counselor's approval before adding any class(es) in any summer session(s).

Attendance

Students may be dropped from class if they fail to attend the first class session of the semester. There are no institutionally approved excused absences for any reason. Only your instructor may excuse an absence. Absences caused by personal engagements, transportation delays and business affairs will not be excused, nor will absences from class to complete registration or add/drop activities.

The faculty places strong emphasis on attendance in all classes. Students are expected to be in the classroom at the time the class begins. Instructors are required to take attendance at each class session and to report any student who is absent for two successive weeks of instruction. Unless there are significant extenuating circumstances, that student will be immediately dropped from class by the instructor if the absences are within the 50 percent drop deadline (50 percent of the class term). Lack of regular attendance after the 50 percent drop deadline may result in an unsatisfactory grade.

Once dropped, should a student believe there is just cause for reinstatement, the student may petition through the office of Admissions and Records. Reinstatement will be granted only if the student had been doing satisfactory

work immediately prior to the excessive absence and if it is the judgment of the instructor that the student has a reasonable chance of passing the course.

Illness

Students who have a communicable disease or any illness or injury which will cause an absence of one week or more may notify the Health Service office. In these circumstances, the Health Service office will transmit messages to instructors. Students may call the Health Service office at 442-8268.

The Health Service office may exclude any student from campus who is infected with any contagious or infectious disease (Title 5, California Code §48211 and 48212).

The student will be permitted to return when school authorities are satisfied that any contagious disease does not exist (Education Code §49451).

Makeup Work

Makeup work must be completed to the satisfaction of the instructor of the course. Being excused from class does not relieve the student from the responsibility for completing all assignments.

Grading System

Grades are earned in each course and are recorded on students' permanent records. Grades represent the evaluation of student achievement of course objectives and learning outcomes. The college uses a five-letter grading system. *A*, *B*, *C*, and *P* are passing grades, satisfactory or better. *D* is a passing but less than satisfactory grade. *F* is a failing grade. *NP* is a less than satisfactory or failing grade; it is not a passing grade. Units of credit are earned for all passing grades (*A*, *B*, *C*, *D*, and *P*). Grade symbols are defined and grade points are earned for units of credit as follows:

Evaluative Grade Symbols	Grade Points per Unit
A Excellent	4.0
B Good.....	3.0
C Satisfactory.....	2.0
*D Passing, less than satisfactory	1.0
F Failing.....	0.0
P Pass.....	0.0
(A passing grade, satisfactory or better)	
NP No Pass.....	0.0
(Not a passing grade, less than satisfactory or failing)	
X Completion of non-credit course.....	0.0

**The "D" grade is passing but is not considered satisfactory for meeting the graduation requirements in Math, Reading, Writing, Communication, and Computer Literacy. In addition, the "D" grade is passing but is not considered satisfactory for meeting many of the college degree, major, or course prerequisite requirements. Also, the "D" grade may not satisfy transfer requirements to four-year institutions.*

In addition to the evaluative symbols listed above, non-evaluative symbols may be assigned to students' permanent records in specified conditions. No units of credit are earned for courses to which these non-evaluative symbols are assigned. The non-evaluative symbols are defined as follows:

Non-evaluative Symbols	Grade Points per Unit
I Incomplete.....	0.0
W Withdrawal.....	0.0
MW Military Withdrawal	0.0
IP In Progress.....	0.0
RD Report Delayed.....	0.0

I, Incomplete

The *I, Incomplete*, symbol may be assigned in a course only by approval of the course instructor if all of the following conditions are met:

- The student has completed all but the final examination or other minimal amount of course work required for a final semester grade.
- The student has a serious and verifiable reason for not completing the required course work.
- The student has a passing grade in the course at the time the incomplete, *I*, grade is assigned.
- The student requires no additional class time for completion of the course.

In assigning an incomplete, *I*, grade, an instructor will specify, on the appropriate grade report form, a list of conditions necessary for the removal of the incomplete grade, the time period allotted to the student to satisfy these conditions, and the evaluative grade symbol to be assigned if the listed conditions are not satisfied within the allotted time period.

An incomplete, *I*, grade will not affect the academic status of a student, but it will affect the progress status. An incomplete, *I*, grade must be replaced by the appropriate evaluative grade symbol no later than one full semester after it has been assigned, though an earlier limit may be specified by the course instructor. Students may not

re-enroll in a course for which they have received an incomplete, *I*, grade during the time that the incomplete, *I*, grade is in effect.

W, Withdrawal

Withdrawal from a course or courses shall be authorized through the last day of the ninth week of instruction (or 50 percent of the course, whichever is less). The *W* will not be used in calculating a student’s grade point average, but it will be used as a factor in progress probation and dismissal procedures. A student who remains in a course beyond the withdrawal deadline must be assigned an evaluative or non-evaluative symbol other than *W*.

MW, Military Withdrawal

The military withdrawal symbol is authorized at any time a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. The *MW* symbol is assigned by the registrar upon verification of such orders. Military withdrawals shall not be counted in progress probation and dismissal procedures.

IP, In Progress

IP is assigned only in a course which extends beyond the normal end of an academic term. It indicates that course work is in progress and an evaluative grade symbol will be assigned when that work is completed. The *IP* is assigned to a student’s permanent record to satisfy enrollment documentation, and the appropriate evaluative grade symbol will be assigned and appear on the student’s permanent record for the term in which the course is completed.

RD, Report Delayed

The *RD* symbol may be assigned only by the registrar and is used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. *RD* shall not be used in calculating grade point averages.

P/NP, Pass/No Pass

Most college courses allow students the option of a final course grade of *P, Pass, or NP, No Pass*, instead of traditional letter grades (*A, B, C, D, or F*). Some courses are graded only on a *Pass/No Pass* basis. In courses graded only on the *Pass/No Pass* basis or when a student elects this grading option, the grade of *P, Pass*, will be assigned if the student has passed the course with a grade equivalent of *A, B, or C*, and credit will be awarded for the unit

value of the course. The grade of *NP, No Pass*, will be assigned if the student earns the grade equivalent of *D or F*, and no units of credit will be awarded for the course. Neither the *P, Pass*, grade nor the *NP, No Pass* grade is included in the calculation of the grade point average at this institution.

A maximum of 15 units of credit may be earned on a *Pass/No Pass* grading basis in degree-applicable or transferable courses. The *Pass/No Pass* option is not recommended for any course in a student’s major. Not all courses graded on a *Pass/No Pass* basis are accepted for transfer by other institutions. Students planning to transfer to another college or university should be aware of the policy of that institution regarding *Pass/No Pass* grades.

Students may elect the *Pass/No Pass* grading option in courses in which it is available by notifying the college Office of Admissions and Records, using the appropriate form, which is available at the Office of Admissions and Records, no later than the end of the fifth week of a full-term course or within the first 30 percent of a shorter-term course. Students who have elected the *Pass/No Pass* grading option may reverse this decision only within these same deadlines.

Deadlines for selecting (or reversing) the *Pass/No Pass* grading option:

<i>For a regular 18-week class</i>	<i>By end of fifth week</i>
<i>For all short-term classes (including summer)</i>	<i>By 30% of total class meeting dates (this will vary class by class)</i>

Grade Point Average (GPA)

A student’s grade point average (GPA) is computed by dividing the total number of grade points earned by the total number of grade point units. Units for which a grade or other symbol of *CR, NC, P, NP, W, I, IP, MW, RD, or X* is assigned are not counted as grade point units in the calculation of a grade point average.

Student Grade Review Petition

If a student is of the opinion that a grade received for a particular course is improper, the student may take action as follows:

1. Discuss the grade received with the instructor involved, *or*
2. Obtain a Student Grade Review Petition from the Admissions and Records Office, Records Counter. Complete the form for processing no later than the last day of

All courses taught at Fresno City College may be offered for either Pass/No Pass or traditional grades, at the discretion of the administration.

the semester (excluding summer sessions) following the semester for which the grade was received. The student will be issued a receipt copy of the form being submitted and will be notified of action taken.

- If a student wishes to appeal the decision, the student may submit a written grievance. See Student Grievance Procedure on page 54 and follow the six steps listed.

Non-Credit Classes

Non-credit classes are classes in which the student receives neither units nor a grade; however, at the completion of the course the registrar will record on the transcript that such a course was completed.

Students will be governed by the same attendance policies and responsibilities as those students taking credit classes. (A student may not attend a class without enrolling.)

Note: Credit status is required for pursuit of Associate Degrees and Certificates of Achievement.

Final Examinations

Class examinations on a semester's work are given at the close of each semester. Failure to attend the examination may result in a grade of "F" for the examination. Arrangements for emergencies may be made with approval of the individual instructor and the dean of the appropriate division.

Earning Course and Unit Credit

In addition to earning credits in residence by attending classes, a student may also earn credits in the following ways:

Advanced Placement Program Credit (AP)

Courses offered through the College Entrance Examination Board are recognized and individual colleges of this district are authorized to award appropriate placement and/or credit for these courses in accordance with established college standards. Petitions to apply for credit may be obtained from the Admissions and Records Office.

A residency of 12 units of satisfactory work ("C" average) must be completed at Fresno City College prior to allowance of credit under this program. Currently, AP credit is granted as follows:

Exam Title	Scores Accepted	Equivalent FCC Course	Units Granted
Fine, Performing, and Communication Arts Division			
Music	3, 4 or 5	Music 12 or 13	3
Music Theory	3, 4 or 5	Music 1A	3
Humanities Division			
English Comp/Lit	3, 4 or 5	English 1A & 1B	7
English Comp only	3, 4 or 5	English 1A	4
French, German or Spanish (Language part)	3, 4, or 5	French, German or Spanish 3/4	8
Spanish (Literature part)	3, 4, or 5	Spanish 5/6	6
French (Literature part)	3, 4, or 5	French 3/4	8
Mathematics, Science and Engineering Division			
Biology	3, 4 or 5	Biology 1	4
Chemistry	3, 4 or 5	Chemistry 1A	5
Calculus AB	3, 4 or 5	Mathematics 5A	5
Calculus BC	3, 4 or 5	Mathematics 5B	4
Physics B	3	Physics 2A	4
Physics B	4 or 5	Physics 2A-B	8
Physics C	3	Physics 4A	4
Physics C	4 or 5	Physics 4A-B	8
Social Sciences Division			
American History	3, 4 or 5	History 11-12	6
European History	3, 4 or 5	History 2	3
Macroeconomics	3, 4, or 5	Economics 1A	3
Microeconomics	3, 4, or 5	Economics 1B	3
Psychology	3, 4, or 5	Psychology 2	3

Note: AP credit in American Government does meet the U.S. Constitution requirement for teaching credential candidates (Ed. Code Sec. 13132). However, it does NOT satisfy the requirements of Political Science 2 because it does not address state and local requirements (Ed. Code Sec. 40404). Candidates seeking a BA/BS at a California State University must satisfy national, state and local government requirements. The requirements at the University of California vary by campus.

Articulation with High Schools (2+2)

Fresno City College has entered into course-specific articulation agreements with a number of local high schools whereby students may earn college credit for articulated courses taken in high school once they have successfully completed 12 units of on-campus college classes.

Upon completion of one of these articulated courses at the high school, a certificate acknowledging that fact will be awarded. The certificate should then be turned in to the college's Office of Admissions and Records after completion of the necessary 12 units of college credit.

College-Level Examination Program (CLEP)

The College-Level Examination Program (CLEP) is designed to be a means through which recognition, academic credit and advanced placement may be given for less conventional forms of education. Those who may have reached a college level of education in certain areas through home or correspondence study, on-the-job training, television courses, and/or other means may take certain CLEP examinations which are offered by the College Entrance Examination Board.

To obtain information and make arrangements to challenge one of the exams listed, individuals may contact the Educational Testing Office at California State University, Fresno (559) 278-2457. Upon receiving the minimum score listed for each exam, students may petition for academic credit for specific CLEP subjects by submitting the official CLEP Test result to the Fresno City College Admissions and Records Office, Counter A.

A residency of 12 units of satisfactory work ("C" average) must be completed at Fresno City College prior to allowance of credit under this program.

* Meets California State Teacher Certification (Proficiency) requirements.

** Satisfies U.S. Constitution requirements for State Certification (Ed. Code Sec. 1312; not for Ed. Code 40404).

Cooperative Work Experience

Work experience and field work credit may be earned in some designated courses. Refer to page 76 for details.

Credit by Examination

To be eligible for course credit by examination, a student must be enrolled at the college, have completed 12 units and be in good standing during the semester in which he/she applies for credit by examination. The student must be enrolled in at least one course in addition to the course to be challenged for credit by examination. Credit by examination will not be allowed if the student has received previous high school or college credit for the course, or if the student has already successfully completed, or is currently enrolled in, a course for which the course to be taken by exam is a prerequisite. Credit by examination is not allowed during the summer session. The college reserves the right to deny a credit by examination to any student. Units earned from credit-by-exam courses are not counted for financial aid or veterans benefits eligibility. No financial aid of any kind is available for credit by exam.

Only certain courses listed in the current catalog may be challenged for credit by examination. The faculty of each department determine which department courses may or may not be challenged for credit by examination. See the appropriate department chair or dean to learn which courses may be taken credit by examination and to ascertain the proper procedure for credit by examination.

A student planning to transfer to another college or university should be aware of the policy of that institution regarding transferability of courses. Application for credit by examination approved by a full time instructor, the department chair, and the appropriate dean of instruction must be filed with the Admissions and Records Office no

later than the end of the sixth week of the semester.

An appropriate fee for the expense of this special service is charged for each course challenged and is payable by the end of the ninth week of the semester. Students must make arrangements with the instructor to take the examination prior to the fifteenth week of the semester.

The letter grade (A-F) earned on the examination will be awarded at the time grades are submitted to Admissions and Records by the instructor giving the examination and will be entered on the student's transcript in a manner which clearly indicates that the course grade and credit were earned by examination. A student who fails the examination may not attempt the course again by examination.

Credit for Military Service

Upon successful completion of 12 units at Fresno City College with "C" grades or higher, a veteran/service person who has completed at least one (1) year of active duty may submit for possible Fresno City College credit appropriate documents and transcripts representing completion of basic military training or credit earned in a serviceperson's opportunity college. A person who has completed Army basic training can receive one (1) semester hour in personal physical conditioning, one (1) in outdoor skills practicum, one (1) in marksmanship and one (1) in first aid. A person who has completed Navy basic training can receive one (1) semester hour in personal fitness/conditioning, one (1) in personal/community health and two (2) in first aid and safety. A person who has completed Air Force or Coast Guard basic training can receive one (1) semester hour in personal fitness/conditioning, one (1) in beginning swimming, one (1) in boating/seamanship and one (1) in personal health and first aid. A person who has completed Marine Corps basic training can receive three (3) semester hours in physical fitness/conditioning, two (2) semester hours in marksmanship, one (1) semester hours in outdoor skills; one (1) semester hour in personal health/hygiene, and one (1) semester hour in first aid.

Veterans, in addition to the basic units above, will receive non-transferable elective credit for in-service education, training, and/or their military occupational specialty (MOS). A maximum of 30 units, including basic training credit, will be allowed.

Active duty reservists who have completed basic training, but served less than one year, are allowed a total of four (4) semester hours of elective credit which includes two (2) semester hours of physical education. These may be used

to fulfill the PE requirement. To receive credit, the student must present a copy of his/her DD 214 or other appropriate documents citing pertinent data to the Admissions and Records Office or to the Veterans Certification Office.

Individual Study

Individual Study 49 is a course that allows students to work individually with an instructor on a creative research project culminating with a topic paper, construction project, composition, etc. It allows exploration in greater depth than can be experienced in a regular course or may delve into subject matter not normally covered in a regular course.

A contract between the student and instructor must be developed, signed by the instructor, and approved by the dean.

Student must register for Individual Study 49 no later than the end of the third week of the semester.

Travel-Study Credit

Credit granted by accredited colleges and universities for travel-study programs sponsored by these institutions will be accepted by Fresno City College. For college-level travel-study programs credit up to 12 semester units (at the maximum rate of one unit per week) may be granted upon the evaluation of official transcripts sent to Fresno City College by the institution through which the units are earned.

Withdrawal/Dropping

Dropping (Withdrawal from) a Class

In registering for a class, a student assumes the responsibility of meeting class standards of attendance and progress. This obligation remains until such time as the course is officially dropped. Errors in registration should be rectified during the first week of instruction.

It is the student's responsibility to drop a class in which she/he no longer wishes to be enrolled. A student may withdraw from a full-term (16-18 week) class through the last day of the ninth week of instruction (or 50 percent of a term,* whichever is less). There will be no entry on a student's record for drops during the first three weeks of a 16-18 week class or prior to the 20 percent point of a short-term class. An entry of "W" will be recorded on the student's record beginning at the 20% point of a class and through the 50% point of a class. Excessive "Ws" will be used as factors in progress probation and dismissal procedures.

Students may drop him/herself by phone, the web, in person at any college or center Admissions & Records office within the State Center District, or can request to be dropped by mailing a signed letter to the college.

**Term in this context means the duration of a course which differs from the length of a normal semester.*

Withdrawal from College

A student may withdraw from all of his/her classes, thereby withdrawing from the college through the last day of the ninth week of instruction (or 50 percent of a term*, whichever is less) by phone, Web or in person with the Admissions and Records office. The student may also mail a signed letter of request postmarked by the 50% point to completely withdraw from his/her classes to the Admissions and Records Office (please include student identification or social security number). Students are encouraged to discuss complete class withdrawals with an academic counselor before filing the withdrawal. Upon return of the approved withdrawal form, the student will be withdrawn from all of his/her classes and an entry of "W" will be recorded for each class in which the student was enrolled. The "Ws" will not be used in calculating grade point averages, but excessive "Ws" will be used as factors in progress probation and dismissal procedures.

Dropping/Withdrawal Due to Extenuating Circumstances

Withdrawal from a class or classes will be authorized through the last day of the ninth week of instruction (or 50 percent of a term*, whichever is less). Exceptions to the 50 percent drop deadline may apply due to extenuating circumstances. Extenuating circumstances are verified cases of accidents, illnesses, death in the immediate family, jury duty, declaration of war, natural calamity, military conscription, family or job displacement, instructor error, or other circumstances beyond the control of the student which are justifiable in the judgment of the college president or his/her designee. (CCR, Title 5, Section 55024.)

Petitions for withdrawal due to extenuating circumstances are available from the Admissions and Records Office.

1. The extenuating circumstances must be fully documented and verified when appropriate. Petitions for medical withdrawals must be processed through the Health Services Office.
2. The petition for withdrawal must be submitted no later than the end of the semester immediately following the semester in which the extenuating circumstance occurred.

3. The student must petition to withdraw from all classes she/he is enrolled in (consult with Admissions & Records for certain exceptions that may apply).
4. The student's instructor(s) will be consulted concerning the request for withdrawal.
5. Approved class withdrawals due to extenuating circumstances shall be recorded as a "W." The "Ws" will not be used in calculating grade point averages, but excessive "Ws" will be used as a factor in progress probation and dismissal procedures.
6. Once final grades have been posted, the instructor of record must be consulted for an appropriate grade review.
7. Exceptions may be considered on a case-by-case basis upon appeal to the college's Academic Standards Committee.

**Term in this context means the duration of a class, which may differ from the length of the normal semester.*

Reports to Students

Final Grade Report

Final grade reports are mailed only by request to the student's address on file with the college at www.fresnocitycollege.edu/forms-online. Grades are available on WebAdvisor (www.fresnocitycollege.edu) and click on the link or the TouchTone telephone system at 229-9833. Grade reports will be withheld for those students who fail to return school equipment or who have any unpaid accounts.

Progress Report

Certifications of Enrollment

Certifications of enrollment shall be requested in writing at www.fresnocitycollege.edu/forms-online. A minimum of five working days for the preparation of certifications is required. Certifications will not be provided if the student has a "monetary hold" on the permanent file.

The following definitions are used by Fresno City College when certifying the enrollment of our students to outside agencies such as the Veterans Administration,

lending institutions, the Social Security Administration, insurance companies, and the California Student Aid Commission:

Full-time	12 units or more
Three quarter-time	9 to 11.5 units
Half-time.....	6 to 8.5 units
Limited.....	fewer than 6 units

Satisfactory Scholarship

Students must achieve at least a “C” average each semester and maintain a 2.0 cumulative grade point average. This means that a student must have at least twice as many grade points as grade point units. See *Placement on Academic Probation*.

Academic Renewal

An open-door college should provide ample opportunity for students to succeed. Since the community college admits students with a diverse range of abilities, aspirations and interests, the college must provide sufficient flexibility in its policies to enable a student to overcome a poor academic record. While the college must have a balance between policy flexibility and the maintenance of academic regulations so as to ensure grade standards throughout the curricula, this flexibility cannot be allowed to abrogate the individual student’s educational responsibility.

Alleviation of Substandard Grades

Substandard work, i.e., grades of *D*, *F*, or *NC/NP*, not reflective of a student’s present level of scholastic performance, may be alleviated and disregarded in the computation of grade point averages. It is expected that students will alleviate substandard work by repeating, i.e., retaking the course(s) in which grades of *D*, *F*, or *NC/NP* are earned. Course work that is still appropriate for the student’s present educational objectives may be alleviated only by repetition. Course work inappropriate for repetition may be alleviated without repetition by the student making formal application to the Academic Standards Committee through the Office of Admissions and Records. When academic work is alleviated, whether by repetition or without repetition, the permanent records shall be appropriately annotated in a manner to ensure that all entries are legible and that a true and complete record is maintained.

Alleviation by Repetition of a Course for a Better Grade

For the benefit of a better grade, students may repeat college courses in which they have received grades of *D*, *F*, or *NC/NP* by re-enrolling in the courses. Students may repeat courses in this way for a total of three attempts. Students who wish to attempt courses more than three times in order to earn grades better than *D*, *F*, or *NC/NP* may do so only by petition to the college Academic Standards Committee through the Office of Admissions and Records. The grades in the courses which have been repeated are then recorded within brackets on the students’ permanent records so that the substandard grades remain legible on the permanent records, although they are not used in the computation of the cumulative grade point average. A statement is included on the permanent records explaining that bracketed course grades and unit values are not included in the computation of the cumulative grade point average. Students should be aware that other colleges or universities may not treat repeated courses in the same manner. Actions taken by the Academic Standards Committee of this college do not supersede the repetition policies of other educational institutions.

Academic Renewal Involving Other Colleges

If a student who has earned a grade of *D*, *F* or *NC/NP* in a course at this college repeats the course for a better grade at another college, the student must petition through the Office of Admissions and Records for the alleviation of the substandard grade.

If a student who has earned a grade of *D*, *F*, or *NC/NP* in a course at another college repeats the course for a better grade at this college, the student must request that a Fresno City College or Reedley College transcript showing course grade be sent to the college where the substandard grade was earned and petition for academic renewal (may be called by other names, e.g., grade forgiveness) at the other college. Be advised, some colleges require repetition of classes for grade change be done on their campus only. After the course record at the original college has been adjusted, the student must request that an amended transcript be sent to the Office of Admissions and Records at this college so that the cumulative transfer units and grade point average may be corrected.

Alleviation of Substandard Grades without Repetition

Substandard work, i.e., grades of *D*, *F*, or *NC/NP* not reflective of the student’s present scholastic level of performance, may be alleviated without repetition only if the courses in which the substandard grades were earned are

no longer appropriate for the student's present educational objectives or if the courses in which the substandard grades were earned or their equivalents are no longer available for repetition. Course work inappropriate for repetition may be considered for alleviation by the student making formal application to the college Academic Standards Committee through the Admissions and Records Office.

In this case, a student will be eligible for consideration for alleviation of substandard work without repetition when the student has met each of the following conditions:

1. A period of at least two years has elapsed since the work to be alleviated was recorded.
2. A student is pursuing an established program (associate degree or certificate program within the district).
3. A student has completed twelve or more semester units with at least a 3.00 GPA or 24 or more semester units with at least a 2.50 GPA or completed a total program with at least a 2.00 GPA. In determining eligibility for this provision, the college will consider the most recently completed semester first and then look to the total GPA of previous semesters in descending chronological order.
4. The amount of work to be alleviated shall not exceed the amount of work the student has successfully completed since the substandard work was recorded.

Repetition of Courses Successfully Completed

The college catalog designates certain courses as repeatable for a specific number of times; otherwise, courses in which a student has received satisfactory grades, i.e., *A*, *B*, *C*, or *CR/P*, may not be repeated unless the student petitions the college Academic Standards Committee through the Office of Admissions and Records for permission to repeat the course. The Academic Standards Committee may grant permission for the student to repeat the course if one or more of the following conditions apply:

1. There has been a significant lapse of time since the course was last taken.
2. The previous grade was due, at least in part, to the result of extenuating circumstances beyond the student's control.
3. Course repetition is required as a special academic accommodation for a qualified Disabled Students Programs & Services student.

In the case of repetition of courses successfully completed, the grade earned when the course is repeated will not be counted in a student's cumulative units or grade point average.

Repetition of courses successfully completed is permitted by petition in instances when such repetition is necessary for a student to meet a legally mandated training requirement as a condition of continued paid or volunteer employment. Students wishing to repeat courses under this condition must present written documentation or certification to the manager of the college Office of Admissions and Records/ Vice President of Admissions and Records to verify that such course repetition is necessary to complete legally mandated training requirements. Such courses may be repeated any number of times, regardless of whether or not substandard work was previously recorded, and the grade received each time shall be included in the calculation of the student's grade point average.

Probation and Dismissal

Satisfactory Progress

State law requires students to maintain satisfactory progress while enrolled at a community college. Students who do not make satisfactory progress by completing courses and/or achieving satisfactory grades will be affected in the following ways:

Placement on Progress Probation

A student who has attempted and accumulated a total of 12 or more semester units shall be placed on progress probation when the number of units for which entries of "W," "I," "NP" and "NC" are recorded reaches or exceeds fifty percent (50%).

Removal from Progress Probation

A student on progress probation because of an excess number of units for which entries of "W," "I," "NP" and "NC" are recorded shall be removed from progress probation when the percentage of units in this category drops below fifty percent (50%).

Placement on Academic Probation

A student shall be placed on academic probation when:

1. The cumulative grade point average for a student who has attempted an accumulated total of 12 or more semester units falls below 2.0 in all units which were graded on the basis of letter grades, or
2. The student's cumulative grade point average falls below 2.0 in two consecutive semesters. The student will be subject to being placed on "subject to being disqualified" status.

Removal from Academic Probation

A student shall be removed from academic probation when the student's cumulative grade point average becomes 2.0 ("C") or better.

Counseling for Probationary Students

Each student on probation will be provided counseling and guidance service, including regulation of the student's program according to individual aptitude and achievements as determined by the counseling office. Students subject to dismissal shall have all selected courses approved by a counselor prior to registration. In addition, students who have completed 40 units or more and are on probation must have all selected courses approved by a counselor. A student on probation, whether academic or progress, may not carry more than 12 units without special approval of a counselor.

Academic/Progress Dismissal

For purposes of this section, semesters shall be considered consecutive on the basis of the student's enrollment exclusive of summer session.

1. A student who has enrolled in at least 12 semester units shall be dismissed for one semester, exclusive of summer session, if during each of three consecutive semesters the student's performance falls under either one or any combination of the following two conditions:
 - a. The student's cumulative grade point average was 1.75 or less.
 - b. The percentage of units in which the student was enrolled for which entries of "W," "I," "NP" and "NC" were recorded reached or exceeded fifty percent (50%).

Circumstances for Appeal or Exception of Academic Progress Dismissal

Students who are on academic or progress probation for personal reasons beyond the control of the student shall, upon successful appeal, be exempted from the conditions of time imposed above.

Students on probation, either academic or progress, may not be dismissed after their third semester of below satisfactory work if during that third semester and every subsequent semester they maintain a 2.0 GPA and complete more than 50% of their units until their cumulative GPA and completed units are above the probationary level.

Readmission Following Academic/Progress Dismissal

A student who has been dismissed because of the district's academic/progress dismissal policy must petition to be reinstated.

Following the student's first dismissal, he/she will not be admitted to a district college until one semester has elapsed. If the student fails to maintain a grade point average of at least 2.0, or fails to complete more than fifty percent (50%) of the units in which the student enrolled during the first semester of attendance following his/her initial dismissal, the student shall be dismissed for a period of one year. If the student fails to meet these academic and progress standards during the next semester in which he/she enrolls, the student will be dismissed again. This third dismissal shall be considered permanent. However, a student may petition for admission after two years. Students are encouraged to improve their record by attending summer session. Petitions for readmission are available in the Counseling Center. Unit limitations and course selection will be set for readmitted students by the counseling staff.

Honors and Awards*

Leon S. Peters Honors Program

The Leon S. Peters Honors Program at Fresno City College recognizes and meets the needs of academically gifted students. Students who qualify, and are accepted to enter the Honors Program, benefit from an enriched educational experience that consists of a specially selected curriculum set within the framework of the transfer programs of all University of California and California State University campuses. Special honors sections of regular classes usually have 25 or fewer students per section. They are taught by specially selected, experienced and highly qualified faculty. The entire program can be completed in four semesters. Entrance into the program is competitive. For additional details about the benefits, requirements, and curriculum, see the Honors Program section in this catalog, and consult with the Honors Program Coordinator, who can be reached by calling 442-8281.

Dean's List

A 3.0 grade point average for the previous semester with a minimum load of 12 units.

Honors at Graduation

High Honors

To be recognized at commencement, a 3.3/3.49 cumulative grade point average.

Highest Honors

To be recognized at commencement, a 3.5/4.0 cumulative grade point average.

The designation of honors in the commencement program is based on the grades earned during the semester preceding a student’s graduation.

Honor Societies

Alpha Gamma Sigma

The Alpha Zeta Chapter of Alpha Gamma Sigma is a scholastic honor society of California community colleges. Membership is based on academic achievement, involvement in community service projects and leadership development activities. Members are eligible to participate for credit in a special volunteerism course. Affiliate membership and course participation are open to students who are otherwise ineligible for regular membership. Both regular and affiliate members will be expected to maintain the highest standards of behavior and represent the organization and college in an exemplary manner. Academic qualifications: students entering from high school who are life members of CSF and those with at least a 3.5 GPA are eligible for temporary membership their first semester. Continuing students with a cumulative GPA of 3.0 in at least 12 units are eligible. Students must maintain a 3.0 GPA each se-

mester (a one semester’s grace period allowed if GPA is above 2.5). Permanent membership may be awarded to members who have completed 60 units and maintained a cumulative GPA of 3.25 for two semesters or 3.5 for one semester and have participated satisfactorily in chapter activities. Final authority on eligibility rests with faculty advisors. For additional information contact the Honors Program office at 442-8281.

Phi Theta Kappa

Phi Theta Kappa is the international honor society for community colleges. Theta Beta, the Fresno City College chapter, helps students to advance the society’s hallmarks of scholarship, leadership, fellowship, and service on campus and in the community. Phi Theta Kappa offers support from fellow scholars of all ages, ethnic backgrounds, economic levels, and fields of study who share a variety of interests and ideas. The sense of community among members and faculty advisors allows one to take full advantage of opportunities at the college and at state and international meetings. The commonality is superior scholarship and a commitment to continuing excellence and educational opportunities. To be eligible, a student must have completed at least 12 units of college course work with a cumulative GPA of 3.5 or better. Freshmen students are also eligible for provisional membership during their first semester at the college. For further information, contact the Honors Program office at 442-8281.

** In all cases, unit load refers to units carried at Fresno City College.*

Each year at the FCC Commencement Ceremonies, the Dean’s Medallion recipients are recognized for their academic achievements, community service and leadership skills. The recipients pictured here at Commencement represent each academic division at the college.

CERTIFICATE AND DEGREE REQUIREMENTS

Catalog Rights

A student may elect to meet the requirements for the associate degree from:

1. The catalog in effect at the time of the student's graduation, or
2. The catalog in effect at the time the student began continuous enrollment leading to graduation.

For this regulation, a student shall be considered to have continuous enrollment if enrolled and active in any graded class at the census point (20%) of the semester. If a student misses 24 consecutive months, the student loses his/her original catalog rights and is not continuously enrolled.

Certificates

Certificates for a course or a series of courses may be offered by disciplines/departments/divisions. A certificate may be awarded with a minimum of "C" average for finishing a course or courses leading to specific competencies. These certificates will not appear on a student's transcript.

See page 80 for a list of certificates.

Certificate of Achievement

A certificate of achievement shall be awarded to students who successfully complete a specified curriculum (minimum of 12 units) with a minimum "C" grade in each required course. The specific courses required for the certificate of achievement are identified in each occupational degree program where such certificates are awarded.

In order to receive the certificate of achievement, the student shall apply for the certificate with Admissions and Records upon completion of the requirements.

See page 80 for a list of certificates of achievement.

Certificate of Completion

A certificate of completion may be awarded after meeting the designated competencies in non-credit courses.

See page 80 for a list of certificates of completion.

Course Classification

Pursuant to revisions to the California Administrative Code, Title 5, Sections 55002 and 55062, all courses listed within the college catalog fall into one of the following classifications:

- Credit, Degree Applicable
- Credit, Nondegree Applicable
- Noncredit

See Course Classification System, page 192, for a list of credit, nondegree applicable and noncredit courses.

Graduation Requirements

It is the student's responsibility to be aware of degree and certificate requirements and of the student's standing in regard to those requirements. Students are urged to consult a counselor regarding any questions about degree or certificate requirements for the catalog year the student selects.

Exceptions to any of the regulations which follow will be judged by the "Rule of Equity" which requires that any waiver of standards be determined on the merit of the individual case.

The college reserves the right to determine what courses may be considered as equivalents for the stated degree, certificate, and general education requirements listed in this catalog. Please see the appropriate division dean or District Vice President of Admissions and Records for pertinent information.

General Education for the AA/AS Degree

General Education course work is intended to complement a concentrated study in a single discipline or “major.” It should provide a broad base of educational experience about aspects of the world which a major area of study may not include. The student who completes the general education requirements at Fresno City College will have made noteworthy progress towards becoming truly educated and prepared for a lifetime of learning.

Following are the major areas of General Education:

Natural Sciences. Courses in the natural sciences are those which examine the physical universe, its life forms and its natural phenomena. To satisfy the general education requirement in natural sciences, a course should help the student develop an appreciation and understanding of the scientific method through direct experience and encourage an understanding of the relationships between science and other human activities. This category would include introductory or integrative courses in astronomy, biology, chemistry, general physical science, geology, meteorology, oceanography, physics and other scientific disciplines.

Social and Behavioral Sciences. Courses in the social and behavioral sciences are those which focus on people as members of society. To satisfy the general education requirement in social and behavioral sciences, a course should help the student develop an awareness of the method of inquiry used by the social and behavioral sciences. It should stimulate critical thinking about the ways people act and have acted in response to their societies and how their actions in turn change their society. It should also promote appreciation of how societies and social sub-groups operate. This category would include introductory or integrative survey courses in anthropology, economics, history, political science, psychology, sociology and related disciplines.

Humanities. Courses in the humanities examine the philosophical, literary, aesthetic, and cultural expressions of humans. These courses develop an awareness of the ways in which people throughout the ages and in different cultures have responded to themselves and the world around them through artistic and cultural creation.

They develop aesthetic understanding and, through study of traditional and changing cultural perspectives, foster better informed value judgments. These courses also offer students the opportunity to explore their creativity and imagination and to move consciously towards an awareness of their capability for artistic self-expression. This category will include art history, literature and film, philosophy and morality, comparative religion, the fine and performing arts and language. When we ask who we are, and what our lives ought to mean, we are using the humanities.

Language and Rationality. Courses in language and rationality are those which develop for the student principles and applications of language that lead to logical thought, clear and precise expression, and critical evaluation of communication in any endeavor.

1. English Composition: Courses fulfilling this requirement include both expository and argumentative writing.
2. Communication and Analytical Thinking: Courses fulfilling these requirements include oral communication, mathematics, logic, statistics, computer language and programming, and related disciplines.

Multiple Degrees

A student may earn more than one AA and/or AS degree from Fresno City College. Although a course used for a prescribed graduation requirement or to meet general education requirements may count toward more than one degree, no course may count toward the major course requirements for more than one degree major at any college in the district.

All FCC students who have completed the requirements for an associate degree are invited to participate in the FCC Commencement Ceremonies at the end of the spring semester.

Requirements for the Associate in Arts for transfer (AA-T) or Associate in Science for transfer (AS-T)

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

At the time of catalog publication, a student may earn an AA-T in Communication, Psychology and Sociology pending State Chancellor's Office approval. However, the details of these majors are not listed in the catalog. Please refer to the Fresno City College 2010-2012 Amended Catalog Addendum at the Fresno City College website (<http://www.fresnocitycollege.edu/index.aspx?page=1854>) for requirements. Additional majors are being developed. Please see a counselor for more information.

Requirements for AA and AS Degrees

Associate in Science Degree

Minimum requirements for the associate in science degree are the same as for the associate in arts degree with the exception of the major requirement which specifies completion of a specific pattern of courses in any occupational curriculum or completion of at least twenty (20) units in the physical sciences, the biological sciences and engineering.

Associate in Arts Degree

1. Sixty (60) units with at least 2.0 (“C”) grade point average in all courses applicable to the associate degree.
2. Residence requirements:
 - (a) A minimum of twelve (12) degree applicable units in residence at district colleges or centers, with attendance during the last semester prior to meeting graduation requirements, or
 - (b) A total of forty-five (45) units in residence at district colleges or centers if not in attendance during the last semester prior to meeting graduation requirements.
3. At least eighteen (18) units in a discipline (major) or from related disciplines with a grade of “C” or better in each course.
4. Competence in writing, demonstrated by completion of English 1A or 1AH with a grade of 2.0, “C” or better. *(The course used to fulfill this requirement may also be used to fulfill area D, Part 1, below, of the general education requirement in language and rationality: composition.)*
5. Competence in reading, demonstrated by
 - (a) Meeting the reading requirement for English 1A, 1AH eligibility by an appropriate placement test score.
 - (b) Completion of English 1A or 1AH with a grade of “C” or better.
6. Competence in oral communication, demonstrated by the completion of Communication 1, 2, 4, 8, or 25 with a grade of 2.0, “C” or better.
7. Competence in mathematics, demonstrated by
 - (a) An appropriate placement test score or
 - (b) Completion with a grade of 2.0, “C” or better one of the following classes: Mathematics 4A, 4B, 5A, 5B, 6, 7, 10A, 10B, 11, 21, 26, 42, 45, 102, 103.
8. Familiarity with computer concepts and computer use, demonstrated by completing with a grade of “C” (2.0) or better, one of the following:
 - (a) Applied Technology 10; Business & Technology 2, 9, 10, 14, or 28; Computer Information Technology 12, 15, or 17; Library Skills 2; *or*
 - (b) A course in the student’s major that has been designated by the division of that major as meeting the computer literacy requirement; *or*

Students
should
consult the
catalog of
the specific
college
or
university
which they
plan to
attend.

- (c) A college examination of computer literacy.
- 9. Awareness of lifetime physical and mental wellness, demonstrated by completion of Health 1, Psychology 2, Psychology 2H, Psychology 33, or Child Development 38/Psychology 38.
- 10. Two physical education and/or dance classes. Exceptions will be considered for those students who are veterans, P.O.S.T. program candidates, Basic Fire Academy graduates, or who submit a physician's statement certifying that they are not physically able to participate in physical education classes. Physical education courses that will meet this requirement are Physical Education 3-7, 9, 11-15C, 17, 23, 25, 29B-42B, 29C-42C, and 50-55.
- 11. Completion of one of the following courses on the principles of national, state, and local government, including the study of American institutions and ideals: Political Science 2, 2H, or 110.

(The course used to fulfill this requirement may also be used to satisfy area B, Part 1, below, of the general education requirement in social and behavioral sciences.)

The Culinary Arts Program at FCC is one of many vocational education options available for students who are seeking job training skills.

- 12. A minimum of eighteen (18) units in general education, including at least three (3) units in each of areas (A) and (C), and at least three (3) units in both parts 1 and 2 of areas (B) and (D).

A. Natural Sciences (3 units)

- Applied Technology 120
- Astronomy 10
- Biology 1/1H, 3, 5, 7, 11A/AH, 11B, 20, 24, 46
- Chemistry 1A, 3A, 3B
- Geography 1, 7, 8
- Geology 1, 2, 4, 5, 9
- Physics 2A, 2B, 4A
- Physical Science 11

B. Social and Behavioral Sciences

(6 units: B.1. = 3 units; B.2. = 3 units)

- 1. Political Science 2, 2H, or 110
(The course used to fulfill this requirement may also be used to satisfy degree requirement 11, American institutions, above.)
- 2. Other Social and Behavioral Sciences
 - African-American Studies 1, 2, 4, 41
 - American Indian Studies 31, 32, 33, 34
 - Anthropology 1, 2/2H, 3, 4, 20, 28
 - Asian-American Studies 1, 15
 - Business Administration 20
 - Chicano-Latino Studies 11, 12, 13, 14, 24, 28, 29, 30
 - Child Development 5, 39
 - Economics 1A/1AH, 1B/1BH, 25
 - Geography 2, 4A, 4B, 20
 - History 1/1H, 2/2H, 11, 12, 15, 17, 18, 21, 22, 29, 30, 34
 - Human Services 20
 - Political Science 1, 5, 24, 25
 - Psychology 5, 15, 25, 36, 39
 - Sociology 1A/1AH, 2, 10, 14, 31, 32
 - Women's Studies 10, 24, 41, 43, 47

C. Humanities (3 units)

- African-American Studies 3, 8, 13, 15, 17, 21, 22, 49
- American Indian Studies 35
- American Sign Language 1, 2, 3, 4, 5, 6, 7, 8

Architecture 10, 11, 20, 30
 Armenian 1, 2, 3
 Art 2, 3, 4, 5/5H, 6/6H, 7, 8, 9, 10, 11, 12A, 12B, 14, 15, 16, 17, 18, 19, 20, 21, 22A, 22B, 23, 27, 28, 29, 31, 32A, 32B, 35, 39B, 40B, 45, 55, 65
 Chicano-Latino Studies 17, 18, 20, 21, 27
 Chinese 1, 2, 3, 4, 5
 Communication 12
 Dance 13, 17, 20A, 20B, 27, 30
 English 1B/1BH, 12, 14, 15A, 15B, 15C, 15D, 17, 20, 36, 42, 44A, 44B, 45, 46A, 46B, 47, 48A, 48B
 Film 1, 2A, 2B, 3, 5, 6
 French 1, 2, 3, 4
 German 1, 2, 3, 4
 Graphic Communications 39A, 40A
 Hmong 1, 2
 Humanities 10/10H, 11/11H
 Japanese 1, 2
 Journalism 1, 2, 6, 16
 Latin American Studies 10
 Linguistics 10, 11
 Music 3, 5, 12, 13, 14, 16, 17, 20, 21, 24, 25, 26, 27, 28, 29, 30, 32, 34, 35, 36, 39, 40, 41, 42A, 42B, 42C, 42D, 46, 48, 53, 90, 91, 92
 Philosophy 1A/1AH, 1B, 1C, 1D, 5, 6
 Photography 5, 6, 7, 15, 17, 18, 30, 40
 Portuguese 1, 2, 3, 4
 Russian 1, 2, 3, 4
 Spanish 1, 2, 3, 3NS, 4, 4NS, 5, 6, 7
 Swahili 1, 2
 Theatre Arts 12, 25, 26, 27A, 27B, 30, 31, 32, 35, 36, 41, 42, 43, 44, 46
 Women's Studies 36

D. Language and Rationality

(6 units: D.1. = 3 units; D.2. = 3 units)

1. Composition

(The course used to fulfill this general education area requirement may also be used to satisfy degree requirement 4, competence in writing, above.)

English 1A/1AH

2. Communication and Analytical Thinking
 Applied Technology 10
 Business Administration 10/10H, 18, 30, 33
 Communication 25
 Computer Information Technology 60, 61, 63, 64, 66, 67, 68
 Computer Science 20, 40, 41
 Criminology 13
 Decision Science 21, 23
 Electrical Systems Technology 51
 English 3/3H, 40
 Fashion Merchandising 10
 Graphic Communications 5, 13, 14, 15, 16, 17, 18, 20, 22, 23, 30, 41, 51
 Marketing 10
 Math 101, 102, 103, 4A, 4B, 11, 42 or any advanced math class
 Philosophy 4
 Political Science 13
 Psychology 42

See a counselor for other courses which fulfill this requirement.

Application for Associate Degree or Certificate of Achievement

A candidate for an associate in arts degree, associate in science degree or a certificate of achievement must file a graduation application for the degree or certificate. An application for graduation for a degree or certificate of achievement will be accepted when a student is within a year of potential graduation and/or completion. A student who needs a formal evaluation prior to the year of graduation/completion may appeal this policy by providing evidence of special program requirements. Application deadlines are listed in the academic calendar of this catalog. No student is a candidate for graduation until the application is completed. Graduation ceremonies for degree candidates are held at the end of the spring semester each year. Diplomas will be dated at the end of the semester or summer session in which requirements are met. Diplomas and certificates are mailed to successful candidates approximately two months after fulfilling graduation requirements.

TRANSFER INFORMATION AND REQUIREMENTS

Preparation to Enter Four-Year Colleges or Universities

Fresno City College provides the first two years of a four-year college or university program. The majority of Fresno City College students are enrolled in such transfer programs and may complete all or most of their general education and lower division major requirements before transferring. Students can transfer to a baccalaureate institution once they have completed 60 or more transferable units with the required GPA.

The requirements for transfer and the requirements for a certificate and/or associated degree program can be very different. With careful planning a student may be able to earn a certificate and/or associate degree as well as meet transfer requirements. Therefore, the importance of reaching a decision regarding one's objectives at the time of enrollment cannot be overemphasized. Also, there are differences in the transfer requirements of colleges and universities. Therefore, it is advisable for entering students to plan a program which meets the requirements of a particular college or university to which they wish to transfer. Students should consult the catalog of the specific college or university which they plan to attend. Counselors will assist in interpreting catalog statements and requirements and with developing a Student Educational Plan (SEP) upon request. Catalogs of many universities and colleges are available in the Fresno City College Counseling/Transfer Center. It is, however, wise for students to order their own personal copies directly from the college or university of their choice.

Careful selection of courses at Fresno City College will prepare a student for transfer with junior standing to

a baccalaureate institution and at the same time enable the student to complete the requirements for the associate degree. Those Fresno City College courses which are accepted at other schools are not always exact equivalents of their courses but normally are accepted as meeting the same requirements.

In accordance with Executive Order No. 167 from the Chancellor's Office of the California State Universities, Fresno City College baccalaureate level courses are numbered 1 to 99. These courses are listed on page 41 of this catalog. The courses so designated by Fresno City College shall be accepted by any campus of the State University for elective credit toward its baccalaureate degrees. Students can complete the general education requirements for all of the California State Universities by following the appropriate pattern which follows. Completion of the general education requirements will be certified on the Fresno City College final transcript upon the student's request.

Fresno City College courses that transfer to the University of California campuses are listed on page 42. Students who plan to transfer to one of the UC campuses should consult the latest catalog of the university of their choice to determine lower division requirements.

University of California breadth requirements for each separate campus and some major program sheets are available for student use in the Transfer Center.

Articulation

Articulation is a process of developing formal written agreements that identify courses at one college that are accepted in lieu of specific courses at another college or that fulfill a specific statewide pattern of general education.

Fresno City College has developed numerous articulation agreements with California State University and

Students who wish to be a candidate for graduation in two years must carry an average of 15 units per semester.

University of California campuses. These agreements may be viewed at www.assist.org or in the Fresno City College Transfer Center.

Articulation agreements have also been developed with some California private and out-of-state colleges and universities. These agreements are available in the Fresno City College Transfer Center as well. See a counselor for assistance.

Articulation System Stimulating Inter-Institutional Student Transfer (ASSIST)

ASSIST is a single computerized database located at www.assist.org that provides access to articulation agreements developed between California Community Colleges, the California State Universities (CSU), and the Universities of California (UC). As articulation agreements are updated, so is the information maintained in ASSIST. See a counselor for assistance in how to use ASSIST.

- **CSU Transferable Courses**
These lists identify courses from a community college that transfer to any CSU campus for baccalaureate/transfer credit.
- **CSU GE-Breadth Certification Courses**
These are lists of courses from a community college that apply to the CSU GE-Breadth certification requirements.
- **CSU US History, Constitution, and American Ideals Courses**
These lists identify courses from a community college that satisfy the US history, Federal Constitution, and California state and local government degree requirements.
- **IGETC for UC and CSU**
These are lists of courses from a community college that apply to the Intersegmental General Education Transfer Curriculum (IGETC) requirements.
- **UC Transferable Courses**
These agreements list courses from community colleges that transfer to all University of California campuses.

Agreements with Other Campuses– Campus Specific

- **By Major**

These agreements specify courses at a sending institution that fulfill lower-division major requirements at a receiving institution.

- **By Department**

These agreements identify courses at a sending institution that are acceptable in lieu of courses at a receiving institution. They display courses taught by the departments at a specified institution.

- **For General Education/Breadth**

These agreements indicate the courses at a sending institution that satisfy the general education or breadth requirements at a receiving institution. See a counselor for assistance on how to use ASSIST.

Lower Division Transfer Pattern

Fresno City College's LDTP qualified courses are identified in the following descriptions in the catalog. Fresno City College's LDTP qualified courses are as follows:

LDTP Number	Fresno City College Course
TCSU AFAM 119	AFRAM 3, African-American Art
TCSU AFAM 119	AFRAM 8, African-American Creative Workshop
TCSU AFAM 119	AFRAM 13, African-American Music from Pre-Slavery to 1940
TCSU AFAM 119	AFRAM 15, African-American Music from 1940 to the Present
TCSU AFAM 119	AFRAM 17, African-American Literature
TCSU AFAM 219	AFRAM 1, African-American Culture
TCSU AFAM 219	AFRAM 2, Cultural Adaptation of the African-American
TCSU ANTH 110	ANTHRO 1, Biological Anthropology
TCSU ANTH 120	ANTHRO 2 or 2H, Cultural Anthology
TCSU ANTH 130	LING 10, Introduction to Language
TCSU ANTH 150	ANTHRO 4, Introduction to Archaeology
TCSU ART 110	ART 5 or 5H, Art History 1
TCSU ART 210	ART 7, Beginning Drawing
TCSU ART 230	ART 3, Two-Dimensional Art
TCSU BIOL 110	BIOL 5, Human Biology
TCSU BIOL SEQ A	BIOL 1/1H+BIOL 4+ BIOL 6, Principles of Biology, Zoology, Botany
TCSU BUS 110	ACCTG 4A or 4AH, Managerial Accounting
TCSU BUS 120	ACCTG 4B or 4BH, Financial Accounting
TCSU CHEM 110	CHEM 1A, General Chemistry

TCSU CHEM 120	CHEM 1B, General Chemistry and Qualitative Analysis	TCSU MUS 410	MUS 69, Wind Band
TCSU CHEM 130	CHEM 3A, Introductory General Chemistry	TCSU MUS 410	MUS 70, Community Orchestra
TCSU CHEM 140	CHEM 3B, Introduction to Organic and Biological Chemistry	TCSU MUS 410	MUS 76, College Philharmonic Orchestra
TCSU CHEM SEQ A	CHEM 1A+CHEM 1B, General Chemistry, Gen Chem and Qualitative Analysis	TCSU NAS 109	AMIND 31, American Indian Culture
TCSU CHEM SEQ B	CHEM 3A+CHEM 3B, Introductory Chemistry, Intro Organic & Biological Chemistry	TCSU NAS 109	AMIND 34, The American Indian in Contemporary Society
TCSU COMS 110	COMM 1, Introduction to Public Speaking	TCSU NUTR 110	FN 35, Nutrition and Health
TCSU COMS 120	COMM 25, Argumentation	TCSU NUTR 110	FN 40, Nutrition
TCSU COMS 130	COMM 2, Interpersonal Communication	TCSU NUTR 120	FN 1, Principles of Food Preparation
TCSU COMS 140	COMM 8, Group Communication	TCSU PHIL 120	PHIL 1C, Ethics
TCSU CJ 110	CRIM 1, Introduction to Criminology	TCSU POLS 110	POLSCI 2 or POLSCI 2H, Honors American Government
TCSU CSCI 110	CSCI 40, Programming Concepts and Methodology I	TCSU PSY 110	PSY 2H, Honors General Psychology
TCSU CSCI 110	CSCI 40J, Programming Concepts and Methodology in Java	TCSU SOC 110	SOC 1A, Introduction to Sociology
TCSU CSCI 120	CSCI 41, Programming Concepts and Methodology II	TCSU SPAN 130	SPAN 3, Intermediate Spanish
TCSU ECON 110	ECON 1A or 1AH, Introduction to Macroeconomics	TCSU SPAN 140	SPAN 4, High-Intermediate Spanish
TCSU ECON 120	ECON 1B or 1BH, Introduction to Microeconomics	TCSU SPAN SEQ B	SPAN 3 +4, Intermediate/High-Intermediate Spanish
TCSU ETHN 110	AMST 10, American Pluralism	TCSU STAT 110	DS 23, Business Statistics
TCSU GEOG 110	GEOG 1, Physical Geography	TCSU SW 110	HS 20, Introduction to Social Welfare
TCSU GEOG 120	GEOG 2, Cultural Geography		
TCSU HIST 130	HIST 11, History of the United States to 1877		
TCSU HIST 150	HIST 20, Comparative World Civilization to 1600		
TCSU IS 110	CIT 63, Beginning Java Programming		
TCSU IS 120	CIT 15, Computer Concepts		
TCSU MATH SEQ A	MATH 5A+MATH 5B, Mathematical Analysis		
TCSU MUS 130	MUS 1A, Music Theory I		
TCSU MUS 350	MUS 29, Intermediate/Advanced Guitar		
TCSU MUS 350	MUS 42D, Intermediate/Advanced Percussion		
TCSU MUS 360	MUS 29, Intermediate/Advance Guitar		
TCSU MUS 410	MUS 30, College Choir		
TCSU MUS 410	MUS 40, Concert Band		
TCSU MUS 410	MUS 46, Symphony Orchestra		
TCSU MUS 410	MUS 60, Symphonic Choir		
TCSU MUS 410	MUS 61, A Cappella Choir		
TCSU MUS 410	MUS 68, Symphonic Band		

Fresno City College offers a comprehensive and diverse number of class offerings for those students who plan to transfer to a four-year college or university.

Transfer to California State University (CSU)

Transfer Requirements to California State University (CSU)

For students who plan to transfer and complete a bachelor's degree, Fresno City College offers the first two years of most baccalaureate level (four-year) degree programs. Each baccalaureate level institution has a basic pattern of lower-division general education and specific major requirements which may be fulfilled at Fresno City College. In addition, students may make up any high school grade or subject deficiencies which are required for entrance to baccalaureate level colleges or universities.

Students should acquaint themselves with the current catalog of the college to which they plan to transfer. A library of current college and university catalogs and internet access to college catalogs and websites are available in the Fresno City College Transfer Center. It is also recommended that students work closely with their counselor in order to fulfill requirements for the college of their choice. However, the final responsibility for the selection of proper transfer, major, and general education courses rests with the student.

California State University (CSU) Admission

Students who completed college units before they graduated from high school or during the summer between high school graduation and CSU enrollment are considered first time freshmen and must meet freshmen admission requirements.

Otherwise, students who have completed college units are considered transfer students.

Students who have completed 59 or fewer CSU transferable semester college units at the time of transfer are considered lower division transfer students.

Students who have completed 60 or more CSU transferable semester college units at the time of transfer are considered upper division transfer students.

Lower Division Transfer Students

Students are eligible for admission with fewer than 60 CSU transferable semester units (90 quarter units) if the student:

- Has a college grade point average of 2.0 or better in all transferable college units attempted.

- Is in good standing at the last college or university attended, i.e., you are eligible to re-enroll.
- Meets the admission requirements for a first-time freshman or have successfully completed necessary courses to make up the deficiencies you had in high school if you did not complete the 15 unit pattern of college preparatory subjects.
- Meets the eligibility index required of a freshman.

Some campuses may require lower-division transfer students to have completed English composition and general education mathematics prior to transfer. Contact your campus of choice to determine whether there are admission limits on the number of lower-division transfer students.

Upper Division Transfer Students

Students are eligible for admission with 60 or more CSU transferable semester units (90 quarter units) if the student:

- Has a college grade point average of 2.0 or better (2.4 for non-California residents) in all transferable college units attempted.
- Is in good standing at the last college or university attended, i.e., is eligible to re-enroll.
- Has completed or will complete prior to transfer at least 30 semester units (45 quarter units) of courses equivalent to CSU general education requirements with a grade of "C" or better. The 30 units must include all of the general education requirements in communication in the English language (English composition, oral communication, and critical thinking) and at least one course of at least 3 semester units (4 quarter units) required in college-level mathematics.

General Education Requirements For California State University Certification (CSU-GE)

The CSU General Education-Breadth program allows California community college transfer students to fulfill lower-division general education requirements for any CSU campus prior to transfer. This curriculum provides an alternative to IGETC requirements and to the campus specific university GE-Breadth requirements. It is important to note that CSU GE-Breadth certification is not an admission requirement, nor does completion guarantee admission to the campus or program of choice.

Up to 39 of the 48 GE-Breadth units required can be transferred from and certified by a California community college. Students who are certified with 39 semester units of lower division GE-Breadth units cannot be held to additional lower division GE courses at the CSU campus. Upon enrollment at CSU, all transfer students will be required to complete a minimum of 9 semester units of upper division general education. Students without certification may be held to the general education pattern developed for CSU students which may vary greatly from the community college CSU-GE Breadth pattern.

Fresno City College CSU General Education – Breadth 2010-2012

Area A: English Language Communication and Critical Thinking

Nine semester units minimum with one course from A1, A2, and A3 (“C” or better grade required in A1, A2, and A3).

- **Area A1, Oral Communication**
Communication 1, 2, 4, 8
- **Area A2, Written Communication**
English 1A/1AH
- **Area A3, Critical Thinking**
Communication 25
Criminology 13
English 3/3H
Philosophy 4, 6
Political Science 13

Area B: Scientific Inquiry and Quantitative Reasoning

Nine semester units minimum with at least one course in B1, B2, and B4 (“C” or better grade required in B4.) One course in B1 or B2 must contain a lab component indicated by (L) or be accompanied by a course in B3.

- **Area B1, Physical Science**
Astronomy 10(L)
Chemistry 1A(L), 1B(L), 3A(L), 3B(L), 8A, 28A, 28B
Geography 1, 7(L), 8(L)
Geology 1(L), 1H(L), 2, 4, 5, 7, 8
Physical Science 7, 11
Physics 2A(L), 2B(L), 4A(L), 4B(L), 4C(L)
- **Area B2, Life Science**
Anthropology 1

Biology 1/1H(L), 3(L), 3H(L), 4(L), 5(L), 6(L), 7(L), 11A/11AH(L), 11B(L), 20(L), 21A(L), 21B(H), 22(L), 24(L), 31(L)

- **Area B3, Laboratory Activity**
Chemistry 29A, 29B
- **Area B4, Mathematics/Quantitative Reasoning**
Computer Science 26
Decision Science 21, 23
Mathematics 4A, 4B, 5A, 5B, 6, 10A, 10B, 11, 21, 26, 42, 45
Psychology 42

Area C: Arts and Humanities

Nine semester units minimum with at least one course each from C1 and C2.

- **Area C1, Arts**
African-American Studies 3, 8, 13, 15, 49
American Indian Studies 35

- **Area D9, Psychology**

Child Development 38, 39
 Psychology 2/2H, 38, 39

Area E: Lifelong Learning and Self-Development

Three semester units minimum.

Child Development 38, 39
 Health Science 1
 Psychology 2/2H, 33, 38, 39

Total Minimum Units Required for Certification..... 39

Notes: Courses listed in more than one area or sub-area may only be used one time.

The same course, e.g. SWAHLI1/AFRAM 21, can be counted only once.

Some CSU campuses have restrictions on when courses in AREAS A and B4 must be completed prior to transfer.

Additional courses may be added to the Fresno City College CSU GE-Breadth. An updated CSU General Education Sheet may be obtained from the Counseling Center, the Transfer Center, the Fresno City College Website, or www.assist.org.

Students transferring into Engineering and Liberal Studies majors may be required to complete specific courses in each area of CSU GE-Breadth or they may be waived/exempted from specific areas. See a counselor for assistance.

Students who have credit from other colleges should meet with a counselor regarding General Education Certification.

A maximum of 70 semester units earned at community college may be transferred to CSU. Course work completed above the 70 units may be used to satisfy GE and major preparation even though the units will not count toward the bachelor's degree.

U. S. History, Constitution, and American Ideals

To graduate from a California State University a student must complete, with a "D" or better grades (Fall 2009, "C" or better grade will be required.), a combination of courses which are identified as meeting the U. S. History, Constitution, and American Ideals requirements. Courses at Fresno City College which meet this requirement are: one course from History 11 or 12 combined with one course from Political Science 2 or 2H. These courses may also be used simultaneously to satisfy course requirements on the CSU GE-Breadth pattern. (See pages 39 and 40)

California State University Transfer Course List (CSU)

The following courses are baccalaureate-level courses transferable to all California State University campuses. Their acceptance in meeting general education or major requirements will vary among the campuses. Consult the appropriate catalog, major sheet or with a counselor for specific information.

Note: A number of courses are cross-referenced—the same course is listed in more than one area, department or discipline—usually with the same course number. Credit can be earned only once for cross-referenced courses. See the individual course listings in the “Course Descriptions” section of the catalog.

Work Experience 19

Note: No more than 8 units of work experience, including both vocational and general, are considered appropriate for transfer.

Transfer to University of California (UC)

Transfer Requirements of the University of California (UC)

Students ineligible for admission to the University of California at the time of high school graduation because of low grades or a combination of low grades and a lack of required subjects must meet three criteria: (1) establishment of an overall GPA of 2.4, (2) completion of 60 transfer semester units and (3) presentation of appropriate college courses completed with a "C" grade or better in the "A-F" subjects not completed in high schools. Up to two units of credit may be waived if (1) and (2) are satisfied.

An alternative to the criteria in (3) above may be used. A student may present one college course in mathematics, one in English, and one in either U.S. History, a laboratory science, or a foreign language. These courses must be passed with a grade of "C" or better. Courses other than

mathematics must be transferable to the university. To meet the mathematics eligibility requirements, the student should have completed three years of high school mathematics through intermediate algebra or complete a college course with a prerequisite of intermediate algebra.

UC Transfer Admission Guarantee (Guaranteed Admission)

Fresno City College participates in guaranteed admission agreement programs with UC Davis, UC Irvine, UC Merced, UC Riverside, UC San Diego, UC Santa Barbara, UC Santa Cruz. These programs are designed for students who have completed 30 University of California units with a minimum grade point average of 2.8 and all will complete 60 University of California units. See a counselor or the Transfer Center for Transfer Admission Guarantee information.

University of California Transfer Course List (UC)

Courses from Fresno City College that are acceptable for transfer credit at the University of California follow.

Special Studies #47

#Variable topics; evaluation completed by individual campuses after admission.

Swahili 1, 2

Theatre Arts 12, 15C, 24, 25, 26, 27A, 27B, 28, 30, 31, 32, 35, 36, *41, *42, 43, 44, 46

*41 and 42 combined: maximum credit, 1 course.

Women's Studies 10, 24, 30, 36, 41, 47

Note: A number of courses are cross-referenced—the same course is listed in more than one area, department or discipline—usually with the same course number. Credit can be earned only once for cross-referenced courses. See the individual course listings in the “Course Descriptions” section of the catalog.

Honor Course Credit Limitation—duplicate credit will not be awarded for both the honors and regular versions of a course. Credit will only be awarded to the first course completed with a grade of “C” or better.

Intersegmental General Education Transfer Curriculum (IGETC) to CSU and UC

Completion of all of the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University or University of California system. The student will not be required to complete additional lower division general education courses after transfer.

It should be noted that completion of the IGETC is not a requirement for admission to the CSU or UC, nor is it the only way to fulfill the lower-division general education requirements prior to transfer. Depending on a student's major, it may be advantageous to fulfill the CSU's or UC's general education requirements or those of the particular campus, school or college to which the student plans to transfer. This applies generally to high-unit majors.

The course requirements for all areas must be completed before the IGETC can be certified. All courses must be completed with grades of “C” or better.

Area 1 – English Composition

CSU—Three courses required, one each from 1A, 1B, and 1C (nine semester units minimum);

UC—Two courses required, one each from Group 1A and 1B (six semester units minimum).

1A English Composition

One course, three semester units.

**English 1A/1AH, Reading and Composition4

1B Critical Thinking — English Composition

One course, three semester units.

**English 3/3H, Critical Reading and Writing3

1C Oral Communication

(CSU only: One course, three semester units)

Communication 1, Intro to Public Speaking ...3

**Communication 4, Persuasion3

Communication 8, Group Communication3

**Communication 25, Argumentation3

Area 2 – Mathematical Concepts and Quantitative Reasoning

One course required (three semester units minimum).

Computer Science 26, Discrete Mathematics for Computer Science	4
Decision Science 21, Finite Mathematics	3
Math 4B, Pre-calculus	4
Math 5A, Mathematical Analysis I	5
Math 5B, Mathematical Analysis II	4

requirements for most majors in the College of Natural Resources, specific lower division major requirements must still be satisfied; check with the college or visit the ASSIST website for more information.

U.C. Davis

IGETC works well for students planning for Bachelor of Arts majors with few units of lower-division preparation. Bachelor of Science degrees and high-unit majors often have many courses of lower-divisions preparation. In these cases, the UC Davis GE pattern is the best choice.

Students in the College of Engineering who have satisfied IGETC are still required to complete two upper-division general education courses at UC Davis.

U.C. Irvine

All schools accept IGETC. However, selection by the campus is based on demonstrated academic achievement and preparation for the intended major.

U.C. Los Angeles

The Henry Samueli School of Engineering and Applied Science does not accept IGETC.

U.C. Merced

The School of Engineering and the School of Natural Sciences do not recommend IGETC.

U.C. Riverside

The Marian and Rosemary Bourns College of Engineering (BCOE) accepts completion of IGETC as satisfying the majority of the college's breadth requirement for transfer students. Some additional breadth coursework may be required after enrollment (For more information, see the Bourns College of Engineering Breadth Requirements). However, prospective students are strongly encouraged to focus on preparation coursework for their desired major, such as mathematics, science and other technical preparation coursework. Strong technical preparation is essential for success in the admission process and, subsequently, in all coursework at Bourns. The College of Natural and Agricultural Sciences does not accept IGETC, although course taken to satisfy IGETC may be applied toward the college's breadth pattern. The College of Humanities, Arts, and Social Sciences and the School of Business Administration accepts IGETC.

U.C. San Diego

IGETC is accepted by John Muir, Earl Warren, Sixth and Thurgood Marshall colleges only. Students completing IGETC are welcomed at Eleanor Roosevelt and Revelle colleges; however, they must fulfill the specific general education requirements of those colleges. At UCSD, all majors are available to students in each college, so students

who choose IGETC will not be restricted in their choice of major as a result.

U.C. Santa Barbara

Students who transfer into the College of Letters and Science and the College of Creative Studies may use IGETC to substitute for general education requirements. Students planning to transfer into a major in computer science or the biological or physical sciences must be careful to complete lower-division major prerequisites to ensure competitiveness and make normal, timely progress through the major. Transfer students in the College of Engineering are encouraged to focus on the preparation for their major rather than on general education courses, but may also use IGETC to substitute for general education requirements. As part of their general education, all students in the College of Engineering are required to complete a depth requirement. Students who wish to satisfy the depth requirement prior to transfer must complete a yearlong sequence in the history of world civilization, history of Western civilization, history of the United States, history of Western philosophy or history of Western art. Students may want to choose courses for IGETC that will concurrently satisfy the depth requirement. Students may also complete the depth requirement with upper-division coursework after transferring.

U.C. Santa Cruz

Transfer students intending to pursue any major in the physical and biological sciences or the Jack Baskin School of Engineering should not follow IGETC because it will not provide them with enough lower-division preparation for their majors.

Transfer Requirements of Private/Independent and Out-of-State Colleges and Universities

Transfer requirements of the private/independent and out-of-state colleges and universities differ from one institution to another. Students should acquaint themselves with the current catalog of the college to which they plan to transfer for admission, general education, and major preparation information. It is up to the receiving institution to determine application of credit. The Fresno City College Transfer Center has a library of catalogs for student use as well as computers with Internet access for college websites and catalogs online. See a counselor for assistance.

ADMINISTRATIVE POLICIES

Student Conduct Standards

Students are expected to conduct themselves as responsible citizens whenever they are on the campus or representing Fresno City College in any activity. The Board of Trustees has adopted specific rules and regulations governing student behavior along with applicable penalties for violations. The student conduct standards and discipline policy (Board Policy No. 5500) is cited below, and students consequently are held responsible for familiarizing themselves with these rules and regulations (Education Code 66300). All campus activities must have the prior approval of the administration of the college.

State Center Community College District (SCCCD) Policy Statement

Once a student enrolls in courses on a campus of the State Center Community College District, that individual accepts both the rights and responsibilities associated with

that enrollment. The State Center Community College District exists to educate individuals in our community. All other considerations are secondary. The district will not infringe on anyone's constitutional rights and the right to dissent and to protest. However, the right to dissent and to protest must not be construed as a right to disrupt operation of the institution. No individual or group can be permitted to infringe on the rights of others to secure an education.

These conduct standards, and Administrative Regulation 5520 which defines discipline procedures, apply to all students who are enrolled in courses offered by either college of the State Center Community College District. Any student will be subject to discipline who, in any way:

1. prevents other students from pursuing their authorized curricular or co-curricular interests;
2. interferes with or disrupts faculty and administrators who are fulfilling their professional responsibilities;
3. prevents classified employees from fulfilling their prescribed duties;
4. disrupts presentations by authorized guests; or
5. deliberately endangers the safety of persons, or the security of college property.

Student Assembly

In accordance with state law, the district recognizes the right of peaceful assembly and will make facilities available for recognized staff and student groups when such assembly does not obstruct free movement of persons about the campus, the normal use of classroom buildings and facilities, and normal operations of the college or the instructional program, and when it does not jeopardize the safety of persons, lead to the destruction of property, or violate the laws of the district, state or nation. Persons who are not members of the student body or the college and who violate this policy shall be subject to the control of public authorities.

The Fresno City College Commencement Ceremonies at the end of each spring semester marks a time of celebration and success as students prepare to transfer or receive an Associate in Arts or Associate in Science degree.

Exercise of Free Expression

In stating its policy on the distribution of materials, the governing board of this district has assumed that each student is responsible for his/her actions individually, even when acting as a member of an organization, and that no student, by following district or college policies, regulations or procedures, escapes individual responsibility for observing laws relating to such matters as libel, copyright violation, and obscenity.

Bulletins, circulars, publications, or articles of any character prepared by a student currently enrolled in an institution of this district, or by a campus organization officially recognized by a college of this district may be distributed on a college campus of this district only when such distribution is in accordance with established regulations.

With the exception of publications and materials sold or circulated by offices or agencies of this district and of district colleges, all publications and materials to be circulated on campuses of the district shall be subject to the foregoing policy provisions.

This policy is not intended to limit the use of sectarian, partisan, or denominational materials for legitimate library and classroom use.

Student Protests and Demonstrations

The students, faculty, and administration of the community college district are expected to respect the rights of the minority just as much as they respect those of the majority. Every individual, operating within the law, is guaranteed the basic freedom to participate in demonstrations or protests as long as they do not interfere with the primary focus of the college — education. Picketing, demonstrations, or other forms of protest are not to be carried on so as to interfere with instructional activities or the normal flow of student traffic in and out of buildings.

Each college has the right to make and enforce reasonable regulations relating to the time, place, and manner of the exercise of these rights, in order to prevent interference with college programs and services.

Student Publications

Student publications are a valuable aid in establishing and maintaining an atmosphere of free and responsible discussion and in intellectual exploration. They serve as a means of bringing student concerns to the attention of the college community and the public and of formulating student opinion on various issues.

The editorial freedom of student editors and managers

entails corresponding responsibilities to be governed by the canons of responsible journalism such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo. As safeguards for the editorial freedom of student publications, the following provisions shall apply:

1. Editors and managers of student publications shall be protected from arbitrary suspension and be removed only for proper cause through orderly procedures.
2. All college published and financed student publications shall state explicitly on the editorial page that the opinions there expressed are not necessarily those of the college or the student body.

Computer/Network Equipment Use Policy

Every State Center Community College District (SCCCD) student is permitted to use a District-owned computer/network. As a condition of this use, each student agrees to:

- use the computer/network for educational purposes only and not for any commercial purpose or financial gain;
- use the computer and software in an ethical manner; this means he/she will respect the security of the District's computer system and will not illegally gain access to any network, hardware or software;
- not take or copy any copyrighted or patented software or any part of such software; further, he/she agrees not to install/uninstall any program or software, including shareware programs, on the computer;
- not use the electronic mail system for any illegal or illicit purpose, including solicitation; the District reserves the right to monitor all computer activities on its computers; the student agrees to abide by the rules of any other computer system that he/she may contact through the Internet;
- not transmit any communication in which the meaning of the message or its transmission or distribution would violate any applicable law or regulation or be offensive to the recipient or recipients; and
- not search, view or download pornographic material through any means.

It is understood that information, programs or data a student obtains from the Internet are used at his/her own risk. He/she is responsible for any damage caused by malicious programs, commonly known as viruses, received from the Internet.

Each student is expected to abide by the District's Acceptable Use Policy (www.scccd.edu/index.aspx?page=142). The District is the sole determiner of the interpretation and application of the Acceptable Use Policy. It is understood that if a student violates any of the above rules, he/she is subject to removal from the computer facility as well as discipline as a student.

No Smoking in Campus Buildings

In order to provide a healthier climate for teaching, learning and study, smoking and use of tobacco products is prohibited in all campus buildings. Additionally, tobacco products are not sold on campus.

Drug Abuse Policy

For the protection of other students in the State Center Community College District, the Governing Board of this District may suspend or expel, and the Chancellor of this District is authorized to suspend a student whenever it is established to the satisfaction of the Board or the Chancellor, as the case may be, that the student has on college premises used, sold or been in possession of narcotic or other hallucinogenic drugs or substances, or has on college premises inhaled, or breathed the fumes of, or ingested any poison classified as such by Schedule D in Section 4160 of the Business and Professions Code.

Academic Dishonesty

Students at Fresno City College are entitled to the best education that the college can make available to them, and they, their instructors, and their fellow students share the responsibility to ensure that this education is honestly attained. Because cheating, plagiarism, and collusion in dishonest activities erode the integrity of the college, each student is expected to exert an entirely honest effort in all academic endeavors. Academic dishonesty in any form is a very serious offense and will incur serious consequences.

Cheating

Cheating is the act or attempted act of taking an examination or performing an assigned, evaluated task in a fraudulent or deceptive manner, such as having improper access to answers, in an attempt to gain an unearned academic advantage. Cheating may include, but is not limited to, copying from another's work, supplying one's

work to another, giving or receiving copies of examinations without an instructor's permission, using or displaying notes or devices inappropriate to the conditions of the examination, allowing someone other than the officially enrolled student to represent the student, or failing to disclose research results completely.

Plagiarism

Plagiarism is a specific form of cheating and is the use of another's words or ideas without identifying them as such or giving credit to the source. Plagiarism may include, but is not limited to, failing to provide complete citations and references for all work that draws on the ideas, words, or work of others, failing to identify the contributors to work done in collaboration, submitting duplicate work to be evaluated in different courses without the knowledge and consent of the instructors involved, or failing to observe computer security systems and software copyrights.

Incidents of cheating and plagiarism may result in a variety of sanctions and penalties that may range from a failing grade on the particular examination, paper, project, or assignment in question to a failing grade in the course, at the discretion of the instructor and depending on the severity and frequency of the incidents.

Authority and Disciplinary Actions

A student enrolled in courses offered by any college or center of the State Center Community College District assumes an obligation to conduct him/herself in a manner compatible with the college's function as an educational institution. A student may be disciplined, utilizing the procedures set out in Administrative Regulation 5520, for any of the following causes which must be related to college attendance or activity:

1. Causing, attempting to cause, or threatening to cause physical injury to another person.
2. Possession, sale or otherwise furnishing any firearm, knife, explosive or other dangerous object, including but not limited to any facsimile firearm, knife or explosive, unless, in the case of possession of any object of this type, the student has obtained written permission to possess the item from the Vice President of Student Services.
3. Unlawful possession, use, sale, offering to sell or furnish, furnishing, or being under the influence of, any controlled substance listed in California Health and Safety Code Section 11053 et seq., an alcoholic

- beverage, or an intoxicant of any kind or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia as defined in California Health and Safety Code Section 11014.5.
4. Committing or attempting to commit robbery or extortion, or gambling.
 5. Causing or attempting to cause damage to District property or to private property on campus. Stealing or attempting to steal District property or private property on campus or knowingly receiving stolen District property or private property on campus.
 6. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the college or the District.
 7. Committing sexual harassment as defined by law or by District policies and procedures.
 8. Engaging in harassing or discriminatory behavior based on race, sex, religion, age, national origin, disability, or any other status protected by law.
 9. Willful misconduct that results in injury or death to a student or to District personnel or which results in cutting, defacing, or other damage to any real or personal property owned by the District or on campus.
 10. Disruptive behavior, willful disobedience, habitual profanity or vulgarity, the open and persistent defiance of the authority of, or persistent abuse of, college personnel.
 11. Cheating, plagiarism (including plagiarism in a student publication), or engaging in other academic dishonesty as defined by the Office of Instruction.
 12. Dishonesty, forgery, alteration or misuse of District documents, records or identification, or knowingly furnishing false information to the District.
 13. Unauthorized entry upon or use of District facilities.
 14. Lewd, indecent, or obscene conduct, or expression on District-owned or controlled property, or at District sponsored or supervised functions.
 15. Engaging in expression which is obscene, libelous, or slanderous or which so incites students as to create a clear and present danger of the commission of unlawful acts on District premises.
 16. Violation of lawful District regulations or the substantial disruption of the orderly operation of the District.
 17. Persistent, serious misconduct where other means of correction have failed to bring about proper conduct.
 18. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including but not limited to digital or electronic recording or handwritten or typewritten class notes except as permitted by any District policy or administrative procedure.
 19. Other good cause as shown.
- Students are responsible for their conduct, and failure to adhere to accepted standards will result in disciplinary action. Instructors shall be in charge of their classes, and students are under obligation to respect the authority of each instructor.
- Fresno City College reserves the right to exclude at any time a student who, in the judgment of the administration, is not taking proper advantage of the opportunities offered.

Student Rights

Student rights are protected by federal and state laws, and by policies established by the trustees of the State Center Community College District. It is therefore essential for the protection of students' rights that procedures be established and followed that would identify violations of student conduct standards and the resolutions of such violations. Students have a right to an oral or written notice (reasons for disciplinary action), an opportunity for a review, and a decision given orally or in writing. For more information, contact the Vice President of Student Services Office.

Removal from Class by Instructor

Fresno City College's Student Code of Conduct Policy (Board Policy 5500) authorizes an instructor to remove a disruptive student from his or her class for the day of the removal and the next class meeting. The instructor shall immediately report the removal to the Vice President of Student Services. During the period of removal, a student shall not be returned to the class from which he or she was removed without the concurrence of the instructor of the class.

Grievance Policy for Students

Students who reasonably believe a college decision or action has adversely affected his or her status, rights, or privileges may file a student grievance form and submit it to the Office of the Vice President of Student Services Office (Student Services Building, Room 224). Students are expected to make a reasonable effort to resolve matters informally with either the person whom the student has a grievance and then that person's supervisor or a college administrator, if necessary. Student grievance forms are located in the Office of the Vice President of Student Services.

Rights and Responsibilities

Open Enrollment

It is the policy of this District that, unless specifically exempted by statute or regulation, every course, section, or class, reported for state aid, wherever offered and maintained by the District, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to Subchapter 1, Chapter 6, Division 6, Title 5 of the California Code of Regulations, commencing with Section 55000.

Student Enrollment Responsibilities

It is the responsibility of all students to be aware of and observe all college policies regarding class enrollment and attendance, including dropping classes.

Parking Regulations

Student vehicles must display a State Center Community College District parking permit to park in campus parking lots.

Students are required to observe parking regulations with regard to red no-parking zones, private driveways, double parking, handicapped zones, restricted lots, etc., and are reminded that parking in these areas could result in a citation or the vehicle being towed away at the student's expense.

The State Center Community College District Police Department will strictly enforce these regulations. Students are advised to arrive early enough for their first class to allow time for them to obtain a parking space, which may be some distance from the classroom, and to arrive in the classroom on time.

Students may pick up a copy of the complete parking regulations at Campus Police, Calaveras and Weldon, or at the College Business Office, Administration Building, room 109.

Statement of Nondiscriminatory Policy and Obligations

Fresno City College does not discriminate on the basis of race, color, national origin, sex, disability, age, or sexual orientation in any of its policies, procedures, or practices, in compliance with Title VI of the Civil Rights Act of 1964 (pertaining to race, color, and national origin), Title IX of the Education Amendments of 1972 (pertaining to sex), Section 504 of the Rehabilitation Act of 1973 (pertaining to handicap), the Americans with Disabilities Act and the Age Discrimination Act of 1975 (pertaining to age) and California State Law. This nondiscrimination policy covers admission and access to, and treatment and employment in, the college's programs and activities, including vocational education. Inquiries regarding the equal opportunity policies, the filing of grievances, or to request a copy of the grievance procedures covering discrimination complaints may be directed to:

Vice President of Student Services
Fresno City College
1101 E. University Avenue
Fresno, CA 93741
(559) 442-4600, ext. 8595

The college recognizes its obligation to provide overall program accessibility throughout the college for handicapped persons. Contact Vice President of Student Services, to obtain information as to the existence and location of services, activities and facilities that are accessible to and usable by handicapped persons.

The lack of English language skills will not be a barrier to admission and participation in the college's vocational education programs.

Inquiries regarding Federal laws and regulations concerning nondiscrimination in education or the District's compliance with those provisions may also be directed to:

Office for Civil Rights
U.S. Department of Education
221 Main Street, Suite 1020
San Francisco, CA 94105

Declaración: Póliza de la No-Discriminación y las Obligaciones

Fresno City College no discrimina en base a raza, color, nacionalidad de origen, discapacidad, edad u orientación sexual en cualquiera de sus políticas, procedimientos ó prácticas, en cumplimiento con el Título VI de la Ley de Derechos Civiles de 1964 (referente a la raza, color y nacionalidad de origen), Título IX de las Enmiendas de Educación de 1972 (referentes al sexo), Sección 504 de la Ley de Rehabilitación de 1973 (referente a la discapacidad), la Ley de Americanos con Discapacidades y la Ley de Discriminación por Edad de 1975 (referente a la edad) y la Ley Estatal de California. Esta política de no-discriminación cubre la admisión y acceso a, y tratamiento y empleo de los programas y actividades de Fresno City College, incluyendo la educación vocacional. Puede solicitar información con respecto a las políticas de igualdad de oportunidades, poner una queja o solicitar una copia del procedimiento para quejas concernientes a discriminación dirigiéndose a:

Vicepresidente de Estudiantes
Fresno City College
 1101 E. University Avenue
 Fresno, CA 93741
 (559) 442-4600, ext. 8595

Fresno City College reconoce su obligación de proveer accesibilidad total al programa a través de Fresno City College para personas discapacitadas. Contacte al Vicepresidente de Estudiantes para obtener información con respecto a la existencia y localización de los servicios, actividades e instalaciones a que tienen acceso y pueden ser usadas por las personas discapacitadas.

La falta de habilidad en el idioma Inglés no deberá ser un obstáculo a la admisión y participación en los programas de educación vocacional de Fresno City College.

Las preguntas con respecto a las leyes Federales y reglamentos en referencia a la no-discriminación en la educación, o el cumplimiento del Distrito en dichas previsiones pueden dirigirse también a:

Oficina de los Derechos Civiles
Departamento de Educación de E.U.
 221 Main Street, Suite 1020

Family Education Rights and Privacy Act (California State and Federal Legislation)

The Family Education and Privacy Act outlines certain rights students have concerning access to and release of their educational records. A comprehensive District policy outlining these rights is available from the Admissions and Records Office. Each student is encouraged to obtain a copy.

Briefly, the Act ensures that the students will have access to their educational records, that the college will not release their records to anyone who is not designated by the student to receive them, except as provided in the law itself.

The law authorizes the release of directory information in the absence of student objection. Please contact the Vice President of Student Services for this information. Directory information includes name, address, telephone number, date and place of birth, major field of study, participation in activities, dates of attendance, degrees and awards, and last institution attended. Objection, if any, to the release of this information may be made known in writing by filing the proper form at the Admissions and Records Office. Such objection shall be in force until changed by the student.

Sexual Harassment Policy

It is the policy of the governing board of the State Center Community College District that no person shall, on the basis of ethnic group identification, national origin, religion, age, sex, race, color, physical or mental disability, or sexual orientation be subjected to unlawful discrimination in any program or activity of the district. It is further the policy of the governing board that the district shall maintain a working and learning environment free from sexual harassment of its students, employees, and those who apply for student or employee status. All students and employees should be aware that all institutions of the district are concerned and will take action to eliminate sexual harassment. Engaging in sexual harassment is conduct which may subject the harasser to disciplinary action.

Harassment on the basis of sex is a violation of State and Federal Law.

Sexual harassment means unwelcome sexual advances, requests for sexual favors and other verbal, visual, or physical conduct of a sexual nature, made by someone from or in the work or educational setting, under any of the following conditions:

- a. Submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, academic status, or progress.
- b. Submission to, or rejection of, the conduct by the individual is used as the basis of employment or academic decisions affecting the individual.
- c. The conduct has the purpose or effect of having negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment.
- d. Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

Complaints of sexual harassment should be processed according to the terms of District Administrative Regulation 3435.

A copy of the District sexual harassment policy and complaint procedures may be obtained from the Vice President of Student Services, Student Services Building, upper level.

Change of Address, Telephone Number, or E-mail Address

Students who have a change of address, telephone number or e-mail address are required to officially notify the college by clicking "Update Address, Email, Telephone" on WebAdvisor or submitting an "Address Change" form at www.fresnocitycollege.edu/forms-online.

Social Security

Students receiving benefits from Social Security must be enrolled as full-time students (12 units for regular semester and 4 units for summer session). Students who drop below the required number of units must notify the Social Security Office; payments will cease as of the month reported.

Other Policies

Additional policies are included in the State Center Community College District policy manual. Manuals are on file and may be consulted in the Fresno City College Library, and the offices of the President, the Vice President of Instruction, the Vice President of Student Services, and the Vice President of Administrative Services.

STUDENT SUPPORT SERVICES

Fresno City College is a community college that cares about students' success. As a FCC student, you will find a host of services to help you succeed, as well as friendly staff to provide assistance as you pursue your community college education.

Bookstore

The Fresno City College Bookstore is operated for the convenience of Fresno City College students. The store carries student supplies, textbooks and other articles of interest to the college community. Regular business hours are 7:30 a.m. to 7:00 p.m. Monday through Thursday and from 7:30 a.m. to 5:00 p.m. Friday. During the first and second weeks of each semester, hours are extended. The Bookstore is also open during the summer on a shortened day schedule but is not open in the evening hours.

Refund Policy

Textbooks not in new condition will be given 75 percent (used price) of the original sticker price (receipt required).

Refund Conditions

1. A receipt is required. Students must present their current cash register receipt with the correct dollar amount of the merchandise during the stated refund period. No refund will be given without the original receipt.
2. Textbook condition: Books must be in new condition, clean, free of all marks and erasures. Wrapped or boxed merchandise must not be unwrapped or opened. A soiled or marked book is considered a "used book" and will be refunded at the used book price. Used textbooks are sold "as is" in a reasonable and stable condition. Because these books have been used by other customers, prior to sale, the Bookstore cannot guarantee the life expectancy of any used book.
3. A full refund is given when the class has been cancelled by the College. In all other cases, there is a 10% handling charge.
4. All sales are final on reference/trade books or study aids.
5. No refunds will be given during the last four weeks of instruction of any term.
6. The bookstore reserves the right to make the decision on the condition or of the merchandise.

The Associated Student Government at Fresno City College provides all students the opportunity to gain leadership experience and valuable student club participation with various activities and community service projects throughout the academic year.

Personal checks are accepted with valid I.D. and student identification number. There is a \$25 service charge for all returned checks. Checks not clearing will result in a hold on student records. The bookstore also accepts VISA, MasterCard, Discover Card, and American Express. Text books can be ordered on-line at <http://mycampushub.com>. Shipments cannot be mailed to P.O. boxes. For further information, call 442-8261.

CalWORKs

The CalWORKs office, located in the Applied Technology 200 building, is a joint venture between the college and the Fresno County Human Services System (HSS). Both college and HSS personnel staff the center.

The program provides an array of services to those eligible to participate in the CalWORKs program. Some of the benefits may include:

- financial assistance with child care, transportation, and books
- academic advising and personal and career counseling
- referral for supportive services
- CalWORKs Work Study
- provision of initial school supplies

If you are interested in the CalWORKs program or want to inquire about eligibility for CalWORKs benefits, telephone the Work Readiness Center at 442-8287.

Child Development Center

The Child Development Center is an integral part of the Child Development Department of Fresno City College. The Center serves as a resource for Fresno City College students to receive professional training and observe children in a quality program. Located on campus at 1621 East University Avenue, to the west of Blackstone Avenue, the Center is open 7:00 a.m. to 5:30 p.m. Monday-Friday. It is open year round and closed for most holidays. The Child Development Center offers childcare services for students, faculty, staff, and community members as space allows. It is a licensed, NAEYC accredited center for children ages two through five. Please access the Child Development Center webpage via the FCC website (www.fresnocitycollege.edu), and click the Child Development Center link for enrollment and other information.

College Relations

High school and community outreach services as well as new student orientation are coordinated through the College Relations office. College Relations specialists regularly visit high schools, businesses and community agencies to advise prospective students regarding college planning. Call 442-8225 for more information.

Counseling Department

Fresno City College is committed to providing a professional counseling staff, a requirement under California Education Code, Title 5.

The Fresno City College counseling staff believe their primary responsibility is to assist all students in realizing their full potential. Students can develop personal initiative and responsibility for planning their future only to the extent to which they have knowledge about themselves and the goals they have set.

The Fresno City College Counseling Department provides complete counseling and guidance services. Analyzing individual interests and abilities, making educational and career choices, improving study habits and skills, resolving personal problems, and adjusting to college life are among the services. Counselors also teach Counseling courses, credit classes for job preparation, college survival skills, career planning, study skills and group dynamics.

Planning an academic program is each student's choice and responsibility. Students are urged to meet with a counselor well in advance of the registration period to obtain current information regarding their planned program and any catalog revisions. Counseling sessions and workshops are available without charge.

The Counseling Department and Career Center is located on the upper level of the Student Services Building. Call 442-8226 for more information.

Career Center

The Career Center, a component of Counseling, is located on the upper level of the Student Services Building. It serves as a resource center for students, counselors, and faculty. The Center offers information on thousands of occupations and provides assistance with career planning. Trained staff members are available to provide guidance and direction in the use of materials and services.

Services include career assessments, individualized career advising and counseling, workshops and two computer-based career information systems. In addition, the Career Center maintains a library of career books, occupational files, and other reference materials.

The Career Center also houses a collection of California college catalogs as well as catalogs for out-of-state colleges, college handbooks, and indexes to programs of study in the U.S.

To help students with program planning, the Center maintains files of major sheets for over 600 majors. These sheets outline courses required for both Fresno City College majors and CSU, Fresno transfer majors.

In a changing job market, knowledge of the world of work and career planning skills are essential. The Career Center is an excellent place to start gathering information and exploring possibilities for the future. Most services are free to current students. For more information, visit the Career Center or call 442-8291.

Transfer Center

The Transfer Center assists students with the transition from Fresno City College to a baccalaureate level college or university. The center provides a variety of informational resources and services for students. The center coordinates transfer activities and academic advising with the nine campuses of the University of California, the 23 campuses of the California State University, and provides information on public and private colleges and universities.

The Transfer Center Program supportive services include but are not limited to:

- Transfer advising by counselors and university representatives;
- University of California Transfer Admission Guaranteed (TAG) Programs for early admissions after completing a series of major preparatory courses to: UC Davis, UC Irvine, UC Merced, UC Riverside, UC San Diego, UC Santa Barbara, and UC Santa Cruz. These programs are designed for students who have completed 30 University of California units with a minimum grade point average of a 2.8 and will complete 60 University of California units—the University of California provides admission priority to students applying from California community colleges (See Transfer Center counselor for updates and deadlines);
- Assistance with the college/university application and transfer procedures including housing, scholarship and financial aid;
- Sponsor tours and fieldtrips to various colleges and universities;
- Host the annual Transfer Day in September;
- Offer transfer application workshops;
- Offer computer/Internet access to university applications and research.

The Transfer Center is located on the upper floor of the Student Services Building. For more information, or to schedule a counseling appointment, call (559) 442-8290.

Disabled Students Programs and Services (DSP&S)

Fresno City College offers services designed to assist students with disabilities in their pursuit of a community college education. Such students are assigned to a disabled student counselor who can arrange such services as college program planning, vocational career information, priority registration, special parking permits, learning disabilities testing, interpreters for the deaf, notetakers and other appropriate supportive services. Students will develop a specialized educational contract.

The student with a disability seeking admission to Fresno City College must meet the following levels of independence:

1. The ability to negotiate the campus facilities independently or with the assistance of an attendant (to be provided by the student);
2. The ability to take care of his/her personal needs independently or with assistance of a personal attendant; *and*
3. The possession of a stable level of health in order to benefit from a full semester's work.

Each student with a disability must sign an authorization at the time of registration which would allow Fresno City College, in the absence of a personal attendant, to seek emergency medical treatment and/or ambulance services in the event it is deemed necessary by Fresno City College. (All costs associated with such medical treatment/transportation are the sole responsibility of the student.)

Medical verification of disability must be provided to the Disabled Students Programs & Services office to qualify for any of the following supportive services:

1. Special classes
2. On campus mobility assistance
3. Use of special equipment (i.e., tape recorders and adaptive software)
4. Alternate media production
5. Special parking permit
6. Priority registration
7. Interpreters for the deaf

8. Notetakers
9. Liaison/Referral with community agencies
10. Test taking accommodations

Architectural barriers have been eliminated through the use of low gradient ramps and automatic doors. The college maintains relationships with the Department of Rehabilitation, California Association for the Physically Handicapped and similar agencies. Call 442-8237 for additional information.

District Police

The District Police Department aids in the instructional and administrative processes of the college and district by protecting the person and rights of all district employees, district and student body property, and private property. Assistance will be given to victims of any type of crime or to persons seeking general law enforcement information. Individuals requiring emergency assistance can call campus police using one of the emergency telephones located in yellow boxes with blue lights outside campus buildings.

Employment Resource Center

Fresno City College recognizes that many students desire part-time employment to help finance their education and that it is necessary to provide full-time employment opportunities for continuing education students and graduates. The Employment Resource Center strives to provide a broad range of services not only for students and alumni of the college but also for employers who wish to list job openings. Services include job listings, employment advising, job search workshops, on-campus interviews with employers, job fairs and a job search resource center.

Employment information and applications are available in the Employment Resource Center located in the Learning Resources Center, LI-147. Employers may list job openings by calling 442-8294.

Extended Learning Center—Reading, Writing and Math Lab

The Extended Learning Center has upper-division and graduate student tutors available to help with any reading and writing projects students will encounter at Fresno City College. The math lab will equally serve to help students solve mathematical problems and understand mathematical concepts with qualified tutors.

Extended Opportunity Programs and Services (EOPS)

EOPS is a state-supported project that provides a comprehensive program of services for low-income and academically disadvantaged students. The project includes academic counseling, personal advisement, special instruction, summer readiness, career guidance, tutorial assistance, academic mentoring, financial aid, college transfer counseling, book grants, emergency loans, vocational internships, CARE (a program for single head of household parents) and priority registration.

Participants are selected according to academic and financial need. The goals of EOPS are directed toward (a) ensuring open access, (b) enhancing student retention, (c) developing systems to increase student success, and (d) providing counseling and support services to achieve vocational training or transfer success.

Students are identified as eligible by the project staff, contacted and provided an orientation, which specifies student and program mutual responsibilities. EOPS mandated services such as educational plan development, progress review session, tutorial participation and end-of-term evaluation are specified.

Participants must enroll in 12 units and maintain a minimum of 8 units throughout each semester including the classes specifically designated for his/her major. Once selected, the EOPS student continues to receive top priority for continuing EOPS assistance as long as he/she maintains adequate academic progress and meets all program requirements.

EOPS is located in the Student Services Building, lower level, room ST-101. Call 442-8231 for additional information.

Financial Aid

Financial Aid and Scholarships

The college provides financial assistance to as many students as possible through scholarships, grants, loans and job opportunities. The following programs are available to qualified students:

- Federal PELL Grants
- Federal Work Study
- Federal Supplemental Educational Opportunity Grants
- Academic Competitive Grant
- Federal Direct Student Loans

- Boards of Governors Enrollment Fee Waiver
- Cal Grants
- Extended Opportunity Programs and Services (EOPS)
- Bureau of Indian Affairs Scholarships
- Other Institutional and Noninstitutional Scholarships

Expenses will vary with the type of housing, course of study, transportation, and other factors. Typical annual student expenses are outlined on the financial aid web page at www.fresnocitycollege.edu/financialaid/.

Application forms and information concerning financial aid and scholarship programs are available in the Financial Aid Office, room 201, Student Services Building.

Students must apply by March 2 of each year prior to the fall semester if they wish to be considered for the Cal Grant program. Those students applying for the fall semester will be given priority, if eligible, for other state and federal programs if their application is processed and received by the Financial Aid Office by April 15 of each year. For more information, call 442-8245.

Return of Federal Financial Aid Based Upon Total Withdrawal

A student, who withdraws from all their classes within 60% of a semester, will be reviewed by the Financial Aid Office to determine if all or part of any federal financial aid received must be returned to the federal government.

Financial Aid Satisfactory Progress

To be eligible to participate in the Title IV student financial aid programs provided by the U.S. Department of Education and the State Center Community College District, students must maintain satisfactory academic progress in a program leading to a degree or certificate at the college or transfer to a four-year institution.

Students must maintain at least the minimum GPA and must complete the required percentage of units attempted each semester per the Financial Aid Satisfactory Academic Progress Policy. Students may not continue participating in financial aid programs after completion of a degree, 90 semester units of college work. Additionally, a student also may not be funded for more than 30 units of remedial course work. The student must be enrolled in an eligible program at Fresno City College, and the remedial course work must be necessary for the student to pursue an eligible postsecondary program.

Students who are terminated from financial aid programs or who are not allowed to participate due to failure to

demonstrate or maintain satisfactory progress may appeal this action in writing. The Financial Aid Appeal Committee will review the student's progress and determine whether or not the student will be allowed to participate in financial aid programs. Petitions are available at the Financial Aid Office.

Ayuda Financiera

Ayuda Financiera y Becas

Fresno City College provee ayuda financiera al mayor número posible de estudiantes a través de becas, subvenciones, préstamos y oportunidades de trabajo. Los siguientes programas están disponibles a estudiantes calificados:

- Subvenciones Federales PELL
- Estudio de Trabajo Federal
- Subvenciones Suplementarias Federales para la Oportunidad Educacional
- Préstamos Federales Directos para Estudiantes
- Enrolamiento en Renuncia de Honorarios de la Pensión de Gobernadores
- Subvenciones Cal (Cal Grant)
- Programas y Servicios de Oportunidad Extendidos (EOPS)
- Departamento de Becas en Asuntos Indios
- Otras becas Institucionales y no-Institucionales

Los gastos variarán de acuerdo al tipo de alojamiento, curso de estudio, transporte y otros factores. Los gastos anuales típicos del estudiante se señalan en la "Guía de Información para Ayuda Financiera del Consumidor", disponible en la Oficina de Ayuda Financiera, Edificio de Servicios Estudiantiles, oficina 201.

Las formas de solicitud e información acerca de la ayuda financiera y programas de beca están disponibles en la Oficina de Ayuda Financiera, Edificio de Servicios Estudiantiles, oficina 201.

Los estudiantes deberán presentar su solicitud antes de Marzo 2 de cada año previo al semestre otoñal si desean ser considerados para el programa Cal Grant. Aquellos estudiantes que presenten su solicitud para el semestre de otoño tendrán prioridad, si son elegibles, para otros programas estatales y federales si su solicitud es procesada y recibida en la Oficina de Ayuda Financiera antes de Abril 15 de cada año. Para mayor información, comuníquese al 442-8245.

Reembolso de la Ayuda Financiera Federal Basado en el Retiro Total

Aquel estudiante, que se retire de todas sus clases dentro del 60% de un semestre, será revisado por la Oficina de Ayuda Financiera para determinar si el total o una parte de cualquier ayuda financiera federal recibida debe regresarse al gobierno federal.

Avance Satisfactorio de la Ayuda Financiera

Para ser candidato elegible en el Título IV de los programas de ayuda financiera provistos por el Departamento de Educación de los E.U. y del Distrito Central Estatal de la Universidad Comunitaria, los estudiantes deberán mantener un avance académico satisfactorio en un programa que lleve a un grado o certificado en la universidad o transfiera a una institución de 4 años.

Los estudiantes deberán mantener el promedio mínimo de puntos por lo menos y deberán completar el porcentaje de unidades intentadas requerido en cada semestre por la Política de Ayuda Financiera de Avance Académico Satisfactorio. Los estudiantes no podrán continuar participando en programas de ayuda financiera después de haber completado un grado, 90 unidades de semestre de trabajo universitario. Adicionalmente, el estudiante no podrá ser apoyado económicamente por más de 30 unidades de trabajo de curso remedial. El estudiante deberá estar inscrito en un programa elegible en la Universidad de la Ciudad de Fresno, y el trabajo del curso remedial deberá ser necesario para que el estudiante aspire un programa postsecundario elegible.

Los estudiantes que hayan concluido programas de ayuda financiera o quienes no tengan permitido participar debido a alguna falla en demostrar o mantener un avance satisfactorio, pueden apelar esta acción por escrito. El Comité de Apelación de Ayuda Financiera revisará el progreso del estudiante y determinará si al estudiante se le permitirá o no su participación en programas de ayuda financiera. Las peticiones se encuentran disponibles en la Oficina de Ayuda Financiera.

Nyiaj Pab Rau Kev Kawm Ntawv (Financial Aid)

Financial Aid thiab Scholarships

Lub tsev kawm ntawv muaj kev pab nyiaj txiag rau tej tub kawm ntawv kom coob raws li coob tau los ntawm tej nyiaj scholarship, nyiaj pab dawb (grants) nyiaj txais

thiab kev ua haujlwm. Tej program rau cov tub kawm ntawv uas qualified yog muaj raws li nram no:

- Federal PELL Grants
- Federal Work Study
- Federal Supplemental Educational Opportunity Grants

Tus tub kawm ntawv qhov GPA uas qis tshaj ntawd yuav tsum yog nyob rau qhov qis kawg (minimum) ntawm txoj cai kawm ntawv thiab kawm kom tau cov units ntawm txhua txhua hoob uas nws kawm nyob hauv txhua lub semester raws li txoj cai nws thiab li yuav tau txais kev pab. Tus tub kawm ntawv ntawd yuav tsis muaj feem tau txais kev pab ntxiv yog tias nws kawm tau daim degree lawm los sis muaj txog 90 semester units hauv college lawm. Tsis tas li ntawd xwb, yog tias tus tub kawm ntawv ntawd ho muaj txog 30 units lawm tiam sis teem ho xav kawm cov hoob qub dua ntxiv (remedial course work) ces nws yuav tsis tau txais kev pab nyiaj txiag ntxiv lawm. Tus tub kawm ntawv ntawd yuav tsum tau mus rau npe kawm ntawv rau ib qhov program nyob rau hauv Fresno City College, thiab cov hoob uas nws rov qab kawm dua ntawd yuav tsum yog ib co hoob uas yuav coj tau mus rau cov tsev kawm ntawv qib siab tom qab uas nws kawm tas lawm.

Cov tub kawm ntawv uas luag ho tsis kam pab nyiaj txiag rau lawm los sis cov uas raug txwv tsis pub pab nyiaj txiag rau vim yog lawv kawm ntawv tsis tau zoo raws li txoj cai kawm ntawv muaj cai appeal qhov kev txwv tsis pab nyiaj txiag no los ntawm kev sau ib tsab ntawv mus rau lawv. Lub Financial Aid Appeal Committee yuav rov tshawb xyua tus tub kawm ntawv ntawd tej kev kawm ntawv dua saib tus tub kawm ntawv ntawd puas tsim nyog yuav rov qab tau txais kev pab nyiaj txiag dua. Tej ntawv (Petitions) no muaj nyob rau hauv lub Financial Aid Office.

Food Services

The dining center offers an inviting atmosphere to share ideas or study. Fast food is available at the Campus Café, which features cooked-to-order breakfast and lunch items. Gourmet coffees, juices, baked pastries and snack items are also available. The Campus Café is open for breakfast, lunch and dinner Monday through Thursday and breakfast and lunch on Friday.

The Staff Dining Room provides a quieter atmosphere for enjoying breakfast or lunch.

Taher Food Services offers catering services for campus functions.

Yoshino's offers students "Japanese style" menu items. Their menu also includes a selection of breakfast and lunch sandwiches, snack items and drinks. An outdoor patio adjoins Yoshino's, which is located in the Bookstore Building. Hours are 7:30 a.m. to 9:00 p.m. Monday through Thursday and 7:30 a.m. to 3:30 p.m. on Fridays.

For quick snacks, vending machines are located throughout the campus. They are contracted through Canteen.

Health Services

The Health Service office is located in the Student Services Building, room 112.

Health services available to Fresno City College students include confidential health counseling, health education, screening tests, emergency first aid, assistance in obtaining medical care, limited immunizations and HIV and TB skin testing.

In addition to the above mentioned services, accident insurance coverage is available to students injured while on campus or at school-sponsored and supervised events. Call 442-8268 for more information.

Housing Information

A list of housing accommodations in private homes and apartments for men and women may be secured by contacting the Director of Student Activities in the College Center. There are also a few homes which will provide room and board to students who are interested in working. The college assumes no responsibility for contracts made between landlords and students. Call 265-5711 for more information.

Learning Resources Center (LRC)

The college Learning Resources Center, located on the south side of the campus, houses all of the supplemental learning resources for faculty and students. The LRC includes the Library, Media Center, Tutorial Center, Student Success Computer Lab, Disabled Students Programs and Services High Tech Computer Lab, and a distance learning classroom. Additionally, the Teaching and Learning Center, Assessment Center, and the Employment Resource Center are housed in the LRC.

Academic Computer Lab – LI-118

The Academic Computer Lab has over 70 computers for all Internet and research needs. Some computers are loaded with course specific software. A vend-card copying and printing service is available. For more information call 442-8208.

Library

The college library contains ample seating for study including a 270 seat reference room, a 100 seat periodicals and reserves room, and a 100 seat reading and open stack room. The library houses more than 90,000 hardbound volumes, subscribes to about 100 periodicals and newspapers, and provides access to about 25,000 electronic books and 20 online databases. Library staff is always available to provide individual assistance in the use of all the learning resources in the library.

The library has a computer lab with 30 computers that are loaded with standard software and also provide access to the Internet. There are also a limited number of audiovisual materials that can be played on the lab's CD and DVD players. Vend-card operated copiers and printers are also available. The library has handicapped accessible workstations and equipment. For more information, call 442-8205.

Tutorial Services – LI-134

The Tutorial Center offers learning assistance in all subject areas and academic success strategies. Peer tutors are faculty recommended and assist students in achieving their personal and academic goals. All tutoring is on a drop-in basis. Tutoring schedules vary from course to course so students should check tutor availability with the Tutorial Center receptionist.

The Tutorial Center provides class-specific study and review sessions through the Extending the Class (ETC) program as well as campus-wide academic success workshops. Online tutoring is also available. For more information call 442-8209.

Writing and Reading Center – LI-134 and Mezzanine

The Writing and Reading Center assists students with any writing or reading assignment for any class at any stage in the development process. Our trained tutors provide a friendly, supportive atmosphere for all students. Students can drop-in or make an appointment. A limited number of computers are also available. For more information call 442-4600 ext. 8188.

Lost and Found

A lost and found department is maintained in the College Police Department, located on the east side of the campus on the corner of Weldon and Calaveras.

Psychological Services

The goal of Psychological Services is to assist students who experience interpersonal or personal difficulties during their college stay so they can remain effective in their educational pursuit. Psychological counseling is available for a variety of problems, including issues stemming from:

- Adjustment to college life
- Depression and anxiety
- Relationship and communication skills
- Stress and anger management
- Mental illness
- Substance abuse
- Eating disorders

Public Information

The Public Information Office provides on- and off-campus public relations, marketing and promotion for the college. All advertising, media relations and sports information are the responsibility of the Public Information Office. Brochures, class schedules, the college catalog, press releases, videos, sports programs, the college web site and the monthly campus newsletter, City at Large, are all produced by the Public Information Office, using the most advanced techniques in desktop publishing.

The Public Information Office also reviews all publications produced by other Fresno City College campus offices prior to on- or off-campus printing.

Special Student Programs

IDILE Program

Fresno City College's IDILE Program is designed to enhance the leadership skills of all students, with emphasis on African Americans, while helping them develop the self-confidence to succeed in the post-secondary education experience.

IDILE (pronounced "e dee lay") is a word borrowed from the African Yoruba Tribe that means "the root or source of the family." The nurturing and mentoring approach

taken by the specially trained counselor and instructors committed to helping students succeed at Fresno City College accurately reflects and reinforces the definition of the program's moniker. The IDILE experience creates a family of students within the larger FCC family and community of student citizens to provide opportunities for them to build camaraderie with peers and develop lasting relationships with mentors. To obtain additional information about the IDILE program, call 442-4600, ext. 8643.

Puente Project

The Puente Project at Fresno City College provides students with accelerated writing instruction, sustained academic counseling, and mentoring by professionals from the community. Students participate in the program for two consecutive semesters. The program consists of English 125, English 126, and Counseling 43 the first semester and English 1A and Counseling 54 the following semester. The course content of the Puente classes has a Chicano/Latino emphasis. Throughout both semesters, Puente students also maintain contact with their assigned Puente mentor.

Fresno City College offers students special programs and counseling support to be successful as they reach their educational goals. Each program provides mentoring and various activities that promote overall learning.

The purpose of the Puente Project is to increase the number of Fresno City College Puente students who transfer to four-year colleges and universities. Puente students participate in extra-curricular activities and field trips that promote transfer opportunities. Success at Fresno City College and the continued pursuit of higher education is greatly emphasized. The Puente Project is open to all students. For information call 442-4600, ext. 8644.

Strengthening Young Men by Academic Achievement (SYMBAA)

The SYMBAA program, with emphasis on the African American male experience, assists students in achieving success through a coordinated program of courses and support. The program develops work habits and study skills, provides the education tools to be successful, and provides the opportunity to participate in 240-1080 hours of community service. At the end of the program, students will have completed 60 units of college credit and graduate or be ready to transfer to a four-year college or university.

USEAA Academic Program

USEAA (pronounced "you see ah") Academic Program at Fresno City College was established in the fall of 1999 to serve the needs of Southeast Asian-American students in higher education. The program has a special emphasis on the Southeast Asian-American culture and experience and is designed to prepare students for transfer success to four-year colleges or universities. However, USEAA is open to all students from diverse backgrounds and ethnicities who are eligible for English 125 and 126.

USEAA students participate in various activities that promote student success. They take English 125, English 126, and Counseling 147A in the fall semester and English 1A and Counseling 48 in the spring semester; English 1A is a transferable course. English instructors teach the effective development of college reading, writing, and composition skills in stimulating classroom environments. Students also receive personalized academic, career, and personal counseling from USEAA counselors to assist in planning their education.

USEAA promotes an environment that motivates students to learn, develop, grow, and achieve. The USEAA office is located above the bookstore, 2nd floor, room 223, (559) 442-4600, ext. 8639, or email: graciela.ramirez@fresnocitycollege.edu.

Telephone and Mail Services

Telephone calls will not be transmitted to students. In cases of extreme emergencies, please call the District Police Department. Pay telephones are available for out-going calls around the campus. Mail should not be addressed to students in care of the college.

TRIO Programs

In commitment to providing educational opportunity for all citizens, Fresno City College has been awarded two programs fully funded by the U.S. Department of Education TRIO programs. These programs assist low-income, first generation students to enter college, graduate and move on to participate more fully and rewardingly in America's economic and social life. The Upward Bound program serves high school students to prepare them for post-secondary education. The Student Support Services Program (SSSP) serves college students at FCC.

Student Support Services Program (SSSP)

SSSP serves 160 FCC first generation, low income and disabled students to assure retention, graduation and/or transfer to a four year college in a timely manner. SSSP provides advising, career planning, financial aid advising, transfer assistance, cultural events, college campus tours and lots of encouragement. Information and applications are above the bookstore in room SC-216. (559) 265-5789.

Upward Bound Program

The FCC Upward Bound program is an intensive pre-college enrichment program designed to help first generation, economically disadvantaged high-school students improve their academic performance, and prepare for college. The long term goal is to pursue careers that require a bachelors' degree or higher. The program provides tutorial and instructional sessions conducted at partnering high schools, FCC Saturday Empowerment Sessions, and FCC Summer School. Upward Bound program office is located in SC-216. (559) 499-6031.

The Student Support Services Program (SSSP) at Fresno City College is a federally funded program that serves low income, first generation, and/or disabled students. SSSP provides academic support to FCC students interested in obtaining a degree or transferring to a four year university.

STUDENT ACTIVITIES

The student activity program at Fresno City College offers students an opportunity to participate in student government, campus activities, and social and cultural events. Participation in student activities can contribute to the development of leadership and democratic ideals.

Associated Students

The Associated Students participate in the governing of the college community through its executive body, the Student Senate. The Senate is composed of the student body president, executive and legislative vice-presidents and 16 senators. Officers must meet grade requirements as stated in the Constitution.

The following special interest clubs contribute actively to the growth and social life at Fresno City College:

- Alpha Gamma Sigma (AGS)
- Alpha Omega
- American Institute of Architects (AIA)
- American Sign Language Club (ASL)
- Amnesty International
- Anime Club
- Anthropology Club
- Asian American Club
- Biblical Friends Club
- Bonsai Club
- Campus Crusade
- Chess Club
- Delta Psi Omega
- Desi Club
- Diversity Club
- Grupo Folklórico de FCC
- Hmong Student Club
- Human Services Alliance
- Lambda Alpha Epsilon (LAE)
- Latin American Student Organization (L.A.S.O.)
- Latter-Day Saint Student Association
- M.E.Ch.A. (Movimiento Estudiantil Chicanos de Aztlan)
- Native American Indian Student Association (NAISA)
- Pan African Student Union (PASU)
- Phi Theta Kappa
- Rumba Club
- Science Club
- Ski and Snowboard Club
- Student Nurses' Association
- Student Paralegal Association
- Teachers of Tomorrow

Organization of New Clubs

To be officially recognized, a club must have a minimum of 15 participating members, a program of approved activities, regular meetings, an approved constitution and a full-time faculty sponsor. Those considering organizing a new club must consult and plan with the Director of Student Activities.

Social Activities

The social life of students at the college centers around the activities of the Associated Students' clubs and societies. Students are encouraged to participate in extracurricular activities that complement their classroom learning.

Athletics

Fresno City College offers students the opportunity for intercollegiate activity in a wide variety of sports. Competitive teams found in both men's and women's athletic programs are basketball, cross country, golf, soccer, tennis, and track and field. Volleyball, water polo, badminton and softball are offered for women only, and football, baseball and wrestling are offered for men only. A physical examination by the team physician and a statement of existing medical insurance are required before participation in collegiate sports.

Fresno City College is a member of the Central Valley Conference in most sports and competes in the Bay Valley Conference for cross country, wrestling and women's golf, and competes in the Coast Conference for Women's Badminton.

Athletics at Fresno City College, as with all California community colleges, is governed by the general regulations of the State Community College Athletic Code as well as the specific regulations of the conferences in which Fresno City College holds membership.

Publications

About Ourselves

About Ourselves is an annual publication featuring exceptional student writing sponsored by faculty in the Preparatory English Department. To be eligible for publication, you must be a student in one of the Developmental or Preparatory English classes.

IntenseCity

The college offers students opportunities to work on publications through the production of the college magazine, *IntenseCity*.

IntenseCity is a magazine published every semester at Fresno City College by students of the college's journalism courses. The online magazine addresses a breadth of ideas and issues that range from college life to the Fresno community.

The Ram's Tale

The *Ram's Tale* is an annual literary and arts journal that publishes Fresno City College student poetry, fiction, non-fiction prose, photography, and art work. Interested students may contact the Humanities Division Office.

The Rampage

The college offers students opportunities to work on publications through the production of the college newspaper, *The Rampage*.

The Fresno City College Athletic Department has a rich and successful history both regionally and state-wide. There are several teams who have won multiple state championships including the men's wrestling team in 2008 and 2010.

The Rampage is an award-winning newspaper published bi-weekly at Fresno City College by students of the college's journalism courses. The Rampage is a member of the Journalism Association of Community Colleges, an organization that has acknowledged the newspaper's "general excellence" in recent years, along with recognizing individual students' contributions with awards in numerous categories. Former students of the college's journalism program have transferred to various universities and many currently work in newsrooms throughout the nation.

Forensics

Fresno City College offers instruction and travel in competitive speech and debate. The college's forensics team traditionally ranks in the top ten among all colleges in the United States, both four-year and community colleges. Five Fresno City College teams have been named national champions. Students compete in a variety of debate and individual events. Team members travel to tournaments throughout the western United States. Students may earn units for participation in the forensics program by enrolling in Communication 26. For more information, contact the Fine, Performing, and Communication Arts Division Office.

Model United Nations

The Model United Nations program trains students in the skills of real-world diplomacy, and competes in college level conferences against students from two- and four-year colleges. Delegates act as diplomats from UN member states, negotiating with students representing other countries, to advance their nations' agendas. Delegates must write clearly, think critically, bargain creatively, and speak passionately about their ideas, often while representing countries whose policies they personally oppose. Delegates can also earn credit by enrolling in *Political Science 25: Model United Nations*. Numerous FCC students have won awards for their work, and program veterans have transferred to numerous California State University and University of California campuses, as well as private universities like George Washington University and Brown University. For more information, contact the Social Sciences Division in SO 123 or call 442-8210.

Museum of Anthropology

Fresno City College Museum of Anthropology presents exhibits about human culture drawn from both its ethnographic and archaeological collections. Fresno City College anthropology students have the opportunity to learn collections management and to participate in the development and production of new exhibits, which are open to students and the public free of charge. Tours and activities are led by FCC students for visitors to the museum. Take a web tour of *Vanishing Places, Endangered People* by clicking the Anthropology Museum link at www.fresnocitycollege.edu/socialscience/anthro/anthropology.html. For hours of operation, information about exhibits, or to arrange a tour, please contact Dr. Jill Minar at (559) 442-8210 extension 8360.

Music Activities

Music organizations at Fresno City College have dual functions: as courses for music credit and as college musical activities groups which perform for a variety of college and community events. The concert band; college choir; symphony orchestra; chamber singers; jazz bands; and woodwind, brass, piano, string, percussion, and vocal ensembles present recitals and concerts both on and off campus.

All performing groups are open to any student who has the musical ability and experience.

The Fresno City College Theatre and Dance Department provides a quality education with hands-on experience in every aspect of theatre from playwriting to set designing.

Theatre Arts and Dance

Theatre Arts and Dance students have the opportunity to participate in four major productions, two dance concerts, and the very popular New Wrinkles Senior Citizens Showcase each year. All of the productions are staged in the Fresno City College Theatre, which includes a 430-seat main stage and a studio theatre with flexible seating for up to 100.

In addition to regular course work, the department annually participates in the Kennedy Center /American College Theatre Festival and The American Dance Theatre Festival. The department is also active with United States Institute of Theatre Technology.

SPECIAL AREAS OF STUDY

Allied Health

The Health Sciences Division offers courses for fulfilling requirements in a number of occupational programs; such as, dental hygiene, health information technology, medical assistant-clinician, radiologic technology, registered nursing, respiratory care practitioner, and surgical technology.

Students complete the appropriate Academic Summary Form for consideration for acceptance into a health care career program. Students must also meet the normal admission requirements as fully matriculated regular students at Fresno City College.

Career & Technology Center

Located off Fresno City College's main campus, the Career & Technology Center offers a learning environment for practical hands-on education. Year-round registration is in effect for a variety of noncredit, open-entry classes. Counseling and job placement services are available.

CTC is located at 2930 E. Annadale Avenue, Fresno. For a complete listing of classes, call (559) 486-0173.

AUTOMOTIVE COLLISION REPAIR (ACRCTC)

371 FUNDAMENTALS OF WELDING TECHNOLOGY AND WORKING SHEET METAL

5 lecture hours, 25 lab hours, (10 weeks), (300 total hours), (Repeats = 3)

PREREQUISITE: None.

Theory and practice in MIG welding, oxyacetylene welding, steel rod, brazing rod, plasma cutter, metal shrinking, work sheet metal, welded panel replacement, restoring corrosion protection, hand tool technology, shop safety and efficiency, job success and ASE certification.

372 BODY WORK TECHNOLOGY

5 lecture hours, 25 lab hours, (10 weeks), (300 total hours), (Repeats = 3)

PREREQUISITE: None.

Collision repair introductions and careers. Includes estimating repair costs, vehicle construction and power tool technology, service specification and measurements, using body filler, doing hood, bumper, fender, lid, door, roof, and glass service. Looks at restraint system operation, passenger compartment, body/frame measurement, and unibody/frame realignment.

373 AUTOMOTIVE REFINISHING TECHNOLOGY

5 lecture hours, 25 lab hours, (10 weeks), (300 total hours), (Repeats = 3)

PREREQUISITE: None.

Review of the following: compressed air technology, refinishing materials and fasteners, repairing plastics, refinishing equipment technology, vehicle surface preparation and masking, refinishing procedures, color matching and custom painting, and paint problems and final detailing.

AUTOMOTIVE MECHANICS (AMCTC)

371 ENGINE REPAIR

10 lecture hours, 20 lab hours, (20 weeks), (600 total hours), (Repeats = 3), (Formerly AMVTC 71)

Preparation for ASE certification in engine repair. Practical and theoretical training in general engine diagnosis, cylinder heads, valve train, engine block, lubrication, and cooling systems.

372 ENGINE PERFORMANCE

10 lecture hours, 20 lab hours, (30 weeks), (900 total hours), (Repeats = 3), (Formerly AMVTC 72)

Basic skills necessary for an entry level job. Competency-based similar to those operations performed by automotive shop professionals. Prepares students to take the ASE certification tests.

INDUSTRIAL TRAINING (ITTC)

371 WAREHOUSE AND DISTRIBUTION CAREERS

3 lecture hours, 6 lab hours, (12 weeks), (108 total hours), (Repeats = 3), (Formerly ITVTC 71)

Forklift driving, basic computer operation, inventory control, cash register operation, strapping equipment and warehouse procedures.

372 WAREHOUSE AND DISTRIBUTION CAREERS

3 lecture hours, 6 lab hours, (12 weeks), (108 total hours), (Repeats = 3)

PREREQUISITE: None.

Forklift safety and operation skills necessary for employment, inventory and warehouse procedures utilizing computer based program, applied mathematics, warehouse equipment like strapping and pallet jack.

MAINTENANCE MECHANIC (MMCTC)

370 FUNDAMENTALS OF WELDING AND MACHINE SHOP

10 lecture hours, 20 lab hours, (10 weeks), (300 total hours), (Repeats = 3), (Formerly MMVTC 70)

Basic gas, arc, and short arc (mild steel only). Precision measurement, hand tools, engine lathe, drilling, milling.

371 FUNDAMENTALS OF HYDRAULICS AND PNEUMATICS

10 lecture hours, 20 lab hours, (10 weeks), (300 total hours), (Repeats = 3), (Formerly MMVTC 71)

Pumps, actuators, valves, schematics, compressors.

372 ELECTRICAL FUNDAMENTALS

10 lecture hours, 20 lab hours, (10 weeks), (300 total hours), (Repeats = 3), (Formerly MMVTC 72)

Electrical principles, AC/DC circuits, motors, motor starters, relays, wiring, troubleshooting, schematic reading, test instruments.

MANUFACTURING MECHANIC (MFGMCTC)

351 INTRODUCTION TO MANUFACTURING

0 units, 9 lecture hours, (1 week), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: None.

Career in manufacturing, local job market, pay scales; basic mechanical skills required throughout the industrial areas; safety and safe working environment will be stressed.

352A TRADE MATHEMATICS

0 units, 9 lecture hours, (2 weeks), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: None.

Industrial technology and trade-related math. The use of metric system of weights and measures, arithmetic application of integers and fractions, along with ruler and caliper readings commonly used in manufacturing trades.

352B PROGRAMMABLE CONTROLLERS

0 units, 2.25 lecture hours, 6.75 lab hours, (2 weeks), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: None.

An introduction to the equipment and peripheral devices used to interface with industrial controlling devices.

352C JOB PREPARATION

0 units, 2.25 lecture hours, 6.75 lab hours, (2 weeks), (Pass/No Pass), (Repeats = 3)

ADVISORY: Completion of Manufacturing Mechanic CTC 352B.

Preparing resumes, portfolios, and improving employment-seeking skills.

352D TECHNICAL REPORT WRITING

0 units, 2.25 lecture hours, 6.75 lab hours, (2 weeks), (Pass/No Pass), (Repeats = 3)

ADVISORY: Completion of Manufacturing Mechanic CTC 352B.

Identify and write various types of reports; analyze data, and record information that are associated with production work.

353A FLUID POWER FUNDAMENTALS

0 units, 9 lecture hours, (1 week), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: None.

Fundamentals of fluid power; physics principles pertaining to fluid power; various differences in hydraulics and pneumatics; characteristics of liquids and gases; how and why the fluid power industry was started.

353B PNEUMATIC FUNDAMENTALS

0 units, 2.25 lecture hours, 6.75 lab hours, (2 weeks), (Pass/No Pass), (Repeats = 3)

ADVISORY: Completion of Manufacturing Mechanic CTC 353A.

Theory and application in the operation, service, and function of hydraulic systems including design and application of systems in industrial environments.

353C HYDRAULIC FUNDAMENTALS

0 units, 2.25 lecture hours, 6.75 lab hours, (2 weeks), (Pass/No Pass), (Repeats = 3)

ADVISORY: Completion of Manufacturing Mechanic CTC 353A.

Theory and application in the operation, service, and function of hydraulic systems including design and application of systems in industrial environments.

354A POWER TRANSMISSION

0 units, 9 lecture hours, (1 week), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: None.

Study and application of power transmission through chains, belts, gear trains and augers.

354B WELDING FUNDAMENTALS

0 units, 1.5 lecture hours, 13.5 lab hours, (3 weeks), (Pass/No Pass), (Repeats = 3)

ADVISORY: Completion of Manufacturing Mechanic CTC 354A.

Basic metallurgy and properties of metals, oxyacetylene welding and cutting processes, arc welding, and safety within the work environment.

354C ELECTRICAL FUNDAMENTALS

0 units, 1.5 lecture hours, 13.5 lab hours, (3 weeks), (Pass/No Pass), (Repeats = 3)

ADVISORY: Completion of Manufacturing Mechanic CTC 354A.

Introduction to the basics of electrical fundamentals, AC circuitry, as well as an instruction to motor control.

Developmental Education Program

The Developmental Education Program is designed to prepare students for degree credit instruction. The program is recommended for students who are assessed as not meeting the skills requisites for Math 101 or English 125 and 126. It is not recommended for students who are learning English as a second language or who have identified learning disabilities. Course credits earned in the program do not count for the associate degree but do count for determining full- or part-time student status (i.e., workload credit). The particular courses a student takes depend upon the individual needs of the student.

Entrance into the Program

Assessment of academic preparation for college-level instruction is recommended for all students entering Fresno City College. It is required for all students wanting to enroll in English and mathematics courses.

Entry into the Developmental Education Program depends upon English and math placement testing results. When placement test scores in reading are 15 and below or in English written expression are 19 and below or in mathematics are 24 and below, appropriate developmental education program courses in English or math are recommended.

Other courses in the program supplement instruction in developmental education English and mathematics courses. For example, exploratory courses in selected academic departments reinforce the reading and writing skills being learned in the developmental English courses.

Benefits of the Program

Developmental Education students enjoy the following benefits:

- Development of reading, writing, and computation skills sufficient to succeed in college-level instruction
- Curriculum tailored to the individual's particular needs so that courses taken are consistent with one's background and experience
- Development of beginning level of computer literacy
- Opportunity to review previously learned material
- Emphasis on helping students succeed at the college
- Specially trained teachers and counselors who understand and are sensitive to student worries and fears

Developmental Education Curriculum

Math 260A-260D, Arithmetic Review.....	Maximum of 6
or Math 250, College Arithmetic.....	3

English as a Second Language (ESL) Program

Purpose

The ESL program is designed for students whose native language is not English. The program assists students to acquire the necessary English language skills to succeed in AA/AS degree programs, vocational programs and university transfer courses offered at Fresno City College.

Description

There are five levels of ESL in the program: Beginning (ESL 262), low-intermediate (ESL 263R/263W), intermediate (ESL 264R/264W), advanced-intermediate (ESL 265R/265W), and advanced (ESL 67 and 68). ESL 263R, 264R, and 265R offer instruction in vocabulary and reading. ESL 263W, 264W, and 265W offer instruction in grammar and writing. ESL 68 emphasizes reading skills and ESL 67 emphasizes writing skills.

Placement

Initial placement in ESL course offerings is the result of language testing and other criteria. This test is administered by the Counseling Center at the same time as the English Placement Test. Please call 442-8282 for dates and times.

Fire Academy

The Fire Academy curriculum is designed to prepare students for the occupation of Fire Fighting and provides extensive hands-on training required by many fire agencies for entry-level employment as a firefighter.

Throughout the Fire Academy, there is a strong emphasis on physical training and manipulative testing. Cadets are required to pass a comprehensive physical fitness exam to successfully complete the academy. The physical fitness training emphasizes endurance as well as strength and technique.

Fresno City College Training Institute

Increasing the value of a company's workforce starts with the training or retraining of employees. The Fresno City College Training Institute offers the faculty and resources of a solid community college and can provide training on site. As partners in the economic development of the Central San Joaquin Valley, the Fresno City College Training Institute has training resources for any industry or business that wants to expand or locate here in the valley.

The Fresno City College Training Institute has become a primary resource for training, reeducation and continuing education for business, government and industry. "Custom classes," seminars or workshops provide learning opportunities with a variety of benefits. Classes are short-term and not-for-credit. Call the Fresno City College Training Institute, 324-6461, for more information.

The Foreign Language Program at FCC offers courses in American Sign Language, Armenian, Chinese, French, German, Hmong, Japanese, Spanish and Spanish for Native Speakers.

Honors Program

The Leon S. Peters Honors Program at Fresno City College provides an enriched educational experience to recognize and meet the needs of academically excellent students. Students who qualify, and are accepted to enter the Honors Program, benefit from the experience regardless of major, because of a specially selected curriculum that is set within the framework of the transfer program of all University of California and California State University campuses. The courses are innovative and reflect the instructors' interest in and commitment to the program's academic, intellectual, cultural, and social goals.

Benefits

Honors students enjoy the following benefits:

- Special sections of regular classes
- Specially selected, experienced, and highly qualified faculty
- Faculty mentors
- Registration, counseling, and transfer assistance
- Scholarships
- Priority acceptance at a University of California or California State University campus
- Opportunities to participate in cultural, social, and intellectually-stimulating activities
- Recognition on transcripts

Requirements for Consideration of Acceptance

The following requirements apply for consideration for acceptance into the Honors Program:

- G.P.A. of 3.5 (4.00 scale), or
- Graduation from high school in the top 25th percentile, or
- Combined scores of 1650 on the SAT or a composite score of 24 on the ACT; and
- Superior performance on an essay, and
- Three letters of recommendation, and
- Eligibility for English 1A, and
- Successful interview by the Honors Advisory Committee.

For details regarding the Honors Program, please refer to page 149 in this catalog or consult with Honors Program staff or the Dean of Instruction for Humanities at 442-8281.

Police Academy

Fresno City College's State Center Regional Training Facility is a Public Safety Training Academy specializing in the training of public safety personnel. All police classes are certified by the Commission on Peace Officer Standards and Training. All correctional/probation classes are certified by the Board of Correction's Standards for Training for Corrections.

- *Advanced Technical Courses*—classes designed for in-service personnel already employed by a public safety agency.
- *Correctional Academy and Probation Core Courses*—offered in conjunction with local agencies and is required to work as a correctional officer, probation officer, or juvenile counselor for a local agency.
- *Dispatcher Academy*—designed for those who have been hired as, or want to become a complaint/dispatcher for a public safety agency.
- *Regular Basic Course - Intensive and Extended Format*—required in order to be hired as a full-time peace officer in California. The basic academy is offered in three different formats.
- *Regular Basic Course - Modular Format*—designed for those who want to become reserve police officers or a reserve deputy sheriff. Training modules qualify the student to become a Level III, II, or I reserve officer. Completion of all three levels satisfies the requirements for the Regular Basic Course.

ROTC Studies—U.S. Army and U.S. Air Force

Fresno City College students may register for classes designed for those who wish to explore becoming an officer in the United States Army or the United States Air Force. These classes are conducted at California State University, Fresno and at Fresno City College. Students must be in good academic standing and be enrolled at Fresno City College. Interested students should contact the Fresno City College Admissions Office, ST-111, to obtain more information on how to register for these classes.

Fresno City College will accept the units as general elective units toward the AA or AS degree. The freshman and sophomore courses are non-obligation and allow students to experience what the Air Force or Army might be like should they decide to continue with the program and earn a commission. A number of scholarships are available through both programs.

Consult the Military Studies Department (244-2638) at Fresno City College or the Aerospace Studies Department (278-2593) at California State University, Fresno for information on courses offered and class meeting times.

Veterans Services

Veterans Services, located in the Student Services building, provides assistance to veterans and their dependents. Open from 8 a.m. to 5 p.m. Monday through Friday, the staff will assist veterans and dependents in applying for educational benefits. Counseling and academic advising are available in the Counseling Center.

Educational Benefits for Veterans and Dependents

The following students may be eligible for veterans' educational benefits:

1. Veterans who were separated from active duty with the armed forces within the past 10 years.
2. Spouses or children (under 26 years of age) of veterans who were either killed while serving in the armed forces or were totally and permanently disabled while on active duty.
3. Widows or children of veterans who were residents of California at the time of entering the service and have a 50 percent disability may qualify for Cal Vet benefits.
4. Persons in one of the armed forces reserve programs who meet the minimum requirements of a special benefit program may be entitled to receive some educational and/or financial assistance.
5. Post 9-11 benefits will pay eligible individuals:
 - Tuition and fees directly to the school, not to exceed the maximum in-state tuition and fees at a public Institution of Higher Learning.
 - A monthly housing allowance based on the Basic Allowance for Housing for an E-5 with dependents at the location of the school.
 - An annual books and supplies stipend of \$1,000 paid proportionately based on enrollment.

Veterans are required to go on-line to learn more about this program in order to make an informed choice.

Further information may be obtained from Veterans Services, Student Services building, lower level, or from any Veterans Administration office.

Progress and Attendance Policies

Veterans and eligible dependents are required to show satisfactory progress. Minimum standards, established by

the college, require that all students comply with satisfactory progress policies.

The Veterans Administration will be notified of any veteran who has been dismissed for not making satisfactory progress. For further information, contact Veterans Services, Student Services building, lower level, Room 114.

A veteran is entitled to receive pay up to the last day of attendance for a class for which a "W" entry grade has been assigned. The VA will require that the money be paid back for such classes if paid after the last day of attendance.

A veteran must state a declared major for the VA in order to maintain eligibility for veterans' benefits.

Veterans who have completed 45 units at Fresno City College and/or elsewhere must obtain a degree evaluation from the Admissions and Records Office. Applications for degree evaluations are to be completed online through WebAdvisor or in the Admissions and Records Office.

Veterans and eligible dependents have the responsibility to notify the Veterans Office whenever a change in program, address or dependents is made. All veterans/dependents are

A full array of counseling and academic services are offered to veterans and their dependents. Each November, a special Veterans Day ceremony is conducted to honor veterans who have served our country.

urged to contact the Veterans Office regularly in order to be aware of the various changes in VA rules and regulations which may occur during the school year.

Academic Limitations

Veterans/dependents attending Fresno City College who have earned a degree and/or have attempted sixty (60) or more units can only be certified for those courses which are either required to complete their degree objective at Fresno City College or meet a prerequisite for that requirement. Except in those cases where vocational work experience is required for the degree being pursued by the veteran, veterans with 60 or more units may not be certified for it. Veterans enrolled in occupational work experience must be engaged in work which is directly related to the veteran's major as declared with the VA. General work experience is not payable under any circumstances. Apprenticeship courses are payable under certain conditions. Also, veterans must enroll in and complete at least six units during the regular semester or two units during the summer session in order to be eligible for VA educational payments. Finally, a veteran may be certified to repeat a class for which a grade of "D" or better has been assigned only if the better grade is required as a prerequisite for the approved program.

Weekend College

The Weekend College program at Fresno City College allows for the completion of a Liberal Arts degree in 24 months completely on weekends! This program has been designed specifically for working adults who always wanted a college degree but their work schedules have not permitted the completion of a college degree during the day or traditional evening classes. The Weekend College program provides an educational opportunity to members of the community who are unable or find it inconvenient to attend school during the day or weekday, evening hours, work days, are on-call evenings, work out of town during the week, or work split shifts. The motivated student will be able to complete this program of study in 24 months.

The program fulfills the Associate in Arts degree requirements and it is also a transfer program to the California State University system. It fulfills the lower division general education requirements. The program provides a broad base of educational experiences about aspects of the world which a major area of study may not include.

Note: Refer to a counselor and/or the program section in this catalog for additional information on the above programs.

Work Experience (Cooperative) Education

The cooperation of Fresno City College, business, industry and the community makes it possible for students to earn elective credit toward a degree and/or a certificate of achievement through employment experience. For the satisfactory completion of the program of cooperative work experience education, the college will grant credit to a student in an amount not to exceed eight (8) units per semester for occupational/vocational work experience or three (3) units per semester for general work experience. Students can earn no more than a total of 16 semester units of Cooperative Work Experience Education subject to the limitations as described below.

The Cooperative Work Experience Education Program can be an important motivating experience, especially for those who have had inadequate opportunities to learn about the working world. The students meet weekly with an instructor-coordinator who is well prepared professionally to assist in the development of job skills. The coordinator makes on-site job visitations at which time he/she confers with the student's supervisor. The student's work performance and progress is evaluated by both the coordinator and the supervisor.

Types of Cooperative Work Experience

1. General work experience education is the supervised employment of students with the intent of assisting them to acquire desirable work habits, career awareness, and positive attitudes in jobs. The jobs held by students need not be related to their occupational goals or college program.
2. Occupational/vocational work experience education is the extension of occupational learning opportunities and career awareness for students through employment in the occupational fields for which their college programs or majors are designed.

School Credit

For the satisfactory completion of cooperative work experience education, the college shall grant credit to a student not to exceed a total of sixteen semester credit hours.

1. General work experience education: No more than three credit hours per semester with a maximum total of six semester credit hours. May be repeated up to three times for not more than six units total.
2. Occupational/vocational work experience education: No more than eight credit hours per semester with a maximum total of sixteen semester credit hours.

Duplicate credit shall *not* be granted for concurrent enrollment in general work experience education and occupational/vocational work experience education. The amount of college credit earned by the student for cooperative work experience education is dependent upon the number of hours of work during the semester as follows:

One unit of credit for each 75 hours of paid work hours, or one unit of credit for each 60 hours of volunteer work hours, up to a maximum of 8 units for occupational work experience, 3 units for general work experience.

Transfer Credits

Students should review the catalog of the college to which they plan to transfer to determine the number of units of cooperative work experience that will transfer.

Qualifications

In order to qualify for either the general or occupational/vocational Cooperative Work Experience Education Program, the student must be enrolled in at least one other course, including the work experience class throughout the semester. The student's supervisor must be located in the Fresno City College service area and be easily accessible to the instructor. During each semester enrolled in cooperative work experience, the student must attend the coordinating class for one hour per week.

In addition to the above requirements, students enrolling in occupational/vocational work experience courses must be employed in occupations which provide experience directly related to their occupational major: Title 5, Part VI, Division 6, Chapter 3, Section 55311 of California Administrative Code.

The Enrollment Process

If students are interested in enrolling in cooperative work experience education or obtaining more information, they should contact one of the cooperative work experience instructors or a college counselor. Those students qualified to enroll will obtain authorization to register from the Work Experience Office, A-102. The occupational work experience courses are

listed in the schedule under the various occupational subjects and are always designated by the 19 series, except for Art 19. General work experience courses are listed under Work Experience, General.

See catalog description of courses for further information.

Majors and areas of study in which students may currently obtain occupational/vocational work experience credit are:

- Accounting
- Air Conditioning
- Apprenticeship
- Automotive Technology
- Business Administration
- Business & Technology
- Child Development
- Computer Information Technology
- Construction (Carpentry)
- Criminology
- Drafting
- Educational Aide
- Electrical Systems Technology
- Fashion Merchandising
- Food Service Management
- Graphic Communications
- Human Services
- Journalism
- Marketing
- Medical Assisting
- Paralegal
- Photography
- Recreation
- Registered Nursing
- Respiratory Care Practitioner

Note: Actual class offerings vary by semester.

DIVISIONS

Applied Technology Division

The Applied Technology Division provides experiences which serve to guide students in their transition from the classroom to employment, employment upgrade and transfer to other education institutions.

Counselors and educational advisors are available to assist students in planning specific courses of study. To ensure that courses are in keeping with current occupation and industrial practices and requirements, joint management and employee advisory committees are set up in each occupation in which courses are offered.

Major fields of study offered by this division include air conditioning, architectural drafting, automotive collision repair technology, automotive technology, General Motors Technology GM ASEP, building safety and code administration, Cisco, computer aided drafting and design, computer aided manufacturing, construction, electrical systems, fire technology, graphic communications, networking/computer technician, photography, and welding/metal fabrication.

Transfer college programs in architecture and industrial technology are available. Apprenticeship training and trade extension classes, in addition to other fields of study offered by the Applied Technology Division, are also available in the evening programs.

Information concerning the classification of courses and other data concerning the division follows:

Associate in Science Degree

Generally, the two-year program leading to the associate in science degree provides the specialized skills and related information necessary to enable the graduate to find employment and to advance in his/her chosen field. Trade preparatory majors in the Applied Technology Division must complete the specified courses as outlined for each program.

Courses required for each degree program are generally offered each semester but are subject to cancellation or change. Students are advised to seek assistance from their counselors and/or faculty advisors in planning their programs.

Associate in science degree requirements can be found under degree requirements on page 32.

Certificate of Achievement

A certificate of achievement will be awarded to students who have completed the designated subjects in the program major.

Courses required for each certificate program are generally offered each semester but are subject to cancellation or change. Students are advised to seek assistance from their counselors and/or faculty advisors in planning their certificate program.

Apprenticeship programs included in this section meet state mandated supplemental requirements for indentured apprentices. Upon completion of an apprenticeship program, a certificate of achievement will be awarded. The certificate of achievement programs may also be used as a major to meet the associate in science degree requirement.

Applied Technology Division

Richard I. Christl,
Dean of Instruction
Division Office:

Applied Technology, T-100

Certificates

A certificate will be awarded to students successfully completing the following course(s) or training program with a minimum “C” grade.

Administration of Justice

1. Adult Correctional Officer Core (AJ 280) (Major #8941)
2. Basic Supervisors (AJ 276) (Major #8924)
3. Juvenile Correctional Officer Core (AJ 286) (Major #8943)
4. Probation Core Course (AJ 285) (Major #8942)
5. Public Safety Dispatcher's Course (AJ 278) (Major #8970)
6. Requalification—Basic Course (AJ 219) (Major #8925)

Air Conditioning

1. Industrial Refrigeration-CARO/EPA Section 608 (AC 55, AC 353) (Major #8231)

Apprenticeship

1. Body and Fender (Major #9080)
2. Diesel and Heavy-Duty Mechanic (Major #9100)
3. Machine Shop (Major #9200)
4. Parts Clerk (Major #9260)
5. Roofing (Major #9300)
6. Welding (Major #9380)

Electrical Systems Technology

1. Industrial Control (EST 50 or MMCTC 372, EST 55A, EST 58, EST 59) (Major #8180)
2. Wireless Networks (EST 61, 62, 269B) (Major #8178)

Fire Technology

1. Emergency Medical Technician 1 (FIRET 131) (Major #8842)
2. Emergency Medical Technician 1 Refresher (FIRET 261) (Major #8843)

Work Experience Education

Through the cooperation of Fresno City College, industry and the community, students may work toward graduation while employed in trade, industrial or diversified occupations.

These courses are numbered 19. College credit is granted for the work. Inquire through your instructor or see a counselor.

Apprenticeship Programs/Courses

Apprenticeship classes and programs are organized in cooperation with the joint apprenticeship committee of the respective craft for training of apprentices approved by the State of California, Division of Apprenticeship Standards. Specific apprenticeship program requirements are outlined in the associate degree and certificate programs section.

Admission to the Academy Programs

Admission of students into Fresno City College Peace Officers and Fire Technology Academy programs is in accordance with the “Admission of Students” from the Fresno City College catalog, page 11, with the following exceptions:

1. **Basic Police Academy:** Students must successfully complete the POST standardized Reading Comprehension and Writing Skills test and the POST Physical Agility Test, or be sponsored by a law enforcement agency. A medical exam, driver's license check and criminal history check are mandatory. (Requires special counseling.)
2. **Advanced Officer Courses:** Students must have completed Administration of Justice 270B or AJ 274 or be sworn full-time peace officers.
3. **Basic Supervisory Course:** Students must satisfactorily substantiate that they are currently serving in a supervisory capacity within a criminal justice agency or will be within a one-year period.
4. **Basic Reserve Police Academy, P.C. 832:** Students must be able to demonstrate physical ability to use a firearm and to perform arrest and control techniques with safety. Student must obtain a Department of Justice clearance for firearms possession prior to the firearms portion of this class.
5. **Basic Fire Academy:** Medical exam conducted by a California licensed physician, including resting EKG & physician's written explanation of EKG printout. **ADVISORY:** Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
6. **Fire Instructor IB:** Completion of Fire Instructor IA.

Note: All academy units will be counted as elective credit unless otherwise designated.

The nonaffiliated student attending basic peace officer's academies will be responsible for providing the following items (for his/her own use): California Penal Code and Vehicle Code, an approved firearm, ammunition and leather gear, notebook, paper, pens, pencils, uniform, physical training shorts, tee-shirts, tennis shoes, white

socks, sweatshirt, sweatpants, black socks, black shoes, and lunches. All Basic Police Academy students will also be responsible for payment of range fees.

- Basic Academy.....\$120.00*
- P.C. 832\$45.00*
- Basic Reserve Level I.....\$45.00*
- Basic Reserve Level II\$60.00*
- Basic Reserve Level III\$45.00*

All courses conducted through the Police Academy Program have in-class registration.

*Range fees are subject to change.

Career & Technology Center

Located off Fresno City College’s main campus, the Career & Technology Center offers a learning environment for practical hands-on education. Year-round registration is in effect for a variety of noncredit, open-entry classes. Counseling and job placement services are available.

CTC is located at 2930 E. Annadale Avenue, Fresno. For a complete listing of classes, call (559) 486-0173.

Courses and Programs

Most classes run six hours a day, five days per week, for the number of weeks indicated. Enrollment is taken on an open-entry basis, and class beginning and ending dates are calculated for each individual enrollee.

Students are required to take a reading test before being allowed to register.

A student may not register for a course subsequent to another course without having first successfully met the performance requirements of the former course.

Partial credit will not be given to students who do not complete a course/program.

Satisfactory Progress Standards

Satisfactory Progress

State law requires students to maintain satisfactory progress while enrolled at a community college. Students who do not complete courses in which they enroll, will be penalized as follows:

Placement on Progress Probation

A student will be placed on progress probation if:

1. His/her absences total 30 hours in Automotive Collision Repair, Engine Performance, Maintenance Mechanic: 20 hours in Engine Repair, 10 hours in Industrial Training

Or

2. He/she fails to maintain a “C” average between monthly progress reports.

Removal from Progress Probation

A student put on progress probation because of excessive absence (30 accumulated hours) will remain on progress probation until completion of the program. Those students on academic probation (below a “C” average) shall be removed from progress probation if they improve their overall grade to a “C” average by the end of the next monthly report.

Program Dismissal

A student who has been placed on progress probation shall be subject to dismissal if:

1. His/her accumulated absence hours total 60 in Automotive Collision Repair, Engine Performance, Maintenance Mechanic; 40 in Engine Repair; 17 in Industrial Training

Or

2. His/her monthly grade remains below “C” for two consecutive months.

Readmission Following Progress Dismissal

A student who has been dismissed because of progress probation must petition for readmission.

Following the first dismissal, under District standards, a student will not be admitted to school until one cycle of the class has elapsed. If a student fails to complete the course following his/her initial dismissal, the student shall be dismissed for two cycles of the course. If he/she fails to complete the course after the second dismissal, he/she shall be dismissed again. The third dismissal shall be considered permanent.

Veterans are required to complete the course/program for full benefit payment.

A Certificate of Completion will be awarded for successful completion of each of the following CTC programs with a minimum “C” grade.

<ol style="list-style-type: none"> 1. Business Division

Business Division

Timothy J. Woods, Ph.D.,
Dean of Instruction
Division Office:
Business Building, BE-110
Phone: (559) 442-8222
Fax: (559) 265-5719

Division E-mail:
fcc.businessdivision@
fresnocitycollege.edu

The Business Division at Fresno City College is composed of five departments: Accounting, Business Administration, Business & Technology, Computer Information Technology/Decision Sciences, and Paralegal/Real Estate. Each department offers multiple degree and certificate programs to meet the educational needs of our students.

In addition to traditional, semester length classes, we offer a 25-month evening program for working adults to achieve an associate in arts in Business Administration, and a number of short-term certificate programs.

The Business Division is equipped to offer the following opportunities for our students:

- Lower division courses for students planning to transfer to four-year colleges and universities.
- Short, intensive programs for those who wish to specialize in one area with immediate employment in mind.
- Career training and retraining.
- Electives for students in other divisions.

The regular two-year program with a transfer objective leads to the associate in arts degree. Occupational preparation, on the other hand, demands in-depth concentration over a like period of time culminating in an associate in science degree. A certificate of achievement is available

in all programs for those who choose not to complete all of their general education requirements and to take only the classes required by the major.

Classroom to Worksite Collaboration

The Business Division faculty and staff coordinate the school and the job by bringing to the classroom the latest information on business methods and employers' needs. Leaders from business are invited to the class as guest speakers and counsel students concerning career opportunities, standards, work habits and attitudes. We also work with local businesses to further meet the educational needs of their employees.

Employment Available

A full-time job placement officer is housed within the Business Division and is available to help business students secure part-time positions to help finance their education and full-time jobs for those completing their training.

Students planning to seek employment upon graduation from Fresno City College, as well as those who plan a short, intensive training period, will find the suggested curricula on the following pages a guide in planning their courses.

The Future

The suggested courses of study offered by the Business Division prepare the student for transfer to a four-year university and/or immediate employment in business.

Associate in Arts Degree

The associate in arts degree is offered primarily for transfer students in the area of business administration. Associate degree requirements are listed on page 32.

Associate in Science Degree

The associate in science degree programs, as listed in the following pages, show the designated course requirements and the departmental recommendations for elective courses. These electives are supportive and carry a strong recommendation. Associate degree requirements are listed on page 32.

Certificate of Achievement

For a listing of certificate of achievement programs, see page 80.

Certificates

Certificate programs are listed below.

Accounting

1. Business Accounting and Finance (ACCTG 4A, 4B; BA 35) (Major #2010)

Business Administration

1. Entrepreneurial Ventures (BA 50, 51, 52) (Major #2041)
2. Human Resource Management Assistant (BA 31, 33, BT 9/BT 25/CIT 20) (Major #2052)

Business and Technology

1. Clerical Training (BT 370)
2. Computer Applications Software (BT 9, 10, 14, 106) (Major #2202)
3. Microsoft Word (BT 28, 29) (Major #2323)

Business Management

1. Business Finance and Accounting (ACCTG 4A, 4B; BA 35) (Major #2031)
2. Business Finance and Investments (BA 34, 35) (Major #2271)
3. Human Relations and Communications (BA/BT 5, BA 33) (Major #2510)
4. Human Resources and Relations (BA 31, 33) (Major #2520)

5. Management and Supervision (BA 40, 43) (Major #2182)
6. Personal Finance and Investments (BA 30, 34) (Major #2032)
7. Small Business Management (BA 38, 51) (Major #2030)

Computer Information Technology

1. Information Security I (CIT 57, 58A, 58B, 58C) (Major #2714)
2. Information Security II (CIT 58D, 58E, 58F) (Major #2715)
3. MCSE Core (CIT 50, 51, 52) (Major #2721)
4. Microsoft Access (CIT 26, 27) (Major #2707)
5. Microsoft Excel (CIT 23, 24) (Major #2709)
6. Microsoft Office (CIT 20, 21) (Major #2711)
7. Preparation in Microsoft Office (BT 27, 28, 29; CIT 20, 23, 24, 26, 27, 29) (Major #2710)
8. System Support Specialist (CIT 40, 45, 48; EST 60) (Major #2723)
9. Web Page Development (CIT 82, 85, 93) (Major #2741)

Marketing

1. Advertising (BA 33; MKTG 10, 12) (Major #2113)
2. Personal Sales (BA 33, MKTG 10, 11) (Major #2114)
3. Retailing (BA 33, MKTG 10, 14) (Major #2116)

Co-Curricular Activities

As an integral part of the instructional program, the Business Division supports three co-curricular groups. The effort is represented by the Paralegal Student Organization (Paralegal majors), the Collegiate Entrepreneurs Organization (CEO) and the CIT Zero Computer Technology Club. Students have the opportunity to participate in service-oriented activities and field trips that benefit both the college and community. These student organizations are designed to encourage sharing of common goals and to promote further development of knowledge and skill sets. In addition, co-curricular activities provide a medium through which leadership qualities can be taught and the laboratory in which they can be tested, practiced and proven. Membership is open to students with an interest in the subject, and active participation is highly encouraged.

These co-curricular activities provide a medium through which leadership qualities can be taught and the laboratory in which they can be tested, practiced and proven. Membership is open to students with an interest in the subject, and active participation is highly encouraged.

Nontransfer Students

The suggested courses of study offered by the Business Division prepare the student for immediate employment in business.

Fine, Performing, and Communication Arts Division

Jothany Blackwood, Ed.D.,
Dean of Instruction
Division Office:
Theatre Building, TA-103
Phone: (559) 265-5752
Fax: (559) 265-5755
Division E-mail:
fcc.artsdivision@
fresnocitycollege.edu

Fine, Performing, and Communication Arts Division

The Fine, Performing, and Communication Arts Division offers a rich variety of courses to acquaint students with the arts. The courses in the division examine the breadth of human experience through the study, analysis, and discussion of art, film, music, theater, and interpersonal communication.

Associate in Arts Degree

Art, Two-Dimensional Art
Art, Three-Dimensional Art
Communication
Dance
Music, Guitar
Music, Instrumental
Music, Vocal
Theatre Arts

Associate in Science Degree

Music, Commercial Music

Certificate of Achievement

Art, Two- or Three-Dimensional Art
Music, Commercial Music

Communication Arts

The Communication Arts Department offers courses in film, communication, and journalism. Students may select courses to fulfill general education requirements and courses for majors in communication and journalism. Students enrolled in the journalism program have the opportunity to gain valuable experience in the production of the college newspaper, *The Rampage* and the college magazine, *IntenseCity*.

The Forensic program at Fresno City College has long been recognized as one of the most outstanding programs among community colleges in both the state and the nation. Students in the

program compete in several tournaments during the academic year, which lead to competition in the state and national tournaments for invited students.

All students enrolled in communication classes have the opportunity to participate in an intramural competition held during Showcase, the Fresno City College open house in the spring.

Fine and Performing Arts

Students have the opportunity to complete lower division requirements for transfer in art, music, theatre arts, and dance. In addition to an examination of the creative process and an introduction to theoretical models, students are able to participate in several venues that spotlight student work.

Art Space Gallery

A juried exhibition of student work is held and prizes are awarded during the spring semester.

Music

Students have several options to participate in performance groups, including the Fresno City College Jazz Band, Concert Band, City Singers, and College Choir.

Dance

Original works by students and faculty are staged twice during the academic year. Students may also be invited to participate in the American College Dance Festival during the spring semester.

Theatre Arts

Students gain valuable experience in all facets of production by participating in the staging of four productions during the year. During the spring semester the department hosts the High School Drama Festival. Students may also have an opportunity to attend the American College Theatre Festival during the spring semester.

Health Sciences Division

The Health Sciences Division offers courses for fulfilling requirements in a number of occupational programs such as:

- Dental Hygiene
- Medical Assistant - Clinician
- Health Information Technology
- Radiologic Technology
- Registered Nursing
- Respiratory Care Practitioner
- Surgical Technology

The Health Sciences Division also offers a variety of courses and programs in health science, physical education, recreation and recreation leadership. Such courses may be taken for general interest and/or degree requirements. The courses are listed on pages 293, 325 and 335.

Health Care Career Programs

All students must complete the appropriate Academic Summary Form for consideration for acceptance into a health care career program. Students must also meet the normal admission requirements as fully matriculated regular students at Fresno City College. See page 13 for a list of these requirements.

For impacted programs (programs having more applicants than seats available), applicants will be required to have all their application requirements completed before their names can be submitted for lottery selection. Those interested in entering one of these programs are urged to obtain information from a health career counselor so that they might make a more realistic evaluation of their chances for being accepted. Students must meet specific prerequisites for the program of their choice.

Upon entry to the Dental Hygiene, Radiologic Technology, Registered Nursing, Respiratory Care Practitioner, Health Information Technology and Medical Assistant—Clinician programs, students may be required to obtain a background check.

Due to changes expected from the state, students will be considered for entry into a health care

career program under the requirements listed in the current catalog or catalog supplement. Although the catalog is a two-year catalog, a catalog supplement is published each year. It is important that students understand that the college will use the criteria for program eligibility based on the catalog or the catalog supplement in effect at the time of submission of the Academic Summary Form, not the initial registration at Fresno City College.

See academic requirements under the appropriate health career program in the college catalog and/or catalog supplement. Additional information may be obtained by contacting a Fresno City College health career counselor. To keep current on changes, students are expected to contact a health career counselor on a regular basis or to attend the health science orientation each semester.

Carolyn C. Drake, Ed.D.,
Dean of Instruction
Division Office:
Health Sciences Building, HS-1

fresnocitycollege.edu

Humanities Division

The Humanities Division offers courses which enrich students' lives, while improving basic skills in reading and writing; courses that meet general education requirements; and courses of study to complete various associate degrees and lower division transfer requirements.

An integrated program of study in the humanities provides students with a foundation in the liberal arts that prepares them for further study in many different disciplines. The varied courses in the division examine the breadth of human experience through the study, analysis, and discussion of creative writing, composition, reading, literature, foreign languages, and philosophy in their cultural and historical contexts.

Departments

Composition

This department offers English 1A (Reading and Composition) and English 105 (Grammar and Punctuation). English 1A is required for students wishing to transfer to colleges or universities.

Foreign Language

Our Foreign Language Program offers courses in American Sign Language, Armenian, Chinese, French, German, Hmong, Japanese, Spanish, Spanish for Native Speakers and Swahili, all with emphasis on communicative competence. Students learn the necessary skills that allow them to communicate in many different situations.

Letters

Letters courses provide students with skills to analyze and appreciate great works of literature, philosophy, and the arts. In addition, our Letters Program offers creative writing courses in poetry, fiction, autobiography, and play writing.

Linguistics/English as a Second Language

The Linguistics/ESL Department offers two distinct programs. For English as a Second Language students needing to develop their reading, writing, and study skills, the department offers a sequential program designed to prepare students for an AA/AS degree and university transfer level courses.

Additionally, the department offers linguistics courses that satisfy transfer level area requirements.

Preparatory English

For students needing to develop their reading and writing skills, Preparatory English offers a sequential program of study designed to prepare students for AA/AS degree and university transfer courses.

Associate in Arts Degrees

English

The English degree program offers students lower division subjects they will study as English majors in four-year college or university programs and/or prepares students for entry into career options requiring expertise in English language and literature.

Humanities

The Humanities major is for students seeking an integrated Liberal Arts education, either as a pre-professional major or a self-enrichment program. This sequence of courses will satisfy requirements for the AA degree and for GE transfer certification for the state university system.

Philosophy

The Philosophy major develops students' critical thinking and creative reasoning skills, enhances their ability to read complex material, and improves communication skills. These are valuable assets for transfer and career oriented students.

Spanish

The Spanish major prepares students for entry into a variety of career options requiring intermediate or better levels of fluency. The Spanish major also acquaints students with Spanish-speaking cultures.

Certificate of Achievement

Sign Language Interpreting Preparation

This program is intended to prepare students for entry-level ASL interpreting positions in a variety of settings such as schools, social service agencies and limited medical situations.

Math, Science and Engineering Division

The Math, Science and Engineering Division includes the departments of Biology, Chemistry, Computer Science, Engineering, Mathematics, Physics, and the Physical Sciences. The Math, Science and Engineering Division offers courses for fulfilling requirements in its own programs as well as programs offered by other divisions. Many of the courses are for students in transfer programs. These include courses, which fulfill lower division requirements for majors as well as courses taken for general education. The offering prepares students for continued study at four-year colleges and universities.

Pre-professional lower division curricula are available with majors in such fields as biology, biotechnology, chemistry, dentistry, engineering, forestry, geology, horticulture, mathematics, nursing, medicine, veterinary medicine, physics, pharmacy, and physical therapy. Honors classes are available as well.

Special classes in biology, chemistry, mathematics, and physical science are offered for students who need to develop skills in these subjects before taking more advanced courses.

The Division offers courses that satisfy the requirements of the Liberal Studies major at CSU, Fresno. The courses provide content in physical sciences (Natural Science 1A), biology (Biology 3), and geology (Geology 9).

Students interested in the sciences can participate in the Fresno City College Science Club. Activities include seminars, numerous field experiences, as well as social outings. Students emphasizing medicine or veterinary medicine can participate in Fresno City College's Pre-Med Club.

The faculty encourages students to participate in numerous research and community activities from laboratory research to field studies. Students have participated in various summer internship programs throughout California and abroad; such as, NASA, Lawrence-Berkeley Laboratories, Forest Service, California State Mining and Mineral Museum, and Sierra Foothills Conservancy.

Biology

The Biology Department is housed in the Science Building at the southeast corner of the campus. There is an excellent greenhouse and Natural History Museum available for tours or student use. With both the Sierra Nevada crest and the Pacific coast nearby there are numerous field trip opportunities that give the students an opportunity that is not available at many other institutions.

The two-year associate degree program in Life Science is principally a transfer program. The specified field requirement for the associate in science degree with a major in the life sciences can be fulfilled by completing the following:

Chemistry

The Chemistry Department is dedicated to its goal of preparing students for a career in Chemistry and for continuing education at a four-year college or university. The department consists of six full-time faculty plus adjuncts. The department offers a wide selection of courses that could lead to Bachelor of Science degrees in programs such as Chemistry, Chemical Engineering, Chiropractic, Medicine, Pharmacy, Biotechnology, and Biochemistry. The Chemistry department is housed in the Math, Science and Engineering Building on the Southeast side of campus.

The Chemistry Department is very proud of its individual, specialized research spaces; laboratories and classrooms; instrument labs; both PC and Mac computer facilities and equipment; audio-visual and multi-media equip-

ment; modern instruments such as FTIR and UV-Visible spectrometers, Atomic Absorption Spectrophotometer, H-1 and C-13 FT-NMR spectrometer, and Gas Chromatograph/Mass Spectrometer.

The specified field requirement for the associate in science degree with a major in the life sciences can be fulfilled by completing the following:

Life Science (Major #6080)

Twenty or more units combined from the following subject areas:

1. Biological Science: 14 units minimum from courses listed in the college catalog under Biological Sciences.
2. Physical Science: 6 units may be selected from Chemistry, Physics, and Earth Science (Astronomy, Physical Geography, and Geology). The recommended sequence includes Biology 1, Biology 4, Biology 6, and Chemistry 1A, and 1B.

Mathematics and Computer Science

The Mathematics Department is a service department by fulfilling Fresno City College's math graduation requirements for the AA and AS degrees, and courses for a graduation requirement for the various BA degrees offered at four-year institutions. The department provides courses for other Divisions of the college as well as for the Mathematics, Science and Engineering transfer student.

The mathematics department program offers courses in basic arithmetic skills, as well as prerequisite courses for science, engineering, and business courses. In addition, the department offers courses for students who intend to major in mathematics at a university.

The Computer Science program at Fresno City College, which parallels the first two year's offering at CSU, Fresno, stresses mathematics and programming techniques. Students planning to major in Computer Science are advised to complete Computer Science 40 and 41, along with Math 5A and 5B. Additional computer programming courses should be taken as necessary to expand the student's programming background.

Computer science courses include Computer Programming in FORTRAN (CSCI 20), Discrete Mathematics for Computer Science (CSCI 26), Programming in the PASCAL

Language (CSCI 30), Computer Programming Concepts and Methodology in C++ I (CSCI 40), Computer Programming Concepts and Methodology in C++ II (CSCI 41), and Programming Concepts and Methodology in JAVA (CSCI 40J).

The Mathematics Department is housed in the Science Building on the Southeast side of campus.

Engineering and Physical Science

The Physical Sciences Department includes Engineering, Geology, Physics, Physical Science, and Physical Geography. The two-year associate degree programs in these areas are primarily transfer programs.

Engineering (Major #3010) applies the theories and principles of science and mathematics to practical technical problems. Mathematics, physics, chemistry, and introductory engineering courses such as circuit analysis, surveying, and statics make up the bulk of the Engineering classes. The classes are designed so there is a smooth transfer to the candidate's chosen college or university.

Geology

Geology is the study of the structure, composition, and history of the earth's crust. By examining the surface of rocks and drilling to recover rock cores, the geologist is able to determine the types and distribution of rocks beneath the earth's surface.

Geological training is also valuable in the pursuit of rock and mineral identification, conduct of geological surveys, drawing of maps, and collecting geological data and measurements. Knowledge of geology is invaluable in predicting future geological events such as earthquakes and volcanic eruptions.

Physics

Physics, the fundamental science, conceptualizes the principles of the universe and establishes the foundation for astronomy, chemistry, and geology. The beauty of physics is in a small number of powerful concepts which expand our view of the world around us and which lead to many engineering applications from which humans derive many benefits.

Social Sciences Division

The aim of social sciences is to provide an appreciation of the rich diversity and the fundamental commonality of all human experience. The Social Sciences constitute studies in human behavior, both past and present, individual and collective, legal and illegal, distant and local. The intention is to search for greater social justice, personal freedom and mutual understanding. The Division is divided into six departments:

- Anthropology, Economics and Geography, including:
 - Archaeology
- Cultural and Women's Studies including:
 - African-American Studies
 - American Indian Studies
 - American Studies
 - Asian-American Studies
 - Chicano-Latino Studies
 - Women's Studies
- History and Political Science
- Child Development
- Psychology and Education, including
 - Education Aide
- Criminology, Human Services, Sociology, including:
 - Culinary Arts
 - Food and Nutrition
 - Food Service Management

Courses offered satisfy transfer and associate degree general education requirements.

Career Training

The Social Sciences Division also offers career training in:

- Alcohol and Drug Abuse Counseling
- Archaeology Technician
- Child Development
- Child Nutrition
- Corrections
- Criminology
- Culinary Arts
- Dietary Aide
- Dietetic Service Supervisor
- Food Service Management
- Law Enforcement
- Social Work

Students may select a training program leading to a certificate, a certificate of achievement or an associate in science degree. Certificate programs require occupational courses only and vary between 6 and 40 units of course work. The associate in science degree mandates a minimum of 60 units, consisting of the major, electives, and required courses in general education.

The Social Sciences Division is also home to the Fresno City College Anthropology Museum and the Child Development Center. It coordinates programs in Foster Care, Independent Living, and TANF.

DISTRICT COURSES AND PROGRAMS

Fresno City College is a sister institution of Reedley College within the State Center Community College District, and students may register at either institution or both institutions concurrently. As the registration procedures may differ slightly, students interested in enrolling for courses at Fresno City College should contact the Admissions Office on either campus for further information and direction.

Each college of the District offers certain programs/courses which are unique and not offered at the other campus. Following is a partial list of those programs/courses offered at Fresno City College that are not offered on the Reedley College campus:

- Administration of Justice
- Aerospace Studies
- African-American Studies
- Air Conditioning
- American Studies
- American Indian Studies
- Applied Technology
- Apprenticeship Programs
- Architecture
- Asian-American Studies
- Automotive Collision Repair Technology
- Automotive Technology
 - General Motors ASEP
- Building Safety and Code Administration
- Business & Technology
- Computer Aided Drafting and Design
- Construction
- Cultural Studies
- Dental Hygiene
- Drafting
- Electrical Systems Technology
- Fire Technology
- Graphic Communications

- Health Information Technology
- Latin American Studies
- Library Skills
- Library Technology
- Marketing
- Military Science
- Networking/Computer Technician
- Nursing: Registered
- Paralegal
- Police Academy
- Real Estate
- Radiologic Technology
- Respiratory Care
- Surgical Technology
- Water Treatment and Distribution
- Wind Turbine Technology

Career & Technology Center

Located off the main campus, the Fresno City College Career & Technology Center is a significant resource to both its students and the community. CTC staff identifies job skills employers in local industry need and then provides training to help students acquire those skills. Year-round registration is in effect.

Noncredit, open-entry classes are offered in:

- Auto Collision Repair
- Engine Performance/Emission Control
- Engine Repair
- Industrial Training
- Maintenance Mechanic
- Manufacturing Mechanic

For additional information, write or call the center.

Career & Technology Center

2930 East Annadale Avenue, Fresno, CA 93725

(559) 486-0173

Reedley College

Additional programs/courses available only at Reedley College in Reedley:

- Aeronautics
- Agri-Business
- Animal Science
- Dental Assisting
- Forest/Park Technology
- General Agriculture
- Landscape Horticulture
- Mechanized Agriculture
- Natural Resources
- Office Technology
- Plant Science: Grape and Tree Fruit Management

Further information on these programs/courses can be obtained by writing or calling:

Reedley College
 995 North Reed Avenue
 Reedley, CA 93654
 (559) 638-3641

North Centers

Madera Center

The Madera campus is located on Avenue 12 just east of Highway 99 south of the City of Madera. The Center offers a wide variety of academic and occupational programs and opportunities for students.

Madera Center
 30277 Avenue 12, Madera, CA 93638
 (559) 675-4800

Oakhurst Center

The Oakhurst Center is located in the Central Business District of Oakhurst. The various programs are taught in relocatable classrooms arranged into a small campus setting. Students can complete courses leading to an associate degree and/or transfer program.

Oakhurst Center
 40241 Highway 41, Building Site G,
 Oakhurst, CA 93644
 (559) 683-3940

Willow International

The Willow International Center is the newest college center for the State Center Community College District (SCCCD). This center provides the advantages of a medium-sized community college campus in a friendly and contemporary setting. The Willow International Center is on tap to become a full-scale campus of the SCCCDD serving 10,000 students from the Fresno, Clovis and the foothill communities with a variety of higher education options and opportunities.

Willow International
 10309 N. Willow
 Fresno, CA 93730
 (559) 325-5200

Community Campus Program

The District's Community Campus Program provides fully accredited college courses at off-campus locations. Courses meet the graduation requirements for two-year degrees and are transferable to the California State University system.

All center offices are open from 6 p.m. to 8 p.m. on the days that evening classes are in session.

For more information, please call the main Community Campus Office in Reedley at (559) 638-0306.

ASSOCIATE DEGREE AND CERTIFICATE PROGRAMS

Second Semester		Units
ACCTG 19	Work Experience (Coop), Occup	1
*ACCTG 52	Cost Accounting	3
*ACCTG 56	Payroll Accounting.....	2
ACCTG 59	Accounting Practicum II	1
Total		7

Recommended Electives: BA 5, 18, 30, and 33; BT 4, 20, and 21; CIT 17, 20, 24, and 26; ECON 1A/1AH and 1B/1BH.

**The advanced accounting courses noted above may also be used to satisfy the 24 unit eligibility requirement that must be met before a person can take the CPA Exam. Many students take these courses to satisfy that CPA exam requirement as well as to satisfy the AS Degree requirement.*

Note: Associate degree requirements are listed on page 32.

BUSINESS ACCOUNTING AND FINANCE – MAJOR #2014

This curriculum is an option for both Accounting and Finance majors. It is designed to assist students who are pursuing a career in business finance and/or accounting by demonstrating a basic understanding of business accounting and financial principles.

CERTIFICATE		Units
ACCTG 4A/4AH	Financial Accounting, <i>or</i> Honors Financial Accounting	4
ACCTG 4B/4BH	Managerial Accounting, <i>or</i> Honors Managerial Accounting	4
BA 35	Financial Management.....	3
Total		11

COMPUTERIZED ACCOUNTING - MAJOR #2405

This curriculum is designed for entry-level employment as an account clerk using various software packages and the latest in business technology to perform various account clerk functions.

CERTIFICATE OF ACHIEVEMENT		Units
ACCTG 19	Work Experience (Coop), Occup	3
ACCTG 34	Accounting Spreadsheets.....	2
ACCTG 55	Accounting Methods.....	1.5

ACCTG 70	QuickBooks Fundamentals.....	2
ACCTG 260	Accounting Skills Lab.....	1
ACCTG 270	Accounting Math Skills.....	1.5
BT 1	Typing/Document Processing I.....	4
BT 4	Ten-Key Calculation.....	2
BT 20	Resume/Interview.....	1.5
BT 21	Working Relationships.....	1.5
BT 131	Applied Accounting.....	4
BT 206	Automated Business Records.....	1
BT 250	Office Skills Lab.....	1
BT 271	Business Grammar Fundamentals.....	2
Total		28

Note: Student must demonstrate the ability to type 35 words per minute with 97% accuracy and 130 correct strokes per minute on the ten-key calculator.

FULL CHARGE BOOKKEEPER - MAJOR #2012

This curriculum is designed to provide knowledge and skills to individuals seeking employment as bookkeepers in small-to-large size organizations.

CERTIFICATE OF ACHIEVEMENT	Units	
ACCTG 4A/4AH	Financial Accounting, <i>or</i> Honors Financial Accounting.....	4
ACCTG 19	Work Experience (Coop), Occup.....	3
ACCTG 56	Payroll Accounting.....	2
ACCTG 58	Accounting Practicum.....	1
ACCTG 73	MAS90 Fundamentals.....	2
ACCTG 260	Accounting Skills Lab.....	1
Total		13

ADAPTIVE ORNAMENTAL HORTICULTURE SKILLS – MAJOR #1060

The adaptive ornamental horticulture skills program is designed to provide students with disabilities both educational and vocational opportunities. A certificate will not only validate participation in the program, but it will also enhance the opportunities to secure gainful employment.

CERTIFICATE

Student Learning Outcomes:

1. Discuss potential employment opportunities based on their educational and horticultural skills.

FIRST YEAR

First Semester	Units	
DEVSER 262	Group Interaction for Students with Disabilities....	2
DEVSER 275	Horticulture Skills I.....	2

ADMINISTRATION OF JUSTICE

BASIC POLICE ACADEMY – MAJOR #8921

The Basic Police Academy Certificate of Achievement program offers curriculum to prepare students with the knowledge and skills necessary to complete a law enforcement field training program certified by the California Commission on Peace Officer Standards and Training (POST). Employment opportunities are found in both government and private enterprise where law enforcement principles are applied.

The basic academy is offered in three different formats; the intensive 40 hour per week format, the 24 hour per week night academy extended format, and the basic reserve officer modular format. Hours per week may vary slightly according to schedule.

PROGRAM REQUIREMENTS

To qualify for the program, applicants must:

1. Be 18 years of age and have a high school diploma or G.E.D.
2. Complete and submit the Fresno City College and Police Academy applications.
3. Pass the POST written examination and physical agility test.

Applicants must attend an interview and orientation, and will be notified regarding their acceptance.

Accepted applicants must:

1. Possess a valid California Driver's License and provide a DMV printout of their driving record.
2. Provide a Department of Justice clearance for firearms possession.
3. Provide proof of a physical examination including an Electrocardiogram with a physician's approval for applicant to participate in all aspects of academy training.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Demonstrate knowledge of California laws pertaining to arrest authority of a peace officer and a citizen covered under Penal Code sections 836 and 837.
2. Compare and contrast the constitutional issues involved in detentions, arrest and interrogations.
3. Demonstrate physical competency in psychomotor skills in handling police weaponry in a safe manner.
4. Demonstrate the ability to communicate effectively and professionally through written, oral and electronic media.
5. Identify the California laws that pertain to the enforcement and procedural aspects of law enforcement, recognizing the violations an officer is likely to encounter and describe the legal obligations in enforcing those laws.
6. Identify the process to confine and care for adult or juvenile prisoners in such a manner as to provide the necessary confinement and to protect the prisoner's rights and welfare.

REQUIRED COURSES		Units
AJ 270A	Basic Police Academy – Part 1	10
AJ 270B	Basic Police Academy – Part 2	13
	Total	23
<i>OR</i>		
AJ 272	Reg Basic Course Module III	4
AJ 273	Reg Basic Course Module II	5.5
AJ 274	Reg Basic Course Module I	11
	Total	20.5

AFRICAN-AMERICAN STUDIES –

MAJOR #7640

The objectives of the African-American program at Fresno City College are:

1. To assist all students to appreciate the culture and achievements of African-Americans.
2. To assist all students to develop an awareness and an appreciation of African culture and its influence on America.
3. To help students learn about themselves and their heritage and promote a secure identity and motivation to achieve.
4. To promote the development of self-acceptance enabling students to relate to others effectively and meaningfully.
5. To enable students to identify with higher education and the environment, resulting in a sense of pride in their heritage and culture.

6. To provide training in research methods enabling students to carry out meaningful research and to discover the true needs and aspirations of the African-American community.

ASSOCIATE IN ARTS DEGREE

Total Units Required..... 27

REQUIRED CORE COURSES: Select 24 units Units

AFRAM 1	African-American Culture	3
AFRAM 2	Cultural Adaptation of the African-American	3
AFRAM 3	African-American Art.....	3
AFRAM 4	African Civilization	3
AFRAM 5	The African in the New World.....	3
AFRAM 6	African Cultures and Languages.....	3
AFRAM 13	African-American Music to 1940	3
AFRAM 15	African-American Music 1940 to present.....	3
ENGL 1B/1BH	Introduction to Study of Literature, <i>or</i> Honors Introduction to Study of Literature	3

COURSE OPTIONS: Select 3 units Units

AFRAM 8	African-American Creative Workshop.....	3
AFRAM 17	African-American Literature	3
AFRAM 21/SWAHLI 1	Beginning Swahili.....	4
AFRAM 22/SWAHLI 2	High-Beginning Swahili	4
AFRAM 36	Contemporary Africa	3
AFRAM/WSTS 41	The African-American Woman	3
AFRAM 49	Black Gospel Choir	3

Notes: 1. An associate in arts degree will be awarded to any candidate who successfully completes 60 units. The 60 units must include associate degree requirements and at least 27 units of course work as listed above.

2. Associate degree requirements are listed on page 32 of this catalog. General Education requirements for transfer certification are on page 39.

AIR CONDITIONING – MAJOR #8030

The program provides training in troubleshooting, maintenance, repair, and installation of heating, cooling, and refrigeration systems. The curriculum will emphasize fundamental and advanced skills in both classroom and lab activities. Students will train on residential and commercial systems similar to those found in the workplace. Upon successful completion of the program, students may take the Air Conditioning and Refrigeration Institute's (ARI) Industry Competency Examination(s), the North American Technician Excellence (NATE) core section of the certification exam, R-410A safety certification exam, and EPA approved certification under provisions of the Federal Clean Air Act, Section 608.

**ASSOCIATE IN SCIENCE DEGREE AND
CERTIFICATE OF ACHIEVEMENT**

Student Learning Outcomes:

1. Identify and describe the function of the major and auxiliary refrigeration system components.
2. Interpret HVAC wiring diagrams to be used in the electrical troubleshooting process of related equipment.
3. Calculate air volume (CFM) and system capacity by measuring velocity pressure using a pitot tube and incline manometer along with wet and dry bulb readings on the psychrometric charts.
4. Diagnose and repair electrical and refrigerant circuit problems in an air conditioning system.
5. Certification of students' ability as an entry level air conditioning technician.
6. Flare, swage, silver braze and solder copper pipe and fittings while observing all safety precautions.

FIRST YEAR

First Semester	Units
AC 50 Principles of Mechanical Refrigeration.....	3
AC 51 Electrical Systems.....	7
AC 53 Measurements and Diagnosis.....	7
AT 10 Technical Computer Applications.....	2
Total	19

Second Semester	Units
AC 52 Heating Systems	7
AC 54 Commercial Systems.....	7
AC 55 Technician Testing & Certification.....	1
AC 56 Duct Systems	3
Total	18

SECOND YEAR

First Semester	Units
AC 57 System Configuration & Control	2
AT 21 Occupational Safety & Health.....	2
AT 130 Industrial Math	3
WELD 1 Exploring Welding/Metals	3
Total	10

Second Semester	Units
AT 40 Preparing for Employment Opportunities.....	3
AT 120 Industrial Science	3
EST 55A Digital Concepts	3
EST 55B Facility Automation.....	3
Total	12

Note: Students qualify for the certificate of achievement upon completion of the major requirements listed above. In addition, those completing the associate degree requirements on page 32 of the catalog, upon application, will be awarded the associate in science degree.

**AIR CONDITIONING TECHNOLOGY OVERVIEW –
MAJOR #8033**

This curriculum provides training in the principles of mechanical refrigeration, residential and commercial system configurations, electrical fundamentals, motors and controls, heating systems, and troubleshooting procedures.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Identify and describe the function of the major and auxiliary refrigerant system components.
2. Interpret HVAC wiring diagrams to be used in the electrical troubleshooting process of related equipment.
3. Develop an understanding of the combustion process and demonstrate the ability to adjust and troubleshoot natural gas furnaces.
4. Analyze refrigerant and electrical readings to diagnose and repair heating and cooling equipment.

REQUIRED COURSES		Units
AC 60A	Fund of Refrigeration.....	3
AC 260B	Electricity for Air Conditioning.....	3
AC 260C	Residential Heating.....	3
AC 260D	Troubleshooting Procedures	2
AT 10	Technical Computer Applications.....	2
Total		13

**COMMERCIAL AIR CONDITIONING, HEATING,
AND DUCT SYSTEMS – MAJOR #8031**

This curriculum provides training in three-phase power, motors, refrigerant flow controls typically used in commercial applications, National Electrical Code requirements related to the HVAC/R industry, heating systems (gas, electric, and heat pumps), and the design and installation of residential duct systems. Successful completion of the program includes industry recognized licensing/certifications.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Develop an understanding of the combustion process and demonstrate the ability to adjust and troubleshoot natural gas furnaces.
2. Analyze refrigerant and electrical readings to diagnose and repair heating, cooling and refrigeration equipment.
3. Design circuitry for a heating, cooling unit and wire per guidelines.
4. Properly size branch conductors and over current protection devices based on the NEC, National Electrical Code.
5. Properly size and select thermal expansion valves based on temperature and capacity requirements.
6. Design a residential air conditioning duct system (given Title 24 calculations).

REQUIRED COURSES		Units
AC 52	Heating Systems	7
AC 54	Commercial Systems.....	7
AC 56	Duct Systems	3
Total		17

DIGITAL AIR CONDITIONING CONTROLS – MAJOR #8034

This curriculum provides training in the use of direct digital controls in commercial HVAC applications, examines various system configurations, control strategies, and introduces total building automation.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Write a program to control an air conditioner and a variable air volume box.
2. Define and map the hardware and software points required for network operation and monitoring.
3. Install a variable air volume controller using approved guidelines, selecting appropriate sensors and final drive devices.
4. Create a network of digital air conditioning controllers and verify their communication.
5. Download and upload digital air conditioning devices and network controllers.
6. Recommend appropriate control strategies given a typical air conditioning system configuration.

REQUIRED COURSES		Units
AC 57	System Configuration & Control	2
AC 250	Digital Unitary Controls.....	2
AC 251	Digital VAV Controls.....	1
AC 252	DDC Network Controllers.....	2
AT 10	Technical Computer Applications.....	2
EST 55A	Digital Concepts	3
EST 55B	Facility Automation.....	3
Total		15

INDUSTRIAL REFRIGERATION – CARO/EPA-SECTION 608 CERTIFICATE – MAJOR #8231

This program is intended for the entry-level operator with little or no experience in industrial refrigeration. The curriculum provides instruction in the principles of mechanical refrigeration in an industrial setting and related safety issues. The coursework is intended to help the student prepare for the Refrigerating Engineers & Technicians Association’s (RETA) Certified Assistant Refrigeration Operators (CARO) examination. Students will also receive instruction to prepare them for the EPA-section 608 certification exam.

CERTIFICATE

Student Learning Outcomes:

1. Identify major and auxiliary refrigerant system components and describe their function.
2. Quantify the relationship between pressure and saturation temperature of a refrigerant using manufacturers pressure-temperature charts and identify the location within an active system where the values apply.
3. List seven elements of a standard operation procedure (SOP) for an ammonia refrigeration system.
4. Using gage or absolute pressure readings, calculate compression ratio and describe procedures to reduce excessive compression ratios.
5. Pass the EPA section 608 proper refrigerant handling techniques certification exam.
6. Pass the RETA Refrigerating Engineers & Technicians Association practice CARO, Certified Assistant Refrigeration operator exam.

REQUIRED COURSES		Units
AC 55	Technician Testing & Certification.....	1
AC 353	Principles of Industrial Refrigeration.....	0
Total		1

MECHANICAL AND ELECTRICAL SYSTEMS – MAJOR #8032

This curriculum provides training in the principles of mechanical refrigeration, electrical fundamentals, single-phase motors and controls, reading wiring diagrams, airflow measurement, and the use of psychometrics as a diagnostic tool.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Identify and describe the function of the major auxiliary refrigerant system components.
2. Calculate air volume (CFM) and system capacity by measuring velocity pressure using a pitot tube and incline manometer along with wet and dry bulb readings on the psychrometric chart.
3. Illustrate electrical components using the correct electrical symbol and read and interpret pictorial and ladder wiring diagrams.
4. Plot return and supply air state points on a psychrometric chart, measure external static pressure and determine CFM and system capacity using manufacture’s specification tables.
5. Troubleshoot and wire single phase motors and their starting components.
6. Flare, swage, silver braze and solder copper pipe and fittings while observing all safety precautions.

REQUIRED COURSES	Units
AC 50 Principles of Mechanical Refrigeration.....	3
AC 51 Electrical Systems.....	7
AC 53 Measurements and Diagnosis.....	7
Total	17

AMERICAN INDIAN STUDIES – MAJOR #7680

Fresno City College is located in an area that is rich in the history and contemporary cultures of American Indians. California has the highest American-Indian population in the United States, and there are 14 reservations in our immediate area. American Indian Studies exists to serve Indian and non-Indian students who will be working in any service field, academic or social institution. The program leading to the associate in arts degree will also provide a foundation in American Indian Studies for students wishing to pursue a higher degree in the subject at a four-year university. In recent years, several graduate programs have begun in American-Indian Studies at universities in California and elsewhere.

Student must complete 14 units of required basic core courses. Select 9 units from the course options listed below for a total of 23 units for an associate in arts degree.

ASSOCIATE IN ARTS DEGREE

REQUIRED CORE COURSES	Units
AMIND 31 American Indian Culture.....	3
AMIND 32 American Indian History.....	3
AMIND 33 Indians of the San Joaquin Valley.....	2
AMIND 34 American Indian Contemporary Society.....	3
AMIND 35 American Indian Art.....	3
Total	14

COURSE OPTIONS: Select a minimum of 9 units

	Units
AFRAM 5 The African in the New World.....	3
ANTHRO 20 Native Peoples of California.....	3
ANTHRO/CLS 28 Ancient Mexico.....	3
ENGL 14 Folklore.....	3
GEOG 2 Cultural Geography.....	3
SOC 2 American Minority Groups.....	3

Notes: 1. An associate in arts degree will be awarded to any candidate who successfully completes a total of 60 units. The 60 units must include associate degree requirements and 23 units in course work as listed above.

2. Associate degree requirements are listed on page 32 of this catalog. General Education requirements for transfer certification are on page 39.

++ Pending State Chancellor's Office Approval.

AMERICAN SIGN LANGUAGE – MAJOR

This degree is designed to prepare students for entry-level positions working with the Deaf community in variety of settings such as schools, social agencies and medical situations.

ASSOCIATE IN ARTS DEGREE ++

Student Learning Outcomes:

1. To produce with fluency, clarity and complexity, comprehensible ASL by signing in a more abstract way such as making complaints, suggestions and requests.
2. To produce and distinguish non-manual grammatical features using the eyebrows, eyes and mouth as well as the proper positioning of the upper body.
3. To describe the different issues and challenges facing discrimination against deaf communities, ASL and/or audism and linguicism against Deaf people.
4. To demonstrate an understanding and appreciation of the diversity of deaf people in literature, theatre and the media.

REQUIRED CORE COURSES	Units

++ Pending State Chancellor's Office Approval.

ANTHROPOLOGY – MAJOR #7100

A program designed to acquaint students with human diversity, anthropology offers a broad approach to the study of people including the prehistoric, biological, and cultural perspectives. Because of its wide coverage, anthropology provides a versatile background, which can serve as a solid foundation not only for transfer students in anthropology but for many fields and vocations.

Students planning for a career in anthropology will need to earn at least a Bachelor's degree. Therefore students are strongly encouraged to meet with a counselor about transfer requirements (IGETC/CSU certification) early in their program. Anthropology students should also meet with anthropology faculty about course/program offerings as soon as possible once the major has been declared in order to complete the program in a timely manner.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Identify the primary goals of the discipline of anthropology.
2. Demonstrate understanding of the primary methods of the discipline of anthropology.
3. Demonstrate understanding of human cultural diversity and biological variation.

REQUIRED CORE COURSES (15 units minimum) Units

Recommend ANTHRO 2 be taken prior to other anthropology courses.

For those core courses, students may take either ANTHRO 3 or ANTHRO 4.

ANTHRO 1	Biological Anthropology	3
ANTHRO 2/2H	Cultural Anthropology, <i>or</i> Honors Cultural Anthropology	3
ANTHRO 3	Archaeology & World Prehistory, <i>or</i> ANTHRO 4 Intro to Archaeology.....	3
ANTHRO 13	Magic, Witchcraft, and Religion.....	3
LING 10	Introduction to Language.....	3
ELECTIVES: 6 units minimum		Units
*ANTHRO 3	Archaeology & World Prehistory.....	3
*ANTHRO 4	Intro to Archaeology.....	3
ANTHRO 4L	Archaeological Field Methods.....	1
ANTHRO 5	Archaeological Lab Methods.....	4

**If not used for core requirement.*

ANTHROPOLOGY – ARCHAEOLOGY

ARCHAEOLOGICAL TECHNICIAN – MAJOR #7120

The Archaeological Technician Certificate of Achievement is a program designed to provide students with education and training in the various aspects of modern archaeology in preparation for 1) entry level employment, and 2) continuing education in archaeology. An archaeological technician may work in the field doing survey or excavation or in a laboratory processing archaeological collections, doing data entry, archival research, or other tasks related to the management of archaeological data, all under the direction of a professional archaeologist.

Students planning for a career in archaeology will need to earn at least a Bachelor's degree. Therefore archaeology students are strongly encouraged to meet with a counselor about transfer requirements (IGETC/CSU certification) early in their program. Archaeology students should also meet with the archaeology faculty about course/program offerings as soon as possible in order to complete the program in a timely manner.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Students will demonstrate knowledge of terminology, methods, and theoretical framework of modern, scientific archaeology.
2. Students will have demonstrable skills in archaeological field methods.
3. Students will have demonstrable skills in archaeological laboratory methods.

Required Core Courses: (13 units minimum) Units

ANTHRO 1	Biological Anthropology	3
ANTHRO 2/2H	Cultural Anthropology, <i>or</i> Honors Cultural Anthropology	3
ANTHRO 4	Introduction to Archaeology	3
ANTHRO 5	Archaeological Lab Methods	4
Field Experience (2 units minimum) Units		
ANTHRO 4L	Archaeological Field Methods	1
ANTHRO 6	Field Archaeology	2-6

ELECTIVES

Students must complete six units from the following list of electives. Other courses may be substituted based on the student's area of focus [e.g. if a student is particularly interested in archaeological ceramics, ART 10 may be an appropriate elective. If a student is interested in floral or faunal analysis, BIOL 6 (Botany) or BIOL 4 (Zoology) may be appropriate electives. This is flexibility will aid students in acquiring specific knowledge, skills, and abilities, which will then aid them in obtaining employment or transferring to a four-year institution.]

ELECTIVES (6 units minimum) Units

ANTHRO 3	Archaeology and World Prehistory	3
ANTHRO 20	Native Peoples of California	3
ANTHRO 28	Ancient Mexico	3
ANTHRO 30	Topics in Anthropology	1-4
ART 7	Beginning Drawing	3
BIOL 7	Field Biology	4
GEOG 10	Intro to GIS	3
*GEOL 1/1H	Physical Geology, <i>or</i> Honors Physical Geology	4
HIST 3	History of Ancient Rome	3
HIST 18	History of Ancient Greece	3
HIST 30	California History	3
INTDS 1	Museum Studies	3
PHOTO 5	Intro to Photography	3

SUGGESTED SEQUENCE OF COURSES

Recommended ANTHRO 2 be taken prior to other anthropology courses. ANTHRO 4 should be taken prior to or at the same time as ANTHRO 4L and prior to ANTHRO 6. Other courses may be taken in any sequence.

APPRENTICESHIP AUTOMOTIVE AND HEAVY-DUTY ELECTRICAL – MAJOR #9020

This curriculum is designed for the auto electrical or heavy-duty electrical worker who is employed full time and indentured as an apprentice by the Automotive Mechanics Joint Apprenticeship Committee.

CERTIFICATE

Student Learning Outcomes:

1. Assess, identify, and minimize safety hazards in the performance of job duties.
2. Identify automotive/forklift and heavy-duty electrical systems and summarize how the respective system(s) functions.
3. Adhering to industry standards, identify, troubleshoot and resolve automotive/forklift faults/problems.

FIRST YEAR

First Semester		Units
AUTOT 281A	Automotive Power Trains I	3
Second Semester		Units
AUTOT 281B	Automotive Power Trains II	3

*** Apprentice must complete at least 10 units of work experience*

Recommended Elective: AUTOT 161A, 262A, 281A.

APPRENTICESHIP BODY AND FENDER – MAJOR #9080

This curriculum is designed for the body and fender mechanic who is employed full time and indentured as an apprentice by the Automotive Mechanics Joint Apprenticeship Committee.

CERTIFICATE

Student Learning Outcomes:

1. Assess, identify, and minimize safety hazards in the performance of job duties.
2. Identify automotive body repair systems (preparation, body panel repair/replacement, metal finishing, glass and hardware, etc.) and their characteristics.
3. Adhering to industry standards, identify the problem and related body system and compose an action plan for repair.

ARCHITECTURE

ARCHITECTURE – MAJOR #6810

This curriculum is designed to prepare students for employment with architects, engineers, interior designers, building contractors, building material companies and government agencies. It is also designed as basic coursework for transferring into advanced degree programs in architecture

and related fields. Courses may or may not be transferable based on school to which you are transferring, course content, and quality/quantity of the student portfolio. Students are encouraged to take courses in the order listed. Not all courses are offered each semester. Students wishing to transfer into an advanced degree program should contact that particular college or university for all specific transfer requirements including, but not limited to Math and English.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Synthesize alternative solutions to a specific problem.
2. Design and complete an architectural education portfolio.
3. Draw a floor plan, foundation plan, roof framing plan, sections, and elevations.

FIRST YEAR

Fall Semester	Units
ARCH 10 Architectural Design and Visualization I.....	3

ART: TWO- OR THREE-DIMENSIONAL ART

ASSOCIATE IN ARTS DEGREE AND CERTIFICATE OF ACHIEVEMENT

Students must complete 18 units of required basic core courses and select 9 units from the course options listed below for a total of 27 units to complete a certificate of achievement. For an associate in arts degree in art you must complete the 27 units as described above plus additional coursework requirements. *See Notes 1 & 2 below.*

REQUIRED CORE COURSES		Units
ART 3	Two-Dimensional Design.....	3
ART 4	Three-Dimensional Design.....	3
ART 5	Art History 1.....	3
ART 6	Art History 2.....	3
ART 7	Beginning Drawing.....	3
ART 8	Beginning Figure Drawing and Anatomy.....	3
Total		18

In addition to the Core Courses:

Select a minimum of 9 units

TWO-DIMENSIONAL ART MAJORS must complete 2 courses (6 units) within one of the following specialties: DRAWING, PAINTING, PRINTMAKING. In addition, 1 course (3 units) must be selected from the 3-dimensional area or Art History.

THREE-DIMENSIONAL ART MAJORS must complete 2 courses (6 units) within one of the following specialties: CERAMICS, CRAFTS, JEWELRY AND METALSMITHING, SCULPTURE, TEXTILE DESIGN. In addition, 1 course (3 units) must be selected from the 2-dimensional area or Art History.

TWO-DIMENSIONAL – MAJOR #5201

		Units
ART 9, 19, 29	Beginning, Intermediate and Advanced Painting: Oil/Acrylic.....	3-3-3
ART 13, 23	Beginning and Intermediate Watercolor Painting.....	3-3
ART 14	Beginning Printmaking.....	3
ART 16	Life Painting.....	3
ART 17, 27	Intermediate and Advanced Drawing.....	3-3
ART 18, 28	Intermediate and Advanced Figure Drawing and Anatomy.....	3-3
ART 24A	Intaglio Printmaking.....	3
ART 24B	Lithograph Printmaking.....	3
ART 24C	Relief Printmaking.....	3
ART 24D	Screenprinting.....	3
ART 25	Mural Painting.....	3
ART 35	Color Theory.....	3
ART 39B	Introduction to Graphic Design.....	3

THREE-DIMENSIONAL – MAJOR #5202

	Units
ART 10, 20	Beginning and Intermediate Ceramics3-3
ART 11, 21	Beginning and Intermediate Sculpture.....3-3
ART 12A, 12B	Beginning and Intermediate Craft Studio.....3-3
ART 15	Beginning Ceramic Sculpture3
ART 22A	Textile Design: Hand Papermaking.....3
ART 22B	Textile Design: Basic Textile Structures.....3
ART 31	Advanced Sculpture.....3
ART 32A, 32B	Beginning and Intermediate Jewelry and Metalsmithing.....3-3

Notes: 1. An associate in arts degree in art will be awarded to any candidate who successfully completes a total of 60 units which include associate degree requirements and a minimum of 27 units of course work as listed above.

2. Associate degree requirements are listed on page 32. General Education requirements for transfer certification are listed on page 39.

AUTOMOTIVE TECHNOLOGY

AUTOMOTIVE TECHNOLOGY - MAJOR #8051

Satisfactory completion of this curriculum prepares the student for entry-level employment as a skilled technician in the automotive service and repair industry. Students will perform actual service and repair procedures in the automotive laboratory. This curriculum has been certified by the National Automotive Technicians Education Foundation (NATEF).

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Students will create a diagnostic path appropriate for a given system to industry standards.
2. Student will demonstrate the appropriate repair procedure for a given system to industry standards.

GENERAL MOTORS ASEP PROGRAM – MAJOR #805G

The General Motors Automotive Service Educational Program (GM ASEP) is a two-year associate degree program. GM ASEP incorporates the most advanced automotive technical training with a strong academic foundation in math, English, electronics, analytical and technical skills. The student earns a solid education combined with invaluable work experience for hands-on learning.

The National Automotive Technicians Education Foundation (NATEF) and General Motors Corporation certify this curriculum.

Seventy-four (74) units required for this Associate Degree.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Students will create a diagnostic path appropriate for a given system to industry standards.
2. Student will demonstrate the appropriate repair procedure for a given system to industry standards.

FIRST YEAR

Qualifications to Teach in Early Care and Education Programs

Privately Operated Center Based Programs

Candidates may meet the California State Department of Social Service requirements by completion of 12 units of Child Development course work. The 12 units should include at least one course from each of the following:

1. Child Development/Psychology 39 or Child Development 150 (DSS*1)
2. Child Development 30. (DSS*2)
3. Child Development 3, 9, 10, 37A/B, 43 or 44 (DSS*3)

Students who plan to work with infants must complete 12 units of child development including:

Child Development 17A, Infant/Development-Birth to Age 3 (DSS*4)

Students who plan to work with children ages 6-12 years must complete 12 units including:

Child Development 8B, Programs for School Age Child Care, or Child Development 8A, School Age Child: Growth and Development. (DSS*5)

Students who wish to qualify as a Child Development Center Director must complete Child Development 40A (DSS*6) in addition to the required 12 units.

*Note: The Child Development Department recommends that students take Child Development 6, Child Health and Safety, 3 units (DSS*7). State law requires that an individual who has completed Child Care Health and Safety Training must be on the premises of a child development center at all times. Child Development 6 fulfills this requirement.*

The college transcript provides the documentation necessary for the individual’s academic qualifications to teach in the privately operated center based program.

Publicly Funded Early Care and Education Centers

The California Commission on Teacher Credentials issues the Child Development Permit which is required for employment in children’s centers and preschools that receive funding from the State of California. Each level of the Child Development Permit Matrix requires specific coursework to be completed with a grade of “C” or better and work experience in an early care and education program (birth to eight years.) Work experience requirements are noted at each level.

The applicant files a completed application verifying the following information to the California Commission of Teacher Credentials. Further information on the application process, including sources of funding to pay for the application fee, may be obtained from the Child Development Department.

Associate Teacher level: 12 units

(Experience: 50 days of 3 + hours per day within 2 years of application)

Child Development 39 or 150

Child Development 30

Child Development 3 . . .

plus 3 additional units of child development coursework

Teacher level: 40 units

(Experience: 175 days of 3 + hours per day within 4 years of application)

Completion of the Associate Teacher level (above) plus 12 additional units in Child Development and 16 units of general education including one course that meets FCC graduation requirements from each of the following areas:

English

Math or Science

Social Sciences

Humanities

* *Alternative qualifications: an AS degree in Child Development which includes one supervised field experience course. No work experience required*

***Master Teacher level:**

(Experience: 350 days of experience within 4 years, including 100 days of supervising adults)

Complete the Teacher level requirements listed above, plus:

Child Development 45

6 units of specialized course work in Child Development

(A list of Fresno City College specializations may be obtained from the Child Development Department)

***Site Supervisor level:**

(Experience: 350 days of 3 + hours per day within 4 years, including at least 100 days supervising adults)

An AA or AS degree with 24 units in child development, including the core courses, plus:

Child Development 40A, Child Development 40B, and Child Development 45

* *Alternative qualifications for Master Teacher and Site Supervisor levels:*

BA degree or higher with 12 units of child development

Plus a supervised field work experience course (Child Development 37A or 37B; Child Development 18A or 18B, Child Development 17A)

Family Child Care

A family child care provider is an individual who is licensed to care for up to six children in his/her home. State law requires that the family child care provider must complete 15 hours of child health and safety. This requirement is satisfied by Child Development 6, Child Care, Health and Safety, 3 units. There are currently no additional educational requirements for family child care providers, however, the Child Development Department recommends completion of the Family Child Care Certificate Program.

Elementary School Teaching Credential

Students wishing to teach in an elementary school must take the Liberal Studies (Credential) major.

Please note that most child development classes listed above do not count toward the Liberal Studies (Credential) major.

This material has been prepared as carefully as possible. Fresno City College does not assume responsibility for inaccuracies or changes in the information contained herein after the date of publication.

COMMUNICATION FORMERLY SPEECH –

MAJOR #5430

The Communication degree program is intended to prepare students for entry into a variety of career options requiring the effective and ethical practice of human communication. Communication courses focus on how people use messages to generate meanings within and across various contexts, cultures, channels and media.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Upon successful completion of the Communication major students will demonstrate understanding of core communication theories and principles.
2. Upon successful completion of the Communication major students will be able to organize, develop, and deliver an effective presentation.
3. Upon successful completion of the Communication major students will be able to critically evaluate various communication situations.

DRAFT 12	Drafting Practices.....	3
DRAFT 160	Mathematics of Drafting.....	3
Total		12

Second Semester		Units
AT 10	Technical Computer Applications.....	2
CADD 22	Mechanical Drawing I.....	3
CADD 24	2D CAD II.....	3
CADD 26A	3D Solid Modeling II.....	3
CADD 28	Rapid Prototyping I.....	3
Total		14

SECOND YEAR

First Semester		Units
AT 31	Technical Reports.....	3
AT 120	Industrial Science.....	3
CADD 32	Mechanical Drawing II.....	3
CADD 36A	3D Solid Modeling III.....	3
Total		12

Second Semester		Units
AT 40	Preparing for Employment Opportunities.....	3
CADD 40	Civil Drafting Applications.....	3
CADD 42	Mechanical Drawing III.....	3
CAM 10	CNC Mill Programming & Operation.....	7
Total		16

Recommended Elective: Drafting 19.

Note: Students planning to receive the AS degree must meet the Associate of Science degree requirements on page 32.

COMPUTER AIDED MANUFACTURING FORMERLY MANUFACTURING TECHNOLOGY & MACHINIST

COMPUTER AIDED MANUFACTURING – MAJOR #8271

The CAM Program is designed for students who have a strong interest in hands-on experience both in the classroom as well as in the industry. Core courses ensure students with a knowledgeable foundation to operate and setup computer numerical control machines using our Computer Aided Manufacturing laboratory. MasterCAM software is the designing software used to generate G and M codes for product prototyping. The CAM program prepares students for an entry level job as a CNC operator or as CNC programmer. The software and machines give students the most experiences possible, and help develop skills for our local manufacturing workforce.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Design geometric shapes using Mastercam software.
2. Select the correct toolpaths for the manufacturing of the prototypes.
3. Setup and operate Computer Numerical Control Machines.

FIRST YEAR

First Semester		Units
AT 10	Technical Computer Applications.....	2
CAM 10	CNC Mill Programming & Operation I, <i>or</i>	7
CAM 1A	CAM and Cabinetry Operation I.....	13
Total		9-15

Second Semester		Units
CAM 20	CNC Mill/Programming & Operation II, <i>or</i>	7
CAM 1B	Mill and Lathe Operation II.....	13
DRAFT 12	Drafting Practices.....	3
Total		10-16

SECOND YEAR

First Semester		Units
AT 40	Preparing for Employment Opportunities.....	3
Total		3

Second Semester		Units
AT 21	Occupational Safety and Health.....	2
CADD 16	3D Solid Modeling.....	3
Total		5

Associate degree requirements are listed on page 32.

**COMPUTER INFORMATION TECHNOLOGY
FORMERLY INFORMATION SYSTEMS**

COMPUTER INFORMATION SYSTEMS – MAJOR #2701

This program provides a strong academic preparation in Information Systems and Computer Science. The courses give students the fundamentals in current programming languages and a broad foundation in Business Administration. This major will prepare students for transfer as an Information Systems major to most transfer schools as well as entry-level employment as a computer programmer. Transfer students should obtain complete information on transfer requirements as they plan their program.

ASSOCIATE IN SCIENCE DEGREE

FIRST YEAR

First Semester		Units
ACCTG 4A/4AH	Financial Accounting, <i>or</i> Honors Financial Accounting	4
BA 28	E-Law and Ethics	3
CIT 15	Computer Concepts	3
Total		10

Second Semester

Second Semester		Units
ACCTG 4B/4BH	Managerial Accounting, <i>or</i> Honors Managerial Accounting	4
BA 18	Business and the Legal Environment.....	4
CIT 60	Beginning Visual Basic	3
Total		11

SECOND YEAR

First Semester		Units
CIT 63	Beginning Java Programming, <i>or</i>	
CIT 66	Beginning C++ Programming	4
DS 21	Finite Mathematics	3
ECON 1A/1AH	Introduction to Macroeconomics, <i>or</i> Honors Introduction to Macroeconomic	3
Total		10

Second Semester		Units
CIT 68	Advanced Programming Applications, <i>or</i>	
CIT 64	Advanced Java Programming, <i>or</i>	
CIT 67	Advanced C++ Programming.....	4
DS 23	Business Statistics.....	4
ECON 1B/1BH	Introduction of Microeconomics, <i>or</i> Honors Introduction of Microeconomics.....	3

Total 11

Note: Requires additional general education units for AS degree.

DATA ENTRY TECHNICIAN – MAJOR #2716

This program is designed to prepare student for entry level employment as a data entry operator.

CERTIFICATE OF ACHIEVEMENT

First Semester		Units
BT 1	Typing/Document Processing I	4
BT 4	Ten-Key Calculations	2
CIT 12	Computer Literacy.....	3
DS 117	Business Math	3
Total		12

Second Semester		Units
BA 10	Intro to Business.....	3
CIT 17	Windows Vista Basics.....	2
CIT 80	Internet Basics.....	2
CIT 81	Worldwide Web Research	2
Total		9

INFORMATION SECURITY I – MAJOR #2714

Designed to meet the training needs for qualified entry-level computer network security professionals. It is also designed to help prepare students for industry standard security certifications like CompTIA Security+, Security Certified Professional (SCP) and others.

CERTIFICATE		Units
CIT 57	Wireless Networking.....	3
CIT 58A	Principles of Information Security	3
CIT 58B	Operating System Security	3
CIT 58C	Network Security Fundamentals.....	3
Total		12

INFORMATION SECURITY II – MAJOR #2715

Designed to meet the training needs for qualified entry-level computer network security professionals. It is also designed to help prepare students for industry standard security certifications like CompTIA Security+, Security Certified Professional (SCP), and others.

CERTIFICATE		Units
CIT 58D	Network Defense and Countermeasures.....	3
CIT 58E	Firewalls and Network Security.....	3
CIT 58F	Ethical Hacking.....	3
Total		9

MCSE CORE – MAJOR #2721

Designed to meet the training needs for qualified entry-level Microsoft network technicians. It is also designed to help prepare students for the core requirements for the Microsoft Certified Systems Engineer (MCSE) certification tests.

CERTIFICATE		Units
CIT 50	Fundamentals of Networking.....	4
CIT 51	MCSE Network Infrastructure.....	4
CIT 52	MCSE Directory Services.....	4
Total		12

MCSE NETWORKING – MAJOR #2722

Designed to meet the training needs for qualified entry-level MCSE network technicians. It is also designed to help prepare for the MCSE certification tests.

CERTIFICATE OF ACHIEVEMENT		Units
CIT 50	Fundamentals of Networking.....	4
CIT 51	MCSE Network Infrastructure.....	4
CIT 52	MCSE Directory Services	4
CIT 53	MCSE Directory Infrastructure.....	2
CIT 54	MCSE Network Services.....	2
CIT 55	MCSE Network Security.....	4
CIT 56	MCSE ISA.....	4
Total		24

MICROCOMPUTER SOFTWARE SPECIALIST – MAJOR #2705

Designed for the nontransfer student leading to employment as a micro-computer software specialist or similar computer specialist. Completing the program with the college graduation requirements leads to an AS degree; with the graduation requirements, student is eligible for a certificate of achievement.

ASSOCIATE IN SCIENCE DEGREE AND CERTIFICATE OF ACHIEVEMENT

FIRST YEAR

First Semester		Units
ACCTG 4A/4AH	Financial Accounting, <i>or</i> Honors Financial Accounting	4
BA 28	E-Law and Ethics	3
BT 106	Computer Keyboarding.....	1.5
CIT 15	Computer Concepts.....	3
MATH 101	Elementary Algebra (if needed).....	5
Total		11.5 or 16.5

Second Semester		Units
CIT 17	Windows Vista Basics.....	2
CIT 20	Microsoft Office	3
CIT 80	Internet Basics.....	2
CIT 81	World Wide Web Research.....	2
Total		9

130 Computer Information Technology

SECOND YEAR

First Semester		Units
CIT 29	PowerPoint	1
CIT 45	Data Communications.....	3
CIT 60	Beginning Visual Basic	3
Total		7
Second Semester		Units
CIT 19	Work Experience (Coop), Occup	2
CIT 21	Advanced Microsoft Office	3
Total		5

Recommended Electives: CIT 68, CIT 260

Note: Requires additional general education units for AS degree.

MICROSOFT ACCESS – MAJOR #2707

This certificate option is designed to assist students pursuing MOUS certification.

CERTIFICATE		Units
CIT 26	Database Fundamentals	2
CIT 27	Advanced Databases	2
Total		4

Note: Courses in the program have CIT 12 or CIT 15 as prerequisites.

MICROSOFT EXCEL – MAJOR #2709

This certificate option is designed to assist students pursuing MOUS certification.

CERTIFICATE		Units
CIT 23	Spreadsheet Fundamentals.....	2
CIT 24	Advanced Spreadsheets.....	2
Total		4

Note: Courses in the program have CIT 12 or CIT 15 as prerequisites.

MICROSOFT OFFICE – MAJOR #2711

This certificate option is designed to assist students pursuing MOUS certification.

CERTIFICATE		Units
CIT 20	Microsoft Office	3
CIT 21	Advanced Microsoft Office	3
Total		6

Note: Courses in the program have CIT 12 or CIT 15 as prerequisites.

NETWORKING/COMPUTER TECHNICIAN – MAJOR #2720

This option is designed to meet the training needs for qualified entry-level microcomputer and networking technicians.

ASSOCIATE IN SCIENCE DEGREE AND CERTIFICATE OF ACHIEVEMENT

First Semester		Units
CIT 15	Computer Concepts.....	3
EST 55A	Digital Concepts	3
EST 60	A+ PC Maintenance	3
Total		9

Second Semester		Units
CIT 40	Computer Operating Systems.....	4
*CIT 45	Data Communications.....	3
CIT 50	Fundamentals of Networking.....	4
EST 61	Networking Essentials	3
Total		14

Recommended Electives: BT 23 and CIT 19

*EST 57A and EST 57B may be substituted for CIT 45.

Note: Requires additional general education units for AS degree.

PREPARATION IN MICROSOFT OFFICE – MAJOR #2710

This certificate option is designed to assist students pursuing MOUS certification.

CERTIFICATE		Units
First Semester		Units
BT 28	Microsoft Word I.....	2
BT 29	Microsoft Word II.....	2
CIT 20	Microsoft Office	3
CIT 23	Spreadsheet Fundamentals.....	2
CIT 24	Advanced Spreadsheets.....	2
Total		11

Second Semester		Units
BT 27	Microsoft Outlook.....	1
CIT 26	Database Fundamentals	2
CIT 27	Advanced Database.....	2
CIT 29	PowerPoint	1
Total		6

Note: Courses in the program have CIT 12 or CIT 15 as prerequisites.

SYSTEM SUPPORT SPECIALIST – MAJOR #2723

This option is designed to meet the training needs for qualified entry-level systems support personnel.

CERTIFICATE

Suggested sequence of courses:

Fall Semester		Units
CIT 40	Computer Operating Systems.....	4
CIT 45	Data Communication.....	3
Total		7

Spring Semester		Units
CIT 48	A+ and Server+Systems Fundamentals.....	3
EST 60	A+PC Maintenance.....	3
Total		6

WEB DEVELOPER – FORMERLY WEBMASTER – MAJOR #2742

This option is designed to prepare students for work in the computer industry as Web Developers. Completing the program with the college graduation requirements leads to an AS degree; without the graduation requirements, student is eligible for a certificate of achievement.

ASSOCIATE IN SCIENCE DEGREE AND CERTIFICATE OF ACHIEVEMENT

Suggested sequence of courses:

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Math 101 recommended.

FIRST YEAR

First Semester		Units
BA 28	E-Law and Ethics, <i>or</i>	
BA 48	E-Business.....	3
CIT 15	Computer Concepts.....	3
CIT 82	Web Technologies.....	3
Total		9

Second Semester		Units
CIT 28	Client/Server Databases.....	3
CIT 85	Creating Websites.....	3
CIT 93	Client Side Scripting.....	3
Total		9

SECOND YEAR

First Semester		Units
CIT 63	Beginning Java Programming.....	4
CIT 94	Server Side Scripting.....	3
Electives	See list below.....	3-4
Total		10-11

Second Semester		Units
CIT 64	Advanced Java Programming, <i>or</i>	
CIT 68	Advanced Programming Applications.....	4
CIT 90	Data Driven Websites.....	4
Electives	See list below.....	3-4
Total		11-12

Recommended Electives (6 to 8 units)

CIT40	Computer Operating Systems.....	4
CIT 45	Data Communications.....	3
CIT 50	Fundamentals of Networking.....	4
CIT 60	Beginning Visual Basic.....	3
CIT 66	Beginning C++ Programming.....	4
CIT 80	Internet Basics.....	2
CIT 81	World Wide Web Research.....	2
CIT 260	Computer Skills Lab.....	1

WEB PAGE DEVELOPMENT – MAJOR #2741

This certificate option is designed to assist students who would like to develop web pages.

CERTIFICATE		Units
CIT 82	Web Technologies.....	3
CIT 85	Creating Websites.....	3
CIT 93	Client Side Scripting.....	3
Total		9

CONSTRUCTION – MAJOR #8091

The construction curriculum is designed to offer students hands-on training which will prepare them for entry into the construction industry as an advanced apprentice.

ASSOCIATE IN SCIENCE DEGREE AND CERTIFICATE OF ACHIEVEMENT

FIRST YEAR

First Semester		Units
ARCH 21	Materials of Construction.....	3
AT 10	Technical Computer Applications.....	2
AT 21	Occupational Safety & Health.....	2
AT 130	Industrial Mathematics.....	3
CONS 50A	Basic Residential Construction.....	3
Total		13

Second Semester		Units
ARCH 22	Arch Practice II.....	3
AT 40	Preparing for Employment Opportunities.....	3
AT 131	Technical Report Writing.....	3
CONS 50B	Basic Resident Construction.....	3
Total		12

SECOND YEAR

First Semester		Units
CONS 51	Resid Founds & Framing.....	9
Total		9
Second Semester		Units
CONS 53	Resid Ext & Int Finishing.....	9
CONS 55	Roof Framing Systems.....	3
Total		12

Recommended Electives: BT 1; CONS 19, 56, 57; WELD 1.

Note: Students qualify for the certificate of achievement upon completion of the major requirements listed above. In addition, those completing the associate degree requirements on page 32 of the catalog, upon application, will be awarded the associate in science degree.

CRIMINOLOGY

FORMERLY ADMINISTRATION OF JUSTICE

Criminology courses are designed for those students interested in law enforcement as a career. These programs offer course work leading to an associate in science degree, a certificate of achievement, or a certificate of completion in Criminology. There are four options:

1. Corrections—specialized training for those interested in careers in corrections.
2. Criminology—a transfer program designed for upper division work in law enforcement, corrections, or victimology.
3. Forensic Evidence—designed to provide specialized education for those students desiring a career as crime scene investigators, evidence technicians, or forensic evidence technicians. This option is also designed to provide those students who are pursuing careers in law enforcement the opportunity to broaden their knowledge and appreciation for the value that forensic evidence plays in the role of solving crime. This option will also serve as a primer for those students who wish to pursue a higher level of education in forensics at the university level.
4. Law Enforcement—designed for students considering careers as police officers, sheriff's deputies, or highway patrol officers.

CORRECTIONAL SCIENCE OPTION – MAJOR #7731

This pattern has been endorsed by the Joint Apprenticeship Committee of the California Department of Corrections, California Youth Authority, and the California Peace Officer's Association as a program which would be of benefit to apprentices.

ASSOCIATE IN SCIENCE DEGREE AND CERTIFICATE OF ACHIEVEMENT

*WSTS 10	Changing Roles of Women	3

*Also fulfills degree or transfer requirements

Note: An associate in science degree will be awarded to any candidate who successfully completes a minimum of 60 units. The 60-unit minimum must include associate degree requirements and 45 units of course work listed above.

Students Transferring from the Police Academy

Candidates who have completed the Basic Academy or the Reserve Level 1 program may request to waive 6 units from the following courses in the Criminology degree program: Criminology 1, 6, 7, 12. To process this, candidates must complete a course waiver form and attach a copy of the Certificate from the Police Academy or a copy of their transcript. Forms are available in the Social Sciences Division office.

The waiver form is then signed by the dean of Social Science and by the dean of Admissions and Records.

PRE-ACADEMY TRAINING OPTION – MAJOR #8923

Non-affiliated students who intend to undertake training through the Police Academy can enhance their chances of success by taking the Pre-Academy Certificate of Achievement program listed below.

CERTIFICATE OF ACHIEVEMENT **Units**

CRIM 3	Legal Aspects of Evidence	3
CRIM 4	Prin and Procedures of the Justice System	3
CRIM 6	Concepts of Criminal Law.....	3
CRIM 8	Criminal Investigating.....	3
CRIM 12	Criminal Justice Communications.....	3
CRIM 13	The Constitution and Your Individual Rights.....	3
CRIM 15	Police Ethics	3
ENGL 1A/1AH	Reading and Composition, <i>or</i>	
Honors Reading and Composition.....		4
Total		25

Note: This certificate of achievement program is strongly recommended. However, it is not a prerequisite for admission to the Police Academy.

For more information on the Police Academy, call 442-8264.

CULINARY ARTS

BASIC CULINARY ARTS – MAJOR #5684

CERTIFICATE **Units**

FSM 38	Quality Food Prep.....	3
FSM 149	Food Service Internship.....	3
Total		12

DANCE – MAJOR #5390

The associate degree in dance provides a base of training in dance technique and practical experience in concert performance and production work as well as theoretical background in dance composition. Possible careers include choreographer*, dance director, dance historian*, dancer, dance teacher*, dance therapist*, fitness/aerobic instructor, movement notator, performer, reconstructor, and recreation leader.

**Bachelor degree or higher required.*

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Participate in a public dance performance.
2. Describe characteristic elements and form of various dance choreography.

REQUIRED CORE COURSES		Units
DANCE 10	Beginning Modern Dance.....	1
DANCE 12A, <i>or</i>		
DANCE 12B	Beginning Ballet.....	1
DANCE 13*	Intermediate Ballet.....	1
DANCE 14 <i>or</i>		
DANCE 15*	Beg/Int Jazz Dance Technique.....	1
DANCE 20A	Beg Modern Dance Composition.....	3
DANCE 20B	Intermediate Modern Dance Composition.....	3
DANCE 21	Dance Workshop Performance.....	2-4
DANCE 22	Dance Theatre Performance.....	2-4
DANCE 28	Intermediate Modern Dance.....	1
DANCE 30	Dance Appreciation.....	3
MUS 3	Music Fundamentals.....	3
PE 17 Hatha Yoga, <i>or</i>		
DANCE 9	Dance Conditioning.....	1
Total		22-25

** Class level dependent on entry-level experience.*

NONTRANSFER (PROFESSIONAL) PROGRAM

Students planning a career in dance upon leaving Fresno City College are urged to complete additional courses in physical education, music and theatre arts.

NONTRANSFER TOTAL UNITS REQUIRED.....36-39

REQUIRED COURSES **Units**

MUS 12	Music Appreciation.....	3
PE 20	Care & Prevention of Athletic Injuries.....	4

At least one (1) of the following courses:

TA 12	Fundamentals of Interpretation.....	3
TA 41	Beginning Acting.....	3

At least four (4) units from:

TA 26	Theatre Crafts II.....	3
TA 27B	Introduction Lighting Design.....	3
TA 28	Introduction to Stage Makeup.....	2
TA 35	Costume Crafts.....	3

Note: The associate degree additionally requires the completing of the requirements listed on page 32 with a 2.0 or better GPA.

TRANSFER PROGRAM

Most four-year colleges and universities will require a dance audition to determine level of placement upon transfer. An effective program of study can best be obtained by consulting directly with the department of the target institution as early as possible.

NONTRANSFER TOTAL UNITS REQUIRED..... 35-38

COURSE OPTIONS: Select 13 units **Units**

ART 2/2H	Art Appreciation, <i>or</i> Honors Art Appreciation.....	3
ART 3	Two-Dimensional Design.....	3
ART 4	Three-Dimensional Design.....	3
BIOL 20	Human Anatomy.....	4
DANCE 9	Dance Conditioning.....	1
DANCE 10	Modern Dance.....	1
DANCE 11	Introduction to Social Dance.....	1
DANCE 12A	Beginning Ballet Part 1.....	1
DANCE 13	Intermediate Ballet.....	1
DANCE 14	Beginning Jazz Dance Technique.....	1
DANCE 15	Intermediate Jazz Dance.....	1
DANCE 16	Beginning Tap Dance.....	1
DANCE 17	Beginning Mexican Folklorico Dance.....	4
DANCE 18	Intermediate Tap Dance.....	1
DANCE 21	Dance Workshop Performance.....	2-4
DANCE 22	Dance Theatre Performance.....	2-3
DANCE 27	Advanced Mexican Folklorico Dance.....	4
MUS 12	Music Appreciation.....	3
PE 17	Hatha Yoga.....	1
PE 20	Care & Prevention of Athletic Injuries.....	4

DENTAL HYGIENE – MAJOR #4580

Registered Dental Hygienists provide dental health education, promote and encourage the preventive aspects of dental care, remove deposits and stains from teeth, expose and process dental radiographs, and treat oral diseases to protect both the oral and systemic health of their patients.

Completion of the program leads to an Associate in Science degree. After completing the program and passing the National Board Dental Hygiene Examination, graduates are eligible to apply for and take the California State Board and other clinical licensing examinations for dental hygienists.

Dental hygiene students will be required, as part of the total dental hygiene program, to participate in service learning activities. These activities could include community dental health projects, hospital clinical practice, and other field excursions of educational value.

Application Requirements

Enrollment is limited in the dental hygiene program. Minimum qualifications for selection must be met. There are no restrictions as to age, race, sex, or marital status. Minimum prerequisite requirements for application to the program are the following:

1. Have graduated from high school or have an average score of 45 on the General Educational Development (GED) test.
2. Have a minimum cumulative college grade point average (GPA) of 2.70.
3. Have completed Biology 24, Human Anatomy and Physiology (or equivalent), with a grade of "C" or better. Biology 24 may be replaced by Biology 20, Human Anatomy, and Biology 22, Human Physiology, (or equivalents) each with a grade of "C" or better.
4. Have completed English 1A, Reading and Comprehension; Chemistry 2A or 3A, Introduction to General Chemistry; Biology 31, Microbiology; Math 103, Intermediate Algebra, or another more advanced math course; Chemistry 3B, Organic and Biological Chemistry; Food and Nutrition 40, Nutrition, (or equivalents to these courses) with grades of "C" or better.
5. Have completed an Academic Summary Form for the Dental Hygiene Program.
6. Have no physical impairment that would preclude the performance of all dental hygiene duties.
7. Be in good physical and mental health.

Note: COMM 1 or 2 is a prerequisite for DH 3A, a first semester course. Successful applicants must complete one of these courses with a "C" or better prior to beginning the program.

In addition, PSY 2 is a course prerequisite to DH 7A and SOC 1A is a course prerequisite to DH 7B (second year courses).

Academic Requirements

All program entry requirement courses listed above must be completed with a grade of "C" or better. In order to be eligible to take the California State Dental Hygiene Board examination, all other courses leading to the associate degree must also be completed with a grade of "C" or better.

Students in the dental hygiene program must earn a "C" grade or better (or a "Credit" grade when applicable) in all dental hygiene courses. Less than a "C" or a "Credit" grade in any dental hygiene course requires that the course be repeated before continuing with the major. Courses must be repeated in their entirety. Courses may be repeated once only.

Safe professional practice is necessary for retention of students in the program. If a student demonstrates that he/she is unsuited to the profession or is not progressing satisfactorily, based on the professional judgment of the faculty, he/she may be asked to withdraw from the program.

Background Check

Upon entry into the program, students may be required to obtain a background check.

Change of Name, Address, and/or Telephone Number

Applicants and dental hygiene students must keep the Dental Hygiene Office informed of any change in name, address, and/or telephone number. Failure of applicants to inform the Dental Hygiene Office of this vital information may result in loss of entry into the program. Dental hygiene students must have working e-mail addresses.

Student Learning Outcomes:

1. Complete the dental hygiene program at Fresno City College with a GPA of 2.0 or better.
2. Complete the National Board Dental Hygiene Examination with a score of 75th percentile or better.
3. Pass state and/or regional clinical licensing examinations.
4. Secure employment as a Registered Dental Hygienist.

ASSOCIATE IN SCIENCE DEGREE

Dental Hygiene Course Sequence (must be completed with a grade of "C" or better.)

FIRST YEAR

First Semester		Units
DH 1A	Oral Biology.....	2
DH 3A	Pre-Clinical Dental Hygiene Tech.....	4
DH 4	Oral Radiography.....	4
DH 10	Head & Neck Anatomy	2
		Total 12

Second Semester

Second Semester		Units
DH 1B	General & Oral Pathology.....	4
DH 2	Dental Materials & Assisting	2
DH 5A	Clinical Dental Hygiene	3
DH 6A	Dental Emergencies	1
DH 8A	Patient Management.....	2
DH 11	Local Anesthesia.....	2.5
DH 12	Clinical Seminar Topics I	1
		Total 15.5

SECOND YEAR

First Semester		Units
DH 1C	Periodontology	2
DH 5B	Clinical Dental Hygiene	5
DH 6B	Pharmacology	3
DH 7A	Community Dental Health I	2
DH 13	Clinical Seminar Topics II	1
Total		13

Second Semester		Units
DH 1D	Applied Periodontics	1
DH 3B	Dental Specialties	1
DH 5C	Clinical Dental Hygiene	5
DH 7B	Community Dental Health II	1
DH 8B	Practice & Financial Management	2
DH 9	Nutrition in Dentistry	1
DH 14	Clinical Seminar Topics III	1
Total		12

Note: All application requirements, program requirements and selection criteria are subject to change. Students will enter the selection pool based on the current catalog or catalog supplement. Contact a Fresno City College health career counselor every semester for current information.

DRAFTING – SEE COMPUTER AIDED DRAFTING AND DESIGN

ELECTRICIAN – SEE ELECTRICAL SYSTEMS TECHNOLOGY

ELECTRICAL SYSTEMS TECHNOLOGY

FORMERLY ELECTRONIC TECHNOLOGY – MAJOR #8171

Electrical Systems Technology provides an opportunity for students to prepare for employment in the electronics/electrical industry. Specific occupational preparation is provided in the following program.

ASSOCIATE IN SCIENCE DEGREE AND CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Define and apply various numbering systems (i.e. Binary, hexadecimal and Octal).
2. Develop a motor logic control solution using the defined parameters given.
3. Demonstrate a comprehension of the basic operation of communication systems for digital signals.

4. Design and configure a control application using a PLC and PLC software.
5. Specify, install, and calibrate an instrumentation circuit for the solution of a problem.

FIRST YEAR

First Semester		Units
AT 10	Technical Computer Applications	2
EST 51	Direct Current Fund of Electronics	3
EST 52	Alternating Current Fundamentals	3
EST 54	Integrated Devices	3
Total		11

Second Semester		Units
EST 53	Lab Safety Practices	2
EST 55A	Digital Concepts	3
EST 55B	Facility Automation	3
EST 57C	Voice and Data Cabling	3
EST 96A	National Electrical Code Part 1, <i>or</i>	
EST 96B	National Electrical Code Part 2, <i>or</i>	
EST 96C	National Electrical Code Part 3	3
Total		14

SECOND YEAR

First Semester		Units
EST 55C	SCADA Systems	2
EST 57A	Analog Communications	3
EST 57B	Digital Communications	3
EST 58	Programmable Logic Controllers	3
Total		11

Second Semester		Units
AT 40	Preparing for Employment Opportunities	3
EST 56A	Wiring Methods	3
EST 56B	Motor Controls	3
EST 56C	Industrial Electronics	3
EST 59	Instrumentation Systems	3
Total		15
Total Units		51

AUTOMATION CONTROL TECHNICIAN – MAJOR #8179

Training is designed to prepare the student for employment as an industrial and/or building automation technician.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Develop and implement a strategy utilizing HVAC controls.
2. Design and implement a network topology for a solution to a proposed communication problem.
3. Configure the I/O for a PLC project using PLC software.

4. Specify, install, and calibrate an instrumentation circuit for the solution of a problem.
5. Identify the role of a supervisory controller within a DDC network.

FIRST YEAR

First Semester	Units
AT 10 Technical Computer Applications.....	2
EST 51 Direct Current Fund of Electronics.....	3
EST 55B Facility Automation.....	3
EST 57C Voice and Data Cabling.....	3
Total	11

Second Semester	Units
AC 57 System Configuration and Control.....	2
EST 55A Digital Concepts	3
EST 58 Programmable Logic Controllers	3
Total	8

SECOND YEAR

First Semester	Units
AC 250 Digital Unitary Controls.....	2
EST 55C SCADA Systems	2
EST 59 Instrumentation Systems.....	3
Total	7

Second Semester	Units
AC 251 Digital VAV Controls.....	1
AC 252 DDC Network Controllers.....	2
Total	3

CISCO CCNA PREPARATION

CISCO CCNA PREPARATION - MAJOR #8174

This option is to prepare students for the CISCO Certified Network Associate (CCNA) certification test. By completing this option, a student will have basic knowledge of networking hardware, including routers.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Construct and apply an IP addressing scheme for a simple network problem.
2. Configure a router for either static and/or dynamic IP routing for a given scenario.
3. Configure a switch for implementing the VLAN protocols.
4. Construct a WAN network utilizing the requested protocol over multiple routers and WAN service providers.

REQUIRED COURSE SEQUENCE

	Units
EST 61 Networking Fundamentals	3
EST 62 Routing Protocols and Concepts.....	3
EST 63 Advanced Routing and Switching.....	3
EST 64 Advanced Networking and Management.....	3
Total	12

CISCO CCNP PREPARATION - MAJOR #8165

This option is to prepare students for the CISCO Certified Networking Professional (CCNP) certification test. By completing this option, a student will have advanced knowledge of networking hardware, including routers and switches.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Implement appropriate technologies to build a scalable routed network using multilayer switching technologies.
2. Construct a network for multilayer switching, and configure the network devices accordingly.
3. Describe and configure a site-to-site IPsec VPN.
4. Design and implement an IP QoS strategy in a network.

REQUIRED COURSE SEQUENCE

	Units
EST 65 Building Scalable Internetworks	3
EST 66 Building Multilayer Switched Networks	3
EST 67 Implementing Secure Converged WANs	3
EST 68 Optimizing Converged Networks	3
Total	12

COMMUNICATIONS TECHNOLOGY – MAJOR #8175

Training is designed to prepare the student for employment as a communication technician.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Describe the basic parameters when working on electronic circuits.
2. Demonstrate a comprehension of the basic operation of communication systems for analog signals.
3. Demonstrate a comprehension of the basic operation of communication systems for digital signals.
4. Design and implement a network topology for a solution to a proposed communication problem.

First Semester

	Units
EST 52 Alternating Current Fundamentals	3
EST 53 Lab Safety Practices.....	2
EST 54 Integrated Devices	3

Second Semester		Units
EST 57A	Analog Communications	3
EST 57B	Digital Communications	3
EST 57C	Voice and Data Cabling.....	3
Total		17

CONTROL SYSTEMS – MAJOR #8176

Training in this specialized field is designed to prepare the student for employment as a control and instrument technician.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Define and apply formulas (Ohm’s and Kirchoff’s Laws) for electrical circuit solutions.
2. Create a digital logic circuit using appropriate logic gates.
3. Contrast the different parts of a Supervisory Control and Data Acquisition System (SCADA).
4. Understand the purpose, functions, and operations of a PLC.
5. Specify, install, and calibrate an instrumentation circuit for the solution of a problem.

First Semester		Units
EST 51	Direct Current Fund of Electronics	3
EST 55A	Digital Concepts	3
EST 57C	Voice and Data Cabling.....	3
Second Semester		
EST 58	Programmable Logic Controllers	3
EST 59	Instrumentation Systems	3
EST 55C	SCADA Systems	2
Total		17

ELECTRICAL LINE/UTILITY WORKER – MAJOR #8181

This option is to prepare students for entry level employment as an electrical lineman or utility worker. By completing this option students will also be better prepared for the pre-employment testing process used by utility companies.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Analyze and evaluate potential employment opportunities.
2. Recognize, analyze and compute circuit values using the fundamental laws and rules.
3. Demonstrate safe and appropriate application of electrical instruments for circuit simulations.

REQUIRED COURSES		Units
AT 40	Preparing for Employment Opportunities.....	3
EST 271	Electrical Line/Utility Worker	12
Total		15

INDUSTRIAL CONTROLS – MAJOR #8180

This option is to prepare students for the Industrial Controls Certificate. By completing this option, a student will have training that emphasizes industrial control systems.

CERTIFICATE

Student Learning Outcomes:

1. Define and apply digital numbering systems (i.e. Binary, hexadecimal and Octal).
2. Specify, install, and calibrate an instrumentation circuit for the solution of a problem.
3. Write programs in ladder logic, load and troubleshoot the programs, and operate the system.

REQUIRED COURSES		Units
EST 50	Introduction to Electronics, <i>or</i>	2.5
MMCTC 371	Fund of Hydraulics & Pneumatics	0
EST 55A	Digital Concepts	3
EST 58	Programmable Logic Controllers	3
EST 59	Instrumentation Systems	3
Total		9-11.5

NETWORK SECURITY – MAJOR #8177

Training is designed to prepare the student for employment as a networking technician emphasizing network security.

CERTIFICATE

Student Learning Outcomes:

1. Configure a router for communication on both Ethernet and serial ports with given instructions or scenarios.
2. Configure a switch for implementing the VLAN protocols.
3. Construct a WAN network utilizing the requested protocol over multiple routers and WAN providers.
4. Create and implement (through the configuration of network devices) a security policy per a scenario.

First Semester		Units
EST 61	Networking Fundamentals	3
Second Semester		
EST 62	Routing Protocols and Concepts.....	3
Third Semester		
EST 63	Advanced Routing & Switching.....	3
Fourth Semester		
EST 64	Advanced Networking and Management.....	3
Fifth Semester		
EST 269A	Fund of Network Security-Firewalls	3
Total		15

NETWORKING/COMPUTER TECHNICIAN

NETWORKING/COMPUTER TECHNICIAN – MAJOR #8172

This option is designed to meet the training needs for qualified entry-level microcomputer and networking technicians.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Construct and apply an IP addressing scheme for a simple network problem.
2. Configure a router for communication on both Ethernet and serial ports with given instructions or scenarios.
3. Define and apply digital numbering systems.
4. Explain how networks are interconnected and understand how operating system software affects the hardware.
5. Install and configure the network server operating system software, and manage servers, users, and resources with a server manager utility, and monitor network system performance.

REQUIRED CORE COURSES		Units
*BT 23	Job Search and Workplace Skills	3
BT 112	Business English, <i>or</i>	
ENGL 159	Business English.....	2-3
CIT 15	Computer Concepts	3
CIT 40	Computer Operating Systems.....	4
**CIT 45	Data Communications.....	3
CIT 50	Fundamentals of Networking	4
EST/CIT 19	Work Experience (Coop), Occup	2
EST 55A	Digital Concepts	3
EST 60	A+ PC Maintenance	3
EST 61	Networking Fundamentals	3
EST 62	Routing Protocols and Concepts.....	3
Total		33-34

Suggested sequence of courses:

First Semester		Units
CIT 15	Computer Concepts	3
**CIT 45	Data Communications.....	3
EST 55A	Digital Concepts	3
EST 60	A+ PC Maintenance	3
EST 61	Networking Fundamentals	3
Total		15

Second Semester		Units
*BT 23	Job Search and Workplace Skills	3
BT 112	Business English, <i>or</i>	
ENGL 159	Business English.....	2-3

CIT 40	Computer Operating Systems.....	4
CIT 50	Fundamentals of Networking	4
EST/CIT 19	Work Experience (Coop), Occup	2
EST 62	Routing Protocols and Concepts.....	3
Total		18-19

* AT 40 can be substituted for BT 23.

** EST 57A and EST 57B may be substituted for CIT 45.

Note: Associate degree requirements are listed on page 32.

NETWORKING/COMPUTER TECHNICIAN – MAJOR #8172

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Construct and apply an IP addressing scheme for a simple network problem.
2. Configure a router for communication on both Ethernet and serial ports with given instructions or scenarios.
3. Define and apply digital numbering systems.
4. Explain how networks are interconnected and understand how operating system software affects the hardware.
5. Install and configure the network server operating system software, and manage servers, users, and resources with a server manager utility, and monitor network system performance.

WIRELESS NETWORKS – MAJOR #8178

Training is designed to prepare the student for employment as a networking technician emphasizing Wireless Local Area Networks.

CERTIFICATE

Student Learning Outcomes:

1. Identify network devices, and at which level of the OSI model they are applicable.
2. Configure a router for communication on both Ethernet and serial ports with given instructions or scenarios.
3. Recognize and apply Wireless LAN topologies for a scenario or set of parameters.

First Semester		Units
EST 61	Networking Fundamentals	3
Second Semester		Units
EST 62	Routing Protocols and Concepts.....	3
EST 269B	Fund of Wireless LANs	3
Total		9

ENGINEERING – MAJOR #3010

Recommended Transfer Program

The following curriculum satisfies the lower division requirements of most colleges and universities that offer degrees in engineering. Depending upon the engineering field selected, students may be required to complete additional prerequisite classes. The student is strongly advised to consult with an advisor and compare his/her planned program with that listed in the catalog of the senior institution to which he/she expects to transfer.

Fresno City College offers courses that fulfill prerequisites which have not been completed in high school.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes

1. Identify the broad context of engineering problems, including describing the problem conditions, identifying possible contributing factors, and generating alternative solution strategies.
2. Design the fundamental elements of engineering systems, system components and processes, with a good understanding of associated safety, quality, schedule and cost considerations.
3. Undertake laboratory, field and other data collection efforts using commonly used measurement techniques to support the study and solution of engineering problems.
4. Employ mathematics, science, and computing techniques in a systematic, comprehensive, and rigorous manner to support the study and solution of engineering problems.
5. Exhibit good teamwork skills and serve as effective members of multidisciplinary project teams and articulate and justify technical solutions to diverse audiences through oral, written, and graphical communication.
6. Understand the importance of professional and ethical responsibilities of engineers, and be aware of codes of conduct and other sources of guidance for professionally ethical decision-making.

ENGINEERING: Select a minimum of nine units from the following:

	Units	
ENGR 1A	Elementary Plane Surveying 1	4
ENGR 1B	Elementary Plane Surveying 2	4
ENGR 2	Graphics	4
ENGR 4	Engineering Materials.....	3
ENGR 6	Circuits with Lab	4
ENGR 8	Statics	3
ENGR 10	Intro to Engineering	2
ENGR 11	Manufacturing Processes.....	3

PHYSICS: Select two or three courses from the list depending on your engineering major.

	Units	
PHYS 4A	Physics for Scientists and Engineers.....	4
PHYS 4B	Physics for Scientists and Engineers.....	4
PHYS 4C	Physics for Scientists & Engineers	4

CHEMISTRY: Select one set of chemistry courses.

	Units	
CHEM 1A	General Chemistry, and.....	5
CHEM 1B	Gen Chemistry & Qual Analysis, <i>or</i>	5
CHEM 3A	Introductory General Chemistry, <i>and</i>	4
CHEM 3B	Intro Org & Biol Chemistry.....	3

Mathematics: 5A, 5B, and 6 are required.

MATH 7 may be required depending on your Engineering major.

	Units	
MATH 5A	Mathematical Analysis I.....	5
MATH 5B	Mathematical Analysis II	4
MATH 6	Mathematical Analysis III.....	4

*MATH 7	Introduction to Differential Equations.....	4
PROGRAMMING COURSES: Two programming courses listed below.		
CSCI 40	Prog Concepts & Methodology I	4
CSCI 41	Prog Concepts & Methodology II.....	4
Total		45-56

Notes: *MATH 7 not required for Geomatics Engineers.

ENGLISH – MAJOR #5300

The English degree program is intended to offer students lower division exposure to subjects they will study as English majors in four-year colleges or university programs and/or to prepare students for entry into a variety of career options requiring expertise in the English language and literature.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Read and critically evaluate college-level material from various sources through analysis and synthesis of information.
2. Write appropriately documented, argumentative essays and research papers to deal with the ideas by definition, evaluation, interpretation, and persuasion.
3. Analyze and respond in writing to a variety of literature, including short fiction, poetry, drama, novels, and other genres, concerning thematic, rhetorical, and symbolic elements.
4. Demonstrate an understanding of the importance of the assigned works to various time periods and cultures, and to literary tradition.

MAJOR CORE

English 1A/1AH is a prerequisite to major core courses; it also meets writing/reading competency and general education area D1.

COURSE		Units
ENGL 1B/1BH	Introduction to the Study of Literature, <i>or</i> Honors Intro to the Study of Literature.....	3
ENGL 3/3H	Critical Reading and Writing, <i>or</i> Honors Critical Reading and Writing	3
Total		6

MAJOR COURSE OPTIONS - Section A

Select one of the course sequences (6 units total) from the following list:

ENGL 44A	World Literature to the Renaissance, <i>and</i>	
ENGL 44B	World Literature Since the Renaissance, <i>or</i>	
ENGL 46A	English Literature to 1800, and	
ENGL 46B	English Literature from 1800 to the Present, <i>or</i>	
ENGL 48A	Introduction to American Literature to World War, <i>and</i>	
ENGL 48B	Introduction to American Literature from World War I to the Present	6

MAJOR COURSE OPTIONS - Section B

Select a minimum of six (6) additional units from the following list:

(Courses taken to meet Section A above cannot be used to fulfill Section B):

ENGL 12	The Bible as Literature	3
ENGL 14	Folklore.....	3
ENGL 15A	Creative Writing: Poetry	3
ENGL 15B	Creative Writing: Fiction	3
ENGL 15C/TA15C	Creative Writing: Playwriting.....	3
ENGL 15D	Creative Writing: Autobiography.....	3
ENGL 17/AFRAM 17	African-American Literature	3
ENGL 20/ASAMER 20	Asian-American Literature	3
ENGL/WSTS 36	Women in Literature	3
ENGL 40	Critical Thinking about Literature	3
ENGL 42	Classic Myths	3
ENGL 44A	World Literature to the Renaissance.....	3
ENGL 44B	World Literature Since the Renaissance	3
ENGL 45	Contemporary World Literature	3
ENGL 46A	English Literature to 1800	3
ENGL 46B	English Literature from 1800 to the Present	3
ENGL 47	Introduction to Shakespeare.....	3
ENGL 48A	Introduction to American Literature to World War I	3
ENGL 48B	Introduction to American Literature from World War I to the Present	3
LING 10	Introduction to Language.....	3

Note: An associate in arts degree in English will be awarded to any candidate who successfully completes a total of 60 units which include associate degree requirements and a minimum of 22 units of course work as listed above. Associate degree requirements are listed on page 32. General Education requirements for transfer certification are listed on page 39.

FASHION MERCHANDISING MARKETING/ HOME ECONOMICS SEE MARKETING

FIRE TECHNOLOGY

FIRE TECHNOLOGY – MAJOR #883A

This program is designed to provide the student with updated skills and knowledge necessary to complete and successfully apply for fire service careers. The curriculum serves as an in-service program as well as a pre-employment program for students seeking employment or advancement in the profession of fire fighting and fire technology.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Given a typical type of fire department, describe the organizational structure and all of the staff functions within it.

- Given a specific function of the fire service, describe the purpose of a paid and volunteer firefighter.

REQUIRED CORE COURSES		Units
AT 10	Technical Computer Applications.....	2
AT 120	Industrial Science	3
AT 130	Industrial Mathematics.....	3
FIRET 1	Fire Protection Organization	3
FIRET 2	Fire Prevention Technology	3
FIRET 3	Fire Protection Equipment and Systems	3
FIRET 4	Building Construction for Fire Protection.....	3
FIRET 5	Fire Behavior and Combustion.....	3
FIRET 14	Prin of Fire & Emer Serv Safe Surv.....	3
Total		26

COURSE OPTIONS: Select 12 units		Units
FIRET 8	Fire Hydraulics	3
FIRET 9	Fire Fighting Practices	3
FIRET 13	Arson and Fire Investigation Tech.....	3
*FIRET 130	Basic Fire Academy.....	6
FIRET 131	Emergency Medical Technician 1.....	10
**FIRET 135	Emerg Med Tech-Paramedic - Field.....	9

Suggested sequence of courses:

FIRST YEAR

First Semester		Units
AT 120	Industrial Science	3
AT 130	Industrial Mathematics.....	3
Total		6

Second Semester		Units
FIRET 1	Fire Protection Organization	3
FIRET 2	Fire Prevention Technology	3
FIRET 5	Fire Behavior and Combustion.....	3
Options	6
Total		15

SECOND YEAR

First Semester		Units
AT 10	Technical Computer Applications.....	2
FIRET 14	Prin of Fire & Emer Service Safe Survival.....	3
Total		5

Second Semester		Units
FIRET 3	Fire Protection Equipment and Systems	3
FIRET 4	Building Construction for Fire Protection.....	3
Options	6
Total		15

* FIRET 130 carries a value of up to 27 units; however, only 6 units can be applied to the associate in science degree.

** FIRET 135 is the final course of three courses required to successfully complete the Paramedic training program.

It is recommended that students establish eligibility for English 125 and 126 or English as a Second Language 67 and 68.

Note: The associate degree additionally requires completion of the requirements listed in the Graduation Requirements section of this catalog.

FIRE TECHNOLOGY - MAJOR #883A

This program is designed to provide the student with updated skills and knowledge necessary to complete and successfully apply for fire service careers. The curriculum serves as an in-service program as well as a pre-employment program for students seeking employment or advancement in the profession of fire fighting and fire technology.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

- Given a typical type of fire department, describe the organizational structure and all of the staff functions within it.
- Given a specific function of the fire service, describe the purpose of a paid and volunteer firefighter.

Options	6
Total		12

* FIRET 130 carries a value of up to 27 units; however, only 6 units can be applied to the associate in science degree.

** FIRET 135 is the final course of three courses required to successfully complete the Paramedic training program.

It is recommended that students establish eligibility for English 125 and 126 or English as a Second Language 67 and 68.

Note: The certificate of achievement requires completion of the major (23 units) and 12 units of recommended course options with a GPA of 2.0 or better.

PREHOSPITAL PARAMEDIC CARE – MAJOR #8845

Designed to prepare personnel in the fire, life safety and related fields to render advanced emergency medical care to the ill and injured in the pre-hospital environment, in accordance with all federal, state and local emergency medical services authorities.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Upon successful completion of the program, the student will be eligible to take the National Registered Emergency Medical Technician (NREMT)/California State licensure examination necessary to become a licensed paramedic.

REQUIRED COURSES		Units
FIRET 131	Emergency Medical Technician I	10
FIRET 133	Emergency Medical Technician - Didactic.....	22
FIRET 134	Emergency Medical Technician - Clinical	4
FIRET 135	Emergency Medical Technician – Field Internship.....	9

DIETETIC SERVICE SUPERVISOR - MAJOR #5681

The dietetic service supervisor is responsible for food service supervision and nutrition care of clients or patients in hospitals, nursing homes and residential facilities.

This program is accredited and approved by the California State Department of Health Services, Licensing and Certification Division. To graduate from the program, the student must earn a grade of “C” or better in each course that is included in the program. Course grades are earned through the development of competencies needed for successful employment as a Dietary Service Supervisor.

Consult with a member of the Dietetic Services staff before scheduling courses in the program. At this time, the student will be registered in the program and a program of study, including appropriate field experience, will be planned.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

- The students will be able to apply the state and federal regulations that govern the operation of a food service department in a long term health care facility.

REQUIRED CORE COURSES		Units
FN 1	Principles of Food Preparation	3

HEALTH INFORMATION TECHNOLOGY

FORMERLY MEDICAL RECORD TECHNOLOGY – MAJOR #4621

The Health Information Technology (HIT) Program prepares students for a profession that combines healthcare with information technology. Health information technicians perform the essential functions of maintaining digital and traditional medical information in acute, long-term, and ambulatory healthcare settings. Job responsibilities may include coding, data collection, documentation analysis, quality improvement, access and release of information, or supervision.

The HIT Program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM) in cooperation with the American Health Information Management Association (AHIMA). Successful completion of the Health Information Technology Program qualifies the graduate for an Associate in Science degree and eligibility to take the Registered Health Information Technician (RHIT) exam administered by AHIMA.

ASSOCIATE OF SCIENCE DEGREE

Student Learning Outcomes:

1. Perform health information technician skills and competencies required for employment in a health information management department.
2. Pass the Registered Health Information Technician examination.

Recommended Sequence of Courses

First Semester – Fall		Units
BIOL 5	Human Biology.....	4
CIT 15	Computer Concepts.....	3
HIT 1	Introduction to Health Information Management.....	3
HIT 10	Medical Terminology.....	3
Total		13

Total		13

Fourth Semester - Spring

HIT 7	Directed Practice	5
HIT 8	Management and Supervision.....	3
HIT 11	CPT Coding	3
	Total	11

Notes: The associate degree requires the completion of the program and degree requirements with a 2.0 or higher GPA.

Biology 20 and 22, or 24 may be substituted for Biology 5.

In addition to the courses listed above, all requirements for the Associate Degree in Science must be met. Refer to the Fresno City College Catalog section on certificate and degree and meet with a counselor for advisement.

Academic credit earned in accredited institutions of higher education or AHIMA approved schools of Health Information Technology for comparable courses will be accepted for transfer. Equivalency will be determined on the basis of catalog description, course outline, content comparison, and hour distribution. Credit by examination, when acceptable, may be required when equivalency cannot be determined.

National Registration

The Health Information Technology Program is accredited by the American Health Information Management Association and the Commission on Accreditation of Allied Health Education Programs. Successful completion of the Health Information Technology Program qualifies the graduate for an associate in science degree and eligibility to take the Registered Health Information Technician (RHIT) exam.

- Notes:*
1. BIOL 24 or BIOL 20 and 22 may be substituted for BIOL 5.
 2. In addition to all major associate degree requirements, students must take a 3-unit elective of their choice. Recommended areas are accounting, business computer application software, finance, management, professional writing, and statistics.
 3. The associate degree requires the completion of additional units and requirements listed with a 2.0 or better GPA.

HOME ECONOMICS – CONSUMER EDUCATION - MAJOR #5640

Students must complete 12 units of required core courses and select 8 units from the course options, for a total of 20 units for a Home Economics major or certificate of achievement.

ASSOCIATE IN SCIENCE DEGREE AND CERTIFICATE OF ACHIEVEMENT

SOCIAL WORK OPTION – MAJOR #7631

This program is designed to prepare students for entry-level employment in a social service setting or to transfer as a junior to a baccalaureate degree program in social work. This program is for the person who has a strong desire to help people who traditionally have been underrepresented within the larger society and require interventions and assistance in increasing control of their personal destinies. These introductory courses will give the student a good fundamental working knowledge of the social services system.

The program offers course work leading to a certificate of achievement and an associate in science degree in social work. Students must take the required courses listed in the Core (see below), and select 12 units from the list of options.

For career options, consult with Human Services staff.

HUMANITIES – MAJOR #5330

The Humanities major is ideal for students seeking an integrated liberal arts education, either as a pre-professional major or as a self-enrichment program. The program is designed to help students develop a diverse understanding and appreciation of world cultures past and present. The Humanities major requirements provide a curriculum that allows for the development of critical thinking, reading, and writing, as well as the development of a

creative imagination. A Humanities major is valuable to a student planning to transfer to a four-year institution, whether as a major in humanities or some other field, and will enhance preparation for a wide range of career opportunities.

Requirements within the program (18 units)

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Recognize the significance of the interrelationships between cultures and their art forms.
2. Discern a sense of continuity in the history of ideas.
3. Critically read literature, philosophy, and drama in translation.

MUS 16	Jazz History and Appreciation	3
Total		18

Note: An Associate in Arts Degree in Humanities will be awarded to students who successfully complete a total of 60 units, which include the Associate Degree requirements and a minimum of 18 units of major course work listed above. Students seeking an associate degree may apply for an evaluation after they have completed 30-40 units and are within one year of graduation.

INDUSTRIAL ARTS AND TECHNOLOGY –

MAJOR #8991

The student interested in a career teaching industrial arts and technology may complete the lower division requirements at Fresno City College and transfer as a junior at the end of two years. The sample program shown parallels lower division at California State University, Fresno, and is acceptable for majors in this area. Students should carefully check the lower division requirements of other colleges to which they plan to transfer for minor variations. This program has been articulated with the California State University, Fresno Industrial Arts Department since spring semester 1974.

LIBERAL ARTS

ASSOCIATE OF ARTS LIBERAL ARTS DEGREE WITH AREAS OF EMPHASIS

The Associate of Arts (A.A.) Degree in Liberal Arts Degree is designed for students who wish a broad knowledge of liberal arts and sciences plus additional coursework in an “Area of Emphasis”. The Associate of Arts in Liberal Arts Degree would be an ideal choice for those students planning on transferring to the California State University or University of California as the student can satisfy their general education requirements, plus focus on transferable course work that relates to majors at CSU or UC.

Choose either Option I or II or III for the General Education Pattern related to your educational goal.

Complete the required number of units in one “Area of Emphasis” from those outlined below.

For ALL OPTIONS: complete the necessary Fresno City College graduation requirements.

All classes listed below transfer to CSU. Refer to www.ASSIST.org for transfer details or see a counselor for additional details.

ASSOCIATE IN ARTS DEGREE: Students selecting this option must complete all of the required courses for Fresno City College AA/AS General Education Pattern. This option may not adequately prepare the student for transfer to a 4-year institution.

CSU/GE: Students intending to transfer to a CSU should complete this option. Students selecting this option must complete all of the required courses for CSU GE Certification.

IGETC: Students who intend to transfer to a UC should complete this option. Students selecting this option must complete all of the required courses for IGETC Certification.

AREAS OF EMPHASIS:

Choose one of the following “Area of Emphasis”:

- American Sign Language
- Anthropology/Criminology
- Anthropology/Economics/Geography
- Asian Languages
- Cultural Studies
- Foreign Languages
- History/Political Science
- Philosophy/Humanities
- Romance Languages
- Interdisciplinary Science
- Social Sciences
- Sociology
- Spanish

Complete the minimum number of units required in the “Area of Emphasis”.

For All Options: complete the necessary Fresno City College Graduation and Competency requirements.

Electives may be necessary to total 60 degree applicable units required for the Associate degree.

**LIBERAL ARTS WITH AN EMPHASIS
IN AMERICAN SIGN LANGUAGE - MAJOR 5101**

This program is designed to acquaint students with ASL and with an understanding of the culture and history of the people who use it.

This program will provide students with an understanding of the cultures and history of the people who use American Sign Language. It will also encourage them to appreciate the complexities of the multicultural society in which they live. Students will acquire the necessary sign language skills to succeed in everyday life experiences, vocational programs, and university transfer courses. Those preparing to transfer to a California State University or a University of California should refer to the transfer requirements in the FCC catalog and consult a counselor.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Students will acquire and demonstrate signing, reading, and writing skills at the intermediate-advanced level of the target language consistent with national standards for foreign language education.
2. Students will show evidence of the acquisition and application of grammatical structures when using sign language.
3. Students will acquire and demonstrate skills necessary to analyze and compare and contrast cultures and practices between Deaf and hearing cultures.
4. Students will demonstrate familiarity with technologies allowing them to access sources in the following areas: current news from the target language, bibliographical and other sources related to coursework, contemporary culture sources, and interactive communication sites.

List of classes recommended (minimum of 18 units)

Courses taken at Fresno City College can be transferred to other colleges and universities.

Currently, Fresno City College has a transfer agreement with University of California Santa Cruz, Berkeley, Riverside and Davis. In addition, University of California at Santa Barbara and San Diego and Fresno State University accept Fresno City College students who comply with transfer requirements.

Minimum of 18 units from the following:		Units
ASL 2	High-Beginning American Sign Language.....	4
ASL 3	Intermediate American Sign Language	4
ASL 4	High-Intermediate American Sign Language.....	4
ASL 5	Deaf Culture	3
ASL 6	Structure of American Sign Language	3

ASL 7	Deaf History	3
ASL 8	American Sign Language/Literature	3
		Total: 18

**Note: An Associate in Arts Degree in Liberal Arts with an emphasis in American Sign Language will be awarded to students who successfully complete a total of 60 units, which include the Associate Degree requirements and a minimum of 18 units of core course work listed above. Students seeking an associate degree may apply for an evaluation after they have completed 30-40 units and are within one year of graduation.*

**LIBERAL ARTS DEGREE WITH AN EMPHASIS
IN ANTHROPOLOGY/CRIMINOLOGY - MAJOR #5106**

This program is designed to provide students with a foundation in the social science disciplines related to forensic investigation. The program offers students an introduction to the intersection between the study of humans and their physical remains and the legal contexts of such analyses. This area of emphasis will be an ideal choice for students planning to transfer to the California State University or University of California as students can satisfy their general education requirements, plus focus on transferable course work that relates to majors at the specific college/university of his/her choice. With this emphasis students could major in either of the two disciplines at their transfer institution. *Students are encouraged to review the lower division requirements at their planned transfer institution as a major in anthropology with a forensics emphasis may require courses in other disciplines such as mathematics, chemistry and biology.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

Upon completion of the Associates in Arts with an Emphasis in Criminology/Anthropology students will:

1. Be academically prepared to transfer to a four-year college.
2. Have a basic level of knowledge of the process of identification and classification of skeletonized human remains.
3. Have basic skills in criminal investigation and crime scene processing.
4. Have developed skills in critical thinking.

CORE COURSES: Select 18 units from the following Units

ANTHRO 1	Biological Anthropology.....	3
And two from the following:		
ANTHRO 2/2H	Cultural Anthropology.....	3
ANTHRO 4	Introduction to Archaeology	3
ANTHRO 5	Archaeological Laboratory Methods.....	4
		Total: 9-10
CRIM 1	Introduction to Criminology.....	3
CRIM 8	Criminal Investigation	3
CRIM 9	Crime Scene Forensic Evidence.....	3
		Total: 9

LIBERAL ARTS DEGREE WITH AN EMPHASIS IN ANTHROPOLOGY/ECONOMICS/GEOGRAPHY – MAJOR #5107

This program is designed to acquaint students with the diversity of human culture, the environments in which cultures exist, the patterns of resource use that they practice, and the effects of modern economic practices and globalization on the peoples of the world. This area of emphasis will be an ideal choice for students planning to transfer to the California State University or University of California as students can satisfy their general education requirements, plus focus on transferable course work that relates to majors at the specific college/university of his/her choice. With this emphasis students could major in any of the three disciplines or other majors at various transfer institutions that focus on international/global issues.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

Upon completion of the AA with an Emphasis in Anthropology/Economics/Geography students will:

1. Be academically prepared to transfer to a four-year college.
2. Be prepared to enter the workforce and society with the skills and knowledge needed to effectively interact with people from other cultures.
3. Have an awareness of the rich cultural and geographic diversity of the world.
4. Have the ability to apply economic concepts to understand the effects of globalization on world cultures.
5. Have developed skills in critical thinking.

18 units with 6 units from each discipline:		Units
ANTHRO 1	Biological Anthropology	3
ANTHRO 2/2H	Cultural Anthropology	3
ANTHRO 3	Archaeology and World Prehistory	3
ANTHRO 13	Anthropology of Magic, Witchcraft, and Religion.....	3
ANTHRO 20	Native Peoples of California.....	3
ANTHRO/CLS 28	Ancient Mexico	3
ECON 1A/1AH	Introduction to Macroeconomics	3
ECON 1B/BH	Introduction to Microeconomics	3
GEOG 2	Cultural Geography.....	3
GEOG 4A	World Geography.....	3
GEOG 4B	World Geography.....	3
GEOG 20	Geography in California	3

LIBERAL ARTS DEGREE WITH AN EMPHASIS IN ASIAN LANGUAGES - MAJOR #5111

This program is designed to acquaint students with Asian Languages and with an understanding of the culture and history of the people who speak it. The study of foreign languages encourages students to examine assumptions they have uncritically accepted before their college experience. Baccalaureate majors in this area may include degrees in any one of the Asiatic languages offered in this program.

This program will provide students with an understanding of the cultures and history of the people who speak the languages studied. It will encourage them to appreciate the complexities of the multicultural society in which they live. Students will acquire the necessary language skills to succeed in everyday life experiences, vocational programs, and university transfer courses. Those preparing to transfer to a California State University or a University of California should refer to the transfer requirements in the FCC catalog and consult a counselor.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Students will acquire and demonstrate listening, speaking, reading, and writing skills at the intermediate-advanced level of the target languages consistent with national standards for foreign language education.
2. Students will show evidence of the acquisition and application of grammatical structures when using the languages.
3. Students will acquire and demonstrate skills necessary to analyze and compare and contrast cultures and practices of the target language with their own culture.
4. Students will demonstrate familiarity with technologies allowing them to access sources in the following areas: current news from the target country, bibliographical and other sources related to coursework, contemporary culture sources, and interactive communication sites.

List of classes recommended (minimum of 19 units)

Courses taken at Fresno City College can be transferred to other colleges and universities. Currently, Fresno City College has a transfer agreement with University of California Santa Cruz, Berkeley, Riverside and Davis. In addition, University of California at Santa Barbara and San Diego and Fresno State University accept Fresno City College students who comply with transfer requirements.

16 units from the following courses (at least two different languages):

**LIBERAL ARTS DEGREE WITH AN EMPHASIS
IN FOREIGN LANGUAGES - MAJOR #5134**

This program is designed to acquaint students with foreign languages and with an understanding of the culture and history of the people who speak them. The study of foreign languages encourages students to examine assumptions they have uncritically accepted before their college experience. Students with substantial foreign language fluency who combine their language skills with a solid foundation in liberal education will find fulfilling occupations.

This program will provide students with an understanding of the cultures and history of the people who speak the languages studied. It will also encourage them to appreciate the complexities of the multicultural society in which they live. Students will acquire the necessary language skills to succeed in everyday life experiences, vocational programs, and university transfer courses. Those preparing to transfer to a California State University or a University of California should refer to the transfer requirements in the FCC catalog and consult a counselor.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Students will acquire and demonstrate listening, speaking, reading, and writing skills at the intermediate-advanced level of the target language consistent with national standards for foreign language education.

2. Students will show evidence of the acquisition and application of grammatical structures when using language.
3. Students will acquire and demonstrate skills necessary to analyze and compare and contrast cultures and practices of the target language with their own culture.
4. Students will demonstrate familiarity with technologies allowing them to access sources in the following areas: current news from the target country, bibliographical and other sources related to coursework, contemporary culture sources, and interactive communication sites.

List of classes recommended (minimum of 18 units)

Courses taken at Fresno City College can be transferred to other colleges and universities. Currently, Fresno City College has a transfer agreement with University of California Santa Cruz, Berkeley, Riverside and Davis. LIBERAL ARTS DEGREE WITH AN EMPHASIS IN HISTORY/POLITICAL SCIENCE – MAJOR #5141

This program is designed to acquaint students with the methodologies of history and political science and to increase their awareness of the foundations of social, cultural, and political aspects of modern society. This area of emphasis will be an ideal choice for students planning to transfer to the California State University or University of California as students can satisfy their general education requirements, plus focus on transferable course work that relates to majors, including history and political science, at CSU or UC. Each student should consult with a counselor for specific information regarding intended majors at the specific college/university of his/her choice.

ASSOCIATE OF ARTS DEGREE

Student Learning Outcomes:

Upon completion of the AA with an Emphasis in History/Political Science, students will:

1. Be academically prepared to transfer to a four-year college.
2. Be prepared to enter the workforce and society with an awareness of the foundations of modern institutions.
3. Be prepared to enter the workforce and society with an awareness of the modern political process.
4. Have an understanding of the cultural diversity of society.
5. Have developed skills in critical thinking.

Students should select one of the following options to prepare for transfer to a 4-year college. Please refer to www.ASSIST.org for transfer details or see a counselor for additional details.

CSU/GE: Students intending to transfer to a CSU should complete this option. Students selecting this option must complete all of the required courses for CSU GE Certification.

IGETC: Students who intend to transfer to a UC should complete this option. Students selecting this option must complete all of the required courses for IGETC Certification.

LIBERAL ARTS DEGREE WITH EMPHASIS IN PHILOSOPHY/HUMANITIES – MAJOR #5161

A Liberal Arts Degree with an emphasis in Philosophy/Humanities is designed for students seeking an integrated Liberal Arts education and will aide in the development of critical thinking and critical reasoning skills. The courses offered will fulfill requirements towards the AA degree and for GE transfer certification for the state university system.

The goal of the Liberal Arts emphasis in Philosophy/Humanities is to offer a course of study for students interested in an interdisciplinary education. In a structured environment, students will learn to apply techniques of critical thinking and critical reasoning to a broad social, cultural context. The program will enhance students’ ability to read and understand complex material, and will improve communication skills. Those preparing to transfer to a California State University or a University of California should refer to the transfer requirements in the FCC catalog and consult a counselor.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Students will be prepared to transfer to a four-year college as a Philosophy or Humanities major.
2. Students will have a foundational background in the historical development of cultures and societies.
3. Students will demonstrate skills in critical reasoning and thinking that enable them to succeed in pursuing an advanced degree or in employment in good-paying jobs.
4. In appropriate contexts, students will demonstrate the benefits of an interdisciplinary education of the kind provided in this major.

Students should select one of the following options to prepare for transfer to a 4-year college. Please refer to www.ASSIST.org for transfer details or see a counselor for additional details.

CSU/GE: Students intending to transfer to a CSU should complete this option. Students selecting this option must complete all of the required courses for CSU GE Certification.

IGETC: Students who intend to transfer to a UC should complete this option. Students selecting this option must complete all of the required courses for IGETC Certification.

List of Courses: 18 units selected from the lists below*

PHILOSOPHY (any three):		Units
PHIL 1A	Theories of Knowledge and Reality, <i>or</i> PHIL 1AH Honors Theories of Knowledge and Reality	3
PHIL 1B	Social and Political Philosophy.....	3
PHIL 1C	Ethics	3
PHIL 1D	World Religions.....	3
PHIL 4	Critical Reasoning.....	3
PHIL 5	Philosophy of Religion.....	3
PHIL 6	Introduction to Logic.....	3

HUMANITIES (any three):		
ENGL 12	The Bible as Literature	3
ENGL 42	Classic Myths	3
ENGL 44A	World Literature to the Renaissance, <i>or</i> ENGL 44B World Literature since the Renaissance	3
HUMAN 7	Introduction to British Culture, <i>or</i> HUMAN 7H Honors Introduction to British Culture	3
HUMAN 10	Classical Humanities, <i>or</i> HUMAN 10H Honors Classical Humanities	3
HUMAN 11	Modern Humanities, <i>or</i> HUMAN 11H Honors Modern Humanities.....	3

**Note: An Associate in Arts Degree in Liberal Arts with an emphasis in Philosophy/Humanities will be awarded to students who successfully complete a total of 60 units, which include the Associate Degree requirements and a minimum of 18 units of major course work listed above. Students seeking an associate degree may apply for an evaluation after they have completed 30-40 units and are within one year of graduation.*

LIBERAL ARTS DEGREE WITH AN EMPHASIS IN ROMANCE LANGUAGES – MAJOR #5168

This program is designed to acquaint students with the Romance languages and with an understanding of the culture and history of the people who speak them. The study of foreign languages encourages students to examine assumptions they have uncritically accepted before their college experience. Students will have a number of rich opportunities to explore the languages, literatures, and cultures of the Spanish, Portuguese, and French-speaking worlds.

This program will provide students with an understanding of the cultures and history of the people who speak the languages studied. It will also encourage them to appreciate the complexities of the multicultural society in which they live. This emphasis will assure fluency in at least two Romance languages, as well as knowledge of the cultures they represent. Students will acquire the necessary language skills to succeed in everyday life experiences, vocational programs, and university transfer courses. Those preparing to transfer to a California State University or a University of California should refer to the transfer requirements in the FCC catalog and consult a counselor.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Students will acquire and demonstrate listening, speaking, reading, and writing skills at the intermediate-advanced level of the target language consistent with national standards for foreign language education.
2. Students will show evidence of the acquisition and application of grammatical structures when using language.
3. Students will acquire and demonstrate skills necessary to analyze and compare and contrast cultures and practices of the target language with their own culture.
4. Students will demonstrate familiarity with technologies allowing them to access sources in the following areas: current news from the target country, bibliographical and other sources related to coursework, contemporary culture sources, and interactive communication sites.

List of classes recommended (minimum of 20 units)

Courses taken at Fresno City College can be transferred to other colleges and universities. Currently, Fresno City College has a transfer agreement with University of California Santa Cruz, Berkeley, Riverside and Davis. In addition, University of California at Santa Barbara and San Diego and Fresno State University accept Fresno City College students who comply with transfer requirements.

Choose from the following courses (at least two different languages) for a minimum of 20 units:

	Units
FRENCH 2 High-Beginning French	4
FRENCH 3 Intermediate French	4
FRENCH 4 High-Intermediate French	4
SPAN 2 High-Beginning Spanish	4
SPAN 3 Intermediate Spanish, <i>or</i>	
SPAN 3NS Spanish for Spanish Speakers	4
SPAN 4 High-Intermediate Spanish, <i>or</i>	
SPAN 4NS Spanish for Spanish Speakers	4
Total: 20	

LIBERAL ARTS WITH AN EMPHASIS IN INTERDISCIPLINARY SCIENCE – MAJOR #5147

The degree program is meant for students who need a broad knowledge of science, math and engineering in the context of a degree that will assist them to function as good citizens. It will be specifically useful to persons who are planning to take up jobs in the following sectors: public policy, media & journalism. This area of emphasis course list is useful to students who wish to transfer and obtain 4-year degrees in Biology, Chemistry, Engineering, Physics, Geology, Mathematics, Computer Science, and Geography. The courses meet part of the transfer requirements for each of these degrees.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Obtain an elementary knowledge of at least 3 of the following broad fields: math, biology, chemistry, physics, geology, and engineering.
2. Have the ability to perform elementary computational exercises in at least 3 of the following broad fields: math, biology, chemistry, physics, geology & engineering.
3. Have the ability to understand the interconnection between several fields of science, math & engineering.

Choose 20 units (minimum) of core courses, with no more than 2 classes from any subject area:

	Units
BIOL 1/1H Principles of Biology	4
BIOL 3/3H Introduction to Life Science.....	4
BIOL 4 Principles of Zoology.....	5
BIOL 5 Human Biology	4
BIOL 6 Principles of Botany	5
BIOL 7 Field Biology.....	4
BIOL 11A/11AH Biology for Science Majors I	5
BIOL 11B Biology for Science Majors II.....	5
BIOL 20 Human Anatomy.....	4
BIOL 22 Human Physiology.....	5
BIOL 24 Human Anatomy and Physiology.....	5
BIOL 31 Microbiology.....	5
BIOL 46 Elementary Horticulture	4
CHEM 1A General Chemistry.....	5
CHEM 1B General Chemistry & Qualitative Analysis.....	5
CHEM 3A Introductory General Chemistry	4
CHEM 3B Introductory Organic & Biological Chemistry	3
CHEM 8A Elementary Organic Chemistry	3
CHEM 28A Organic Chemistry I.....	3
GEOL 1/1H Physical Geology	4
GEOL 2 Historical Geology	3
GEOL 9 Introduction to Earth Science.....	3
ENGR 1A Elementary Plane Surveying 1	4
ENGR 1B Elementary Plane Surveying 2	4
ENGR 2 Engineering Graphics	4
ENGR 4 Engineering Materials.....	3
ENGR 6 Circuits with Laboratory.....	4
ENGR 8 Statics	3
ENGR 10 Introduction to Engineering.....	2
ENGR 11 Manufacturing Processes	3
MATH 4A Trigonometry.....	4
MATH 4B Pre-Calculus.....	4
MATH 5A Mathematical Analysis I.....	5
MATH 5B Mathematical Analysis II	4
MATH 6 Mathematical Analysis III.....	4
MATH 7 Introduction to Differential Equations.....	4

MATH 10A	Structure & Concepts in Mathematics I	3
MATH 10B	Structure & Concepts in Mathematics II	3
MATH 11	Elementary Statistics	4
MATH 21	Finite Math	3
MATH 26	Elementary Linear Algebra	3
MATH 42	Statistics for the Behavioral Sciences	4
MATH 45	Contemporary Math	3
MATH 48A	Pre-Calculus Workshop	1
MATH 48B	Calculus Workshop I	1
MATH 48C	Calculus Workshop II	1

ANTHRO 13	Anthropology of Magic, Witchcraft, and Religion..	3
ASAMER 1	Indo-Chinese Americans	3
ASAMER 15	Introduction to Asian-Americans	3
AMST 10	American Pluralism: A Search for Common Ground in a Multicultural Society	3
CLS 11	Introduction to Chicano-Latino Studies	3
CLS 12	Mexican American History	3
CHDEV 39/PSY 39	Child Growth and Development	3
ECON 1A/1AH	Introduction to Macroeconomics	3
ECON 1B/1BH	Introduction to Microeconomics	3
GEOG 2	Cultural Geography	3
GEOG 4A	World Geography	3
GEOG 4B	World Geography	3
HIST 1/1H	Western Civilization to 1648	3
HIST 2/2H	Western Civilization Since 1648	3
HIST 15	History of the British Isles	3
HIST 17	History of Islam	3
HIST 18	History of Ancient Greece	3
HIST 21	United States Civil War	3
HIST 22	History of American Women	3
HIST/CLS 29	History of Mexico, Colonial to Contemporary Period	3
HIST 30	California History	3
HIST 34	History of American Civil Rights Movement 1954-1969	3
HS 20	Introduction to Social Welfare	3
POLSCI 1	Modern Politics	3
POLSCI 5	Comparative Government	3
POLSCI 24	International Relations	3
PSY 2/2H	General Psychology	3
PSY 5	Social Psychology	3
PSY 15	Psychology of Religion	3
PSY 25	Human Sexuality	3
PSY 33	Personal and Social Adjustment	3
SOC 1A/1AH	Introduction to Sociology	3
SOC 1B	Global Social Problems	3
SOC 2	American Minority Groups	3
SOC/HS 10	Introduction to Aging Studies	3
SOC/CLS 14	Sociology of the Mexican American Community ..	3
SOC 31	The Child in Society: A Social Problems Approach	3
SOC 32	Courtship, Marriage and Divorce: Family and Interpersonal Relationships	3
WSTS 10	Changing Roles of Women	3

**LIBERAL ARTS DEGREE WITH AN EMPHASIS
IN SOCIAL SCIENCES – MAJOR #5176**

A program designed to acquaint the students with the diversity of subjects in the Social Sciences. The Social Sciences offer a broad study in human behavior. This area of emphasis will be an ideal choice for students planning to transfer to the California State University or University of California as students can satisfy their general education requirements, plus focus on transferable course work that relates to majors in liberal arts or liberal studies at CSU or UC. Each student should consult with a counselor for specific information regarding intended majors at the specific college/university of his/her choice.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

Upon completion of the AA with an Emphasis in Social Sciences students will:

1. Be academically prepared to transfer to a four-year college.
2. Be prepared to analyze the influence of culture, economics, family, and society on individual development.
3. Identify the consequences of bias on social interactions.
4. Have developed skills in critical thinking.

18 units of core courses from any of the following courses (but no more than 6 units in one discipline):

	Units	
AFRAM 1	African-American Culture	3
AFRAM 3	African-American Art	3
AMIND 31	American Indian Culture	3
AMIND 32	American Indian History	3
ANTHRO 2/2H	Cultural Anthropology	3
ANTHRO 3	Archaeology and World Prehistory	3

LIBERAL ARTS DEGREE WITH AN EMPHASIS IN SOCIOLOGY – MAJOR #5181

This program is designed to acquaint students with tools to understand the functioning of the society in which they live. The program offers students a broad and multicultural perspective on the world around them and also provides them with a solid foundation for further study in sociology. This area of emphasis can assist in occupations, such as teaching, social work, drug and alcohol counseling, police work, probation aides, juvenile hall counseling or custody staff, medical field personnel, international business, and any other occupation that places you in contact with people of diverse backgrounds.

This area of emphasis will be an ideal choice for students planning to transfer to the California State University or University of California as students can satisfy their general education requirements, plus focus on transferable course work that relates to majors, including sociology and social work, at CSU or UC. Each student should consult with a counselor for specific information regarding intended majors at the specific college/university of his/her choice.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

Upon completion of the AA with an Emphasis in Sociology students will:

1. Be academically prepared to transfer to a four-year college.
2. Be prepared to enter the workforce and society with an understanding of the social forces that shape the institutions of society.
3. Have an understanding of the complexities of social life together with insight into the sources of many of society's problems and methods of mitigating those problems.
4. Have developed skills in critical thinking.

List of core classes (minimum of 18 units): Units

SOC 1A/1AH (required)	Introduction to Sociology	3
And 15 units from the list below:		
MATH 11	Elementary Statistics, <i>or</i>	4
MATH/PSY 42	Statistics for the Behavioral Sciences.....	4
SOC 1B	Global Social Problems.....	3
SOC 2	American Minority Groups.....	3
SOC/WSTS 5	Sociology of Rape.....	3
SOC/WSTS 7	Domestic Violence: Abuse within the Family.....	3
SOC/HS 10	Introduction to Aging Studies.....	3
SOC/CLS 14	Sociology of the Mexican American Community ..	3
SOC 31	The Child in Society: A Social Problems Approach.....	3
SOC 32	Courtship, Marriage and Divorce: Family and Interpersonal Relationships.....	3

LIBERAL ARTS DEGREE WITH AN EMPHASIS IN SPANISH - MAJOR #5183

This program is designed to acquaint students with the Spanish language and with an understanding of the culture and history of the people who speak it. The study of foreign languages encourages students to examine assumptions they have uncritically accepted before their college experience. Students with substantial foreign language fluency who combine their language skills with a solid foundation in liberal education will find fulfilling occupations, such as Teachers, Teacher Aides, Translators/Interpreters, Human Services, Health Professionals, Government Agencies, Agricultural Enterprises, Airlines, Latin American/International Markets, Shipping Companies and Social Work among others. Some career options may require more than an Associate Degree. For more career options visit the FCC Career Center located in the Student Services Building in the Counseling Center.

This program will provide students with an understanding of the cultures and history of the people who speak the languages studied. It will also encourage them to appreciate the complexities of the multicultural society in which they live. Students will acquire the necessary language skills to succeed in everyday life experiences, vocational programs, and university transfer courses. Those preparing to transfer to a California State University or a University of California should refer to the transfer requirements in the FCC catalog and consult a counselor.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Students will acquire and demonstrate listening, speaking, reading, and writing skills at the intermediate-advanced level of the target language consistent with national standards for foreign language education.
2. Students will show evidence of the acquisition and application of grammatical structures when using language.
3. Students will acquire and demonstrate skills necessary to analyze and compare and contrast cultures and practices of the target language with their own culture.
4. Students will demonstrate familiarity with technologies allowing them to access sources in the following areas: current news from the target country, bibliographical and other sources related to coursework, contemporary culture sources, and interactive communication sites.

List of classes recommended (minimum of 18 units)

Courses taken at Fresno City College can be transferred to other colleges and universities. Currently, Fresno City College has a transfer agreement with University of California Santa Cruz, Berkeley, Riverside and Davis. In addition, University of California at Santa Barbara and San Diego and Fresno State University accept Fresno City College students who comply with transfer requirements.

Select 12 units from the following courses: Units

<i>Non-native speakers</i>	
SPAN 2	High-Beginning Spanish 4
SPAN 3	Intermediate Spanish..... 4
SPAN 4	High-Intermediate Spanish 4

or

Native speakers

SPAN 2	High-Beginning Spanish 4

SPAN 4NS	Spanish for Spanish Speakers..... 4

Select 6 units from the following: Units

SPAN 5	The Short Story: Mexico, Spain, and the U.S. 3
SPAN 6	The Short Story: Latin America..... 3
SPAN 7	Advanced Spanish: Composition and Grammar.... 3
SPAN 8	Advanced Spanish Conversation..... 3

Total: 18

LIBERAL STUDIES – MAJOR #588

The Liberal Studies major is for students pursuing a general-purpose associate degree. Most students will use the Liberal Studies major to transfer to a four-year ready to continue for a multi-subject teaching credential. The Liberal Studies major for elementary teaching can result in a bachelor's degree and a preliminary Multiple Subject Teaching Credential. Courses selected for the major depends upon the four-year institution the student plans to attend.

Note: Credential requirements are subject to change by state regulations; consult with a counselor each semester to ensure complete compliance with state regulations. Also, consult with a counselor for current information since some CSUs, UCs and private universities have unique admissions and preparation for the major requirements beyond the minimum requirements.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Students will demonstrate skills in reading, writing, and mathematics at levels that will enable them to attain success in passing the California Basic Education Skills Test (CBEST).
2. Students will demonstrate skills in arts, language, literature, history, social studies, science and mathematics at levels that will enable them, after transferring to a four year university, to pass the California Subject Examinations for Teachers (CSET) and teach at the elementary school level.

PROGRAM REQUIREMENTS

REQUIRED CORE COURSES

EDA 19	Work Experience (Coop), Occupational..... 1
EDUC 30	Survey of American Education 3
HIST 11	History of the United States to 1877..... 3

HIST 20	Comparative World Civilization to 1600 3
POLSCI 2/2H	American Government, <i>or</i> Honors American Government..... 3

Select one course: Units

CHDEV/PSY 38	Lifespan Development..... 3
CHDEV/PSY 39	Child Growth and Development 3
HLTH 1	Contemporary Health Issues 3

Select one course: Units

AFRAM/ENGL 17	African-American Literature 3
ASAMER 20	Asian-American Literature 3
CLS 21	Chicano Literature 3
ENGL 1B/1BH	Intro to the Study of Literature, <i>or</i> Honors Intro to the Study of Literature..... 3

ENGL 15A	Creative Writing: Poetry 3
ENGL 15B	Creative Writing: Fiction 3
ENGL 44A	World Lit to the Renaissance..... 3
ENGL 44B	World Lit since the Renaissance 3
ENGL 46A	English Literature to 1800 3
ENGL 46B	English Lit from 1800 to the Present..... 3
ENGL 48A	Intro to American Lit to World War I..... 3
ENGL 48B	Intro to American Lit World War I to the Present... 3
HUMAN 10/10H	Classical Humanities, <i>or</i> Honors Classical Humanities 3
HUMAN 11/11H	Modern Humanities, <i>or</i> Honors Modern Humanities..... 3

Select one course: Units

COMM 1	Introduction to Public Speaking 3
COMM 2	Interpersonal Communication..... 3
COMM 4	Persuasion 3
COMM 8	Group Communication..... 3

Select one course: Units

COMM 25	Argumentation 3
ENGL 3/3H	Critical Reading & Writing, <i>or</i> Honors Critical Reading & Writing..... 3
PHIL 4	Critical Reasoning..... 3
PHIL 6	Introduction to Logic..... 3

Select one course: Units

MATH 4B	Pre-Calculus 4
MATH 5A	Mathematical Analysis I..... 5
MATH 5B	Mathematical Analysis II 4
MATH 10A	Structure & Concepts in Math I..... 3
MATH 10B	Structure & Concepts in Math II..... 3
MATH 11	Elementary Statistics..... 4
MATH 21	Finite Mathematics 3
MATH 45	Contemporary Mathematics 3

Select one course:	Units
BIOL 1/1H Principles of Biology, <i>or</i> Honors Principles of Biology.....	4
BIOL 3/3H Introduction to Life Science, <i>or</i> Honors Intro to Life Science.....	4
BIOL 5 Human Biology.....	4
Select one course:	Units
ART 2 Art Appreciation.....	3
ART 5/5H Art History 1, <i>or</i> Honors Art History 1.....	3
ART 6/6H Art History 2, <i>or</i> Honors Art History 2.....	3
ART 7 Beginning Drawing.....	3
ART 9 Beginning Painting: Oil/Acrylic.....	3
ART 10 Beginning Ceramics.....	3
ART 13 Beginning Watercolor Painting.....	3
MUS 3 Music Appreciation.....	3
MUS 13 History of Music.....	3
MUS 16 Jazz History and Appreciation.....	3
TA 12 Fundamentals of Interpretation.....	3
TA 30 Theatre Appreciation.....	3
TA 41 Beginning Acting.....	3
Total	35-37

- Notes:*
1. The major requires completion of 35-37 units with a "C" or better grade in each course. The remaining units should total 60 semester units minimum with a 2.0 or better GPA. These units should include transferable courses required for the multisubject credential SPECIFIC TO YOUR TRANSFER UNIVERSITY IN CONSULTATION WITH A COUNSELOR. See the FCC catalog that applies to you for associate degree requirements.
 2. The courses specified are to help prepare students to pass the state approved California Subject Exam for Teachers (CSET) which is required for all elementary education teachers in California.
 3. It is recommended that students take and pass the CBEST Exam as soon as they have completed ENGL 1A and MATH 10A.

LIBRARY TECHNOLOGY

LIBRARY TECHNOLOGY – MAJOR #5171

Program prepares students to work as a paraprofessional in a variety of libraries.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Given an aspect of library service, describe the purpose of the library paraprofessional.
2. Given a specific type of library, describe the structure and staff function within it.

REQUIRED COURSE WORK	Units
LIBSKL 2 Information and Computer Literacy.....	3
LITEC 51 Introduction to Library Services.....	3
LITEC 52A Organization of Information.....	3
LITEC 52B Collection Management.....	1
LITEC 54 Literature and Services for Youth.....	3
LITEC 55 Library Public Service.....	3
LITEC 56 Information Technology.....	3
LITEC 57 Reference: Print and Online Sources.....	3
Total	22

Note: Requires completion of the minimum (22 units). Additionally requires completion of the associate degree requirements found in the Fresno City College Catalog. Students seeking an associate degree may apply for an evaluation at Admissions and Records after they have completed 30-40 units and are within a year of graduation.

LIBRARY TECHNOLOGY – MAJOR #5171

Certificate of Achievement prepares students to work as a paraprofessional in a variety of libraries.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Given an aspect of library service, describe the purpose of the library paraprofessional.
2. Given a specific type of library, describe the structure and staff function within it.

REQUIRED COURSE WORK	Units
LIBSKL 2 Information and Computer Literacy.....	3
LITEC 51 Introduction to Library Services.....	3
LITEC 52A Organization of Information.....	3
LITEC 52B Collection Management.....	1
LITEC 54 Literature and Services for Youth.....	3
LITEC 55 Library Public Service.....	3
LITEC 56 Information Technology.....	3
LITEC 57 Reference: Print and Online Sources.....	3
Total	22

LIFE SCIENCE DEGREE – MAJOR #6080

This program is designed to provide students with foundational knowledge in biological principles and concepts. This two year associate degree program is intended for transfer students majoring in the biological sciences.

The Biological and Life Sciences Program at Fresno City College provides entry level instruction in the following: fulfillment of prerequisites for entry into allied health fields, fulfillment of prerequisites for students transferring into biological sciences and fulfillment of general education requirements for transfer to four-year institutions.

Specific biology courses to meet degree requirements (14 units total): Recommended sequence is Biology 1, 4, 6.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Evaluate scientific literature and apply the scientific method to obtain and interpret data.
2. Describe the classes of organic molecules found in organisms and discuss their importance in biological systems.
3. Understand cellular processes and relate organelle structure to function.
4. Understand the structure and function to genetic material and apply the principles of genetics as they relate to organisms.
5. Appreciate biodiversity and understand the impact of human activity on ecological systems.
6. Explain the mechanisms of evolution and evaluate the scientific evidence to support it.

Specific Biology courses to meet degree requirements: (14 units total)

	Units
BIOL 1/1H Principles of Biology	4
BIOL 3/3H Introduction to Life Science.....	4
BIOL 4 Principles of Zoology.....	5
BIOL 5 Human Biology	4
BIOL 6 Principles of Botany	5
BIOL 7 Field Biology.....	4
BIOL 11A/11AH Biology for Science Majors I	5
BIOL 11B Biology for Science Majors II.....	5
BIOL 20 Human Anatomy.....	4
BIOL 22 Human Physiology.....	5
BIOL 24 Human Anatomy and Physiology.....	5
BIOL 31 Microbiology.....	5
BIOL 46 Elementary Horticulture	4

Specific Physical Science courses to meet degree requirements: (6 units total)

	Units
ASTRONOMY	
ASTRO 10 Basic Astronomy	3
CHEMISTRY	
CHEM 1A General Chemistry.....	5
CHEM 1B General Chemistry and Qualitative Analysis	5
CHEM 3A Introductory General Chemistry	4
CHEM 3B Introductory Organic & Biological Chemistry	3
CHEM 8A Elementary Organic Chemistry	3
GEOLOGY	
GEOL 1/1H Physical Geology	4
GEOL 2 Historical Geology	3
GEOL 4 Geology of California.....	3
GEOL 5 Introduction to Oceanography	3

GEOGRAPHY

GEOG 1 Physical Geography.....	3
GEOG 7 Physical Geography: Earth's Surface.....	4
GEOG 8 Physical Geography: Weather and Climate	4

PHYSICAL SCIENCE

PHYS 7 Environmental Science.....	3
-----------------------------------	---

PHYSICS

PHYS 2A General Physics 1	4
PHYS 2B General Physics 2	4
PHYS 4A Physics for Scientists and Engineers.....	4
PHYS 4B Physics for Scientists and Engineers.....	4

MANUFACTURING TECHNICIAN – MAJOR #8061

This curriculum provides training in maintenance mechanic, electrical control systems, and principles of industrial refrigeration (ammonia) systems.

CERTIFICATE

AC 353 Principles of Industrial Refrigeration	52 Hours
EST 50 Introduction to Electronics	2.5 Units
EST 55A Digital Concepts	3 Units
EST 58 Programmable Logic Controllers	3 Units
EST 59 Instrumentation Systems	3 Units
MMCTC 370 Maintenance Mechanic 370(Welding)	300 Hours
MMCTC 371 Maintenance Mechanic 371 (Hydraulic, Pneumatic)	300 Hours
MMCTC 372 Maintenance Mechanic 372 (Electrical)	300 Hours

MARKETING

MARKETING – MAJOR #2110

This curriculum is designed for students planning to enter the marketing fields of retailing, wholesaling, general selling, and advertising.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Develop and implement a marketing plan in response to market opportunities.
2. Assess and apply technology to appropriate marketing activities.
3. Design, write, and execute a promotional plan including the formulation of selling strategies.
4. Apply effective leadership skills while managing marketing functions within a business enterprise.

FIRST YEAR

First Semester		Units
MKTG 10	Principles of Marketing.....	3
MKTG 11	Salesmanship	3
Associate Degree Requirements		10
Total		16

Second Semester		Units
BA 18	Business and the Legal Environment	4
CIT 15	Computer Concepts	3
MKTG 12	Advertising and Promotion	3
Associate Degree Requirements		7
Total		17

SECOND YEAR

First Semester		Units
MKTG 14	Retailing	3
Associate Degree Requirements		10
Total		13

Second Semester		Units
BA 33	Human Relations in the Workplace	3
DS 117	Business Mathematics.....	3
Associate Degree Requirements		10
Total		16

Recommended Electives: ACCTG 4A; BA 5, 10; MKTG 17, 19. (MKTG 19, 1st & 2nd semester, should be equivalent to 500 hours of work experience.)

Note: Associate degree requirements are listed on page 32.

MARKETING – MAJOR #2110

This curriculum is designed for students planning to enter the marketing fields of retailing, wholesaling, general selling, and advertising/promotion.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Develop and implement a marketing plan in response to market opportunities.
2. Assess and apply technology to appropriate marketing activities.
3. Design and execute a promotional plan including the formulation of selling strategies.
4. Apply effective leadership skills while managing marketing functions within a business enterprise.

REQUIRED COURSES		Units
BT 23	Job Search and Workplace Skills	3
BT 115*	Refresher Math	3
BT 131	Applied Accounting	4
CIT 12	Computer Literacy.....	3
MKTG 10	Principles of Marketing.....	3
MKTG 11	Salesmanship	3

MKTG 12	Advertising and Promotion.....	3
MKTG 14	Retailing.....	3
MKTG 19	Work Experience (Cooperative), Occupational.....	2
Total		27

**Requirements and units will be waived if knowledge and skill in the subject matter can be demonstrated.*

ADVERTISING – MAJOR #2113

A step incentive certificate signifying proficiency in advertising and sales promotion.

CERTIFICATE

Student Learning Outcomes:

1. Describe each element in the promotion mix.
2. Identify appropriate media for various promotional situations.
3. Develop and implement a marketing media plan in response to market opportunities.
4. Formulate promotion and selling strategies.
5. Display soft skills required for workplace success including team-building, conflict management, communication, and professional behavior.

REQUIRED COURSES		Units
BA 33	Human Relations in the Workplace	3
MKTG 10	Principles of Marketing.....	3
MKTG 12	Advertising and Promotion.....	3
Total		9

MARKETING, FASHION MERCHANDISING

MARKETING, FASHION MERCHANDISING - MAJOR #2151

This degree prepares students for employment in the field of Fashion Merchandising.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Integrate elements of fashion design.
2. Integrate marketing elements of retailing, merchandising, advertising, and personal sales.

REQUIRED CORE COURSES		Units
FSHTX 20	Textiles	3
FSHTX 22	Fashion Analysis and Wardrobe Selection.....	3
INTRDSN 7	Interior Design	3
MKTG 11	Salesmanship.....	3
MKTG 14	Retailing.....	3

MKTG 17	Visual Merchandising,	3
MKTG 19 *	Work Experience (Cooperative), Occupational...1-8	
COURSE OPTIONS: Select 3 units		Units
MKTG 10	Principles of Marketing.....	3
MKTG 12	Advertising and Promotion.....	3
TA 34	Costume Practicum.....	3
		Total 22-29

- Notes:*
1. An AS degree will be awarded to any Fashion Merchandising certificate candidate who successfully completes a total of 60 units. The 60 units must include associate degree requirements and 23 units of course work in the major as listed above.
 2. Associate degree requirements are listed on page 32.
 3. General Education requirements for transfer certification are on page 39.

MARKETING, FASHION MERCHANDISING - MAJOR #2151

Designed to prepare students for a career in the field of Fashion Merchandising.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Integrate textile, fashion, and design concepts into a merchandising plan.
2. Integrate key concepts of marketing mix, retailing mix, and visual merchandising.

REQUIRED CORE COURSES		Units
FSHTX 20	Textiles	3
FSHTX 22	Fashion Analysis and Wardrobe Selection.....	3
INTRDSN 7	Interior Design	3
MKTG 11	Salesmanship	3
MKTG 14	Retailing.....	3
MKTG 17	Visual Merchandising.....	3
COURSE OPTIONS: Select 3 units		Units
MKTG 10	Principles of Marketing.....	3
MKTG 12	Advertising and Promotion.....	3
TA 34	Costume Practicum.....	3
		Total 21

Students are required to establish eligibility for English 125 and 126 or ESL 67 and 68.

MARKETING, RETAIL MANAGEMENT – MAJOR #2051

The program prepares current and future retail employees for the fast paced, ever changing challenges in a competitive retail environment. Specific occupational preparation is provided in the following program.

ASSOCIATE IN SCIENCE DEGREE AND CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Develop and implement a marketing plan in response to market opportunities.
2. Demonstrate effective leadership skills while managing marketing functions within a business enterprise.
3. Describe and identify appropriate application of the wheel of retailing to various retailing situations.
4. Identify and describe the types of retailers and appropriate distribution methods for each type of retail situation.
5. Display soft skills required for workplace success including customer service, teambuilding, time management, conflict management, communication, and professional behavior.

First Semester		Units
BA/BT 5	Workplace Communication.....	3
BT 115	Refresher Math	3
CIT 15	Computer Concepts	3
COMM 1	Introduction to Public Speaking	3
		Total 12

Second Semester		Units
BA 10/10H	Introduction to Business	3
BT 131	Applied Accounting	4
MKTG/FM 10	Principles of Marketing.....	3
		Total 10

Third Semester		Units
BA 33	Human Relations in the Workplace	3
MKTG 11	Salesmanship	3
MKTG 12	Advertising and Promotion.....	3
MKTG 14	Retailing.....	3
		Total 12

Note: Students qualify for the certificate of achievement upon completion of the major requirements listed above. In addition, those completing the associate degree requirements on page 32 of the catalog, upon application, will be awarded the associate in science degree.

PERSONAL SALES – MAJOR #2114

A step incentive certificate signifying proficiency in personal sales.

CERTIFICATE

Student Learning Outcomes:

1. Identify marketing-related opportunities.
2. Design and execute a sales promotion plan.
3. Identify and describe the principles of personal sales promotion and appropriate applications in various sales situations.

4. Display soft skills required for workplace success including team-building, conflict management, communication, and professional behavior.

REQUIRED COURSES		Units
BA 33	Human Relations in the Workplace	3
MKTG 10	Principles of Marketing.....	3
MKTG 11	Salesmanship	3
Total		9

RETAILING – MAJOR #2116

A step incentive certificate signifying proficiency in entry-level retailing skills.

CERTIFICATE

Student Learning Outcomes:

1. Develop and implement a marketing plan in response to market opportunities.
2. Apply effective leadership skills while managing marketing functions within a business enterprise.
3. Identify and describe appropriate application of the wheel of retailing to various retailing situation.
4. Identify and describe the types of retailers and appropriate distribution methods for each type of retail situation.
5. Display soft skills required for workplace success including team-building, conflict management, communication, and professional behavior.

REQUIRED COURSES		Units

MATHEMATICS – MAJOR #6200

The math degree program will help prepare students for math and science related subjects they will study in four-year college or university programs.

Preparatory courses: Students needing prerequisite courses will take from the following as required:

MATH 4A	Trigonometry
MATH 4B	Precalculus
MATH 101	Elementary Algebra
MATH 102	Plane Geometry
MATH 103	Intermediate Algebra

ASSOCIATE IN SCIENCE DEGREE

TOTAL UNITS REQUIRED..... 23-25

REQUIRED CORE COURSES		Units
CSCI 40	Programming Concepts & Methodology I.....	4
MATH 5A	Mathematical Analysis I.....	5
MATH 5B	Mathematical Analysis II	4
MATH 6	Mathematical Analysis III.....	4
Total		17

ELECTIVES: Select two (2) courses from the following:

CSCI 41	Programming Concepts & Methodology II.....	4
MATH 7	Introduction to Differential Equations.....	4
MATH 11	Elementary Statistics, <i>or</i>	
MATH 42	Statistics for The Behavioral Sciences.....	4
MATH 21	Finite Mathematics, <i>or</i>	
MATH 10B	Structure/Concepts II	3
MATH 26	Elementary Linear Algebra	3
MATH 45	Contemporary Mathematics	3
PHYS 4A	Physics for Scientists and Engineers.....	4
PHYS 4B	Physics for Scientists and Engineers.....	4

Note: Associate degree requirements are listed on page 32.

MEDICAL ASSISTANT-CLINICIAN –

MAJOR #2120

This curriculum is designed for the student who desires employment and advancement in the medical facility assisting the physician with the diagnosis and treatment of the patient.

Admission Policy

Enrollment is limited in the Medical Assistant–Clinician Program. There are no restrictions as to age, race, sex or marital status. In order to qualify for admission to the program, the applicant must have met all of the following conditions:

1. Graduated from high school with a minimum average of “C” (2.0) in high school work or complete the General Educational Development (GED) test with an average score of 45.
2. Completed Math 260D or test score that would qualify the student to place out of or above Math 260D.
3. Completed an Academic Summary Form for the Medical Assistant–Clinician Program and be prepared to furnish transcripts when requested.
4. Have no physical impairment that would preclude the performance of all Medical Assistant–Clinician duties.

After selection as a qualified student to the Medical Assistant–Clinician Program, the student must submit evidence of physical examination by a licensed physician.

Background Check

Upon entry into the program, students may be required to obtain a background check.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Identify common medical conditions and diseases and demonstrate knowledge in assisting in the physician's office.

***FIRST YEAR**

First Semester		Units
BT 20	Resume/Interview	1.5

**MA 6B	Advanced Training	3
**MA 19	Work Experience (Coop), Occup	1-4
Total		11-14

* Requires additional general education units for two-year Associate in Science degree. All courses must be completed with a "C" grade or better.

** Upon completion, the student will be eligible to take the California Medical Assistant State Certification Exam.

Note: BIOL 24 or BIOL 20 and 22 may be substituted for BIOL 5.

MUSIC

This program satisfies the requirements for the associate in arts degree with a major in music and the lower division course requirements at most California state universities.

Music majors must select one of the following areas of specialization: instrumental, vocal, guitar, piano, or commercial music.

Instrumental, vocal, guitar, and piano majors must take Music 1A, 1B,

2A, 2B, 7A, 7B, 9, 13, and 18. These majors must also take the appropriate Intermediate/Advanced class and participate in a Large Ensemble every semester they are enrolled in the Music Major.

INSTRUMENTAL MAJORS - MAJOR #5810

Student Learning Outcomes:

1. Students will perform music on the instrument of choice from at least three different time periods.
2. Students will demonstrate the ability to hear, analyze, read, and write music.
3. Students will demonstrate knowledge of music history and conducting skills.

For the INT/ADV class requirement:

- Brass players take Music 42A or 73A or 74A
- Woodwind players take Music 42B or 73B or 74B
- String players take Music 42C or 73C or 74C
- Percussionists take Music 42D or 73D or 74D

For the Large Ensemble requirement, all instrumental majors above select from the following:

- Music 40 Concert Band
- Music 46 Symphony Orchestra
- Music 68 Symphonic Band
- Music 69 Wind Band
- Music 75 Community Orchestra
- Music 76 College Philharmonic Orchestra

VOCAL MAJORS - MAJOR #5820

Student Learning Outcomes:

1. Students will perform vocal music of at least three different time periods.
2. Students will demonstrate the ability to hear, analyze, read, and write music.
3. Students will demonstrate knowledge of music history and conducting skills.

For the INT/ADV class requirement, take Music 26.

For the Large Ensemble requirement, all vocal majors select from the following:

- Music 30 College Choir
- Music 39 Opera and Musical Theatre Workshop
- Music 60 Symphonic Choir
- Music 61 A Cappella Choir
- Music 66 Opera and Performance Practices
- Music 67 Musical Theatre Performance Practices

GUITAR MAJORS - MAJOR #5830

Student Learning Outcomes:

1. Students will perform guitar music of at least three different time periods.
2. Students will demonstrate the ability to hear, analyze, read, and write music.
3. Students will demonstrate knowledge of music history and conducting skills.

For the INT/ADV class requirement:

Guitar majors take Music 29

For the Large Ensemble requirement, all guitar or piano majors select from the following:

Music 30	College Choir
Music 34	Fresno Chorale
Music 40	Concert Band
Music 41	Jazz Ensemble
Music 47	Jazz Combo
Music 48	Latin Jazz Ensemble
Music 53	Latin Jazz Workshop
Music 60	Symphonic Choir
Music 61	A Cappella Choir
Music 68	Symphonic Band
Music 69	Wind Band
Music 70	Studio Jazz Ensemble
Music 71	Lab Jazz Ensemble
Music 72	Jazz Composer's Orchestra
Music 77	Studio Jazz Combo
Music 78	Lab Jazz Combo
Music 90	Jazz Composer's Workshop
Music 91	Jazz Composer's Ensemble
Music 92	Vocal Jazz Ensemble

PIANO MAJORS - MAJOR #5840

For the INT/ADV class requirement:

Piano majors take Music 22

Student Learning Outcomes:

1. Students will perform piano music of at least three different time periods.
2. Students will demonstrate the ability to hear, analyze, read, and write music.
3. Students will demonstrate knowledge of music history and conducting skills.

For the Large Ensemble requirement, all guitar or piano majors select from the following:

Music 30	College Choir
Music 34	Fresno Chorale
Music 40	Concert Band
Music 41	Jazz Ensemble
Music 47	Jazz Combo
Music 48	Latin Jazz Ensemble
Music 53	Latin Jazz Workshop
Music 60	Symphonic Choir
Music 61	A Cappella Choir
Music 68	Symphonic Band
Music 69	Wind Band
Music 70	Studio Jazz Ensemble
Music 71	Lab Jazz Ensemble
Music 72	Jazz Composer's Orchestra
Music 77	Studio Jazz Combo
Music 78	Lab Jazz Combo
Music 90	Jazz Composer's Workshop
Music 91	Jazz Composer's Ensemble
Music 92	Vocal Jazz Ensemble

NURSING, REGISTERED – MAJOR #4520

The profession of registered nursing involves the provision of health care services, both direct and indirect, that focus on the maintenance, promotion and restoration of health. This includes basic health care to help people cope with difficulties in daily living that are associated with actual or potential problems of health, illness or the treatment thereof. Nursing is a dynamic problem-solving profession that focuses on the response of the individual to health problems. The practice of registered nursing requires a substantial amount of scientific knowledge and technical skills as well as leadership and managerial abilities. Students attend classes on the Fresno City College campus. Nursing experience is provided in selected local hospitals and health agencies.

Nursing, Registered Application Requirements

Enrollment in the Registered Nursing Program is limited. Minimum qualifications for selection must be met. There are no restrictions as to age, race, sex or marital status. Prior to the final date for filing an application to the program, the applicant must have:

1. Graduated from high school with a minimum grade point average of "C+" (2.5) or better in high school work or completed the General Educational Development (GED) test with an average standard score of 45.
2. Completed Chemistry 3A or equivalent with a grade of "C" or better.
3. Completed Biology 20, Human Anatomy, and Biology 22, Human Physiology, (or equivalents) with a grade of "C" or better in each course.
4. Completed Biology 31, Microbiology, with a grade of "C" or better.
5. Completed Sociology 1A, Introduction to Sociology or Anthropology 2, Cultural Anthropology; and Psychology 2, General Psychology; with grades of "C" or better in each course.
6. Completed English 1A, Reading and Composition, with a grade of "C" or better.
7. Completed Mathematics 103, Intermediate Algebra, or a more advanced math course with a grade of "C" or better.
8. Attained a cumulative grade point average (GPA) of "C+" (2.5) or better in completed college work.

9. Completed an Academic Summary Form for the Registered Nursing Program and be prepared to furnish transcripts when requested to do so.
10. Have no physical impairment that would preclude the performance of all registered nurse duties.
11. Be in good physical and mental health.

Notes:

1. *The college GPA and college courses of an applicant will have precedence over an applicant's high school GPA and courses.*
2. *Prior to registration for the semester in which the applicant is scheduled to take courses in the Registered Nursing Program, the student must submit evidence of physical examination, current immunizations, and freedom of TB by a licensed physician. The student is also required to attend a mandatory orientation meeting before the start of the semester.*
3. *Students may be required to complete a background check.*

Change of Name, Address, and/or Telephone Number

Applicants and nursing students must keep the Nursing Education Office informed of any change in name, address, and/or telephone number. Failure of applicants to inform the Nursing Education Office of changes may result in loss of entry into the program.

Vocational Nursing Articulation

Procedures and application requirements specific to vocational nurse articulation into the Registered Nursing Program are available upon request.

Previous Education in Nursing

Any person desiring to enter the Fresno City College Registered Nursing Program by transfer or challenge will be evaluated on an individual basis after all college general requirements for transfer or challenge have been met. The college has written policies and procedures for academic training in registered nursing programs. Individuals who have completed vocational nursing programs and persons having other education in the field of nursing should contact the Director of Nursing for specific information.

Prenursing Preparation

Prenursing students planning to transfer to four-year programs in other schools should consult the catalog of the transfer school.

Academic Requirements

All program entry requirement courses listed above must be completed with a grade of "C" or better. All other courses leading to the associate degree must also be completed with a grade of "C" or better. Students in the nursing program must earn a "C" grade or better (or a "Pass" grade when applicable) in all nursing courses. Less than a "C" or a "Pass" grade in any nursing course requires that the course be repeated before continuing with the major. Registered Nursing courses must be repeated in their entirety. Courses may be repeated once only. Safe nurs-

ing practice is necessary for retention of students in the program.

If, based on the professional judgment of the faculty, a student demonstrates that he/she is unsuited to nursing, is not progressing satisfactorily or is engaged in unethical, unprofessional, or illegal practices, he/she may be asked to withdraw from the program.

State License

The successful completion of the prescribed registered nursing course sequence in addition to the other licensure and/or degree requirements qualifies the graduate for an associate in science degree and eligibility to apply for licensure as a Registered Nurse.

ASSOCIATE IN SCIENCE DEGREE

Registered Nursing Course Sequence (All courses must be completed with a grade of "C" or better.)

Student Learning Outcomes:

1. Students completing the Registered Nursing Program, who have their names forwarded by the college to the California Board of Registered Nursing, will pass the NCLEX-RN at 85% for first-time takers.

COMMERCIAL PHOTOGRAPHY – MAJOR #5222

Students taking these courses will develop skills in creating photographs for commercial clients from small and large scale studio and location situations. Students will learn appropriate workflow and processes to compete in the commercial marketplace.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Demonstrate skills necessary to set up and use an electronic still photograph studio workstations.
2. Utilize skills in picture selection, placement and cropping with emphasis on impact and marketability.

REQUIRED COURSES

COURSES	Units
PHOTO 23 Photoshop 2: Digital Darkroom.....	3
PHOTO 26 Lighting Principles.....	3
PHOTO 32 Commercial Portraiture.....	3
PHOTO 40 Professional Photography Practices	3
Total	12

DIGITAL PHOTOGRAPHY – MAJOR #5223

Students taking these courses will learn the various methods and processes of digital photography emphasizing quality on all levels. From digital capture to high end output printing, students will learn control of a variety of digital systems.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Use Photoshop to selectively adjust, tone, color and manage color throughout a workflow process.
2. Organize and manage effective color management of images from input to output on high end digital printing devices.

REQUIRED COURSES

COURSES	Units
PHOTO 18 Digital Black and White Photography.....	3
PHOTO 23 Photoshop 2: Digital Darkroom.....	3
PHOTO 40 Professional Photography Practices	3
PHOTO 47 Book/Video Publishing.....	3
Total	12

FINE ART PHOTOGRAPHY – MAJOR #5224

Students taking these courses will concentrate on the fine art of photography exploring various methods and processes to explore historical techniques as well as new forms. Both film and digital technologies are used to develop the creative process and personal expression.

CERTIFICATE OF ACHIEVEMENT**Student Learning Outcomes:**

1. Produce quality black and white photographs using various cameras and film formats.
2. Utilize photography as a visual communication tool.

REQUIRED COURSES		Units
PHOTO 15	Photography and Visual Literacy.....	3
PHOTO 17	Classic Black and White Photography.....	3
PHOTO 23	Photoshop 2: Digital Darkroom.....	3
PHOTO 27	Alternative Photographic Processes.....	3
Total		12

PHOTOJOURNALISM – MAJOR #5225

Students in these classes will learn the art of storytelling through images and the power in conveying someone else's story through their own eyes. Digital compositional and editing of storytelling images and their publication will be explored and utilized.

CERTIFICATE OF ACHIEVEMENT**Student Learning Outcomes:**

1. Describe and demonstrate the effective use of various applications of camera and lens techniques for visual story telling.
2. Photograph, scan, design and layout for traditional, video and Internet publications.

REQUIRED COURSES		Units
PHOTO 30	Editorial Photography.....	3
PHOTO 37	Editorial Portraiture.....	3
PHOTO 40	Professional Photography Practices.....	3
PHOTO 47	Book/Video Publishing.....	3
Total		12

PSYCHOLOGY – MAJOR #7501

The Psychology AA Program is designed to provide a strong academic foundation for students planning to major in Psychology at a four-year institution. Psychology is the scientific study of human behavior and mental processes. Two of the field's key features reflect the highly valuable approach psychology takes to gain knowledge about human behavior. First, psychology emphasizes the use of critical thinking and the scientific method to ask questions, acquire and evaluate information, and solve problems. Second, the field recognizes the complexity of human behavior, and is guided by the idea that a complete understanding of

human behaviors, emotions, and thoughts must include an analysis of factors as diverse as biological, interpersonal, and sociocultural influences. Thus, psychology represents a method of inquiry that can be a useful tool for students with a variety of interests and career goals.

Earning an Associates in Arts degree in Psychology may be beneficial for individuals whose vocational plans include working in human or social services (e.g., law enforcement, education, sales, social welfare, and nursing). Students are encouraged to follow the CSU General Education-Breadth or IGETC pattern with the assistance of a counselor.

ASSOCIATE IN ARTS DEGREE**Student Learning Outcomes:**

1. Students will apply their knowledge of psychology's major theoretical perspectives (psychodynamic, behavioral, biological, humanistic, cognitive, evolutionary, and sociocultural) and its scientific research process when studying topics of interest, including methodologies and ethical concerns within the field's subdisciplines.
2. Students will recognize and analyze the application of psychological concepts and theories to human experiences across the lifespan and within the context of various social and cultural constructs.
3. When presented with information and claims about human behavior and mental processes, students critically evaluate them within a framework that views humans as continually developing physiological, social, and psychological organisms.

REQUIRED CORE COURSES		Units
PSY 2	General Psychology, <i>or</i>	
PSY 2H	Honors General Psychology	3
PSY 36	Biological Psychology	3

RADIOLOGIC TECHNOLOGY - MAJOR #4570

Imaging examinations performed by, and accompanying responsibilities assigned to, a radiographer shall be at the direction of physicians qualified to request and/or perform radiologic procedures. Upon completion of the program the radiographer shall be able to:

1. Apply knowledge of anatomy, physiology, and radiographic techniques to demonstrate accurately anatomical structures on a radiograph or other imaging receptor.
2. Determine exposure factors to achieve optimum radiographic techniques with minimum radiation exposure to the patient.
3. Evaluate radiographic images for appropriate positioning and imaging quality.
4. Apply the principles of radiation protection for the patient, self, and others.
5. Provide patient care and comfort.
6. Recognize emergency patient conditions and initiate lifesaving first aid and basic life support procedures.
7. Evaluate the performance of radiologic systems, know the safe limits of equipment operation, and report malfunctions to the proper authority.
8. Exercise independent judgment and discretion in the technical performance of medical imaging procedures.
9. Participate in radiologic quality assurance programs.
10. Assist in fluoroscopic procedures.

Classes are conducted on the Fresno City College campus. Students also attend classes at local hospitals affiliated with the program for clinical experience.

An associate in science degree will be granted upon successful completion of requirements for graduation, which includes formal hospital training. The student will be eligible to take the State licensing examination and the examination given by the American Registry of Radiologic Technologists upon successful completion of requirements for graduation.

Admission Policy

Enrollment is limited in the Radiologic Technology Program. There are no restrictions as to age, race, or marital status. In order to qualify for admission to the program, the applicant must have met all of the following conditions:

Application Requirements

Minimum prerequisite requirements for application to the Radiological Technology Program follow.

1. Have completed and submitted an Academic Summary Form for the Radiologic Technology Program.
2. Have graduated from high school or have an average score of 45 on the General Educational Development (GED) test.
3. Have completed Biology 24, Anatomy and Physiology (or equivalent), with a grade of “C” or better. Biology 24 may be replaced by Biology 20, Human Anatomy, and Biology 22, Human Physiology, with a grade of “C” or better in each course.
4. Have completed Applied Technology 11, Basic Electricity (or equivalent), with a grade of “C” or better.
5. Have attained a minimum cumulative grade point average (GPA) of “C+” (2.5) in completed college work.
6. Have no physical impairment that would preclude the performance of all radiologic technology duties.
7. Be in good physical and mental health.

Note: Prior to registration for the semester in which the applicant is scheduled to take courses in Radiologic Technology, the student must submit evidence of physical examination by a licensed physician.

Background Check

Upon entry into the program, students may be required to obtain a background check.

Change of Name, Address, and/or Telephone Number

Applicants and radiologic technology students must keep the Health Science office informed of any change in name, address, and/or telephone number. Failure of applicants to inform the Health Science office of this vital information may result in loss of entry into the program.

Academic Requirements

All program entry requirement courses listed above must be completed with a grade of “C” or better. In order to be eligible to take the state licensing examination and the examination given by the American Registry of the Radiologic Technologists, all other courses leading to the associate degree must also be completed with a grade of “C” or better.

Students in the radiologic technology program must earn a “C” grade or better (or a “Pass” grade when applicable) in all program courses. Less than a “C” or a “Pass” grade in any radiologic technology course requires that the course be repeated before continuing with the major. Courses must be repeated in their entirety. Courses may be repeated once only.

Safe professional practice is necessary for retention of students in the program. If a student demonstrates that he/she is unsuited to the profession or is not progressing satisfactorily based on the professional judgment of the faculty, he/she may be asked to withdraw from the program.

ASSOCIATE IN SCIENCE DEGREE

Radiologic Technology Course Sequence (all courses must be completed with grade of "C" or better)

Student Learning Outcomes:

1. Students will pass the ARRT National Registry Examination on the first attempt.

FIRST YEAR

First Semester		Units
RAD 1A	Fundamentals	6
RAD 1B	Basic Positioning.....	1
RAD 1C	Clinical Orientation Lab	2
Total		9

Second Semester		Units

Radiologic Technology Program Requirements

A "C" or better grade is required in each course. In addition to the program application requirements and Radiologic Technology course sequence, the following courses are required to apply for the associate degree:

- Communication 1 or 2
- Psychology 2 (formerly Psychology 7)
- Sociology 1A
- Electives to complete the associate in science degree requirements

Note: All application requirements, program requirements and selection criteria are subject to change. Students will enter the selection pool based on the current catalog or catalog supplement. Contact a Fresno City College health career counselor every semester for current information.

REAL ESTATE

BROKER/SALES OPTION – MAJOR #2190

This curriculum is designed for the student interested in working in the real estate industry in the broker/sales field.

ASSOCIATE IN SCIENCE DEGREE AND CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Explain and apply to a specific factual situation the Realtor Code of Ethics and the Regulations of the Department of Real Estate.
2. Describe the different methods for holding and conveying interests in real property.
3. Explain how a real estate office is established and operated.
4. Explain the fiduciary responsibility owed by a real estate agent to her/his principal.

REQUIRED CORE COURSES		Units
BA 5	Workplace Communication.....	3
BA 18	Business and the Legal Environment.....	4
BA 33	Human Relations in the Workplace	3
CIT 15	Computer Concepts	3
RE 40	Real Estate Principles.....	3

Total Option Requirements		31

HOUSING MANAGEMENT OPTION – MAJOR #2340

This curriculum is designed for the student interested in working in the real estate industry in the housing management field.

ASSOCIATE IN SCIENCE DEGREE AND CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Identify the components of and be able to complete a rental agreement.
2. Explain the small claims court procedures to present a case for debt collection related to real property management.
3. Describe the legal steps necessary for an eviction.
4. Describe basic state and federal laws related to property management.

REQUIRED CORE COURSES		Units
BA 5	Workplace Communication.....	3
BA 18	Business and the Legal Environment.....	4
BA 33	Human Relations in the Workplace.....	3
CIT 15	Computer Concepts.....	3
RE 40	Real Estate Principles.....	3
RE 42	Legal Aspects of Real Estate.....	3
RE 44	Real Estate Finance.....	3
Total		22

OPTION REQUIRED COURSES		Units
BA 30	Personal Finance.....	4
RE 48	Real Estate Investment.....	3
RE 49	Property Management.....	3
Total Option Requirements		32

Note: Associate degree requirements are listed on page 32.

RECREATION LEADERSHIP – MAJOR #4300

Proposed courses for transfer to State Universities.

Student Learning Outcomes:

1. List and define the programs and services of the recreation programs in the community.
2. Identify and apply the skills needed to be a recreational leader in a community setting.

**Required major courses.*

+Course requirements/General Education requirements for degree.

RESPIRATORY CARE PRACTITIONER –**MAJOR #4610**

The respiratory care practitioner (RCP) is a health care specialist involved in managing, diagnostically evaluating, and providing care to patients with deficiencies and abnormalities affecting their cardiopulmonary system. Respiratory care practitioners comprise a critical sector of the allied health care workforce. A recent survey for the American Association for Respiratory Care (AARC) estimated that there are 111,700 RCPs employed in the United States. Currently there are 13,660 active licensed RCPs in California.

Respiratory care practitioners work under the direction of physicians. The scope of their practice ranges from delivering temporary relief to persons with asthma, pulmonary edema, chronic obstructive pulmonary disease (COPD) and emphysema, to providing emergency treatment for asphyxiation, heart failure, stroke, drowning, and shock. The diagnostic and therapeutic responsibilities include the administration of medical gases, aerosols, environmental control systems, life sustaining mechanical ventilation, medication, chest physical therapy, pulmonary functions testing, and specialized cardiopulmonary procedures. The respiratory care practitioner works closely with the physician in assessing the patient and planning the proper respiratory care protocol. Most RCPs (75%) work in a hospital setting and are key staff in

critical care units and emergency rooms. Next to nurses, RCPs are the most frequently seen health care provider at the patient bedside. In addition, RCPs are present in the emergency room for resuscitation and are always a member of response teams that rush to the aid of patients who experience sudden cardiac arrest.

The respiratory care program is designed to prepare the student for employment in the health care delivery system, and to participate as a member of the health care team. Clinical work experiences in respiratory care are provided in selected local hospitals where students practice their skills under the supervision of the Fresno City College faculty.

Essential function and general job description utilizes the application of scientific principles for the identification, prevention, remediation, research, and rehabilitation of acute or chronic cardiopulmonary dysfunction. Reviews existing data, collects additional data, and recommends obtaining data to evaluate the respiratory status of patients, develops the respiratory care plan, and determines if the prescribed therapy is appropriate. Initiates, conducts, and modifies prescribed therapeutic and diagnostic procedures such as: administering medical gases, humidification and aerosols, aerosol medications, postural drainage, bronchopulmonary hygiene, cardiopulmonary resuscitation; providing support services to mechanically ventilated patients; maintaining artificial and natural airways; performing pulmonary function testing, hemodynamic monitoring and other physiologic monitoring; collecting specimens of blood and other materials. Documents necessary information in the patient's medical record and on other forms, and communicates that information to members of the health care team. Obtains, assembles, calibrates, and checks necessary equipment. Uses problem solving to identify and correct malfunctions of respiratory care equipment. Demonstrates appropriate interpersonal skills to work productively with patients, families, staff, and co-workers. Accepts directives, maintains confidentiality, does not discriminate, and upholds the ethical standards of the profession.

State License and National Registration and Certification

Successful completion of the respiratory care program qualifies the graduate for an associate in science degree and satisfies eligibility requirements: (1) take the licensing examination for the CRT by the National Board for Respiratory Care. (2) take the national registry examinations for the registered respiratory therapist credential issued by the National Board for Respiratory Care (3) be eligible to apply for California State licensing through the Respiratory Care Board in Sacramento, California.

Program Statement

The Respiratory Care program is accredited by the Commission on Accreditation for Respiratory Care (CoARC), 1248 Harwood Road, Bedford, TX 76021, 1-817-283-2835, www.coarc.com.

Application Requirements

Enrollment into the respiratory care program is limited; however, there are no restrictions as to age, sex, race, or marital status. To qualify for admission to the program, the applicant must meet all of the following conditions:

1. Complete and submit an Academic Summary Form for the Respiratory Care Program.
2. Have graduated from high school with a minimum average grade of 2.0 (C) or have an average score of 45 on the General Educational Development (GED) examination.
3. Have completed Fresno City College Math 103 or higher, Biology 1 or 5, and Chemistry 3A or higher (or their college level equivalents) with a C grade or better.
4. Have attained a minimum average grade of C (2.0) in all completed college work.
5. Submit high school and college transcripts.

Note: It is the applicants responsibility to request his/her transcripts from the necessary schools and to ensure that the transcripts are on file by the deadline. The college GPA and courses will have precedence over an applicant's high school GPA and courses.

PRIOR TO REGISTRATION for the semester in which the applicant is actually scheduled to take courses in respiratory care, the following conditions must be met to finalize program qualifications:

1. Submit evidence of physical and mental health (a physical examination form to be completed by a physician.)
2. Complete immunization portfolio and diagnostic tests.
3. Attend an allied health orientation program.
4. Complete a State and Federal background check.

Change of Name, Address, and/or Telephone Number

Applicants and respiratory care students must keep the Respiratory Care Program office informed of any change in name, address, and /or telephone number. Failure of applicant to inform the Respiratory Care Program office of this vital information may result in loss of entry into the program.

Academic Requirements

In order to be licensed by the State of California, the student must pass the CRT offered by the National Board for Respiratory Care. Additionally, the student must apply for State licensing through the Respiratory Care Board in Sacramento, California. The student must earn an associate in science degree with a grade of C or better in every course. Students earning less than a C grade in any course must repeat that course in its entirety. In the case of earning less than a C grade in a respiratory care course, the student may not progress in the major until the course is completed successfully. Courses may be repeated once only.

ASSOCIATE IN SCIENCE DEGREE

Respiratory Care course sequence (all must be completed with a "C" grade or better):

Student Learning Outcomes:

1. Graduate will pass the NBRC (National Board of Respiratory Care) CRT (entry level exam) within five months of graduation.

2. Students will demonstrate effective patient assessment skills as respiratory care practitioners.

Respiratory Care Practitioner Program Requirements

(A "C" or better grade is required in each course.)

In addition to the program application requirements and the Respiratory Care course sequence requirements, the following courses are required to apply for the associate degree:

- Biology 24, or Biology 20 and Biology 22
- Biology 31
- Communication 1 or Communication 2
- Physical Science 11 or Applied Technology 120
- Psychology 2
- Sociology 1A

General education courses to complete the Associate in Science degree requirements.

Note: All applications requirements, program requirements, and selection criteria are subject to change. Students will enter the selection pool based on the current catalog or catalog supplement. Contact a Fresno City College Health Science Counselor every semester for current information.

SCHOOL TO WORK

SCHOOL TO WORK, CLERICAL - MAJOR

The School to Work Clerical Certificate Program is designed to provide students with the opportunity to enhance their education while focusing on an environment which will encourage awareness in the clerical workforce as well as prepare students for mainstream computer classes. This certificate will validate the students' participation in the School to Work objectives at Fresno City College and enhances computer/clerical awareness of each student.

CERTIFICATE

Student Learning Outcomes:

1. Describe potential employment opportunities based on their educational and vocational experiences.
2. Demonstrate basic computer literacy skills.

Select a minimum of 16 units from the following list:

	Units
DEVSER 262	Group Interaction for Students with Disabilities... 2
DEVSER 272	Consumer Skills 2
DEVSER 273	Independent Living Skills 2
DEVSER 277	Adapted Computer Literacy 2
DEVSER 278	Modified Word Processing..... 2
DEVSER 279	Modified Computer Applications 2
DEVSER 291	Strategies for Academic Success..... 2

Second Semester Units

COMM 2	Interpersonal Communication.....	3
SURGT 105	Advanced Clinical Practicum.....	6
		Total 9

Courses have prerequisites. See catalog or a counselor.

*+ BIOL 20 and 22 may be substituted for BIOL 24.

Note: All courses listed are required for national certification. For the certificate of achievement and the associate degree, courses must be completed with a grade of "C" or better. An associate in science degree will be awarded to any candidate who successfully completes the associate degree requirements and the course work listed above. Associate degree requirements are listed on page 32. General Education requirements for transfer certification are listed on page 39.

National Certification

The Surgical Technology Program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAHEEP). Successful completion of the Surgical Technology Program qualifies the student eligibility to take the Association of Surgical Technologist’s (AST) National Certification Examination in order to become a Certified Surgical Technologist (CST).

TEACHER AIDE

TEACHER AIDE: GENERAL – MAJOR #5910

The Teacher Aide major provides students the first two years of transferable lower division course work and field experience for the California Single Subject Teaching Credential required to teach at public middle schools, high schools and in some adult education setting.

The Teacher Aide major also prepares students for an education career as aides to classroom teachers in elementary, middle and high schools. The major may be used for employment as an aide in daycare centers, migrant training programs, community centers and adult education programs.

FCC’s Education 30, Survey of American Education and Educational Aide19, Work Experience are particularly valuable for students seeking an understanding of education in the United States. These courses will also enable students to explore the field of education before committing to a teacher aide or teaching program of study.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. While most students will use this associate degree as a transfer major toward a single subject teaching degree, the major also prepares students to meet federal “No Child Left Behind” (NCLB) academic requirements for employment as teacher aides in public K-12 classrooms.
2. The major provides students with the ability to transfer to selected UC’s and CSU’s as rising juniors to pursue the California Single Subject teaching credential required for teaching in public middle and high schools.
3. The major will prepare students for the California Basic Education Skills Test (CBEST) required of students applying to a UC or CSU school of education for purposes of beginning a Single Subject Teaching Credential Program.
4. Students will learn student management (discipline) techniques.
5. Students will clearly understand the role of the K-12 credentialed teacher and the K-12 teacher aide.

- Notes: 1. A minimum of 1 unit of Work Experience (EDA 19) is required.
 2. The 16 units of course options cannot double count in the major and General Education.
 3. An Associate Degree in Science will be awarded to Teacher Aide certificate of achievement candidates who successfully completes a total of 60 units. The 60 units must include associate degree requirements and 20 units of course work in the major as listed above.
 4. General Education requirements for transfer certification and associate degree requirements are in the FCC catalog.

TEACHER AIDE: GENERAL – MAJOR #5910

The Teacher Aide Certificate major prepares students for an education career as aides to classroom teachers in elementary, middle and high schools. The major may also be used for employment as an aide in daycare centers, migrant training programs, community centers, and adult education programs.

The Teacher Aide certificate major satisfies the federal No Child Left Behind legislation for school districts to employ teacher aides that have completed an appropriate college requisite course of study.

FCC’s Education 30, Survey of American Education and Educational Aide 19, Work Experience are particularly valuable courses for students seeking an understanding of education in the United States. These courses are also useful for exploring the field of education before committing to a teacher aide or teaching program of study.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. The major prepares students to meet federal “No Child Left Behind” (NCLB) requirements for employment as teacher aides in public K-12 classrooms.
2. Students will learn student management (discipline) techniques.
3. Students will learn how to successfully apply for a job as a teacher aide in a K-12 school system.
4. Students will clearly understand the role of the K-12 credentialed teacher and the K-12 teacher aide.

TEACHER EDUCATION

Teaching is the profession that offers the greatest opportunity to have an impact on young people and on America’s future. More than three million teachers will be needed over the next decade, 250,000 in California alone.

TEACHING: ELEMENTARY

Students seeking careers as California public elementary school teachers must complete the BA degree with a Liberal Studies major and the “fifth year” Multiple Subject Credential program. The first two years of transferable lower division course work and field experience of the five years required for the Multiple Subject California Teaching Credential can be completed at Fresno City College.

TEACHING: SECONDARY

Students seeking careers as public secondary school teachers at middle schools, high schools, and adult educational settings must complete a bachelor’s degree in an approved major and the “fifth year” Single Subject Credential program. The first two years of transferable lower division course work and field experience in 18 approved majors required for the California Teaching Credential can be completed at Fresno City College.

CBEST REQUIREMENT

Teaching credential candidates must pass the California Basic Education Skills Test (CBEST). Test preparatory classes are offered at Fresno City College.

TEACHER AIDE/PARAEDUCATOR

While not a teacher credential, the Fresno City College Teacher Aide/Paraeducator associate degree, certificate and certificate of achievement program prepares personnel to assist teachers at the elementary and secondary levels or to work in day-care centers, migrant training programs, community centers, and other child care institutions. Many of the courses required for the teacher aide/paraeducator also apply to teacher credential course work.

IS TEACHING FOR ME?

Fresno City College’s Education 30, Survey of Education, and Educational Aide 19, Work Experience (Cooperative), Occupational, are particularly valuable for an understanding of education in the United States and to explore the teaching field before committing to a program of study.

Satisfying the U.S. Constitution Requirement for a California Teaching Credential

The Education Code, Section 13132 requires teaching credential candidates either (1) to pass a satisfactory examination on the provisions and principles of the Constitution of the United States in a junior college, college or university

of recognized merit or (2) to complete satisfactorily two semester units of work on the provisions and principles of the Constitution of the U. S. in any accepted university or college.

Candidates who wish to satisfy the U. S. Constitution requirement for a California teaching credential may do so by doing one of the following:

1. Pass Political Science 2 at Fresno City College. This course is offered in fall (day and night), spring (day and night) and summer sessions.
2. Pass Political Science 2 (American Government) or Political Science 101 (American Constitution, Institutions, and Ideals) at California State University, Fresno. These courses are offered fall, winter (three weeks), spring and summer sessions.

THEATRE ARTS – MAJOR #5440

The Theatre Arts major is more *Performance* oriented than the Design/Technical Theatre Studies major. Both major options emphasize a “hands on” approach and places special focus on the “well rounded” theatre artist. Students who complete the program can successfully transfer to a competitive four-year university or conservatory.

Student Learning Outcomes:

1. Demonstrate the acting process from script and character analysis, through a performance before an audience.
2. Demonstrate basic proficiency in technical theatre production.
3. Analyze a play in context of its historical period, structure, theme, character, style and other components of drama.

ASSOCIATE IN ARTS DEGREE

REQUIRED COURSES	Units
TA 24 Theatre Crafts Practicum.....	3
TA 25 Theatre Crafts I, <i>or</i>	
TA 26 Theatre Crafts II.....	3
TA 30 Theatre Appreciation, <i>or</i>	
TA 15C Playwriting.....	3
TA 31 Theatre History and Literature I	3
TA 32 Theatre History and Literature II.....	3

TA 41 Beginning Acting, <i>or</i>	
TA 42 Beginning Acting for Theatre Majors.....	3
TA 43 Intermediate Acting.....	3
TA 44 Actors Workshop	3
TA 46 Voice for the Actor.....	3
Three units from the following courses:	
*TA 24 Theatre Crafts Practicum.....	3
**TA 34 Costume Practicum.....	3
TA 40 Performance Practicum.....	3
TA 45 Kennedy Center American College Theater	2
TA 48 Teasers	1

* In addition to completing three units of Theatre Craft Practicum.

** In addition to completing three units of Costume Practicum.

Recommended Electives: DANCE 9, 10, 11, 12, 14, 16; TA 28

DESIGN/TECHNICAL THEATRE STUDIES – MAJOR #5482

The Design/Technical Theatre Studies major emphasizes a “hands on” approach and places special focus on the “well rounded” theatre artist. Students who complete the program can successfully transfer to a competitive four-year university or conservatory or join the job market at entry-level positions.

ASSOCIATE IN ARTS DEGREE

Student Learning Outcomes:

1. Analyze a play in the context of its historical period, structure, theme, character, style and synthesize these components with research in the creation of a theatrical design.
2. Demonstrate the performance process as an actor from rehearsal to preparing to go before an audience.
3. Demonstrate the production from construction/installation through technical rehearsals and performance before an audience.

REQUIRED COURSES	Units
TA 24 Theatre Crafts Practicum.....	3
TA 25 Theatre Crafts I.....	3
TA 30 Theatre Appreciation, <i>or</i>	
TA 15C Playwriting.....	3
TA 31 Theatre History and Literature I.....	3
TA 32 Theatre History and Literature II.....	3
TA 34 Costume Practicum.....	3
TA 35 Costume Crafts.....	3
TA 41 Beginning Acting, <i>or</i>	
TA 42 Beginning Acting for Theatre Majors.....	3
TA 26 Theatre Crafts II,	3
TA 28 Introduction to Stage Makeup.....	2

Two of the following courses:

TA 27A Introduction to Scenic Design	3
TA 27B Introduction to Lighting Design.....	3
TA 36 Costume Design.....	3
Total	35

Recommended Electives: TA 43, TA 40.

Notes: 1. An associate in arts degree requirements will be awarded to any candidate who successfully completes a total of 60 units, which include associates degree requirements and a minimum of 24 units of course work listed above.

2. Associate degree requirements listed on page 32. General Education requirements for transfer certification are listed on page 39.

3. Recommended electives for Physical Education: DANCE 10, 11, 12, 14, 16.

WELDING TECHNOLOGY

METAL FABRICATION OPTION

METAL FABRICATION OPTION - MAJOR #8371

Welding technology provides an opportunity for students to prepare for employment in welding and metal occupations. Specific preparation is provided in welding and metal fabrication or pipe and steel certification procedures.

Instruction in the design and fabrication of metal projects by welding. Skills will be taught in design, manufacturing processes, production techniques, and material cost estimation.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Given an idea or description students will be able to design and plan the construction of one or more advanced metal fabricated projects.
2. From design and specifications, students will be able to determine estimated steel weights, cost calculations, and fabrication time requirement.
3. Students will be able to demonstrate the proper safety precautions, setup and use of tools and equipment common to metal fabrication.
4. In the construction of their project, students will apply various types of welds with quality workmanship to assemble the steel components of advanced projects.
5. During the construction of their project, students will demonstrate the efficient use of time and materials to produce their advanced projects.

PIPE AND STRUCTURAL STEEL

**PIPE AND STRUCTURAL STEEL
CERTIFICATION OPTION – MAJOR #8372**

Welding technology provides an opportunity for students to prepare for employment in welding and metal occupations. Specific preparation is provided in welding and metal fabrication or pipe and steel certification procedures.

Pre-employment training for structural steel and pipe welding technicians. An emphasis is placed on developing certification code-level proficiency in the use of shielded metal arc and flux cored arc welding procedures used in the construction of components on bridges, building, and pressure vessel systems.

ASSOCIATE IN SCIENCE DEGREE

Student Learning Outcomes:

1. Students will demonstrate correct usage of all weld symbols on the American Welding Society welding symbols chart.
2. Students will weld in all welding positions.
3. Students will correctly use ASME, AWS and API codes.
4. Students will perform and weld different pipe configurations according to specification.

WELDING DESIGN & FABRICATION - MAJOR #8371

This certificate of achievement provides pre-employment training for an entry level job in the welding fabrication industry. Instruction in the design and fabrication of metal projects will be completed through the welding process. Skills will be taught in design, materials cost estimation and manufacturing processes.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Given an idea or description students will be able to design and plan the construction of one or more advanced metal fabricated projects.
2. From the design and specifications, students will be able to determine estimated steel weights, cost calculations, and fabrication time requirements.
3. Students will be able to demonstrate the proper safety precautions, setup and use of tools and equipment common to metal fabrication.
4. In the construction of their project, students will apply various types of welds with quality workmanship to assemble the steel components of advanced projects.
5. During the construction of their project, students will demonstrate the efficient use of time and materials to produce advanced projects.

WELDING MULTI-PROCESS – MAJOR #8373

This certificate provides pre-employment training for an entry level job in the welding industry. Instruction in the areas of shielded metal, gas metal, gas tungsten and flux cored arc welding along with oxyacetylene welding and cutting and plasma cutting will be presented. Skills will include welding in the flat, horizontal, vertical and overhead positions with the various processes as well as welding with aluminum and stainless steel with the Gas Metal and Gas Tungsten arc welding processes. Students will also use common power and hand tools to complement related to the welding industry.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Students will be able to identify defects and discontinuities in their horizontal, vertical, and overhead welds according to AWS (American Welding Society) standards.
2. Given a power source, students will be able to properly set up and adjust the GTAW, FCAW and air carbon arc gouging machines to complete their lab assignments to AWS standards.
3. Given a drawing with weld symbols and specifications, students will be able to prepare their metal and perform the correct weld.
4. Given a set of plans, students will be able to construct a simple project by correctly setting up and using various fabrication tools.

WIND TURBINE TECHNICIAN – MAJOR #

This curriculum is designed to prepare the student for entry into the field of utility scale Wind Power Generation.

CERTIFICATE OF ACHIEVEMENT

Student Learning Outcomes:

1. Identify and list the hazards of working around electrical generation equipment.
2. Illustrate the accepted safety practices in the use of electrical measuring devices (i.e. multimeters, amp meters, infrared testers, etc).
3. Explain the importance and inter-relationship between turbine maintenance and turbine performance.

WOMEN’S STUDIES – MAJOR #7610

This is a transfer program designed to inform students of the historical and contemporary issues affecting women’s lives. Women’s Studies offers a broad interdisciplinary approach to the study of women in society including their contrasting roles circumscribed by their culture and social institutions, their opportunities for self expression, achievement and self actualization, their relationships with parents, peers, intimates and children, and their concern for survival in a violent-prone society. Because Women’s Studies is interdisciplinary, it also provides an academic background helpful to those planning careers in law, business, education and medicine.

COURSE DESCRIPTIONS

Descriptions of courses offered at Fresno City College follow in alphabetical order.

Repeating a Course

It is the policy of this District that, unless specifically exempted by statute or regulation, every course, section or class, reported for state aid, wherever offered and maintained by the District, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to Subchapter 1, Chapter 6, Division 6, Title 5 of the California Code of Regulations, commencing with Section 55000.

Courses generally offered in only one of the two regular semesters are identified with a Fall (fall semester) or Spring (spring semester). Courses generally offered in only the evening program or during the summer session are so designated.

The State has mandated the maximum number of times a course may be repeated is three (3).

Repeatable courses are designated with the number of repeats in parenthesis following the course units and hours. For example,

<u>Course Name</u>	<u>Initial Enroll.</u>	<u>Number of Repeats</u>	<u>Max. Times Taken</u>
ANTHRO 5 (Repeats = 1)	1	1	2
ANTHRO 4L (Repeats = 2)	1	2	3
ART 251 (Repeats = 3)	1	3	4

Note: A number of courses are cross-referenced — the same course is listed in more than one area, department or discipline — usually with the same course number. Credit can be earned only once for cross-referenced courses. See the individual course listings in the “Description of Courses” section of the catalog.

Key to Graduation or Transfer Status Designations

The identification of the transfer acceptance of Fresno City College courses by the California State University and University of California systems was one of the outcomes of the Fresno City College Student Success Project.

Listed at the end of each course description, if applicable, are abbreviations identifying the transfer or graduation status of the course. The key to the abbreviations follows:

- A Associate degree applicable
- CSU Transferable to the California State University system
- CSU-GE Meets the general education requirements for California State University transfer certification. Completion of all courses in the California State University General Education transfer certification pattern will permit a student to transfer to a campus in the California State University system without having to complete additional lower division general education courses after transfer.
- I Meets the requirements of the Intersegmental General Education Transfer Curriculum (IGETC). Completion of all IGETC requirements will permit a student to transfer to a campus in either the California State University or University of California system without having to complete additional lower division general education courses after transfer.
- UC Transferable to the University of California system

Schedule of Classes

The schedule of classes contains information necessary for registration and is available at the Admissions Office. Where no prerequisite is indicated, none is required except as explained in the section on “Prerequisites” which follows. Students should study the Schedule of Classes very carefully before completing registration.

Course Credit Limitation

A student shall not be granted credit for the completion of a course that is a prerequisite for another course previously completed by the student.

Prerequisites/Corequisites/Advisories

Students are urged to study the description of courses in this catalog to ensure that prerequisites are satisfied before registering for a course. Correct registration at an early date is important.

It is the student's responsibility to be certain that he/she has met the necessary prerequisite(s) for any course taken. The student may be dropped from any class where it is verified that the necessary prerequisite has not been taken.

It should be understood by the student that whether or not a prerequisite is specifically stated, the instructional staff of this college assumes that each student who enrolls in a transfer-level course possesses sufficient competencies in the areas of reading, writing, and mathematics to be able to profit from instruction.

Advisory indicates that the institution recommends, but does not require, certain course work be taken prior to enrolling in the described course.

Corequisite indicates that the course must be taken simultaneously with another course if not already completed.

Prerequisite is defined to mean a condition of enrollment that a student must meet in order to register in a course or program. A student may challenge any prerequisite by completing the Prerequisite Challenge Form available in the Counseling Center.

Course Numbering System

1-99	Associate degree applicable courses that are also transferable to baccalaureate institutions
100-199	Associate degree applicable courses that are NOT transferable to baccalaureate institutions
200-299	Nondegree applicable credit courses
300-399	Noncredit courses

Course Classification System

Pursuant to revisions to the California Administrative Code, Title 5, Sections 55000 and 55062, all courses listed within the college catalog fall into one of the following classifications:

- Credit, Degree Applicable
- Credit, Nondegree Applicable
- Noncredit

The majority of courses have retained their previous classification and are credit, degree applicable. The exceptions are as follows:

A. Credit, Nondegree Applicable

Accounting 260	Accounting Skills Lab
Accounting 270	Accounting Math Skills
Admin of Justice 204	Instructor Training
Admin of Justice 211	Expandable Straight Baton Instructor
Admin of Justice 217	Background Investigation

Admin of Justice 219	Requalification—Basic Course
Admin of Justice 220	Radar Operator
Admin of Justice 221	Explosive Recog for First Respndrs
Admin of Justice 268	Pre-Police Academy Conditioning
Admin of Justice 269A	Advanced Officer Topics #2
Admin of Justice 270A	Basic Police Academy—Part 1
Admin of Justice 270B	Basic Police Academy—Part 2
Admin of Justice 271A	PC 832 Laws of Arrest/Arrest & Control
Admin of Justice 271B	PC 832 Firearms
Admin of Justice 272	Reg Basic Course—Mod Format—Mod III
Admin of Justice 273	Reg Basic Course—Mod Format—Mod II
Admin of Justice 274	Reg Basic Course—Mod Format—Mod I
Admin of Justice 276	Basic Supervisors
Admin of Justice 278	Public Safety Dispatcher
Admin of Justice 279	Citizens' Police Academy
Admin of Justice 279A	Citizens on Patrol
Admin of Justice 280	Basic Correctional Academy
Admin of Justice 281	Adv Correctional Officer Academy
Admin of Justice 285	Probation Core Course
Admin of Justice 286	Juvenile Counselor CORE Course
Admin of Justice 290	Firearms Instructor Course
Admin of Justice 291	Field Training Officer
Admin of Justice 293	Drug Influence—H & S 11550
Admin of Justice 295	Traffic Collision Investigation
Admin of Justice 298	Sexual Assault Investigation
Admin of Justice 299	Basic Bicycle Patrol
Air Conditioning 250	Digital Unitary Controls
Air Conditioning 251	Digital VAV Controls
Air Conditioning 252	DDC Network Controllers
Air Conditioning 260B	Electricity for Air Conditioning
Air Conditioning 260C	Residential Heating
Air Conditioning 260D	Advanced Troubleshooting
Applied Technology 212	Computer Skills Lab
Apprenticeship 260	Apprenticeship - First Aid
Art 251	Open Art Studio
Auto Tech 261	Clean Air Car—Diag & Rep
Auto Tech 262A (A6)	Electrical/Electronic Training
	BAR/ASE (Alt)
Auto Tech 262 B (A8)	Engine Performance Training
	BAR/ASE (Alt)
Auto Tech 262 C (L1)	AOW Engine Performance Training
	BAR/ASE (Alt)
Auto Tech 281A	Automatic Power Trains I
Auto Tech 281B	Automatic Power Trains II
Auto Tech 282A	Suspen/Wheel Align
Auto Tech 282B	Auto Braking Systems
Auto Tech 283A	Tune-up & Diag
Auto Tech 283B	Electrical Systems
Auto Tech 284	Auto Air Conditioning
Auto Tech 285	Auto Engines
Auto Tech 286	Automotive Information Systems
Auto Tech 287	Street Rod Technology

Auto Tech 292	Cert Preparatory	English 280	Advanced Spelling and Vocabulary
Auto Tech 294	Lamp/Brk Adj Prep	English 281	Grammar and Sentence Writing
Biology 261	Internet and Computer Skills Lab	English 282	Paragraph Writing
Business & Technology 206	Automated Business Records	ESL 262	Basic Academic Study Skills
Business & Technology 240	Legal Issues in Medical Billing	ESL 263R	Low Intermediate Reading and Vocabulary
Business & Technology 250	Office Skills Labs	ESL 263W	Low Intermediate Writing and Grammar
Business & Technology 251	Office Application Skills Lab	ESL 264R	Intermediate Reading and Vocabulary
Business & Technology 270	Business Math & Ten Key	ESL 264W	Intermediate Writing and Grammar
Business & Technology 271	Grammar Fundamentals	ESL 265R	High Intermediate Reading and Vocabulary
Business & Technology 272	Office Procedures	ESL 265W	High Intermediate Writing and Grammar
Business & Technology 273	Filing	ESL 270	Pronunciation Improvement and Accent Reduction
Business & Technology 274	Introduction to Microsoft Outlook	ESL 273	English Essentials for Hlth Professionals
Business & Technology 277	Accelerated Excel	Fire Technology 261	EMT 1 Refresher
Business & Technology 280	Business Office Procedures	Fire Technology 265	I-300, Intermediate ICS
Computer Info Tech 202	Introduction to Online Learning	Fire Technology 269	Advanced Firefighter Topics
Computer Info Tech 205	Computer Basics	Math 250	College Arithmetic
Computer Info Tech 260	Computer Skills Lab	Math 255	Pre-Algebra
Computer Info Tech 261	Internet Skills Lab	Math 260A	Arithmetic Review: Whole Numbers
Computer Science 261	Internet and Computer Skills Lab	Math 260B	Arithmetic Review: Fractions
Counseling 200	College Orientation	Math 260C	Arithmetic Review: Decimals
Counseling 250	Student Readiness Seminar	Math 260D	Arithmetic Review: Percents
Dental Hygiene 200	Clinical Dental Hygiene IV	Math 277	Arithmetic for Learn Disabled
Developmental Services 250	Workability Assessment and Career Awareness	Music 250	Piano Teaching I
Developmental Services 251	Workability Preparation and Job Placement	Music 251	Piano Teaching II
Developmental Services 252	Workability Strategies and Job Maintenance	Nursing, Registered 201	NCLEX—RN Review
Developmental Services 255	Workability Experience	Nursing, Registered 202	Successful Strategies for RN Students
Developmental Services 260	Workability	Nursing, Registered 203	RN Refresher Course
Developmental Services 262	Group Inter for Stud w/Disabilities	Nursing, Registered 204	Intro to the Nursing Profession
Developmental Services 264	Trans to College Stud w/Disabilities	Special Studies 277	Credit, Nondegree SP ST
Developmental Services 272	Consumer Skills	Vocational ESL 266R	Applied Inter Reading for College and Careers
Developmental Services 273	Independent Living Skills	Vocational ESL 266W	Applied Inter Writing for College and Careers
Developmental Services 275	Horticulture Skills I	Vocational ESL 269R	Applied Adv Reading for College and Careers
Developmental Services 276	Horticulture Skills II	Vocational ESL 269W	Applied Adv Writing for College and Careers
Developmental Services 277	Adapted Computer Literacy	B. Noncredit	
Developmental Services 278	Modified Word Processor	Admin of Justice 369A	Advanced Office Topics
Developmental Services 279	Modified Computer Applications	Air Conditioning 353	Principles of Industrial Refrigeration
Developmental Services 281	Professional Prep for Stud with Disabilities	Apprenticeship 361/7J	Roofing
Developmental Services 282	Greenhouse Workforce Prep	Business & Technology 370A	Office Asst Applications
Developmental Services 291	Strategies for Academic Success	Business & Technology 370B	Office Asst Applications
Developmental Services 292	College Awareness Survival Skills	Developmental Services 359	Differential Learn Diag
Education 200A	CBEST Preparation: English	Developmental Services 377	Transition to Independent Living & Education
Education 200B	CBEST Preparation: Mathematics	ST 300	Tutoring
Electrical Systems Tech 269A	Fundamentals of Network Security-Firewalls	Special Studies 377	Zero Unit, No Grade Sp St
Electrical Systems Tech 269B	Fundamentals of Wireless LANS	Theatre Arts 348	Senior Play Production
Electrical Systems Tech 271	Electrical Line/Utility Worker	Career & Technology Center Courses	
English 250	Basic Writing	Auto Mechanics 371	Engine Repair
English 252	Reading Improvement	Auto Mechanics 372	Engine Performance
English 260	Basic Reading	Auto Collision Repair 371	Fund of Weld Tech & Working Sheet Metal
English 262	Writing Improvement	Auto Collision Repair 372	Body Work Technology
English 277	Reading Skills	Auto Collision Repair 373	Automotive Refinishing Technology

SCCCD INTRA-DISTRICT ARTICULATED COURSES, COMMON COURSES, AND IN-LIEU COURSES

This is a list of courses that Fresno City College and Reedley College (which includes the North Centers—Clovis, Madera, Oakhurst and Willow International) have agreed to articulate with one another.

Note: Before registering for courses you want to use for transfer (for use in CSU GE, IGETC or to meet a major requirement at a university), you must verify that the course is listed on Fresno City College's or Reedley College's CSU GE or IGETC pattern or articulation list. Do not ask a friend! Check with the lists provided by Fresno City College, Reedley College and the North Centers—or see the Fresno City College or Reedley College catalogs.

COURSE DESCRIPTIONS

ACCOUNTING (ACCTG)

4A FINANCIAL ACCOUNTING

4 units, 4 lecture hours, 1 lab hour

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended. Enrolled or previously completed Computer Information Technology 12 or 15.

Explores what financial accounting is, why it is important, and how it is used by investors and creditors to make decisions. Covers the accounting information system and the recording and reporting of business transactions with a focus on the accounting cycle, the application of generally accepted accounting principles, the classified financial statements, and statement analysis. Includes issues relating to asset, liability, and equity valuation, revenue and expense recognition, cash flow, internal controls and ethics. (TCSU BUS 110) (A, CSU, UC)

4AH HONORS FINANCIAL ACCOUNTING

4 units, 4 lecture hours, 1 lab hour

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended. Enrolled or previously completed Computer Information Technology 12 or 15. Meet the qualifications for consideration for acceptance in the Honors Program recommended. See Honors Program listing in the college catalog.

Explores what financial accounting is, why it is important, and how it is used by investors and creditors to make decisions. Covers the accounting information system and the recording and reporting of business transactions with a focus on the accounting cycle, the application of generally accepted accounting principles, the classified financial statements, and statement analysis. Includes issues relating to asset, liability, and equity valuation, revenue and expense recognition, cash flow, internal controls and ethics. Honors program will require additional analysis of subject material involving research and presentations. (TCSU BUS 110) (A, CSU, UC)

4B MANAGERIAL ACCOUNTING

4 units, 4 lecture hours, 1 lab hour

PREREQUISITE: Accounting 4A.

Examination of how managers use accounting information in decision-making, planning, directing operations, and controlling. Focus on cost terms and concepts, cost behavior, cost structure, and cost-volume-profit analysis. Examination of profit planning, standard costs, operations, and capital budgeting, cost control, and accounting for costs in manufacturing organizations. (TCSU BUS 120) (A, CSU, UC)

4BH HONORS MANAGERIAL ACCOUNTING

4 units, 4 lecture hours, 1 lab hour

PREREQUISITE: Accounting 4A or 4AH. ADVISORY: Meet the requirements for consideration for acceptance into the Honors Program. See Honors Program listing in the college catalog.

Examination of how managers use accounting information in decision-making, planning, directing operations, and controlling. Focus on cost terms and concepts, cost behavior, cost structure, and cost-volume-profit analysis. Examination of profit planning, standard costs, operations and capital budgeting, cost control, and accounting for costs in manufacturing organizations. Honors program will require additional analysis of subject material involving research and presentations. (TCSU BUS 120)(A, CSU, UC)

**19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
1-8 units, (Repeats = 2)**

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to accounting. Collaborative learning objectives established specific to accounting. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

32A COMPUTERIZED ACCOUNTING

1 unit, 1 lecture hour, .5 lab hours, (Formerly
Accounting 31 and 32)

PREREQUISITE: Accounting 4A or Business & Technology 131. ADVISORY: Computer Information Technology 15, or equivalent, and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to accounting procedures and applications on microcomputer based software for accountants and business managers including general ledger, accounts receivable, accounts payable, inventory, and payroll. Utilize Integrated Accounting Software. (A, CSU)

34 ACCOUNTING SPREADSHEETS

2 units, 2 lecture hours, 1 lab hour

COREQUISITE: Accounting 4A or Business & Technology 131.

Spreadsheets applied to accounting problems. Creating a worksheet, formatting the worksheet, using formulas and functions, creating reports and graphs, and applying advanced Excel applications to accounting problems. (A, CSU)

51 INTERMEDIATE ACCOUNTING

3 units, 3 lecture hours, 1 lab hour, (Formerly
Accounting 51 and 151)

PREREQUISITE: Accounting 4A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Preparation and analysis of the balance sheet, income statement, and statement of cash flows. The following areas will be covered in this course: basic accounting theory, the conceptual framework underlying financial accounting, the time value of money, accounting theory underlying current and fixed assets, and accounting theory applicable to current liabilities, contingencies, and long-term liabilities. (A, CSU)

52 COST ACCOUNTING

3 units, 3 lecture hours, 1 lab hour, (Formerly
Accounting 52 and 152)

PREREQUISITE: Accounting 4B. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Emphasis is given to the three functions of management which include planning, organizing, and controlling. In-depth examination of job order, process, and activity based cost systems; standard costing; completion of the master budget; flexible budgeting; capital budgeting. Computer spreadsheets will be utilized in this course. (A, CSU)

53 TAX ACCOUNTING—MANUAL AND COMPUTERIZED

3 units, 3 lecture hours, 1 lab hour, (Formerly
Accounting 53 and 153)

PREREQUISITE: Accounting 4A or Business & Technology 131. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Covers individual income taxes including calculation of gross income, exclusions, deductions, losses, and property transactions. Requires students to utilize a computerized tax system to reinforce concepts and methodology presented in the course. (A, CSU)

55 ACCOUNTING METHODS

1.5 units, 1.5 lecture hours

COREQUISITE: Accounting 4A or Business & Technology 131.

Accepted accounting methods for accounts receivable, notes receivable, inventory and fixed assets, including their impact on reported profitability and financial position. (A, CSU)

56 PAYROLL ACCOUNTING

2 units, 2 lecture hours, 1 lab hour

PREREQUISITE: Accounting 4A or Business & Technology 131.

Payroll accounting including computing gross wages, tax withholdings and net pay; maintaining payroll records; journalizing payroll transactions; and preparing federal tax forms. (A, CSU)

57 GOVERNMENTAL ACCOUNTING

3 units, 3 lecture hours

PREREQUISITE: Accounting 4A or Business & Technology 131.

An examination of the accounting processes used within municipal county, state, and federal governments. Includes budgetary control, types of funds, and interpretation of reports. (A, CSU)

58 ACCOUNTING PRACTICUM I

1 unit, .5 lecture hours, 1 lab hour

PREREQUISITE: Accounting 4A or Business & Technology 131.

Designed to help students have greater understanding of the basic accounting process through the use of assigned practical, real-world accounting problems (also called practice sets). (A, CSU)

59 ACCOUNTING PRACTICUM II

1 unit, .5 lecture hour, 1 lab hour

PREREQUISITE: Accounting 51.

Designed to help students have optimal understanding of the accounting process through the use of advanced practical, real-world accounting problems (also called practice sets). (A, CSU)

70 QUICKBOOKS FUNDAMENTALS

2 units, 2 lecture hours, 1 hour lab

COREQUISITE: Accounting 4A or Business & Technology 131.

QuickBooks applications including setting up companies, general ledger, sales processing, accounts receivable, purchasing, accounts payable, bank reconciliation, and payroll. (A, CSU)

73 MAS90 FUNDAMENTALS

2 units, 2 lecture hours, 1 lab hour

PREREQUISITE: Accounting 4A or Business & Technology 131.

MAS90 applications including setting up companies, general ledger, sales order processing, accounts receivable, purchasing, accounts payable, payroll, and inventory management. (A, CSU)

260 ACCOUNTING SKILLS LAB

1 unit, 3 lab hours, (Repeats = 3), (Formerly Accounting 60)

COREQUISITE: Accounting 4A or Business & Technology 131.

Supervised application of accounting principles and concepts. Students will reinforce accounting concepts learned in the classroom and develop problem-solving abilities. Final grade will be based on hours worked in lab.

270 ACCOUNTING MATH SKILLS

1.5 units, 1.5 lecture hours, (Formerly Decision Science 70 and 270)

PREREQUISITE: None.

Review of math fundamentals with emphasis on application problems related to accounting. Utilization of business-oriented word problems, percentages, and decimals in common business applications.

ADMINISTRATION OF JUSTICE

SEE CRIMINOLOGY

ADMINISTRATION OF JUSTICE (AJ)

POLICE ACADEMY

204 INSTRUCTOR TRAINING

1 unit, 25.2 lecture hours, 8.4 lab hours, (1 week), (Pass/No Pass), (Repeats = 3), (Formerly Administration of Justice 104)

PREREQUISITE: None.

Presentation skills and techniques that can be applied in any presentation environment. An overview of learning activities, facilitation of group activities, public speaking, and resources available to enhance presentations. Also, designed to increase the skills of Basic Academy Instructors in delivering POST Learning Domain curricula. Materials fee will be charged.

211 EXPANDABLE STRAIGHT BATON INSTRUCTOR

.5 unit, 6.4 lecture hours, 10.6 lab hours, (1 week), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: Administration of Justice 270B or equivalent.

Designed to train officers to instruct department personnel in the use of the expandable and straight baton.

217 BACKGROUND INVESTIGATION

1 unit, 28.2 lecture hours, 5.4 lab hours, (1 week), (Pass/No Pass), (Repeats = 4), (Formerly Administration of Justice 117)

PREREQUISITE: Open to all California law enforcement agencies including Police, Sheriff, Corrections and Probation or Administration of Justice 270B.

Basic techniques and procedures for background investigators.

219 REQUALIFICATION—BASIC COURSE

3 units, 11.4 lecture hours, 5.4 lab hours, (9 weeks), (Pass/No Pass), (Unlimited Repeats), (Formerly Administration of Justice 119)

PREREQUISITE: Administration of Justice 270B California POST Basic Certificate or, for those from out of state, a letter of recommendation from POST. No criminal record that disqualifies an individual under 12021 California Penal Code.

Updated information in the use of force, laws of arrest, search and seizure, criminal law, etc.

220 RADAR OPERATOR

0.5 unit, 21 lecture hours, 4.2 lab hours, (1 week), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: Sworn peace officer or Administration of Justice 270B.

Proper operation of police radar devices including history of radar operation, principles of operation and laws relevant to radar operation.

221 EXPLOSIVE RECOGNITION FOR FIRST RESPONDERS

0.5 unit, 8.4 lecture hours, 8.4 lab hours, (1 week), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: Administration of Justice 270B or equivalent.

Basic techniques and procedures for explosives recognition for the first responder. Materials and range fee will be charged.

268 PRE-POLICE ACADEMY PHYSICAL CONDITIONING

1 unit, .5 lecture hours, 3.5 lab hours, (10 weeks), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: Physical exam, including an electrocardiogram (EKG) printout.

Expose future FCC Police Academy students to the physical demands, bringing them to a higher level of physical conditioning, as well as the disciplined and structured environment of the Police Academy.

269A ADVANCED OFFICER TOPICS #2

0.5-2 units, 1-42 lecture hours, 1-42 lab hours, (1-18 weeks), (Pass/No Pass), (Unlimited Repeats)

PREREQUISITE: Administration of Justice 270B or equivalent, or currently employed by a Public Safety Agency.

Satisfies mandatory yearly requirements of the California Commission on Peace Officer Standards and Training (POST) or Standards for Training in Corrections (STC) for advanced officer training. May be offered in seminar, lecture, and/or laboratory format. Examination of topics, current trends, and/or issues as mandated by POST or STC and not covered by regular catalog offerings. Course content to be determined by POST or STC.

270A BASIC POLICE ACADEMY – PART 1

10 units, 20.3 lecture hours, 8.8 lab hours, (19 weeks), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: Possess a valid Class C California Driver's License. Proof of a Department of Justice criminal history clearance to possess a firearm (PC 13511.5) or be sponsored by a law enforcement agency.

Satisfies the required prerequisite for Administration of Justice 270B when taken in tandem without a time separation between courses (Administration of Justice 270A and 270B). Materials, health, and parking fees will be charged. Applicants must successfully complete: (1) POST Standardized Reading Comprehension and Writing Skills Test; (2) POST Physical Agility Test; and (3) Physical Exam, including an electrocardiogram (EKG) printout.

270B BASIC POLICE ACADEMY – PART 2

13 units, 18 lecture hours, 11.1 lab hours, (23 weeks), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: Successful completion of Administration of Justice 270A when taken in tandem without a time separation between courses (Administration of Justice 270A and 270B).

Satisfies the requirement of the California Commission of Peace Officer Standards and Training (POST) for Basic Police Academy training mandatory for every full-time peace officer under Penal Code, Section 830.1. Health, parking and range fees will be charged.

271A PC 832 LAWS OF ARREST/ARREST & CONTROL

1 unit, 31.5 lecture hours, 10.5 lab hours, (1 week), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: Demonstration of physical ability to perform arrest and control techniques in a safe manner.

Basics in arrest and control techniques and knowledge of California laws related to the requirements of Section 832 (Level III) of the California Penal Code. Materials fee will be charged.

271B PC 832 FIREARMS

.5 unit, 4.2 lecture hours, lab hours, (1 week), (Repeats = 3), (Pass/No Pass)

PREREQUISITE: Must be able to demonstrate physical ability to use a firearm in a safe manner. Must obtain a Department of Justice clearance for firearms possession prior to entering a POST approved course.

Basic use of firearms to fulfill the requirements of Section 832 of the California Penal Code. Materials and range fee will be charged.

272 REGULAR BASIC COURSE – MODULAR FORMAT – MODULE III

4 units, 9 lecture hours, 3.4 lab hours, (Repeats = 3)

PREREQUISITE: Valid Class C California Driver's License. Proof of a Department of Justice criminal history clearance to possess a firearm (PC 13511.5) or be sponsored by a law enforcement agency.

Satisfies mandatory training requirements for Level III Reserve Peace Officer and is the mandatory prerequisite for the Administration of Justice 272 (Level II module). Must provide a handgun, ammo, and safety equipment associated with a firearms course.

273 REGULAR BASIC COURSE – MODULAR FORMAT – MODULE II

5.5 units, 11.1 lecture hours, 6.1 lab hours, (17 weeks), (Repeats = 3)

PREREQUISITE: Successful completion of Administration of Justice 272 (Module III). Current (within the last 3 years) in PC 832, Arrest and Firearms, training requirements. Proof of a Department of Justice criminal history clearance to possess a firearm (PC 13511.5). Passage of the POST – Constructed Comprehensive Module III End-of-Course Proficiency Test within the preceding 12 months.

Satisfies mandatory requirements for Level II Reserve Peace Officer and is the mandatory prerequisite for Administration of Justice 274 (Level I module).

**274 REGULAR BASIC COURSE – MODULAR FORMAT –
MODULE I**

**11 units, 18 lecture hours, 8.7 lab hours, (22 weeks),
(Repeats = 3)**

PREREQUISITE: Successful completion of Administration of Justice 272 and 273 (Modules III and II). Current (within last 3 years) in PC 832, Arrest and Firearms, training requirements. Passage of the POST Constructed Comprehensive Module II End-of-Course Proficiency Test within the preceding 12 months. Successful completion of the POST Standardized Reading Comprehensive and Writing Skills Test and the POST Physical Agility Test. Proof of Department of Justice criminal history clearance to possess a firearm (PC 13511.5) Physical exam, including an electrocardiogram (EKG) printout. Or, be sponsored by a law enforcement agency.

Satisfies training requirements mandatory for every full-time peace officer under Penal Code section 30.6(a)(1) and 832.6(a)(1). Completion of all three modules satisfies the Regular Basic Course training requirement.

276 BASIC SUPERVISORS

**2 units, 21 lecture hours, 21 lab hours, (2 weeks),
(Repeats = 3), (Formerly Administration of Justice 73
and 76)**

PREREQUISITE: Substantiated service in a supervisory capacity within a criminal justice agency, or expected service within a one-year period, or authorization by the agency head, or Administration of Justice 270B.

POST training curriculum for the newly promoted law enforcement supervisor. Role identification, leadership styles, values, ethics and principles, assertive leadership, etc. Materials fee will be charged.

279 CITIZENS' POLICE ACADEMY

**1 unit, 3.2 lecture hours, (17 weeks), (Pass/No Pass),
(Repeats = 3), (Formerly Administration of Justice 79)**

PREREQUISITE: None.

To educate and inform citizens regarding the function and duties of law enforcement personnel. Materials fee will be charged.

279A CITIZENS ON PATROL

**0.5 unit, 4 lecture hours, 2.4 lab hours, (5 weeks),
(Pass/No Pass)**

PREREQUISITE: None.

Introduction/orientation to the mission, policies, and procedures of a law enforcement department. Prepares students for service as a department volunteer.

280 ADULT CORRECTIONAL OFFICER CORE

**4 units, 33.6 lecture hours, 8.4 lab hours, (5
weeks), (Pass/No Pass), (Repeats = 3), (Formerly
Administration of Justice 74 and 80)**

PREREQUISITE: None.

Satisfies the requirements for Standards and Training for Corrections (STC), basic correctional academy training. Materials fee will be charged.

281 ADVANCED CORRECTIONAL OFFICER ACADEMY

**1 unit, 25.2 lecture hours, 8.4 lab hours, (1
week), (Pass/No Pass), (Repeats = 3), (Formerly
Administration of Justice 75 and 81)**

PREREQUISITE: Administration of Justice 270B or 280 or be employed and/or affiliated with a criminal justice agency with the experience equivalent to a Basic Correctional Academy.

Satisfies the requirement of Standard and Training for Corrections (STC). Advanced concepts and training in leadership, personnel motivation, law, promotional preparation, and information pertaining to duties of a correctional officer. Materials will be charged.

285 PROBATION CORE COURSE

**4 units, 33.6 lecture hours, 8.4 lab hours, (5
weeks), (Pass/No Pass), (Repeats = 3), (Formerly
Administration of Justice 85)**

PREREQUISITE: None.

Knowledge and skills essential for newly hired probation officers. Materials fee will be charged.

286 JUVENILE CORRECTIONAL OFFICER CORE

**3 units, 27.3 lecture hours, 14.7 lab hours,
(4 weeks), (Pass/No Pass), (Repeats = 3), (Formerly
Administration of Justice 86)**

PREREQUISITE: Employment as a correctional officer.

Knowledge and skills essential for newly hired Juvenile Counselors to meet maximum performance standards and to obtain maximum benefits from subsequent on-the-job training. Meets certification requirements for California Standards and Training for Corrections. Materials fee will be charged.

290 FIREARMS INSTRUCTORS COURSE

**1 unit, 22 lecture hours, 20 lab hours, (1 week),
(Pass/No Pass), (Repeats = 3), (Formerly
Administration of Justice 90)**

PREREQUISITE: Administration of Justice 270B or equivalent.

Designed to prepare the student with the fundamentals of teaching law enforcement firearms techniques to others and to create and administer a safe and quality Firearms Training Program. Various shooting styles and updated instruction on the most effective contemporary techniques used in

202 Administration of Justice

law enforcement today. How to diagnose shooting problems through target analysis, and how to properly correct the problems. A materials fee will be charged.

291 FIELD TRAINING OFFICER

1 unit, 33.4 lecture hours, 8.6 lab hours, (1 week), (Repeats = 3), (Formerly Administration of Justice 91)

PREREQUISITE: Administration of Justice 270 or equivalent.

Training of experienced officers so they can provide field training to new recruits. Evaluation, motivation, and discipline; issues of supervision, value and ethics, adult learning processes, counseling, and role of the training officer. A materials fee will be charged.

293 DRUG INFLUENCE - H&S 11550

1 unit, 29.4 lecture hours, 4.2 lab hours, (1 week), (Pass/No Pass), (Repeats = 3), (Formerly Administration of Justice 84 and 93)

PREREQUISITE: Administration of Justice 270B or equivalent.

An elementary introduction to controlled substances and how they affect the human body both psychologically and physiologically. Completion of this course will enable student to recognize, photograph, and document H & S 11550 suspects and prepare the officer for court. A materials fee will be charged.

295 TRAFFIC COLLISION INVESTIGATION

1 unit, 33.6 lecture hours, 8.4 lab hours, (1 week), (Pass/No Pass), (Repeats = 3), (Formerly Administration of Justice 81 and 95)

PREREQUISITE: Administration of Justice 270B or equivalent.

Training in proper traffic collision investigations procedures and proper recording format as prescribed by the Collision Investigation Manual (HPN 110.5) for statewide use. Satisfies requirements of Police Officer Standards and Training (POST) and California Vehicle Code Section 40600a. Materials fee will be charged.

298 SEXUAL ASSAULT INVESTIGATION

1 unit, 42 lecture hours, (1 week), (Pass/No Pass), (Repeats = 3), (Formerly Administration of Justice 98)

PREREQUISITE: Administration of Justice 270B or equivalent.

Statutes related to sexual assaults and how violations of these laws must be proven in court. Materials fee will be charged.

299 BASIC BICYCLE PATROL

1 unit, 9.6 lecture hours, 24 lab hours, (1 week), (Pass/No Pass), (Repeats = 3), (Formerly Administration of Justice 99)

PREREQUISITE: Administration of Justice 270B or equivalent.

Designed to familiarize the bike officer in the daily operation of the bicycle in a patrol function and to provide the student with skills and techniques used in bicycle patrol. Materials fee will be charged.

369A ADVANCED OFFICER TOPICS

1-42 lecture hours, 1-42 lab hours, (1-18 weeks), (Pass/No Pass), (Unlimited Repeats)

PREREQUISITE: Administration of Justice 270B or equivalent, or currently employed by a Public Safety Agency.

Satisfies mandatory yearly requirements of the California Commission on Peace Officer Standards and Training (POST) or Standards for Training in Corrections (STC) for advanced officer training. May be offered in seminar, lecture, and/or laboratory format. Examination of topics, current trends, and/or issues as mandated by POST or STC and not covered by regular catalog offerings. Course content to be determined by POST or STC.

AEROSPACE STUDIES (AEROST)

1A USAF FOUNDATIONS

1 unit, 1 lecture hour

COREQUISITE: Aerospace 3.

The Air Force in the contemporary world. Focuses on basic organizational structure and missions of Air Force organizations and an introduction to leadership and followership. Includes a basic study of Air Force communications and briefing skills. (A, CSU, UC)

1B USAF FOUNDATIONS

1 unit, 1 lecture hour

COREQUISITE: Aerospace 3.

The Air Force in the contemporary world. Focuses more on leadership and followership than on the organizational structure and missions of Air Force organizations. Officership and professionalism are stressed; and includes a more in-depth study of Air Force communication skills. (A, CSU, UC)

2A EVOLUTION OF AIR AND SPACE POWER

1 unit, 1 lecture hour

COREQUISITE: Aerospace 3.

Detailed look at strategy, doctrine, and evolution of the art and science of air, space and cyberspace power until 1960; history, political science, and leadership studies; basic communication skills training and evaluation in terms of improving professional writing and speaking. (A, CSU, UC)

2B EVOLUTION OF AIR AND SPACE POWER

1 unit, 1 lecture hour

COREQUISITE: Aerospace 3.

Detailed look at strategy, doctrine, and evolution of the art and science of air, space and cyberspace power after 1960; history, political science, and leadership studies; basic communication skills training and evaluation in terms of improving professional writing and speaking. (A, CSU, UC)

3 LEADERSHIP LABORATORY
1 unit, 4 lab hours, (Pass/No Pass), (Repeats = 3)
 COREQUISITE: Aerospace 1A, or 1B, or 2A, or 2B. (Note: if a cadet has taken all 4 of the possible corequisite courses, they do not need to enroll in a corequisite course again. They can then take Aerospace 3 as a stand-alone course.)

A practicum of Air Force customs and courtesies, issuing military commands, instructing, directing and evaluating the preceding skills, studying the environment of an Air Force officer and learning about areas of opportunity available to commissioned officers. (A, CSU, UC)

5 DRILL AND CEREMONY FUNDAMENTALS
1 unit, .5 lecture hour, .5 lab hour, (Repeats = 3)
 COREQUISITE: Aerospace 1A, or 1B, or 2A, or 2B. (Note: if a cadet has taken all 4 of the possible corequisite courses, they do not need to enroll in a corequisite course again. They can then take Aerospace 3 as a stand-alone course.)

The elements of military drill, individual and group precision movements, development of command voice; technical, stylistic and aesthetic aspects of creative drill maneuvers; encompasses both rehearsal and public performance. (A, CSU)

AFRICAN-AMERICAN STUDIES
(AFRAM) FORMERLY CULTURAL STUDIES/BLACK STUDIES

1 AFRICAN-AMERICAN CULTURE
3 units, 3 lecture hours, (Formerly Cultural Studies 1)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
 The African-American in American society: an interdisciplinary approach using anthropology, history, sociology, literature, art, and music. (TCSU AFAM 119) (A, CSU-GE, UC, I)

2 CULTURAL ADAPTATION OF THE AFRICAN-AMERICAN
3 units, 3 lecture hours, (Formerly Cultural Studies 20)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
 The African-American cultural system: problems and conflicts with the dominant culture. (TCSU AFAM 219) (A, CSU, UC)

3 AFRICAN-AMERICAN ART
3 units, 3 lecture hours, (Formerly Cultural Studies 3)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
 The creative products of Black people in Africa and America: painting, architecture, sculpture, drawing and printing. (TCSU AFAM 119) (A, CSU-GE, UC, I)

4 AFRICAN CIVILIZATION
3 units, 3 lecture hours, (Formerly Cultural Studies 4)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
 Earliest times until the colonial period. (A, CSU-GE, UC, I)

5 THE AFRICAN IN THE NEW WORLD
3 units, 3 lecture hours, (Formerly Cultural Studies 5)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
 History and contributions of African people in South America, the Caribbean, and the United States. (A, CSU, UC)

6 AFRICAN CULTURES AND LANGUAGES
3 units, 3 lecture hours, (Formerly Cultural Studies 6)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
 African language structures: ethnological and historical implications. (A, CSU, UC)

8 AFRICAN-AMERICAN CREATIVE WORKSHOP
3 units, 2 lecture hours, 3 lab hours, (Repeats = 3), (Formerly Cultural Studies 8)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
 A creative multi-discipline workshop based on the history and culture of the African-American. (TCSU AFAM 119) (A, CSU-GE)

13 AFRICAN-AMERICAN MUSIC FROM PRE-SLAVERY TIMES TO 1940
3 units, 3 lecture hours, (Formerly African-American Studies 7)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
 The evolution of African-American music from African rhythms to spirituals, gospel music, blues, ragtime, jazz, and the big bands of the 1940s. (TCSU AFAM 119) (A, CSU-GE, UC, I)

15 AFRICAN-AMERICAN MUSIC FROM 1940 TO THE PRESENT
3 units, 3 lecture hours
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
 African-American music from 1940 to the present. (TCSU AFAM 119) (A, CSU-GE, UC, I)

17 AFRICAN-AMERICAN LITERATURE

3 units, 3 lecture hours, (See also English 17)

PREREQUISITE: English 1A or equivalent.

Reading critical works of African and African-American writers and understanding their cultural values and themes as expressed in essays, short stories, novels, poetry, and plays. (TCSU AFAM 119) (A, CSU-GE, UC, I)

21 BEGINNING SWAHILI

4 units, 3 lecture hours, 2 lab hours, (See also Swahili 1), (Formerly African-American Studies 21A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

First semester beginning Swahili: listening, speaking, grammar, writing, reading, and vocabulary. Designed for students with no knowledge of Swahili. (A, CSU-GE, UC, I)

22 HIGH-BEGINNING SWAHILI

4 units, 3 lecture hours, 2 lab hours, (See also Swahili 2)

PREREQUISITE: Swahili 1/African-American Studies 21, or two years of high school Swahili, or equivalent.

Second Semester Swahili: listening, speaking, grammar, reading, writing, comprehension, and vocabulary. (A, CSU-GE, UC, I)

36 CONTEMPORARY AFRICA

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An analysis of Africa's struggle for political independence, economic development, cultural identity, and the democratic process. (A, CSU, UC)

41 THE AFRICAN-AMERICAN WOMAN

3 units, 3 lecture hours, (See also Women's Studies 41), (Formerly Cultural Studies 41)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Examination of the roles and status of African-American women within the larger U.S. social structure. Diversified roles of women in Africa from antiquity through the period of slavery and colonization, including contemporary issues among African-American women and the impact African-American women have had on the U.S. and the world. (A, CSU, UC)

49 BLACK GOSPEL CHOIR2-3 units: 3 units, 2 lecture hours, 4 lab hours;
2 units, 1 lecture hour, 3 lab hours, (Repeats = 3),
(Formerly Cultural Studies 9ABCD)

ADVISORY: Previous or concurrent enrollment in Music 24 recommended.

African-American experience through musical theory and performance: gospel and spiritual. (A, CSU-GE, UC)

AIR CONDITIONING (AC)**19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
1-8 units, (Repeats = 2)**

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to air conditioning. Collaborative learning objectives established specific to air conditioning. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

50 PRINCIPLES OF MECHANICAL REFRIGERATION

3 units, 3 lecture hours, (Repeats = 3)

ADVISORY: Applied Technology 10, eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Refrigerant system components and principles of operation. Refrigerants, temperature pressure relationships, sensible and latent heat transfer in the refrigeration process. Analysis of system operation as a diagnostic tool. (A, CSU)

51 ELECTRICAL SYSTEMS

7 units, 5 lecture hours, 5 lab hours, (Repeats = 3)

ADVISORY: Applied Technology 10, eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Theory and application of electrical principles. Single and three phase power, transformers, wiring diagrams, control logic, test instruments, single-phase motors and controls. Brazing, evacuation, charging, recovery, wiring and testing of refrigerant systems. (A, CSU)

52 HEATING SYSTEMS

7 units, 5 lecture hours, 5 lab hours, (Repeats = 3)

ADVISORY: Air Conditioning 50, 51, 53, Applied Technology 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Theory of operation, diagnosis, service and repair of natural and induced draft heaters, condensing furnaces, resistance heaters and heat pumps. Electromechanical and solid state controls, ignition systems, flame sensing, gas controls and venting. (A, CSU)

53 MEASUREMENTS AND DIAGNOSIS

7 units, 5 lecture hours, 5 lab hours, (Repeats = 3)

ADVISORY: Air Conditioning 50 or concurrent enrollment, Applied Technology 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Diagnosis of the refrigerant systems through the analysis of pressures, temperatures, and current draw. Airflow measurement, analysis of heat content, and test procedures. Use of the volt, ohm and amp meters, manifold gauge, incline manometer, magnehelic gage, pitot tubes, digital/sling psychrometer and the psychrometric chart as diagnostic tools. (A, CSU)

54 COMMERCIAL SYSTEMS

7 units, 5 lecture hours, 5 lab hours, (Repeats = 3)

ADVISORY: Air Conditioning 50, 51, 53, Applied Technology 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Operation and diagnosis of three-phase motors, solid state and electromechanical controls and refrigerant flow controls. Sizing of related electrical and gas distribution systems. (A, CSU)

55 TECHNICIAN TESTING AND CERTIFICATION

1 unit, 2 lecture hours, (9 weeks), (Repeats = 3)

ADVISORY: Air Conditioning 50, 51, 52, 53, 54, 56, and eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 or Applied Technology 130 recommended. Air Conditioning 53, 54 and 56 may be taken concurrently.

Prepares students/technicians for specific HVAC industry competency, licensing, and certification examinations. Those exams may include, but are not necessarily limited to, EPA Section 608 (proper refrigerant handling techniques), R-410A safety certification, Air-Conditioning and Refrigeration Institute's (ARI) Industry Competency Exam(s) (ICE) and North American Technician Excellence (NATE) Installation/Service Technician Certification(s). Substantial out-of-class study will be required to prepare for each exam. The exams are an integral part of the course and will be conducted by an approved proctor for each organization. In addition to normal registration fees, all test fees imposed by competency, licensing and certifying organizations are the responsibility of the student. (A, CSU)

56 DUCT SYSTEMS

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

ADVISORY: Air Conditioning 50 or concurrent enrollment, and eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Layout, design, installation and testing of duct systems. Basic sheet metal fabrication, soldering and spot welding. Estimating and bidding projects. (A, CSU)

57 SYSTEM CONFIGURATION AND CONTROL

2 units, 2 lecture hours, (Repeats = 3)

ADVISORY: Applied Technology 10, eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 or Applied Technology 130 recommended.

Uses energy management software to identify air conditioning system configurations and control strategies. (A, CSU)

60A FUNDAMENTALS OF REFRIGERATION

3 units, 3 lecture hours, (Repeats = 3)

ADVISORY: Applied Technology 10, eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

The physics of mechanical refrigeration, temperature pressure relationships, system components and principles of operation. (A, CSU)

250 DIGITAL UNITARY CONTROLS

2 units, 2 lecture hours, 1 lab hour, (Repeats = 3)

ADVISORY: Applied Technology 10, Air Conditioning 57, eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 or Applied Technology 130 recommended.

Principles and application of unitary digital controls.

251 DIGITAL VAV CONTROLS

1 unit, .75 lecture hour, .75 lab hour, (Repeats = 3)

ADVISORY: Applied Technology 10, Air Conditioning 57, eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 or Applied Technology 130 recommended.

Principles and application of digital variable air volume controls.

252 DDC NETWORK CONTROLLERS

2 units, 2 lecture hours, 1 lab hour, (Repeats = 3)

ADVISORY: Applied Technology 10, eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 or Applied Technology 130 recommended.

Principles and application of network controllers.

260B ELECTRICITY FOR AIR CONDITIONING

3 units, 3 lecture hours, (Repeats = 3), (Formerly Air Conditioning 60B)

ADVISORY: Applied Technology 10, eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Theory and application of electrical principles. Induction motors, wiring diagrams, control logic and test instruments.

260C RESIDENTIAL HEATING

3 units, 3 lecture hours, (Repeats = 3), (Formerly Air Conditioning 60C)

ADVISORY: Air Conditioning 260B, Applied Technology 10, eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Principles of combustion, furnace controls and system diagnosis. Properties of air, measurements and analysis.

260D TROUBLESHOOTING PROCEDURES

2 units, 2 lecture hours, 1 lab hour, (Repeats = 3), (Formerly Air Conditioning 60D)

ADVISORY: Air Conditioning 60A, 260B, Applied Technology 10, and eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 or equivalent recommended.

Troubleshooting and analysis of air, electrical and refrigeration systems using computer simulations. Introduction to residential duct system design and airflow measurement.

353 PRINCIPLES OF INDUSTRIAL REFRIGERATION

0 units, 3 lecture hours, (Pass/No Pass)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Principles of Ammonia based Industrial Refrigeration Systems with emphasis on standards for Refrigeration Engineers & Technicians Association (RETA) "Certified Assistant Refrigeration Operator" (CARO) and EPA-section 608 certification.

AMERICAN INDIAN STUDIES (AMIND)**FORMERLY NATIVE AMERICAN STUDIES**

31 AMERICAN INDIAN CULTURE

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The Native Nations of North America (American Indians) from antiquity to the present; regional survival strategies and expressive arts; effects of invasion and colonization with an emphasis on self-preservation and continuing sovereignty. (TCSU NAS 109) (A, CSU-GE, UC I)

32 AMERICAN INDIAN HISTORY

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The history of the American Indian nations from antiquity to the mid-20th century, with an emphasis on pre-Columbian life, the European invading nations, and federal-Indian relations in the United States. (A, CSU, UC)

33 INDIANS OF THE SAN JOAQUIN VALLEY AND ADJACENT FOOTHILLS AREAS

2 units, 2 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

History, social organization, culture, and language of the Miwok, Mono, Tubatulabal, and Yokuts of Central California with an emphasis on the Indian tribes: Choinumni, Chukchansi, Wukchumni, Waksache, Tachi, Mono, Miwok and others. (A, CSU)

34 THE AMERICAN INDIAN IN CONTEMPORARY SOCIETY

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

American Indians in North America after the Second World War; emphasis on current events and legislation; issues involving the inherent sovereignty of American Indian nations and their place in modern global society. (TCSU NAS 109) (A, CSU-GE, UC, I)

35 AMERICAN INDIAN ART

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Cultural perspective on the antiquity and continuity of American Indian arts, focusing on their ideography and iconography. Emphasis on North, Central and South America. (A, CSU-GE, UC, I)

AMERICAN SIGN LANGUAGE

SEE FOREIGN LANGUAGES

AMERICAN STUDIES (AMST)

10 AMERICAN PLURALISM: A SEARCH FOR COMMON GROUND IN A MULTICULTURAL SOCIETY

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Multidisciplinary examination of racial and ethnic identity in a multicultural society, the roots of prejudice and of religious and ethnic animosities, with special emphasis on what forces unite as well as divide this country. (TCSU ETHN 110) (A, CSU-GE, UC, I)

ANTHROPOLOGY (ANTHRO)

1 BIOLOGICAL ANTHROPOLOGY

3 units, 3 lecture hours

ADVISORY: Eligibility for English 1A.

The concepts, methods of inquiry, and theory of biological evolution and their application to the human species. A specific focus on molecular, Mendelian and population genetics, mechanisms of evolution, primatology, paleoanthropology, biocultural adaptations, human variation, and current bioethical issues. The philosophy of science and the scientific method serve as foundations to the course. (A, CSU-GE, UC, I)

2 CULTURAL ANTHROPOLOGY

3 units, 3 lecture hours

ADVISORY: Eligibility for English 1A.

Principles, methods, and concepts of cultural anthropology. The relationship between culture, society, and the individual. A cross-cultural, integrated analysis of human social institutions including religion and ideology, political organization and social control, social inequality, economic systems, subsistence strategies, marriage and family, child rearing, personality development, kinship, gender, ethnicity, language and communication, artistic expression, and cultural change. (A, CSU-GE, UC, I)

2H HONORS CULTURAL ANTHROPOLOGY

3 units, 3 lecture hours, (Formerly Honors 2A)

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Principles, methods, and concepts of cultural anthropology. The relationship between culture, society, and the individual. A cross-cultural, integrated analysis of human social institutions including religion and ideology, political organization and social control, social inequality, economic systems, subsistence strategies, marriage and family, child rearing, personality development, kinship, gender, ethnicity, language and communication, artistic expression, and cultural change. In addition, the Honors course takes a greater cross-disciplinary perspective, places greater emphasis on the use of anthropology on the understanding of the modern world, and more critically evaluates the methods and theory of anthropology. (A, CSU-GE, UC, I)

3 ARCHAEOLOGY AND WORLD PREHISTORY

3 units, 3 lecture hours

ADVISORY: Eligibility for English 1A.

A broad survey of physical and cultural evolution of the human species from the earliest signs of "humanness" through the rise of civilization as understood through the archaeological record. Includes a brief introduction to the methods of archaeology and the interdisciplinary nature of archaeological research. (A, CSU-GE, UC, I)

4 INTRODUCTION TO ARCHAEOLOGY

3 units, 3 lecture hours

ADVISORY: Mathematics 102 and 250 and eligibility for English 1A.

An introduction to the study of concepts, theories, and methods of anthropological archaeology. The course includes a discussion of the history and interdisciplinary nature of archaeological research; dating techniques and methods of survey, excavation, and analysis; cultural resources management; and a review of significant archaeological data and models that contribute to our understanding of human culture. (A, CSU-GE, UC, I)

4L ARCHAEOLOGICAL FIELD METHODS

1 unit, 3 lab hours, (Repeats = 2), (Formerly Anthropology 27)

COREQUISITE: Anthropology 4. ADVISORY: Mathematics 102 and 250 and eligibility for English 1A.

Hands-on training in compass use, survey methods, unit, site and feature mapping, setting up archaeological excavation units, introduction to topographic maps and their use in archaeology especially the use of Universal Transverse Mercator and Public Lands Survey grid systems. (A, CSU)

5 ARCHAEOLOGICAL LABORATORY METHODS

4 units, 3 lecture hours, 3 lab hours, (Repeats = 2)

ADVISORY: Mathematics 102 and 250 and eligibility for English 1A.

The archaeological laboratory and its relationship to archaeological project development and organization; artifact identification, analysis, and cataloging processes including lithic, ceramic, bone, shell, fiber, and historic artifact types. (A, CSU)

6 FIELD ARCHAEOLOGY

1-3 units, 1-2 lecture hours, 3-9 lab hours, (Repeats = 3)

COREQUISITE: Anthropology 4. ADVISORY: Mathematics 102 and 250 and eligibility for English 1A.

Field experience in archaeology. Development of practical skills including archaeological survey, excavation, mapping, and site recordation, artifact; feature, site, and cultural landscape identification in field situations; and logistics of archaeological projects, including planning for transportation, equipment, supplies, food, water, and shelter required to complete an archaeological project. Required orientation meeting prior to field trip. (A, CSU)

13 ANTHROPOLOGY OF MAGIC, WITCHCRAFT, AND RELIGION

3 units, 3 lecture hours

ADVISORY: Eligibility for English 1A.

A cross-cultural study of the forms and functions of supernatural beliefs and associated rituals in various societies. Emphasis is on understanding beliefs and rituals within their social contexts, and on broad comparisons to derive insights into the general functions of beliefs and rituals in human life. (A, CSU, UC)

20 NATIVE PEOPLES OF CALIFORNIA**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 1A.

The ethnohistory, linguistics, spiritual beliefs, political organization, subsistence patterns, gender, arts, oral history, social issues, images and cultures of the indigenous peoples of California. Conflict with various colonial forces, contemporary issues, and the relationship between indigenous peoples and anthropology. (A, CSU, UC)

28 ANCIENT MEXICO**3 units, 3 lecture hours, (See also Chicano-Latino Studies 28)**

ADVISORY: Eligibility for English 1A.

A survey of history, geography, socio-political, religious systems, and cultural achievements of Mesoamerican civilizations such as the Olmec, Zapotec, Teotihuacano, Mayan, Toltec, and Aztec/Mexican. (A, CSU, UC)

30 TOPICS IN ANTHROPOLOGY**1-4 units, 1-3 lecture hours, 0-9 lab hours, (Repeats = 3)**

ADVISORY: Eligibility for English 1A.

Examination of topics, current trends, and/or issues in the subdisciplines of anthropology not covered by regular catalog offerings. Course content and unit credit to be determined by faculty. May be offered in seminar, lecture, and/or laboratory format. Recommended preparation varies with topic. (A, CSU, UC approved as variable topics; evaluation completed by individual campuses after admission.)

APPLIED TECHNOLOGY (AT)

10 TECHNICAL COMPUTER APPLICATIONS**2 units, 1 lecture hour, 2 lab hours, (Formerly Industrial Education 23)**

PREREQUISITE: None.

An introduction to computers, their use, and the development of general computer skills for technical programs. Fulfills the computer literacy graduation requirement. (A, CSU)

11 BASIC ELECTRICITY**3 units, 3 lecture hours, (Formerly Industrial Education 11)**

PREREQUISITE: None.

Fundamental concepts of electricity and its applications. Lecture/demonstration. (A, CSU)

21 OCCUPATIONAL SAFETY AND HEALTH**2 units, 2 lecture hours, (Formerly Industrial Education 36)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended

Employer and employee responsibility, federal and state legislation, accident reports, industrial hygiene, personal protective equipment, materials handling and storage, hazard communication, guarding machines and mechanisms, hand and portable power tools, electrical safety, and fire protection. (A, CSU)

40 PREPARING FOR EMPLOYMENT OPPORTUNITIES**3 units, 3 lecture hours, (Formerly Industrial Education 37)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Preparing resumes, portfolios, and improving employment seeking skills. (A, CSU)

120 INDUSTRIAL SCIENCE**3 units, 3 lecture hours, 1 lab hour, (Formerly Industrial Education 51)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Force, work, rate, resistance, energy, power, force transformers, energy converters, and transducers in the mechanical, fluid, electrical, and thermal systems. Applications to the trades. (A)

130 INDUSTRIAL MATHEMATICS**3 units, 3 lecture hours, (Formerly Industrial Education 60)**

PREREQUISITE: Mathematics 260C or 250 or designated math score. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Industrial technology and trade-related math problems. The use of signed numbers, algebraic expressions, exponents, polynomials, factoring, algebraic fractions, graphing, radical expressions, quadratic equations and particular emphasis on practical problems common to technical industrial trades. (A)

131 TECHNICAL REPORT WRITING**3 units, 3 lecture hours, (Formerly Drafting 43 and Applied Technology 31)**

PREREQUISITE: English 252, English as a Second Language 265W, or designated score on English placement test.

Content, organization, style, and format. Business correspondence, tables and figures. (A)

212 COMPUTER SKILLS LAB**1 unit, 3 lab hours, (Repeats = 3) (Formerly Industrial Education 50)**

PREREQUISITE: None.

Supervised use of computers. Reinforcement of concepts from classroom studies. Problem-solving skills. Grade based on hours worked in lab.

APPRENTICESHIP TRAINING (APP)

Apprenticeship training courses are designed for those currently employed and indentured in the specific trade.

For specific apprenticeship training program requirements refer to the Associate Degree and Certificate Programs section of this catalog.

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL 1-8 units, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to apprenticeship. Collaborative learning objectives established specific to apprenticeship... Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

260 APPRENTICESHIP—FIRST AID

.5 units, 6 lecture hours, 2 lab hours, (1 week),
(Repeats = 1), (Formerly Apprenticeship 360)

PREREQUISITE: Apprenticeship status.

First aid for identifying, preventing, and caring for bleeding, sudden illness, and injuries. CPR for adult breathing, choking, and cardiac emergencies.

AUTOMOTIVE AND HEAVY-DUTY ELECTRICAL

Courses required for this apprenticeship program are listed on page 103.

AUTOMOTIVE MECHANICS

Courses required for this apprenticeship program are listed on page 104.

BODY AND FENDER

Courses required for this apprenticeship program are listed on page 104.

DIESEL AND HEAVY-DUTY MECHANICS

Courses required for this apprenticeship program are listed on page 105.

MACHINE SHOP

Courses required for this apprenticeship program are listed on page 105.

PARTS CLERK

Courses required for this apprenticeship program are listed on page 105.

ROOFING

Courses required for this apprenticeship program are listed on page 106.

361/7J ROOFING

0 units, 3 lecture hours, 1 lab hour, (Open Entry/Open Exit), (Formerly Apprenticeship Training 61/66J and 361/6J)

PREREQUISITE: Apprenticeship status.

History, materials, tools, and roof preparation. Built-up roofing, dampproofing, waterproofing, composition shingling, and rigid roofing. Blueprint reading and estimating. Characteristics of built-up roofing, insulation, and temperature control. Steep roofing and metal roofing. Reroofing, repairing, plastics, drainage, and estimating.

STATIONARY ENGINEERS

Courses required for this apprenticeship program are listed on page 106.

WELDING

Courses required for this apprenticeship program are listed on page 107.

ARCHITECTURE (ARCH)

10 ARCHITECTURAL DESIGN AND VISUALIZATION I 3 units, 2 lecture hours, 2 lab hours

ADVISORY: Architecture 14 concurrently strongly recommended for architecture majors. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic principles and concepts of design while concurrently addressing the skills of freehand drawing, manual drafting and visualization. History and development of perspective during the Renaissance. (A, CSU, UC)

11 INTRODUCTION TO ARCHITECTURE AND ENVIRONMENTAL DESIGN 2 units, 2 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Familiarization with the professional fields of architecture, landscape architecture, structural engineering, city planning and construction. Roles of the architect and the project team. Introduction to design principles and elements. Phases of the construction project. Licensing requirements. Visiting Lecturers. (A, CSU, UC)

12 ARCHITECTURAL PRACTICE I

3 units, 2 lecture hours, 3 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Methods of construction and drafting practices as applied to architectural contract documents concerning plans and details for light wood frame structures. Use and application of building codes and reference material. Site contours and grading. Field trips may be required. (A, CSU)

14 DIGITAL TOOLS FOR ARCHITECTS

3 units, 2 lecture hours, 2 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Digital tools in the context of architectural practice. Basic 3D modeling and image manipulation. Presentation layout and output. (A, CSU)

20 ARCHITECTURAL DESIGN AND VISUALIZATION II

3 units, 2 lecture hours, 3 lab hours

PREREQUISITE: Architecture 10 and 14.

Continuation of Architecture 10. Extended development of the content of Architecture 10 plus the introduction of color theory. Principles and means for the creation of two dimensional and three dimensional organizations. (A, CSU, UC)

21 MATERIALS OF CONSTRUCTION

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Materials used in the construction of buildings; their applications and limitations. Construction systems and processes. Field trips may be required. (A, CSU)

22 ARCHITECTURAL PRACTICE II

3 units, 2 lecture hours, 3 lab hours

PREREQUISITE: Architecture 12 and Computer Aided Drafting and Design 14.

Continuation of Architecture 12. Further development of drafting practices and contract documents. Emphasis on light commercial materials and construction. Computer-aided drafting in commercial architectural applications. (A, CSU)

24 ARCHITECTURAL CAD I

3 units, 2 lecture hours, 2 lab hours

PREREQUISITE: Architecture 14. ADVISORY: Computer Aided Drafting and Design 14.

Continuation of Arch 14. Further development of CAD and 3D modeling for architectural drawing and presentation. Architectural plans, dimensions, blocks, and wblocks. Use of components, materials and tileable patterns. Modeling of terrain, slopes and meshes. (A, CSU)

30 ARCHITECTURAL DESIGN AND VISUALIZATION III

3 units, 2 lecture hours, 3 lab hours

PREREQUISITE: Architecture 20.

Continuation of Architecture 20. Extended development of the content of Architecture 20 plus the introduction of site and climate. Analysis and organizational concepts. Light and function as issues in architecture. (A, CSU, UC)

31 BUILDING CODES

3 units, 3 lecture hours, (Repeats = 3), (See also Building Safety and Code Administration 10), (Formerly Architecture 24)

PREREQUISITE: None.

International building codes and local building zoning ordinances. (A, CSU)

32 STATICS AND STRENGTH OF MATERIALS

3 units, 3 lecture hours, (Formerly Architecture 31)

ADVISORY: Eligibility for Mathematics 101 recommended.

Static force systems, trusses, shear, moment, and deflection. Physical properties of materials, shear and moment diagrams, and sizing of structural members. (A, CSU)

34 ARCHITECTURAL CAD II

3 units, 2 lecture hours, 2 lab hours

PREREQUISITE: Architecture 24.

Continuation of Architecture 24. Further development of CAD and 3D modeling for architectural drawing and presentation. Includes basic template setup, detail libraries and office standards. Create 3d model from photo and animated walk-through. (A, CSU)

40 ARCHITECTURAL DESIGN AND VISUALIZATION IV

3 units, 2 lecture hours, 3 lab hours

PREREQUISITE: Architecture 30.

Continuation of Architecture 30. Extended development of the content of Architecture 30 with emphasis on the design process. Projects of an architectonic nature will be completed. Development of an educational portfolio. (A, CSU)

41A OFFICE PRACTICES

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 125 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Contracts, specifications, scheduling, estimating and bid practices and procedures as they relate to architectural practice. (A, CSU)

42 TIMBER AND STEEL STRUCTURES

3 units, 2 lecture hours, 2 lab hours, (Formerly Architecture 32)

PREREQUISITE: Architecture 32.

Calculation and design of timber and steel structures. Engineering of connections. Completion of structural framing plans. (A, CSU)

44 ARCHITECTURE COMPUTER RENDERING AND PORTFOLIO

3 units, 2 lecture hours, 2 lab hours

PREREQUISITE: Architecture 34.

Application of Architecture 14, 24, and 34. Terminal course in the architectural CAD/presentation sequence. Student will complete a comprehensive, individual project of their own interest (upon approval of instructor). Design and completion of an educational portfolio, digital and printed. (A, CSU)

ARMENIAN

SEE FOREIGN LANGUAGES

ART (ART)**2 ART APPRECIATION**

3 units, 3 lecture hours, (Formerly Art 10)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the visual arts through lectures/discussions covering:

a) the way artists speak through the formal Elements and Principles of Visual Language as well as through their choices of art Media and subject matter; b) how these formal properties contribute to the content and meaning of artwork; and c) the evolution of these formal properties through the history of the visual arts in Western European culture as well as their relationships to the art of the Americas, Asia, Africa, the Pacific Islands, and the Islamic world. (A, CSU-GE, UC, I)

3 TWO-DIMENSIONAL DESIGN

3 units, 2 lecture hours, 4 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the elements and principles of two-dimensional design which are common to the visual arts. A foundation course stressing visual perception and an effective knowledge of the graphic means of expression and communication. Required for art majors. (A, CSU-GE, UC)

4 THREE-DIMENSIONAL DESIGN

3 units, 2 lecture hours, 4 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Exploration and experimentation with the formal elements and principles of visual language in three dimensional design. Required for art majors. (A, CSU-GE, UC)

5 ART HISTORY 1

3 units, 3 lecture hours, (Formerly Art 25)

ADVISORY: Eligibility for English 1A recommended.

A survey of the Western Art from prehistory to the Gothic period that may include one or more areas of non-Western art from the same time period. (A, CSU-GE, UC, I)

5H HONORS ART HISTORY 1

3 units, 3 lecture hours, (Formerly Honors 5A)

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

A survey of the Western Art from prehistory to the Gothic period that may include one or more areas of non-Western art from the same time period. Honors sections will include special introduction for non-art majors into the characteristics and components of art and a brief introduction into art criticism. (A, CSU-GE, UC, I)

6 ART HISTORY 2

3 units, 3 lecture hours, (Formerly Art 26)

ADVISORY: Eligibility for English 1A recommended.

A survey of Western Art from the beginning of the Renaissance to the present that may include one or more areas of non-Western Art from the same time period. (A, CSU-GE, UC, I)

6H HONORS ART HISTORY 2

3 units, 3 lecture hours, (Formerly Honors 6A)

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

A survey of Western Art from the beginning of the Renaissance to the present that may include one or more areas of non-Western Art from the same time period. Honors sections will include a special introduction for non-art majors into the characteristics and components of art and a brief introduction into art criticism. (A, CSU-GE, UC, I)

7 BEGINNING DRAWING

3 units, 2 lecture hours, 4 lab hours, (Formerly Art 7A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the creation of visual images through drawing. Emphasis on observational drawing, drawing materials (traditional and nontraditional), the formal elements of visual language (line, value, texture, shape, volume, color), composition, and meaning in visual image making. (A, CSU-GE, UC)

8 BEGINNING FIGURE DRAWING AND ANATOMY

3 units, 2 lecture hours, 4 lab hours, (Formerly Art 8A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Human anatomy for artists with the practice of drawing the human figure from the model. (A, CSU, UC)

9 BEGINNING PAINTING: OIL/ACRYLIC

3 units, 2 lecture hours, 4 lab hours, (Formerly Art 14A)

ADVISORY: Art 3 and 7 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the creative act of painting through exploration of representational, abstract, and non-objective forms. Emphasis on oil/acrylic media. (A, CSU-GE, UC)

10 BEGINNING CERAMICS

3 units, 2 lecture hours, 4 lab hours, (Formerly Art 11A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to history of humanity through the achievements and cultural diversity recorded in fired clay artifacts. Through construction of ceramic vessels and the study of clay, glaze, and decorative processes, the importance of ceramics as a major medium of expression will be revealed. (A, CSU-GE, UC)

11 BEGINNING SCULPTURE

3 units, 2 lecture hours, 4 lab hours, (Formerly Art 17A)

ADVISORY: Eligibility for English 125 and 126, or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Creative self-expression in a variety of sculptural media including but not limited to clay, steel fabrication, bronze casting, stone, wood, plaster and new media. (A, CSU-GE, UC)

12A BEGINNING CRAFTS: LIVING TRADITIONS

3 units, 2 lecture hours, 4 lab hours, (Formerly Art 48 and 12)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Exploration of the materials, tools, and processes of a variety of craft media in light of their contemporary viability as well as their historical and cultural traditions. (A, CSU-GE)

12B INTERMEDIATE CRAFTS: LIVING TRADITIONS

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

PREREQUISITE: Art 12A.

Further exploration of the materials, tools, and processes of a variety of craft media in light of their contemporary viability as well as their historical and cultural traditions. (A, CSU-GE)

13 BEGINNING WATERCOLOR PAINTING

3 units, 2 lecture hours, 4 lab hours

ADVISORY: Art 3 and 7 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the basic methods and materials of watercolor painting through creative, visual problem-solving exercises. (A, CSU, UC)

14 BEGINNING PRINTMAKING

3 units, 2 lecture hours, 4 lab hours, (Formerly Art 23)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to the basic aesthetics of relief, intaglio and planographic processes, including three techniques for each process: linocut, relief blend roll, foam reductive relief, embossing, collagraph, galvanic etching and aquatint, stone lithography, drawn screenprint, and monotype. (A, CSU-GE, UC)

15 BEGINNING CERAMIC SCULPTURE

3 units, 2 lecture hours, 4 lab hours, (Formerly Art 12)

PREREQUISITE: None.

Creative self-expression in sculpture using clay and related materials as the media. (A, CSU-GE, UC)

16 LIFE PAINTING

3 units, 2 lecture hours, 4 lab hours, (Repeats = 2)

ADVISORY: Art 8, 9, and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The creative act of figurative painting, using the live model as subject matter. (A, CSU, UC)

17 INTERMEDIATE DRAWING

3 units, 2 lecture hours, 4 lab hours, (Formerly Art 7B)

PREREQUISITE: Art 7 or demonstration of comparable skill level to be determined by testing and/or portfolio of past drawing work.

A further exploration of the creation of drawn images as effective vehicles for visual communication. (A, CSU-GE, UC)

18 INTERMEDIATE FIGURE DRAWING AND ANATOMY

3 units, 2 lecture hours, 4 lab hours, (Formerly Art 8B)

PREREQUISITE: Art 8 or demonstration of comparable skill level to be determined by testing and/or portfolio of past life drawing and anatomy work.

Further study theory, and practice of drawing the human figure from models. (A, CSU, UC)

19 INTERMEDIATE PAINTING: OIL/ACRYLIC

3 units, 2 lecture hours, 4 lab hours, (Formerly Art 14B)

PREREQUISITE: Art 9 or demonstration of comparable skill level to be determined by testing and/or portfolio of past oil/acrylic painting work.

A further exploration of the creative act of painting using representational, abstract, and non-objective forms. Emphasis on oil/acrylic media. (A, CSU, UC)

20 INTERMEDIATE CERAMICS

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3), (Formerly Art 11B)

PREREQUISITE: Art 10 or demonstration of comparable skill level to be determined by testing and/or portfolio of past ceramic work. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Construction and decorative processes used in ceramics. Throwing on the potters wheel and exploration of clay and glaze chemistry. Historic and contemporary study of ceramics as a major medium of expression. (A, CSU, UC)

21 INTERMEDIATE SCULPTURE

3 units, 2 lecture hours, 4 lab hours, (Repeats = 2), (Formerly Art 17B)

PREREQUISITE: Art 11 or demonstration of comparable skill level to be determined by testing and/or portfolio of past sculpture work.

Concentrated self-expression in a variety of sculptural media including but not limited to clay, steel fabrication, bronze casting, stone, wood, plaster, and new media. Students will be focusing on 2-3 of the above media and begin developing intermediate skills in their use. (A, CSU, UC)

22A TEXTILE DESIGN: HAND PAPERMAKING

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3), (Formerly Art 49 and 22)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Exploration of the historical and cultural sources related to basic processes and materials used by the studio artist to make paper by hand. Development of personal visual ideas through fibers and handmade paper based on the study of both traditional and contemporary paper ideas. (A, CSU-GE)

22B TEXTILE DESIGN: BASIC TEXTILE STRUCTURES

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to basic textile structures to include: discussion of both the historical as well as contemporary cultural contexts for hand-spinning, feltmaking, warp, and weft face weaving and various basketry techniques. Development of personal visual ideas through the use and combination of these fiber materials and processes will be explored. (A, CSU)

23 INTERMEDIATE WATERCOLOR PAINTING

3 units, 2 lecture hours, 4 lab hours

PREREQUISITE: Art 13 or demonstration of comparable skill level to be determined by testing and/or portfolio of past watercolor work.

Further methods and materials of watercolor painting through creative, visual problem-solving assignments. (A, CSU, UC)

24A INTAGLIO PRINTMAKING

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

PREREQUISITE: Art 14 or demonstration of comparable skill level to be determined by testing and/or portfolio of past printmaking work.

Intermediate-level intaglio printmaking processes, including experimentation in twelve techniques or combinations of techniques within the intaglio process. (A, CSU, UC)

24B LITHOGRAPH PRINTMAKING

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

PREREQUISITE: Art 14 or demonstration of comparable skill level to be determined by testing and/or portfolio of past printmaking work.

Intermediate-level lithograph printmaking processes, including experimentation in twelve techniques or combinations of techniques within the lithograph process. (A, CSU, UC)

24C RELIEF PRINTMAKING

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

PREREQUISITE: Art 14 or demonstration of comparable skill level to be determined by testing and/or portfolio of past printmaking work.

Intermediate-level relief printmaking processes, including experimentation with techniques in monotype, viscosity, woodblock, linoleum block, found object, and relief roll techniques of relief processes. (A, CSU, UC)

24D SCREENPRINTING

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

PREREQUISITE: Art 14 or demonstration of comparable skill level to be determined by testing and/or portfolio of past printmaking work.

Intermediate-level screenprinting processes, including experimentation in twelve techniques in photo, drawing, reductive screenprinting, multicolor on textiles, and cut film. (A, CSU, UC)

25 MURAL PAINTING

3 units, 2 lecture hours, 4 lab hours, (Repeats = 2).

Offered 1 semester each academic year.

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

An exploration of the aesthetic and practical applications of mural painting, including historical background, planning, techniques and execution. (A, CSU, UC)

27 ADVANCED DRAWING

3 units, 2 lecture hours, 4 lab hours

PREREQUISITE: Art 17 or demonstration of comparable skill level to be determined by testing and/or portfolio of past drawing work.

Drawing as a process to investigate ideas. (A, CSU, UC)

28 ADVANCED FIGURE DRAWING AND ANATOMY

3 units, 2 lecture hours, 4 lab hours, (Repeats = 1)

PREREQUISITE: Art 18 or demonstration of comparable skill level to be determined by testing and/or portfolio of past figure drawing and anatomy work.

Advanced study, theory, and practice of drawing the human figure from models. (A, CSU, UC)

29 ADVANCED PAINTING: OIL/ACRYLIC

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

PREREQUISITE: Art 19 or demonstration of comparable skill level to be determined by testing and/or portfolio of past oil/acrylic painting work. **ADVISORY:** Eligibility for Mathematics 101 recommended.

Advanced studies in the creative act of painting. Emphasis on oil/acrylic media. (A, CSU, UC)

31 ADVANCED SCULPTURE

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

PREREQUISITE: Art 21 or demonstration of comparable skill level to be determined by testing and/or portfolio of past sculpture work.

Development of a portfolio of sculptural work through concentrated advanced self-expression in a variety of sculptural media including but not limited to clay, steel fabrication, bronze casting, stone, wood, plaster, and new media. (A, CSU, UC)

32A BEGINNING JEWELRY AND METALSMITHING

3 units, 2 lecture hours, 4 lab hours

ADVISORY: Eligibility for Mathematics 101, and English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the history of jewelry-making as well as the cultural expressiveness associated with its traditions and contemporary applications. Introduction to a wide-range of methods, techniques, and materials used to create small metal objects and jewelry. The formation and construction of functional and non-functional objects will be explored. (A, CSU)

32B INTERMEDIATE JEWELRY AND METALSMITHING

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

PREREQUISITE: Art 32A.

Further explorations into the history of jewelry-making as well as the cultural expressiveness associated with its traditions and contemporary applications. Intermediate work in a wide-range of methods, techniques and materials used to create small metal objects and jewelry. The formation and construction of functional and non-functional objects will continue to be explored. (A, CSU)

35 COLOR THEORY

3 units, 2 lecture hours, 4 lab hours, (Formerly Art 16)

PREREQUISITE: None.

Seeing how color interacts with color, how colors change and relate one with another, and the role of color in the making of art. (A, CSU-GE, UC)

39B INTRODUCTION TO GRAPHIC DESIGN

3 units, 2 lecture hours, 4 lab hours, (Repeats = 2), (Formerly Art 39)

PREREQUISITE: Graphic Communications 20. **ADVISORY:** Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Creative thinking and concept development within the graphic design process. (A, CSU).

40B ADVANCED GRAPHIC DESIGN

2 units, 2 lecture hours, 4 lab hours, (9 weeks), (Repeats = 2)

PREREQUISITE: Art 39B or Graphic Communications 39A. **ADVISORY:** Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Advanced creative conceptual thinking and problem solving (art direction) emphasizing marketing objectives and verbal communication presentation skills (designer to client). Introduction to creative collaboration with photographers, illustrators and copywriters. (A, CSU).

45 ARTREACH

5 units, 3 lecture hours, 6 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

During the first half of the semester the class will learn selected art presentations and workshops for elementary schools, grades 1-6. These workshops are presented by the instructor and class as a team in selected elementary schools during the second half of the semester. (A, CSU-GE)

49 GALLERY PRACTICES

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3),
(Formerly Art 9)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

An introduction to gallery/museum practices relating to exhibition selection, design, budgeting, and installation techniques and organization. An overview of the business aspects of art as a career. (A, CSU)

55 INTRODUCTION TO ASIAN ART

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and English 126 or English as a Second Language 67 and 68 recommended.

Introduction to the arts of Asia, including China, Japan, India, and Southeast Asia. (A, CSU-GE, UC, I)

60 PRE-COLUMBIAN ART

3 units, 3 lecture hours, (See also Chicano-Latino Studies 22)

ADVISORY: Eligibility for English 125 and 125 or English as a Second Language 67 and 68 recommended.

A historical survey of the art of Mesoamerican and Andean ancient cultures. The art and architecture of the Olmec, Toltec, Aztec, Moche, Nazca, Inca, and other ancient civilizations of the New World. (A, CSU, UC)

65 INTRODUCTION TO PACIFIC ART

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and English 126 or English as a Second Language 67 and 68 recommended.

Introduction to the arts of Micronesia, Melanesia and Polynesia including Maori art from New Zealand, aboriginal art from Australia and art from the Pacific Islands-Samoa, Tonga, Fiji, Cook Islands, and Niue. (A, CSU-GE, UC, I)

251 OPEN ART STUDIO

1 unit, 3 lab hours, (Pass/No Pass), (Repeats = 3),
(Formerly Art 51)

COREQUISITE: Student must be concurrently enrolled in a studio art class (ceramics, crafts, drawing, printmaking, painting, sculpture, textiles, jewelry).

Supervised art practice for students concurrently enrolled in art classes.

ASIAN-AMERICAN STUDIES (ASAMER)**1 INDO-CHINESE AMERICANS**

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

History, culture, and settlement in America of the peoples of Indo-China. The Vietnamese, Cambodian, Lao, and Hmong experience. (A, CSU-GE, UC, I)

10 HMONG CULTURE

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Explore historical and cultural background of Hmong people who have migrated into the United States of America. Examine their cultural identity, acculturation process, clan system, family dynamics, influential factors that shape their culture, and successes in America. (A, CSU, UC)

15 INTRODUCTION TO ASIAN-AMERICANS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Historical and cultural background of major Asian groups that have immigrated into the United States; including Chinese, Japanese, Filipinos, and Southeast Asians. Examines cultural identity, assimilation, interracial relationships, family influences, discrimination and generational conflict. (A, CSU-GE, UC)

20 ASIAN-AMERICAN LITERATURE

3 units, 3 lecture hours, (See also English 20)

PREREQUISITE: English 1A or the equivalent.

Survey of Asian-American classic and contemporary literature. Reading and writing critical analysis of novels, short stories, poems and plays. (A, CSU, UC)

25 ASIAN-AMERICAN SOCIAL ISSUES

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Issues of contemporary relevance related to Asian Americans: gender inequality, media representation, workplace concerns, crime, anti-Asian violence, race relations, the changing Asian American family and community, homosexuality, issues in education, teen suicide, and political involvement. (A, CSU, UC)

30 ASIAN-AMERICAN WOMEN

3 units, 3 lecture hours, (See also Women's Studies 30)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Historical experiences of early and later Asian immigrant women. Emphasis is on Asian American women today. Topics include growing up Asian American, relationship with parents, marriage, identity, raising children, doll image, voice, and American feminism. (A, CSU, UC)

ASTRONOMY (ASTRO)

10 BASIC ASTRONOMY

3 units, 2 lecture hours, 2 lab hours, (generally evening only)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

The night sky from our local solar system to the most distant objects in the universe, including observational and theoretical methods. The history of astronomical discovery, current investigations, cosmology, solar system dynamics, life cycle of stars and galaxies, constellation lore, and the role of gravity on a local and cosmic scale. Optional field trips. (A, CSU-GE, UC, I)

AUTOMOTIVE COLLISION REPAIR TECHNOLOGY (ACRT) FORMERLY BODY AND FENDER

51 BASIC ACR

9 units, 4 lecture hours, 16 lab hours, (Day Program), (Formerly Body-Fender 51/52)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Theory and practice in minor auto body repair. Principles of auto construction and design. Correct use and application of body shop hand tools, power tools and equipment. Diagnosis and repair of minor/major collision damage and body alignment. Emphasis on automotive safety procedures and shop safety. Not open to students with credit in ACRT 51A and/or ACRT 51B. (A, CSU)

51A BASIC ACR

5 units, 2 lecture hours, 8 lab hours, (Evening Program), (Formerly Body-Fender 51)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Theory and practice in minor auto body repair. Principles of auto construction and design. Correct use and application of body shop hand tools, power tools and equipment. Diagnosis and repair of minor/major collision damage and body alignment. Emphasis on automotive safety procedures and shop safety. Not open to students with credit in ACRT 51. (A, CSU)

51B BASIC ACR

5 units, 2 lecture hours, 8 lab hours, (Evening Program), (Formerly Body-Fender 52)

PREREQUISITE: Automotive Collision Repair Technology 51A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Theory and practice in minor auto body repair. Principles of auto construction and design. Correct use and application of body shop hand tools, power tools and equipment. Diagnosis and repair of minor/major collision damage and body alignment. Emphasis on automotive safety procedures and shop safety. Not open to students with credit in ACRT 51. (A, CSU)

53 ADVANCED ACR

9 units, 4 lecture hours, 16 lab hours, (Day Program), (Formerly Body-Fender 53/54)

PREREQUISITE: Automotive Technology Collision Repair 51 or Automotive Technology Collision Repair 51A and 51B. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Estimation of body repair and refinishing, analysis of mechanical components, repair of auto plastics, auto body panel replacement and adjustment, restoration of corrosion protection, application of materials for spot repair and complete repaints, surface preparation on all types of substrates, paint materials used in refinishing, refinishing equipment, and other body shop repairs such as glass and trim removal and replacement. Not open to students with credit in ACRT 53A and/or ACRT 53B. (A, CSU)

53A ADVANCED ACR

5 units, 2 lecture hours, 8 lab hours, (Evening Program), (Formerly Body-Fender 53)

PREREQUISITE: Automotive Collision Repair Technology 51 or Automotive Collision Repair Technology 51A and 51B. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Estimation of body repair and refinishing, analysis of mechanical components, repair of auto plastics, auto body panel replacement and adjustment, restoration of corrosion protection, application of materials for spot repair and complete repaints, surface preparation on all types of substrates, paint materials used in refinishing, refinishing equipment, and other body shop repairs such as glass and trim removal and replacement. Not open to students with credit in ACRT 53. (A, CSU)

53B ADVANCED ACR

5 units, 2 lecture hours, 8 lab hours, (Evening Program), (Formerly Body-Fender 54)

PREREQUISITE: Automotive Collision Repair Technology 53A and 51 or Automotive Collision Repair Technology 51A and 51B. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Estimation of body repair and refinishing, analysis of mechanical components, repair of auto plastics, auto body panel replacement and adjustment, restoration of corrosion protection, application of materials for spot repair and complete repaints, surface preparation on all types of substrates, paint materials used in refinishing, refinishing equipment, and other body shop repairs such as glass and trim removal and replacement. Not open to students with credit in ACRT 53. (A, CSU)

55 SPRAY REFINISHING

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3) (Formerly Body-Fender 55)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Modern spray refinishing equipment and methods. (A, CSU)

AUTOMOTIVE COLLISION REPAIR (ACRCTC)

371 FUNDAMENTALS OF WELDING TECHNOLOGY AND WORKING SHEET METAL

5 lecture hours, 25 lab hours, (10 weeks), (300 total hours), (Repeats = 3)

PREREQUISITE: None.

Theory and practice in MIG welding, oxyacetylene welding, steel rod, brazing rod, plasma cutter, metal shrinking, work sheet metal, welded panel replacement, restoring corrosion protection, hand tool technology, shop safety and efficiency, job success and ASE certification.

372 BODY WORK TECHNOLOGY

5 lecture hours, 25 lab hours, (10 weeks), (300 total hours), (Repeats = 3)

PREREQUISITE: None.

Collision repair introductions and career includes estimating repair costs, vehicle construction and power tool technology, service specification and measurements, using body filler, doing hood, bumper, fender, lid, door, roof, and glass service. Looking at restraint system operation, passenger compartment, body/frame measurement, and unibody/frame realignment.

373 AUTOMOTIVE REFINISHING TECHNOLOGY

5 lecture hours, 25 lab hours, (10 weeks), (300 total hours), (Repeats = 3)

PREREQUISITE: None.

Review of the following: compressed air technology, refinishing materials and fasteners, repairing plastics, refinishing equipment technology, vehicle surface preparation and masking, refinishing procedures, color matching and custom painting, and paint problems and final detailing.

AUTOMOTIVE TECHNOLOGY (AUTOT)

9 AUTOMOTIVE ESSENTIALS

3 units, 3 lecture hours

PREREQUISITE: None.

Automotive components, service tools, and equipment. Designed for the prospective industrial arts teacher and students needing an exploratory course in the automotive field. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL 1-8 units, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to automotive technology. Collaborative learning objectives established specific to automotive technology. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

51 PRINCIPLES OF ENGINE THEORY AND SERVICE

3 units, 6 lecture hours, (9 weeks), (Repeats = 3), (See also Automotive Technology GM 51), (Formerly Automotive Mechanics 51)

COREQUISITE: Automotive Technology 9 and 51L. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Engine design and operation including diagnosis, failure analysis, and service practices. (A, CSU)

51L AUTOMOTIVE ENGINE LABORATORY

2 units, 14 lab hours, (9 weeks) (Repeats = 3), (See also Automotive Technology GM 51L), (Formerly Automotive Mechanics 51L)

COREQUISITE: Automotive Technology 9 and 51. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Engine laboratory for the Automotive Technology major. Use of engine related equipment. Emphasis on engine rebuilding and machining practices. (A, CSU)

52 AUTOMOTIVE ELECTRICAL SYSTEMS

5 units, 4 lecture hours, 16 lab hours, (9 weeks),
(Repeats = 3), (See also Automotive Technology GM
52), (Formerly Automotive Mechanics 52)

COREQUISITE: Automotive Technology 9. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Basic electrical theory and operation of the automotive electrical components and systems. Testing, diagnosing, and repairing electrical components and systems including automotive computer controls using necessary equipment. (A, CSU)

53 ENGINE PERFORMANCE

5 units, 4 lecture hours, 16 lab hours, (9 weeks),
(Repeats = 3), (See also Automotive Technology GM
53)

COREQUISITE: Automotive Technology 9. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Engine theory and construction related to engine performance. History and theory of operation for the different types of automotive systems. Latest technologies in automotive fuel delivery, emission control, and ignition systems. Testing, diagnosing, and repairing fuel, emission, and ignition systems. Use of necessary test equipment. (A, CSU)

54 SUSPENSION, STEERING, AND WHEEL ALIGNMENT

5 units, 4 lecture hours, 16 lab hours, (9 weeks),
(Repeats = 3), (See also Automotive Technology GM
54), (Formerly Automotive Mechanics 53)

COREQUISITE: Automotive Technology 9. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Theory and practical application of basic 4-wheel alignment, steering, and suspension systems. Operating principles, component description, diagnosis, repair, and service adjustments. (A, CSU)

55 POWER TRAINS: TRANSMISSIONS/TRANSAXLES, DIFFERENTIALS, AND DRIVEAXLES

6 units, 5 lecture hours, 20 lab hours, (9 weeks),
(Repeats = 3), (See also Automotive Technology GM
55), (Formerly Automotive Mechanics 54)

COREQUISITE: Automotive Technology 9. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

The principles of automotive power train systems: automatic and manual transmissions/transaxles, transfer cases, clutch assemblies, driveaxles, drivelines, and differentials. Diagnosis, service, and repair. (A, CSU)

56 AUTOMOTIVE BRAKING SYSTEMS

5 units, 4 lecture hours, 16 lab hours, (9 weeks),
(Repeats = 3), (See also Automotive Technology GM
56)

COREQUISITE: Automotive Technology 9. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Complete disassembly and reassembly of various automotive braking systems. Operating principles, component description, diagnosis, repair, and service adjustments. (A, CSU)

57 AUTOMOTIVE HEATING, VENTILATION, AIR CONDITIONING, AND ADVANCED ELECTRONICS

5 units, 4 lecture hours, 16 lab hours, (9 weeks),
(Repeats = 3), (See also Automotive Technology GM
57), (Formerly Automotive Technology 60)

PREREQUISITE: Automotive Technology 52 and 53 or equivalent.
COREQUISITE: Automotive Technology 9.

Theory and practice in automotive heating, ventilation, and air conditioning systems/components. R-12 and R-134A refrigeration systems, recovery, recycling, charging, leak, and performance testing. Diagnosis, service, and repair of the advance automotive electronics, automatic temperature/ climate control, and other computer controlled systems found on today's late model vehicles. (A, CSU)

58 INDIVIDUALIZED SKILLS TRAINING (IST) CHASSIS SYSTEMS I LABORATORY

1 unit, 8 lab hours, (9 weeks), (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Designed for students to complete assigned automobile manufacturers' training modules: Hands-On (HO), Computer-Based Training (CBT), Web-Based Training (WBT), and/or Video-Based Training (VBT) with instructor supervision. Provide the most current and up-to-date technology for students pursuing a career in Automotive Technology. Designed to accompany work experience in the trade. (A, CSU)

58A INDIVIDUALIZED SKILLS TRAINING (IST) CHASSIS SYSTEMS II LABORATORY

1 unit, 8 lab hours, (9 weeks), (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Designed for students to complete assigned automobile manufacturers' training modules in Advanced Chassis Systems: Hands-On (HO), Computer-

Based Training (CBT), Web-Based Training (WBT), and/or Video-Based Training (VBT) with instructor supervision. Provide the most current and up-to-date technology for students pursuing a career in Automotive Technology. Designed to accompany work experience in the trade. (A, CSU)

**58B INDIVIDUALIZED SKILLS TRAINING (IST) ENGINE/
PROPULSION SYSTEMS LABORATORY**

1 unit, 8 lab hours, (9 weeks), (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Designed for students to complete assigned automobile manufacturers' training modules in Advanced Chassis Systems: Hands-On (HO), Computer-Based Training (CBT), Web-Based Training (WBT), and/or Video-Based Training (VBT) with instructor supervision. Provide the most current and up-to-date technology for students pursuing a career in Automotive Technology. Designed to accompany work experience in the trade. (A, CSU)

**58C INDIVIDUALIZED SKILLS TRAINING (IST) POWER TRAIN
SYSTEMS LABORATORY**

1 unit, 8 lab hours, (9 weeks), (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Designed for students to complete assigned automobile manufacturers' training modules in Power Train Systems: Hand-On (HO), Computer-Based Training (CBT), Web-Based Training (WBT), and/or Video-Based Training (VBT) with instructor supervision. Provide the most current and up-to-date technology for students pursuing a career in Automotive Technology. Designed to accompany work experience in the trade. (A, CSU)

161A BASIC CLEAN AIR CAR COURSE (BCACC)

**2 units, 4.5 lecture hours, 4.5 lab hours, (9 weeks),
(Repeats = 3), (Formerly Automotive Technology 61,
61A and 261A)**

PREREQUISITE: Automotive Technology 52, and 53, or 261, or 10 semester units, 13 quarter units, or 180 hours of instruction at a NATEF certified and/or bureau-recognized college or trade school in the areas of electrical and engine performance.

Prepares students/technicians for the Bureau of Automotive Repair (BAR) emission testing procedures and guidelines. Emphasis on theory, diagnosis, and repair of emission related systems and components in the On Board Diagnostics system. Introduction to on-vehicle diagnosing and repair mandated by the Bureau of Automotive Repair. Those who do not meet the prerequisite are allowed to take this course but will not be certified as eligible to take the (BAR) licensing examination and/or intern Technician license. (Note: Basic Area Technician training program certified.) (A)

161B ADVANCED CLEAN AIR CAR COURSE (ARACC)

**1 unit, 3 lecture hours, 3 lab hours, (5 weeks),
(Repeats = 3), (Formerly Automotive Technology 61B
and 261B)**

PREREQUISITE: Automotive Technology 161A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Prepares students/technicians for the Bureau of Automotive Repair (BAR) Enhanced Area emission testing procedures and guidelines. Emphasis on theory, diagnosis, and repair of emission related systems and components in the On Board Diagnostics system. Introduction to on-vehicle diagnosing and repair mandated by the Bureau of Automotive Repair. Those who do not meet the prerequisite are allowed to take this course but will not be certified as eligible to take the (BAR) licensing examination. (Note: Enhanced Area Technician training program certified.) (A)

161C BAR UPDATE TRAINING

**1 unit, 18 lecture hours, 6 lab hours, (2 weeks),
(Repeats = 3)**

PREREQUISITE: Automotive Technology 161B. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Prepares students/technicians for new Bureau of Automotive Repair (BAR) procedures and guidelines smog check technicians must follow when performing emission inspections and certifying vehicles in the Basic and Enhanced Smog Check Program areas. Those who do not meet the prerequisite are allowed to take this course but will not be certified as eligible to take the (BAR) licensing examination and/or granted renewal of applicable license. (Note: Enhanced Area Technician training program certified.) (A)

261 CLEAN AIR CAR - DIAGNOSIS AND REPAIR

**3 units, 4.5 lecture hours, 4.5 lab hours, (9 weeks),
(Repeats = 3), (Formerly Automotive Technology 61)**

PREREQUISITE: Automotive Technology 52 or 53 or 9 semester units, 13 quarter units, or 180 hours of instruction at a NATEF certified and/or bureau recognized college or trade school in the areas of electrical and engine performance. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Introduction to Smog Check Program diagnosis and repair procedures; engine theory and electrical systems; automotive computer control system operations; on-vehicle diagnosing and repair mandated by the Bureau of Automotive Repair. (Note: Basic Area Technician training program certified.)

**262A (A6) ELECTRICAL/ELECTRONIC TRAINING BAR/ASE
(ALTERNATIVE)**

1 unit, 6 lecture hours, 2 lab hours, (3 weeks),
(Repeats = 3), (Formerly Automotive Technology 62A)

PREREQUISITE: Automotive Technology 52 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Prepares students/technicians for the Bureau of Automotive Repair (BAR) and National Institute for Automotive Service Excellence (ASE) examination. Testing, diagnosing, and repairing electrical components and systems including automotive computer controls using necessary equipment as mandated by the BAR. Those who do not meet the prerequisites are allowed to take this course but will not be certified by the Bureau of Automotive Repair and/or the National Institute for Automotive Service Excellence (ASE) in the A6-Electrical/Electronic area.

**262B (A8) ENGINE PERFORMANCE TRAINING BAR/ASE
(ALTERNATIVE)**

1 unit, 6 lecture hours, 2 lab hours, (3 weeks),
(Repeats = 3), (Formerly Automotive Technology 62B)

PREREQUISITE: Automotive Technology 53 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Prepares students/technicians for the Bureau of Automotive Repair (BAR) and National Institute for Automotive Service Excellence (ASE) examination. Testing, diagnosing, and repairing fuel, emission, and ignition systems including automotive computer controls using necessary equipment as mandated by the BAR. Those who do not meet the prerequisites are allowed to take this course but will not be certified by the Bureau of Automotive Repair and/or the National Institute for Automotive Service Excellence (ASE) in the A8-Engine Performance area.

**262C (L1) ADVANCED ENGINE PERFORMANCE TRAINING
BAR/ASE (ALTERNATIVE)**

1 unit, 6 lecture hours, 2 lab hours, (4 weeks),
(Repeats = 3), (Formerly Automotive Technology 62C)

PREREQUISITE: Automotive Technology 52 and 53 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Prepares students/technicians for the Bureau of Automotive Repair (BAR) and National Institute for Automotive Service Excellence (ASE) examination. Testing, diagnosing, and repairing fuel, emission, and ignition systems including automotive computer controls using necessary equipment as mandated by the BAR. Those who do not meet the prerequisites are allowed to take this course but will not be certified by the Bureau of Automotive Repair and/or the National Institute for Automotive Service Excellence (ASE) in the L1-Advanced Engine Performance area.

281A AUTOMOTIVE POWER TRAINS I

3 units, 3 lecture hours, (Repeats = 3), (Formerly Automotive Technology 81A)

PREREQUISITE: Automotive Technology 9 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

The principles of automotive power train systems: automotive transmissions, drivelines, and differentials. Diagnosis and service methods.

281B AUTOMOTIVE POWER TRAINS II

3 units, 3 lecture hours, (Repeats = 3), (Formerly Automotive Technology 81B)

PREREQUISITE: Automotive Technology 9 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

The principles of automotive power train systems: automatic transaxles, driveaxles, and transfer cases. Diagnosis, service, and repair procedures.

282A SUSPENSION AND WHEEL ALIGNMENT

3 units, 3 lecture hours, (Repeats = 3), (Formerly Automotive Technology 82A)

PREREQUISITE: Automotive Technology 9 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Theory of basic 4-wheel alignment and suspension systems. Operating principles, component description, diagnosis, and service adjustment spec.

282B AUTOMOTIVE BRAKING SYSTEMS

3 units, 3 lecture hours, (Repeats = 3), (Formerly Automotive Technology 82B)

PREREQUISITE: Automotive Technology 9 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Discuss complete disassembly and reassembly of various automotive braking systems. Operating principles, component description, diagnosis, repair, and service adjustments.

283A ENGINE PERFORMANCE AND DIAGNOSIS

3 units, 3 lecture hours, (Repeats = 3), (Formerly Automotive Technology 83A)

PREREQUISITE: Automotive Technology 9 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Latest technologies in automotive fuel delivery, emission control, and ignition systems. Diagnosis fuel, emission ignition systems. Introduction of diesel theory, application, and operation. Use of necessary test equipment.

283B ELECTRICAL SYSTEMS

3 units, 3 lecture hours, (Repeats = 3), (Formerly Automotive Technology 83B)

PREREQUISITE: Automotive Technology 9 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Basic electrical theory of the automotive electrical components and systems. Diagnosing electrical components and systems including automotive computer controls using necessary equipment.

284 AUTOMOTIVE AIR CONDITIONING

3 units, 3 lecture hours, (Repeats = 3), (Formerly Automotive Technology 84)

PREREQUISITE: Automotive Technology 9 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Theory in automotive heating, ventilation, and air conditioning systems/components. R-12 and R-134A refrigeration systems, recovery, recycling, charging, leak, and performance testing. Discuss the diagnosis, service, and repair of automatic temperature/climate control.

285 AUTOMOTIVE ENGINES

3 units, 3 lecture hours, (Repeats = 3), (Formerly Automotive Technology 85)

PREREQUISITE: Automotive Technology 9 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Engine design and operation including diagnosis, failure analysis, and service practices.

286 AUTOMOTIVE INFORMATION SYSTEMS

3 units, 3 lecture hours, (Repeats = 3), (Formerly Automotive Technology 86)

PREREQUISITE: Automotive Technology 9 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Automotive service information for components, specifications, procedures, tools, and equipment. Designed for the automotive technology student or automotive technician in the field.

287 STREET ROD TECHNOLOGY

4 units, 2 lecture hours, 7 lab hour, (Repeats = 3)

PREREQUISITE: None.

Modification of older vehicles to incorporate new technology from newer vehicles.

292 ASE CERTIFICATION PREPARATORY

2 units, 4 lecture hours, (9 weeks), (Repeats = 3), (Formerly Automotive Technology 92)

PREREQUISITE: Automotive Technology 9 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Preparation for the National Institute for Automotive Service Excellence (ASE) Certifications in the following areas: Engine Repair (A1), Automatic Transmission/Transaxle (A2), Manual Drive Train and Axles (A3), Suspension and Steering (A4), Brakes (A5), Electrical/Electronic Systems (A6), Heating and Air Conditioning (A7), and Engine Performance (A8).

294 LAMP AND BRAKE ADJUSTMENT/CERTIFICATION PREPARATION

1.5 units, 3 lecture hours, (9 weeks), (Repeats = 3), (Formerly Automotive Technology 94)

PREREQUISITE: Automotive Technology 9 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Preparation for the State of California Automotive Technician Lamp and Brake Adjustment/Certification examination.

AUTOMOTIVE MECHANICS (AMCTC)

371 ENGINE REPAIR

10 lecture hours, 20 lab hours, (20 weeks), (600 total hours), (Pass/No Pass), (Repeats = 3), (Open Entry/Open Exit), (Formerly AMVTC 71)

Preparation for ASE certification in engine repair. Practical and theoretical training in general engine diagnosis, cylinder heads, valve train, engine block, lubrication, and cooling systems.

372 ENGINE PERFORMANCE

10 lecture hours, 20 lab hours, (30 weeks), (900 total hours), (Pass/No Pass), (Repeats = 3), (Open Entry/Open Exit), (Formerly AMVTC 72)

Basic skills necessary for an entry level job. Competency-based similar to those operations performed by automotive shop professionals. Prepares students to take the ASE certification tests.

**AUTOMOTIVE TECHNOLOGY:
GENERAL MOTORS ASEP PROGRAM (ATGM)****51 PRINCIPLES OF ENGINE THEORY AND SERVICE**

3 units, 6 lecture hours, (9 weeks), (Repeats = 3),
(See also Automotive Technology 51)

COREQUISITE: Automotive Technology 9 and Automotive Technology GM 51L. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Engine design and operation including diagnosis, failure analysis, and service practices. Designed to accompany work experience in the trade. (A, CSU)

51L AUTOMOTIVE ENGINE LABORATORY

2 units, 14 lab hours, (9 weeks), (Repeats = 3), (See also Automotive Technology 51L)

COREQUISITE: Automotive Technology 9 and Automotive Technology GM 51. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Engine laboratory for the Automotive Technology major. Use of engine related equipment. Emphasis on engine rebuilding and machining practices. Designed to accompany work experience in the trade. (A, CSU)

52 AUTOMOTIVE ELECTRICAL SYSTEMS

5 units, 4 lecture hours, 16 lab hours, (9 weeks),
(Repeats = 3), (See also Automotive Technology 52),
(Formerly Automotive Technology General Motors 32)

COREQUISITE: Automotive Technology 9. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Basic electrical theory and operation of the automotive electrical components and systems. Testing, diagnosing, and repairing electrical components and systems including automotive computer controls using necessary equipment. Designed to accompany work experience in the trade. (A, CSU)

53 ENGINE PERFORMANCE

5 units, 4 lecture hours, 16 lab hours, (9 weeks),
(Repeats = 3), (See also Automotive Technology 53),
(Formerly Automotive Technology General Motors 35)

COREQUISITE: Automotive Technology 9. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Engine theory and construction related to engine performance. History and theory of operation for the different types of automotive systems. Latest technologies in automotive fuel delivery, emission control, and ignition systems. Testing, diagnosing, and repairing fuel, emission, and ignition systems. Use of necessary test equipment. Designed to accompany work experience in the trade. (A, CSU)

54 SUSPENSION, STEERING, AND WHEEL ALIGNMENT

5 units, 4 lecture hours, 16 lab hours, (9 weeks),
(Repeats = 3), (See also Automotive Technology 54),
(Formerly Automotive Technology General Motors 31)

COREQUISITE: Automotive Technology 9. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Theory and practical application of basic 4-wheel alignment, steering, and suspension systems. Operating principles, component description, diagnosis, repair, and service adjustments. Designed to accompany work experience in the trade. (A, CSU)

**55 POWER TRAINS: TRANSMISSIONS/TRANSAXLES,
DIFFERENTIALS, AND DRIVEAXLES**

6 units, 5 lecture hours, 20 lab hours, (9 weeks),
(Repeats = 3), (See also Automotive Technology 55),
(Formerly Automotive Technology General Motors 36)

COREQUISITE: Automotive Technology 9. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

The principles of automotive power train systems: automatic and manual transmissions/transaxles, transfer cases, clutch assemblies, driveaxles, drivelines, and differentials. Diagnosis, service, and repair. Designed to accompany work experience in the trade. (A, CSU)

56 AUTOMOTIVE BRAKING SYSTEMS

5 units, 4 lecture hours, 16 lab hours, (9 weeks),
(Repeats = 3), (See also Automotive Technology 56)

COREQUISITE: Automotive Technology 9. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Complete disassembly and reassembly of various automotive braking systems. Operating principles, component description, diagnosis, repair, and service adjustments. Designed to accompany work experience in the trade. (A, CSU)

**57 AUTOMOTIVE HEATING, VENTILATION, AIR
CONDITIONING, AND ADVANCED ELECTRONICS**

5 units, 4 lecture hours, 16 lab hours, (9 weeks),
(Repeats = 3), (See also Automotive Technology 57),
(Formerly Automotive Technology General Motors 34)

PREREQUISITE: Automotive Technology/Automotive Technology GM 52 and 53 or equivalent. COREQUISITE: Automotive Technology 9. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Theory and practice in automotive heating, ventilation, and air conditioning systems/components. R-12 and R-134A refrigeration systems, recovery, recycling, charging, leak, and performance testing. Diagnosis, service, and repair of the advance automotive electronics, automatic temperature/ climate control, and other computer controlled systems found on today's late model vehicles. (A, CSU)

BIOLOGY (BIOL)**1 PRINCIPLES OF BIOLOGY**

4 units, 3 lecture hours, 2 lab hours

PREREQUISITE: Mathematics 103. ADVISORY: Eligibility for English 125 and English 126 or English as a Second Language 67 and 68 recommended.

Introduction to the principles and unifying concepts of life science including the chemical basis of life, cell structure and function, genetics and principles of inheritance, evolution, biological classification and diversity, and ecology. Intended for science majors and for pre-medical, pre-veterinary, pre-dental, pre-optometry, and pre-pharmacy majors. (TCSU BIOL SEQ A = BIOL 1+BIOL 4+BIOL 6) (A, CSU-GE, UC, I)

1H HONORS PRINCIPLES OF BIOLOGY

4 units, 3 lecture hours, 2 lab hours, (Formerly Honors 1B)

PREREQUISITE: Mathematics 103. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Introduction to the principles and unifying concepts of life science including the chemical basis of life, cell structure and function, genetics and principles of inheritance, evolution, biological classification and diversity, and ecology. Applications of the above topics to human health and environmental issues are stressed. Field trips, guest speakers, literature and scientific research, use of technology, and student presentations are included in this honors level course. Intended for science majors and for pre-medical, pre-veterinary, pre-dental, pre-optometry, and pre-pharmacy majors. (TCSU BIOL SEQ A=BIOL 1H+BIOL 4+BIOL 6) (A, CSU-GE, UC, I)

3 INTRODUCTION TO LIFE SCIENCE

4 units, 3 lecture hours, 2 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introductory course exploring biological concepts as they relate to organismal structure and function, inheritance, ecology, and evolution. Recommended for non-biological science majors and liberal studies majors. Field trips required. (A, CSU-GE, UC, I)

3H HONORS INTRODUCTION TO LIFE SCIENCE

4 units, 3 lecture hours, 2 lab hours

ADVISORY: Meet the qualifications for acceptance in the Honors Program recommended. See Honors Program listing in the college catalog.

Introductory course exploring biological concepts as they relate to organismal structure and function, inheritance, ecology, and evolution. Recommended for non-biological science majors and liberal studies majors. Field trips, guest speakers, literature and scientific research, use of technology and student presentations are included in this honors level course. (A, CSU-GE)

4 PRINCIPLES OF ZOOLOGY

5 units, 3 lecture hours, 6 lab hours, (Formerly Zoology 1)

PREREQUISITE: Biology 1 or 3 or 11A or equivalent, and Mathematics 103 or equivalent, each with a grade of "C" or better. Completion within the last five years recommended. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Animal forms using the phylogenetic approach including morphology, physiology, and ecology relative to the major phyla. Field trips required. (TCSU BIOL SEQ A = BIOL 1/1H + BIOL 4 + BIOL 6) (A, CSU-GE, UC, I)

5 HUMAN BIOLOGY

4 units, 3 lecture hours, 2 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

An overview of the cellular, molecular, genetic, and systems basis of life with an emphasis on the human body. For allied health majors. Fulfills prerequisites for Biology 20, 24, 31. (TCSU BIOL 110) (A, CSU-GE, UC, I)

6 PRINCIPLES OF BOTANY

5 units, 3 lecture hours, 6 lab hours, (Formerly Botany 1)

PREREQUISITE: Biology 1 or 3 or 11A or equivalent, and Mathematics 103 or equivalent, each with a grade of "C" or better. Completion within the last five years recommended. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Morphological, physiological, ecological, genetic, and taxonomic relationships with emphasis on seed plants. Field trips required. (TCSU BIOL SEQ A = BIOL 1/1H + BIOL 4 + BIOL 6) (A, CSU-GE, UC, I)

7 FIELD BIOLOGY

4 units, 3 lecture hours, 3 lab hours, (Spring)

PREREQUISITE: Biology 1 or 3 or 11A or equivalent, with a grade of "C" or better. Completion within the last five years recommended. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Field investigations of plants, animals, and fungi emphasizing natural history, taxonomy, and ecology of local species. Field trips required. (A, CSU-GE, UC)

11A BIOLOGY FOR SCIENCE MAJORS I

5 units, 4 lecture hours, 3 lab hours

PREREQUISITE: Mathematics 103 with a grade of "C" or better. Completion within the last five years recommended. COREQUISITE: Chemistry 1A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, Biology 3 or High School Biology recommended.

The first class in a two semester sequence of general biology for science majors: the chemistry of life, the cell, cellular structure, metabolism, photosynthesis, aerobic and anaerobic respiration, mitosis, meiosis,

Mendelian genetics, human genetics, molecular biology, biotechnology, and evolution. Intended for science majors and for pre-medical, pre-veterinarian, pre-dental, pre-optometry, and pre-pharmacy majors. (A, CSU-GE, UC, I)

11AH HONORS BIOLOGY FOR SCIENCE MAJORS I

5 units, 4 lecture hours, 3 lab hours

PREREQUISITE: Mathematics 103 with a grade of "C" or better. Completion within the last five years recommended. COREQUISITE: Chemistry 1A. ADVISORY: Meet the qualifications for acceptance into the Honors Program. See Honors Program listing in the college catalog.

The chemistry of life, the cell, cellular structure, metabolism, photosynthesis, aerobic and anaerobic respiration, mitosis, meiosis, Mendelian genetics, human genetics, molecular biology, biotechnology, and evolution. Intended for science majors and for pre-medical, pre-veterinarian, pre-dental, pre-optometry, and pre-pharmacy majors. Field trips, guest speakers, literature and scientific research, use of technology, and student presentations are included in this honors level course. (A, CSU-GE, UC, I)

11B BIOLOGY FOR SCIENCE MAJORS II

5 units, 3 lecture hours, 6 lab hours

PREREQUISITE: Biology 11A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The second course of a two semester sequence of general biology: the evolutionary history of biodiversity, plant structure and function, animal structure and function, and ecology. Intended for science majors and for pre-medical, pre-veterinarian, pre-dental, pre-optometry, and pre-pharmacy majors. Field trips required. (A, CSU-GE, UC, I)

20 HUMAN ANATOMY

4 units, 3 lecture hours, 3 lab hours

PREREQUISITE: Biology 1 or 5 or 11A or equivalent, with a grade "C" or better. Completion within the last year recommended. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A foundation course in Human Anatomy. A systems-based approach, examining the gross and microscopic structures of the human body. Fulfills the anatomy requirement for many nursing and other health-related programs. (A, CSU-GE, UC, I)

21A HUMAN ANATOMY & PHYSIOLOGY I

4 units, 3 lecture hours, 3 lab hours

PREREQUISITE: Biology 1 or 5 or 11A and Chemistry 3A with a grade "C" or better.

The first class in a two semester human anatomy and physiology sequence. Biology 21A and 21B are designed to prepare students planning careers in healthcare including nursing. (A, CSU-GE)

21B HUMAN ANATOMY & PHYSIOLOGY II

5 units, 4 lecture hours, 3 lab hours

PREREQUISITE: Biology 21A with a grade "C" or better.

The second class in the semester anatomy and physiology sequence.

Biology 21A and 21B are designed to prepare students planning careers in healthcare, including nursing. (A, CSU-GE)

22 HUMAN PHYSIOLOGY

5 units, 4 lecture hours, 3 lab hours

PREREQUISITE: Biology 20 or equivalent and Chemistry 3A or equivalent, each with a grade "C" or better. Completion within the last year recommended. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An examination of the functional relationships of the human body at the system, organ, and cellular levels, utilizing homeostasis as a unifying theme. Fulfills the physiology requirement for many nursing and other health-related programs. Three units of credit for student with credit in Biology 24. (A, CSU-GE, UC, I)

24 HUMAN ANATOMY AND PHYSIOLOGY

5 units, 4 lecture hours, 3 lab hours

PREREQUISITE: Biology 1 or 5 or 11A or equivalent, with a grade "C" or better. Completion within the last year recommended. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Systematic relationship of the gross and microscopic structures of the human body and their functional relationships. Intended primarily for students enrolled in or planning to enroll in college-level allied health programs. Not open to students with credit in both Biology 20 and 22. (A, CSU-GE)

31 MICROBIOLOGY

5 units, 3 lecture hours, 5 lab hours

PREREQUISITE: Biology 1 or 5 or 11A or equivalent and Chemistry 3A or equivalent, each with a grade "C" or better. Completion within the last five years recommended. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Classification, morphology, identification, physiology, and genetics, host interactions related to disease and industrial uses of microorganisms. Field trips may be required. (A, CSU-GE, UC, I)

46 ELEMENTARY HORTICULTURE

4 units, 3 lecture hours, 2 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Growth and care of ornamental and vegetable plants including plant anatomy, general maintenance, weeds, pests, diseases, fertilizers, soils, pruning, and training. (A, CSU)

47 TOPICS IN BIOLOGY

1-3 units, 1-3 lecture hours, 0-3 lab hours, (Repeats = 2)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Current topics of biological importance and concern outside the regular biology curriculum or topics that will be covered in greater depth than in a regularly offered course. Presented by biology faculty. (A, CSU)

261 INTERNET AND COMPUTER SKILLS LABORATORY

.2-1 unit, 3-6 lab hours, (16 weeks), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: None.

Supervised use of microcomputer and the Internet. Reinforcement of concepts from classroom studies and development of problem solving abilities on an independent basis. Units based on hours worked in lab:

- (a) .2 units for minimum of 11 hours;
- (b) .4 units for minimum of 22 hours;
- (c) .6 units for minimum of 33 hours;
- (d) .8 units for minimum of 44 hours;
- (e) 1 unit for minimum of 54 hours.

SEE AUTOMOTIVE COLLISION REPAIR TECHNOLOGY

BOTANY SEE BIOLOGY

BUILDING SAFETY AND CODE ADMINISTRATION (BSCA)

10 BUILDING CODES

3 units, 3 lecture hours, (Repeats = 3), (See also Architecture 31)

PREREQUISITE: None.

International building codes and local building zoning ordinances. (A, CSU)

12 PLANS EXAMINING

3 units, 3 lecture hours, (Repeats = 3)

ADVISORY: Building Safety and Code Administration 10 recommended.

International residential codes and local building zoning ordinances for single family housing and light commercial construction. (A, CSU)

14 BUILDING INSPECTION

3 units, 3 lecture hours, (Repeats = 3)

ADVISORY: Building Safety and Code Administration 10 recommended.

Familiarization with inspections of residential one and two-family dwellings and type V construction, in preparation for I.C.C. Building Inspector certification. (A, CSU)

15 PLUMBING CODE AND INSPECTION

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)
(See also Construction 56)

ADVISORY: Construction 50A and eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to residential plumbing: lay out and installation of a residential plumbing system. Familiarization with uniform plumbing code, construction and inspection, to prepare for I.A.P.M.O. and/or I.C.C. certification. (A, CSU)

16 MECHANICAL CODE AND INSPECTION

3 units, 3 lecture hours, (Repeats = 3)

PREREQUISITE: None.

Familiarization with uniform mechanical code, construction supervision, and inspection in preparation for I.A.P.M.O. and/or I.C.C. certification. (A, CSU)

17 NATIONAL ELECTRICAL CODE PART 1

3 units, 3 lecture hours, (Repeats = 3), (See also Electrical Systems Technology 96A)

PREREQUISITE: None.

Application of all rules for engineering, designing, installing, maintaining, and inspecting electrical systems. Designed for newcomers and professionals seeking preparation for obtaining additional certifications or further knowledge. Branch circuits, electrical services, overcurrent protection and grounding Part I. (A, CSU)

18 CALIFORNIA DISABLED ACCESS REGULATIONS

3 units, 3 lecture hours, (Repeats = 3)

PREREQUISITE: None.

Familiarization with disabled access codes in California Code of Regulations, Title 24, Part 2, Federal Americans with Disabilities Act of 1990 and Federal Fair Housing Act Amendments of 1988. (A, CSU)

20 ADVANCED BUILDING CODE

3 units, 3 lecture hours, (Repeats = 3)

ADVISORY: Building Safety and Code Administration 10 recommended.

International building codes and local building zoning ordinances for light commercial buildings and industrial buildings. (A, CSU)

22 ADVANCED PLANS EXAMINING

3 units, 3 lecture hours, (Repeats = 3)

COREQUISITE: Building Safety and Code Administration 20. ADVISORY:

Building Safety and Code Administration 12 recommended.

The application of uniform building codes, zoning ordinances, energy conservation and state handicap requirements to commercial and industrial construction. To prepare for I.C.C. certification. (A, CSU)

24 ADVANCED BUILDING INSPECTION

3 units, 3 lecture hours, (Repeats = 3)

ADVISORY: Building Safety and Code Administration 10 and 14 recommended.

Advanced Building Inspection based on the International Building Code and local zoning ordinances for light-commercial construction. (A, CSU)

27 NATIONAL ELECTRICAL CODE PART 2

3 units, 3 lecture hours, (Repeats = 3), (See also Electrical Systems Technology 96B)

PREREQUISITE: None.

Application of the rules for engineering, designing, installing, maintaining and inspecting electrical systems. Designed for newcomers to the electrical industry and professional seeking preparation for obtaining additional certifications or further knowledge. General wiring, motors, controls, transformers, other equipment and grounding, Part II. (A, CSU)

37 NATIONAL ELECTRICAL CODE PART 3

3 units, 3 lecture hours, (Repeats = 3), (See also Electrical Systems Technology 96C)

PREREQUISITE: None.

Application of the rules for engineering, designing, installing, maintaining and inspecting electrical systems. Designed for newcomers to the electrical industry and professionals seeking preparation for obtaining additional certifications or further knowledge. General wiring, motors, controls, transformers, other equipment and grounding. (A, CSU)

47 NATIONAL ELECTRICAL CODE-ELECTRICAL SAFETY

3 units, 3 lecture hours, (Repeats = 3), (See also Electrical Systems Technology 96D)

PREREQUISITE: None.

Fundamentals of electrical safety as required by NFPA Document 70E. (A, CSU)

BUILDING TECHNOLOGY

SEE ARCHITECTURE OR CONSTRUCTION

BUSINESS ADMINISTRATION (BA)

5 WORKPLACE COMMUNICATION

3 units, 3 lecture hours, (See also Business & Technology 5)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended. Business & Technology 1 or knowledge of proper business letter format and ability to type 25 words per minute recommended.

Professional workplace communication including written, oral, and presentation fundamentals with emphasis on organization, correctness, completeness, conciseness, and tone. (A, CSU)

8 BUSINESS PROTOCOL AND ETIQUETTE

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Dress and attire, office etiquette, disciplining employees, cafeteria and restaurant courtesies, business greetings and introductions (including handshakes), business etiquette in correspondence, ethics, tattoos and body piercing, and international etiquette. (A, CSU)

10 INTRODUCTION TO BUSINESS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A survey in business providing a multidisciplinary examination of how culture, society, economic systems, legal, international, political, financial institutions, and human behavior interact to affect a business organization's policy and practices within the U.S. Demonstrates how these influences impact the primary areas of business including: organizational structure and design; leadership, human resource management, organized labor practices; marketing; organizational communication; technology; entrepreneurship; legal, accounting, financial practices; and therefore affect a business' ability to achieve its organizational goals in the U.S. economic system. (A, CSU, UC)

10H HONORS INTRODUCTION TO BUSINESS

3 units, 3 lecture hours

ADVISORY: Meet the qualifications for consideration for acceptance in the Honors Program recommended. See Honors Program listing in the college catalog.

A survey in business providing a multidisciplinary examination of how culture, society, economic systems, legal, international, political, financial institutions, and human behavior interact to affect a business organization's policy and practices within the U.S. Demonstrates how these influences impact the primary areas of business including: organizational structure and design; leadership, human resource management, organized labor practices; marketing; organizational communication; technology; entrepreneurship;

legal, accounting, financial practices; and therefore affect a business' ability to achieve its organizational goals in the U.S. economic system with enrichment and service learning activities and linkages to a Business Economics Honors colloquium. (A, CSU, UC)

11 INTRODUCTION TO HOSPITALITY MANAGEMENT

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

A comprehensive tour of the fascinating and dynamic hospitality industry from a marketing and management perspective: travel and tourism, lodging, foodservice, meetings, conventions and expositions, leisure and recreation. (A, CSU)

13 MANAGING QUALITY ORGANIZATIONS — AN INTRODUCTION

3 units, 3 lecture hours

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Provides a systematic approach to constant improvement throughout an organization. An introduction to the themes, teams, and tools and techniques of continuous quality improvement. Emphasis on the quality systems approach to customer focus, continuous improvement, and employee involvement. (A, CSU)

14 MANAGING QUALITY ORGANIZATIONS — THE TEAMS

3 units, 3 lecture hours

ADVISORY: Business Administration 13 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Develop skills in team building, group problem solving, and facilitating. Study techniques utilized by creative organizations that empower employees to meet the quality challenge. Emphasis is on team development and group dynamics. (A, CSU)

**18 BUSINESS AND THE LEGAL ENVIRONMENT
4 units, 4 lecture hours, (Formerly Business Administration 18A)**

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Law and the legal system: administrative, tort, criminal, contracts, agency, labor and employment, and international business law. Case studies utilized. (A, CSU, UC)

**19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
1-8 units, (Repeats = 2)**

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to business administration. Collaborative learning objectives established specific to business administration. Seventy-five hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

20 LAW AND THE LEGAL SYSTEM

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

What every educated citizen should know about law as a social process and about American law and legal institutions. The historical origins of law as well as the role law plays in modern western and non-western societies. Institutional sources of law; legal reasoning; judicial decision making and remedies; an overview of the civil and criminal litigation process; administrative law and procedure; alternative dispute resolution mechanisms; ethics and the legal system. (A, CSU-GE, UC)

21 BUSINESS LAW

3 units, 3 lecture hours, (Formerly Business Administration 18B)

PREREQUISITE: Business Administration 18. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Prepares prospective owners, managers, and consumers to cope with legal business decisions regarding negotiable instruments, personal property, bailments, and sales. Case studies utilized. (A, CSU, UC)

22 CONSUMER RIGHTS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

What every consumer should know about his/her legal rights and remedies regarding routine daily personal and business transactions/events. Specific topics include consumer warranties, automobile accidents, credit card laws, consumer credit reports, residential leases, unlawful detainer, drivers license rights and responsibilities, employment and labor laws, small claims court procedures, repossessions of personal property, buying and leasing of automobiles, Internet shopping and mail order. (A, CSU)

25 INTERNATIONAL BUSINESS — AN INTRODUCTION

3 units, 3 lecture hours

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A study of the theory and practice of global business. Within the context of a multinational business a study of the functional areas of production, marketing, finance, human resource management, accounting, technology, legal issues and the impact of culture on the business practices. (A, CSU)

**27 COLLEGIATE ENTREPRENEURS ORGANIZATION (CEO)/
STUDENTS IN FREE ENTERPRISE (SIFE)**

1-3 units: 1 unit, 1 lecture hour, 1 lab hour; 2 units,
1 lecture hour, 3 lab hours, 3 units, 1 lecture hour, 6
lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Business leadership training, experience, knowledge and practical experience in entrepreneurship and business using the student organizations Students in Free Enterprise and/or Collegiate Entrepreneurs Organization which are affiliated with the international organizations of the same name. Students in Free Enterprise, Inc. and Collegiate Entrepreneurs Organization participate in intercollegiate competitions, events and conferences to acquire knowledge and skills regarding teaching, mentoring, service, leadership, organization, networking, communication, presentation skills, business management skills and entrepreneurial skills as they relate to community economic development. Students manage and participate in student organized fund raising events and student run business ventures. CEO students attend the national CEO annual conference to advance the knowledge and skills required to become successful student entrepreneurs. (A, CSU)

28 E-LAW AND ETHICS

3 units, 3 lecture hours

ADVISORY: Computer Information Technology 15 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to the legal and ethical issues involving technology and the use of the Internet. (A, CSU)

30 PERSONAL FINANCE

4 units, 4 lecture hours

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Examines the integration of personal financial management with physiological and psychological well-being and the life-long impact financial decisions have on individuals, families and society. Topics include time value of money, opportunity cost and marginal analysis; tax strategies; financial planning strategies; financial monitoring and reporting; money & credit management; purchasing strategies and large asset acquisition; risk management through home, health, auto and disability insurance; saving and investing; and retirement and estate planning. (A, CSU)

31 HUMAN RESOURCE MANAGEMENT

4 units, 4 lecture hours

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Examines major functions of human resource management including planning, recruitment, selection, training and development, evaluation, compensation, labor relations, and motivation. (A, CSU)

32 LABOR RELATIONS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

History and present status of the labor movement. (A, CSU)

33 HUMAN RELATIONS IN THE WORKPLACE

3 units, 3 lecture hours

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Multidisciplinary examination of how society, economics, and human behavior are inextricably interwoven into the American work environment. An emphasis on employee interaction with coworkers, clients, supervisors/managers, and their effect on the total organization. Emphasis on communication, societal and cultural differences, conflict resolution, ethics and politics, career selection and entry, inter-personal relations, motivation, leadership, attitude, and group dynamics. (A, CSU)

34 FUNDAMENTALS OF INVESTING

3 units, 3 lecture hours

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Study of basic investment theory and practice including security valuation. Includes strategies for investments in government securities, corporate bonds, stocks, mutual funds and basic derivatives. (A, CSU)

**35 FINANCIAL MANAGEMENT FOR ENTREPRENEURS AND
SMALL BUSINESS**

3 units, 3 lecture hours

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Basic financial-decision making for business owners, entrepreneurs and financial managers. Financial statement analysis, working capital management, capital budgeting, time value of money, sources of funding, and financial markets and institutions. (A, CSU)

37 FRANCHISING

3 units, 3 lecture hours

ADVISORY: Business Administration 51, 18, Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduces prospective franchisees to opportunities and challenges associated with franchising. Topics include the nature of franchising; entering into a franchise agreement; franchisor operations; contracts and legal implications; the association between the franchisor and franchisee; and trends and issues in franchising. (A, CSU)

38 OPERATION OF THE SMALL BUSINESS

3 units, 3 lecture hours

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

A systematic approach to developing and managing a small business including the development of a formal, comprehensive business plan. Emphasis on discussions and practical exercises to develop expertise in the operations, marketing, human resource utilization, and financing of the small business venture. (A, CSU)

40 SUPERVISION AND LEADERSHIP

3 units, 3 lecture hours, (Formerly Business Administration 39)

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Focus on first-level (operational) supervision. Emphasis on planning, organizing, staffing, leading, and controlling. (A, CSU)

43 PRINCIPLES OF MANAGEMENT

3 units, 3 lecture hours

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

In-depth study of the primary management functions including: strategic and tactical planning; decision-making; organizational design and systems; leadership, motivation and communication; and control systems. (A, CSU)

44 WOMEN IN MANAGEMENT

3 units, 3 lecture hours, (See also Women's Studies 44)

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Management and entrepreneurial behaviors for women seeking leadership skills, particularly for managers and those aspiring to executive levels. (A, CSU)

48 E-BUSINESS

3 units, 3 lecture hours, (Formerly eCommerce 1)

ADVISORY: Computer Information Technology 12 or 15; eligibility for English 125 and 126 or English as a Second Language 67 and 68; and Mathematics 101 recommended.

A study of the nature and environment of electronic commerce and its strategic implications including: information technology infrastructure; marketing and business models; ethical, financial, legal and global strategic implications; the value chain and enterprise resource planning. (A, CSU)

50 BUSINESS CONCEPTS

1.5 units, 1.5 lecture hours, (Formerly Business Administration 9)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

A study of business basics for entrepreneurs. Topics include marketing, finance, strategic planning, personnel management, basic macroeconomic principles and an assessment of entrepreneurial readiness. Primarily for nonbusiness majors or those just beginning the study of business but interested in entrepreneurship. (A, CSU)

51 BUSINESS PLANNING AND NEW VENTURE LAUNCH

1.5 units, 1.5 lecture hours, (Repeats = 1)

ADVISORY: Business Administration 50 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Review of resources available to assist entrepreneurs in developing and launching a business including sources of funding. Business plan development. (A, CSU)

52 INTRODUCTION TO ENTREPRENEURSHIP

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Develops an understanding of the complex tasks faced by individuals engaged in entrepreneurial activities. Identifies the methods for developing a business idea, the process of starting a business, how to acquire resources, and the key parts of a business plan. (A, CSU)

55 INTRODUCTION TO LOGISTICS

3 units, 3 lecture hours

ADVISORY: Business Administration 10, and eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

An exploration of contemporary logistics and supply chain management from a managerial perspective. The fundamentals of modern logistics are covered. (A, CSU)

56 INVENTORY CONTROL MANAGEMENT

3 units, 3 lecture hours

ADVISORY: Business Administration 10, and eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

A concise, practical survey of the fundamental principles of production, planning control, and inventory management. (A, CSU)

57 SECURITY AND LOSS PREVENTION MANAGEMENT

1.5 units, 1.5 lecture hours

ADVISORY: Business Administration 10, and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A comprehensive overview of the interdisciplinary field of security management and loss prevention. Identifies and addresses common security applications and examines the issues encountered within each area. (A, CSU)

58 BUSINESS MORALITY AND ETHICS

1.5 units, 1.5 lecture hours

ADVISORY: Business Administration 10, and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Applied business ethics and its relationship to free markets, marketing, finance, and the law. Topics cover key issues including management's responsibility for accountability, corporate governance, accounting practices, stakeholder relations, and ethical decision. (A, CSU)

BUSINESS & TECHNOLOGY (BT)

1 TYPING/DOCUMENT PROCESSING I

4 units, 3 lecture hours, 2 lab hours, (Formerly BSS 1A and Business Information Processing 1)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Typing by touch; developing speed and accuracy; producing basic correspondence, letters, memos, tables, and reports, using current word processing program. (A, CSU)

2 TYPING/DOCUMENT PROCESSING II

4 units, 3 lecture hours, 2 lab hours, (Formerly Business Information Processing 2)

PREREQUISITE: Business & Technology 1 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Building typing speed and accuracy; producing and formatting advanced correspondence, letters, memos, reports, tables, and business forms using a current word processing program. Fulfills the computer literacy graduation requirement. (A, CSU)

4 TEN-KEY CALCULATION

2 units, 2 lecture hours, 1 lab hour, (Formerly Business General Office 8)

ADVISORY: Eligibility for Mathematics 101 recommended.

The operation of electronic desktop calculators and the application of these calculators to business-oriented problems. The development of an employable ten-key touch skill on the ten-key keyboard. (A, CSU)

5 WORKPLACE COMMUNICATION

3 units, 3 lecture hours, (See also Business Administration 5), (Formerly BSS 5 and Business General Office 5)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended. Business & Technology 1 or knowledge of proper business letter format and ability to type 25 words per minute recommended.

Professional workplace communication including written, oral, and presentation fundamentals with emphasis on organization, correctness, completeness, conciseness, and tone. (A, CSU)

6 RECORDS MANAGEMENT

3 units, 3 lecture hours, 1 lab hour, (Formerly Business Information Processing 10 and Business & Technology 10)

ADVISORY: Business & Technology 106 or equivalent. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to filing methods and principles for all Business & Technology majors and employees in the business community. Internationally applied rules of records management for manual and computerized systems used to create and maintain filing systems. Mastery of alphabetic, geographic, numeric and subject filing. (A, CSU)

7 WORDPERFECT I

2 units, 3 lecture hours, 2 lab hours, (9 weeks), (Repeats = 3), (Formerly Business Information Processing 7, Business & Technology 7 and 107)

PREREQUISITE: Business & Technology 106 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic features of WordPerfect word processing computer software. (A, CSU)

8 WORDPERFECT II

2 units, 3 lecture hours, 2 lab hours, (9 weeks), (Repeats = 3), (Formerly Business Information Processing 8 and Business & Technology 8 and 108)

PREREQUISITE: Business & Technology 7 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Advanced features of WordPerfect word processing computer software. (A, CSU)

9 COMPUTER APPLICATIONS I

4 units, 3 lecture hours, 3 lab hours, (Formerly Business Information Processing 9)

ADVISORY: Business & Technology 1 or equivalent. Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

An introduction to integrated software for office application using microcomputers, including the concepts of word processing, spreadsheets, graphics, database, and electronic communication, using Microsoft Office. Fulfills the computer literacy graduation requirement. (A, CSU)

10 COMPUTER APPLICATIONS II

4 units, 3 lecture hours, 3 lab hours

PREREQUISITE: Business & Technology 9 or equivalent.

Intermediate level topics in integrated software for office applications using microcomputers, including word processing, spreadsheets, graphics, database, and electronic communication, using Microsoft Office. Fulfills the computer literacy graduation requirement. (A, CSU)

11 TODAY'S OFFICE

3 units, 3 lecture hours, 1 lab hour, (Formerly Business General Office 18)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

General duties of a receptionist including telephone techniques, telecommunications, handling mail, scheduling appointments, and making travel arrangements both manually and via the internet. Perform internet research on related topics. (A, CSU)

13 APPLIED BUSINESS CORRESPONDENCE

2 units, 2 lecture hours, (Formerly Business Information Processing 62)

PREREQUISITE: Business & Technology 112/English 159.

Identifying problems in business correspondence and then rewriting. Constructing effective segments and writing short business letters, memos, and reports that are accurate, complete, and well organized. (A, CSU)

14 WINDOWS

2 units, 3 lecture hours, 2 lab hours, (9 weeks), (Repeats = 1), (Formerly Business Information Processing 14)

ADVISORY: Business & Technology 106 or Business & Technology 1 or equivalent. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Hands-on operation of Microsoft Windows. (A, CSU)

18 SPREADSHEET FUNDAMENTALS

2 units, 3 lecture hours, 1 lab hour, (9 weeks), (See also Computer Information Technology 23), (Formerly Business Information Processing 18)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Creating formatting a worksheet, using formulas and functions, and creating graphs, integrating spreadsheets with other programs and the World Wide Web; and creating macros. Additional lab hours in CIT 260 or BT 250 available for students to complete homework assignments. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL

1-8 units, (Repeats = 2), (Formerly Secretarial Science 19 and Business General Office 19)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to business & technology. Collaborative learning objectives established specific to business & technology. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

20 RESUME/INTERVIEW

1.5 units, 3 lecture hours, (9 weeks), (Formerly Business General Office 59 and 59A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Development of job-seeking skills for students preparing to enter the workforce. Creating marketable resumes and practicing steps for winning interviews. (A, CSU)

21 WORKING RELATIONSHIPS

1.5 units, 3 lecture hours, (9 weeks), (Formerly Business General Office 59B)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Development of human relations competencies in the world of work for greater on-the-job happiness, productivity, and career success. (A, CSU)

23 JOB SEARCH AND WORKPLACE SKILLS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Development of job-seeking and working relations tools and skills for students preparing to enter the workforce. Create marketable resumes and job search/interview strategies. Develop working relations competencies for greater on-the-job productivity and career success. (A, CSU)

24 BEGINNING EXCEL

1 unit, 1 lecture hour, 2 lab hours, (9 weeks), (See also Computer Information Technology 31), (Formerly Business Information Processing 24)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Creating a worksheet, formatting the worksheet, using formulas and functions, and creating graphs. Additional lab hours in CIT 260 and BT 250 available for students to complete homework assignments. (A, CSU)

25 MICROSOFT OFFICE

3 units, 3 lecture hours, 1 lab hour, (See also Computer Information Technology 20), (Formerly Business Information Processing 25)

PREREQUISITE: Computer Information Technology 12 or 15.

The major software components of the Microsoft Office suite: Word, Excel, Access, and PowerPoint. Working within the Windows graphical user interface, creating applications and sharing data files to develop solutions that use more than one component of the suite. (A, CSU)

26 DATABASE FUNDAMENTALS

2 units, 3 lecture hour, 1 lab hour, (9 weeks), (See also Computer Information Technology 26), (Formerly Business Information Processing 26)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Creating database files, entering data, modifying database file structure, designing queries, reports and forms. (A, CSU)

27 MICROSOFT OUTLOOK

1 unit, 1 lecture hour, 2 lab hours, (9 weeks), (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Using the Microsoft Outlook computer program to manage e-mail, appointments, contacts, and tasks; and to make notes and journal entries. (A, CSU)

28 MICROSOFT WORD I

2 units, 3 lecture hours, 2 lab hours, (9 weeks), (Repeats = 3), (Formerly Business Information Processing 28)

ADVISORY: Business & Technology 106 or equivalent. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic features of MS Word. Designed to equip students with the skills to prepare personal correspondence and reports. Fulfills the computer literacy graduation requirement. (A, CSU)

29 MICROSOFT WORD II

2 units, 3 lecture hours, 2 lab hours, (9 weeks), (Repeats = 3), (Formerly Business Information Processing 29)

PREREQUISITE: Business & Technology 28 or Business & Technology 9 or equivalent recommended. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Advanced features of Microsoft Word. Designed for office personnel using Microsoft Word on the job. Fulfills the computer literacy graduation requirement. (A, CSU)

30 MACHINE TRANSCRIPTION

2 units, 1 lecture hour, 2 lab hours, (Formerly Business Information Processing 11)

ADVISORY: Business & Technology 2 or equivalent.

Machine transcription procedures and problems, proofreading, punctuation, and spelling. (A, CSU)

43 MEDICAL OFFICE VOCABULARY

1 unit, 1 lecture hour

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Develop the ability to pronounce, spell, define, and use medical terms in a medical office. (A, CSU)

106 COMPUTER KEYBOARDING

1.5 units, 2 lecture hours, 3 lab hours, (9 weeks), (Formerly Business Information Processing 6 and Business & Technology 6)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Development of keyboarding skills by touch using a computer keyboard. (A)

112 BUSINESS ENGLISH

3 units, 3 lecture hours, (Formerly Business Information Processing 59 and Business & Technology 12)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Review for business use the basic mechanics of English grammar, parts of speech, sentence structure, punctuation, and capitalization. (A)

115 REFRESHER MATH

3 units, 3 lecture hours, (Formerly Business General Office 53 and Business & Technology 15)

PREREQUISITE: None.

Review of math fundamentals involving fractions, decimals, percents, and measurements with application problems related to business and technology. (A)

116 SPELLING AND VOCABULARY BUILDING

2 units, 2 lecture hours, (Formerly BSS 61 and Business General Office 61 and Business & Technology 16)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A rules approach to spelling; study of homonyms, commonly confused words, word prefixes and suffixes, and some specialized vocabulary. (A)

122 TYPING SKILLBUILDING

1 unit, 3 lab hours, (Pass/No Pass), (Open Entry/Open Exit), (Formerly Business Information Processing 51A and Business & Technology 22)

PREREQUISITE: Business & Technology 1 or equivalent.

Techniques and practice for improving keyboard speed and accuracy in order to meet certificate requirements. (A)

123 TEN-KEY SKILLBUILDING

1 unit, 3 lab hours, (Pass/No Pass), (Open Entry/Open Exit)

PREREQUISITE: None.

Techniques and practice for improving ten-key speed and accuracy in order to meet degree and certificate requirements. (A)

131 APPLIED ACCOUNTING

4 units, 3 lecture hours, 2 lab hours, (Formerly Business General Office 51 and Business & Technology 31)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Practical accounting for service and merchandising businesses involving classification of accounts, relationship of assets, liabilities, and owner's equity; posting, accounts receivable, accounts payable, financial reports, the accounting cycle, and payroll. (A)

140 LEGAL OFFICE ADMINISTRATION

3 units, 2 lecture hours, 2 lab hour, (See also Paralegal 156), (Formerly BSS 57A and Business General Office 56 and Business & Technology 40)

ADVISORY: Business & Technology 2 or ability to type 40 words per minute recommended. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Legal vocabulary, ethics, and law office practices and procedures. Preparation of correspondence and client documents. (A)

144 MEDICAL ADMINISTRATIVE ASSISTANT

3 units, 2 lecture hours, 3 lab hours, (Fall only), (Formerly BSS 58 and Business General Office 58 and Business & Technology 44)

ADVISORY: Ability to touch type 25 words per minute. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended. Business & Technology 1 or equivalent.

Procedures in a paramedical facility. Attitudes, behavior, ethics, records, and office duties. (A)

145 MEDICAL TRANSCRIPTION I

2 units, 1 lecture hour, 2 lab hours, (Formerly BSS 60A and Business Information Processing 60 and Business & Technology 45)

PREREQUISITE: Business & Technology 43 or Health Information Technology 10. ADVISORY: Business & Technology 30, Business & Technology 2 or equivalent, and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to medical transcription; preparation of medical case histories, reports, and correspondence. (A)

146 MEDICAL TRANSCRIPTION II

2 units, 1 lecture hour, 2 lab hours, (Formerly BSS 60B and Business Information Processing 61 and Business & Technology 46)

PREREQUISITE: Business & Technology 145 or equivalent. ADVISORY: Business & Technology 2 or equivalent, and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Advanced medical terminology; transcription of advanced medical documents. (A)

147 MEDICAL MANAGEMENT SOFTWARE

2 units, 1 lecture hour, 3 lab hours, (Formerly Business Information Processing 63 and Business & Technology 47)

ADVISORY: Business & Technology 48 or equivalent work experience, and Business & Technology 1 or equivalent.

Familiarization with computerized account management program to develop confidence and skill necessary to become a successful user of medical management software. (A)

148 MEDICAL INSURANCE FORMS

3 units, 2 lecture hours, 3 lab hours, (Formerly BSS 64 and Business General Office 64 and Business & Technology 48)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended. Business & Technology 1 or equivalent.

Health insurance plans; insurance claims forms used in a medical office, complete with coding. (A)

206 AUTOMATED BUSINESS RECORDS

1 unit, 1 lecture hour, 1 lab hour

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Develop knowledge of record keeping by transferring data from paper accounting forms into a database, entering accounting information (customers, vendors, suppliers, etc.), modifying file structures, designing queries to produce accounting reports, and printing reports, all using the database software.

240 LEGAL ISSUES IN MEDICAL BILLING

1 unit, 1 lecture hour

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Legal and ethical issues pertaining to medical billing. Designed to ensure patient confidentiality through HIPAA compliance and avoid medical fraud and abuse.

250 OFFICE SKILLS LAB

1 unit, 3 lab hours, (Repeats = 3), (16 weeks), (Pass/No Pass), (Open Entry/Open Exit), (Formerly Business General Office 3 and Business & Technology 50)

PREREQUISITE: None.

Supervised use of computers and ten-key calculators. Grade based on hours worked in lab.

251 OFFICE APPLICATION SKILLS LAB

0.2-1 unit, 0.6-3 lab hours, (16 weeks), (Pass/No Pass), (Repeats = 3), (Open Entry/Open Exit)

PREREQUISITE: None.

Supervised use of ten-key calculators, typing software or office computer applications. Reinforcement of concepts from classroom studies and development of problem solving abilities on an independent basis. Grade based on hours worked in lab.

- (a) .2 units for minimum of 10 hours, maximum of 12 hours
- (b) .4 units for minimum of 19 hours, maximum of 21 hours
- (c) .6 units for minimum of 29 hours, maximum of 31 hours
- (d) .8 units for minimum of 39 hours, maximum of 44 hours
- (e) 1 unit for minimum of 48 hours

270 BUSINESS MATH & TEN KEY

2 units, 2 lecture hours, 1 lab hour, (Formerly Business General Office 70 and Business & Technology 70)

PREREQUISITE: None.

Review of math fundamentals with emphasis on application problems to office occupations. Operation of electronic desktop calculators and the application of these calculators to business-oriented problems. Development of an employable ten-key skill on the ten-key keyboard.

271 BUSINESS GRAMMAR FUNDAMENTALS

2 units, 2 lecture hours, (Formerly Business Information Processing 71 and Business & Technology 71)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to or review of basic areas of business English: basic sentence structure, punctuation, capitalization, expression of numbers, spelling; also vocabulary developing, proofreading, and editing.

272 OFFICE PROCEDURES

1 unit, 1 lecture hour, (Formerly Business Information Processing 72 and Business & Technology 72)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Telephone techniques and general duties of a receptionist/secretary in a business office.

273 FILING

1 unit, 1 lecture hour, (Formerly Business Information Processing 70 and Business & Technology 73)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to classifying, arranging, and storing of records utilizing a manual system.

274 INTRODUCTION TO MICROSOFT OUTLOOK

1 unit, 1 lecture hour, (Repeats = 3), (Formerly Business & Technology 74)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Using Microsoft Outlook as an integrated task, scheduling, and communications management software program.

277 ACCELERATED EXCEL

2 units, 3 lecture hours, 2 lab hours, (9 weeks), (Formerly Business Information Processing 77 and Business & Technology 77)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Creating a spreadsheet, formatting the spreadsheet, using formulas and functions, printing a spreadsheet, and creating graphs.

280 BASIC OFFICE PROCEDURES

2 units, 2 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic office procedures and duties including basic communication skills, proper use of the telephone, handling mail, scheduling appointments, and introduction to filing records utilizing a manual system, arranging, and storing files.

370A OFFICE ASSISTANT APPLICATIONS

5 lecture hours, 10 lab hours, (20 weeks), (300 total hours), (Repeats = 3), (Formerly CTVTC 70, CTCTC 370 and Business & Technology 370)

COREQUISITE: Business & Technology 370B.

Develop and improve skills for those desiring office employment.

Emphasis on records management, keyboarding, grammar, 10-key, MS Word, MS Excel, telephone techniques, and computer literacy. Must be taken concurrently with BT 370B.

370B OFFICE ASSISTANT APPLICATIONS

5 lecture hours, 10 lab hours, (20 weeks), (300 total hours), (Repeats = 3)

COREQUISITE: Business & Technology 370A.

Develop and improve skills for those desiring office employment.

Emphasis on human relations, career document preparation, resume and interview and professional appearance. Must be taken concurrently with BT 370A.

CARPENTRY SEE CONSTRUCTION**CHEMISTRY (CHEM)****1A GENERAL CHEMISTRY**

5 units, 3 lecture hours, 6 lab hours

PREREQUISITE: High school chemistry with laboratory component, or Chemistry 3A or equivalent, and Mathematics 103 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Development of atomic theory; atoms, isotopes, molecules, and ions; compounds; classification of matter; formulas and equations; stoichiometry; introduction to aqueous reactions; precipitation, acids and bases, and gas forming and redox reactions; gas laws; kinetic molecular theory of gases; thermochemistry; modern atomic theory; VSEPR theory; valence bond (hybridization) and molecular orbital theories; intermolecular forces; properties of liquids; solids and crystal structures; solution behavior; colligative properties; associated laboratory experiments; and volumetric (titrimetric) and gravimetric analysis methods. (TCSU CHEM 110, TCSU CHEM SEQ A=CHEM 1A+CHEM 1B) (A, CSU-GE, UC, I)

1B GENERAL CHEMISTRY AND QUALITATIVE ANALYSIS

5 units, 3 lecture hours, 6 lab hours

PREREQUISITE: Chemistry 1A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Acid-base theory; chemical kinetics; equilibrium (acid-base, hydrolysis, and solubility); chemical thermodynamics and electrochemistry; selected topics in nuclear chemistry, coordination chemistry, and/or chemistry of selected groups; inorganic qualitative and quantitative analysis. (TCSU CHEM 120, TCSU CHEM SEQ B = CHEM 1A + CHEM 1B) (A, CSU-GE, UC, I)

3A INTRODUCTORY GENERAL CHEMISTRY

4 units, 3 lecture hours, 3 lab hours, (Replaces Chemistry 2A-2B)

PREREQUISITE: Mathematics 103 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Chemistry for applied science and non-science majors. The scientific method; chemical computations; composition of matter, energy, and physical and chemical changes; fundamental laws and principles; atomic and molecular theory, gas laws, solutions, acid-base theories, oxidation-reduction, equilibrium, nuclear chemistry, and qualitative and quantitative theories and techniques. (TCSU CHEM 130, TCSU CHEM SEQ B = CHEM 3A +CHEM 3B) (A, CSU-GE, UC, I)

3B INTRODUCTORY ORGANIC & BIOLOGICAL CHEMISTRY

3 units, 2 lecture hours, 3 lab hours, (Replaces Chemistry 3)

PREREQUISITE: Chemistry 3A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the basic concepts of organic and biochemistry. Structure and behavior of organic and biological compounds, metabolism, and regulation. Primarily for students in the health-oriented professions. Not a substitute for Chemistry 3A. (TCSU CHEM SEQ B = CHEM 3A + 3B) (A, CSU-GE, UC)

8A ELEMENTARY ORGANIC CHEMISTRY

3 units, 3 lecture hours

PREREQUISITE: Chemistry 1A or 3A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Properties and reactions of aliphatic and aromatic compounds, theories of structure, and reaction mechanisms. For biology majors and students in prehealth sciences, environmental sciences, and programs that do not require a full-year sequence in organic chemistry. Recommended for students requiring a one-semester organic chemistry course. (A, CSU-GE, UC, I)

28A ORGANIC CHEMISTRY I

3 units, 3 lecture hours

PREREQUISITE: Chemistry 1B. COREQUISITE: Chemistry 29A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Structures, properties, reactions, and nomenclature of alkanes, alkenes, alkynes, alkyl halides, alcohols, amines, ethers, epoxides, and organometallic compounds. Radical, substitution, and elimination reactions. Synthesis, separation, and identification of representative compounds. Reactions and nomenclature of stereoisomers. Introduction to Infrared, nuclear magnetic, and mass spectroscopies. Resonance and conjugation. Kinetic versus thermodynamic control of reactions. Multistep synthesis. (A, CSU-GE, UC, I)

28B ORGANIC CHEMISTRY II

3 units, 3 lecture hours

PREREQUISITE: Chemistry 28A. COREQUISITE: Chemistry 29B.

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Structures, properties, reactions, and nomenclature of aromatic compounds, benzene derivatives, amines, carbonyl compounds and their derivatives, carbohydrates, amino acids, lipids, and nucleic acids. Structural analysis of aromatic, carbonyl, and amine containing compounds. Oxidation-reduction chemistry of organic functional groups. Multistep synthesis, separation, identification, and reaction mechanisms of representative compounds. Protecting groups in multistep synthesis. (A, CSU-GE, UC, I)

29A ORGANIC CHEMISTRY LABORATORY I

2 units, 6 lab hours

PREREQUISITE: Chemistry 1B. COREQUISITE: Chemistry 28A.

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Laboratory for Chemistry 28A; isolation, purification, and identification of organic compounds. Product characterization; melting point and boiling point; index of refraction; chromatography. Principles and hands on application of FT-NMR, FTIR, and gas and solid phase chromatography. Principles and interpretation of GC-MS data. Application of theories and mechanisms of organic reactions. Methods of synthesis. (A, CSU-GE, UC, I)

29B ORGANIC CHEMISTRY LABORATORY II

2 units, 6 lab hours

PREREQUISITE: Chemistry 29A. COREQUISITE: Chemistry 28B.

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Continuation of Chemistry 29A and the laboratory for Chemistry 28B. Application of theories and mechanisms of organic reactions. Methods of synthesis, isolation, purification, and identification of organic compounds. Principles and hands on application of FT-NMR, FTIR, and gas and solid phase chromatography. Principles and interpretation of GC-MS data. (A, CSU-GE, UC, I)

CHICANO-LATINO STUDIES (CLS)FORMERLY CULTURAL STUDIES, LARAZA STUDIES

11 INTRODUCTION TO CHICANO-LATINO STUDIES

3 units, 3 lecture hours, (Formerly Cultural Studies 11)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The Chicano-Mexican American community, culture, and heritage in American society. Using an interdisciplinary approach, the focus is on society and culture; social and cultural change; social and cultural conflict. Examines the roots of Chicano-Mexicano culture and heritage from the pre-Columbian Indian civilizations to the present. (A, CSU-GE, UC, I)

12 MEXICAN AMERICAN HISTORY

3 units, 3 lecture hours, (Formerly Cultural Studies 12)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A survey of Mexican American and Latino history from the indigenous cultural roots to the present. History and heritage of the Chicano-Latino community. (A, CSU-GE, UC, I)

13 POLITICS AND THE CHICANO-LATINO COMMUNITY

3 units, 3 lecture hours, (Formerly Cultural Studies 13)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Chicano-Latino political issues, interaction with governmental and political structures, legislation, political parties, pressure groups, political socialization, and political change. The Chicano Movement. Chicano-Latino political organizations. (A, CSU, UC)

14 SOCIOLOGY OF THE MEXICAN AMERICAN COMMUNITY

3 units, 3 lecture hours, (See also Sociology 14), (Formerly Cultural Studies 14)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Sociological examination of the Chicano-Latino in American society: family, religious, educational, economic, and political social institutions. Social problems, social issues, and social change. (A, CSU, UC)

17 BEGINNING MEXICAN FOLKLORICO DANCE

4 units, 3 lecture hours, 2 lab hours, (Repeats = 3), (See also Dance 17), (Formerly Cultural Studies 17)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

History and origin of Mexican dance. Mexican songs and folktales and how they are interpreted through Mexican dance. Dances practiced and performed at the beginning level. (A, CSU-GE, UC)

18 LATIN JAZZ ENSEMBLE

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3), (Formerly Cultural Studies 18), (See also Music 48)

ADVISORY: Advanced high school band, orchestra, or jazz ensemble experience or the equivalent performance skills as determined by audition recommended.

Study and performance of Latin-jazz or salsa and Afro-Cuban music. Participation in concerts and jazz festivals required. (A, CSU, UC)

20 CHICANO ART

3 units, 3 lecture hours, (Formerly Cultural Studies 20)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Mexican, Chicano, and Latino art from the historical to the contemporary. Contemporary art forms and their ancestral cultural base. Survey of Mexican, Chicano and Latino artistic expressions. (A, CSU-GE, UC, I)

21 CHICANO LITERATURE

3 units, 3 lecture hours, (Spring), (Formerly Cultural Studies 21)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Survey of Chicano-Latino classic and popular literature. Reading and critical analysis of novels, short stories, poetry, and plays. (A, CSU-GE, UC, I)

22 PRE-COLUMBIAN ART

3 units, 3 lecture hours, (See also Art 60)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A historical survey of the art of Mesoamerican and Andean ancient cultures. The art and architecture of the Olmec, Mayan, Toltec, Aztec, Moche, Nazca, Inca, and other ancient civilizations of the new World. (A, CSU, UC)

24 LA CHICANA AND LATINA

3 units, 3 lecture hours, (Formerly Cultural Studies 24), (See also Women’s Studies 24)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A sociological analysis of the Mexican American female in contemporary society. Special emphasis on her role in the family, church, education, economics, and politics. (A, CSU, UC)

27 ADVANCED MEXICAN FOLKLORICO DANCE

4 units, 3 lecture hours, 2 lab hours, (Repeats = 3), (See also Dance 27)

PREREQUISITE: Chicano-Latino Studies/Dance 17, or demonstration of comparable skill level to be determined by testing at first class session. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

History and origin of Mexican dance. Mexican songs and folktales, and how they are interpreted through Mexican dance. Dances practiced and performed at the advanced level. (A, CSU-GE, UC)

28 ANCIENT MEXICO

3 units, 3 lecture hours, (Formerly Cultural Studies 28), (See also Anthropology 28)

ADVISORY: Eligibility for English 1A.

A survey of history, geography, socio-political, religious systems, and cultural achievements of Mesoamerican civilizations such as the Olmec, Zapotec, Teotihuacano, Mayan, Toltec, and Aztec/Mexican. (A, CSU, UC)

29 HISTORY OF MEXICO, COLONIAL TO CONTEMPORARY PERIOD

3 units, 3 lecture hours, (Formerly Cultural Studies 29), (See also History 29)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A social, economic, and political survey of Mexican history from the colonial (1521) to the contemporary period. (A, CSU-GE, UC, I)

30 THE MEXICAN AMERICAN FAMILY: SOCIAL AND PSYCHOLOGICAL PERSPECTIVES

3 units, 3 lecture hours, (Formerly Cultural Studies 30)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Chicano social and psychological perspectives. Analysis of the dynamics of personality development and its relationship with the Chicano and Mexican family. Emphasis on culture, socialization, personality, and mental health. (A, CSU, UC)

33 COMMUNITY LEADERSHIP

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Personal development, community and civic development, public policy development and analysis, and leadership theory. A working understanding of international, national, state and local issues impacting the political, economic, and social fabric of the Latino community. (A, CSU)

CHILD DEVELOPMENT (CHDEV)

1 PRINCIPLES AND PRACTICES OF TEACHING YOUNG CHILDREN

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An examination of the underlying theoretical principles of developmentally appropriate practices applied to programs and environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative and intellectual development for all children. Includes a review of the historical roots of early childhood programs and the evolution of the professional practices promoting advocacy, ethics and professional identify. (A, CSU)

3 INTRODUCTION TO CURRICULLUM**3 units, 3 lecture hours, 1 lab hour**

PREREQUISITE: Verification of freedom from tuberculosis. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68.

An overview of knowledge and skills related to providing appropriate curriculum and environments for young children from birth through age 6. Examination of a teacher's role in supporting learning and development in young children with an emphasis on the essential role of play. Study of content areas including, but not limited to: Language and literacy, social and emotional learning, sensory learning, art and creativity, math and science. (A, CSU)

5 PARENT EDUCATION**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Skills needed for effective parenting; the developmental needs of children; effective communication skills; effective use of discipline; and effective control of the environment. (A, CSU)

6 HEALTH, SAFETY AND NUTRITION IN EARLY CHILDHOOD EDUCATION**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to laws, regulations, standards, policies and procedures and early childhood curriculum related to child health safety and nutrition. Prevention, detection, and management of communicable disease; medical issues associated with disabilities and chronic illness; physical health; mental health and safety for both children and adults; collaboration with families and health professionals. Integration of concepts into planning and program development for children ages 0 to 5. (A, CSU)

8A SCHOOL AGE CHILD: GROWTH AND DEVELOPMENT**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Growth and development from age six to fourteen years. School age child care settings; issues facing school-age children in contemporary society; strategies for working effectively with children in out-of-school care settings. (A, CSU)

8B PROGRAMS FOR SCHOOL-AGE CHILD CARE**3 units, 3 lecture hours, (Formerly Child Development 8)**

PREREQUISITE: Child Development 8A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Quality child care and program options for school age child care. Activities, materials, and interaction appropriate for children ages 5 to 14. Program planning, curriculum and environmental design. (A, CSU)

9 MUSIC, MOVEMENT, AND DRAMA FOR YOUNG CHILDREN**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic skills, methods and theory in music, movement and drama for the young child. Emphasis on integrating music, movement and drama into the early childhood curriculum and developing a repertoire of music, movement and drama materials. (A, CSU)

10 SCIENCE AND MATH FOR YOUNG CHILDREN**3 units, 3 lecture hours, (Formerly Child Development 27)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic skills, methods and theory in science, math and cooking for the young child. Emphasis on integrating science, math and cooking into the early childhood curriculum and developing resource materials for these curriculum areas. (A, CSU)

11 THE YOUNG CHILD WITH SPECIAL NEEDS**3 units, 3 lecture hours**

PREREQUISITE: Child Development 39. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An overview of issues surrounding young children with disabilities and special needs. The study of current trends, theories and legislation affecting early intervention, teaching and inclusion will be explored. Includes the study of change within the family; community resources; teaching strategies for including children with disabilities. (A, CSU)

12 CHILD ABUSE**3 units, 3 lecture hours, (See also Psychology 12)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Issues related to abused, battered, and neglected children including issues related to child sexual molestation and pornography. Characteristics of different types of abusers, pedophiles, and adolescent molesters. Reporting laws and the legal process. Identification, prevention, and treatment of abused children and abusers. (A, CSU)

15 DIVERSITY AND CULTURE IN EARLY CARE AND EDUCATION PROGRAMS**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Examination of the development of social identities in diverse societies including theoretical and practical implications of oppression and privilege as they apply to young children, families, program, classroom and teaching. Various classroom strategies will be explored emphasizing culturally and

linguistically appropriate anti-bias approaches supporting all children in becoming competent members of a diverse society. Course includes self examination and a reflection on the issues related to social identity, stereotypes and bias, social and educational access, media and schooling. (A, CSU)

16 INTRODUCTION TO EARLY INTERVENTION
3 units, 2 lecture hours, 3 lab hours

PREREQUISITE: Child Development/Psychology 39, verification of freedom from tuberculosis. ADVISORY: Child Development 17A, 11 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The study of infants and toddlers with disabilities, atypical development or other special needs, both in the Early Intervention setting and in the Child Care setting. Explores strategies and interventions used in the field of Early Intervention. Current theories in Early Intervention, early relationships, family systems, grief processing and stressors. (A, CSU)

17A INFANT DEVELOPMENT – BIRTH TO AGE THREE
3 units, 2 lecture hours, 3 lab hours, (Formerly Child Development 7 and 38)

PREREQUISITE: Child Development 39. Verification of freedom from tuberculosis.

Infant development from birth to three years. Meeting individual needs in family and group care settings. Role of the caregiver, the effects of the environment, routines as infant/toddler curriculum. Concepts of primary care, continuity of care, early intervention, and group size in the context of quality care. Relating to families and recognizing cultural differences/similarities. (A, CSU)

17B ADVANCED INFANT TODDLER DEVELOPMENT AND CARE
3 units, 3 lecture hours, (Formerly Child Development 7A)

PREREQUISITE: Child Development 17A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Infant development, caregiving and early intervention as it relates to program design. Exploration of brain development and discoveries in infancy. Issues related to working with families effectively and cultural sensitivity in the early care and education setting. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
1-8 units, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to child development. Collaborative learning objectives

established specific to child development. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

20 OBSERVATION AND ASSESSMENT
3 units, 3 lecture hours

PREREQUISITE: Child Development 1, 3, and 39. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Appropriate use of assessment, observation, and recording strategies; documentation of development, growth, play and learning; partnerships with families and professionals; use of rating systems, portfolios, and multiple assessment tools. (A, CSU)

30 CHILD, FAMILY, AND COMMUNITY
3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An examination of the developing child in a societal context focusing on the interrelationship of family, school and community and emphasizes historical and socio-cultural factors. The process of socialization and identity development will be highlighted, showing the importance of respectful, reciprocal relationships that support and empower families. (A, CSU, UC)

37A EARLY CHILDHOOD PRACTICUM
3 units, 2 lecture hours, 3 lab hours

PREREQUISITE: Child Development 1 and Child Development 3 and Child Development 39/Psychology 39 or Child Development 150. Verification of freedom from tuberculosis. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Curriculum design, implementation and evaluation of developmentally appropriate experiences that promote positive development and learning for all young children, in a supervised lab school setting or in early childhood programs with mentor teachers. Emphasis on child centered play-oriented approaches to teaching, learning and assessment. Classroom experiences will support connections between theory and practice, develop professional behaviors and build comprehensive understanding of children and families. (A, CSU)

37B ADVANCED PRACTICUM IN EARLY CHILDHOOD
EDUCATION

3 units, 2 lecture hours, 3 lab hours

PREREQUISITE: Child Development 37A. Verification of freedom from tuberculosis. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Supervised experience as a teacher in an early childhood education program: developing environments for learning, child observation and assessment, documentation of children's work, behavior guidance, group

management, collaborative teaching, building relationships with families, and effective preparation and implementation of curriculum using the project approach. (A, CSU)

38 LIFESPAN DEVELOPMENT

3 units, 3 lecture hours (See also Psychology 38)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic theories, research concepts, and principles of typical and atypical physical, cognitive and psychosocial development at each major stage of life from conception to death. All major topics of human development (e.g. human behavior, sexuality, nutrition, health, stress, key relationships of humankind to the social and physical environment, and implications of death and dying) presented in an integrated manner. (A, CSU-GE, UC, I)

39 CHILD GROWTH AND DEVELOPMENT

3 units, 3 lecture hours, 1 lab hour, (See also Psychology 39)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended. Verification of freedom from tuberculosis is recommended.

Basic theories, research, concepts, and principles of physical, cognitive/language, and psychosocial development at each major stage in life from conception through adolescence. Emphasis on environmental and genetic influences on typical and atypical development. (A, CSU-GE, UC, I)

40A ADMINISTRATION OF EARLY CHILDHOOD PROGRAMS

3 units, 3 lecture hours, (Formerly Child Development 36A)

ADVISORY: Eligibility for English 125 and 125 or English as a Second Language 67 and 68 recommended. Completion of 12 units in Child Development (recommended Child Development 39 or 150, Child Development 30, 3, 37A) plus one year teaching experience in an early care and education program recommended.

Principles and practices in organization, management and supervision of various kinds of early care and childhood programs. Program planning, organization, budgeting, personnel policy, record-keeping, legal requirements and relationships with community, parents and regulatory agencies. (A, CSU)

40B ADVANCED ADMINISTRATION OF EARLY CHILDHOOD PROGRAMS

3 units, 3 lecture hours, (Formerly Child Development 36B)

PREREQUISITE: Child Development 40A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Procedures for program development. Preparation of staff schedules; orientation and in-service programs; staff handbooks; parent handbooks and

parent in-services; marketing strategies; business plans; financial reports; evaluation and accreditation. (A, CSU)

42 CHILD NUTRITION

3 units, 3 lecture hours, (See also Food and Nutrition 42)

ADVISORY: Food and Nutrition 40 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Nutritional requirements of infants and children from conception through adolescence. Nutritional needs of pregnant and lactating women. Feeding infants and children for optimum physical and mental development. Child and maternal nutrition programs. Social and cultural influences affecting child and maternal nutrition. (A, CSU)

43 CHILDREN'S LITERATURE

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Selection and presentation of literature for the child from infancy to eight years. Storytelling, emergent literacy and awareness regarding multicultural and nonsexist perspectives. Emphasis on supporting the child's emotional, social and intellectual growth through experience with books. (A, CSU)

45 ADULT SUPERVISION IN EARLY CHILDHOOD EDUCATION CLASSROOMS

2 units, 2 lecture hours

PREREQUISITE: Child Development 1, 3, 30, and 39, and one year of teaching experience in an early care and education setting.

Methods and principles of supervising student teachers and other adults in early care and education classrooms. Emphasis on the role of experienced classroom teachers who function as mentors to new teachers while simultaneously addressing the needs of culturally diverse children, parents, and other staff. (A, CSU)

46 COMPUTERS IN EARLY CHILDHOOD EDUCATION

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the basic technology and applications of the computer in Early Childhood Education. Includes computer-aided instruction (CAI) for program management in areas of record keeping, inventory, newsletters, state reports, mailing lists, and budgeting. CAI will allow students to explore applications for children to enhance learning, creativity, problem-solving, art concepts, literature, and language. Fulfills the computer literacy graduation requirement for Child Development majors only. (A, CSU)

47 EMERGENT LITERACY

3 units, 3 lecture hours, (Formerly Child Development 47A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Research-based principles and practices for providing children birth through age five a strong foundation in emergent language and literacy skills within a developmentally-appropriate approach. Topics include the teacher's role, preparation of the classroom environment curriculum development and teaching strategies, including ways to support the child learning English as a second language. (A, CSU)

48 CHILDREN WITH CHALLENGING BEHAVIORS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Effective strategies for working with children with challenging behaviors in early childhood environments; guidelines for discussion, identification and intervention of impeding behaviors; emphasis on teacher's role in supporting children through emotional difficulties; needs of children at risk, in trauma and/or deprivation. Particular disabilities or special needs which affect behavior will be studied. (A, CSU)

53 FAMILY CHILD CARE PROGRAMS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic information on managing a quality family child care home; meeting licensing requirements, developing policies for parents, business practices, recruiting children, and strategies to promote professionalism. Program planning including developmentally appropriate practices for children of mixed ages, guidance techniques, and designing an environment for children's learning. (A, CSU)

150 BASIC CHILD GROWTH AND DEVELOPMENT

3 units, 3 lecture hours, (Formerly Child Development 50)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Principles of child growth and development; stages of physical, emotional, social and mental growth from conception through eleven years. (Not open to students with credit in Child Development/Psychology 39.) (A)

161 INTRODUCTION TO FOSTER CARE

1 unit, 1 lecture hour, (Formerly Child Development 61 and 261)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The process of how children become involved in the Child Welfare System. Parenting skills specific to the needs of foster children. Agency resources of and right of foster parents, biological parents and the foster child. The process of foster home licensing. (A)

162 INDEPENDENT LIVING SKILLS

1 unit, 1 lecture hour, (Formerly Child Development 62 and 262)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Child development, parent-child communication, choices and consequences and skill acquisition necessary for successful independent living by teens preparing to leave foster care and the foster parents who care for adolescents. (A)

165A TOPICS IN CHILD DEVELOPMENT: CURRICULUM

1-3 units, 1-3 lecture hours, (Repeats = 3), (Formerly Child Development 65A)

PREREQUISITE: None.

Examination of new topics and trends in curriculum for early childhood programs. (A)

165B TOPICS IN CHILD DEVELOPMENT: FAMILY AND COMMUNITY

1-3 units, 1-3 lecture hours, (Repeats = 3), (Formerly Child Development 65B)

PREREQUISITE: None.

Examination of contemporary trends and issues in family life that affect home-school-community relationships. (A)

165C TOPICS IN CHILD DEVELOPMENT PROGRAM ADMINISTRATION

1-3 units, 1-3 lecture hours, (Repeats = 3), (Formerly Child Development 65C)

PREREQUISITE: None.

Current issues in early childhood program administration and supervision. (A)

CHINESE SEE FOREIGN LANGUAGES

CISCO SEE ELECTRICAL SYSTEMS TECHNOLOGY (EST)

COMMUNICATION (COMM) FORMERLY SPEECH

1 INTRODUCTION TO PUBLIC SPEAKING**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Theories and techniques of public speaking from the perspective of the speaker and the audience. Emphasis on research, logical organization, composition and effective delivery of informative and persuasive speeches. Practice in clearly stating and developing ideas. (TCSU COMS 110) (A, CSU-GE, UC, I)

2 INTERPERSONAL COMMUNICATION**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to interaction processes in interpersonal communication settings. Emphasis on effective and appropriate uses of verbal and nonverbal messages in the initiation, development, maintenance, and termination of personal and professional relationships. (TCSU COMS 130) (A, CSU-GE)

4 PERSUASION**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Theories and practice of influence, advocacy, and reasoning from the perspective of both persuader and audience. Practice preparing effective, ethical persuasive appeals. (A, CSU-GE, UC, I)

8 GROUP COMMUNICATION**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to group communication as a vehicle for solving problems, reaching decisions, and making recommendations on policy. Students will study and practice the theories, behaviors, and processes of group communication. (TCSU COMS 140) (A, CSU-GE, UC, I)

12 FUNDAMENTALS OF INTERPRETATION**3 units, 3 lecture hours, (See also Theatre Arts 12)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to orally interpreting works of literary art in their intellectual, emotional, and aesthetic entirety. Class readings include poetry, prose, and drama. (A, CSU-GE, UC)

20 COMMUNITY INVOLVEMENT**1-3 units, 1 lecture hour, 3-6 lab hours,
(Repeats = 3)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Theory and practice of community service in nonprofit agencies. Emphasis on the analysis, practice and application of communication theory, leadership, and citizenship through a community service experience. (A, CSU)

25 ARGUMENTATION**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 1A recommended.

Analysis, reasoning, advocacy, and criticism of ideas. Emphasis on derived conclusions based on valid evidence and sound inferences without using fallacies of thought and language. Demonstration of basic principles through a variety of oral presentations and written assignments. (TCSU COMS 120) (A, CSU-GE, UC, I)

26 INTERCOLLEGIATE FORENSICS LABORATORY**1-3 units: 1 unit, 1 lecture hour, 1 lab hour; 2 units,
1 lecture hour, 3 lab hours; 3 units, 1 lecture hour, 6
lab hours, (Repeats = 3)**

PREREQUISITE: None.

Competitive and practical experience in debate and public speaking. In addition to the class or activity hour each week on campus, students must either attend intercollegiate tournaments for a specified number of weekends or participate in on-campus intramural contests. (A, CSU)

**COMPUTER AIDED DRAFTING AND
DESIGN (CADD) SEE ALSO DRAFTING**

14 2D CAD I**3 units, 2 lecture hours, 3 lab hours, (Repeats = 3),
(Formerly Drafting 42 and 32)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Creating and modifying digital drawings for the architectural, engineering, mechanical and other related industries. (A, CSU)

16 3D SOLID MODELING I**3 units, 2 lecture hours, 3 lab hours, (Repeats = 3),
(Formerly Drafting 20 and Computer Aided Drafting
and Design 26 and 34)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

CAD generated 2D sketches, 3D solid models, assemblies and detailed drawings for the mechanical industry. (A, CSU)

22 MECHANICAL DRAWING I
 3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)
 PREREQUISITE: Computer Aided Drafting and Design 14 and Drafting 12.
 Advanced mechanical drawings covering orthographic projections, sections, auxiliaries and pictorials. Precision measurement, tolerances, and design will also be explored. (A, CSU)

24 2D CAD II
 3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)
 PREREQUISITE: Computer Aided Drafting and Design 14.
 Advanced 2D CAD topics for the computer aided draftsman in the disciplines of architecture, engineering, mechanical and other related industries. (A, CSU)

26A 3D SOLID MODELING II
 3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)
 PREREQUISITE: Computer Aided Drafting and Design 16.
 3D sketching, advanced drawings, legacy data import, design table configurations and subassemblies using 3D solid modeling techniques for the mechanical industry. (A, CSU)

28 RAPID PROTOTYPING I
 3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)
 PREREQUISITE: Computer Aided Drafting and Design 16.
 Realistic rapid prototyping from digital solid models using processes such as 3D printing, silicone molds, casting resins, vacuum forming, laser cutting and engraving and the application of finishes. (A, CSU)

32 MECHANICAL DRAWING II
 3 units, 2 lecture hours, 3 lab hours, (Repeats = 3),
 (Formerly Drafting 22 and Computer Aided Drafting and Design 24)
 PREREQUISITE: Computer Aided Drafting and Design 16 and 22.
 Mechanical drawings covering sheet metal, fasteners, thread, springs, gears, cams, and welding. 2D and 3D CAD are used. (A, CSU)

36A 3D SOLID MODELING III
 3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)
 PREREQUISITE: Computer Aided Drafting and Design 26A and 28.
 Animation, rendering, simulation, analysis and reverse engineering applied to solid model parts and assemblies, for the mechanical industry. Rapid prototype project. (A, CSU)

40 CIVIL DRAFTING APPLICATIONS
 3 units, 2 lecture hours, 3 lab hours, (Repeats = 3),
 (Formerly Drafting 30)
 PREREQUISITE: Drafting 160 and Computer Aided Drafting and Design 14.
 Traverse calculation, preparation of plat maps, record of surveys, and other contour plotting. (A, CSU)

42 MECHANICAL DRAWING III
 3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)
 PREREQUISITE: Computer Aided Drafting and Design 32 and 36A.
 Project design using various CAD systems. Portfolio creation including presentation models. (A, CSU)

COMPUTER AIDED MANUFACTURING (CAM)

1A CAM & CABINETS OPERATION I
 13 units, 10 lecture hours, 10 lab hours, (Repeats = 3)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.
 Application of Computer Aided Design (CAD) Software and Computer Aided Manufacturing (CAM) Software and Computer Numerical Control (CNC) Router and HAAS Machines to design and manufacture product for plastic, aluminum, and wood fabrication. Specialized activities related to the field of CNC cabinetmaking; 32-mm system, edge banding, and sign design. (A, CSU)

1B MILL AND LATHE OPERATION II
 13 units, 10 lecture hours, 10 lab hours, (Repeats = 3)
 PREREQUISITE: Computer Aided Manufacturing 1A.
 3D Solid Design using MasterCAM Mill and Lathe software for machine tool programming, multi operation set-up, advance set up on a HAAS Mill/Lathe, FAGOR 5-AXIS and Akira Seiki Mill/Lathe CNC machines and shop safety. (A, CSU)

10 CNC MILL PROGRAMMING & OPERATION I
 7 units, 5 lecture hours, 5 lab hours, (Repeats = 3),
 (Formerly Drafting and Computer Aided Drafting and Design 44)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.
 Application of Computer Aided Design (CAD) Software and Computer Aided Manufacturing (CAM) Software and Computer Numerical Control (CNC) Router Machines to design and manufacture product for plastic and wood fabrication. Specialized activities related to the field of CNC cabinetmaking; 32-mm system, edge banding, and sign design. (A, CSU)

20 CNC MILL PROGRAMMING & OPERATION II
 7 units, 5 lecture hours, 5 lab hours, (Repeats = 3)
 PREREQUISITE: Computer Aided Manufacturing 10.
 3D wire-frame and 3D Solid designing in MasterCAM Software for Mill and Lathe machine tool programming; operation and set-up of Computer Numerical Control (CNC) HAAS Mill/Lathe, Akira Seiki Mill/Lathe machines and shop safety. (A, CSU)

COMPUTER INFORMATION TECHNOLOGY
 (CIT) FORMERLY INFORMATION SYSTEMS

12 COMPUTER LITERACY

3 units, 3 lecture hours, 1 lab hour, (Formerly Computer Information Systems 56 and Information Systems 12)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic introduction to computers and their usage. Basic principles of hardware and software; shopping for a personal computer; social issues associated with the role of computers in the world today; and an introduction to word processing, spreadsheets, and Internet principles and usage. Fulfills the computer literacy graduation requirement. (A, CSU, UC)

15 COMPUTER CONCEPTS

3 units, 3 lecture hours, 1 lab hour, (Formerly Computer Information Systems 15 and Information Systems 15)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Introduction to computers and their use. Topics include basic principles of hardware and software, application programs, systems software, telecommunications, networks, program design, the Internet, and the World Wide Web. Students will work with Windows and the Internet; word processing, spreadsheet, and database programs; and a programming language. Fulfills the computer literacy graduation requirement. (TCSU IS 120) (A, CSU, UC)

17 WINDOWS VISTA BASICS

2 units, 3 lecture hours, 1 lab hour, (9 weeks), (Repeats = 1), (Formerly Computer Information Systems 14 and Information Systems 14)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic introduction to Microsoft Windows. Introductory hands-on operations for students who want to learn how to manage files, run applications, customize desktops, browse the internet, use email, and work with pictures and music. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
1-8 units, 1 lecture hour, (Repeats = 2), (Formerly Information Systems 19)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to computer information technology. Collaborative learning objectives established specific to computer information technology. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

20 MICROSOFT OFFICE

3 units, 3 lecture hours, 1 lab hour, (See also Business & Technology 25), (Formerly Information Systems 25)

PREREQUISITE: Computer Information Technology 12 or 15.

The major software components of the Microsoft Office suite: Word, Excel, Access, and PowerPoint. Working within the Windows graphical user interface, creating applications and sharing data files to develop solutions that use more than one component of the suite. (A, CSU)

21 ADVANCED MICROSOFT OFFICE

3 units, 3 lecture hours, 1 lab hour, (Formerly Information Systems 46)

PREREQUISITE: Computer Information Technology 20. ADVISORY: Computer Information Technology 60 recommended.

An advanced course in integrating the major software components of Microsoft Office Suite: Word, Excel, Access, PowerPoint, and Outlook. Includes the use of Visual Basic for Applications (VBA) to create macros. Covers advanced topics such as style sheets, 3-D workbooks, file linking, multiple table queries, macros, and prototyping. (A, CSU)

23 SPREADSHEET FUNDAMENTALS

2 units, 3 lecture hours, 1 lab hour, (9 weeks), (See also Business & Technology 18), (Formerly Information Systems 5 and 18)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Creating and formatting a worksheet, using formulas and functions, and creating graphs; integrating spreadsheets with other programs and the World Wide Web; and creating macros. Additional lab hours in CIT 260 or BT 250 available for students to complete homework assignments. (A, CSU)

24 ADVANCED SPREADSHEETS

2 units, 3 lecture hours, 1 lab hour, (9 weeks), (Formerly Information Systems 20)

PREREQUISITE: Computer Information Technology 23 or Business & Technology 18.

Advanced capabilities of spreadsheets. Solving complex problems using spreadsheets, creating and using macros, creating data tables, working with multiple worksheets and workbooks, and using Visual BASIC to enhance a spreadsheet. (A, CSU)

26 DATABASE FUNDAMENTALS
 2 units, 3 lecture hours, 1 lab hour, (9 weeks),
 (See also Business & Technology 26), (Formerly
 Information Systems 6 and 26)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second
 Language 67 and 68 recommended.
 Creating database files, entering data, modifying database file structure,
 designing queries, reports and forms. (A, CSU)

27 ADVANCED DATABASE
 2 units, 3 lecture hours, 1 lab hour, (9 weeks),
 (Formerly Computer Information Systems 40 and
 Information Systems 27)
 PREREQUISITE: Computer Information Technology 26 or Business
 & Technology 26.
 Using a database program to perform advanced queries, automate
 tasks using macros, customize toolbars and menus, using Visual BASIC for
 applications to customize Access. (A, CSU)

28 CLIENT/SERVER DATABASES
 3 units, 3 lecture hours, 1 lab hour
 PREREQUISITE: None.
 Fundamentals of relational database systems. Learn how to design,
 program and administer a client/server database. (A, CSU)

29 POWERPOINT
 1 unit, 1 lecture hour, 2 lab hours, (9 weeks),
 (Formerly Information Systems 32)
 PREREQUISITE: None.
 Using PowerPoint to create presentations. Topics include designing
 presentations, creating presentations, adding effects, running a presentation,
 and creating support documents for the presentation. (A, CSU)

31 BEGINNING EXCEL
 1 unit, 1 lecture hour, 2 lab hours, (9 weeks),
 (See also Business & Technology 24), (Formerly
 Information Systems 24 and 74)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second
 Language 67 and 68 and Mathematics 101 recommended.
 Creating a worksheet, formatting the worksheet, using formulas and
 functions, and creating graphs. Additional lab hours in CIT 260 and BT 250
 available for students to complete homework assignments. (A, CSU)

40 COMPUTER OPERATING SYSTEMS
 4 units, 3 lecture hours, 2 lab hours, (Repeats = 1),
 (Formerly Information Systems 22)
 PREREQUISITE: Computer Information Technology 12 or 15.
 Principles of computer operating systems. A survey and comparison of
 the graphical user interface along with the command line interface using
 various operating systems such as Microsoft Windows and Linux, etc. (A,
 CSU)

45 DATA COMMUNICATIONS
 3 units, 3 lecture hours, 1 lab hour, (Repeats = 1),
 (Formerly Computer Information Systems and
 Information Systems 17)
 PREREQUISITE: Computer Information Technology 15.
 Essential elements that make up data communications including
 transmission media, local area networks, wide area networks, network
 interconnections, network management, security, network applications, and
 related technologies. (A, CSU)

46 NETWORK+ PREPARATION
 2 units, 3 lecture hours, 1 lab hour, (9 weeks),
 (Repeats = 1), (Formerly Information Systems 231
 and 237)
 PREREQUISITE: Computer Information Technology 15. COREQUISITE:
 Computer Information Technology 45.

Networking communications as they relate to analyzing and evaluating
 accountability of new technology, network engineering and documentation,
 telephone systems and telecommunications, synchronous optical networks,
 training, ISDN lines, and satellite communications. (A, CSU)

48 A+ AND SERVER+ SYSTEMS FUNDAMENTALS
 3 units, 3 lecture hours, 1 lab hour, (Repeats = 1),
 (Formerly Information Systems 238 and Computer
 Information Technology 238)
 PREREQUISITE: Computer Information Technology 15.
 Skills for personal computer software and hardware support; server
 software and hardware support: installation, configuration, diagnosing and
 troubleshooting system software, basic networking, memory management,
 server principles and configuration and customer satisfaction. (A, CSU)

49 INET+ PREPARATION
 3 units, 3 lecture hours, 1 lab hour, (Repeats = 1),
 (Formerly Information Systems 239 and Computer
 Information Technology 239)
 PREREQUISITE: Computer Information Technology 15.
 Internet basics, Internet clients, Web development, networking, Internet
 security, and business concepts. (A, CSU)

50 FUNDAMENTALS OF NETWORKING

4 units, 4 lecture hours, 1 lab hour, (Repeats = 2),
(Formerly Information Systems 28, 30 and 30A.)

PREREQUISITE: Computer Information Technology 45.

Implementing and supporting a Microsoft Windows network infrastructure. For product support professionals who will be responsible for installing, configuring and supporting a Microsoft Windows network infrastructure. Prepare students for the MCSE exam. Fundamentals of UNIX using Solaris. (A, CSU)

51 MCSE NETWORK INFRASTRUCTURE

4 units, 4 lecture hours, 1 lab hour, (Repeats = 2),
(Formerly Information Systems 30B)

PREREQUISITE: Computer Information Technology 45. ADVISORY: Computer Information Technology 50 recommended.

Implementing and supporting a Microsoft Windows network infrastructure. For product support professionals who will be responsible for installing, configuring and supporting a Microsoft Windows network infrastructure. Prepare students for the MCSE exam. (A, CSU)

52 MCSE DIRECTORY SERVICES

4 units, 4 lecture hours, 1 lab hour, (Repeats = 2),
(Formerly Information Systems 30C)

PREREQUISITE: Computer Information Technology 45. ADVISORY: Computer Information Technology 50 recommended.

Install, configure, and administer "Active Directory" directory services, which is the directory service for Microsoft Windows. Implementing and configuring "Group Policy" to centrally manage large numbers of users and computers. Prepare students for the MCSE exam. (A, CSU)

53 MCSE DIRECTORY INFRASTRUCTURE

2 units, 4 lecture hours, 1 lab hour, (9 weeks),
(Repeats = 2), (Formerly Information Systems 30D)

PREREQUISITE: Computer Information Technology 45. ADVISORY: Computer Information Technology 50 recommended.

Design a Microsoft Windows directory services infrastructure in an enterprise environment. Identify the business and administrative needs of an organization that impact the design of Active Directory. Key decision points for naming, delegation of authority, domain design, and site topology design. Prepare students for the MCSE exam. (A, CSU)

54 MCSE NETWORK SERVICES

2 units, 4 lecture hours, 1 lab hour, (9 weeks),
(Repeats = 2), (Formerly Information Systems 30E)

PREREQUISITE: Computer Information Technology 45. ADVISORY: Computer Information Technology 50 recommended.

Design a Microsoft Windows networking services infrastructure that supports the required network applications. Basic functionality, security, availability, and performance features of each networking service as aspects of a networking services design. Prepares students for the MCSE exam. (A, CSU)

55 MCSE NETWORK SECURITY

4 units, 4 lecture hours, 1 lab hour, (Repeats = 2),
(Formerly Information Systems 30F)

PREREQUISITE: Computer Information Technology 45. ADVISORY: Computer Information Technology 50 recommended.

Design a security framework for small, medium, and enterprise networks by using Microsoft Windows technologies. Prepare students for the MCSE exam. (A, CSU)

56 MCSE ISA

4 units, 4 lecture hours, 1 lab hour, (Repeats = 2),
(Formerly Information Systems 30G)

PREREQUISITE: Computer Information Technology 45. ADVISORY: Computer Information Technology 50 recommended.

Implement, administer, and support a Microsoft Internet Acceleration Server (IAS). Install, configure and support a Microsoft ISA Server. Prepare students for the MCSE exam. (A, CSU)

57 WIRELESS NETWORKING FOR HOME AND OFFICE

3 units, 3 lecture hours, 1 lab hour

PREREQUISITE: Computer Information Technology 15. ADVISORY: Computer Information Technology 40, 45, and 50 recommended.

Basic understanding of wireless networking. Plan, design, and configure wireless networks and equipment. Basic security for wireless networks. Prepare for the Certified Wireless Network Administrator (CWNA) exam. (A, CSU)

58A PRINCIPLES OF INFORMATION SECURITY

3 units, 3 lecture hours, 1 lab hour

PREREQUISITE: Computer Information Technology 15. ADVISORY: Computer Information Technology 40, 45, and 50 recommended.

Basic understanding information security in a business environment. Prepares students to become CISSP (certified information systems security professional) certified. Introduces the Sec SDLC (Security Systems development life cycle) and uses the cycle to build a security system. Examines both managerial and technical components of security. Lay a foundation from which managerial strategies can be formulated and technical solutions selected. (A, CSU)

58B OPERATING SYSTEM SECURITY

3 units, 3 lecture hours, 1 lab hour

PREREQUISITE: Computer Information Technology 15. ADVISORY: Computer Information Technology 40, 45, and 50 recommended.

A full range of security concepts and techniques used in the business environment. Prepares students to become Security+ certified. Covers desktop and network server security concepts using windows, Linux and the Mac OS X. Examines all aspects of operating system security from how attackers operate to how viruses strike. Introduces operating system hardening to repel attacks on both business networks and workstations. (A, CSU)

58C NETWORK SECURITY FUNDAMENTALS

3 units, 3 lecture hours, 1 lab hour

PREREQUISITE: Computer Information Technology 15. ADVISORY: Computer Information Technology 40, 45, and 50 recommended.

Provides a comprehensive overview of network security. Covers a full range of security concepts and techniques used in the business environment. Prepares students to become CompTIA Security+ certified. Covers authentication methods and common network attacks with strategies to protect a business against these attacks. Explores various network devices and media, and the proper use of perimeter topologies, extranets, and intranets to establish network security. Introduces basic cryptography and basic operational and organizational security measures. (A, CSU)

58D NETWORK DEFENSE AND COUNTERMEASURES

3 units, 3 lecture hours, 1 lab hour

PREREQUISITE: Computer Information Technology 15. ADVISORY: Computer Information Technology 40, 45, and 50 recommended.

Examines the practice and techniques of intrusion detection to deter network attacks against business information technologies. Provides a comprehensive overview of intrusion detection design, and implementation, virtual private networks, packet filters, and network traffic signatures. Prepares students to take the network defense and countermeasures exam for the security certified professional (SCP) which is an industry standard security certification. (A, CSU)

58E FIREWALLS AND NETWORK SECURITY

3 units, 3 lecture hours, 1 lab hour

PREREQUISITE: Computer Information Technology 15. ADVISORY: Computer Information Technology 40, 45, and 50 recommended.

Comprehensive overview of firewalls and their use with other network security components. Perimeter devices and concepts are covered to provide a secure business environment. Prepares students for industry standard security certifications. Covers authentication methods, packet filtering, proxy servers, and encryption strategies to protect business information systems. (A, CSU)

58F ETHICAL HACKING

3 units, 3 lecture hours, 1 lab hour

PREREQUISITE: Computer Information Technology 15. ADVISORY: Computer Information Technology 40, 45, and 50 recommended.

Basic understanding of the ethics involved in testing systems and networks using hacking tools to judge the level of vulnerability. Penetration testing methodologies, security certification programs, laws governing hacking, tools such as port scanners and network sniffers as well as spyware, adware, worms, and viruses. (A, CSU)

60 BEGINNING VISUAL BASIC

3 units, 3 lecture hours, 1 lab hour, (Formerly Information Systems 35 and 47)

PREREQUISITE: Computer Information Technology 15.

Introduction to programming in Visual Basic. Development of applications using standard Windows elements such as command buttons, and check, option and list boxes. Emphasis on structured program design, including debugging, testing, and documentation. (A, CSU, UC)

61 ADVANCED VISUAL BASIC

3 units, 3 lecture hours, 1 lab hour, (Formerly Information Systems 49)

PREREQUISITE: Computer Information Technology 60.

Introduction to programming databases in Visual Basic. Beginning or intermediate students will receive a solid foundation working with database theory and use this knowledge to create a fully database-enabled Visual Basic application. Course content includes database tutorials, database basics, tables, records, fields, field types, primary and foreign keys, referential integrity, using Microsoft Access, and the Visual Basic Data Control. (A, CSU, UC)

63 BEGINNING JAVA PROGRAMMING

4 units, 3.5 lecture hours, 1 lab hour, (Formerly Information Systems 33 and 39)

PREREQUISITE: Computer Information Technology 15.

Developing Java Applets and applications using the Java programming language. Emphasis on object-orientated programming, control structures, methods, arrays, strings, inheritance, and graphics. (TCSU IS 110) (A, CSU, UC)

64 ADVANCED JAVA PROGRAMMING

4 units, 3.5 lecture hours, 1 lab hour, (Formerly Information Systems 34)

PREREQUISITE: Computer Information Technology 63.

Extends programming concepts and techniques covered in the beginning Java programming class. Design and code Java programs, applets and servlets using proper object oriented techniques including inheritance, encapsulation and polymorphism. Design and implement data structures and abstract data types. Use multidimensional arrays, Java collections, external data files and exception handling to create meaningful Java programs. (A, CSU, UC)

66 BEGINNING C++ PROGRAMMING

4 units, 3.5 lecture hours, 1 lab hour, (Formerly Information Systems 36)

PREREQUISITE: Computer Information Technology 15.

Software development using the C++ programming language. Emphasis on object-oriented design, computations, strings, pointers, functions, classes, and objects. (A, CSU, UC)

67 ADVANCED C++ PROGRAMMING

4 units, 3.5 lecture hours, 1 lab hour, (Formerly Information Systems 37)

PREREQUISITE: Computer Information Technology 66.

Build on the C++ programming concepts covered in the beginning class. How to design and use loops, decisions, structures, functions, objects, and classes. How to use arrays, pointers, memory allocation, linked lists, sorting techniques, operator overloading, inheritance, and graphics. (A, CSU, UC)

68 ADVANCED PROGRAMMING APPLICATIONS

4 units, 3.5 lecture hours, 1 lab hour, (Repeats = 1)

PREREQUISITE: Computer Information Technology 60, 63, or 66.

Developing programming applications using a variety of programming languages such as Java, C++ .NET, Visual Basic.NET. Application development will emphasize the use of object-orientated programming, control structures, methods, arrays, inheritance, and graphical-user interface, etc. (A, CSU, UC)

80 INTERNET BASICS

2 units, 3 lecture hours, 1 lab hour, (9 weeks), (Formerly Information Systems 7 and 40)

PREREQUISITE: None.

Introduction to the Internet and the World Wide Web, including the use of e-mail, discussion boards, browser basics, FTP, searching the Web, History of the Internet, Internet ethics, e-commerce, and Netiquette. (A, CSU)

81 WORLD WIDE WEB RESEARCH

2 units, 3 lecture hours, 1 lab hour, (9 weeks), (Formerly Information Systems 8 and 41)

ADVISORY: Computer Information Technology 12 or 15 recommended.

Using the World Wide Web for research. Topics include browsers, search engines, Boolean logic, and URLs. Requires preparing and presenting reports from the research. (A, CSU)

82 WEB TECHNOLOGIES

3 units, 3 lecture hours, 1 lab hour

PREREQUISITE: None.

Survey of contemporary web technologies in authoring, distributing, and browsing. Topics include: web servers, scripting, protocols, E-Commerce, information architecture, website traffic analysis, search engine optimization, and website usability. (A, CSU)

85 CREATING WEBSITES

3 units, 3 lecture hours, 1 lab hour

ADVISORY: Computer Information Technology 15 is recommended.

Design web pages for the Internet using a web page design language. (A, CSU)

90 DATA DRIVEN WEBSITES

4 units, 3.5 lecture hours, 1 lab hour, (Formerly Information Systems 28)

PREREQUISITE: Computer Information Technology 15. ADVISORY: Computer Information Technology 85 recommended.

Developing dynamic websites using server-side scripting and a database. (A, CSU)

93 CLIENT SIDE SCRIPTING

3 units, 3 lecture hours, 1 lab hour

ADVISORY: Computer Information Technology 85.

Fundamentals of JavaScript to add interactivity to HTML/XML web pages and web sites on the Internet. Topics include writing functions, using data from forms, buttons, menus, and text boxes, and using if conditional statements and program loops to make web pages "smarter". (A, CSU)

94 SERVER SIDE SCRIPTING

3 units, 3 lecture hours, 1 lab hour

PREREQUISITE: None.

Dynamic web pages from the server side perspective. Create server side scripting application in language such as PHP, ASP, JSP. Scripting fundamentals, stateless session management, and database connectivity. Exception handling, debugging, testing, and maintenance. Object-oriented design and programming. Document Object Model. (A, CSU)

202 INTRODUCTION TO ONLINE LEARNING

1 unit, 1 lecture hour, 3 lab hours, (9 weeks), (Pass/No Pass), (Open Entry/Open Exit)

PREREQUISITE: None.

Learn the skills necessary to take classes online.

205 COMPUTER BASICS

2 units, 2 lecture hours, 1 lab hour, (12 weeks)

PREREQUISITE: None.

Introduction to basic computer terminology and skills. Includes introduction to word processing and spreadsheet programs.

260 COMPUTER SKILLS LAB

1 unit, 3 lab hours, (16 weeks), (Pass/No Pass), (Repeats = 3), (Open Entry/Open Exit), (Formerly Computer Information Systems 60, Information Systems 60, and Information Systems 260)

PREREQUISITE: None.

Supervised use of microcomputers. Reinforcement of concepts from classroom studies and development of problem solving abilities on an independent basis. Grade based on hours worked in lab.

261 INTERNET SKILLS LAB

0.2-1 unit, 0.6-3 lab hours, (16 weeks), (Pass/No Pass), (Repeats = 3), (Open Entry/Open Exit), (Formerly Information Systems 61 and 261)

PREREQUISITE: None.

Supervised use of the Internet. Reinforcement of concepts from classroom studies and development of problem solving abilities on an independent basis. Grade based on hours worked in lab.

- (a) .2 units for minimum of 10 hours, maximum of 12 hours;
- (b) .4 units for minimum of 19 hours, maximum of 21 hours;
- (c) .6 units for minimum of 29 hours, maximum of 31 hours;
- (d) .8 units for minimum of 39 hours, maximum of 44 hours;
- (e) 1 unit for minimum of 48 hours.

COMPUTER SCIENCE (CSCI)

20 PROGRAMMING IN THE FORTRAN LANGUAGE

3 units, 2 lecture hours, 2 lab hours, (Formerly Computer Science 16)

PREREQUISITE: Mathematics 103 or equivalent. COREQUISITE: Mathematics 4A or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to programming in FORTRAN with emphasis on program design, debugging, testing, and documentation; elementary applications and structured programming for algorithm development. (A, CSU, UC)

26 DISCRETE MATHEMATICS FOR COMPUTER SCIENCE

4 units, 3 lecture hours, 2 lab hours

PREREQUISITE: Computer Science 40 or 40J, and Mathematics 5A.

Elements of discrete mathematics which have applications to computer science. Topics include sets, propositional and predicate logic, relations and functions, mathematical induction, graphs, and trees. (A, CSU-GE, UC, I)

30 PROGRAMMING IN THE PASCAL LANGUAGE

3 units, 2 lecture hours, 2 lab hours

PREREQUISITE: Mathematics 103 or equivalent. COREQUISITE: Mathematics 4A or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to programming in PASCAL; syntax; control and data structures; design development, style, documentation, testing, and maintenance of software; arrays, functions, procedures, records, and files. Students who have limited programming experience are advised to take this course prior to Computer Science 40. (A, CSU)

40 PROGRAMMING CONCEPTS AND METHODOLOGY I

4 units, 3 lecture hours, 2 lab hours, (Formerly Mathematics 30A and Computer Science 30A)

PREREQUISITE: Mathematics 103 or equivalent. COREQUISITE: Mathematics 4A or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended; Computer Science 30 or equivalent recommended.

Introduction to problem solving, algorithm development, procedural and data abstraction using the C++ language; program design, coding, debugging, testing, and documentation. (TCSU CSCI 110) (A, CSU, UC)

40J PROGRAMMING CONCEPTS AND METHODOLOGY IN JAVA

4 units, 3 lecture hours, 2 lab hours

PREREQUISITE: Mathematics 103 or equivalent. COREQUISITE: Mathematics 4A or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended; Computer Science 30 or equivalent recommended.

Introduction to problem solving, algorithm development, procedural and data abstraction using the high level computer programming language JAVA; program design, coding, debugging, testing, and documentation. (TCSU CSCI 110) (A, CSU, UC)

41 PROGRAMMING CONCEPTS & METHODOLOGY II

4 units, 3 lecture hours, 2 lab hours, (Formerly Mathematics 30B and Computer Science 30B)

PREREQUISITE: Computer Science 40 and Mathematics 4A, or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Programming methodology, program correctness, and review of data types; data structures; linear and nonlinear structures, lists, stacks, queues, trees, and files; implementation of data structures; recursion, searching, and sorting. C++ language is used. (TCSU CSCI 120) (A, CSU, UC)

261 INTERNET AND COMPUTER SKILLS LABORATORY

.2-1 unit, 3-6 lab hours, (16 weeks), (Pass/No Pass), (Repeats = 3)

PREREQUISITE: None.

Supervised use of microcomputers and the Internet. Reinforcement of concepts from classroom studies and development of problem solving abilities on an independent basis. Grade based on hours worked in lab:

- (a) .2 units for minimum of 10 hours;
- (b) .4 units for minimum of 19 hours;
- (c) .6 units for minimum of 29 hours;
- (d) .8 units for minimum of 39 hours;
- (e) 1 unit for minimum of 48 hours.

CONSTRUCTION – CARPENTRY (CONS)

**19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
1-8 units, (Repeats = 2)**

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to construction. Collaborative learning objectives established specific to construction. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

50A BASIC RESIDENTIAL CONSTRUCTION

**3 units, 2 lecture hours, 3 lab hours, (Repeats = 3),
(Formerly Construction 50)**

ADVISORY: Eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

General introductory and basic skills in residential construction. Emphasis on hand and power tools, foundations, framing, and materials. (A, CSU)

50B BASIC RESIDENTIAL CONSTRUCTION

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

ADVISORY: Eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

General introductory and basic skills in residential construction. Emphasis on hand and power tools, interior and exterior finish, finish carpentry, roofing, and plumbing. (A, CSU)

**51 RESIDENTIAL CONSTRUCTION: FOUNDATIONS AND
FRAMING**

**9 units, 4 lecture hours, 16 lab hours, (Repeats = 3),
(Formerly Construction 51/52)**

ADVISORY: Construction 50A and eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Hands-on construction of a residential house including construction of foundation forms, installation of rough plumbing, placement and finishing of concrete, lay out and construction of wall framing, placement of roof trusses and construction of associated roof framing, and the application of roofing material. (A, CSU)

51A RESIDENTIAL CONSTRUCTION: FOUNDATIONS

**5 units, 2 lecture hours, 8 lab hours, (Repeats = 3),
(9 weeks), (Formerly Construction 51)**

ADVISORY: Construction 50A and eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Site preparation, location of building lines, construction of forms for a slab on grade, and material calculation. Waste plumbing lay out and construction. Hands-on placing and finishing of a slab on grade. (A, CSU)

51B RESIDENTIAL CONSTRUCTION: FRAMING

**5 units, 2 lecture hours, 8 lab hours, (Repeats = 3),
(9 weeks), (Formerly Construction 52)**

ADVISORY: Construction 50A and eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Lay out and construction of wall framing, lay out and installation of roof trusses, construction of all associated hand stack roof framing, and application of the roof sheathing and roofing on a residential house. (A, CSU)

**53 RESIDENTIAL CONSTRUCTION: EXTERIOR AND INTERIOR
FINISH**

**9 units, 4 lecture hours, 16 lab hours, (Repeats = 3),
(Formerly Construction 53/54)**

ADVISORY: Construction 50B and eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Hands-on construction of a residential house, including window and door installation, stucco lathing, siding installation, drywall hanging and finishing, cabinet and hardware installation, finish carpentry, interior and exterior painting, fencing, and concrete flat work including driveways and walks. (A, CSU)

53A RESIDENTIAL CONSTRUCTION: EXTERIOR FINISH

**5 units, 2 lecture hours, 8 lab hours, (Repeats = 3),
(9 weeks), (Formerly Construction 53)**

ADVISORY: Construction 50B and eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Installation of windows and exterior doors, installation of exterior siding, stucco lathing, concrete flat work, and painting on a residential home on a building site. (A, CSU)

53B RESIDENTIAL CONSTRUCTION: INTERIOR FINISH

**5 units, 2 lecture hours, 8 lab hours, (Repeats = 3),
(9 weeks), (Formerly Construction 54)**

ADVISORY: Construction 50A and eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Drywall hanging and finishing, interior door hanging, cabinet and hardware installation, finish carpentry, and interior painting. (A, CSU)

55 ROOF FRAMING SYSTEMS

3 units, 1 lecture hour, 5 lab hours, (Repeats = 3)

ADVISORY: Construction 50A and eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to conventional roof framing with common rafters, hip and valley rafters, jack rafters, lay out of rafter locations, roof trusses, roof sheathing, and stairs. (A, CSU)

56 RESIDENTIAL PLUMBING

3 units, 2 lecture hours, 4 lab hours, (Repeats = 1)
(See also Building Safety and Code Administration 15)

ADVISORY: Construction 50A and eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to residential plumbing; lay out and installation of a residential plumbing system. Familiarization with uniform plumbing code, construction and inspection, to prepare for I.A.P.M.O. and/or I.C.C. certification. (A, CSU)

57 CONSTRUCTION SURVEYING

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3),
(Formerly Building Technology 4)

ADVISORY: Mathematics 4A or Drafting 160 and eligibility for English 125 or 126 or English as a Second Language 67 and 68 recommended.

Operation of common surveying equipment, site layout, building layout, grades and benchmarks, and setting line and grade for columns and beams. (A, CSU)

175 RESIDENTIAL WIRING

4 units, 3 lecture hours, 4 lab hours, (Repeats = 3),
(See also Electrical Systems Technology 175),
(Formerly Construction 75)

ADVISORY: Eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 or 68 recommended.

Introduction, technique and installation of the electrical wiring system for a single family residence. Students will install the actual wiring system for the Fresno City College construction department's single family residence at an off-campus location. Emphasis on current wiring practices and electrical codes. (A)

196 BUILDING CONSTRUCTION INSPECTION

3 units, 3 lecture hours, (Repeats = 3), (Formerly Building Technology 96A-96B and Construction 96)

ADVISORY: Background and experience in construction or related trade areas recommended.

National codes, blueprints and specifications, materials, site development and location of project and human relations. (A)

COUNSELING (COUN)

43 GROUP DYNAMICS AND SELF UNDERSTANDING

2 units, 2 lecture hours, (Formerly Guidance Studies 43)

PREREQUISITE: None.

An in-depth look at concepts key to self-understanding and successful relationships with a focus on building self-confidence, self-esteem, assertiveness, and interpersonal skills while also identifying barriers to communication and healthy dynamics. Emphasis may include: Interpersonal Abuse and Trauma, Peer Mentoring, Substance Abuse, and/or Social Anxiety. (A, CSU)

48 CAREER PLANNING AND DEVELOPMENT

1 unit, 1 lecture hour, (Formerly Guidance Studies 48)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Designed to focus on career building, career pathways, which includes self assessment, career exploration, occupational outlook, computerized resources and career information systems. (A, CSU)

53 COLLEGE AND LIFE MANAGEMENT

3 units, 3 lecture hours, (Formerly Guidance Studies 53)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Exploration and development of student's personal strengths, personality types, learning styles, values, levels of attribution, success skills; including defining personal, educational, and career goals through various teaching methodologies to increase life-long learning. (A, CSU)

54 CIVIC RESPONSIBILITY AND LEADERSHIP

1 unit, 1 lecture hour, (Formerly Guidance Studies 54)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Designed to assist students with the transition process from college to other life roles. Understanding role responsibilities to self and the community. Soft skills, leadership development, and life planning. (A, CSU)

141 ACADEMIC TRANSITION

3 units, 3 lecture hours, (Formerly Guidance Studies 41 and Counseling 41)

PREREQUISITE: None.

Required for probation students on progress or academic disqualification or any level of probation. Provide understanding of institutional policies and procedures governing students and incorporated a comprehensive course integration of personal, academic and career development with an emphasis in utilizing strategies to get off probation and address issues that hinder success. Designed to enable students to accept responsibility and accountability to stay off probation and apply skills and tools to promote academic success. (A)

147A COLLEGE STUDY SKILLS, GENERAL HABITS

1 unit, 2 lecture hours, (9 weeks), (Formerly Guidance Studies 47A and 52)

PREREQUISITE: None.

Establishing effective success strategies such as study habits, goal-setting, time and life management, improving concentration, active listening, college resources and educational planning. (A)

147B COLLEGE STUDY SKILLS, ACADEMIC SKILLS

1 unit, 2 lecture hours, (9 weeks), (Formerly Guidance Studies 47B and 52)

PREREQUISITE: None.

Lecture note taking, textbook study, memorization techniques, test taking, vocabulary building, and other study methods. (A)

149 JOB PREPARATION

1 unit, 1 lecture hour, (Formerly Guidance Studies 49)

PREREQUISITE: None.

Development of positive coping strategies and interpersonal relationships in the workplace. Practice interview techniques and positive workplace behaviors. Exploring career implications and the job market. (A)

167 FINANCIAL AID MONEY MANAGEMENT

1 unit, 1 lecture hour, (Formerly Guidance Studies 167)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Recommended for financial aid eligible college students. Designed to help develop a basic awareness of financial aid money management skills including personal student budgeting, and the nature and purpose of financial aid assistance. (A)

200 COLLEGE ORIENTATION

1 unit, 2 lecture hours, (9 weeks)

PREREQUISITE: None.

College success strategies to assist students effectively maneuver through the college environment, including understanding the college's catalog,

policies and procedures, library and additional resources. Identification and matriculation to next educational/vocational endeavors.

250 STUDENT READINESS SEMINAR

1 unit, 2 lecture hours, (9 weeks), (Formerly Guidance Studies 50 and 150)

PREREQUISITE: None.

Recommended for freshman students entering college for the first time. Develop supportive services, self-assessment, success planning, time management, campus resources, catalog information, educational planning, and career awareness. Introduces techniques to improve learning strategies along with academic and personal growth.

CRIMINOLOGY (CRIM)**FORMERLY ADMINISTRATION OF JUSTICE**

1 INTRODUCTION TO CRIMINOLOGY

3 units, 3 lecture hours, (Formerly Administration of Justice 1)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The history and philosophy of the criminal justice systems; role expectations and their interrelationships; theories of crime, punishment, and rehabilitation; and ethics, education, and training for professionalism. Review criminological research and theory. Analyze patterns and types of criminal behavior. Explore cross cultural dynamics of criminality in other countries. (TCSU CJ 110) (A, CSU, UC)

3 LEGAL ASPECTS OF EVIDENCE

3 units, 3 lecture hours, (Formerly Administration of Justice 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

History, philosophy, kinds, degrees, and rules of evidence and its admissibility; judicial decisions. (A, CSU)

4 PRINCIPLES AND PROCEDURES OF THE JUSTICE SYSTEM

3 units, 3 lecture hours, (Formerly Administration of Justice 4)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Procedural roles and responsibilities of the criminal justice system agencies with emphasis on legal directives to law enforcement agencies, based on constitutional and judicial interpretation. (A, CSU)

5 COMMUNITY RELATIONS

3 units, 3 lecture hours, (Formerly Administration of Justice 5)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The professional image of the criminal justice system and its positive relationship with the public. (A, CSU, UC)

6 CONCEPTS OF CRIMINAL LAW

3 units, 3 lecture hours, (Formerly Administration of Justice 6)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The historical development, philosophy and practice of law and constitutional provisions; definitions and classifications of crime; legal research, study of case law, methodology, and concepts of law as a social force; and the concept of law on the correctional component of the justice system. (A, CSU)

7 CONCEPTS OF ENFORCEMENT SERVICES

3 units, 3 lecture hours, (Formerly Administration of Justice 7)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Exploration of theories, philosophies, and concepts related to the role expectations of the line enforcement officer. Emphasis is placed upon the patrol, traffic, and public service responsibilities and their relationship to the administration of justice system. Physical as well as psychological officer survival will be stressed. (A, CSU)

8 CRIMINAL INVESTIGATION

3 units, 3 lecture hours, (Formerly Administration of Justice 8)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Criminal investigation as practiced in the administration of justice system. Preliminary and follow-up investigations; case documentation and preparation for court presentation. (A, CSU)

9 CRIME SCENE FORENSIC EVIDENCE

3 units, 3 lecture hours

PREREQUISITE: Criminology 8 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Proper methods utilized in locating, identifying, handling, and analyzing physical evidence found at the scene of a crime. (A, CSU)

11 JUVENILE DELINQUENCY

3 units, 3 lecture hours, (Formerly Administration of Justice 11)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Theories of cause, prevention, and treatment of juvenile delinquency; practical relationships among theory, law, policy, and existing practice in delinquency; juvenile law, juvenile procedure, rights and responsibilities of juveniles; case studies. (A, CSU)

12 CRIMINAL JUSTICE COMMUNICATIONS

3 units, 3 lecture hours, (Repeats = 2) (Formerly Administration of Justice 12)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Fundamentals of gathering and organizing data. The utilization of proper English principles in the effective preparation of reports and in the providing of testimony in court as required by the laws affecting the criminal justice system. (A, CSU)

12A CRIMINAL JUSTICE REPORT WRITING

1 unit, 1 lecture hour, (Repeats = 2)

COREQUISITE: Criminology 12. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The utilization of proper English principles in the proper and effective writing of reports in the criminal justice system. (A, CSU)

13 THE CONSTITUTION AND YOUR INDIVIDUAL RIGHTS

3 units, 3 lecture hours, (Formerly Administration of Justice 13)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Critical study, analysis, and evaluation of landmark cases of the United States Supreme Court, and the logic and fallacies of the interpretive reasoning processes utilized by the justices in reaching their decisions. Emphasis on the protection of individual rights and privileges contained in the Bill of Rights and an understanding of the utility and value in all aspects of our lives of recognizing and using both formal and informal critical thinking processes. (A, CSU-GE, UC)

15 INTRODUCTION TO POLICE ETHICS

3 units, 3 lecture hours, (Formerly Administration of Justice 15)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The philosophical and theoretical issues relating to frequent ethical violations throughout the criminal justice system. Structured to be a primer on morality, ethics, and human behavior. (A, CSU)

16 INTRODUCTION TO VICTIMOLOGY

3 units, 3 lecture hours, (Formerly Administration of Justice 16)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Philosophical, theoretical issues and analysis of the most recent research findings and their implications in relationship to victims of street crimes. Controversies surrounding victims and their relations with offenders, media, agencies, etc. (A, CSU)

18 CRIMINAL PERSONALITIES

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Focus on the physiological, cognitive, and social factors involved in crime and the development of criminal personalities. An examination of an offender's expectations, rationalizations, and justifications for his/her criminal behavior. Emphasis on modern concepts of criminal personalities including sociopaths, psychopaths, and criminal psychopaths. The role of corrections at the federal, state, and local levels. Treatment classifications and management of the criminal personality, including sociopaths and psychopaths, within institutional settings. (A, CSU)

**19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
1-8 units, (Repeats = 2)**

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to criminology. Collaborative learning objectives established specific to criminology. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

20 INTRODUCTION TO CORRECTIONS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Designed to provide the student with an overview of the history and trends of adult and juvenile corrections including probation and parole. Focus on the legal issues, specific laws, and general operation of correctional institutions. The relationship between corrections and other components of the judicial system will also be examined. (A, CSU)

21 CORRECTIONAL REPORT WRITING

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to the practical aspects of gathering, organizing, and preparing written reports for correctional activities on local, state, and federal levels. Techniques of communicating facts, information, and ideas effectively in a simple, clear, and logical manner for various types of criminal justice systems reports, letters, memoranda, directives, and administrative reports. Students will gain practical experience in note taking, report writing, and presenting testimony in court. (A, CSU)

23 CORRECTIONAL INTERVIEWING AND COUNSELING

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An overview of the techniques in counseling and interviewing available to practitioners in corrections. The use of appropriate techniques and theories in confidence building which may be used by the correctional employee in client interviews and counseling. For students planning to enter or already employed within the correctional science field. (A, CSU)

24 CONTROL AND SUPERVISION IN CORRECTIONS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An overview of supervision of inmates in local, state, and federal correctional institutions. Issues of control in a continuum from institutional daily living through crisis situations. Emphasis on the role played by the offender and the correctional worker. Inmate subculture, violence, and the officers in a hostile prison environment. The causes and effects of abusive tactics. (A, CSU)

25 LEGAL ASPECTS OF CORRECTIONS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The historical framework, concepts and precedents that guide correctional practice. The corrections environment, the civil rights of prisoners, and the responsibilities and liabilities of corrections officials. (A, CSU)

36 GANGS AND CORRECTIONS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Specialized knowledge relating to the correctional impact of gangs. The history of gangs and the issues associated with the development of gangs. Focus on the emergence of prison gangs following a series of changes

within correctional systems. Review of the types of gangs and the criminal activities associated with the gang. Special emphasis on the prison gang and correctional issues including identification, intake, classification, communication, and trends. Psychological and sociological dynamics are explored. Institutional management and future trends. (A, CSU)

CULTURAL STUDIES (CULTS)

7 INTRODUCTION TO BRITISH CULTURE

3 units, 3 lecture hours, (See also Humanities 7)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An examination of British society and culture, including historical roots as well as contemporary institutions and practices. Topics include language, geography, religion, transportation, economics, politics, mass media, family patterns, immigration and ethnic diversity, education, health care, theater, literature, music, art and architecture. Designed primarily for students in the Semester in England Program. (A, CSU)

7H HONORS INTRODUCTION TO BRITISH CULTURE

3 units, 3 lecture hours, (See also Humanities 7H)

ADVISORY: Meet the qualifications for consideration for acceptance in the Honors Program recommended. See Honors program listing in the college catalog.

An examination of British society and culture, including historical roots as well as contemporary institutions and practices. Topics include language, geography, religion, transportation, economics, politics, mass media, family patterns, immigration and ethnic diversity, education, health care, theater, literature, music, art and architecture. Designed primarily for students in the Semester in England Program. (A, CSU)

10 ISLAMIC CULTURE

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The foundation of Islam, Islamic beliefs, the expansion of Islamic culture throughout the world, the relationships within Moslem family and society. Twentieth century issues and contemporary conflicts. (A, CSU)

11 ISLAMIC CIVILIZATION

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Islam: its meaning and message. Islamic ideology and culture. Islamic values, science, civilization, social principles, cultural institutions, and contemporary problems. (A, CSU, UC)

DANCE (DANCE)

9 DANCE CONDITIONING

1 unit, 3 lab hours, (Repeats = 3)

PREREQUISITE: None.

Conditioning techniques which promote body awareness, improve body alignment, enhance and expedite body ability for dance skills, and aid in preventing injuries common to various dance styles. (A, CSU, UC)

10 BEGINNING MODERN DANCE TECHNIQUE

1 unit, 3 lab hours, (Repeats = 3), (Formerly Physical Education 4)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Modern dance exercises and improvisations involving body movement, rhythm, design, dynamics, technique, and expression. Body conditioning exercises for posture, strength, and flexibility. (A, CSU, UC)

11 INTRODUCTION TO SOCIAL DANCE

1 unit, 3 lab hours, (Repeats = 3)

PREREQUISITE: None.

Introduction to basic social dances; such as, swing, waltz, cha cha, tango, mixer, and line dances. (A, CSU, UC)

12A BEGINNING BALLET PART 1

1 unit, 3 lab hours, (Repeats = 3), (Formerly Physical Education 26)

PREREQUISITE: None.

Fundamental technique of classical Ballet using barre exercises and center work, basic concept of Ballet dance vocabulary learning Ballet terminology for the beginning student. (A, CSU, UC)

12B BEGINNING BALLET PART 2

1 unit, 3 lab hours, (Repeats = 3)

PREREQUISITE: Dance 12A or equivalent as demonstrated through testing and recommended by instructors.

Pre-intermediate-level technique of classical Ballet using barre exercises and center work, learning more Ballet terminology for the pre-intermediate student. (A, CSU, UC)

13 INTERMEDIATE BALLET

1 unit, 3 lab hours, (Repeats = 3)

PREREQUISITE: Dance 12B or equivalent as demonstrated through testing and recommended by instructors.

Intermediate-level technique using barre exercises and center work. (A, CSU, UC)

14 BEGINNING JAZZ DANCE TECHNIQUE

1 unit, 3 lab hours, (Repeats = 3), (Formerly Physical Education 27)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A contemporary dance style, modified from ballet and modern dance, utilizing basic steps and isolated body parts; conditioning exercises for strength, flexibility, balance, and alignment done in a rhythmic form to jazz and other contemporary music. (A, CSU, UC)

15 INTERMEDIATE JAZZ DANCE TECHNIQUE

1 unit, 3 lab hours, (Repeats = 3)

PREREQUISITE: Dance 14 or demonstration of comparable skill level to be determined by testing or video portfolio of past jazz dance performance work. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A progressive refinement of jazz dance technique, building upon skills and techniques covered in Dance 14. Presentation of different jazz styles. (A, CSU, UC)

16 BEGINNING TAP DANCE

1 unit, 2 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction of various tap styles, sequences, and dance patterns to develop rhythm, coordination, and balance. (A, CSU, UC)

17 BEGINNING MEXICAN FOLKLORICO DANCE

4 units, 3 lecture hours, 2 lab hours, (Repeats = 3),
(See also Chicano-Latino Studies 17)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

History and origin of Mexican dance. Mexican songs and folktales and how they are interpreted through Mexican dance. Dances practiced and performed at the beginning level. (A, CSU-GE, UC)

18 INTERMEDIATE TAP DANCE

1 unit, 2 lab hours, (Repeats = 3)

PREREQUISITE: Dance 16. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Progressive refinement of tap dance technique, building upon skills and techniques covered in Dance 16. Presentation of different tap styles. (A, CSU, UC)

20A BEGINNING MODERN DANCE COMPOSITION

3 units, 2 lecture hours, 3 lab hours, (Formerly Physical Education 20A)

ADVISORY: Dance 10 recommended, eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Modern dance technique warm up and exercises for development of movement vocabulary, strength, flexibility, alignment, range of motion, and rhythmic coordination. Guided group improvisations will be used for development of personal movement vocabulary, creative outlet, and to hone in on basic improvisational skills. Study of modern dance as an art form including brief discussions on history and theory. Study of dance composition theories and conceptual approaches. Creation of solo and group work. (A, CSU-GE, UC)

20B INTERMEDIATE MODERN DANCE COMPOSITION

3 units, 2 lecture hours, 3 lab hours, (Formerly Physical Education 20B)

PREREQUISITE: Dance 20A, or demonstration of comparable skill level to be determined by testing and/or video portfolio of past modern dance performance work. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Modern dance technique warm up and exercises for development of movement vocabulary, strength, flexibility, alignment, range of motion, and rhythmic coordination. Guided group improvisations will be used for development of personal movement vocabulary, creative outlet, and to hone in on intermediate improvisational skills. Dance composition theories and conceptual approaches. Creation of solo and group work on a complex and multi-dimensional level. Hone in on one's own artistic voice and to be able to articulate their reasons for creation in an intelligent, comprehensive manner. (A, CSU, UC)

21 DANCE WORKSHOP PERFORMANCE

2-4 units, 1 lecture hour, 3-9 lab hours per unit,
(Repeats = 3), (Formerly Physical Education 21)

PREREQUISITE: Previous Modern dance, Jazz, or Ballet experience or concurrent enrollment in Ballet, Jazz, or Modern dance recommended. For choreographers: Dance 20A or demonstration of comparable skill level to be determined by Artistic Director through testing and/or video portfolio of past Modern Dance, Jazz, or Ballet dance performance work. ADVISORY: For choreographers: Eligibility for English 1A recommended.

Dance technique and conditioning, improvisation, choreography, rehearsal, and performance on main stage in an informal setting. Diagnostic test in dance technique will be given during the first three weeks of the semester. (A, CSU, UC)

22 DANCE THEATRE PERFORMANCE

2-4 units: 2 units, 1 lecture hour, 3 lab hours; 3 units, 1 lecture hour, 6 lab hours; 4 units, 1 lecture hour, 9 lab hours, (Repeats = 3), (Formerly Physical Education 22)

PREREQUISITE: Current intermediate competency in Ballet, Jazz, or Modern Dance and concurrent enrollment in Ballet, Jazz, or Modern Dance recommended. For choreographers: Dance 20A or demonstration of comparable skill level to be determined by Artistic Director through testing

and/or video portfolio of past Modern Dance, Ballet, Jazz performance work. ADVISORY: For choreographers: Eligibility for English 1A recommended.

Intermediate level dance technique, conditioning, improvisation, choreography, rehearsal, and performance on main stage in a formal theatrical presentation. Participants need to demonstrate their technical level during the first three weeks of classes. (A, CSU, UC)

25 INTERMEDIATE SOCIAL DANCE

1 unit, 3 lab hours, (Repeats = 3)

PREREQUISITE: Dance 11 or the equivalent as demonstrated by testing.

Intermediate level dance technique and patterns for social dances; such as, rhumba, fox trot, swing, waltz, cha cha, tango, mixers, and selected line dances. (A, CSU, UC)

26 AMERICAN COLLEGE DANCE FESTIVAL

2 units, 2 lecture hours, 5 lab hours, (9 weeks),
(Repeats = 3)

COREQUISITE: Dance 21 or 22. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Preparation of dance participants for attendance at the American College Dance Festival. Participation in master classes and participation/attendance at adjudication concerts. (A, CSU)

27 ADVANCED MEXICAN FOLKLORICO DANCE

4 units, 3 lecture hours, 2 lab hours, (Repeats = 3),
(See also Chicano-Latino Studies 27)

PREREQUISITE: Chicano-Latino Studies/Dance 17, or demonstration of comparable skill level to be determined by testing at first class session. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

History and origin of Mexican dance. Mexican songs and folktales and how they are interpreted through Mexican dance. Dances practiced and performed at the advanced level. (A, CSU-GE, UC)

28 INTERMEDIATE MODERN DANCE TECHNIQUE

1 unit, 3 lab hours, (Repeats = 3)

PREREQUISITE: Satisfactory completion of Dance 10 or equivalent as demonstrated through testing and recommended by instructors. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Intermediate-level modern dance, emphasis on up-side down movement, fast-pace locomotor patterns, and weight sharing. (A, CSU, UC)

30 DANCE APPRECIATION

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Survey of dance as a historical form of cultural and theatrical expression. Emphasis on the growth of ballet and modern dance from their

origins to the current trends in the United States. Dance 30 does not meet the Physical Education requirement. (A, CSU-GE, UC, I)

DECISION SCIENCE (DS)

21 FINITE MATHEMATICS

3 units, 3 lecture hours, (Formerly Decision Science 22)

PREREQUISITE: Mathematics 103 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Applications of linear, exponential, and logarithmic functions, matrix operations, and inverse matrices. Linear programming techniques, mathematics of finance, probability, and counting theory. Limits, rates of change, and derivatives. (A, CSU-GE, UC, I)

23 BUSINESS STATISTICS

4 units, 4 lecture hours, (Formerly Business Administration 23)

PREREQUISITE: Mathematics 103 or equivalent.

Descriptive measures including central tendency and dispersion, probability theory, discrete and continuous probability distributions, sampling distributions, central limit theorem, time series, index numbers, one and two sample hypothesis tests, estimation, correlation, regression, analysis of variance, and nonparametric methods. (TCSU STAT 110) (A, CSU-GE, UC)

117 BUSINESS MATHEMATICS

3 units, 3 lecture hours, (Formerly Decision Sciences 17 and 21)

PREREQUISITE: Mathematics 250 or appropriate placement test score.

Formulas and organizing procedures for solving business and consumer math applications. Signed numbers, linear equations, graphing, systems of equations, inequalities, exponents, polynomials, evaluating and simplifying algebraic expressions, and word problems. (A)

DENTAL HYGIENE (DH)

1A ORAL BIOLOGY

2 units, 2 lecture hours, 1 lab hour, (Fall, first year)

PREREQUISITE: Admission into the Dental Hygiene Program. Biology 24, with a grade of "C" or better, or Biology 20 and 22, each with a grade of "C" or better. COREQUISITE: Dental Hygiene 3A, 4, and 10.

Anatomy of orofacial structures; study of the physiological and structural functions of the teeth and supporting tissues; embryology and histology of oral structural formation; oral anatomy relative to administration of local anesthetic agents. (A, CSU)

1B GENERAL AND ORAL PATHOLOGY

4 units, 4 lecture hours, (Spring, first year)

PREREQUISITE: English 125 and Dental Hygiene 1A, each with a grade of "C" or better. COREQUISITE: Dental Hygiene 2, 5A, 6A, 8A, and 11. ADVISORY: English 1A with a grade of "C" or better strongly advised.

Pathologic processes; disease, inflammation, immunologic defense, degeneration, neoplasia, developmental disorders, healing and repair, recognition of normal and abnormal conditions in the oral cavity; recognition of abnormalities in the human body. (A, CSU)

1C PERIODONTOLOGY

2 units, 2 lecture hours, (Fall, second year)

PREREQUISITE: Dental Hygiene 1B with a grade of "C" or better. COREQUISITE: Dental Hygiene 5B.

Periodontal anatomy and histology; recognition of the normal and pathological periodontium, etiology and treatment of periodontal disorders; pathogenesis of inflammatory periodontal disease; periodontal examination, prognosis, and treatment planning; periodontal instrumentation; gingival curettage and other periodontal surgical procedures. (A, CSU)

1D APPLIED PERIODONTICS

1 unit, 1 lecture hour, (Spring, second year)

PREREQUISITE: Dental Hygiene 1C with a grade of "C" or better. COREQUISITE: Dental Hygiene 5C.

The dental hygienist's ethical and clinical responsibility in the treatment of periodontal disorders. Relationship of the specialty practice of periodontics within the broad scope of dentistry. Current concepts and future possibilities relevant to the practice of periodontics. (A, CSU)

2 DENTAL MATERIALS AND ASSISTING

2 units, 1 lecture hour, 3 lab hours, (Spring, first year)

PREREQUISITE: Dental Hygiene 3A and 1A, each with a grade of "C" or better. COREQUISITE: Dental Hygiene 1B, 5A, 6A, 8A, and 11.

The composition and use of numerous categories of materials used in dental procedures; an approach to chairside assisting techniques; concepts of the dental health team; principles and application of expanded duties for registered dental hygienists. (A, CSU)

3A PRE-CLINICAL DENTAL HYGIENE TECHNIQUES

4 units, 2 lecture hours, 6 lab hours, (Fall, first year)

PREREQUISITE: Acceptance into the Dental Hygiene Program. Biology 31 and Communication 1 or 2, each with a grade of "C" or better. COREQUISITE: Dental Hygiene 1A, 4, and 10.

Medical and dental histories; extra and intraoral examination; patient education; patient and operator positioning; clinical operations and appointment procedures; use and care of instruments; patients records; equipment maintenance and sterilization; asepsis and infection control procedures. (A, CSU)

3B DENTAL SPECIALTIES

1 unit, 2 lecture hours, (9 weeks), (Spring, second year)

PREREQUISITE: Dental Hygiene 3A with a grade of "C" or better. COREQUISITE: Dental Hygiene 5C.

The history of dental specialties including pediatric dentistry, orthodontics, periodontics, oral surgery, endodontics, prosthodontics, forensic odontology, and the role of the registered dental hygienist in each dental specialty. Specialties practice research and presentation. (A, CSU)

4 ORAL RADIOGRAPHY

4 units, 2 lecture hours, 6 lab hours, (Fall, first year)

PREREQUISITE: Acceptance into the Dental Hygiene Program. Biology 31 with a grade of "C" or better. COREQUISITE: Dental Hygiene 1A, 3A, and 10.

History and physics of radiation; radiation protection; use of standard, panoramic, and computerized digital radiographic equipment; use of the intraoral camera; duplication of radiographic images; exposure, processing, mounting, and identification of standard, panoramic, and computerized radiographs and intraoral images; critiquing of oral radiographic images of normal and abnormal anatomy and artifacts; interpretation of radiographic and pictorial pathology of the hard and soft structures of the oral cavity. (A, CSU)

5A CLINICAL DENTAL HYGIENE I

3 units, 8 lab hours, (Spring, first year), (Pass/No Pass)

PREREQUISITE: Dental Hygiene 3A and 4, each with a grade of "C" or better. COREQUISITE: Dental Hygiene 1B, 2, 6A, 8A, 11, and 12.

Beginning experience in the treatment of adult and child patients; various clinical procedures including scaling and polishing techniques, oral inspection, dental and periodontal charting, principles of ultrasonic scaling, radiographic techniques, plaque control instruction, and fluoride application; principles of dental hygiene practice. (A, CSU)

5B CLINICAL DENTAL HYGIENE II

5 units, 16 lab hours, (Fall, second year), (Pass/No Pass)

PREREQUISITE: Dental Hygiene 5A with a "Pass" grade. COREQUISITE: Dental Hygiene 1C, 6B, 7A, and 13.

Intermediate experiences in the treatment of dental hygiene patients; includes principles and procedures of Dental Hygiene 5A plus techniques for administering local anesthetics; various field experiences. (A, CSU)

5C CLINICAL DENTAL HYGIENE III

5 units, 16 lab hours, (Spring, second year), (Pass/No Pass)

PREREQUISITE: Dental Hygiene 5B with a "Pass" grade. COREQUISITE: Dental Hygiene 1D, 3B, 7B, 8B, 9, and 14.

Advanced experience in patient treatment procedures; includes

principles and procedures of Dental Hygiene 5A and Dental Hygiene 5B plus the techniques of soft tissue curettage, nitrous oxide-oxygen analgesia, and nutritional counseling. (A, CSU)

6A DENTAL EMERGENCIES

1 unit, 2 lecture hours, (9 weeks), (Spring, first year)

PREREQUISITE: Dental Hygiene 3A with a grade of "C" or better.

COREQUISITE: Dental Hygiene 1B, 2, 5A, 8A, and 11.

Prevention of emergency situations; management of dental and medical emergencies. CPR certification reviewed. (A, CSU)

6B PHARMACOLOGY

3 units, 3 lecture hours, (Fall, second year)

PREREQUISITE: Dental Hygiene 6A with a grade of "C" or better.

COREQUISITE: Dental Hygiene 5B.

Sources, dosages, therapeutic action, and side effects of drugs used in dentistry; classification, administration, and effects of drugs; pharmacology, pharmacokinetics, and physiology of local anesthetic agents and nitrous oxide gas. Fulfills the computer literacy graduation requirement for Dental Hygiene majors only. (A, CSU)

7A COMMUNITY DENTAL HEALTH I

2 units, 2 lecture hours, (Fall, second year)

PREREQUISITE: Psychology 2 each with a grade of "C" or better.

COREQUISITE: Dental Hygiene 5B.

Procedures for improving public health, community dental health, and target group selection. Introduction to biostatistics and dental research techniques. Principles of education. (A, CSU)

7B COMMUNITY DENTAL HEALTH II

1 unit, 1 lecture hour, (Spring, second year)

PREREQUISITE: Dental Hygiene 7A and Sociology 1A, each with a grade of "C" or better. COREQUISITE: Dental Hygiene 5C.

Community dental health; implementation of target group dental health project; tobacco cessation program; health care delivery systems; available methods for purchase of dental care; community fluoridation and biostatistics. (A, CSU)

8A PATIENT MANAGEMENT

2 units, 2 lecture hours, (Spring, first year)

PREREQUISITE: Dental Hygiene 3A with a grade of "C" or better.

COREQUISITE: Dental Hygiene 1B, 2, 5A, 6A, 11, and 12.

Patient characteristics, motivation, and management; interpersonal communication and treatment planning. Treatment of the compromised patient. (A, CSU)

8B PRACTICE AND FINANCIAL MANAGEMENT

2 units, 2 lecture hours, (Spring, second year)

PREREQUISITE: Dental Hygiene 8A with a grade of "C" or better.

COREQUISITE: Dental Hygiene 5C.

Office practice management and the dental hygienist's role in the office team; ethical and legal aspects of dentistry and dental hygiene; personal business matters relating to dental hygiene practice. (A, CSU)

9 NUTRITION IN DENTISTRY

1 unit, 1 lecture hour, (Spring, second year)

PREREQUISITE: Chemistry 3B and Food and Nutrition 40, each with a grade of "C" or better.

Nutrition as it relates to dentistry; nutritional counseling and dietary surveys with clinical patients. (A, CSU)

10 HEAD AND NECK ANATOMY

2 units, 1 lecture hour, 2 lab hours, (Fall, first year)

PREREQUISITE: Acceptance into the Dental Hygiene Program. Biology 24, with a grade of "C" or better, or Biology 20 and 22, each with a grade of "C" or better. COREQUISITE: Dental Hygiene 1A, 3A, and 4.

Gross anatomical structure; relationship and function of organs of the head and neck regions. Naming of anatomic structures located in the head and neck area. (A, CSU)

11 LOCAL ANESTHESIA

2.5 units, 4 lecture hours, 3 lab hours, (9 weeks), (Spring, first year)

PREREQUISITE: Dental Hygiene 1A and 3A, each with a grade of "C" or better. COREQUISITE: Dental Hygiene 1B, 2, 5A, 6A, and 8A.

Pharmacology and physiology of local and topical anesthetic agents; the concept of pain and pain control; anatomy of the trigeminal nerve, physiology of nerve conduction, and the blockage of nerve impulses. Preparation of the armamentarium for local anesthetic injections and techniques of regional anesthesia in dentistry. (A, CSU)

12 CLINICAL SEMINAR TOPICS I

1 unit, 2 lecture hours, (9 weeks), (Spring, first year)

PREREQUISITE: Dental Hygiene 3A with a grade of "C" or better. COREQUISITE: Dental Hygiene 5A.

Seminar format with discussion of various topics dealing with beginning clinical practice of dental hygiene. Beginning level decision making, dental hygiene diagnosis, treatment planning, implementation of dental hygiene therapy and problem solving of clinical issues encountered in DH 5A, Clinical Dental Hygiene I. Instrument sharpening, beginning instrument sequencing, periodontal assessment charting, and dental computer technology. (A, CSU)

13 CLINICAL SEMINAR TOPICS II

1 unit, 2 lecture hours, (9 weeks), (Fall, second year)

PREREQUISITE: Dental Hygiene 12. COREQUISITE: Dental Hygiene 5B.

Seminar format with discussion of various topics dealing with intermediate clinical practice of dental hygiene. Intermediate level decision making, clinical judgment, dental hygiene diagnosis, and problem solving

of clinical issues encountered in DH 5B, Clinical Dental Hygiene II. Use of diagnostic technology for caries detection, computerized delivery systems for local anesthetics, intermediate instrument sequencing, subgingival irrigation therapy, ultrasonic instrumentation, ergonomics and magnification. (A, CSU)

14 CLINICAL SEMINAR TOPICS III

1 unit, 2 lecture hours, (9 weeks), (Fall, second year)

PREREQUISITE: Dental Hygiene 13 with a grade of "C" or better.

COREQUISITE: Dental Hygiene 5C.

Seminar format with discussion of various topics dealing with advanced clinical practice of dental hygiene. Advanced level of decision making, clinical judgment, dental hygiene diagnosis, and problem solving of clinical issues encountered in DH 5C, Clinical Dental Hygiene III. Preparation for the Dental Hygiene National Board Examination, Mock Board Clinical examination, and state licensure examinations. (A, CSU)

200 CLINICAL DENTAL HYGIENE IV

.2-1 unit, 1.33-8 lab hours, (6 weeks), (Repeats = 3)

PREREQUISITE: Graduation from an accredited Dental Hygiene Program. ADVISORY: Dental Hygiene 5C.

Advanced experience in patient treatment procedures. Principles and procedures of Dental Hygiene 5A, 5B, and 5C. Provides treatment opportunities that allow students to maintain and perfect their dental hygiene skill level between program graduation and successful completion of clinical licensing examinations. Students must have current CPR certification and malpractice insurance.

DEVELOPMENTAL SERVICES (DEVSER)

250 WORKABILITY ASSESSMENT AND CAREER AWARENESS

3 units, 2 lecture hours, 3 lab hours, (Pass/No Pass), (Repeats = 3)

PREREQUISITE: Student must have a diagnosed verifiable disability.

Designed for students with severe disabilities and/or learning disabilities. Emphasizes developing skills in the areas of career assessment, career awareness, career exploration, and career development. Designed to prepare students for employment opportunities.

251 WORKABILITY PREPARATION AND JOB PLACEMENT

3 units, 2 lecture hours, 3 lab hours, (Pass/No Pass), (Repeats = 3)

PREREQUISITE: Student must have a diagnosed verifiable disability.

Designed for students with severe disabilities and/or learning disabilities. Emphasize work preparation, job development, compensatory skills in preparation for work. Disability issues related to employment. Complete an employment portfolio, gain interviewing skills, and become familiar with the Americans with Disabilities Act and disability related issues in the hiring process.

252 WORKABILITY STRATEGIES AND JOB MAINTENANCE

3 units, 2 lecture hours, 3 lab hours, (Pass/No Pass), (Repeats = 3)

PREREQUISITE: Student must have a diagnosed verifiable disability.

Designed for students with severe disabilities and/or learning disabilities.

Give students compensatory skills in strategies in the workplace related to personal disability, work ethics, and socialization. Disability issues related to accommodations on the job will be addressed. Assist students with strategies and techniques to obtain and keep employment opportunities.

255 WORKABILITY EXPERIENCE

1-4 units, 60-240 volunteer or 75-300 paid employment lab hours, (Pass/No Pass), (Repeats = 3)

PREREQUISITE: Student must have a diagnosed disability.

Designed for students with severe disabilities and/or learning disabilities.

Emphasizes developing skills through work experience in the areas of time management, following directions and instructions, appropriate work behaviors, and selecting and planning vocational choices.

260 WORKABILITY

3 units, 3 lecture hours, (Pass/No Pass), (Repeats = 3), (Formerly Developmental Services 60)

PREREQUISITE: Students must have a diagnosed disability.

Offers students with disabilities the opportunity to make successful occupational choices through career exploration, decision-making, and work experience/employment. Designed for students with physical, communicative, and/or learning limitations.

262 GROUP INTERACTION FOR STUDENTS WITH DISABILITIES

2 units, 2 lecture hours, (Pass/No Pass), (Repeats = 1), (Formerly Developmental Services 62)

PREREQUISITE: None.

Development and improvement of self-understanding through group interactions. Designed for students with physical, communicative, developmental, and/or learning limitations.

264 TRANSITION TO COLLEGE FOR STUDENTS WITH DISABILITIES

1 unit, 1 lecture hour, (Pass/No Pass), (Repeats = 3)

PREREQUISITE: Student must have a diagnosed verifiable disability.

Assist students with disabilities in preparing for initial semester in a community college. Navigation of State Center Community College District campuses, resources, academic policies, procedures and services. Course content will cover issues related to accommodations and resources available to students with disabilities to enable them to be successful in a college setting, including disability evaluation and assessment, alternative media, course selection, and scheduling.

272 CONSUMER SKILLS

2 units, 6 lab hours, (Pass/No Pass), (Repeats = 3), (Formerly Developmental Services 72)

PREREQUISITE: None.

Emphasis on home and money management, health, hygiene and safety, and food and nutrition. Designed for the severely disabled and/or developmentally delayed learner.

273 INDEPENDENT LIVING SKILLS FOR DSP&S STUDENTS

2 units, 6 lab hours, (Pass/No Pass), (Repeats = 3), (Formerly Developmental Services 73)

PREREQUISITE: None.

Basic independent living skills. Including appropriate social interaction, self-advocacy, self-care, community involvement, personal choice and managing life events. Designed for students with severe disabilities and/or the developmentally delayed learner.

275 HORTICULTURE SKILLS I

2 units, 6 lab hours, (Pass/No Pass), (Repeats = 3), (Formerly Developmental Services 75)

PREREQUISITE: None.

Basic techniques of foliage plant care and growing vegetables and ornamentals, with emphasis on transferable employment skills. Designed for students with mental health, physical, learning and/or developmental disabilities.

276 HORTICULTURE SKILLS II

2 units, 6 lab hours, (Pass/No Pass), (Repeats = 3), (Formerly Developmental Services 76)

PREREQUISITE: None.

Intermediate techniques of foliage plant care and growing vegetables and ornamentals, with emphasis on transferable employment skills. Designed for students with mental health, physical, learning and/or developmental disabilities.

277 ADAPTED COMPUTER LITERACY

2 units, 1 lecture hour, 3 lab hours (Pass/No Pass), (Repeats = 3), (Formerly Developmental Services 77)

PREREQUISITE: None.

Introduction to computers and commonly used microcomputer applications. Emphasis on computer use and adaptation. In depth coverage of computers and their impact in society. Designed for students with physical, communicative, and/or learning limitations.

278 MODIFIED WORD PROCESSING

2 units, 1 lecture hour, 3 lab hours, (Pass/No Pass), (Repeats = 3), (Formerly Developmental Services 78)

PREREQUISITE: None.

Basic word processing terminology and understanding of Microsoft Word. Designed for the student with physical, communicative, and/or learning limitations.

279 MODIFIED COMPUTER APPLICATIONS

2 units, 1 lecture hour, 3 lab hours, (Pass/No Pass), (Repeats = 3), (Formerly Developmental Services 79)

PREREQUISITE: None.

Expansion and enhancement of word processing, data management, spreadsheet, and other highly marketable microcomputer applications. Designed for students with physical, communicative, and/or learning limitations.

281 PROFESSIONAL PREPARATION FOR STUDENTS WITH DISABILITIES

1 unit, 3 lab hours, (Pass/No Pass), (Repeats = 3), (Formerly Developmental Services 81)

PREREQUISITE: None.

Specifically designed for students with disabilities to job shadow with various community agencies. Emphasis on developing skills in the areas of time management, following directions and instructions, and demonstrating appropriate behaviors in professional social settings.

282 GREENHOUSE WORKFORCE PREP

3 units, 9 lab hours, (Pass/No Pass), (Repeats = 3), (Formerly Developmental Services 82)

PREREQUISITE: None.

Introduction to vocational training in an actual working greenhouse. Assists students in preparing for success in future employment. Topics include ornamental and vegetable plant growing and care, occupational behavior and interpersonal skill development. Designed for students with mental health, physical, learning and/or developmental disabilities.

291 STRATEGIES FOR ACADEMIC SUCCESS

2 units, 2 lecture hours, (Pass/No Pass) (Repeats = 3)

PREREQUISITE: None.

Identification of learning strengths and weaknesses, educational, personal, career goals, study principles, methods and strategies to achieve them. Designed for students with communicative, and/or learning disabilities.

292 COLLEGE AWARENESS SURVIVAL SKILLS

2 units, 2 lecture hours, (Pass/No Pass) (Repeats = 3)

PREREQUISITE: None.

Development of college survival skills. Emphasis on time management, note-taking, test taking, library skills, improvement of communication skills, and career exploration. Designed for students with communicative, and/or a learning disability.

359 DIFFERENTIAL LEARNING DIAGNOSIS

0 units, 8 lab hours, (Pass/No Pass), (Repeats = 3), (Open Entry/Open Exit), (Formerly Developmental Services 59)

PREREQUISITE: None.

Learning Assessment to identify learning strengths and deficits to provide information to the DSP&S for validation & verification of a disability and accommodations needed. Learning disability assessment to determine eligibility for services in California Community Colleges. Designed for the student with physical, communicative, and/or learning limitations.

377 TRANSITION TO INDEPENDENT LIVING AND EDUCATION

30 lab hours, (48 weeks), (Repeats = 3)

PREREQUISITE: Student must be a client of Central Valley Regional Center. Students must have a diagnosed verifiable disability.

Learning Assessment to identify learning strengths and deficits to provide information to the DSP&S for validation & verification of a disability and accommodations needed. Learning disability assessment to determine eligibility for services in California Community Colleges. Designed for the student with physical, communicative, and/or learning limitations.

DRAFTING (DRAFT)

SEE ALSO COMPUTER AIDED DRAFTING AND DESIGN

12 DRAFTING PRACTICES

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 or Applied Technology 130 recommended.

Freehand sketching, orthographic projection, measuring devices, geometric construction, pictorial drawing and dimensioning in preparation for computer aided drafting and design. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL

1-8 units, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to drafting. Collaborative learning objectives established specific to drafting. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

160 MATHEMATICS OF DRAFTING

3 units, 3 lecture hours, (Formerly Drafting 60)

PREREQUISITE: Eligibility for Mathematics 101 or Applied Technology 130.

Elementary algebra review, measurements, logarithms, and trigonometric ratios. (A)

ECONOMICS (ECON)

1A INTRODUCTION TO MACROECONOMICS

3 units, 3 lecture hours

Prerequisite: Mathematics 103. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introductory analysis of aggregate economic variables. Topics include: market systems, aggregate measures of economic activity, macroeconomic equilibrium, money and financial institutions, monetary and fiscal policy, international economics and economic growth. (TCSU ECON 110) (A, CSU-GE, UC, I)

1AH HONORS INTRODUCTION TO MACROECONOMICS

3 units, 3 lecture hours

Prerequisite: Mathematics 103. ADVISORY: Meet the qualifications for consideration for acceptance in the Honors Program recommended. See Honors Program listing in the college catalog.

An introductory analysis of aggregate economic variables. Topics include: market systems, Aggregate measures of economic activity, macroeconomic equilibrium, money and financial institutions, monetary and fiscal policy, international economics and economic growth. Honors sections will discuss and analyze the works of historical economic figures. (TCSU ECON 110) (A, CSU-GE, UC, I)

1B INTRODUCTION TO MICROECONOMICS

3 units, 3 lecture hours

Prerequisite: Mathematics 103. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introductory analysis focusing on the economic choices of individuals. Topics include: scarcity, comparative advantage, market equilibrium, elasticity, cost theory, market structures, factor markets and market failure. (TCSU ECON 120) (A, CSU-GE, UC, I)

1BH HONORS INTRODUCTION TO MICROECONOMICS

3 units, 3 lecture hours

Prerequisite: Mathematics 103. ADVISORY: Meet the qualifications for consideration for acceptance in the Honors Program recommended. See Honors Program listing in the college catalog.

An introductory analysis focusing on the economic choices of individuals. Topics include: scarcity, comparative advantage, market equilibrium, elasticity, cost theory, market structures, factor markets and

market failure. Honors sections will discuss and analyze contemporary economic society in historical context. (TCSU ECON 120) (A, CSU-GE, UC, I)

25 INTRODUCTION TO ECONOMICS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Survey of the development of economic ideas and theories in the context of economic history. Analysis of major economic thinkers. Introduction to contemporary economic issues and policy controversies. This course is primarily for students planning to major in Social Work at CSU Fresno. Other students should consult their counselor before enrolling. (A, CSU-GE)

EDUCATION (EDUC)

30 SURVEY OF AMERICAN EDUCATION

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to concepts and issues related to teaching diverse learners in contemporary schools: Teaching as a profession and career, contemporary educational issues, California's content and performance standards and frameworks, and requirements for earning a teaching credential. Meets California Teaching Commission (CTC) requirements when combined with EDA 19, Educational Aide. (A, CSU, UC)

200A CBEST PREPARATION: ENGLISH

.5 unit, 3 lecture hours, (3 weeks), (Repeats = 3), (Pass/No Pass), (Formerly Education 100 and 100A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and recommended.

A review of reading comprehension and essay writing designed to assist students preparing for the California Basic Education Skills Test (CBEST). Successful passage of CBEST is a requirement for entry into a California K-12 teacher credential program and for employment as a substitute teacher in a California public K-12 school. (The CBEST test also includes mathematics: EDUC 200B.)

200B CBEST PREPARATION: MATHEMATICS

1 unit, 3 lecture hours, (6 weeks), (Pass/No Pass), (Repeats = 3), (Formerly Education 100 and 100B)

ADVISORY: Eligibility for Mathematics 101 recommended.

A review of mathematics designed to assist students preparing for the California Basic Educational Skills Test (CBEST). Successful passing of the CBEST is a California requirement for entry into a K-12 public school teacher credential program and for substitute teaching. (The CBEST test is divided into three sections. The other sections, reading and writing, are covered in EDUC 200A.)

EDUCATIONAL AIDE (EDA)

1 TUTOR TRAINING

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 3)

PREREQUISITE: None.

Concepts, principles, and methods of one-on-one and group tutoring with supervised practice. Designed for tutors working in college tutorial, math, and English learning centers, and for students employed or desiring future employment as educational or instructional aides or as teachers. (A, CSU)

6 SURVEY OF SPECIAL EDUCATION

3 units, 3 lecture hours, (Formerly Educational Aide 60)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The role of the special education assistant in the training of students with disabilities. Special education history, philosophy, goals, schools, curriculum, evaluation methods and entry requirements into educational aide positions. Field trips required. (A, CSU)

7 EDUCATIONAL AIDE TRAINING — LEARNING DISABILITIES

3 units, 3 lecture hours, (Formerly Educational Aide 61)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The focus is on the field of special education with emphasis on the role of the Special Education Aide in educating learning disabled students. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL

1-8 units, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to educational aide. Collaborative learning objectives established specific to educational aide. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

ELECTRICITYSEE ELECTRICAL SYSTEMS TECHNOLOGY

ELECTRICAL SYSTEMS TECHNOLOGY (EST)FORMERLY ELECTRONIC TECHNOLOGY

**19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
1-8 units, (Repeats = 2), (Formerly Electronic
Technology 19)**

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to electrical systems technology. Collaborative learning objectives established specific to electrical systems technology. Seventy-five hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

**50 INTRODUCTION TO ELECTRONICS
2.5 units, 5 lecture hours, (9 weeks), (Formerly
Electronic Technology 50)**

PREREQUISITE: None.

An introduction to the electrical systems technology program. Intensive review and practice in the reading and math skills necessary for success in this career field. (A, CSU)

**51 DIRECT CURRENT FUNDAMENTALS OF ELECTRONICS
3 units, 3 lecture hours, 1 lab hour, (Repeats = 3),
(Formerly Electronic Technology 51)**

ADVISORY: Electrical Systems Technology 53.

Fundamental principles and applications of direct current circuits. Emphasis on properties of conductors, insulators, and basic components and circuit theory. (A, CSU)

**52 ALTERNATING CURRENT FUNDAMENTALS
3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)**

PREREQUISITE: None.

Alternating current fundamentals including applicable laws, principles and devices. Designed to meet the needs of industry and for more advanced electronic courses. (A, CSU)

**53 LAB SAFETY PRACTICES
2 units, 2 lecture hours, 1 lab hour, (Repeats = 3),
(Formerly Electronic Technology 57)**

PREREQUISITE: None.

Introduction to the proper and safe use of hand tools, electrical devices/instruments, and component identification, and general circuit assembly procedures. (A, CSU)

**54 INTEGRATED DEVICES
3 units, 3 lecture hours, 1 lab hour, (Formerly
Electronic Technology 52)**

ADVISORY: ELECTRICAL SYSTEMS TECHNOLOGY 51 AND 52.

Fundamentals of integrated devices and their applications. Proper and safe use of test equipment. (A, CSU)

**55A DIGITAL CONCEPTS
3 units, 3 lecture hours, 1 lab hour, (Repeats = 3),
(Formerly Electronic Technology 53)**

PREREQUISITE: None.

Introduction to digital systems and subcomponents. Introduction to analog vs. digital world, numbering systems, logic gates, digital transmission and communication, decoders, encoders, multiplexer and multiplexed transmission, registers and memory devices, as well as, digital circuit design on computers. (A, CSU)

**55B FACILITY AUTOMATION
3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)**

PREREQUISITE: None.

Facility automation fundamentals identifying various aspects of the control systems within a commercial building. (A, CSU)

**55C SCADA SYSTEMS
2 units, 2 lecture hours, 1 lab hour, (Repeats = 3)**

ADVISORY: Electrical Systems Technology 51, 55A, and 58.

Principles and application of SCADA. Aspects of the data acquisition system from specification and application. Gives a solid understanding of interfacing a PC to real world measurement devices. (A, CSU)

**56A WIRING METHODS
3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)**

ADVISORY: Electrical Systems Technology 54.

Introduction and application of electrical wiring methods as recognized by the National Electrical Code. Includes wiring methods and procedures for residential, commercial and industrial applications. Major emphasis will be placed upon electrical safety as applied to electrical power systems. (A, CSU)

56B MOTOR CONTROLS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

ADVISORY: Electrical Systems Technology 54.

Investigation and implementation of motor control. Emphasis on the fundamentals of motor operation, electrical systems, controls as well as the National Electrical Code. (A, CSU)

56C INDUSTRIAL ELECTRONICS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

ADVISORY: Electrical Systems Technology 54 and 58.

Application of electronic principles in the industrial environment. Emphasis on power circuits, control circuits and electronic components. (A, CSU)

57A ANALOG COMMUNICATIONS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

ADVISORY: Electrical Systems Technology 54 and 55.

Analog modulation techniques and the frequency spectrum. (A, CSU)

57B DIGITAL COMMUNICATIONS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

PREREQUISITE: Electrical Systems Technology 55A. ADVISORY: Electrical Systems Technology 54.

Digital multiplexing, digital conversions, and modems. (A, CSU)

57C VOICE AND DATA CABLING

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

ADVISORY: Electrical Systems Technology 54.

The course focuses on cabling issues related to data and voice connections and provides an understanding of the industry and its worldwide standards, types of media and cabling, physical and logical networks, as well as signal transmission. (A, CSU)

58 PROGRAMMABLE LOGIC CONTROLLERS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3),

(Formerly Electronic Technology 58)

PREREQUISITE: None.

Programmable controllers, basic programming of programmable logic controllers, and input/output device interfacing. (A, CSU)

59 INSTRUMENTATION SYSTEMS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3),

(Formerly Electronic Technology 60)

PREREQUISITE: None.

Basic instrumentation and control concepts with application in process control systems. Calibrating, terminology, and Piping and Instrument Diagram (P&ID) symbols as established by the Instrumentation, Systems, and Automation Society. (A, CSU)

60 A+PC MAINTENANCE

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3),

(Formerly Electronic Technology 61)

PREREQUISITE: None.

Skills for computer hardware support; installation, configuration, diagnosing and troubleshooting computer hardware. (A, CSU)

61 NETWORKING FUNDAMENTALS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

(Formerly Electronic Technology 59)

ADVISORY: Electrical Systems Technology 55A, 60 and Applied Technology 10 strongly recommended.

Local Area Networks fundamentals. Providing a theoretically rich, hands-on introduction to networking and the Internet. First class in a series of four in preparation for the CISCO CCNA Certification. (A, CSU)

62 ROUTER PROTOCOLS AND CONCEPTS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

PREREQUISITE: Electrical Systems Technology 61.

Local Area Network routers, including basic router configuration and routing protocols. Second class in a series of four for preparation for the Cisco CCNA Certification. (A, CSU)

63 ADVANCED ROUTING AND SWITCHING

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

PREREQUISITE: Electrical Systems Technology 62.

How to configure a switch for basic functionality and how to implement Virtual LANs, VTP, and Inter-VLAN routing in a converged network. The different implementations of Spanning Tree Protocol in a converged network are presented, and students develop the knowledge and skills necessary to implement a WLAN in a small-to-medium network. The third class in a series of four in preparation for the CISCO CCNA Certification. (A, CSU)

64 ADVANCED NETWORKING AND MANAGEMENT

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

PREREQUISITE: Electrical Systems Technology 63.

WAN technologies and network services; implementation and configure of data link protocols and WAN security concepts, principles of traffic, access control, and addressing services. Fourth class in a series of four in preparation for the CISCO CCNA Certification. (A, CSU)

65 BUILDING SCALABLE INTERNETWORKS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

PREREQUISITE: Electrical Systems Technology 64 or CISCO CCNA Certification (Industry Standard/Certification).

Teaches students about the deployment of state-of-the-art campus LANs and WANs. Students will develop skills in the following areas: Campus Networks, configuring EIGRP, OSPF, IS-IS, and BGP routing protocols and how to manipulate and optimize routing updates between routing protocols.

Other topics include multicast routing, IPv6, and DHCP configuration. First class in a series of four in preparation for the CISCO CCNP Certification. (A, CSU)

66 BUILDING MULTILAYER SWITCHED NETWORKS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

PREREQUISITE: Electrical Systems Technology 65.

Multilayer Switching teaches students about the deployment of state-of-the-art campus LANs. Students will develop skills in the following areas: Campus Networks, Virtual Local Area Networks (VLANs), Spanning Tree Protocol, Inter-VLAN Routing, and Configuring Switches to Support Voice. Second class in a series of four in preparation for the CISCO CCNP Certification. (A, CSU)

67 IMPLEMENTING SECURE CONVERGED WANS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

PREREQUISITE: Electrical Systems Technology 65.

An introduction to secure enterprise-class networks, including VPNs, MPLS, and IPsec protocols. Third class in a series of four in preparation for the CISCO CCNP Certification. (A, CSU)

68 OPTIMIZING CONVERGED NETWORKS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

PREREQUISITE: Electrical Systems Technology 66 and 67.

Introduces students to optimizing and providing effective QoS techniques in converged networks operating voice, wireless and security applications. Fourth class in a series of four in the preparation for the CISCO CCNP Certification. (A, CSU)

80 INTRODUCTION TO ENERGY SYSTEMS OF PAST, PRESENT AND FUTURE

2 units, 2 lecture hours, (Repeats = 3)

PREREQUISITE: None.

An introduction to energy systems (transportation, generation, and lifestyle systems) of the past, present and future. Includes the need to evaluate future energy systems for sustainability and their impact on man and the environment. (A, CSU)

96A NATIONAL ELECTRICAL CODE PART 1

3 units, 3 lecture hours, (Repeats = 3), (See also Building Safety and Code Administration 17)

PREREQUISITE: None.

Application of all rules for engineering, designing, installing, maintaining, and inspecting electrical systems. Designed for newcomers and professionals seeking preparation for obtaining additional certifications or further knowledge. Branch circuits, electrical services, overcurrent protection and grounding Part I. (A, CSU)

96B NATIONAL ELECTRICAL CODE PART 2

3 units, 3 lecture hours, (Repeats = 3), (See also Building Safety and Code Administration 27)

PREREQUISITE: None.

Application of the rules for engineering, designing, installing, maintaining and inspecting installations. Designed for newcomers to the electrical industry and professional seeking preparation for obtaining additional certifications or further knowledge. General wiring, motors, controls, transformers, other equipment and grounding, Part II. (A, CSU)

96C NATIONAL ELECTRICAL CODE PART 3

3 units, 3 lecture hours, (Repeats = 3), (See also Building Safety and Code Administration 37)

PREREQUISITE: None.

Application of the rules for engineering, designing, installing, maintaining and inspecting electrical installations. Designed for newcomers to the electrical industry and professionals seeking preparation for obtaining additional certifications or further knowledge. General wiring, motors, controls, transformers, other equipment and grounding. (A, CSU)

96D NATIONAL ELECTRICAL CODE–ELECTRICAL SAFETY

3 units, 3 lecture hours, (Repeats = 3), (See also Building Safety and Code Administration 47)

PREREQUISITE: None.

Fundamentals of electrical safety as required by NFPA Document 70E. (A, CSU)

175 RESIDENTIAL WIRING

4 units, 3 lecture hours, 4 lab hours, (Repeats = 3),

(See also Construction 175), (Formerly Electronic Technology 75 and Electrical Systems Technology 75)

ADVISORY: Eligibility for Applied Technology 130 or Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 or 68 recommended.

Introduction, technique and installation of the electrical wiring system for a single-family residence. Installation of the actual wiring system for the Fresno City College construction department's single-family residence at an off-campus location. Emphasis on current wiring practices and electrical codes. (A)

269A FUNDAMENTALS OF NETWORK SECURITY–FIREWALLS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 1)

PREREQUISITE: Electrical Systems Technology 64 or equivalent.

Security policy design and management; security technologies, products, and solutions; firewall and secure router design, installation, configuration, and maintenance.

269B FUNDAMENTALS OF WIRELESS LANS

3 units, 3 lecture hours, 1 lab hour, (Repeats = 3)

PREREQUISITE: Electrical Systems Technology 62 or equivalent.

The design, planning, implementation, operation, and troubleshooting of Wireless LANS.

271 ELECTRICAL LINE/UTILITY WORKER

12 units, 20.9 lecture hours, 10 lab hours, (9 weeks),
(Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Specific electrical lineworker training to prepare students for direct entry/employment as a “Electrical Utility Worker” leading to an “Apprenticeship Lineworker”.

ELECTRONICS

SEE ELECTRICAL SYSTEMS TECHNOLOGY (EST)

ENGINEERING (ENGR)

1A ELEMENTARY PLANE SURVEYING 1

4 units, 3 lecture hours, 3 lab hours

PREREQUISITE: Mathematics 4A.

Principles and practice of surveying measurements, computation, and data analysis. Includes measurements of distance, angle and direction, error analysis, and topographic mapping. Application to the solution of surveying and construction field assignments. (A, CSU, UC)

1B ELEMENTARY PLANE SURVEYING 2

4 units, 3 lecture hours, 3 lab hours

PREREQUISITE: Engineering 1A.

Principles and practice of surveying measurement. Introduction to Global Positioning Systems (GPS), Geographical Information Systems (GIS), management and representation of surveying and mapping data, astronomy for surveying measurement. (A, CSU, UC)

2 GRAPHICS

4 units, 2 lecture hours, 6 lab hours

ADVISORY: Mathematics 4A and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Principles of orthographic and axonometric projection, sketching, dimensioning and tolerances. Introduction to computer aided design (CAD). Application to the solution of engineering problems. (A, CSU, UC)

4 ENGINEERING MATERIALS

3 units, 3 lecture hours, (Formerly Engineering 32)

PREREQUISITE: Chemistry 1A and Physics 4A.

Properties of engineering materials and their relation to atomic structure. The effect of microstructure on the mechanical, electrical, magnetic and thermal properties. Phase equilibria and strengthening processes for metals, ceramics, and polymers. (A, CSU, UC)

6 CIRCUITS WITH LAB

4 units, 3 lecture hours, 3 lab hours

PREREQUISITE: Physics 4B. COREQUISITE: Mathematics 7.

An introduction to the solution of the equations arising from the applications of Kirchoff's laws and Thevenin's theorem to DC and AC circuits. Topics include mesh and nodal analysis, periodic forcing functions, phasors, frequency response, resonant circuits, natural and complete response, analog signal systems, dependent sources, and the characteristics of operational amplifiers. (A, CSU, UC)

8 STATICS

3 units, 3 lecture hours, (Formerly Engineering 25)

PREREQUISITE: Physics 4A. COREQUISITE: Mathematics 6.

Rigid bodies in static equilibrium when acted upon by forces and couples in two- and three-dimensional space. Included are the equilibrium of rigid bodies, trusses, frames, and machines, as well as the calculations of the centers of mass, centroids, friction, and moments of inertia. Additional topics which may be covered include distributed forces in cables, beams, and fluid statics; mass moments of inertia; and virtual work. (A, CSU, UC)

10 INTRODUCTION TO ENGINEERING

2 units, 2 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to the engineering profession for students interested in a career in engineering or technology. Topics include analytical problem solving techniques, career opportunities, professional ethics, and the design process. Projects and field trips required. (A, CSU, UC)

11 MANUFACTURING PROCESSES

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Processing and manufacturing techniques for steel, ceramics, polymers, composites and other industrial materials. Topics include the capabilities and limitations of casting, welding, forming, and machining. Demonstrations and field trips may be included. (A, CSU)

ENGINEERING TECHNOLOGY

SEE DRAFTING

ENGLISH (ENGL)**1A READING AND COMPOSITION**

4 units, 4 lecture hours

PREREQUISITE: A "Credit" grade in English 125 or English as a Second Language 67 and English 126 or English as a Second Language 68 or appropriate score on reading and writing sections of the Placement Test.

Reading, analyzing, and writing college-level prose, with emphasis on the expository; studying writing as a process; exploring different writing strategies; summarizing, editing, and critiquing; conducting research (gathering, organizing, evaluating, integrating and documenting information). (A, CSU-GE, UC, I)

1AH HONORS READING AND COMPOSITION

4 units, 4 lecture hours, (Formerly Honors 1E)

PREREQUISITE: A "Credit" grade in English 125 or English as a Second Language 67 and English 126 or English as a Second Language 68 or appropriate score on reading and writing sections of the Placement Test. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Reading, analyzing, and writing college-level prose, with emphasis on the expository; studying writing as a process; exploring different writing strategies; summarizing, editing, and critiquing; conducting research (gathering, organizing, evaluating, integrating and documenting information). Honors sections may cover additional subject matter such as creative writing, peer response, the study of oral narrative and its relationship to writing and composing on the computer. (A, CSU-GE, UC, I).

1B INTRODUCTION TO THE STUDY OF LITERATURE

3 units, 3 lecture hours

PREREQUISITE: English 1A or the equivalent.

Reading and critical analysis of short stories, novels, poems, and plays. (A, CSU-GE, UC, I)

1BH HONORS INTRODUCTION TO THE STUDY OF LITERATURE

3 units, 3 lecture hours, (Formerly Honors 1F)

PREREQUISITE: English 1A or the equivalent. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Reading and critical analysis of short stories, novels, poems, and plays. Honors sections may cover additional subject matter such as introduction to formal literary criticism in addition to more extensive reading of literature and additional writing. (A, CSU-GE, UC, I).

3 CRITICAL READING & WRITING

3 units, 3 lecture hours

PREREQUISITE: English 1A.

Developing critical thinking skills in reading and writing beyond English 1A. Reasoning for analysis and argument writing based mainly on non-fiction readings. (A, CSU-GE, UC, I)

3H HONORS CRITICAL READING & WRITING

3 units, 3 lecture hours

PREREQUISITE: English 1A. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Developing critical thinking skills in reading and writing beyond English 1A. Reasoning for analysis and argument writing based mainly on non-fiction readings. Honors sections may cover additional subject matter, such as more in-depth analytical research, extensive analysis of rhetorical discourse, and the study of how critical reasoning and argument is utilized in content area research and practice. (A, CSU-GE, UC, I)

4 STRUCTURE OF ENGLISH

3 units, 3 lecture hours, (See also Linguistics 4)

PREREQUISITE: Eligibility for English 125 and 126 or English as a Second Language 67 and 68.

The principles of the English spelling system, word formation and morphology, and basic and advanced grammatical analysis. (A, CSU, UC)

6 POWER READING

3 units, 3 lecture hours

PREREQUISITE: Eligibility for English 1A.

Advances reading comprehension, enlarges vocabulary, develops flexibility of reading rate of college level material. (A, CSU)

12 THE BIBLE AS LITERATURE

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent. English 1B is not a prerequisite for this class.

A survey of the Bible as literature. Reading and critical analysis of the Old and New Testaments. (A, CSU-GE, UC, I)

14 FOLKLORE

3 units, 3 lecture hours

PREREQUISITE: English 1A or the equivalent. English 1B is not a prerequisite for this course.

Reading and critical analysis of folklore and folk literature from around the world in literature, film, and the visual arts, including the cultural and literary roots of folklore and folk literature. (A, CSU-GE, UC, I)

15A CREATIVE WRITING: POETRY

3 units, 3 lecture hours, (Repeats = 1), (Formerly English 15)

PREREQUISITE: English 1A or the equivalent.

Writing poetry for critical review. (A, CSU-GE, UC)

15B CREATIVE WRITING: FICTION

3 units, 3 lecture hours, (Repeats = 1)

PREREQUISITE: English 1A or the equivalent.

Writing fiction for critical review. (A, CSU-GE, UC)

15C CREATIVE WRITING: PLAYWRITING

3 units, 3 lecture hours, (Repeats = 1), (See also Theatre Arts 15C)

PREREQUISITE: English 1A or the equivalent.

Writing plays for critical review. (A, CSU-GE, UC)

15D CREATIVE WRITING: AUTOBIOGRAPHY

3 units, 3 lecture hours, (Repeats = 1)

PREREQUISITE: English 1A or the equivalent.

Writing autobiography for critical review. (A, CSU-GE, UC)

17 AFRICAN-AMERICAN LITERATURE

3 units, 3 lecture hours, (See also African-American Studies 17)

PREREQUISITE: English 1A.

Reading critical works of African and African-American writers and understanding their cultural values and themes as expressed in essays, short stories, novels, poetry, and plays. (A, CSU-GE, UC, I)

20 ASIAN-AMERICAN LITERATURE

3 units, 3 lecture hours, (See also Asian-American Studies 20)

PREREQUISITE: English 1A or the equivalent.

Survey of Asian-American classic and contemporary literature. Reading and writing critical analysis of novels, short stories, poems and plays. (A, CSU, UC)

36 WOMEN IN LITERATURE

3 units, 3 lecture hours, (See also Women's Studies 36)

PREREQUISITE: English 1A or equivalent. English 1B is not a prerequisite for this course.

Survey of literature by and about women in fiction, drama, poetry, biography, and essay. Covers multicultural and international literature from classical to contemporary periods, in addition to feminist and gender theory. (A, CSU-GE, UC, I)

40 CRITICAL THINKING ABOUT LITERATURE

3 units, 3 lecture hours, (Repeats = 1)

PREREQUISITE: English 1A. English 1B is not a prerequisite for this course.

Themes, authors, or genres through close readings, contextual approaches, interpretations, and critical evaluations. The subject will vary with the instructors, for example, "Rites of Passage in the American Consciousness," "The Detective as Hero"; Emily Dickinson, Carlos Fuentes; popular literature, science fiction. (A, CSU-GE, UC)

42 CLASSIC MYTHS

3 units, 3 lecture hours

PREREQUISITE: English 1A. English 1B is not a prerequisite for this course.

Reading and critical analysis of basic mythic themes in literature, film, and the visual arts. The origin of myths in ritual, their development in western civilization, and their ultimate form and continued presence in the arts. (A, CSU-GE, UC, I)

44A WORLD LITERATURE TO THE RENAISSANCE

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent. English 1B is not a prerequisite for this class.

A survey of the most enduring fiction, drama, and poetry from classical antiquity to the renaissance. (A, CSU-GE, UC, I)

44B WORLD LITERATURE SINCE THE RENAISSANCE

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent. Neither English 1B nor English 44A is a prerequisite for this class.

A survey of the most enduring fiction, drama, and poetry from the neo-classic era to the present. (A, CSU-GE, UC, I)

45 CONTEMPORARY WORLD LITERATURE

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent. English 1B is not a prerequisite for this class.

Contemporary works in world literature in fiction, drama, poetry, biography, and essay. (A, CSU-GE, UC, I)

46A ENGLISH LITERATURE TO 1800

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent. English 1B is not a prerequisite for this class.

A survey of British and Irish fiction, poetry, and drama from the earliest writings through 1800. (A, CSU-GE, UC, I)

46B ENGLISH LITERATURE FROM 1800 TO THE PRESENT

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent. Neither English 1B nor English 46A is a prerequisite for this class.

A survey of British and Irish fiction, poetry, and drama of the Romantic, Victorian, and Contemporary periods. (A, CSU-GE, UC, I)

47 INTRODUCTION TO SHAKESPEARE

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent.

An introduction to the plays and poetry of William Shakespeare, including selections from the tragedies, comedies, histories, and sonnets. (A, CSU-GE, UC, I)

48A INTRODUCTION TO AMERICAN LITERATURE TO WORLD WAR I

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent. English 1B is not a prerequisite for this class.

A survey of short stories, novels, poetry, essays, and plays produced by the greatest American writers of the period. (A, CSU-GE, UC, I)

48B INTRODUCTION TO AMERICAN LITERATURE FROM WORLD WAR I TO THE PRESENT

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent. Neither English 1B nor English 48A is a prerequisite for this class.

A survey of short stories, novels, poetry, essays, and plays produced by the greatest American writers of the period. (A, CSU-GE, UC, I)

105 GRAMMAR AND PUNCTUATION

2 units, 2 lecture hours, (Formerly English 5)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Elements of basic sentence structure, including appropriate punctuation. (A)

125 WRITING SKILLS FOR COLLEGE

4 units, 4 lecture hours, (Formerly English A and 25)

PREREQUISITE: Designated score on English placement test or satisfactory completion of English 252 or 282. Not recommended for students learning English as a second language.

Develops the process of writing, revising and finishing short papers, including logical development and organization of ideas. Emphasizes avoiding common writing errors; develops critical thinking and writing by reading model essays by analyzing and utilizing rhetorical strategies appropriate to purpose and audience. Develops basic research skills. Prepares students for English 1A. (A)

126 READING SKILLS FOR COLLEGE

4 units, 4 lecture hours, (Formerly English 26)

PREREQUISITE: Designated score on English placement test with other relevant criteria or satisfactory completion of English 262 or 278. Not recommended for students learning English as a second language. Not recommended for students with identified learning disabilities.

Advances students' reading skills into college-level proficiencies in the areas of vocabulary usage, literal comprehension, and critical reading skills. Trains students to use various reading and reporting strategies for different writing styles. Emphasizes reading as a problem-solving process. (A)

159 BUSINESS ENGLISH

2 units, 2 lecture hours, (Formerly English 59)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Review for business use the basic mechanics of English grammar, parts of speech, sentence structure, punctuation, and capitalization. (A)

250 BASIC WRITING

4 units, 4 lecture hours, (Pass/No Pass), (Formerly English 50)

PREREQUISITE: Designated score on English placement test with other relevant criteria. Not recommended for students learning English as a second language. Not primarily for students with identified learning disabilities.

Students will develop a basic understanding of paragraph and essay structures and an understanding that writing is for communication. Students will identify possible essay topics and develop a rudimentary ability to find and correct grammatical errors. This course prepares students for English 252. Students must satisfactorily complete coursework to receive credit for the course.

252 WRITING IMPROVEMENT

4 units, 4 lecture hours, (Pass/No Pass), (Formerly English 52)

PREREQUISITE: Designated score on English placement test with other relevant criteria or satisfactory completion of English 250 or 281. Not recommended for students learning English as a second language. Not primarily for students with identified learning disabilities.

Developing writing skills. Understanding, finding and correcting grammatical errors. Prepares students for English 125. Students must satisfactorily complete course work to receive credit for the class.

260 BASIC READING

4 units, 4 lecture hours, (Pass/No Pass), (Formerly English 60)

PREREQUISITE: Designated score on English placement test with other relevant criteria recommended. Not recommended for students learning English as a second language. Not recommended for students with identified learning disabilities.

Developing comprehension. Determining main ideas and important details. Encouraging positive attitudes toward reading. Prepares students for English 262. Students must satisfactorily complete course work and pass a reading comprehension test to receive credit for the course.

262 READING IMPROVEMENT

4 units, 4 lecture hours, (Pass/No Pass), (Formerly English 62)

PREREQUISITE: Designated score on English placement test with other relevant criteria or satisfactory completion of English 260 or 277. Not recommended for students learning English as a second language. Not recommended for students with identified learning disabilities.

Developing vocabulary and reading comprehension skills. Fostering positive attitudes toward reading. Prepares students for English 126. Students must satisfactorily complete course work and pass a reading comprehension test to receive credit for the course.

277 READING SKILLS

3 units, 2 lecture hours, 2 lab hours, (Pass/No Pass),
(Repeats = 3), (Formerly English 77)

PREREQUISITE: Designated score on English placement test with other relevant criteria. Not recommended for students learning English as a second language. Students must have a diagnosed verifiable disability.

Development of basic reading readiness skills through learning main ideas and important details. Prepares students for English 262 and 278.

278 READING COMPREHENSION

3 units, 2 lecture hours, 2 lab hours, (Pass/No Pass),
(Repeats = 3), (Formerly English 78)

PREREQUISITE: Designated score on English placement test with other relevant criteria or satisfactory completion of English 277. Not recommended for students learning English as a second language. Students must have a diagnosed verifiable disability.

Development of reading skills through vocabulary usage, literal comprehension, and critical comprehension. Development of various strategies for comprehending different types of written materials. Prepares students for English 126.

279 BEGINNING SPELLING, VOCABULARY, PENMANSHIP

2 units, 1 lecture hour, 3 lab hours, (Pass/No Pass),
(Repeats = 3), (Formerly English 79)

PREREQUISITE: Students must have a diagnosed verifiable disability.

Spelling, vocabulary building, and penmanship at the 3rd to 6th grade level.

280 ADVANCED SPELLING AND VOCABULARY

2 units, 1 lecture hour, 3 lab hours, (Pass/No Pass),
(Repeats = 3), (Formerly English 80)

PREREQUISITE: Students must have a diagnosed verifiable disability.

An emphasis on spelling and vocabulary building at 6th to 9th grade level.

281 SENTENCE AND GRAMMAR WRITING

3 units, 2 lecture hours, 2 lab hours, (Pass/No Pass),
(Repeats = 3), (Formerly English 81)

PREREQUISITE: Designated score on English placement test with other relevant criteria. Not recommended for students learning English as a second language. Students must have a diagnosed verifiable disability.

Development of a basic understanding of paragraph and essay structures and an understanding that writing is for communication. Identification of possible essay topics and develop an ability to find and correct grammatical errors. Prepares students for English 252 or 282.

282 PARAGRAPH WRITING

3 units, 2 lecture hours, 2 lab hours, (Pass/No Pass),
(Repeats = 3), (Formerly English 82)

PREREQUISITE: Designated score on English placement test with other relevant criteria or satisfactory completion of English 250 or 281. Not primarily recommended for students learning English as a second language. Students must have a diagnosed verifiable disability.

Development of writing skills through understanding, finding and correcting grammatical errors. Prepares students for English 125.

ENGLISH AS A SECOND LANGUAGE (ESL)

67 ADVANCED WRITING AND GRAMMAR

4 units, 4 lecture hours, (Formerly English 54D)

PREREQUISITE: Use of language other than English as a primary language. Designated score on the English as a Second Language placement test or completion of English as a Second Language 265W with a grade of "C" or better.

At an advanced level, develops the process of writing, revising and editing compositions, a process which includes logical development and organization of ideas; develops analytical and critical thinking skills by reading and responding to model essays; reinforces grammar skills; develops study skills for an academic environment; prepares speakers of other languages for English 1A. (A, CSU)

68 ADVANCED READING AND VOCABULARY

4 units, 4 lecture hours

PREREQUISITE: Use of language other than English as a primary language. Designated score on English as a Second Language placement test or completion of English as a Second Language 265R with a grade of "C" or better.

Advances students' skills in the areas of vocabulary usage, literal comprehension, critical reading, and cultural inferences as necessary for mainstream college classes. Improves students' reading skills and trains students to use reading strategies that can be applied to various reading tasks. Emphasizes reading as a problem-solving process. (A, CSU)

262 BASIC ACADEMIC STUDY SKILLS

3 units, 3 lecture hours, (Pass/No Pass), (Formerly
English 55A and English as a Second Language 62)

PREREQUISITE: Use of language other than English as primary language. Designated score on English as a Second Language placement test.

Beginning grammar, writing, reading, vocabulary, listening, speaking, and study skills. Designed to prepare speakers of other languages for English as a Second Language 263W and 263R.

263R LOW INTERMEDIATE READING AND VOCABULARY

4 units, 4 lecture, (Pass/No Pass), (Formerly English as a Second Language 63R)

PREREQUISITE: Use of language other than English as a primary language. Designated score on English as a Second Language placement test or completion of English as a Second Language 262 with a grade of "C" or better.

Advances students' skills in the areas of vocabulary usage, literal comprehension, critical reading, and cultural inferences as necessary for mainstream college classes. Improves students' reading skills and trains students to use reading strategies that can be applied to various reading tasks. Emphasizes reading as a problem-solving process.

263W LOW INTERMEDIATE WRITING AND GRAMMAR

4 units, 4 lecture hours, (Pass/No Pass), (Formerly English 54A and English as a Second Language 63 and 63W)

PREREQUISITE: Use of language other than English as primary language. Designated score on English as a Second Language placement test or completion of English as a Second Language 262 with a grade of "C" or better.

Develops the process of writing, revising and editing at high-beginning to low-intermediate level. Designed to prepare speakers of other languages for English as a Second Language 264W.

264R INTERMEDIATE READING AND VOCABULARY

4 units, 4 lecture, (Pass/No Pass), (Formerly English as a Second Language 64R)

PREREQUISITE: Use of language other than English as a primary language. Designated score on English as a Second Language placement test or completion of English as a Second Language 263R with a grade of "C" or better.

Advances students' skills in the areas of vocabulary usage, literal comprehension, critical reading, and cultural inferences as necessary for mainstream college classes. Improves students' reading skills and trains students to use reading strategies that can be applied to various reading tasks. Emphasizes reading as a problem-solving process.

264W INTERMEDIATE WRITING AND GRAMMAR

4 units, 4 lecture hours, (Pass/No Pass), (Formerly English 54B and English as a Second Language 64 and 64W)

PREREQUISITE: Use of language other than English as primary language. Designated score on English as a Second Language placement test or completion of English as a Second Language 263W with a grade of "C" or better.

Develops the process of writing, revising, and editing at an intermediate level. Includes the preparation for and composition of paragraphs and appropriate grammar as taught through model essays and exercises. Designed to prepare speakers of other languages for English as a Second Language 265W.

265R HIGH INTERMEDIATE READING AND VOCABULARY

4 units, 4 lecture hours, (Pass/No Pass), (Formerly English as a Second Language 65R)

PREREQUISITE: Use of language other than English as a primary language. Designated score on English as a Second Language placement test or completion of English as a Second Language 264R with a grade of "C" or better.

Advances students' skills in the areas of vocabulary usage, literal comprehension, critical reading, and cultural inferences as necessary for mainstream college classes. Improves students' reading skills and trains students to use reading strategies that can be applied to various reading tasks. Emphasizes reading as a problem-solving process.

265W HIGH INTERMEDIATE WRITING AND GRAMMAR

4 units, 4 lecture hours, (Pass/No Pass), (Formerly English 54C and English as a Second Language 65 and 65W)

PREREQUISITE: Use of language other than English as a primary language. Designated score on English as a Second Language placement test or completion of English as a Second Language 264W with a grade of "C" or better.

Develops the process of writing, revising, and editing at a high-intermediate level. Includes the preparation for and composition of essays and use of appropriate grammar as taught through model essays and exercises. Designed to prepare speakers of other languages for English as a Second Language 67.

270 PRONUNCIATION IMPROVEMENT AND ACCENT REDUCTION

3 units, 3 lecture hours, (Pass/No Pass), (Repeats = 1)

ADVISORY: Eligibility for English as a Second Language 265W, English as a Second Language 265R recommended.

For English as a Second Language students at the intermediate to advanced levels to improve oral communication (listening/speaking) skills including phonetic accuracy and fluency. Improving oral communication skills results in greater speaker confidence and intelligibility.

273 ENGLISH ESSENTIALS FOR HEALTH PROFESSIONALS

2 units, 2 lecture hours, (Pass/No Pass)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The development of reading, critical thinking, and study strategies to successfully manage assignments in Allied Health classes. Emphasis will be on the acquisition, pronunciation, and effective use of language as it applies to the health professions. The class will include the examination of underlying language structures and the medical vocabulary needed to support reading comprehension and analysis of texts and professional journals related to health issues and health delivery systems.

FASHION AND TEXTILES STUDIES (FSHTX)

20 TEXTILES

3 units, 3 lecture hours, 1 lab hour, (Formerly Home Economics 11 and 20 and Fashion Merchandising 20)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introductory analysis of textile fibers, yarns, fabrications, dyestuffs, and finishes. Emphasis on selection, use, performance, suitability, and care of textiles for apparel and home furnishings. Legislation, labeling, simple testing, and evaluation of performance. Hands-on experience testing fiber characteristics and care. Appropriate for students in fashion merchandising, apparel construction, and interior design, as well as for all consumers who wear and care for apparel and furnishings. (A, CSU, UC)

22 FASHION ANALYSIS AND WARDROBE SELECTION

3 units, 3 lecture hours, (Formerly Retailing Fashion 8 and Fashion Merchandising 22)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

The function of clothing and its relationship to society and to individuals. The sociological, psychological, physical, and aesthetic aspects of apparel. Applied problems included to differentiate individual style needs based upon lifestyle, personal coloring, body proportions, and fashion personality. An introductory course for the fashion majors, home sewers, costume designers, and consumers seeking to explore apparel which is appropriate for various fashion images. (A, CSU)

24 BEGINNING SEWING

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3), (Formerly Home Economics 24)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Basic techniques for developing skills in the construction of apparel or home furnishings including artistic and economic factors in the selection of fabric, patterns, notions, tools and equipment. Sizing, selection, simple adjustments, layout and cutting of patterns. Construction techniques including seams, seam finishing, darts, facings, hems, and standards of quality and fit in two completed projects. Accommodates students who have no prior sewing experience as well as sewers who desire to improve basic skills. (A, CSU)

25 PROFESSIONAL IMAGE

3 units, 3 lecture hours, (Formerly Retailing Fashion 12 and Fashion Merchandising 25)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Presents basic grooming and etiquette as well as, methods for the analysis, selection, coordination, and care of apparel and accessories suitable

for the work environment. Topics include color and fabric style considerations for a basic wardrobe, fit and alterations; grooming of hair, nails and skin and business and table etiquette. Specific information for both men and women who seek to update their image. (A, CSU)

26 INTERMEDIATE SEWING

2 units, 6 lab hours, (Repeats = 3), (Formerly Home Economics 26)

PREREQUISITE: Home Economics 24 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Develop advanced skills in construction of apparel or home furnishings including custom couture techniques for seam, seam finishes, interfacing, hems, collars, waistbands, pockets, and zippers; use special fabrics such as plaids, laces, sheers, and pile utilize; methods of individualizing clothing OR home fashions with structural and applied designs such as piping, fringe, quilting, or appliqué. Construction of two or more projects. (A, CSU)

30 ETHNIC DRESS

3 units, 3 lecture hours, (Repeats = 2), (Formerly Home Economics 30)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

The national costume in various cultures as reflected by apparel, accessories, and textiles. Examines geographic, sociological, psychological, economic, political, and technological factors affecting the development of cloth and clothing. Influences of various cultural customs and costumes on contemporary western fashion. (A, CSU, UC approved as variable topics; evaluation completed by individual campuses after admission.)

FASHION MERCHANDISING (FM)

FORMERLY RETAILING FASHION

10 PRINCIPLES OF MARKETING

3 units, 3 lecture hours, (See also Marketing 10), (Formerly Retailing Fashion 10)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Creative management and research of marketing involving pricing, promotion, place and physical distribution of products which maximize profitability and customer satisfaction while achieving organizational goals. (A, CSU)

14 RETAILING

3 units, 3 lecture hours, (See also Marketing 14), (Formerly Retailing Fashion 14)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to the basic retail store operation functions of personnel management, merchandise buying, merchandise promotion, security, and careers. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL 1-8 units, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to fashion merchandising. Collaborative learning objectives established specific to fashion merchandising. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

21 SALESMANSHIP

3 units, 3 lecture hours, (See also Marketing 11), (Formerly Retailing Fashion 21)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Personal selling and the development of techniques for a successful sales personality; buying motives, required product knowledge, and the selling process. Career opportunities in the sales field. (A, CSU)

27 INTRODUCTION TO FASHION INDUSTRY

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Introduce steps in the production of apparel from concept to consumer. Identify skills and education required for careers in the fashion industry including those related to the design, manufacturing, distribution, and retailing of consumable goods. Compare methods of predicting consumer demand, buying, pricing and promoting. Recommended as a transfer course for Clothing and Textile, and Fashion majors. (A, CSU)

28 VISUAL MERCHANDISING

3 units, 2 lecture hours, 2 lab hours, (See also Marketing 17), (Formerly Retailing Fashion 17)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Modern display techniques, equipment, materials, and analysis of current display methods as they apply to creating a store's image. Laboratory

exercises to include planning, executing, and evaluating a variety of displays including signage, cases, windows, and banners. Field trips. (A, CSU)

FILM (FILM)**1 INTRODUCTION TO FILM STUDIES**

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 recommended.

Introduction to the study of film with emphasis on aesthetics, theory, and methods of critical analysis. Lectures, discussions, and readings are supplemented by screenings of representative films. (A, CSU-GE, UC, I)

2A HISTORY OF CINEMA 1895-1960

3 units, 3 lecture hours, (Formerly Film 1A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A survey of international film history from the invention of cinema in the 1890s to 1960, including the development of narrative, documentary, and avant-garde film of the period; the aesthetic, technological, economic, and social factors that shaped this medium; and its impact on diverse societies and cultural values. (A, CSU-GE, UC, I)

2B HISTORY OF CINEMA 1960-PRESENT

3 units, 3 lecture hours, (Formerly Film 1B)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A survey of international film history from 1960 to the present; the aesthetic, technological, economic, and social factors that shape this medium; and its impact on diverse societies and cultural values. (A, CSU-GE, UC, I)

3 FILM AND CULTURE

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 recommended.

The relationship between film and culture, including the images of race, ethnicity, class, and gender in film; the ways in which ideologies are conveyed through popular film; and the technological, industrial, and aesthetic factors affecting screen content. Lectures, discussions, and readings are supplemented by screenings of representative films. (A, CSU-GE, UC, I)

5 DIGITAL FILMMAKING

3 units, 3 lecture hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 recommended.

Introduction to video filmmaking, including scripting, shooting, and editing short digital films. Emphasis on personal and creative expression. (A, CSU, UC)

6 FILM GENRES

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 recommended.

Genre study to provide a clear context for appreciating the fundamental components of film as art and as social expression. Investigates the origins, evolution and transformations of various film genres, including film noir, the Western, science-fiction, the musical, horror, war, or the crime film. Covers the formal and thematic conventions of each genre and the genre as a reflection of the social environments that produced them. (A, CSU-GE, UC, I)

FIRE TECHNOLOGY (FIRET)

1 FIRE PROTECTION ORGANIZATION

3 units, 8.4 lecture hours, (7 weeks), (Formerly Fire Science 1)

PREREQUISITE: None.

An introduction to fire protection; career opportunities in fire protection and related fields; philosophy and history of fire protection; fire loss analysis; organization and function of public and private fire protection services; fire departments as a part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions. (A, CSU)

2 FIRE PREVENTION TECHNOLOGY

3 units, 8.4 lecture hours, (7 weeks), (Spring), (Formerly Fire Science 6)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

History and philosophy of fire prevention, organization, and operation of a fire prevention bureau; use of fire codes; identification and correction of fire hazards; the relationship of fire prevention with fire safety education; and understanding of detection and suppression systems. (A, CSU)

3 FIRE PROTECTION EQUIPMENT AND SYSTEMS

3 units, 8.4 lecture hours, (7 weeks), (Spring), (Formerly Fire Science 7)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Features of design and operation of fire detection and alarm systems, heat and smoke control systems, special protection and sprinkler systems, water supply for fire protection, and portable fire extinguishers. (A, CSU)

4 BUILDING CONSTRUCTION FOR FIRE PROTECTION

3 units, 8.4 lecture hours, (7 weeks), (Spring), (Formerly Fire Science 5)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Components of building construction that relate to fire and life safety; focus on firefighter safety; elements of construction and design of structures

are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at emergencies. (A, CSU)

5 FIRE BEHAVIOR AND COMBUSTION

3 units, 8.4 lecture hours, (7 weeks), (Spring), (Formerly Fire Science 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Theory and fundamentals of how and why fires start, spread, and are controlled; fire chemistry and physics, fire characteristics of materials, extinguishing agents and fire control techniques. (A, CSU)

8 FIRE HYDRAULICS

3 units, 8.4 lecture hours, (7 weeks) (Spring), (Formerly Fire Science 8)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Hydraulic laws and formulas as applied to the fire service, including application of formulas and mental calculation to hydraulic problems, water supply problems, and underwriter's requirement for pumps. Reviews basic mathematics. (A, CSU)

9 FIRE FIGHTING PRACTICES

3 units, 8.4 lecture hours, (7 weeks), (Spring), (Formerly Fire Science 9)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An in-depth analysis of the principles of fire control through utilization of personnel, equipment, and extinguishing agents on the fire ground; fire fighting strategy and tactics; methods of attack; pre-planning fire problems. (A, CSU)

13 ARSON AND FIRE INVESTIGATION TECHNOLOGY

3 units, 8.4 lecture hours, (7 weeks), (Spring), (Formerly Fire Science 13)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Arson and incendiarism, related laws, and types of incendiary fires; methods of determining fire cause, recognizing and preserving evidence, and interviewing and detaining witnesses; procedures in handling juveniles; court procedure and testimony. (A, CSU)

14 PRINCIPLES OF FIRE & EMERGENCY SERVICES SAFETY & SURVIVAL

3 units, 8.4 lecture hours, (7 weeks)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic concepts of occupational health and safety as it relates to emergency services organizations; risk evaluation and control procedures for emergency and non-emergency situations. (A, CSU)

130 BASIC FIRE ACADEMY

27 units, 10.38 lecture hours, 15.56 lab hours, (31 weeks), (Formerly Fire Science and Fire Technology 30)

PREREQUISITE: Medical exam conducted by a California licensed physician, including resting EKG and physician's written explanation of EKG printout. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Preparation of students for entry-level employment as a firefighter; provides students with entry-level skills in fire suppression, emergency medical care, hazardous materials spills, fire prevention, fire investigation, vehicle extrication, urban search and rescue, fire chemistry, fire apparatus driving, confined space rescue operations, incident command, and an intensive physical fitness training program; course is offered on an intensive daytime format or an extended evening and weekend format. (A)

131 EMERGENCY MEDICAL TECHNICIAN I

10 units, 8 lecture hours, 5.33 lab hours, (Formerly Fire Science and Fire Technology 31)

PREREQUISITE: Possession of a valid CPR card that proves training equivalent to the American Heart Associations' Guideline 2000 for Cardiopulmonary Resuscitation and Emergency Cardiovascular Care at the Health Provider level. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Designed to prepare personnel in the fire, life safety, and related fields to render pre-hospital basic life support including, but not limited to, advanced first aid and cardiopulmonary life support for the ill or injured at the scene of an emergency in preparation for transport in accordance with policies and procedures established by the Emergency Medical Services of the Fresno County Health Department. Twenty-four lab hours arranged. (A)

133 EMERGENCY MEDICAL TECHNICIAN – PARAMEDIC – DIDACTIC

22 units, 12.5 lecture hours, 11.5 lab hours, (24 weeks)

PREREQUISITE: Fire Technology 131 or valid EMT 1 certificate.

Produce qualified and competent EMT – Paramedics educated and trained in all elements of prehospital advanced life support to the acutely ill or injured patients; scope of practice is in accordance with Title 22 of the California Code of Regulations. (A)

134 EMERGENCY MEDICAL TECHNICIAN – PARAMEDIC – CLINICAL

4 units, 1.5 lecture hours, 11.5 lab hours, (15 weeks)

PREREQUISITE: Fire Technology 133.

Conducted in a hospital environment which consists of rotations in various departments including: emergency, surgery, labor and delivery and pediatrics, specialty units and Advanced Cardiac Life Support (ACLS), certification. Designed to produce qualified EMT – Paramedics who are

educated and trained in all elements of prehospital advanced life support to the acutely ill or injured patients, scope of practice is in accordance with Title 22 of the California Code of Regulations. (A)

135 EMERGENCY MEDICAL TECHNICIAN – PARAMEDIC – FIELD INTERNSHIP

9 units, 32 lab hours, (15 weeks)

PREREQUISITE: Fire Technology 133 and Fire Technology 134.

Responds with assigned paramedic preceptors; involved in patient assessment and treatment, designed to produce qualified and competent EMT-Paramedics who are educated and trained in all elements of prehospital advanced life support to the acutely ill or injured patients, in accordance with local protocols and Title 22 of the California Code of Regulations. (A)

150C FIRE MANAGEMENT 1

2 units, 8.4 lecture hours, (5 weeks), (Formerly Fire Science and Fire Technology 50C)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Management styles of leadership; promoting group cooperation; types of verbal orders; interpreting and implementing policies; methods of dealing with subordinates; duties and responsibilities of rank; line and staff functions; emotional and behavioral characteristics of individuals and working groups; group behavior within the organization; personnel procedures; types of corrective action, personnel interviews, and counseling. One of the California Fire Service Training and Education System classes needed for Fire Officer certification. (A)

150D FIRE COMMAND 1A

2 units, 8.4 lecture hours, (5 weeks), (Formerly Fire Science and Fire Technology 50D)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Designed to provide emergency personnel with information and experience in command and control techniques used at the scene of an emergency. Emphasis on decision making, the act of commanding, the authority or right to command, the personnel organization structure or area under an individual commander, and the preplanning and training requirements for effective performance as an officer. One of the California Fire Service Training and Education System classes needed for Fire Officer certification. (A)

150E FIRE COMMAND 1B

2 units, 8.4 lecture hours, (5 weeks), (Formerly Fire Science and Fire Technology 50E)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Provides fire emergency personnel with information and experience in command and control techniques used at the scene of hazardous materials,

multi-casualty, and wildland fire emergencies; emphasizes decision making; act of commanding; authority or right to command; personnel, organization, structure or area under an individual commander, and preplanning and training requirements for effective performance as an officer. One of the California Fire Service Training and Education System classes needed for Fire Officer certification. (A)

150F FIRE INVESTIGATION 1A

2 units, 8.4 lecture hours, (5 weeks), (Formerly Fire Science and Fire Technology 50F)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic overview of fire scene investigation; provides information on fire scene indicators to assist in determining the fire origin. One of the California Fire Service Training and Education System classes needed for Fire Officer certification. (A)

150G FIRE PREVENTION 1A

2 units, 8.4 lecture hours, (5 weeks), (Formerly Fire Science and Fire Technology 50G)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Organization and function of fire prevention; fire and life safety inspections; codes and ordinances relating to the use and storage of flammable, combustible, toxic, reactive, and radioactive materials; engineering and enforcing a solution of a fire hazard; fire extinguisher and fixed systems requirements. One of the California Fire Service Training and Education System classes needed for Fire Officer certification. (A)

150H FIRE PREVENTION 1B

2 units, 8.4 lecture hours, (5 weeks), (Formerly Fire Science and Fire Technology 50H)

PREREQUISITE: Fire Technology 150G. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Relationship of Life Safety Codes and requirements to building construction principles and building occupancy classifications; fire rated construction; fire doors, windows, and shutters; stairwells and smoke proof enclosures; flame spread, smoke production, and interior finish considerations for various occupancies; exiting and egress requirements; basic electrical theory, electrical hazards, and inspection considerations; basic heat, smoke, and flame detection systems; sprinkler and fixed protection systems; municipal/residential alarm systems; fire drills and emergency evacuation procedures; inspection reports and filing techniques; processing of plans and specifications; handling fire prevention complaints. One of the California Fire Service Training and Education System classes needed for Fire Officer certification. (A)

150J FIRE INVESTIGATION 1B

2 units, 8.4 lecture, (5 weeks), (Formerly Fire Technology 50J)

PREREQUISITE: Fire Technology 150F. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The second class in a series of classes designed for career oriented or currently employed fire fighters; develops knowledge and skill in the area of fire investigation; legal codes and regulations governing the laws of evidence, interviews, and court proceedings; laboratory demonstrations. This is one of the California Fire Service Training and Education System classes needed for Fire Investigator I certification. (A)

150K FIRE COMMAND 1C

2 units, 8.4 lecture hours, (5 weeks)

PREREQUISITE: Fire Technology 150D. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Provide emergency personnel with information on the three elements of wildland fire behavior including fuel, weather, and topography, elements of the Incident Command System with an emphasis on Incident Action Planning, and duties and responsibilities of the Strike Team leader. I-Zone firefighting as it relates to the communications process, the elements of size-up, and the key components of a report on conditions. One of the California Fire Service Training and Education System classes needed for Fire Officer certification. (A)

150L TRAINING INSTRUCTOR 1A

2 units, 8.4 lecture hours, (5 weeks)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Methods and techniques for training in accordance with the latest concepts in career education; selecting adapting, organizing, and using instructional materials appropriate for teaching cognitive lessons; criteria and methods to evaluate teaching and learning through teaching demonstrations. Student instructor teaching demonstrations required. This course is one of the California Fire Service Training and Education System classes needed for Fire Officer certification and is the first of a three course series. (A)

150M TRAINING INSTRUCTOR 1B

2 units, 8.4 lecture hours, (5 weeks)

PREREQUISITE: Fire Technology 150L with a minimum grade of 80%.

Methods and techniques for training in accordance with the latest concepts in career education; selecting adapting, organizing, and using instructional materials appropriate for teaching psycho-motor lessons; criteria and methods to evaluate teaching and learning efficiency; apply major principles of learning through teaching demonstrations. Student teaching demonstrations required. This course is one of the California Fire Service Training and Education System classes needed for Fire Officer certification and is the second of a three course series. (A)

150N TRAINING INSTRUCTOR 1C

2 units, 8.4 lecture hours, (5 weeks)

PREREQUISITE: Fire Technology 150M with a minimum grade of 80%.

Methods and techniques for developing lesson plans, ancillary components, and tests in accordance with the latest concepts in career education; opportunity to develop, receive feedback, and finalize instructional materials; deliver a teaching demonstration. This course is one of the California Fire Service Training and Education System classes needed for Fire Officer certification and is the third of a three course series. (A)

261 EMERGENCY MEDICAL TECHNICIAN 1 REFRESHER

1 unit, 1.33 lecture hours, (Unlimited Repeats),
(Open Entry/Open Exit), (Formerly Fire Science 61 and
Fire Technology 61)

PREREQUISITE: Valid Emergency Medical Technician 1 course completion certificate.

A review of the topics covered in Fire Technology 131, changes in emergency medical protocol, and updates on new procedures authorized for use in the field. Meets the requirements for recertification as an EMT 1 that are set forth by the State of California and Fresno County.

265 I-300, INTERMEDIATE ICS

1 unit, 3 lecture hours, (7 weeks)

PREREQUISITE: Permission of the instructor and possession of a I-200 Basic ICS certificate.

ICS fundamentals review; incident/event assessment and agency guidance in establishing incident objectives; unified command; incident resource management; the planning process; demobilization; transfer of command; close out. One of the California Fire Service Training and Education System classes needed for Fire Officer certification.

269 ADVANCED FIREFIGHTER TOPICS

0.1-2 units, 1-40 lecture hours, 1-60 lab hours,
(1-18 weeks), (Pass/No Pass), (Unlimited Repeats),
(Open Entry/Open Exit)

PREREQUISITE: Currently employed by a fire agency.

Satisfies mandatory yearly requirements of the local fire agency, Fresno County Health Department, the California State Fire Marshal's Office, and appropriate sections of the California Code of Regulations; may be offered in seminar, lecture, and/or lab format; course content to be determined by the respective agencies.

FOOD AND NUTRITION (FN)

1 PRINCIPLES OF FOOD PREPARATION

3 units, 2 lecture hours, 3 lab hours, (Formerly Home Economics 1)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Basic food science and food preparation techniques. Emphasizes nutrition values, food safety, sanitation, food product standards, and aesthetic appeal. (TCSU NUTR 120) (A, CSU)

35 NUTRITION AND HEALTH

3 units, 3 lecture hours, (Formerly Home Economics 60)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Relationship of diet to physical and emotional health; nutrients; diet patterns throughout the life cycle. Optimal nutrition to reduce the risks of cancer, heart disease, allergies, and other diseases. Social, psychological, and cultural dictates which affect food selection and health. Personal strategies to develop a nutrition plan for better health. Not open to students with credit in FN 40. (TCSU NUTR 110) (A, CSU, UC)

40 NUTRITION

3 units, 3 lecture hours, (Formerly Home Economics 40)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Nutrients and their ingestion, digestion, absorption, transport, metabolism, interaction, storage, and excretion. The relationship of diet to physical and emotional health, diet patterns through the life cycle, consumer concern, and recent developments. (TCSU NUTR 110) (A, CSU, UC)

41 SPORTS NUTRITION

2 units, 2 lecture hours, (Formerly Home Economics 41)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Effect of diet on physical performance. Planning diets to meet needs of those involved in sports and others interested in physical fitness activities. Current trends are explored. Recommended for physical education and allied health majors and individuals interested in the study of nutrition as part of their personal fitness program. (A, CSU)

42 CHILD NUTRITION

3 units, 3 lecture hours, (See also Child Development 42), (Formerly Home Economics 42)

ADVISORY: Food and Nutrition 40 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Nutritional requirements of infants and children from conception through adolescence. Nutritional needs of pregnant and lactating women. Feeding infants and children for optimum physical and mental development. Child and maternal nutrition programs. Social and cultural influences affecting child and maternal nutrition. (A, CSU)

43 WOMEN'S NUTRITION

2 units, 2 lecture hours, (See also Women's Studies 43), (Formerly Home Economics 43)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The relationship between nutrition and various contemporary health issues affecting women. Significance of nutrition as it relates to the health of women during specific stages of the life cycle. Current trends and research. (A, CSU)

45 THERAPEUTIC DIETS

3 units, 3 lecture hours, (Formerly Home Economics 5)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended. Food and Nutrition 40 or equivalent strongly recommended. Concurrent enrollment in Food Service Management 19 recommended.

Nutrition care in disease and abnormal metabolic states; therapeutic diets and patient care; nutritional screening techniques. (A, CSU)

FOOD SERVICE MANAGEMENT (FSM)

FORMERLY DIETETIC SERVICE AND FOOD SERVICES

11 FOOD SERVICE SUPERVISION

2 units, 2 lecture hours, (Formerly Dietetic Services 11)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and concurrent enrollment in Food Service Management 19 recommended.

Current methods of supervision and leadership which are applicable to the food service industry. Methods and techniques of recruitment, selection, training and evaluation of personnel. Record maintenance, enforcement of safety and sanitary standards and supervision of food service employees. (A, CSU)

15 FOOD PRODUCTION MANAGEMENT

2 units, 2 lecture hours, (Formerly Dietetic Services 15)

ADVISORY: Food Service Management 35 recommended. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended. Concurrent enrollment in Food Service Management 19 recommended.

Effective management of time, staff, equipment in quantity food preparation; supervisor responsibilities. Standards and criteria, menu planning, and systems of productions. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL

1-8 units, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to food service management. Collaborative learning objectives established specific to food service management. Seventy-five hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

25 FOOD AND BEVERAGE PURCHASE AND CONTROL

2 units, 2 lecture hours, (Formerly Food Services 66)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Food purchasing policies and procedures with respect to budget. Basic marketing functions and selection of food products for commercial and institutional food service operations. Emphasis on developing standard purchase specification for various food service operations and on procedures for buying, receiving, storing and inventory management. (A, CSU)

35 FOOD SERVICES, SANITATION, SAFETY AND EQUIPMENT

2 units, 2 lecture hours, (Formerly Dietetic Services 35)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended. Concurrent enrollment in Food Service Management 19 recommended.

Food service employees' role in preventing foodborne illness. Supervisor's responsibilities in maintaining standards of health and safety. Selection and use of food service equipment for optimum safety and sanitation, and to meet federal, state and local regulations. Exam given for the National Restaurant Association ServSafe certificate. (A, CSU)

38 QUANTITY FOOD PREPARATION

3 units, 1 lecture hour, 6 lab hours, (Formerly Dietetic Services 58)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Quantity food preparation with emphasis on recipe standardization, use of equipment and time, application of the principles of sanitation and safety, and the attractive service of food. (A, CSU)

63 CHILD NUTRITION PROGRAM MANAGEMENT

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Overview of the components of model child nutrition programs including the application of current child health and nutrition principles, nutrition education practice, marketing procedures, communication strategies, and operation management skills. Management of nutritionally and fiscally sound child nutrition programs. Effective use of community and school partnership. (A, CSU)

144 PRESENTING SERVICE FOR FOOD SERVICE PROFESSIONALS

2 units, 2 lecture hours, (Formerly Food Service Management 44)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Techniques, attitude, education and demeanor required for successful food service operations. (A)

146 ELEMENTARY FOOD SERVICE COMPUTATION I

1.5 units, 1.5 lecture hours, (Formerly Food Service Management 46)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Basic math principles used daily in the food service and hospitality industry. Mathematical principles used in commercial food production and the application of these computational skills to food service. Word problems and examples exclusive to food service including the study of recipe conversion and yields, production formulas, weights and measures, the metric system and recipe and food cost analysis. (A)

147 ELEMENTARY FOOD SERVICE COMPUTATION II

1.5 units, 1.5 lecture hours, (Formerly Food Service Management 47)

PREREQUISITE: Food Service Management 146. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Basic math principles used daily in the food service and hospitality industry. Mathematical principles used in commercial food production and the application of these computational skills to food service. Word problems

and examples exclusive to food service including the study of recipe conversion and yields, production formulas, weights and measures, the metric system and recipe and food cost analysis. (A)

149 FOOD SERVICE INTERNSHIP

3 units, 1 lecture hour, 6.67 lab hours, (Formerly Food Service Management 49)

ADVISORY: Food Service Management 35, Food and Nutrition 1 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Supervised work experience in an approved food service facility. (A)

160 BASIC SKILLS: BASIC FOODS

3 units, 1.5 lecture hours, 4.5 lab hours, (Formerly Food Services 54 and Food Service Management 60)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Overview of basic preparation skills in preparing and serving nutritious and acceptable foods in schools, child care centers, and family day care programs. (A)

161 INTRODUCTION TO THE CHILD NUTRITION PROGRAM

2 units, 2 lecture hours, (Formerly Food Service Management 61)

PREREQUISITE: None.

Overview of entry level skills in the child nutrition program including sanitation and safety, basic nutrition principles, record keeping, and food production. (A)

162 MENU PLANNING FOR CHILD NUTRITION

3 units, 3 lecture hours, (Formerly Food Services 62 and Food Service Management 62)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 and Food Service Management 160 recommended.

Overview of menu planning for child nutrition programs including menu planning options, nutrition standards, menu writing, student preferences, marketing and evaluation. Procedures for developing standardized products, budgetary controls, and evaluating procurement and delivery systems. Meets Federal, State, and Local Standards. (A)

FOREIGN LANGUAGES

AMERICAN SIGN LANGUAGE (ASL)

1 BEGINNING AMERICAN SIGN LANGUAGE

4 units, 4 lecture hours, (Formerly American Sign Language 1A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

First semester American Sign Language and its usefulness as a means of communication with the deaf and hard of hearing. An introduction to the culture of the deaf community and the literary and artistic contribution of this culture. Designed for students with no knowledge of ASL. (A, CSU-GE, UC, I)

**2 HIGH-BEGINNING AMERICAN SIGN LANGUAGE,
4 units, 4 lecture hours, (Formerly American Sign Language 1B)**

PREREQUISITE: American Sign Language 1 or two years high school American Sign Language or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Second semester beginning American Sign Language and the visual-gestural language used by the Deaf in the United States and Canada. Explores the culture of Deaf people in the United States. (A, CSU-GE, UC, I)

**3 INTERMEDIATE AMERICAN SIGN LANGUAGE
4 units, 4 lecture hours, (Formerly American Sign Language 2A)**

PREREQUISITE: American Sign Language 2 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Third semester American Sign Language and its usefulness as a means of communication with the Deaf and hard of hearing. An introduction to the culture of the Deaf community and the literary and artistic contribution of this culture. (A, CSU-GE, UC, I)

**4 HIGH-INTERMEDIATE AMERICAN SIGN LANGUAGE
4 units, 4 lecture hours, (Formerly American Sign Language 2B)**

PREREQUISITE: American Sign Language 3 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Fourth semester American Sign Language. A formal method of thinking, organizing, receiving, and sending non-verbal messages in American Sign Language. The cultural context of the Deaf community for which American Sign Language serves as the primary language. (A, CSU-GE, UC, I)

5 DEAF CULTURE

3 units, 3 lecture hours

PREREQUISITE: American Sign Language 4 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An in-depth study of Deaf culture and the Deaf community which will help students understand Deaf culture, values, language, identity, rules of interaction, and traditions. Students will learn about the deep-rooted ties that Deaf have with residential schools; Gallaudet University; and national, state, and local organizations. (A, CSU-GE)

6 STRUCTURE OF AMERICAN SIGN LANGUAGE

3 units, 3 lecture hours

PREREQUISITE: American Sign Language 4 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Examination of the parts of a sign; building words in American Sign Language; sentence structure (questions, statements, relative clauses, etc.) the meaning and issue of iconicity; organization of sentences according to old and new information; and the structure of stories. Emphasis in grammatical features of American Sign Language, such as classifiers, verbs modulations and aspects, and the role of facial expression. (A, CSU-GE, UC)

7 DEAF HISTORY

3 units, 3 lecture hours

PREREQUISITE: American Sign Language 4 or equivalent. ADVISORY: Eligibility for English 125 or 126 or English as a Second Language 67 and 68 recommended.

Examination of the historical eras of different stages in Deaf people's lives. Emphasis on deafness in historical perspective. (A, CSU-GE, UC, I)

8 AMERICAN SIGN LANGUAGE LITERATURE/FOLKLORE

3 units, 3 lecture hours

PREREQUISITE: American Sign Language 4 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Examination of the values, morals and life experiences of the world around Deaf people. A study of American Sign Language literature that has been passed down from one generation to the next by people of the Deaf culture. (A, CSU-GE, UC, I)

20 INTRODUCTION TO INTERPRETING

3 units, 3 lecture hours

PREREQUISITE: American Sign Language 4 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the role and responsibilities of interpreters, environments in which interpreters are involved and assessment within the profession. (A, CSU)

21 AMERICAN SIGN LANGUAGE TO ENGLISH TRANSLATION
3 units, 3 lecture hours

PREREQUISITE: American Sign Language 4 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the cognitive processing skills and techniques used to translate American Sign Language to English. (A, CSU)

22 ENGLISH TO AMERICAN SIGN LANGUAGE TRANSLATION
3 units, 3 lecture hours

PREREQUISITE: American Sign Language 4 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the basic translation skills from English to American Sign Language that focus on message analysis, transfer and reformulation without the pressures of simultaneity. (A, CSU)

ARMENIAN (ARMEN)

1 BEGINNING ARMENIAN

4 units, 3 lecture hours, 2 lab hours, (Formerly Armenian 1A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

First semester beginning Armenian listening, speaking, grammar, writing, reading and vocabulary. Designed for students who have no knowledge of Armenian. (A, CSU-GE, UC, I)

2 HIGH-BEGINNING ARMENIAN

4 units, 3 lecture hours, 2 lab hours, (Formerly Armenian 1B)

PREREQUISITE: Armenian 1 or two years of high school Armenian or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Second semester Armenian listening, speaking, grammar, writing, reading and vocabulary. (Offered infrequently) (A, CSU-GE, UC, I)

3 INTERMEDIATE ARMENIAN

4 units, 3 lecture hours, 2 lab hours

PREREQUISITE: Armenian 2 or equivalent. (Experience using Armenian at home, at work, or aboard.) ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Third semester Armenian listening, speaking, grammar, reading, writing, and vocabulary. (A, CSU-GE, UC, I)

CHINESE (CHIN)

1 BEGINNING CHINESE

4 units, 3 lecture hours, 2 lab hours, (generally evening only), (Formerly Chinese 1A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

First semester Chinese listening, speaking, grammar, writing, reading, and vocabulary. Designed for students who have no knowledge of Chinese. (A, CSU-GE, UC, I)

2 HIGH-BEGINNING CHINESE

4 units, 3 lecture hours, 2 lab hours, (generally evening only), (Formerly Chinese 1B)

PREREQUISITE: Chinese 1 or two years of high school Chinese or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Second semester Chinese listening, speaking, grammar, writing, reading, and vocabulary. (A, CSU-GE, UC, I)

3 INTERMEDIATE CHINESE

4 units, 3 lecture hours, 2 lab hours

PREREQUISITE: Chinese 2 or three years of high school Chinese, or equivalent (extensive living experience with the language). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Third semester Chinese listening, speaking, grammar, reading, writing and vocabulary. (CHIN 3+CHIN 4= TCSU CHIN SEQ B) (A, CSU-GE, UC, I)

4 HIGH-INTERMEDIATE CHINESE

4 units, 3 lecture hours, 2 lab hours

PREREQUISITE: Chinese 3 or equivalent (extensive living experience with the language). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Fourth semester Chinese listening, speaking, grammar, reading, writing, and vocabulary. (CHIN 3+CHIN 4= TCSU CHIN SEQ B) (A, CSU-GE, UC, I)

5 CHINESE SHORT STORIES AND CULTURE

3 units, 3 lecture hours, 1 lab hour

PREREQUISITE: Chinese 4 or equivalent (extensive living experience with the language). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Advanced Chinese class with emphasis on reading and writing pertaining to Chinese literature and culture. The course will focus on continued development of Chinese language skills and critical analysis of Chinese literature and culture. (A, CSU-GE, UC, I)

FRENCH (FRENCH)

1 BEGINNING FRENCH

4 units, 3 lecture hours, 2 lab hours, (Formerly French 1A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

First semester French listening, speaking, grammar, writing, reading, and vocabulary. Designed for students who have no knowledge of French. (A, CSU-GE, UC, I)

2 HIGH-BEGINNING FRENCH

4 units, 3 lecture hours, 2 lab hours, (Formerly French 1B)

PREREQUISITE: French 1 or two years of high school French or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Second semester French listening, speaking, grammar, reading, writing, and vocabulary. (A, CSU-GE, UC, I)

3 INTERMEDIATE FRENCH

4 units, 3 lecture hours, 2 lab hours, (Formerly French 2A)

PREREQUISITE: French 2 or three years of high school French or equivalent (Extensive living experience with the language). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Third semester French listening, speaking, grammar, reading, writing, and vocabulary. (A, CSU-GE, UC, I)

4 HIGH-INTERMEDIATE FRENCH

4 units, 3 lecture hours, 2 lab hours, (Formerly French 2B)

PREREQUISITE: French 3 or equivalent (Extensive living experience with the language). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Fourth semester French listening, speaking, grammar, reading, writing, and vocabulary. (A, CSU-GE, UC, I)

GERMAN (GERMAN)

1 BEGINNING GERMAN

4 units, 3 lecture hours, 2 lab hours, (Formerly German 1A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

First semester German listening, speaking, grammar, writing, reading, and vocabulary. Designed for students who have no knowledge of German. (A, CSU-GE, UC, I)

2 HIGH-BEGINNING GERMAN

4 units, 3 lecture hours, 2 lab hours, (Formerly German 1B)

PREREQUISITE: German 1 or two years of high school German or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Second semester German listening, speaking, grammar, reading, writing, and vocabulary. (A, CSU-GE, UC, I)

3 INTERMEDIATE GERMAN

4 units, 3 lecture hours, 2 lab hours, (Formerly German 2A)

PREREQUISITE: German 2 or three years of high school German or equivalent (Extensive living experience with the language). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Third semester German listening, speaking, grammar, reading, writing, and vocabulary. (A, CSU-GE, UC, I)

4 HIGH-INTERMEDIATE GERMAN

4 units, 3 lecture hours, 2 lab hours, (Formerly German 2B)

PREREQUISITE: German 3 or three years of high school German or equivalent (Extensive living experience with the language). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Fourth semester German listening, speaking, grammar, reading, writing, and vocabulary. (A, CSU-GE, UC, I)

HMONG (HMONG)

1 BEGINNING HMONG

4 units, 3 lecture hours, 2 lab hours, (Formerly Hmong 1A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

First semester Hmong listening, speaking, grammar, writing, reading, and vocabulary. Designed for students who have no knowledge of Hmong. (A, CSU-GE, UC, I)

2 HIGH-BEGINNING HMONG

4 units, 3 lecture hours, 2 lab hours, (Formerly Hmong 1B)

PREREQUISITE: Hmong 1 or two years of high school Hmong or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Second semester Hmong listening, speaking, grammar, reading, writing, and vocabulary. (A, CSU-GE, UC, I)

JAPANESE (JAPAN)

1 BEGINNING JAPANESE

4 units, 3 lecture hours, 2 lab hours, (Formerly Japanese 1A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

First semester Japanese listening, speaking, grammar, writing, reading and vocabulary. Designed for students who have no knowledge of Japanese. (A, CSU-GE, UC, I)

2 HIGH-BEGINNING JAPANESE

4 units, 3 lecture hours, 2 lab hours, (Formerly Japanese 1B)

PREREQUISITE: Japanese 1 or two years of high school Japanese or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Second semester Japanese listening, speaking, grammar, writing, reading and vocabulary. (A, CSU-GE, UC, I)

PORTUGUESE (PORT)

1 BEGINNING PORTUGUESE

4 units, 3 lecture hours, 2 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

First semester Portuguese listening, speaking, grammar, writing, reading, and vocabulary, Portuguese and Brazilian culture. (A, CSU-GE, UC, I)

2 HIGH-BEGINNING PORTUGUESE

4 units, 3 lecture hours, 2 lab hours

PREREQUISITE: Portuguese 1, or two years of high school Portuguese or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Second semester Portuguese listening, speaking, grammar, reading, writing, and vocabulary, Portuguese and Brazilian culture. (A, CSU-GE, UC, I)

3 INTERMEDIATE PORTUGUESE

4 units, 3 lecture hours, 2 lab hours

PREREQUISITE: Portuguese 2 or three years of high school Portuguese, or equivalent (extensive living experience with the language). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Third semester Portuguese listening, speaking, grammar, reading, writing, vocabulary, and Portuguese and Brazilian culture. (A, CSU-GE, UC, I)

4 HIGH-INTERMEDIATE PORTUGUESE

4 units, 3 lecture hours, 2 lab hours

PREREQUISITE: Portuguese 3, or three years of high school Portuguese, or the equivalent (extensive living experience with the language). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Fourth semester Portuguese listening, speaking, grammar, reading, writing, vocabulary, and Brazilian/Portuguese culture. (A, CSU-GE, UC, I)

RUSSIAN (RUSS)

1 BEGINNING RUSSIAN

4 units, 3 lecture hours, 2 lab hours, (Formerly Russian 1A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

First semester Russian listening, speaking, grammar, writing, reading, and vocabulary. Designed for students who have no knowledge of Russian. (A, CSU-GE, UC, I)

2 HIGH-BEGINNING RUSSIAN

4 units, 3 lecture hours, 2 lab hours, (Formerly Russian 1B)

PREREQUISITE: Russian 1 or two years of high school Russian or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Second semester Russian listening, speaking, grammar, writing, reading, and vocabulary. (A, CSU-GE, UC, I)

3 INTERMEDIATE RUSSIAN

4 units, 3 lecture hours, 2 lab hours, (Formerly Russian 2A)

PREREQUISITE: Russian 2 or three years of high school Russian or equivalent (Extensive living experience with the language.) ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Third semester Russian listening, speaking, grammar, writing, reading, and vocabulary. (A, CSU-GE, UC, I)

4 HIGH-INTERMEDIATE RUSSIAN

4 units, 3 lecture hours, 2 lab hours, (Formerly Russian 2B)

PREREQUISITE: Russian 3 or equivalent (Extensive living experience with the language.) ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Fourth semester Russian listening, speaking, grammar, writing, reading, and vocabulary. (A, CSU-GE, UC, I)

SPANISH (SPAN)

1 BEGINNING SPANISH

4 units, 3 lecture hours, 2 lab hours, (Formerly Spanish 1A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

First semester Spanish listening, speaking, grammar, writing, reading, and vocabulary. Designed for students who have no knowledge of Spanish. Not open to students qualified for or with credit in Spanish 3NS or 4NS. (A, CSU-GE, UC, I)

2 HIGH-BEGINNING SPANISH

4 units, 3 lecture hours, 2 lab hours, (Formerly Spanish 1B)

PREREQUISITE: Spanish 1 or two years of high school Spanish or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Second semester Spanish listening, speaking, grammar, reading, writing, and vocabulary. Not open to students qualified for or with credit in Spanish 3NS or 4NS. (A, CSU-GE, UC, I)

3 INTERMEDIATE SPANISH

4 units, 3 lecture hours, 2 lab hours, (Formerly Spanish 2A)

PREREQUISITE: Spanish 2 or three years of high school Spanish or equivalent (Extensive living experience with the language). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Third semester Spanish listening, speaking, grammar, reading, writing, and vocabulary. (TCSU SPAN 140, TCSU SEQ B=SPAN 3+4) (A, CSU-GE, UC, I)

3NS SPANISH FOR SPANISH SPEAKERS

4 units, 4 lecture hours, 1 lab hour, (Formerly Spanish 21)

PREREQUISITE: Three years of high school Spanish or a basic speaking knowledge of Spanish. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Designed for the student with a basic life experience using the Spanish language. Development of correct grammar, correction of speech habits, and improving vocabulary and skills in reading and writing. Hispanic literature and culture. Conducted in Spanish. Not open to students with credit in Spanish 3. (A, CSU-GE, UC, I)

4 HIGH-INTERMEDIATE SPANISH

4 units, 3 lecture hours, 2 lab hours, (Formerly Spanish 2B)

PREREQUISITE: Spanish 3 or 3NS or equivalent (Extensive living experience with the language.). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Fourth semester Spanish listening, speaking, grammar, reading, writing, and vocabulary. (TCSU SPAN 140, TCSU SEQ B=SPAN 3+4) (A, CSU-GE, UC, I)

4NS SPANISH FOR SPANISH SPEAKERS

4 units, 4 lecture hours, 1 hour lab, (Formerly Spanish 22)

PREREQUISITE: Spanish 3NS or a basic speaking knowledge of Spanish. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Continuation of Spanish 3NS. Designed for the student with a basic life experience using the Spanish language. Development of correct grammar, correction of speech habits, and improving vocabulary and skills in reading and writing. Hispanic literature and culture. Conducted in Spanish. Not open to students with credit in Spanish 4. (A, CSU-GE, UC, I)

5 THE SHORT STORY: MEXICO, SPAIN, AND THE U.S.

3 units, 3 lecture hours, 1 hour lab, (Formerly Spanish 3A)

PREREQUISITE: Spanish 4 or Spanish 4NS or equivalent (Experience using Spanish at home, work, or abroad). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A selection of Hispanic short stories, culture and civilization. Continued development of Spanish language skills in reading, writing and speaking. Reading and discussing articles and short stories and viewing and discussing films. Includes presentation of oral and written reports. Emphasis on U.S., Mexico, and Spain. (A, CSU-GE, UC, I)

6 THE SHORT STORY: LATIN AMERICA

3 units, 3 lecture hours, 1 hour lab, (Formerly Spanish 3B)

PREREQUISITE: Spanish 4 or 4NS or equivalent (Experience using Spanish at home, work, or abroad). (Spanish 5 is not a prerequisite to Spanish 6.) ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A selection of Hispanic short stories, culture and civilization. Continued development of Spanish language skills in reading, writing, and speaking. Reading and discussing articles and short stories and viewing and discussing films. Includes presentation of oral and written reports. Emphasis on Latin America. (A, CSU-GE, UC, I)

7 ADVANCED SPANISH: COMPOSITION AND GRAMMAR**3 units, 3 lecture hours, 1 hour lab**

PREREQUISITE: Spanish 4 or 4NS or equivalent (Experience using Spanish at home, work, or abroad). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

In depth development of Spanish writing and grammar. Designed for advanced students of Spanish who want to improve their writing skills. (A, CSU-GE, UC, I)

8 ADVANCED SPANISH CONVERSATION**3 units, 3 lecture hours, 1 lab hour**

PREREQUISITE: Spanish 4 or 4NS or equivalent (Experience using Spanish at home, work, or abroad).

In-depth development of Spanish oral skills. Designed for advanced students of Spanish who want to improve their ability to communicate orally with people in different language situations. (A, CSU, UC)

9 BUSINESS SPANISH**3 units, 3 lecture hours, 1 lab hour**

PREREQUISITE: Spanish 4 or Spanish 4NS, or equivalent (extensive living experience with the language.). ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended; Spanish 7 and Business Administration 10 recommended.

A Spanish business and culture course providing the student with the vocabulary and discourse skills necessary to function effectively in a Spanish speaking commercial environment. The course will develop the student's geographic literacy and cultural understanding of Latin America and will include translation and interpretation activities, cross-cultural communication skills, and case study analysis. (A, CSU)

10 MANY MEXICOS: A CULTURAL OVERVIEW**1 unit, 1 lecture hour**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Culture of modern Mexico and its roots in pre-Columbian civilization. Designed for students enrolled in the Summer-in-Mexico Program. (A, CSU)

11 COSTA RICA: A CULTURAL OVERVIEW**1 unit, 1 lecture hour**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Culture of modern Costa Rica and its roots in pre-Columbian civilization. Designed for students enrolled in the Summer in Costa Rica Program. (A, CSU)

12 SPAIN: A CULTURAL OVERVIEW**2 units, 2 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Cultural overview of modern Spanish Speaking countries and their roots in pre-Hispanic civilization. Designed for students enrolled in the Summer Study Abroad Program. (A, CSU-GE)

13 CULTURAL OVERVIEW OF A SPANISH-SPEAKING COUNTRY**2 units, 2 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Cultural overview of a Spanish-speaking country and their roots in pre-Hispanic civilization. Designed for students enrolled in the Summer Study Abroad Program in a Spanish-speaking country. (A, CSU)

SWAHILI (SWAHLI)

1 BEGINNING SWAHILI**4 units, 3 lecture hours, 2 lab hours, (See also African-American Studies 21), (Formerly Swahili 1A)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

First semester beginning Swahili: listening, speaking, grammar, writing, reading, and vocabulary. Designed for students with no knowledge of Swahili. (A, CSU-GE, UC, I)

2 HIGH-BEGINNING SWAHILI**4 units, 3 lecture hours, 2 lab hours, (See also African-American Studies 22)**

PREREQUISITE: Swahili 1/African-American Studies 21 or two years of high school Swahili or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Second semester Swahili: listening, speaking, grammar, reading, writing, comprehension, and vocabulary. (A, CSU-GE, UC, I)

FRENCH SEE FOREIGN LANGUAGES

GEOGRAPHY (GEOG)

1 PHYSICAL GEOGRAPHY

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The Earth's dynamic physical systems and processes. Topics include weather, climate, geomorphology, soils, and the biosphere. Emphasis on interrelationships among systems and processes and their resulting patterns and distributions. Tools of geographic inquiry include maps, remote sensing, graphic data, and models. (A, CSU-GE, UC, I)

2 CULTURAL GEOGRAPHY

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The relationship between the cultural environment and the physical environment. Topics include language, religion, politics, population, economics, and urbanization. (TCSU GEOG 120) (A, CSU-GE, UC, I)

4A WORLD GEOGRAPHY

3 units, 3 lecture hours, (Formerly Geography 4)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Analysis of the spatial organization of people, places, and environments on the earth's surface. Covers Europe, the post-Soviet region, Asia, and Africa. Explores interconnections between physical setting, population patterns, natural resources, and economic and political status. (A, CSU-GE, UC, I)

4B WORLD GEOGRAPHY

3 units, 3 lecture hours, (Formerly Geography 5)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Analysis of the spatial organization of people, places, and environments on the earth's surface. Covers the Americas, Australia, New Zealand, and the Pacific Islands. Explores interconnections between physical setting, population patterns, natural resources, and economic and political status. (A, CSU-GE, UC, I)

7 PHYSICAL GEOGRAPHY: EARTH'S SURFACE

4 units, 3 lecture hours, 2 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Processes of formation: application of principles of physical geography to maps and photographs. Landform features (soils, natural vegetation and water bodies). (A, CSU-GE, UC, I)

8 PHYSICAL GEOGRAPHY: WEATHER AND CLIMATE

4 units, 3 lecture hours, 2 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Map projections; location on the earth's surface, time, oceans, climatological methods; meteorological instruments; interpretation of weather maps. (A, CSU-GE, UC, I)

10 INTRODUCTION TO GIS

3 units, 2 lecture hours, 4 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended. Computer Information Technology 15 is desirable.

Introduction to the fundamental concepts of Geographic Information Systems (GIS) including familiarization with computers, data input, raster GIS, vector GIS, querying, methods of spatial analysis, and application of GIS. (A, CSU, UC)

20 GEOGRAPHY OF CALIFORNIA

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 125 or English as a Second Language 67 and 68 recommended.

California's physical, cultural, and regional elements. The physical geographic base includes: location; geological evolution; geomorphic provinces, natural hazards, and resources; climate, water resources, vegetation, and soils. Historically developed cultural themes include: Native American and Hispanic origins; migration patterns and settlements; population growth and ethnic diversity; land use and economic activities; and Pacific Rim connections. Human-environment interactions and issues are considered throughout. (A, CSU-GE, UC, I)

30 TOPICS IN GEOGRAPHY

1-4 units, 1-3 lecture hours, 0-9 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 125 or English as a Second Language 67 and 68 recommended.

Examination of topics, current trends, and/or issues in the subdisciplines of Geography not covered by regular catalog offerings. Course content and unit credit to be determined by faculty. May be offered in seminar, lecture, laboratory, and/or field studies format. Recommended preparation varies with topic. (A, CSU, UC approved as a variable topic; evaluation completed by individual campuses after admission.)

GEOLOGY (GEOL)

1 PHYSICAL GEOLOGY**4 units, 3 lecture hours, 2 lab hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the principles and unifying concepts of earth science including geologic time, formation and internal structure of the Earth, plate tectonics, rock and mineral identification, weathering processes, landforms, earthquakes, volcanic activity, flooding, and groundwater resources. Laboratory exercises will include rock and mineral identification, and interpretation of topographic and geologic maps. Optional fieldtrips to classic geologic locations. (A, CSU-GE, UC, I)

1H HONORS PHYSICAL GEOLOGY**4 units, 3 lecture hours, 2 lab hours**

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Introduction to the principles and unifying concepts of earth science including geologic time, formation and internal structure of the Earth, plate tectonics, rock and mineral identification, weathering processes, landforms, earthquakes, volcanic activity, flooding, and groundwater resources. Laboratory exercises will include rock and mineral identification, and interpretation of topographic and geologic maps. Field trips to classic geologic locations, guest lectures, and student presentations are included in this honors course. (A, CSU-GE)

2 HISTORICAL GEOLOGY**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to Earth's history using geologic dating techniques, plate tectonics, stratigraphy and the processes that have shaped the global environment. Fossil evidence for the origin and evolution of life, natural selection, and environmental change in shaping both ancient and modern living communities are also presented. Emphasis will be given to North American paleogeography and tectonics. Optional field trips. (A, CSU-GE, UC, I)

3 GEOLOGY FIELD STUDIES**1-2 units, .5-1 lecture hour, 1-2 lab hours, (Repeats = 3)**

PREREQUISITE: Geology 1. ADVISORY: Eligibility of English 125 and 126 or English as a Second Language 67 and 68 recommended.

Geology field studies of a classic geologic location, such as Death Valley, Eastern Sierra, Lassen, Kings Canyon, San Andreas Fault, etc. Required camping field trips. Additional costs for food, campground, and entrance fee. (A, CSU, UC)

4 GEOLOGY OF CALIFORNIA**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the geologic setting and evolution of California using the concepts of plate tectonics, stratigraphy, and processes that have shaped the landscape. Emphasis on processes that have and are still shaping the landscape, including volcanism, earthquakes, and erosion. Optional field trips. (A, CSU-GE, UC, I)

5 INTRODUCTION TO OCEANOGRAPHY**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the study of water on earth with an emphasis on physical oceanography. Topics include ocean and shoreline processes, plate tectonics, sea floor morphology, types and distribution of seafloor sediments, ocean sediment transport, ocean chemistry, ocean currents, marine resources, and environmental concerns. Optional field trips. (A, CSU-GE, UC, I)

7 NATURAL HISTORY OF DINOSAURS**3 units, 3 lecture hours**

PREREQUISITE: Biology 3.

Introduction to dinosaurs using the concepts of plate tectonics, evolution, and physiology. Emphasis will be given to fossil morphologies, origin, types, relatives and relationships, modes of life, temporal and spatial distributions, environments, and extinctions. Optional field trips may be offered. (A, CSU-GE)

8 GEOLOGY OF MOONS AND PLANETS**3 units, 3 lecture hours**

COREQUISITE: Physics 2A.

Introduction to the planets and moons of the solar system using the concepts of geology and physics. Emphasis will be given to planet and moon formation, physical characteristics, chemical composition, and orbital features. Optional field trips to planetariums or museums may be offered. (A, CSU-GE)

9 INTRODUCTION TO EARTH SCIENCE**3 units, 2 lecture hours, 2 lab hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the earth sciences with an emphasis on basic topics and principles in geology, oceanography, meteorology, and astronomy. Optional field trips. For transfer Liberal Studies students. (A, CSU, UC)

- 11 INTERNATIONAL GEOLOGY FIELD STUDIES**
 1-3 units, 1-3 lecture hours, (Repeats=3), (Pass/No Pass)
 PREREQUISITE: None.
 Geologic field studies of an international location, such as Costa Rica, Galapagos Islands, Iceland, etc. Required field trips. Additional costs for travel abroad. (A, CSU)

GERMAN SEE FOREIGN LANGUAGES

GRAPHIC COMMUNICATIONS (GRC)

(FORMERLY PRINTING TECHNOLOGY)

- 5 INTRODUCTION TO MACINTOSH COMPUTER USE**
 1 unit, 2 lecture hours, (9 weeks), (Repeats = 3),
 (Formerly Printing Technology 5)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
 Introduction to Macintosh computer features and associated software. Systematic operation of filing structure and introductory assignments. Fulfills computer literacy graduation requirement. (A, CSU)
- 10 INTRODUCTION TO GRAPHIC COMMUNICATIONS**
 2 units, 2 lecture hours, (Repeats = 3), (Formerly Printing Technology 10)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.
 Introduction to graphic communications methodology via print, web, and multimedia formats. History, requirements, limitations of production techniques, demonstrations, discussion, and basic project work. Fulfills computer literacy graduation requirement. (A, CSU)
- 13 INTRODUCTION TO IMAGE CAPTURE/SCANNING**
 1 unit, 2 lecture hours, (9 weeks), (Repeats = 3),
 (Formerly Printing Technology 13)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.
 Image capture and scanning for print, multimedia, or web page production. Resolution, halftone specification, and tone manipulation. Fulfills computer literacy graduation requirement. (A, CSU)
- 14 ADOBE ACROBAT PROFESSIONAL**
 3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.
 Adobe Acrobat software and others used for the generation of portable file format (PDF) documents for the world wide web, distribute and print

workflows, or inclusion in multimedia productions. Fulfills computer literacy graduation requirement. (A, CSU)

- 15 WEB PAGE CONSTRUCTION 1**
 4 units, 3 lecture hours, 3 lab hours, (Repeats = 3)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.
 Adobe Dreamweaver, CSS and traditional construction methods for web page and web site generation. Components of Fireworks and Photoshop included in exercises and project work. Students create web sites and post them online. Fulfills computer literacy graduation requirement. (A, CSU)

- 16 WEB DESIGN**
 4 units, 3 lecture hours, 3 lab hours, (Repeats = 3)
 PREREQUISITE: Graphic Communications 15 or permission of instructor. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.
 Adobe Dreamweaver, Fireworks, Photoshop and other supporting software for use in advanced web page design and site production methods. Project work includes dynamic elements, audio and video components. Students create and post web sites. Fulfills computer literacy graduation requirement. (A, CSU)

- 17 ADOBE ILLUSTRATOR**
 3 units, 2 lecture hours, 3 lab hours, (Repeats = 3),
 (Formerly Printing Technology 17)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.
 Adobe Illustrator program for vector image development. Hands-on work creating projects for reproduction. Fulfills computer literacy graduation requirement. (A, CSU)

- 18 PRODUCTION METHODS**
 3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)
 ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.
 Production methods of graphic communications systems with emphasis on print media. Project work explores considerations and limitations of software for output using the printing process. Fulfills computer literacy graduation requirement. (A, CSU)

- 19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL**
 1-8 units, (Repeats = 2), (Formerly Printing Technology 19)
 COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to graphic communications. Collaborative learning objectives established specific to graphic communications. Seventy-five hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

20 GRAPHIC COMMUNICATIONS

**3 units, 2 lecture hours, 3 lab hours, (Repeats = 3),
(Formerly Printing Technology 20)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Overview of graphic communication processes as related to the printing industry. Terminology, input/output considerations, current trends, and hands-on projects using each of the three major types of software; illustration, page layout, and image adjustment. Fulfills computer literacy graduation requirement. (A, CSU)

22 MULTIMEDIA 1

4 units, 3 lecture hours, 3 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Introduction to multimedia. Project work using an assortment of current software. Combine images, audio and video into cross-platform productions. DVD authoring, podcasting, slide shows, image capture, and short films. Fulfills computer literacy graduation requirement. (A, CSU)

23 MULTIMEDIA 2

4 units, 3 lecture hours, 3 lab hours, (Repeats = 3)

PREREQUISITE: Graphic Communications 22.

Continued studies in multimedia publication. Terminology, input/output considerations and individual student project work using current software. Fulfills computer literacy graduation requirement. (A, CSU)

24 FLASH ANIMATION

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Adobe Flash animation program for multimedia. Design and production of interactive projects. Components from image adjustment and draw programs. Fulfills computer literacy graduation requirement. (A, CSU)

25 SPECIALIZED WEB TECHNIQUES

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Techniques, tips, and tricks and software products to help the web designer. Opportunities to work with new technologies and methods of deploying content over the Internet. Fulfills computer literacy graduation requirement. (A, CSU)

27 DIGITAL VIDEO PRODUCTION

4 units, 3 lecture hours, 3 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Introduction to digital video production with emphasis on editing techniques. Units include planning, storytelling, vocabulary, camera handling, lighting, sound, logging/capturing, and working with professional editing software. Students complete short exercises and create video projects. Fulfills computer literacy graduation requirement. (A, CSU)

28 INDEPENDENT STUDY – GRAPHICS

1-3 units, 3-9 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Individual graphic projects designed to allow the student to expand on a specific area of previous study. The production of a pre-employment portfolio with field trips to professional studios, shops, television stations, newspapers or galleries. Fulfills computer literacy graduation requirement. (A, CSU)

30 ADOBE INDESIGN/PROFESSIONAL PUBLISHING

**3 units, 2 lecture hours, 3 lab hours, (Repeats = 3),
(Formerly Printing Technology 30)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Adobe InDesign page layout software. Emphasis on output for print technology, with multimedia inclusion. Components from image adjustment and draw programs. Fulfills computer literacy graduation requirement. (A, CSU)

31 PHOTOSHOP FOR GRAPHICS

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Adobe Photoshop with emphasis on graphic design and production. Units include print, web, multimedia, and video application. Fulfills computer literacy graduation requirement. (A, CSU)

32 VIDEO TECHNIQUES

4 units, 3 lecture hours, 3 lab hours, (Repeats = 3)

PREREQUISITE: Graphic Communications 27 or permission of instructor. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Production processes and non-linear editing style in greater detail than offered in Graphic Communications 27. Project work with attention to detail in all phases of production. Color correction, lighting, audio, and legal issues. Fulfills computer literacy graduation requirement. (A, CSU)

33 FLASH FOR THE WEB

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Adobe Flash software for web site publishing. Design, completion and posting of interactive web site. Components from Photoshop and Fireworks image adjusting, Illustrator draw program, and Dreamweaver web page generating software applications. Fulfills computer literacy graduation requirement. (A, CSU)

34 INTRODUCTION TO 3-D ANIMATION

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Principles and methods of graphic communication. Projects incorporate symbols and typography into visual design, exploring interrelationships between formal elements and symbolic content. Fulfills computer literacy graduation requirement. (A, CSU)

39A GRAPHIC DESIGN I

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3), (Formerly Printing Technology and Graphic Communications 39)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Principles and methods of graphic communication. Projects incorporate symbols and typography into visual design, exploring interrelationships between formal elements and symbolic content. Fulfills computer literacy graduation requirement. (A, CSU)

40A GRAPHIC DESIGN II

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3), (Formerly Printing Technology and Graphic Communications 40)

PREREQUISITE: Graphic Communications 39A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Advanced principles and methods of graphic communication. Projects incorporate symbols and typography into visual design, exploring interrelationships between the formal elements and symbolic content. (A, CSU)

41 VISUAL COMMUNICATIONS

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3), (Formerly Printing Technology 41)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Communication theory, organization and delivery methods. Creating presentation materials with computer, video, and photographic techniques. Fulfills computer literacy graduation requirement. (A, CSU)

51 STORYBOARDING

1 unit, 2 lecture hours, (9 weeks), (Repeats = 3)

Pre-visualization for animation, video, web, and game production. Introduction to media-specific storyboarding processes and techniques. (A, CSU)

GUIDANCE STUDIES

SEE COUNSELING

HEALTH INFORMATION TECHNOLOGY (HIT)

FORMERLY MEDICAL RECORD TECHNOLOGY

1 INTRODUCTION TO HEALTH INFORMATION MANAGEMENT

3 units, 3 lecture hours, (Formerly Medical Record Technology 1)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to health care delivery systems, hospital organization, the medical record, the processes of health information management including access, retention, data collection, quantitative and qualitative analysis, and computerized health information systems; accreditation, licensure, and regulatory requirements; the role of the health information management professional. (A, CSU)

2 LEGAL ASPECTS OF HEALTH INFORMATION

2 units, 2 lecture hours, (Formerly Medical Record Technology 2)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Legal basis for the control, use and release of health information; concepts of consent for treatment and other procedures; HIPAA privacy and security rules; federal and state laws and regulations governing the handling of special health information; ethical practices in health information; procedures used in responding to requests for health information. (A, CSU)

3 QUALITY IMPROVEMENT

2 units, 2 lecture hours, (Formerly Medical Record Technology 3)

PREREQUISITE: Computer Information Technology 15 and Health Information Technology 1. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

History and development of quality improvement efforts in health care; quality assessment techniques and processes; software tools for data collection and reporting; roles and responsibilities of individuals involved in quality improvement; medical staff organization; peer review, utilization review, and risk management. (A, CSU)

4 DISEASE PROCESS**3 units, 3 lecture hours**

PREREQUISITE: Health Information Technology 10 and Biology

5. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

General principles of pathophysiology; systematic study of symptoms, signs, etiologic factors, course, complications, prognosis and prevention of human disease; the modern practices of diagnosis and treatment. (A, CSU)

5 INTRODUCTION TO CODING**3 units, 3 lecture hours**

PREREQUISITE: Health Information Technology 10. COREQUISITE: Health Information Technology 4. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to ICD-9-CM code assignment; rules, principles, guidelines, and conventions; state and federal regulations; documentation to support coding; manual and electronic coding applications. Review of other systems used in health care: DSM, SNOMED, ICD-O, and ICD-10-CM. This is the first of a two-course sequence. (A, CSU)

6 CODING AND REIMBURSEMENT**3 units, 3 lecture hours**

PREREQUISITE: Health Information Technology 5. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Advanced ICD-9-CM code assignment. Emphasis on case studies, health records, and federal regulations regarding prospective payment systems and methods of billing and reimbursement. Second of a two-course sequence. (A, CSU)

7 DIRECTED PRACTICE**5 units, 1 lecture hour, 12 lab hours, (Pass/No Pass)**

PREREQUISITE: Health Information Technology 3 and 6. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Practical application of advanced principles and practices of health information technology in a real or simulated work setting; supervised onsite experience performing HIT competencies in an affiliated healthcare organization. (A, CSU)

8 HEALTH INFORMATION MANAGEMENT AND SUPERVISION**3 units, 3 lecture hours**

PREREQUISITE: Health Information Technology 1. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Effective management of technical and human factors in health information services: planning, organizing, budgeting, strategic planning, work space design, recruitment, selection, training and development, evaluation, compensation, and labor relations. (A, CSU)

9 HOSPITAL AND HEALTH STATISTICS**2 units, 2 lecture hours**

PREREQUISITE: Computer Information Technology 15 and Health Information Technology 1. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic hospital and health statistics including the sources, definitions, and calculations of common rates and percentages. Computerized and manual methods for collections, computation and presentation. Review of regulatory, accreditation, and vital statistics reporting; health care research data. (A, CSU)

10 MEDICAL TERMINOLOGY**3 units, 3 lecture hours, (Formerly Medical Record Technology 10)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Medical vocabulary with concentration on prefixes, suffixes, and root words. Emphasis on word dissection and definitions as applied to the body systems including the terminology used in examinations, diagnoses, procedures, laboratory investigations, and medical reports. (A, CSU)

11 CPT CODING**3 units, 3 lecture hours**

PREREQUISITE: Health Information Technology 10. COREQUISITE: Health Information Technology 4. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Common Procedural Terminology (CPT) coding; Healthcare Common Procedure Coding System (HCPCS), and Ambulatory Pay Classification (APCs); emphasis on application of coding conventions and guidelines, application to billing processes and reimbursement issues; use of manual and electronic coding systems. (A, CSU)

12 HEALTH INFORMATION IN ALTERNATIVE SETTINGS**2 units, 2 lecture hours**

PREREQUISITE: Health Information Technology 1. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to non-traditional health information systems and settings including organizational structure, accreditation and licensing requirements, documentation requirements, and the role of the health information practitioner. Emphasis on long-term care, mental health, and ambulatory care settings. (A, CSU)

14 HIM TECHNOLOGY AND SYSTEMS

3 units, 3 lecture hours

PREREQUISITE: Health Information Technology 1 and Computer Information Technology 15. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Computer applications and information systems used in healthcare and health information management; system development, implementation, and analysis; data retrieval and reporting; HER migration and implementation. (A, CSU)

HEALTH SCIENCE (HLTH)**1 CONTEMPORARY HEALTH ISSUES**

3 units, 3 lecture hours, (Formerly Health Education 1)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Contemporary scientific concepts and medical information designed to promote health, prevent disease, increase life span and improve the quality of life involving the cardiovascular system, physical fitness, nutrition, emotional health, human sexuality, sexually transmitted diseases, reproduction and birth control, heredity, substance abuse, cancer, consumer and environmental health and health care systems. (A, CSU-GE, UC)

2 FIRST AID AND SAFETY

2 units, 2 lecture hours, (Formerly Health Education 2)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic concepts and skills necessary to give first aid (including cardiopulmonary resuscitation). Satisfies the requirements of the American Red Cross for certification in Adult, Child and Infant Cardiopulmonary Resuscitation and Basic First Aid. (A, CSU, UC)

HISTORY (HIST)**1 WESTERN CIVILIZATION TO 1648**

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A survey of the political, social, economic, cultural, and intellectual developments of European civilization from its pre-historic antecedents in the Middle East to the rise of modern European nations in the seventeenth century. (A, CSU-GE, UC, I)

1H HONORS WESTERN CIVILIZATION TO 1648

3 units, 3 lecture hours, (Formerly Honors 1H)

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

A survey of the political, social, economic, cultural, and intellectual developments of European civilization from its pre-historic antecedents in the Middle East to the rise of modern European nations in the seventeenth century. In addition, Honors sections take a greater cross-disciplinary perspective, critically evaluate issues and controversies in historiography, and place greater emphasis on the use of history in understanding the modern world. (A, CSU-GE, UC, I)

2 WESTERN CIVILIZATION SINCE 1648

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The philosophical, political, and economic development of the European civilizations and their “offspring” in the New World and elsewhere from the 17th century to the present era. (A, CSU-GE, UC, I)

2H HONORS WESTERN CIVILIZATION SINCE 1648

3 units, 3 lecture hours, (Formerly Honors 2H)

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

The philosophical, political, and economic development of the European civilizations and their “offspring” in the new world and elsewhere from the 17th century to the present era. In addition, Honors sections take a greater cross-disciplinary perspective, critically evaluate issues and controversies in historiography, and place greater emphasis on the use of history in understanding the modern world. (A, CSU-GE, UC, I)

3 HISTORY OF ANCIENT ROME

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The history, politics, social life, literature, art, architecture, religion and archaeology of Rome from the foundation of the city to the early Byzantine period. (A, CSU, UC)

11 HISTORY OF THE UNITED STATES TO 1877

3 units, 3 lecture hours

ADVISORY: Eligibility for English 1A recommended.

Political, social, and economic development from the colonial period through the Reconstruction Era. (TCSU HIST 130) (A, CSU-GE, UC, I)

12 HISTORY OF THE UNITED STATES SINCE 1877**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 1A recommended.

Political, social and economic development since Reconstruction Era; the US as a world power. Satisfies the US history requirement for BA degree. (A, CSU-GE, UC, I)

15 HISTORY OF THE BRITISH ISLES**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The British Isles from pre-history to the present. (A, CSU-GE, UC, I)

17 HISTORY OF ISLAM**3 units, 3 lecture hours**

ADVISORY: History 1 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An analytical survey of Islamic history from the life of Muhammad to the Ottoman Empire. Discussion of the political and military aspects of Islam, Islamic science and medicine, and mystical movements within Islam. (A, CSU, UC)

18 HISTORY OF ANCIENT GREECE**3 units, 3 lecture hours**

ADVISORY: History 1 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An intensive survey of Greek history from the Bronze Age to the Hellenistic period. Discussion of the Homeric poems, the development of the polis system in Athens and Sparta, the Persian and Peloponnesian Wars, and Hellenistic science and technology. (A, CSU, UC)

20 COMPARATIVE WORLD CIVILIZATIONS TO 1600**3 units, 3 lecture hours**

COREQUISITE: Education 30. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Economic, political, and social developments in World Civilization from the emergence of human communities to around 1600. (This course is designed for transfer Liberal Studies Blended Major students.) (TCSU HIST 150) (A, CSU, UC)

21 UNITED STATES CIVIL WAR**3 units, 3 lecture hours**

ADVISORY: Satisfactory completion of History 11 recommended.

Causes, events, and consequences of the American Civil War. (A, CSU, UC)

22 HISTORY OF AMERICAN WOMEN**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Women in American history: social, political, and economic actions and reactions of American women; racial, ethnic, religious, geographic, and class differences. (A, CSU-GE, UC, I)

29 HISTORY OF MEXICO, COLONIAL TO CONTEMPORARY PERIOD**3 units, 3 lecture hours, (See also Chicano-Latino Studies 29)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A social, economic and political survey of Mexican history from the colonial (1521) to the contemporary period (2000's). (A, CSU-GE, UC, I)

30 CALIFORNIA HISTORY**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Growth and development of California politically, economically, and culturally from 1523 to the present, emphasizing 20th century issues. (A, CSU, UC)

34 HISTORY OF AMERICAN CIVIL RIGHTS MOVEMENT 1954-1969**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Based on the civil rights struggle in contemporary America. Legal, moral, ethical, religious and humanistic foundations of the Movement. Nature and forms of discrimination, segregation and oppression. Enforcement and protection of human and civil rights in the United States. (A, CSU, UC)

HMONG SEE FOREIGN LANGUAGES

HOME ECONOMICS SEE FASHION AND TEXTILES STUDIES AND INTERIOR DESIGN

HONORS (HONORS)

ACCOUNTING 4AH, HONORS FINANCIAL ACCOUNTING

4 units, 4 lecture hours, 1 lab hour

ADVISORY: Eligibility for English 125 and 126 or ESL 67 and 68 and Math 101 recommended. Enrolled or previously completed Computer Information Technology 12 or 15. Meet the qualifications for consideration for acceptance in the Honors Program recommended. See Honors Program listing in the college catalog.

Explores what financial accounting is, why it is important, and how it is used by investors and creditors to make decisions. Covers the accounting information system and the recording and reporting of business transactions with a focus on the accounting cycle, the application of generally accepted accounting principles, the classified financial statements, and statement analysis. Includes issues relating to asset, liability, and equity valuation, revenue and expense recognition, cash flow, internal controls and ethics. Honors program will require additional analysis of subject material involving research and presentations. (A, CSU)

4BH HONORS MANAGERIAL ACCOUNTING

4 units, 4 lecture hours, 1 lab hour

PREREQUISITE: Accounting 4A or 4AH. ADVISORY: Meet the requirements for consideration for acceptance into the Honors Program. See Honors Program listing in the college catalog.

Examination of how managers use accounting information in decision-making, planning, directing operations, and controlling. Focus on cost terms and concepts, cost behavior, cost structure, and cost-volume-profit analysis. Examination of profit planning, standard costs, operations and capital budgeting, cost control, and accounting for costs in manufacturing organizations. Honors program will require additional analysis of subject material involving research and presentations. (A, CSU)

ANTHROPOLOGY 2H, HONORS CULTURAL ANTHROPOLOGY

3 units, 3 lecture hours, (Formerly Honors 2A)

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Principles, methods, and concepts of cultural anthropology. The relationship between culture, society, and the individual. A cross-cultural, integrated analysis of human marriage and family, child rearing, personality development, kinship, social institutions, ideology, politics and social control, economics and ecological adaptation, language, artistic expression, and cultural change. In addition, the Honors course takes a greater cross-disciplinary perspective, places greater emphasis on the use of anthropology on the understanding of the modern world, and more critically evaluates the methods and theory of anthropology. (A, CSU-GE-UC, I)

ART 5H, HONORS ART HISTORY 1

3 units, 3 lecture hours, (Formerly Honors 5A)

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

A survey of the Western Art from prehistory to the Gothic period that may include one or more areas of non-Western art from the same time period. Honors sections will include special introduction for non-art majors into the characteristics and components of art and a brief introduction into art criticism. (A, CSU-GE, UC, I)

ART 6H, HONORS ART HISTORY 2

3 units, 3 lecture hours, (Formerly Honors 6A)

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

A survey of Western Art from the beginning of the Renaissance to the present that may include one or more areas of non-Western Art from the same time period. Honors sections will include a special introduction for non-art majors into the characteristics and components of art and a brief introduction into art criticism. (A, CSU-GE, UC, I)

BIOLOGY 1H, HONORS PRINCIPLES OF BIOLOGY

4 units, 3 lecture hours, 2 lab hours, (Formerly Honors 1B)

PREREQUISITE: Mathematics 103. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Introduction to the principles and unifying concepts of life science including the chemical basis of life, cell structure and function, genetics and principles of inheritance, biological classification and diversity, and ecology, with evolution as the unifying theme. Applications of the above topics to human health and environmental issues are stressed. Field trips, guest speakers, literature and scientific research, use of technology, and student presentations are included in this honors level course. Fulfills prerequisite for Biology 4, 6, 7, 20, 24, and 31. (A, CSU-GE, UC, I)

BUSINESS ADMINISTRATION 10H, HONORS INTRODUCTION TO BUSINESS

3 units, 3 lecture hours

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

A survey in business providing a multidisciplinary examination of how culture, society, economic systems, legal, international, political, financial institutions, and human behavior interact to affect a business organization's policy and practices within the U.S. Demonstrates how these influences impact the primary areas of business including: organizational structure and design; leadership, human resource management, and organized labor practices; marketing; organizational communication; technology;

and entrepreneurship; and legal, accounting, and financial practices; and therefore affect a business' ability to achieve its organizational goals in the U.S. economic system with enrichment and service learning activities and linkages to a Business Economics Honors colloquium. (A, CSU, UC)

CULTURAL STUDIES 7H, HONORS INTRODUCTION TO BRITISH CULTURE

3 units, 3 lecture hours, (See also Humanities 7H)

ADVISORY: Meet the qualifications for consideration for acceptance in the Honors Program recommended. See Honors program listing in the college catalog.

An examination of British society and culture, including historical roots as well as contemporary institutions and practices. Topics include language, geography, religion, transportation, economics, politics, mass media, family patterns, immigration and ethnic diversity, education, health care, theater, literature, music, art and architecture. Designed primarily for students in the Semester in England Program. (A, CSU)

ECONOMICS 1AH, HONORS INTRODUCTION TO MACROECONOMICS

3 units, 3 lecture hours

PREREQUISITE: Mathematics 103. ADVISORY: Meet the qualifications for consideration for acceptance in the Honors Program recommended. See Honors Program listing in the college catalog.

Principles of macroeconomics: consumers, business, and government in the United States economy. Alternative approaches and solutions to inflation and unemployment, fiscal and monetary policy in economic planning and management. In addition, Honors sections will discuss and analyze the works of historical economic figures. (A, CSU-GE, UC, I)

ECONOMICS 1BH, HONORS INTRODUCTION TO MICROECONOMICS

3 units, 3 lecture hours

PREREQUISITE: Mathematics 103. ADVISORY: Meet the qualifications for consideration for acceptance in the Honors Program recommended. See Honors Program listing in the college catalog.

The "free enterprise" system. Theories of consumer and individual firm behavior. Market structure analysis and comparison. Government programs to assist, regulate, and promote various industries. The American labor movement and international trade. In addition, Honors sections will discuss and analyze the works of historical economic figures. (A, CSU-GE, UC, I)

ENGLISH 1AH, HONORS READING AND COMPOSITION

4 units, 4 lecture hours, (Formerly Honors 1E)

PREREQUISITE: A "credit" grade in English 125 or English as a Second Language 67, and English 126 or English as a Second Language 68 or appropriate score on the reading and writing sections of the placement test. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Reading, analyzing, and writing college-level prose, with emphasis on the expository: studying writing as a process; exploring different writing strategies; summarizing, editing, and critiquing; conducting research (gathering, organizing, evaluating, integrating and documenting information). Honors sections may cover additional subject matter such as creative writing, peer response, the study of oral narrative and its relationship to writing and composing on the computer. (A, CSU-GE, UC, I)

ENGLISH 1BH, HONORS INTRODUCTION TO THE STUDY OF LITERATURE

3 units, 3 lecture hours, (Formerly Honors 1F)

PREREQUISITE: English 1A or the equivalent. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Reading and critical analysis of short stories, novels, poems, and plays. Honors sections may cover additional subject matter such as introduction to formal literary criticism in addition to more extensive reading of literature and additional writing. (A, CSU-GE, UC, I)

ENGLISH 3H, HONORS CRITICAL READING & WRITING

3 units, 3 lecture hours

PREREQUISITE: English 1A . ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Developing critical thinking skills in reading and writing beyond English 1A. Reasoning for analysis and argument writing based mainly on non-fiction readings. Honors sections may cover additional subject matter, such as more in-depth analytical research, extensive analysis of rhetorical discourse, and the study of how critical reasoning and argument is utilized in content area research and practice. (A, CSU-GE, UC, I)

HISTORY 1H, HONORS WESTERN CIVILIZATION TO 1648

3 units, 3 lecture hours, (Formerly Honors 1H)

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

A survey of the political, social, economic, cultural, and intellectual developments of European civilization from its prehistoric antecedents in the Middle East to the rise of modern European Nations in the seventeenth century. In addition, Honors sections take a greater cross-disciplinary perspective, critically evaluate issues and controversies in historiography of the ancient-through-early-modern periods, and place greater emphasis on the use of history in understanding the modern world. (A, CSU-GE-UC, I)

HISTORY 2H, HONORS WESTERN CIVILIZATION SINCE 1648

3 units, 3 lecture hours, (Formerly Honors 2H)

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

The philosophical, political, and economic development of European civilizations and their “offspring” in the New World and elsewhere from the 17th century to the present era. In addition, Honors sections take a greater cross-disciplinary perspective, critically evaluate issues and controversies in historiography of the early-modern-to-present periods, and place greater emphasis on the use of history in understanding the modern world. (A, CSU-GE, UC, I)

HONORS 1A, HONORS SCIENCE COLLOQUIUM: BIOLOGICAL SCIENCE THROUGH SCHOLARLY RESEARCH

1 unit, 1 lecture hour

COREQUISITE: Meet the qualifications for acceptance into the Honors Program. Biology 11AH or English 1AH. See Honors Program listing in college catalog.

Interdisciplinary approach to biological research integrating scientific writing and scholarly presentation methods. Critical topics and concepts beyond content offered in Biology 11A Honors. (A, CSU, UC approved as variable topics; evaluation completed by individual campuses after admission.)

HONORS 1C, HONORS HUMANITIES COLLOQUIUM: HUMANITIES THROUGH THE AGES

1 unit, 1 lecture hour

COREQUISITE: Meet the qualifications for acceptance into the Honors Program. Philosophy 1AH, History 1H or 2H, Art 5H or 6H, or English 1BH or 3H or Humanities 10H or 11H. See Honors Program listing in college catalog.

Interdisciplinary investigation of aspects of perceived reality. Examination of various concepts of reality as manifested in literature, critical thought, philosophy, religion, ideology, arts, politics, and socioeconomic systems. (A, CSU, UC)

HONORS 1D, HONORS BUSINESS AND ECONOMICS COLLOQUIUM: THE LOCAL ECONOMY AND AGRIBUSINESS

1 unit, 1 lecture hour

COREQUISITE: Meet the qualifications for acceptance into the Honors Program. Economics 1AH or 1BH, Business Administration 10H. See Honors Program listing in college catalog.

Interdisciplinary investigation of aspects of economic theory and business systems and their relationship to economic cycles and business practices. Global and national economic and business theories applied to the economic cycles and business conditions of agribusiness of the San Joaquin Valley. (A, CSU)

HONORS 1E, HONORS SOCIAL SCIENCE COLLOQUIUM: CONTEMPORARY ISSUES IN SOCIAL SCIENCE

1 unit, 1 lecture hour

COREQUISITE: Meet the qualifications for acceptance into the Honors Program. Anthropology 2H or Psychology 2H. See Honors Program listing in college catalog.

Interdisciplinary investigation of a contemporary issue in society, culture, and human behavior. Topics studied and researched in relationship to anthropological and psychological theories. (A, CSU)

HONORS 1F, HONORS PHI THETA KAPPA COLLOQUIUM: PHI THETA KAPPA STUDY TOPICS

1 unit, 1 lecture hour, (Repeats = 1)

COREQUISITE: Meet the qualifications for acceptance into the Honors Program and enrollment in the Honors Program. See Honors Program listing in college catalog.

Interdisciplinary investigation of the annual study topic of Phi Theta Kappa International Honor Society. Topic determined by the Honors Study Topic Guide and drawn from the humanities, natural sciences and social sciences. (A, CSU)

HONORS 1G, HONORS LEADERSHIP COLLOQUIUM: PHI THETA KAPPA LEADERSHIP TRAINING INSTITUTE

1 unit, 1 lecture hour

COREQUISITE: Meet the qualifications for acceptance into the Honors Program and enrollment in the Honors Program. See Honors Program listing in college catalog.

Interdisciplinary study of integrating concepts and materials requiring analysis of leadership styles and contexts from the Honors core courses in humanities, social sciences, and business. Development of student’s college and life-long leadership skills. (A, CSU)

HUMANITIES 7H, HONORS INTRODUCTION TO BRITISH CULTURE

3 units, 3 lecture hours, (See also Cultural Studies 7H)

ADVISORY: Meet the qualifications for consideration for acceptance in the Honors Program recommended. See Honors program listing in the college catalog.

An examination of British society and culture, including historical roots as well as contemporary institutions and practices. Topics include language, geography, religion, transportation, economics, politics, mass media, family patterns, immigration and ethnic diversity, education, health care, theater, literature, music, art and architecture. Designed primarily for students in the Semester in England Program. (A, CSU)

HUMANITIES 10H, HONORS CLASSICAL HUMANITIES

3 units, 3 lecture hours

PREREQUISITE: English 1A. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

An integrated study of the art, music, literature, philosophy, and drama of Western civilization from the Greeks through the Renaissance. Honors sections may cover additional subject matter such as more extensive reading and research as well as additional writing. (A, CSU, UC)

HUMANITIES 11H, HONORS MODERN HUMANITIES**3 units, 3 lecture hours**

PREREQUISITE: English 1A. Humanities 10 is not a prerequisite for this course. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in college catalog.

An integrated study of the art, music, literature, philosophy, and drama of Western civilization from the seventeenth century to the present. Honors sections may cover additional subject matter such as more extensive reading and research as well as additional writing. (A, CSU, UC)

PHILOSOPHY 1AH, HONORS THEORIES OF KNOWLEDGE AND REALITY**3 units, 3 lecture hours, (Formerly Honors 1P)**

PREREQUISITE: English 1A. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

An introduction to traditional and contemporary views on the nature of knowledge, truth, and thought; alternative views of God, the universe and human nature. Develops skills in philosophical analysis and logical thinking. Honors sections may also focus on an historical overview or a more in-depth study of a significant branch of philosophy e.g. philosophy of language or philosophy of mind. (A, CSU-GE, UC, I)

POLITICAL SCIENCE 2H, HONORS AMERICAN GOVERNMENT**3 units, 3 lecture hours**

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Analysis of political and judicial institutions and processes, political ideology, political economy, the role of the media, civil rights, California state and local government. Satisfies the U.S. Constitution requirements and the national, state and local government requirements for transfer students. In addition Honors sections investigate in detail the original design of the American political system, including the values imbued in the Constitution, the construction of the federal system, and the legal responsibilities of the major actors, and contrast those features with the current conditions in American politics. Emphasis is given to explaining the differences between the two situations, and requiring students to suggest how access to the present system can be gained and used. (A, CSU-GE, UC)

PSYCHOLOGY 2H, HONORS GENERAL PSYCHOLOGY**3 units, 3 lecture hours, (Formerly Honors 7P and Psychology 7H)**

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Scientific study of behavior and mental processes. Topics include history, methodology, biopsychology, lifespan development, sensation and perception, consciousness and altered states, learning and memory,

thought and language, intelligence, motivation and emotion, personality, psychopathology and therapy, stress and health, and social and cultural influences. The Honors section of this course places a greater emphasis on understanding the human being as an integrated physiological, social, and psychological organism and further enriches that perspective with data and theories from related disciplines. (A, CSU-GE, UC, I)

SOCIOLOGY 1AH, HONORS INTRODUCTION TO SOCIOLOGY**3 units, 3 lecture hours**

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in college catalog.

Basic concepts, theoretical approaches, and methods of sociology. Analysis and explanation of social systems, socialization, and self, institutions, stratification, inter/intra-group dynamics, multi-/cross-cultural relations, demography, deviance, collective behavior, social change, and global trends. The Honors section of this course places a greater emphasis on methods of conducting scientific research in the field of Sociology. Additional emphasis is placed on contemporary social issues as explored through supplemental readers or texts. (A, CSU-GE, UC, I)

HUMAN SERVICES (HS)

10 INTRODUCTION TO AGING STUDIES**3 units, 3 lecture hours, (See also Sociology 10)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to gerontology: theories, concepts, perspectives, and research in the study of aging: psychological and sociological changes; cultural, multicultural, substance abuse and political issues. Intergenerational and multicultural activities. (A, CSU-GE, UC, I)

18 ALCOHOL AND DRUG ABUSE COUNSELING: PROFESSIONAL AND PERSONAL GROWTH**2 units, 2 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Techniques to establish optimal performance and the well-being of the helping professional. (A, CSU)

19A WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL**1-8 units, (Repeats = 2)**

PREREQUISITE: Human Services 20. COREQUISITE: Human Services 24. Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to human services. Collaborative learning objectives

established specific to human services. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

19B WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
1-8 units, 1 lecture hour, (Repeats = 2)

PREREQUISITE: Human Services 42 and 43. COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to human services. Collaborative learning objectives established specific to human services. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

20 INTRODUCTION TO SOCIAL WELFARE
3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Social, economic, political, philosophical and historical factors in the development of social welfare and social work in western society. (TCSU SW 110) (A, CSU, UC)

24 FUNDAMENTALS OF INTERVIEWING AND COUNSELING
3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Principles of interviewing and counseling, both theory and practice. Focus on specific skills within a human service setting. Analysis of the dynamics between counselor and client. (A, CSU)

25 ASSERTIVENESS TRAINING
2 units, 2 lecture hours, (See also Women's Studies 25)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

How to become more effective and creative in expressing oneself in a courteous and dignified manner. Discovering the communication options available in various life situations. (A, CSU)

30 GROUP AND COMMUNITY SOCIAL SERVICES
3 units, 3 lecture hours

COREQUISITE: Human Services 20. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Methods in social work intervention with individual, group, and community; problem analysis and available services. (A, CSU)

35 INTRODUCTION TO EATING DISORDERS
2 units, 2 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Compulsive overeating, bulimia, and anorexia nervosa. Selected research findings related to weight regulation, psychological variables, dieting, obesity, cultural factors, family dynamics, and medical complications. (A, CSU)

40 ALCOHOL AND DRUG ABUSE COUNSELING: LAW AND ETHICS, PREVENTION, EDUCATION, OUTREACH AND REFERRAL

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Classification of drugs, legal solutions, restrictions, community prevention, outreach, screening techniques, intervention and referral, and crisis counseling. (Not open to students with credit in Human Services/Sociology 41.) (A, CSU)

42 INTRODUCTION TO ALCOHOL AND DRUG COUNSELING
3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The history of alcohol and other mood changing drugs in the U.S.; myths and stereotypes of alcohol use; socio-cultural factors that contribute to the use of drugs; patterns and progression of alcoholism; and the dynamics of treatment. (A, CSU)

43 ALCOHOL AND DRUG ABUSE COUNSELING: CASE MANAGEMENT

3 units 3 lecture hours

PREREQUISITE: Human Services 42. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Elementary techniques in the treatment of alcohol dependency for the individual and the family; student participation in counseling techniques in a group study experience. Bookkeeping, referral, consultation, and follow-up skills. (A, CSU)

44 DRUG USE: PHYSICAL AND PSYCHOLOGICAL EFFECTS
3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The physical and psychological aspects of drug use, including abuse and addiction, physical and psychological dependencies, physiological effects of commonly used drugs, and treatment and prevention. Not open to students with credit in Human Services 45. (A, CSU)

HUMANITIES (HUMAN)

7 INTRODUCTION TO BRITISH CULTURE**3 units, 3 lecture hours, (See also Cultural Studies 7)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An examination of British society and culture, including historical roots as well as contemporary institutions and practices. Topics include language, geography, religion, transportation, economics, politics, mass media, family patterns, immigration and ethnic diversity, education, health care, theater, literature, music, art and architecture. Designed primarily for students in the Semester in England Program. (A, CSU-GE)

7H HONORS INTRODUCTION TO BRITISH CULTURE**3 units, 3 lecture hours, (See also Cultural Studies 7H)**

ADVISORY: Meet the qualifications for consideration for acceptance in the Honors Program recommended. See Honors program listing in the college catalog.

An examination of British society and culture, including historical roots as well as contemporary institutions and practices. Topics include language, geography, religion, transportation, economics, politics, mass media, family patterns, immigration and ethnic diversity, education, health care, theater, literature, music, art and architecture. Designed primarily for students in the Semester in England Program. (A, CSU-GE)

10 CLASSICAL HUMANITIES**3 units, 3 lecture hours**

PREREQUISITE: English 1A.

An integrated study of the art, music, literature, philosophy, and drama of Western civilization from the Greeks through the Renaissance. (A, CSU-GE, UC, I)

10H HONORS CLASSICAL HUMANITIES**3 units, 3 lecture hours**

PREREQUISITE: English 1A. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

An integrated study of the art, music, literature, philosophy, and drama of Western civilization from the Greeks through the Renaissance. Honors sections may cover additional subject matter such as more extensive reading and research as well as additional writing. (A, CSU-GE, UC, I)

11 MODERN HUMANITIES**3 units, 3 lecture hours**

PREREQUISITE: English 1A. Humanities 10 is not a prerequisite for this course.

An integrated study of the art, music, literature, philosophy, and drama of the Western civilization from the seventeenth century to the present. (A, CSU-GE, UC, I)

11H HONORS MODERN HUMANITIES**3 units, 3 lecture hours**

PREREQUISITE: English 1A. Humanities 10 is not a prerequisite for this course. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in college catalog.

An integrated study of the art, music, literature, philosophy, and drama of Western civilization from the seventeenth century to the present. Honors sections may cover additional subject matter such as more extensive reading and research as well as additional writing. (A, CSU-GE, UC, I)

INDIVIDUAL STUDY

49 (COURSE TITLE TO BE SELECTED)**1-3 units, minimum of 54 hours required per unit, (Repeats = 3)**

PREREQUISITE: To be determined by the staff making application for Individual Study 49.

Creative or research project leading to a paper, report, construction, composition or other product. An exploration of a subject not normally covered in a regular course. The course name, title and content are to be identified by the instructor after consultation with the student. A course application form must be completed by the student and approved by the instructor and the dean. (A, CSU, UC approved as variable topics; evaluation completed by individual campuses after admission.)

INDUSTRIAL EDUCATION SEE APPLIED TECHNOLOGY (AT)

INFORMATION SYSTEMSSEE COMPUTER INFORMATION TECHNOLOGY (CIT)

INTERDISCIPLINARY STUDIES (INTDS)

1 MUSEUM STUDIES**3 units, 3 lecture hours, (Formerly Anthropology 7)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Survey of museum practice with introduction to history and ethics of acquisition; methods of museum and collections management, exhibit development, and museum administration. (A, CSU)

INTERIOR DESIGN (INTRDSN)

7 INTERIOR DESIGN

3 units, 3 lecture hours, 1 lab hour, (Formerly Home Economics 7 and 20)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

A comprehensive introduction to the economic, social, psychological, and aesthetic aspects of housing and interior design. Integration of design principles, space planning, furniture selection and creative expression with consumer information pertaining to living space. Laboratory experiences include space analysis, color and materials coordination, and furniture arrangement. Field trips required. (A, CSU)

JAPANESE SEE FOREIGN LANGUAGE

JOURNALISM (JOURN)

1 INTRODUCTION TO MASS COMMUNICATION

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A study of the social, economic, political, cultural, and behavioral impacts of mass media both nationally and globally. From books through the internet, and from pop culture to advertising and public relations, a close examination of the historical and technological developments that have shaped the structures and practices of mass media as well as emerging trends in mass communication, audiences, and technologies. (A, CSU-GE, UC, I)

2 INTERPRETING CURRENT EVENTS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Discussion and analysis of important national and international events. Readings from newspapers, magazines and on-line news sources on interpreting and evaluating information in light of journalistic objectivity, propaganda, government censorship and the influence of various groups on news gathering. (A, CSU)

3 NEWSWRITING

3 units, 2 lecture hours, 3 lab hours

ADVISORY: Eligibility for English 1A recommended.

News information gathering and writing for print media. Includes the basics of news writing, methods and practices, interviewing, feature writing, and emphasis on writing against deadlines. Ethical, policy and legal questions confronting reporters, their editors and publishers. (A, CSU)

4 WRITING FOR THE COLLEGE NEWSPAPER

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

Writing articles for the school newspaper; writing for other journalism publications on a regular schedule throughout the semester; editing articles for the publications; gathering information from a variety of sources; synthesizing a story; preparing information for dissemination; handling ethical and legal aspects of communication. (A, CSU)

5 NEWSPAPER PRODUCTION

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended. For photographers, demonstrated ability to use a camera. For artists and designers, demonstrated ability in the field of art or graphics.

Organize and publish a student newspaper on a regular schedule throughout the semester; participate in bi-weekly budget meetings for college newspaper content; edit news stories written by students in Journalism 4; produce accompanying photography and graphics; complete newspaper and advertising layout and design. (A, CSU)

6 MAGAZINE PRODUCTION

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended. For photographers, demonstrated ability to use a camera. For artists and designers, demonstrated ability in the field of art or graphics.

Introduction to magazine production with emphasis on developing, researching, interviewing and writing non-fiction articles. Includes complete presentation of stories, photos, design and layout. Students will edit and publish a magazine that can be adaptable for on-line publication. (A, CSU)

9 FEATURE WRITING

3 units, 2 lecture hours, 3 lab hours

ADVISORY: Journalism 3 or concurrent enrollment, and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Fundamentals in feature writing for magazines, newspapers and on-line publications. Special emphasis on profile and interpretative news features. Provides practical experience in interview and in-depth research techniques. (A, CSU)

15 BASIC EDITING FOR JOURNALISTS**2 units, 2 lecture hours**

ADVISORY: Journalism 3 or concurrent enrollment, and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Skills building course for journalism students covers parts of speech, word use, sentence construction, spelling, punctuation, and principles of effective writing as it applies to journalistic proofreading and copyediting; emphasizes the set of rules for understanding how language works; and communicating clearly, concisely, and coherently. (A, CSU)

16 RACE, GENDER AND THE MEDIA**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A critical examination of the role of media in enabling, facilitating, or challenging the social construction of race and gender in our society. Using a variety of entertainment and news content in print, electronic, and the internet, a consideration of how the media influence everyday notion of race and gender and review the historical roles news and entertainment media have played in creating awareness about the experiences of women and ethnic minorities. (A, CSU-GE, UC, I)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL**1-8 units, (Repeats = 2)**

COREQUISITE: Journalism 4. Fall and Spring Semesters: Must be enrolled in at least one other course, including occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to journalism. Collaborative learning objectives established specific to journalism. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

LABORATORY ASSISTANT

159 LABORATORY ASSISTANT**1 unit, 3 lab hours, (Repeats = 3)**

PREREQUISITE: Verification of eligibility by instructor and division dean.

Opportunity to work independently with and assist instructor in subject area. Student must register no later than the third week of a regular semester. (A)

LATIN AMERICAN STUDIES (LAST)

10 LATIN AMERICAN LITERATURE**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 1A.

Representative works of various countries to show Latin American literature in its social, political and economic context. Historical coverage from pre-Columbian American peoples to contemporary writers. Course conducted in English. (A, CSU-GE, UC, I)

11 LATIN AMERICAN COLLOQUIUM**1 unit, 1 lecture hour**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An interdisciplinary study of selected Latin American topics. Whenever appropriate, the course will be taught by a team of instructors representing two or more disciplines. It will include discussions, readings, writing, projects, field trips and guest speakers. (A, CSU, UC approved as a variable topic; evaluation completed by individual campuses after admission.)

LIBRARY SKILLS (LIBSKL)

1 INFORMATION COMPETENCY/RESEARCH SKILLS**1 unit, 1 lecture hour**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to research skills for college students, including basic concepts of information, its organization, location, evaluation, and use. Students will learn how to use print resources, electronic information retrieval systems, the Internet as a reference tool, and style manuals. (A, CSU)

2 INFORMATION AND COMPUTER LITERACY**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

In-depth research skills for college students, including the concept of information, its organization, location, evaluation, and use. General computer/technology concepts, email, and navigating the World Wide Web. Fulfills the computer literacy graduation requirement. (A, CSU)

LIBRARY TECHNOLOGY (LITEC)

51 INTRODUCTION TO LIBRARY SERVICE

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Explores the general organization of various types of libraries and their materials; library service from past to present and its role in society; basic duties of the library paraprofessional. (A, CSU)

52A ORGANIZATION OF INFORMATION

3 units, 3 lecture hours, (Formerly Library Technology 52)

ADVISORY: Library Technology 51 recommended.

Library technical services, cataloging of materials, Library of Congress and Dewey classification systems, indexing, abstracting and integrated library systems. (A, CSU)

52B COLLECTION MANAGEMENT

1 unit, 1 lecture hour

ADVISORY: Library Technology 51 and 52A recommended.

Library technical services, acquisitions and processing of materials, collection maintenance and materials repair. (A, CSU)

54 LITERATURE AND SERVICES FOR YOUTH

3 units, 3 lecture hours

ADVISORY: Library Technology 51 recommended.

Library services to children and young adults in the areas of literature, collection development, information services and programs. (A, CSU)

55 LIBRARY PUBLIC SERVICE

3 units, 3 lecture hours

ADVISORY: Library Technology 51 recommended.

Library services offered to the public, including readers' advisory, interlibrary loan, copyright issues, publicity, displays, public relations, conflict resolution, library security, overview of supervision, collection development, stack maintenance, and materials circulation policies and procedures. (A, CSU)

56 INFORMATION TECHNOLOGY

3 units, 3 lecture hours

ADVISORY: Library Technology 51 recommended.

Use and management of computers, computer networks, non-print materials and emerging technologies used in libraries. (A, CSU)

57 REFERENCE: PRINT AND ONLINE SOURCES

3 units, 3 lecture hours

PREREQUISITE: None.

Library reference services, research methodologies, standard reference sources, utilization of print, non-print and electronic format sources; reference interview techniques and style; collection development issues related to library reference services. (A, CSU)

LINGUISTICS (LING)

4 STRUCTURE OF ENGLISH

3 units, 3 lecture hours, (See also English 4)

PREREQUISITE: Eligibility for English 125 and 126 or English as a Second Language 67 and 68.

The principles of English grammatical structure, punctuation, morphology, and spelling. (A, CSU, UC)

10 INTRODUCTION TO LANGUAGE

3 units, 3 lecture hours

PREREQUISITE: Eligibility for English 125 and 126 or English as a Second Language 67 and 68. ADVISORY: Eligibility for English 1A recommended.

Examination of the nature of language, its historical development, its structural elements, and the stages of language acquisition. Emphasis on systematic linguistic description of language knowledge and usage. Recommended for liberal studies majors. (TCSU ANTH 130) (A, CSU-GE, UC, I)

11 INTRODUCTION TO LANGUAGE FOR EDUCATORS

3 units, 3 lecture hours

PREREQUISITE: Eligibility for English 125 and 126 or English as a Second Language 67 and 68. ADVISORY: Eligibility for English 1A recommended.

Examination of the nature, history, development and acquisition of language and its structural elements. Emphasis on how language is used and learned. Contrastive analysis of English with other commonly spoken languages of the area. Special focus on the relationship between linguistic structure and the development of reading and writing. (A, CSU)

MANUFACTURING MECHANIC (MFGMCTC)

351 INTRODUCTION TO MANUFACTURING

0 units, 9 lecture hours, (1 week), (Pass/No Pass),
(Repeats = 3)

PREREQUISITE: None.

Career in manufacturing, local job market, pay scales; basic mechanical skills required throughout the industrial areas; safety and safe working environment will be stressed.

352A TRADE MATHEMATICS

0 units, 9 lecture hours, (2 weeks), (Pass/No Pass),
(Repeats = 3)

PREREQUISITE: None.

Industrial technology and trade-related math. The use of metric system of weights and measures, arithmetic application of integers and fractions, along with ruler and caliper readings commonly used in manufacturing trades.

352B PROGRAMMABLE CONTROLLERS

0 units, 2.25 lecture hours, 6.75 lab hours, (2 weeks),
(Pass/No Pass), (Repeats = 3)

PREREQUISITE: None.

An introduction to the equipment and peripheral devices used to interface with industrial controlling devices.

352C JOB PREPARATION

0 units, 2.25 lecture hours, 6.75 lab hours, (2 weeks),
(Pass/No Pass), (Repeats = 3)

ADVISORY: Completion of Manufacturing Mechanic CTC 352B.

Preparing resumes, portfolios, and improving employment-seeking skills.

352D TECHNICAL REPORT WRITING

0 units, 2.25 lecture hours, 6.75 lab hours, (2 weeks),
(Pass/No Pass), (Repeats = 3)

ADVISORY: Completion of Manufacturing Mechanic CTC 352B.

Identify and write various types of reports; analyze data, and record information that are associated with production work.

353A FLUID POWER FUNDAMENTALS

0 units, 9 lecture hours, (1 week), (Pass/No Pass),
(Repeats = 3)

PREREQUISITE: None.

Fundamentals of fluid power; physics principles pertaining to fluid power; various differences in hydraulics and pneumatics; characteristics of liquids and gases; how and why the fluid power industry was started.

353B PNEUMATIC FUNDAMENTALS

0 units, 2.25 lecture hours, 6.75 lab hours, (2 weeks),
(Pass/No Pass), (Repeats = 3)

ADVISORY: Completion of Manufacturing Mechanic CTC 353A.

Theory and application in the operation, service, and function of hydraulic systems including design and application of systems in industrial environments.

353C HYDRAULIC FUNDAMENTALS

0 units, 2.25 lecture hours, 6.75 lab hours, (2 weeks),
(Pass/No Pass), (Repeats = 3)

ADVISORY: Completion of Manufacturing Mechanic CTC 353A.

Theory and application in the operation, service, and function of hydraulic systems including design and application of systems in industrial environments.

354A POWER TRANSMISSION

0 units, 9 lecture hours, (1 week), (Pass/No Pass),
(Repeats = 3)

PREREQUISITE: None.

Study and application of power transmission through chains, belts, gear trains and augers.

354B WELDING FUNDAMENTALS

0 units, 1.5 lecture hours, 13.5 lab hours, (3 weeks),
(Pass/No Pass), (Repeats = 3)

ADVISORY: Completion of Manufacturing Mechanic CTC 354A.

Basic metallurgy and properties of metals, oxyacetylene welding and cutting processes, arc welding, and safety within the work environment.

354C ELECTRICAL FUNDAMENTALS

0 units, 1.5 lecture hours, 13.5 lab hours, (3 weeks),
(Pass/No Pass), (Repeats = 3)

ADVISORY: Completion of Manufacturing Mechanic CTC 354A.

Introduction to the basics of electrical fundamentals, AC circuitry, as well as an instruction to motor control.

MARKETING (MKTG)

10 PRINCIPLES OF MARKETING

3 units, 3 lecture hours, (See also Fashion
Merchandising 10)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Creative management and research of marketing involving pricing, promotion, place and physical distribution of products which maximize profitability and customer satisfaction while achieving organizational goals. (A, CSU)

11 SALESMANSHIP
 3 units, 3 lecture hours, (Spring only), (See also Fashion Merchandising 21)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Personal selling and the development of techniques for a successful sales personality; buying motives, required product knowledge and the selling process. Career opportunities in the sales field. (A, CSU)

12 ADVERTISING AND PROMOTION
 3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Consumer psychology, media study, and advertising budgets. Communication process; basic art layout and copy composition; speakers and films. (A, CSU)

14 RETAILING
 3 units, 3 lecture hours, (See also Fashion Merchandising 14)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to the basic retail store operation functions of personnel management, merchandise buying, merchandise promotion, security, and careers. (A, CSU)

17 VISUAL MERCHANDISING
 3 units, 2 lecture hours, 2 lab hours, (See also Fashion Merchandising 28)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Modern display techniques, equipment, materials, and analysis of current display methods as they apply to creating a store's image. Laboratory exercises to include planning, executing, and evaluating a variety of displays including signage, cases, windows, and banners. Field trips. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
 1-8 units, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors...

Supervised employment extending the classroom based on occupational learning related to marketing. Collaborative learning objectives established specific to marketing. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

21 SOCIAL MARKETING
 3 units, 3 lecture hours

ADVISORY: Business Administration 10 and Marketing 10.

Examines social media as a marketing tool. Special focus is placed on social networks, blogs, shared video/photos, SMS, Twitter, podcasts, and wikis. (A, CSU)

MATHEMATICS (MATH)

4A TRIGONOMETRY
 4 units, 4 lecture hours, (Formerly Mathematics 4)

PREREQUISITE: Mathematics 102 and Mathematics 103 or equivalent.

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Angles, trigonometric and inverse trigonometric functions, right and oblique triangles, graphs, identities, trigonometric equations, vectors, polar coordinates, DeMoivre's Theorem, and applications. (A, CSU-GE)

4B PRE-CALCULUS
 4 units, 4 lecture hours

PREREQUISITE: Mathematics 4A or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Equations and inequities; polynomial, rational, exponential, trigonometric functions; graphing, analytic geometry, and conic sections; vectors; matrices; systems of equations; the binomial theorem, sequences, and series. (A, CSU-GE, UC, I)

5A MATHEMATICAL ANALYSIS I
 5 units, 5 lecture hours

PREREQUISITE: Mathematics 4B or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to differential and integral calculus, analytical geometry, differentiation and integration of functions, limits continuity, the Fundamental Theorem of Calculus, and applications of differentiation. (TCSU MATH SEQ A=MATH 5A+5B) (A, CSU-GE, UC, I)

Introduction to differential and integral calculus, analytical geometry, differentiation and integration of functions, limits continuity, the Fundamental Theorem of Calculus, and applications of differentiation. (TCSU MATH SEQ A=MATH 5A+5B) (A, CSU-GE, UC, I)

5B MATHEMATICAL ANALYSIS II
 4 units, 4 lecture hours

PREREQUISITE: Mathematics 5A or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Applications and techniques of integration including logarithmic, exponential, trigonometric, and transcendental functions; conic sections; infinite series; differential equations; approximations. (TCSU MATH SEQ A=MATH 5A+5B) (A, CSU-GE, UC, I)

Applications and techniques of integration including logarithmic, exponential, trigonometric, and transcendental functions; conic sections; infinite series; differential equations; approximations. (TCSU MATH SEQ A=MATH 5A+5B) (A, CSU-GE, UC, I)

6 MATHEMATICAL ANALYSIS III

4 units, 4 lecture hours

PREREQUISITE: Mathematics 5B or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Solid analytic geometry; partial differentiation; integral calculus of multi-variable functions; two and three dimensional vectors; vector valued functions; topics in vector calculus including Green's, Divergence, and Stoke's Theorems. (A, CSU-GE, UC, I)

7 INTRODUCTION TO DIFFERENTIAL EQUATIONS

4 units, 4 lecture hours

PREREQUISITE: Mathematics 6 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to ordinary differential equations; solutions by power series, phase planes, and Laplace Transforms; linear algebra; Fourier Series; complex variables. (A, CSU, UC)

10A STRUCTURE AND CONCEPTS IN MATHEMATICS I

3 units, 3 lecture hours

PREREQUISITE: Mathematics 103 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Development of computational and problem solving skills, number sequences, logic, set theory, functions, ancient numeration systems, real world applications, and technology. Designed for elementary credential candidates. (A, CSU-GE, UC, I)

10B STRUCTURE AND CONCEPTS IN MATHEMATICS II

3 units, 3 lecture hours

PREREQUISITE: Mathematics 10A and Mathematics 102, or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Development of probability, statistics, geometry, measurement, motion geometry, and tessellations. Designed for elementary credential candidates. (A, CSU-GE, UC, I)

11 ELEMENTARY STATISTICS

4 units, 4 lecture hours

PREREQUISITE: Mathematics 103 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Descriptive measures, probability, probability distributions, sampling distributions, central limit theorem, one and two sample hypothesis tests, estimation, correlation, and regression. (A, CSU-GE, UC, I)

21 FINITE MATHEMATICS

3 units, 3 lecture hours, (Formerly Mathematics 31)

PREREQUISITE: Mathematics 103 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Applications of linear, exponential, and logarithmic functions, matrix operations, and inverse matrices. Linear programming techniques, mathematics of finance, probability, and counting theory. Limits, rates of change, and derivatives. (A, CSU-GE, UC, I)

26 ELEMENTARY LINEAR ALGEBRA

3 units, 3 lecture hours

PREREQUISITE: Mathematics 5A or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Matrices and linear transformations, vector spaces, determinants, eigenvalues and eigenvectors. (A, CSU-GE, UC, I)

42 STATISTICS FOR THE BEHAVIORAL SCIENCES

4 units, 4 lecture hours, (See also Psychology 42)

PREREQUISITE: Mathematics 103 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Descriptive statistics, sampling, hypothesis testing, estimation, selected non-parametric techniques, ANOVA, and regression, with applications from psychology, biology, and social sciences. (A, CSU-GE, UC, I)

45 CONTEMPORARY MATHEMATICS

3 units, 3 lecture hours

PREREQUISITE: Mathematics 103 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to mathematical problem solving: statistics, social choice, and management science. (A, CSU-GE, UC)

48A PRE-CALCULUS WORKSHOP

1 unit, 4 lab hours

PREREQUISITE: Mathematics 4A or equivalent. COREQUISITE: Mathematics 4B or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Methodology of solving math-based real-world application problems from pre-calculus reinforced through a small group collaborative learning environment, emphasizing the algebraic, graphic, numeric, and symbolic methodologies. Targets at-risk and underrepresented students. Not open to students who have satisfactorily completed Mathematics 4B. (A, CSU)

48B CALCULUS WORKSHOP I

1 unit, 4 lab hours

PREREQUISITE: Mathematics 4B or equivalent. COREQUISITE: Mathematics 5A or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Methodology of solving math-based real-world application problems from first semester calculus reinforced through a small group collaborative learning environment, emphasizing the algebraic, graphic, numeric, and symbolic methodologies. Targets at-risk and underrepresented students. Not open to students who have satisfactorily completed Mathematics 5A. (A, CSU)

48C CALCULUS WORKSHOP II

1 unit, 4 lab hours

PREREQUISITE: Mathematics 5A or equivalent. COREQUISITE: Mathematics 5B or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Methodology of solving math-based real-world application problems from the second semester calculus reinforced through a small group collaborative learning environment, emphasizing the algebraic, graphic, numeric, and symbolic methodologies. Targets at-risk and underrepresented students. Not open to students who have satisfactorily completed Mathematics 5B. (A, CSU)

101 ELEMENTARY ALGEBRA

5 units, 5 lecture hours, (Formerly Mathematics 1)

PREREQUISITE: Mathematics 255 or designated math placement. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Signed numbers, algebraic expressions, linear equations, exponents, polynomials, factoring, rational expressions and equations, graphing, inequalities, systems of equations, radicals, quadratic equations, and applications. (A)

102 PLANE GEOMETRY

3 units, 3 lecture hours, (Formerly Mathematics 2)

PREREQUISITE: Mathematics 101 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Angles; parallel lines; congruent and similar triangles; geometric constructions; right triangle trigonometry; application of formulas for perimeter, area, and volume of geometric figures; and inductive and deductive reasoning. (A)

103 INTERMEDIATE ALGEBRA

5 units, 5 lecture hours, (Formerly Mathematics 3)

PREREQUISITE: Mathematics 101 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Polynomial, rational, and algebraic expressions; linear, quadratic, exponential, and logarithmic functions; systems of equations and inequalities; matrices; conic sections; sequences and series; and the binomial theorem. (A)

250 COLLEGE ARITHMETIC

3 units, 3 lecture hours, (Formerly Mathematics 50)

PREREQUISITE: Mathematics 260A or equivalent or appropriate placement score. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Arithmetic operations of whole numbers, fractions, and decimals; ratio and proportions; percents; order of operations; the metric system; word problems and applications of arithmetic. Designed as a quick refresher of college arithmetic.

255 PRE-ALGEBRA

5 units, 5 lecture hours, (Formerly Mathematics 55)

PREREQUISITE: Mathematics 250 with a minimum grade of "C" or Mathematics 260D or a test score to place out of or above Mathematics 260D. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Designed to increase the student success in Elementary Algebra; ideal for students who have math anxiety or who do not feel ready for the fast pace of Mathematics 101. And introduction to selected topics that are often difficult for Mathematics 101 students (e.g., signed numbers, simplification, equations, word problems, factoring, and graphing).

260A ARITHMETIC REVIEW: WHOLE NUMBERS

2 units, 5 lecture hours, (6 weeks), (Pass/No Pass), (Formerly Mathematics 60A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Review of arithmetic involving computing with whole numbers. Emphasis on word problems and applications of whole numbers.

260B ARITHMETIC REVIEW: FRACTIONS

2 units, 5 lecture hours, (6 weeks), (Pass/No Pass), (Formerly Mathematics 60B)

PREREQUISITE: Mathematics 260A or appropriate placement score. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Review of arithmetic involving computing with fractions. Emphasis on word problems and applications of fractions.

260C ARITHMETIC REVIEW: DECIMALS

2 units, 5 lecture hours, (6 weeks), (Pass/No Pass), (Formerly Mathematics 60C)

PREREQUISITE: Mathematics 260B or appropriate placement score. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Review of arithmetic involving computing with decimals. Emphasis on word problems and applications of decimals.

**260D ARITHMETIC REVIEW: RATIOS, PROPORTIONS,
PERCENTS, AND GEOMETRY**

2 units, 5 lecture hours, (6 weeks), (Pass/No Pass),
(Formerly Mathematics 60D)

PREREQUISITE: Mathematics 260C or appropriate placement score.

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Review of arithmetic involving ration, proportion, and percents. Introduction to basic geometry topics. Emphasis on word problems.

277 ARITHMETIC FOR THE LEARNING DISABLED

2 units, 6 lab hours, (Pass/No Pass), (Repeats = 3),
(Formerly Mathematics 77)

PREREQUISITE: Students must have a diagnosed verifiable disability.

Review of the mechanics of arithmetic involving computing with whole numbers, fractions, decimals, and percents. Includes word problems and applications of arithmetic. Designed for students with severe disabilities and/or learning disabilities.

MEDICAL ASSISTING (MA)

1 LEGAL AND ETHICAL CONCEPTS

2 units, 2 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Medical ethics, jurisprudence, and professional relations in the medical office setting as applied to the medical assistant profession and specialty fields. Assists the students in understanding the medical assistant role as an integral part of the medical profession. (A, CSU)

2 PHARMACOLOGY

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Mathematical concepts needed to calculate a patient's medication dosage correctly combined with a detailed explanation of topics essential to understanding drug sources, legislation relating to drugs, drug reference and classification, actions and administration. (A, CSU)

4 OFFICE LABORATORY PROCEDURES

4 units, 3 lecture hours, 3 lab hours

ADVISORY: Biology 5 or equivalent recommended. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 250 or 260A -260D recommended.

Preparation of patient specimens for laboratory study and/or transportation. Specimen screening analysis techniques, recording of

findings, regulations, and safety hazards. Precautionary measures relevant to specimen handling, personal and patient safety. (A, CSU)

5 DIAGNOSTIC AND THERAPEUTIC PROCEDURES

4 units, 3 lecture hours, 3 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 250 or 260A -260D recommended.

Fundamentals of patient preparation for diagnostic studies. Techniques and recording of diagnostic and therapeutic procedures commonly performed in medical offices, safety standards and hazards, precautionary measures. (A, CSU)

6A CLINICAL TRAINING

3 units, 3 lecture hours, (Formerly Medical Assisting
60A)

ADVISORY: Biology 5 or equivalent recommended. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Topics pertinent to medical assisting: microbiology, sterilization, aseptic technique, and assisting in physical examinations. (A, CSU)

6B ADVANCED TRAINING

3 units, 3 lecture hours, (Formerly Medical Assisting
60B)

PREREQUISITE: Medical Assisting 6A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Medical assisting procedures in the specialty office, assisting in surgery, handling of medical emergencies. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL

1-8 units, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to medical assisting. Collaborative learning objectives established specific to medical assisting. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

MEDICAL RECORD TECHNOLOGY

SEE HEALTH INFORMATION TECHNOLOGY

MILITARY SCIENCE (MILSC)

- 1 INTRODUCTION TO MILITARY SCIENCE**
 1 unit, 1 lecture hour
 PREREQUISITE: None.
 Organization and function of the US Army: basic traditions, customs, and protocol. Basic leadership skills, map reading, and management techniques. Adventure training participation. (A, CSU, UC)
- 2 GENERAL MILITARY SKILLS**
 1 unit, 1 lecture hour
 PREREQUISITE: None.
 Basic soldier skills and leadership doctrines. Emphasis on basic training skills, first-aid procedures, field crafts, and leadership techniques. (A, CSU, UC)
- 11 GENERAL LEADERSHIP SKILLS**
 2 units, 2 lecture hours
 PREREQUISITE: None.
 Institutional knowledge of the Army profession and introduction to a wide range of technical and tactical skills. Emphasizes the officer's role in the Army and offers tools for professional success. (A, CSU, UC)
- 12 BASIC LEADERSHIP AND MANAGEMENT**
 2 units, 2 lecture hours
 PREREQUISITE: None.
 Principles of leadership and resource management; mission planning and presentation of goals to groups. Emphasizes U.S. Army posture versus current threats faced. (A, CSU, UC)
- 20 ROTC LEADERSHIP TRAINING COURSE (LTC)**
 3 units, 4.5 lecture hours, 27 lab hours, (4 weeks),
 (Pass/No Pass), (Open Entry/Open Exit)
 PREREQUISITE: Eligibility criteria as set forth in US Army Regulation 145-1.
 Summer training program at an active army military installation. This is a "no obligation" look at the U.S. Army's basic leadership skills and training overview. Provides credit for the Senior ROTC Basic Course (freshman/sophomore). (A, CSU)
- 21 ROTC LEADERSHIP DEVELOPMENT/ASSESSMENT COURSE (LDAC)**
 3 units, 3 lecture hours, 18 lab hours, (6 weeks),
 (Pass/No Pass), (Open Entry/Open Exit)
 PREREQUISITE: Eligibility criteria as set forth in U. S. Army Regulation 145-1.
 Summer training course familiarizing students with Army weapons systems, military skills, confidence training, light infantry tactics, and leadership and management techniques. (A, CSU)

- 31 ADVANCED LEADERSHIP AND MANAGEMENT**
 3 Units, 3 Lecture hours
 PREREQUISITE: Military Science 20 or prior military service.
 Personnel management problems and techniques of motivation as applied to a military environment; techniques and methods of instruction; application of basic military skills; military law. (A, CSU)
- 32 SMALL UNIT LEADERSHIP**
 3 units, 3 lecture hours
 PREREQUISITE: Military Science 31.
 Principles of tactics and operations; organization of small units and their employment; field orders and instructions; small unit leadership techniques. (A, CSU)
- 41 ETHICS AND MILITARY PROFESSIONALISM**
 3 units, 3 lecture hours
 PREREQUISITE: Military Science 32 and 51B.
 Military professional ethics, military justice, command and staff functions, mission and organization of the U.S. Army and military correspondence. (A, CSU)
- 42 ADVANCED LEADERSHIP TRAINING**
 3 units, 3 lecture hours
 PREREQUISITE: Military Science 41 and 52A.
 Focus on transitioning cadets to lieutenants. Topics include responsibility of army officers, army leadership doctrine, and the army promotion system. (A, CSU)
- 50A FRESHMAN LEADERSHIP LABORATORY**
 1 unit, 3 lab hours, (Repeats = 1)
 PREREQUISITE: None.
 Practical work to augment classroom instruction by teaching leadership, tactics, and soldier skills. Weekly laboratories plus one field trip each semester. (A, CSU)
- 50B SOPHOMORE LEADERSHIP LABORATORY**
 1 unit, 3 lab hours, (Repeats = 1)
 PREREQUISITE: None.
 Practical work to augment classroom instruction by teaching intermediate leadership, tactics, and soldier skills. Weekly laboratories plus one field trip each semester. (A, CSU)
- 51A ROTC JUNIOR LEADERSHIP LAB I**
 1 unit, 3 lab hours
 PREREQUISITE: Military Science 20 or prior military service.
 Practical work to augment classroom instruction by teaching leadership, tactics, and soldier skills. Weekly laboratories plus one field trip each semester. (A, CSU)

51B ROTC JUNIOR LEADERSHIP LAB II**1 unit, 3 lab hours**

PREREQUISITE: Military Science 31 and 51A.

Practical work to augment classroom instruction by teaching intermediate leadership, tactics, and soldier skills. Weekly laboratories plus one field trip each semester. (A, CSU)

52A ROTC SENIOR LEADERSHIP LAB I**1 unit, 3 lab hours**

PREREQUISITE: Military Science 32 and 51B.

Practical work to augment classroom instruction by teaching leadership, tactics, and soldier skills. Weekly laboratories plus one field trip each semester. (A, CSU)

52B ROTC SENIOR LEADERSHIP LAB II**1 unit, 3 lab hours**

PREREQUISITE: Military Science 41 and 52A.

Practical work to augment classroom instruction by teaching leadership, tactics, and soldier skills. Weekly laboratories plus one field trip each semester. (A, CSU)

MUSIC (MUS)

For information concerning course requirements for the major or minor, see page 168.

THEORY

1A MUSIC THEORY I**3 units, 3 lecture hours, (Fall only)**

COREQUISITE: (Music majors only) Music 7A. ADVISORY: Music 3 or the ability to read music as determined by testing. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Writing and analysis; fundamentals of music. Designed for the music major. (TCSU MUS 130) (A, CSU, UC)

1B MUSIC THEORY II**3 units, 3 lecture hours, (Spring only)**

COREQUISITE: (Music majors only) Music 7A or 7B. ADVISORY: Music 1A. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Writing and analysis; functional tonality, harmonization, diatonic and dominant seventh chords, and secondary function. Designed for the music major. (A, CSU, UC)

2A MUSIC THEORY III**3 units, 3 lecture hours, (Fall only)**

COREQUISITE: (Music majors only) Music 7B (if not already completed). ADVISORY: Music 1B. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Writing and analysis; 2 voice counterpoint and fugue; chromatic harmony and forms of the 18th century; and reductive analysis. Emphasis on classical and early romantic periods. Designed for the music major. (A, CSU, UC)

2B MUSIC THEORY IV**3 units, 3 lecture hours, (Spring only)**

COREQUISITE: (Music majors only) Music 7B (if not already completed). ADVISORY: Music 2A. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Writing and analysis; late 19th and 20th century compositional practices including serial procedures and indeterminacy. Designed for the music major. (A, CSU, UC)

3 MUSIC FUNDAMENTALS**3 units, 3 lecture hours, 1 lab hour**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Fundamental theory of music: pitch, rhythm, meters, scales, keys, key signatures, intervals, rhythm, and scale dictation. Designed for the general student, the music major with limited music theory experience, the commercial music student, and the classroom teacher. (A, CSU-GE, UC, I)

4 JAZZ THEORY**3 units, 3 lecture hours, (Fall only)**

ADVISORY: Ability to read and notate music.

Chord, scale, and structural theory relating to the study, performance, and composition of jazz and contemporary music. (A, CSU, UC)

5 MIDI MUSIC PRODUCTION**2 units, 2 lecture hours, 2 lab hours, (Spring only)**

ADVISORY: Ability to read and play simple melodies on a keyboard.

Use of synthesizers, computers, and MIDI sequencing software to compose, edit, and record music. (A, CSU)

6 JAZZ ARRANGING**3 units, 3 lecture hours, (Spring only)**

PREREQUISITE: Ability to read and notate music in treble and bass clefs. ADVISORY: Music 1A or 3 or 4 recommended.

Scoring and composing for jazz and popular vocal/instrumental combinations; emphasis on contemporary sound; projects will be performed. Designed for the commercial music student. (A, CSU)

7A EAR TRAINING: LEVEL I

1 unit, 1 lecture hour, 1 lab hour, (Pass/No Pass)

PREREQUISITE: Ability to read music or concurrent enrollment in Music 3 or Music 1A or 1B.

Dictation and sight-singing of simple rhythms, melodic intervals, and diatonic melodies. (A, CSU, UC)

7B EAR TRAINING: LEVEL II

1 unit, 1 lecture hour, 1 lab hour, (Pass/No Pass)

PREREQUISITE: Music 7A.

Dictation and sight-singing of diatonic and chromatic melodies, harmonic intervals, compound and simple rhythms, and chords and chord progressions. (A, CSU, UC)

8 AUDIO ENGINEERING

3 units, 2 lecture hours, 3 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A basic view of the recording studio as a sound storage, manipulation, and reproduction facility. Designed for the music major and the commercial music student. (A, CSU)

9 COMPOSITION

2 units, 2 lecture hours, (Spring only)

ADVISORY: Music 2A or the equivalent as determined by testing and examination of student's music theory and composition work.

Writing short musical compositions; emphasis on 20th century practices; compositions performed in recital. (A, CSU, UC)

111 THE MUSIC BUSINESS

3 units, 3 lecture hours, (Formerly Music 11)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Survey of topics of importance to the professional musician: copyrights, publishing, contracts, promotion, and career development. (A)

112 INTRODUCTION TO FINALE

2 units, 1 lecture hour, 3 lab hours

ADVISORY: Ability to read music and basic computer skills recommended.

Use of the Finale music notation software program for the creation of musical scores and parts. (A)

250 PIANO TEACHING I

3 units, 3 lecture hours, 1 lab hour, (Repeats = 1), (Fall), (Formerly Music 50)

PREREQUISITE: Music 22 or equivalent.

Methods for teaching beginning and elementary piano students including a survey and comparison of piano books available for studio teaching. Practical suggestions for maintaining a private piano studio.

251 PIANO TEACHING II

3 units, 3 lecture hours, 1 lab hour, (Repeats = 1), (Spring), (Formerly Music 51)

PREREQUISITE: Music 22 or equivalent.

Pedagogical techniques for teaching intermediate level piano students. Performance of solo and ensemble piano literature.

HISTORY & APPRECIATION

12 MUSIC APPRECIATION

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Middle Ages through the 20th century. Concert attendance required. Designed for the general student. (A, CSU-GE, UC, I)

13 HISTORY OF MUSIC

3 units, 3 lecture hours, (Formerly Music 11)

PREREQUISITE: Ability to read music and understand basic musical terminology. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Music Literature of western civilization from ancient to the present; emphasis on listening. Designed for the music major and the general student with a music background. Outside listening and concert attendance required. (A, CSU-GE, UC, I)

14 OPERA APPRECIATION

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The world of musical theatre from its early roots in medieval passion plays and liturgical dramas through opera and American musical theatre. Certain individual works will be studied in depth. (A, CSU-GE, UC, I)

16 JAZZ HISTORY AND APPRECIATION

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Vocal and instrumental jazz music from the 1890's through the present. Concert attendance required. Designed for the general student and commercial music student. (A, CSU-GE, UC, I)

17 HISTORY OF ROCK

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

This course examines the music of the most important rock artists and groups from the 1950s through the present. The sociological, economic and cultural factors that shaped rock music, as well as the music's influence on popular culture, will also be covered. (A, CSU-GE, UC, I)

APPLIED MUSIC

10A BEGINNING JAZZ IMPROVISATION

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3),
(Formerly Music 10)

ADVISORY: Ability to play an instrument at the intermediate/advanced level is recommended. Ability to read music recommended.

Study of the fundamentals of jazz improvisation: scales, modes, the blues, simple chord progressions, ear training, development of melodic ideas. (A, CSU)

10B INTERMEDIATE/ADVANCED JAZZ IMPROVISATION

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

PREREQUISITE: Music 10A or equivalent as determined by audition.

ADVISORY: Ability to read music, and to play an instrument at the intermediate/advanced level is recommended. Prior jazz improvisation experience recommended.

Study of intermediate and advanced concepts of jazz improvisation: altered scales, chordal extensions, alterations, and substitutions, and more complex jazz compositions. (A, CSU)

18 BASIC CONDUCTING AND SCORE READING

2 units, 2 lecture hours, (Spring only)

PREREQUISITE: Music 1A or 3 or the equivalent as determined by testing.

Fundamentals of conducting and score reading; standard patterns and baton technique; practice with records and large and small college ensembles. Designed for the music major and the commercial music student. (A, CSU, UC)

20 BEGINNING PIANO: LEVEL I

2 units, 1 lecture hour, 3 lab hours, (Formerly Music 20A)

PREREQUISITE: None.

Fundamentals, theory, and terminology; elementary piano technique, scales, and keyboard harmony; repertoire of easy compositions. Designed for the general student and the classroom teacher. Not intended for students who have had previous piano instruction. (A, CSU-GE, UC)

21 BEGINNING PIANO: LEVEL II

2 units, 1 lecture hour, 3 lab hours, (Repeats = 2),
(Formerly Music 20B)

PREREQUISITE: Music 20 or the equivalent as determined by testing.

Progressively advancing solo and ensemble work. Baroque, classic, romantic, and 20th century literature as appropriate to the student's development level. Fingering, harmonizing melodies, sight reading, and duets. Designed for the general student and the classroom teacher. (A, CSU-GE, UC)

24 ELEMENTARY VOICE: LEVEL I

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 1),
(Formerly Music 25A)

PREREQUISITE: None.

Beginning tone production and basic voice technique; singing simple solo songs. Designed for the student with little or no formal voice training. (A, CSU-GE, UC)

25 ELEMENTARY VOICE: LEVEL II

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 2),
(Formerly Music 25B)

PREREQUISITE: Music 24 or the equivalent as determined by testing.

Progressively advancing solo and small ensemble work; tone production interpretation. Designed for the general student. (A, CSU-GE, UC)

27 BEGINNING GUITAR: LEVEL I

2 units, 1 lecture hour, 2 lab hours, (Formerly Music 28A)

PREREQUISITE: Own instrument required.

Classical and social guitar playing styles: playing techniques, rhythms, theory, and note reading. Designed for the general student and classroom teacher. Not open to guitarists who read music. (A, CSU-GE, UC)

28 BEGINNING GUITAR: LEVEL II

2 units, 1 lecture hour, 2 lab hours, (Repeats = 2),
(Formerly Music 28B)

PREREQUISITE: Music 27 or ability to read music. Must have basic understanding of and playing skill in the classical guitar as determined by testing. Own instrument required.

Continuation and expansion of knowledge and techniques learned in 27. Emphasis on classical guitar techniques: reading, left- and right-hand techniques, positions, extension of the fingerboard, rhythms, meters, multi-line music, theory, and classical music styles. Designed for the serious student of guitar. (A, CSU-GE, UC)

INTERMEDIATE/ADVANCED ENSEMBLES AND INDIVIDUAL LESSONS

1-2 units: 1 unit, 1 lecture hour, 1 lab hour; 2 units,
1 lecture hour, 3 lab hours, (Repeats = 3)

The 1-unit class is recommended for the non-music major. Studies in technical, stylistic, and aesthetic elements of the performing repertoire from the standard literature of ensemble music. Ensemble performance required.

The 2-unit class is recommended for the music major. Studies in technical, stylistic, and aesthetic elements of the performing repertoire from the standard literature of solo and ensemble music. *Weekly individual instruction*; ensemble and solo performance required; designed to help transferring music majors pass jury exams on their instruments at four-year colleges and universities.

- 22 INTERMEDIATE/ADVANCED PIANO**
 (Formerly Music 21)
 PREREQUISITE: Music 21 or the equivalent as determined by testing.
 (A, CSU, UC)
- 26 INTERMEDIATE/ADVANCED VOICE**
 PREREQUISITE: Music 25 or intermediate or advanced level ability as determined by testing. (A, CSU, UC)
- 29 INTERMEDIATE/ADVANCED GUITAR**
 PREREQUISITE: Music 28 or the equivalent performance skills as determined by testing. (TCSU MUS 350 and MUS 360) (A, CSU, UC)
- 42A INTERMEDIATE/ADVANCED BRASS**
 (BRASS CHOIR)
 (Formerly Music 42)
 ADVISORY: Ability to perform advanced high school band music or the equivalent performance skills as determined by audition recommended.
 (A, CSU, UC)
- 42B INTERMEDIATE/ADVANCED WOODWINDS**
 (WOODWIND CHOIR)
 (Formerly Music 43)
 ADVISORY: Ability to perform advanced high school band or orchestra music or the equivalent performance skills as determined by audition recommended. (A, CSU, UC)
- 42C INTERMEDIATE/ADVANCED STRINGS**
 (STRING ORCHESTRA)
 (Formerly Music 44)
 ADVISORY: Ability to perform advanced high school band or orchestra music or the equivalent performance skills as determined by audition recommended. (A, CSU, UC)
- 42D INTERMEDIATE/ADVANCED PERCUSSION**
 (PERCUSSION ENSEMBLE)
 (Formerly Music 46)
 ADVISORY: Ability to perform advanced high school band or orchestra music or the equivalent performance skills as determined by audition recommended. (TCSU MUS 350) (A, CSU, UC)
- 49 ADVANCED LARGE ENSEMBLES**
 1 unit, 3 lab hours, (Repeats = 3)
 PREREQUISITE: Four semesters of any one of the following courses: Music 22, 26, 29, 30, 32, 34, 35, 36, 39, 40, 41, 42A, 42B, 42C, 42D, 46, 47, 48, 60, 61, 63, 66, 67, 68, 69, 70, 71, 72, 73A, 73B, 73C, 73D, 74A, 74B, 74C, 74D, 75, 76, 77 or 78. ADVISORY: Ability to perform advanced level music recommended.
 A continuation of ensemble or advanced applied music courses. Study of large ensemble literature (vocal or instrumental). Audition required. (A, CSU, UC)
- 57 SOLO REPERTOIRE STUDIES I**
 1 unit, 3 lab hours, (Repeats = 3)
 PREREQUISITE: Four semesters of Music 22, 26, or 29 or the equivalent as determined by audition. ADVISORY: Advanced vocal or instrumental performance skills recommended.
 Vocal and instrumental solo music of the Baroque and Classical periods. (A, CSU)
- 58 SOLO REPERTOIRE STUDIES II**
 1 unit, 3 lab hours, (Repeats = 3)
 PREREQUISITE: Four semesters of Music 22, 26, or 29 or the equivalent, as determined by audition. ADVISORY: Advanced vocal or instrumental performance skills recommended.
 Vocal and instrumental solo music of the Romantic, Impressionist, and Modern periods. (A, CSU)
- 59 ADVANCED SMALL ENSEMBLES**
 1 unit, 3 lab hours, (Repeats = 3)
 PREREQUISITE: Four semesters of any of the following courses: Music 22, 26, 29, 30, 32, 34, 35, 36, 39, 40, 41, 42A, 42B, 42C, 42D, 46, 47, 48, 60, 61, 63, 66, 67, 68, 69, 70, 71, 72, 73A, 73B, 73C, 73D, 74A, 74B, 74C, 74D, 75, 76, 77, or 78.
 A continuation of the study of vocal and instrumental chamber music, with emphasis on small ensembles. (A, CSU)
- 73A INTERMEDIATE/ADVANCED CHAMBER ENSEMBLE**
 (BRASS)
 2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)
 ADVISORY: Intermediate/advanced skill on a brass instrument recommended.
 Application of brass techniques through the rehearsal and interpretation of brass chamber ensemble music. Emphasis placed on music of the Baroque, Classical, and Romantic eras. Ensemble performance required. (A, CSU)
- 73B INTERMEDIATE/ADVANCED CHAMBER ENSEMBLE**
 (WOODWINDS)
 2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)
 ADVISORY: Intermediate/advanced skill on a woodwind instrument recommended.
 Application of woodwind techniques through the rehearsal and interpretation of woodwind chamber ensemble music. Emphasis placed on music of the Baroque, Classical, and Romantic eras. Ensemble performance required. (A, CSU)
- 73C INTERMEDIATE/ADVANCED CHAMBER ENSEMBLE**
 (STRINGS)
 2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)
 ADVISORY: Intermediate/advanced skill on a string instrument recommended.

Application of string techniques through the rehearsal and interpretation of string chamber ensemble music. Emphasis placed on music of the Baroque, Classical, eras. Ensemble performance required. (A, CSU)

73D INTERMEDIATE/ADVANCED CHAMBER ENSEMBLE (PERCUSSION)

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

ADVISORY: Intermediate/advanced skill on percussion recommended.

Application of percussion techniques through the rehearsal and interpretation of percussion ensemble music. Emphasis placed on music of the Baroque, Classical, and Romantic eras. Ensemble performance required. (A, CSU)

74A INTERMEDIATE/ADVANCED BRASS PERFORMANCE PRACTICES

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

ADVISORY: Intermediate/advanced skill on a brass instrument recommended.

Interpretation and technique of brass ensemble music through performance practice. Emphasis on Impressionist and 20th Century eras. Ensemble performance is required. (A, CSU)

74B INTERMEDIATE/ADVANCED WOODWIND PERFORMANCE PRACTICES

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

ADVISORY: Intermediate/advanced skill on a woodwind instrument recommended.

Interpretation and technique of woodwind ensemble music through performance practice. Emphasis on Impressionist and 20th Century eras. Ensemble performance is required. (A, CSU)

74C INTERMEDIATE/ADVANCED STRING PERFORMANCE PRACTICES

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

ADVISORY: Intermediate/advanced skill on a string instrument recommended.

Interpretation and technique of string ensemble music through performance practice. Emphasis on Impressionist and 20th Century eras. Ensemble performance is required. (A, CSU)

74D INTERMEDIATE/ADVANCED PERCUSSION PERFORMANCE PRACTICES

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

ADVISORY: Intermediate/advanced skill on percussion recommended.

Interpretation and technique of percussion ensemble music through performance practice. Emphasis on Impressionist and 20th Century eras. Ensemble performance is required. (A, CSU)

LARGE PERFORMING ORGANIZATIONS

30 COLLEGE CHOIR

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

ADVISORY: Ability to perform advanced high school choral music or the equivalent performance skills as determined by audition recommended.

Study and performance of choral music from all periods. Concert, festival, and tour participation required. (TCSU MUS 410)(A, CSU, UC)

32 MUSICAL THEATRE PERFORMANCE

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3), (Formerly Music 24)

ADVISORY: Previous band, orchestra, or vocal experience as determined by audition recommended.

Rehearsal and performance of a full-length musical theatre play for public presentation. (A, CSU-GE, UC)

34 FRESNO CHORALE

2 units, 1 lecture hour, 2 lab hours, (Repeats = 3), (Formerly Music 31)

ADVISORY: Previous choir experience as determined by testing recommended.

Study and performance of choral music from all periods. Concert participation required. (A, CSU, UC)

35 CITY SINGERS (CHAMBER SINGERS)

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3), (Formerly Music 33)

PREREQUISITE: Ability to perform advanced high school choral music or the equivalent performance skills. Audition and approval. COREQUISITE: Music 30.

Study and performance of music literature from all eras. Concert and tour participation required. (A, CSU, UC)

36 WOMEN'S CHORALE

2 units, 1 lecture hour, 2 lab hours, (Repeats = 3)

ADVISORY: Ability to perform advanced high school and choral music or the equivalent performance skills as determined by audition recommended.

Study and performance of choral music from all periods specializing in repertoire for treble choir. Concert performances required. (A, CSU, UC)

39 OPERA AND MUSICAL THEATRE WORKSHOP

2 units, 1 lecture hour, 3 lab hours, (Pass/No Pass), (Repeats = 3), (Formerly Music 27)

ADVISORY: Music 26 or the equivalent as determined by audition recommended.

The rehearsal, study, and performance of scenes from operas and Broadway musicals. (A, CSU-GE, UC)

40 CONCERT BAND

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

ADVISORY: Ability to perform advanced high school band music or the equivalent performance skills as determined by audition.

Study and performance of a wide variety of concert band and wind ensemble literature. Performances at selected college events. Participation in all performances required. (TCSU MUS 410) (A, CSU, UC)

41 JAZZ ENSEMBLE

2 units, 1 lecture hour, 4 lab hours, (Repeats = 3)

ADVISORY: Advanced high school band or jazz ensemble experience or the equivalent performance skills as determined by audition recommended.

Study and performances of jazz, and jazz-rock, and Latin-jazz literature. Participation in concerts and jazz festivals required. (A, CSU, UC)

46 SYMPHONY ORCHESTRA

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3),
(Formerly Music 45)

ADVISORY: Ability to perform advanced high school band or orchestra music or the equivalent performance skills as determined by audition recommended.

The study and performance of orchestral literature of all eras. Combines college students and community members. Participation in all performances required (two or three each semester). (TCSU MUS 410) (A, CSU-GE, UC)

47 JAZZ COMBO

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

PREREQUISITE: Ability to perform on instrument or voice at a college level. ADVISORY: Previous small group jazz experience recommended.

Performance and analysis of a variety of jazz literature for the small ensemble. Designed for the music major and the commercial music student. (A, CSU)

48 LATIN JAZZ ENSEMBLE

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3),
(See also Chicano-Latino Studies 18)

ADVISORY: Advanced high school band, orchestra, or jazz ensemble experience or the equivalent performance skills as determined by audition recommended.

Study and performance of Latin-jazz, salsa, and Afro-Cuban music. Participation in concerts and jazz festivals required. (A, CSU, UC)

53 LATIN JAZZ WORKSHOP

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

ADVISORY: Advanced high school jazz ensemble or band experience, or equivalent performance skills recommended.

Rehearsal, study, and performance of jazz-based instrumental music based on Afro-Cuban styles and practice. Participation in concerts and jazz festivals required. (A, CSU, UC)

60 SYMPHONIC CHOIR

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

ADVISORY: Ability to perform advanced high school choral music or the equivalent performance skills (as determined by audition) recommended.

Study and performance of choral music, with emphasis on major choral works of the nineteenth and twentieth centuries. Participation in concerts and festivals required. (TCSU MUS 410) (A, CSU)

61 A CAPPELLA CHOIR

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

ADVISORY: Ability to perform advanced high school choral music or the equivalent performance skills (as determined by audition) recommended.

Study and performance of choral music, with emphasis on a cappella choral works of the sixteenth through nineteenth centuries. Participation in concerts and festivals required. (TCSU MUS 410) (A, CSU)

63 CHAMBER SINGERS

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

COREQUISITE: Music 61. ADVISORY: Ability to perform advanced high school choral music or the equivalent performance skills (as determined by audition) recommended.

Study and performance of vocal music, with emphasis on Renaissance and Classical chamber works. Participation in concerts and festivals required. (A, CSU)

64 VOCAL ENSEMBLE

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

COREQUISITE: Music 60. ADVISORY: Ability to perform advanced high school choral music or the equivalent performance skills (as determined by audition) recommended.

Study and performance of a wide variety of vocal music, including chamber, jazz, pop, and non-Western works. Participation in concerts and festivals required. (A, CSU)

66 OPERA PERFORMANCE PRACTICES

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

ADVISORY: Intermediate/advanced vocal performance skills recommended.

The study, rehearsal, and performance of a major operatic work. Participation in public performances is required. (A, CSU)

67 MUSICAL THEATER PERFORMANCE PRACTICES

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

ADVISORY: Intermediate/advanced vocal performance skills recommended.

The study, rehearsal, and performance of a musical theater production or review, or of an operetta. Participation in public performances is required. (A, CSU)

68 SYMPHONIC BAND

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

ADVISORY: Intermediate/advanced level skill on a band instrument recommended.

Concepts of intonation, balance, blend, basic articulation and public performance. Rehearsal and performance of symphonic band literature with emphasis on 19th and 20th works. (TCSU MUS 410) (A, CSU)

69 WIND BAND

3 units, 2 lecture hours, 4 lab hours, (Repeats = 3)

ADVISORY: Intermediate/advanced level skill on a band instrument recommended.

Classical literature including compositions and composers from the 17th and 18th century will be performed and studied. Concepts of technique, sales, harmony, expressive playing will be studied. Extensive sight reading and extensive public performance will be a significant part of the curriculum. (TCSU MUS 410) (A, CSU)

70 STUDIO JAZZ ENSEMBLE

2 units, 1 lecture hour, 4 lab hours, (Repeats = 3)

ADVISORY: Advanced high school jazz ensemble or band experience, or equivalent performance skills recommended.

Study and performance of contemporary jazz ensemble literature. Participation in concerts and festivals required. (A, CSU)

71 LAB JAZZ ENSEMBLE

2 units, 1 lecture hour, 4 lab hours, (Repeats = 3)

ADVISORY: Advanced high school jazz ensemble or band experience, or equivalent performance skills recommended.

Study and performance of jazz ensemble literature, with emphasis on new music by emerging jazz composers. Participation in concerts and festivals required. (A, CSU)

72 JAZZ COMPOSER'S ORCHESTRA

2 units, 1 lecture hour, 4 lab hours, (Repeats = 3)

ADVISORY: Advanced high school jazz ensemble or band experience, or equivalent performance skills recommended.

Study and performance of modern jazz ensemble literature, with emphasis on original compositions by members of the ensemble. Participation in concerts and festivals required. (A, CSU)

75 COMMUNITY ORCHESTRA

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

ADVISORY: Ability to perform advanced high school band or orchestra music or the equivalent performance skills (as determined by audition during the first two weeks) recommended.

Study and performance of orchestral music, with emphasis concerti featuring student and community soloists. Community musicians are encouraged to participate. Participation in all public performances is required. (TCSU MUS 410) (A, CSU)

76 COLLEGE PHILHARMONIC ORCHESTRA

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

ADVISORY: Ability to perform advanced high school band or orchestra music or the equivalent performance skills (as determined by audition during the first two weeks) recommended.

Study and performance of orchestral music, with emphasis on major works of the eighteenth and nineteenth centuries. Participation in all public performances is required. (TCSU MUS 410) (A, CSU)

77 STUDIO JAZZ COMBO

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

ADVISORY: Ability to perform on an instrument or voice at college level. Music 10A or 10B recommended.

Study and performance of mainstream jazz literature for the small ensemble. Participation in concerts and festivals required. (A, CSU)

78 LAB JAZZ COMBO

2 units, 1 lecture hour, 3 lab hours, (Repeats = 3)

ADVISORY: Ability to perform on an instrument or voice at college level. Music 10A or 10B recommended.

Study and performance of contemporary jazz literature for the small ensemble, with emphasis on original compositions. Participation in concerts and festivals required. (A, CSU)

90 JAZZ COMPOSER'S WORKSHOP

2 units, 1 lecture hour, 4 lab hours, (Repeats = 3)

ADVISORY: Advanced high school jazz ensemble or band experience, or equivalent performance skills recommended.

Performance and analysis of contemporary literature for the jazz ensemble/jazz orchestra, with an emphasis on advanced harmonic and rhythmic pieces. Participation in concerts and festivals required. (A, CSU, UC)

91 JAZZ COMPOSER'S ENSEMBLE

2 units, 1 lecture hour, 4 lab hours, (Repeats = 3)

ADVISORY: Advanced high school jazz ensemble or band experience, or equivalent performance skills recommended.

Performance of literature for contemporary jazz ensemble/jazz orchestra, with an emphasis on the music of emerging composers. (A, CSU, UC)

92 VOCAL JAZZ ENSEMBLE

2 units, 1 lecture hour, 4 lab hours, (Repeats = 3)

ADVISORY: Advanced high school vocal experience or equivalent performance skills recommended.

Rehearsal and performance of vocal jazz ensemble literature. Participation in concerts and festivals required. (A, CSU, UC)

NATIVE AMERICAN STUDIESSEE AMERICAN INDIAN STUDIES

NATURAL SCIENCE (NATSCI)

1A INTEGRATED SCIENCE: PHYSICS AND CHEMISTRY**4 units, 3 lecture hours, 3 lab hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Basic concepts of chemistry and physics and their relation to the everyday environment. Includes laboratory and demonstrations with special application to K-6 teachers. Specifically designed to satisfy the requirements of students who intend on transferring to the CSU Liberal Studies Major. (A, CSU, UC)

NURSING

REGISTERED NURSING (RN)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL**1-8 units, (Repeats = 2)**

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Must be currently enrolled in the Associate Degree Nursing Program.

Supervised employment extending the classroom based on occupational learning related to nursing. Collaborative learning objectives established specific to nursing. Seventy-five (75) hours of paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

31 FOUNDATIONS AND INTRODUCTION TO MEDICAL SURGICAL NURSING**4 units, 4 lecture hours, (Formerly Registered Nursing 1)**

PREREQUISITE: Acceptance into the Registered Nursing Program: English 1A; Mathematics 103; Biology 20 and Biology 22; Biology 31; Chemistry 3A; Psychology 2; and Sociology 1A or Anthropology 2. All course work must be completed with a grade of "C" or better. COREQUISITE: Registered Nursing 32 and 32A.

Introduction to registered nursing; the roles of the registered nurse, the nursing process, critical thinking, theoretical concepts and principles necessary to administer beginning level assessment and interventions (procedures) for adults. (A, CSU)

32 FOUNDATIONS AND INTRODUCTION TO MEDICAL SURGICAL NURSING CLINICAL**2 units, 12 lab hours, (9 weeks), (Formerly Registered Nursing 2)**

PREREQUISITE: Registered Nursing 32A. COREQUISITE: Registered Nursing 31.

Clinical experiences to provide application of the nursing process, critical thinking, knowledge and basic skills necessary to administer beginning level assessment and interventions (procedures) for adults. (A, CSU)

32A FOUNDATIONS AND INTRODUCTION TO MEDICAL SURGICAL NURSING SKILLS**2 units, 12 lab hours, (9 weeks)**

PREREQUISITE: Acceptance into the Registered Nursing Program: English 1A; Mathematics 103; Biology 20 and Biology 22; Biology 31; Chemistry 3A; Psychology 2; and Sociology 1A or Anthropology 2. All course work must be completed with a grade of "C" or better. COREQUISITE: Registered Nursing 31.

Basic nursing skills performance in a simulated clinical environment for the beginning nursing student. (A, CSU)

33 TRANSCULTURAL HEALTH CARE**1 unit, 1 lecture hour, (Formerly Registered Nursing 21)**

COREQUISITE: Registered Nursing 31.

Cultural and spiritual concepts as they relate to the application of nursing care. (A, CSU)

35A PHARMACOLOGY A: INTRODUCTION TO PHARMACOLOGY**1 unit, 1 lecture hour**

COREQUISITE: Registered Nursing 31, 32, and 32A.

General principles of pharmacology, legal, ethical and safety aspects of medication administration. Drug information includes pharmacotherapeutics, pharmacodynamics, pharmacokinetics, contraindications and precautions, adverse effects and drug interactions, as well as client variables such as health status, life span and gender, diet, lifestyle and habits, environment, and culture in relationship to drug therapy. (A, CSU)

35B PHARMACOLOGY B: NURSING PHARMACOLOGICAL APPLICATIONS**2 units, 2 lecture hours**

PREREQUISITE: Registered Nursing 35A with a grade of "C" or better. COREQUISITE: Registered Nursing 41, 42, and 42A.

Methodical application of drug information that impacts physiologic body systems including contraindications and precautions, adverse effects and drug interactions. Emphasis is placed on nursing responsibilities such as maximizing therapeutic effects and minimizing adverse effects of drug therapy, appropriate client and family teaching, and ongoing assessment of the client. (A, CSU)

41 NURSING CARE OF THE ADULT WITH COMMON HEALTH PROBLEMS

2.5 units, 2.5 lecture hours

PREREQUISITE: Registered Nursing 31 and 35A with a grade of "C" or better. COREQUISITE: Registered Nursing 35B, 42 and 42A.

Theoretical concepts related to the registered nurse caring for the adult client with common health problems. Through utilization of the nursing process, the student will recognize alterations in functioning or illness and formulate client specific nursing interventions. (A, CSU)

42 NURSING CARE OF THE ADULT WITH COMMON HEALTH PROBLEMS CLINICAL

2 units, 6 lab hours

PREREQUISITE: Registered Nursing 31, 32, 32A, and 35A with a grade of "C" or better. COREQUISITE: Registered Nursing 35B, 41, and 42A.

Nursing care of the adult with common health problems in the acute care setting. Implementation of psychomotor skills associated with implementing client care, medication administration, and intravenous therapy. (A, CSU)

42A NURSING CARE OF THE ADULT WITH COMMON HEALTH PROBLEMS SKILLS

1 unit, 3 lab hours

PREREQUISITE: Registered Nursing 31, 32 and 32A with a grade of "C" or better. COREQUISITE: Registered Nursing 41 and 42.

Basic nursing skills performance in a simulated clinical environment for the registered nursing student caring for adults with common health problems. (A, CSU)

**45 NURSING CARE OF THE CHILDBEARING FAMILY THEORY
2 units, 2 lecture hours, (Formerly Registered Nursing 5)**

PREREQUISITE: Registered Nursing 31, 32, 32A, 33, and 35A with a grade of "C" or better. COREQUISITE: Registered Nursing 46.

Family centered nursing approach to the child bearing cycle, birth, the neonate, and family bonding; physiology of pregnancy, labor, and recovery. (A, CSU)

46 NURSING CARE OF THE CHILDBEARING FAMILY CLINICAL

2 units, 6 lab hours, (Formerly Registered Nursing 6)

PREREQUISITE: Registered Nursing 31, 32, 32A, 33 and 35A with a grade of "C" or better. COREQUISITE: Registered Nursing 45.

Clinical application of the principles and practices of nursing care of the child bearing family surrounding the ante-, intra-, and postpartum physical and psychosocial adaptations. (A, CSU)

51 NURSING CARE OF THE ADULT WITH COMPLEX HEALTH PROBLEMS

2.5 units, 2.5 lecture hours

PREREQUISITE: Registered Nursing 35B, 41, 42, and 42A with a grade of "C" or better. COREQUISITE: Registered Nursing 52, 52A and 53.

Synthesize and correlate nursing knowledge and skills in providing care to adults who have complex, multi-system illnesses. Focus will be for the registered nursing students to predict client needs and priorities, and evaluate outcomes on care. (A, CSU)

52 NURSING CARE OF THE ADULT AND OLDER ADULT WITH COMPLEX HEALTH PROBLEMS CLINICAL

2 units, 6 lab hours

PREREQUISITE: Registered Nursing 35B, 41, 42, and 42A with a grade of "C" or better. COREQUISITE: Registered Nursing 51, 52A, and 53.

Nursing care of the adult and older adult client with complex health problems in the acute hospital setting and community based support agencies. (A, CSU)

52A NURSING CARE OF THE ADULT AND OLDER ADULT WITH COMPLEX HEALTH PROBLEMS SKILLS

0.5 unit, 1.5 lab hours

PREREQUISITE: Registered Nursing 41, 42 and 42A with a grade of "C" or better. COREQUISITE: Registered Nursing 51, 52 and 53.

Advanced nursing skills performance in a simulated clinical environment for the advanced nursing student caring for the adult and older adult with complex health problems. (A, CSU)

53 NURSING CARE OF THE OLDER ADULT

1.5 units, 1.5 lecture hours

PREREQUISITE: Registered Nursing 35B, 41, and 42 with a grade of "C" or better. COREQUISITE: Registered Nursing 51, 52, and 52A.

Theoretical concepts of the aging process and the Registered Nurse's role in meeting the needs of older adult clients in the community and acute care settings. (A, CSU)

55 NURSING CARE OF INFANTS AND CHILDREN

2 units, 2 lecture hours, (Formerly Registered Nursing 13)

PREREQUISITE: Registered Nursing 41, 42, 42A, 35B, 45 and 46 with a grade of "C" or better. COREQUISITE: Registered Nursing 56.

Theoretical concepts and integration of the nursing process as it relates to the nursing care of infants, children, and their families. Emphasis is on the concepts and skills related to age appropriate family centered care. (A, CSU)

56 NURSING CARE OF INFANTS AND CHILDREN CLINICAL
2 units, 6 lab hours, (Formerly Registered Nursing 14)

PREREQUISITE: Registered Nursing 35B, 41, 42, 42A, 45 and 46 with a grade of "C" or better. COREQUISITE: Registered Nursing 55.

Clinical application of the nursing process when caring for infants, children, and their families in a pediatric setting. Clinical experience will take place in the acute care setting on pediatric medical-surgical units and various specialty units. (A, CSU)

61 NURSING CARE OF THE CRITICALLY ILL ADULT AND COORDINATOR OF CARE

2.5 units, 2.5 lecture hours

PREREQUISITE: Registered Nursing 35B, 51, 52, 52A, and 53 with a grade of "C" or better. COREQUISITE: Registered Nursing 62 and 62A.

Advanced application of the nursing process in the care of critically ill adult clients and coordination of care to groups of clients. Organizing and discriminating data to establish priorities of care. Concepts of the registered nurse as a manager and a leader. (A, CSU)

62 NURSING CARE OF THE CRITICALLY ILL ADULT AND COORDINATOR OF CARE CLINICAL

4 units, 12 lab hours

PREREQUISITE: Registered Nursing 35B, 51, 52, 52A, and 53 with a grade of "C" or better. COREQUISITE: Registered Nursing 61 and 62A.

Nursing care of the critically ill adult client and coordinator of care in the acute hospital setting. Emphasis is placed on coordinating care for multiple adult clients. (A, CSU)

62A NURSING CARE OF THE CRITICALLY ILL ADULT SKILLS

.5 unit, 1.5 lab hours

PREREQUISITE: Registered Nursing 51, 52, and 52A with a grade of "C" or better. COREQUISITE: Registered Nursing 61 and 62.

Advanced nursing skills performance in a simulated clinical environment for the advanced nursing student caring for critically ill clients. (A, CSU)

65 NURSING CARE OF THE CLIENT WITH BEHAVIORAL AND EMOTIONAL DISORDERS

2 units, 2 lecture hours

PREREQUISITE: Registered Nursing 35B, 51, 52, and 53 with a grade of "C" or better. COREQUISITE: Registered Nursing 66.

Theoretical concepts comprising a comprehensive overview of functional and dysfunctional human behavior, therapeutic communication, age related problems, treatment modalities, delivery of mental health care services, mental health legislation, and the role and responsibilities of the psychiatric/mental health nurse. (A, CSU)

66 NURSING CARE OF THE CLIENT WITH BEHAVIORAL AND EMOTIONAL DISORDERS CLINICAL

1.5 units, 4.5 lab hours

PREREQUISITE: Registered Nursing 35B, 51, 52, and 53 with a grade of "C" or better. COREQUISITE: Registered Nursing 65.

Clinical application of the nursing principles and practices of clients with emotional and behavioral disorders in the acute care and community settings. (A, CSU)

101 TRANSITION TO FRESNO CITY COLLEGE REGISTERED NURSING PROGRAM

1.5 units, 1.5 lecture hours

COREQUISITE: Registered Nursing 102.

Required for all students entering the Fresno City College Registered Nursing Program as an advanced placement student including LVN to RN and transfer students from other nursing programs. Focus on the theory and application of concepts of physical assessment, the nursing process, critical thinking, and the relationship of homeostatic mechanisms to fluids and electrolytes and nursing competencies in the professional roles of clinician, teacher, leader and advocate. (A)

102 TRANSITION TO FRESNO CITY COLLEGE REGISTERED NURSING PROGRAM SKILLS

1-2 units, 3-6 lab hours

COREQUISITE: Registered Nursing 101.

Required for all students entering the Fresno City College Registered Nursing Program as an advanced placement student including LVN to RN and transfer students from other nursing programs. Focus on skills acquisition and validation prior to entering the hospital setting. (A)

105 MEDICATION MATH

0.5 unit, .5 lecture hour, (Pass/No Pass), (Repeats = 1)

COREQUISITE: Acceptance into the Registered Nursing Program.

Calculation of medication dosages, including review of mathematical concepts. (A)

107 INTRODUCTION TO NURSING PROCESS

0.5 unit, .5 lecture hour, (Pass/No Pass), (Repeats = 1)

COREQUISITE: Acceptance into the Registered Nursing Program.

Introduction to the nursing process and development of nursing care plans. (A)

201 NCLEX-RN REVIEW

2 units, 2 lecture hours, (Pass/No Pass),
(Repeats = 2)

COREQUISITE: Registered Nursing 61.

Review and preparation for National Council Licensure Exam for Registered Nursing (NCLEX-RN). Includes test format, content review, and test-taking strategies.

202 SUCCESS STRATEGIES FOR RN STUDENTS

1 unit, 1 lecture hour, (Pass/No Pass), (Repeats = 2)

PREREQUISITE: Admission into the nursing program.

Study and test-taking skills for the student nurse. Assessment of learning styles and development of strategies for student success, including application of critical thinking in Registered Nursing.

PARALEGAL (PLEGAL)

Courses required for paralegal degree/certificate are offered regularly. Some elective courses are scheduled less frequently than others.

1 INTRODUCTION TO PARALEGALISM

3 units, 3 lecture hours

COREQUISITE: Business Administration 20. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Overview of paralegal profession, including historical development, employment, ethics, job responsibilities, litigation process, legal analysis, and legal research and writing. (A, CSU)

2A LEGAL RESEARCH AND WRITING I

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1

Development of legal research skills through the use of primary and secondary sources. Development of legal writing skills through the preparation of various legal writing assignments. (A, CSU)

2B LEGAL RESEARCH AND WRITING II

3 units, 3 lecture hours

PREREQUISITE: Paralegal 2A.

Development of advanced legal research skills using more sophisticated legal research tools. Development of more sophisticated legal writing skills through preparation of more advanced and specialized legal writing assignments. (A, CSU)

3 FAMILY LAW

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

Marriage, divorce, nonmarital cohabitation, invalid marriages, separation, annulment, client interviewing, commencing the proceedings, orders pending trial, support, child custody and visitation, marital property, adoption and parentage. (A, CSU)

4 PROBATE

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

Estates, trusts, wills, probate procedures, property (real and personal), sales, taxes, formal and informal probate administration. (A, CSU)

5 BUSINESS ORGANIZATIONS

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

Corporations, partnerships, joint ventures, and sole proprietorships. Legal problems associated with the various forms of business organizations including formation, management, control, securities, capitalization, taxation, reorganization, and dissolution. (A, CSU)

6A LITIGATION I

3 units, 3 lecture hours

COREQUISITE: Paralegal 2B.

Role of the paralegal in the litigation process. Court system and jurisdiction issues, types and forms of pleadings, calendaring pleadings, and forms of discovery. (A, CSU)

6B LITIGATION II

3 units, 3 lecture hours

PREREQUISITE: Paralegal 6A.

Role of the paralegal in the litigation process. Forms discovery; calendaring discovery; law and motion; trial setting; arbitration; preparation for trial and trial procedures; judgments; post-trial motions and appeals; and provisional remedies. (A, CSU)

7 LAW OFFICE PRACTICES

3 units, 3 lecture hours

COREQUISITE: Paralegal 1.

Principles of law office management and operation to include human relations, general office procedures, and office supervision. Preparation for working in law office environment. (A, CSU)

8 TORTS/CONTRACTS

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

Overview of tort law and contract law doctrines. Basic tort/contract concepts and terminology including negligence, strict liability, intentional and constitutional torts, defenses and immunities, offer and acceptance, consideration, performance and discharge, contract drafting, and contract interpretation. (A, CSU)

9 REAL PROPERTY

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

Introduction to basic concepts of real property law including both ownership and use. Emphasis placed upon title, title insurance, landlord and tenant, land contracts, deeds, and security for loans. Preparation of real estate documents. (A, CSU)

10 CRIMINAL LAW AND PROCEDURE

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

Introduction to substantive/procedural aspects of criminal law including crimes against persons and property, defenses to crimes, motions to suppress evidence, jury and court trials, sentencing, and appeals. (A, CSU)

11 EVIDENCE

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

Legal concepts and terminology associated with the law of evidence, including relevance, hearsay, presumptions, cross-examinations, impeachment, and privileges. (A, CSU)

12 BANKRUPTCY

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

Introduction to bankruptcy law including bankruptcy proceedings, evaluating a client's options in regard to such proceedings, and learning the rights/responsibilities of debtors and creditors. (A, CSU)

13 DISCOVERY AND TRIAL PREPARATION

3 units, 3 lecture hours

PREREQUISITE: Paralegal 6A.

The purposes of discovery, right to discovery, and "hands-on" experience with civil discovery procedures including client interviews, depositions and transcript summarization, interrogatories, requests for inspection, physical and mental examinations, requests for admission, subpoenas, expert witness disclosures, and the organization of discovery for retrieval. Essentials of trial preparation and assisting during the course of trial including courtroom etiquette, selecting and subpoenaing witnesses, preparing exhibits, and jury selection. (A, CSU)

14 LAW OFFICE COMPUTING

3 units, 2 lecture hours, 3 lab hours

COREQUISITE: Paralegal 1 or Paralegal 156 or Business Technology

140.

Introduction to the use of various legal-specific computer software programs (litigation support, forms creation, docketing, document management, etc.) commonly found in law offices. Hands-on training on use of selected programs. (A, CSU)

15 DEBT COLLECTION AND ENFORCEMENT OF JUDGMENTS

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

Emphasis on the procedures and forms required for levying on real and personal property pursuant to judgments entered. Specific topics include enforcement strategies, filing judicial liens, issuing writs of execution, levying on personal and real property, preparing wage garnishment, claiming exemptions, and issuing and obtaining orders. (A, CSU)

16 ENVIRONMENTAL LAW

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

Introduction to basic concepts of environmental law including zoning; environmental controls on land use; control of water, air, and noise pollution; nuisances; building regulations; Subdivision Map Act; and California Environmental Quality Act. (A, CSU)

17 ADMINISTRATIVE LAW/WORKERS' COMPENSATION

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

Introduction to basic concepts of administrative law and workers' compensation law. Emphasis placed on agency rulemaking, agency investigations, agency adjudications, judicial review, compensable injuries, temporary disability, permanent disability, and Worker's Compensation Appeals Board proceedings. (A, CSU)

18 EMPLOYMENT LAW

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

Overview of legal relationship between employer and employee. Emphasis placed on basic understanding of employment-related laws, and federal and state regulatory environment. Subjects covered include pre-employment concerns, legal aspects of the employer/employee relationship, discrimination issues and actions, terminations, and ethical issues in employment law. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
1-8 units, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters. Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to paralegalism. Collaborative learning objectives established specific to a paralegal career. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

20 CIVIL RIGHTS AND LIBERTIES

3 units, 3 lecture hours

PREREQUISITE: Paralegal 1.

An overview of the constitutional interpretation of civil rights and liberties focusing on the Bill of Rights and landmark U.S. Supreme Court decisions in these areas. Emphasis placed on: speech, press, other forms of expressive conduct, obscenity, church/state relations, voting rights, various forms of discrimination, personal privacy, abortion, "right to die," freedom of association, etc. (A, CSU)

156 LEGAL OFFICE ADMINISTRATION

3 units, 2 lecture hours, 2 lab hours, (See also Business & Technology 140), (Formerly Paralegal 56)

ADVISORY: Business & Technology 2 or ability to type 40 words per minute recommended. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Legal vocabulary, ethics, and law office practices and procedures. Preparation of correspondence and client documents. (A)

PHILOSOPHY (PHIL)

1A THEORIES OF KNOWLEDGE AND REALITY

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent.

An introduction to traditional and contemporary views on the nature of knowledge, truth, and thought; alternative views of God, the universe, and human nature. Develops skills in philosophical analysis and logical thinking. (A, CSU-GE, UC, I)

1AH HONORS THEORIES OF KNOWLEDGE AND REALITY

3 units, 3 lecture hours, (Formerly Honors 1P)

PREREQUISITE: English 1A or equivalent. ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

An introduction to traditional and contemporary views on the nature of knowledge, truth, and thought; alternative views of God, the universe and

human nature. Develops skills in philosophical analysis and logical thinking. Honors sections may also focus on an historical overview or a more in-depth study of a significant branch of philosophy e.g. philosophy of language or philosophy of mind. (A, CSU-GE, UC, I)

1B SOCIAL AND POLITICAL PHILOSOPHY

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent. Philosophy 1A is not a prerequisite to 1B.

An introduction to social and political philosophies, ancient and modern; inquiry into views of human nature, the nature and varieties of institutions, and the personal and social implications of the human experience. (A, CSU-GE, UC, I)

1C ETHICS

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent. Neither Philosophy 1A nor Philosophy 1B is a prerequisite for this course.

Reading and critical analysis of primary texts on moral theory. Examinations of ethical concepts such as good, evil, moral obligation. Conditions necessary to ethical decision-making, conscience, moral rules, justice, and free will. (A, CSU-GE, UC, I)

1D WORLD RELIGIONS

3 units, 3 lecture hours, (Formerly Philosophy 10)

PREREQUISITE: English 1A or equivalent.

Basic beliefs and practices of Hinduism, Buddhism, Confucianism, Taoism, Judaism, Christianity, and Islam. (A, CSU-GE, UC, I)

4 CRITICAL REASONING

3 units, 3 lecture hours

PREREQUISITE: English 1A or equivalent.

Principles and methods of good reasoning, including identification of arguments, developing and assessing basic deductive and inductive reasoning, common fallacies, and application of each element to the student's major area of study, such as Liberal Studies. (A, CSU-GE, UC)

5 PHILOSOPHY OF RELIGION

3 units, 3 lecture hours

ADVISORY: English 1A recommended.

The rational scrutiny of the central claims of the Western monotheistic tradition. (A, CSU-GE, UC, I)

6 INTRODUCTION TO LOGIC

3 units, 3 lecture hours

ADVISORY: Eligibility for English 1A recommended.

Deductive systems of logic, including syllogistic logic as well as propositional and predicate symbolic logic. (A, CSU-GE, UC)

PHOTOGRAPHY (PHOTO)

5 INTRODUCTION TO PHOTOGRAPHY**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126.

Non-lab beginning photography course introducing the basic principles, practices, and aesthetics of image making using digital or film cameras. Survey of photography's historical and contemporary role in our multicultural society. Emphasis on: using the camera, light, and visual language for expressing ideas photographically. Activities include, but not limited to homework readings, and writings, exams, shooting and sharing photography projects, required field trips, and discussing the images and contributions of major practitioners. Students must provide their own basic camera. (A, CSU-GE, UC)

6 DIGITAL CAMERA FUNDAMENTALS**1.5 units, 3 lecture hours, (9 weeks)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Entry-level non-lab course for the photography certificate or degree program. Theories and practices of manually adjustable digital cameras; technical and creative use of manual camera controls and accessories. Topics include: automatic vs. manual shooting modes, camera menus, exposure control, depth of field, motion control, basic flash, white balance, file formats, capture workflow, and camera care as well as the legal and ethical aspects of photography. Activities include: shooting, demonstrations, exams, and discussing the images and contributions of major practitioners. Students must provide their own manually adjustable digital camera or use a manual film camera provided by the Photography Department. (A, CSU)

7 APPLIED CAMERA FUNDAMENTALS**1.5 units, 3 lecture hours, (9 weeks)**

PREREQUISITE: Photography 6 or equivalent.

Continuation of the non-lab Photography 6, Digital Camera Fundamentals, course. Exploration of increasing complex and technical problem solving projects using manual digital camera controls and accessories. Topics include: existing light, color design and composition, photographing people, flash, close-up photography, print workflow and legal and ethical aspects of photography. Activities include: shooting and sharing photography projects, homework and writing, exams, demonstrations, and discussing the images and contributions of major practitioners. Students must also provide their own manually adjustable digital camera or use a manual film camera provided by the Photography Department. (A, CSU)

12 PHOTOSHOP 1: PHOTOSHOP FOR PHOTOGRAPHERS**3 units, 2 lecture hours, 3 lab hours, (Repeats = 3), (Formerly Photography 22)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Photoshop in a photographer's workflow, including a variety of problem solving lessons and projects using: digital image capture, organization, basic tone and color adjustments, basic retouching, and printing techniques. Activities include: demonstrations, workbook lessons and worksheets, digital camera and scanning projects desktop printing and exams. (A, CSU)

15 PHOTOGRAPHY AND VISUAL LITERACY**3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)**

COREQUISITE: Photography 5 or Photography 17 or equivalent. ADVISORY: Photography 12.

The nature and character of photography; its use for communication and expression. Visual literacy and photography as a universal language. How concept, design, and execution of the photographic image are utilized in our culture. Activities include: shooting and sharing photography projects, homework readings and writings, exams, demonstrations, discussing the images and contributions of major practitioners. The use of small format cameras and digital workflows. Field trips as required. (A, CSU)

17 CLASSIC BLACK AND WHITE PHOTOGRAPHY**3 units, 2 lecture hours, 3 lab hours, (Formerly Photography 10)**

ADVISORY: Photography 5. Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Theories and practices of traditional 35mm and 4x5 black and white film photography; technical and creative use of a manual camera controls and accessories, film development, printing, and print presentation techniques and legal and ethical aspects of photography. Projects emphasize aesthetics and photographic problem solving utilizing text and classroom information. Activities include, but not limited to shooting and sharing photography projects, homework readings and writings, exams, demonstrations, and discussing the images and contributions of major practitioners. Course may be used as an elective for the Commercial Photography Degree or Certificate. (A, CSU, UC)

18 DIGITAL BLACK AND WHITE PHOTOGRAPHY**3 units, 2 lecture hours, 3 lab hours, (Repeats = 3), (Formerly Photography 20)**

PREREQUISITE: Photography 12 or equivalent.

Interpreting reality through the many pathways to digital black and white photography using Adobe Photoshop and other software applications on a variety of projects emphasizing the vision, language, and technique of black and white print along with legal and ethical issues. Activities include: demonstrations, workbook lessons and worksheets, camera and scanning projects, desktop printing, field trips, exams, and discussion of the images and contributions of major practitioners and student projects. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
1-8 units, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to photography. Collaborative learning objectives established specific to photography. Seventy-five hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

23 PHOTOSHOP 2: DIGITAL DARKROOM
3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

PREREQUISITE: Photography 12 or equivalent.

Concepts and techniques focusing on professional digital image optimization and printing techniques, including completion of a variety of real world photographic retouching lessons and projects. Emphasis will also be on non-destructive workflows, evaluating and choosing digital imaging technology and establishing a color managed workflow. Activities include: demonstrations, workbook lessons and worksheets, digital camera and scanning projects, desktop printing, and exams. (A, CSU)

26 LIGHTING PRINCIPLES
3 units, 2 lecture hours, 3 lab hours, (Repeats = 3),
(Formerly Photography 24 and 35)

PREREQUISITE: Photography 5 or equivalent. ADVISORY: Photography

12.

Photographic lighting qualities, characteristics, and styles. Using studio lighting techniques, tabletop still life subjects will be photographed to emphasize problem solving and personal expression. Activities include: demonstrations, audio/video and Internet presentations, digital camera shooting projects, sharing of photography projects, Adobe Photoshop workflow, desktop printing, exams, and discussing the images and contributions of major practitioners. (A, CSU)

27 ALTERNATIVE PHOTOGRAPHIC PROCESSES
3 units, 2 lecture hours, 3 lab hours, (Repeats = 3),
(Formerly Photography 30, 33 and 40)

PREREQUISITE: Photography 5 or equivalent. ADVISORY: Photography 12 and 17.

Developing a personal vision by seeing and working with non-traditional methods for creating photographic images. Historical silver, non-silver, and digital processes will be used and combined for representational and non-representational images. Activities include: shooting and sharing photography projects, homework readings and writings, exams, demonstrations, and discussion of the images and contributions of major practitioners. Field trips as required. May be used as an elective for the Commercial Photography Degree or Certificate. (A, CSU)

30 EDITORIAL PHOTOGRAPHY
3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

PREREQUISITE: Photography 5 or equivalent. ADVISORY: Photography 12 and 15 or equivalent.

Theories and practices of photography in the field of mass communication. Photography as it is applied to: newspapers, magazines, public relations, websites, business and publishing applications. Emphasis on communication of ideas, storytelling, and social reportage using the power of traditional film and digital still photographs as well as legal and ethical aspects of photography. Activities include: demonstrations, audio/video and Internet presentations, digital camera shooting projects, sharing and critiquing photography projects, desktop printing, exams, and discussion of the images and contributions of major practitioners. (A, CSU)

32 COMMERCIAL PORTRAITURE
3 units, 2 lecture hours, 3 lab hours, (Repeats = 3),
(Formerly Photography 23 and 25)

PREREQUISITE: Photography 5 or equivalent. ADVISORY: Photography 12 and 26.

Studio and environmental commercial portraiture. Emphasis on style and the psychology of body language, lighting, composition, and facial expression. Portrait subjects include: individuals, couples, groups, and weddings. Activities include: demonstrations, audio/video and Internet presentations, digital camera shooting projects, sharing of photography projects, homework readings and writings, exams, Adobe Photoshop workflow, desktop printing, required field trips to studios, and discussion of the images and contributions of major practitioners. (A, CSU)

37 EDITORIAL PORTRAITURE
3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

PREREQUISITE: Photography 5 or equivalent. ADVISORY: Photography 12 and 32.

Theories and practices using the location portrait as a powerful editorial tool in visual reportage. Emphasis will be on subject relationships, location lighting setups, design, critical lens choice, and color utilization to create an accurate interpretation of the subject. Activities include: demonstrations, audio/video and Internet presentations, digital camera portrait projects, sharing of photography projects, desktop printing, exams, and discussion of the images and contributions of major practitioners. Course may be used as an elective for the Commercial Photography Degree or Certificate. (A, CSU)

40 PROFESSIONAL PHOTOGRAPHIC PRACTICES
3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

PREREQUISITE: Photography 5 or equivalent. ADVISORY: Photography 12, 15, or equivalent.

Theories and practices of picture selection for portfolios and other visual environments such as publishing, gallery presentations, annual reports, websites, magazines, commercial clients or visual media of any kind. Topics include advanced theory in communication with emphasis on visual language, legal and ethical considerations, organization and design in

developing a professional portfolio strategy to be successful in both traditional and online marketplaces. Activities include: demonstrations, audio/video and Internet presentations, digital camera shooting projects, sharing of photography projects, desktop printing, exams, and discussion of the images and contributions of major practitioners. (A, CSU)

45 ADVANCED PROJECTS

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

PREREQUISITE: Photography 18 or 23 or 26 or 27 or 30 or 37 or 47. ADVISORY: Photography 40.

Limited enrollment course open only to those students who have completed the prerequisite for their proposed project. Projects must emphasize advanced approaches not covered in the prerequisite courses. Students will research their topic and present their work and findings in progress to the class. Independent study contract between instructor and student required. (A, CSU)

47 BOOK/VIDEO PUBLISHING

3 units, 2 lecture hours, 3 lab hours, (Repeats = 3)

PREREQUISITE: Photography 5. ADVISORY: Photography 15 and 30.

Principles and theories of photographic book publishing and design concepts relating to content, flow, legal and ethical considerations, composition and design of a photographic book and video. Emphasis will be on a single themed project with two distinct media presentations; a hardcover finished book and a simultaneously produced four to five minute video using the same subject matter, set to music. Course may be used as an elective for the Commercial Photography Degree or Certificate. (A, CSU)

PHYSICAL EDUCATION (PE)

GENERAL ACTIVITY COURSES

3 ARCHERY

1 unit, 2 lab hours, (Repeats = 3), (Formerly Physical Education ACT 14)

PREREQUISITE: None.

Techniques of shooting, correct use of equipment, and safety procedures. Events include target and field archery, tournament rounds, and competitive shooting. (A, CSU, UC)

4 BADMINTON

1 unit, 2 lab hours, (Repeats = 3), (Formerly Physical Education ACT 1)

PREREQUISITE: None.

Strokes, rules, etiquette, and strategy. Singles and doubles game experience. (A, CSU, UC)

5 BASKETBALL

1 unit, 2 lab hours, (Repeats = 3), (Formerly Physical Education ACT 5A)

PREREQUISITE: None.

Basic skills, rules, strategy, offense and defense. Tournaments according to skill level of students. (A, CSU, UC)

6 FITNESS AND HEALTH

1 unit, 2 lab hours, (Repeats = 3), (Formerly Physical Education ACT 15A)

PREREQUISITE: None.

Activities offered to meet individual needs in posture, strength, flexibility, endurance, and relaxation. Universal weight machines not used. (A, CSU, UC)

7 GOLF

1 unit, 2 lab hours, (Repeats = 3), (Formerly Physical Education ACT 10)

PREREQUISITE: None.

Grip, stance, and swing fundamentals. Instruction on irons, woods, putting, and sand play. Swing evaluation for each student. Course play and conduct etiquette. Golf range practice included; golf course assignments; range & golf course fee is student's responsibility. (A, CSU, UC)

9 PHYSICAL FITNESS

1 unit, 3 lab hours, (Repeats = 3), (Formerly Physical Education ACT 17A)

PREREQUISITE: None.

Designed to test individuals, assign an exercise program and re-test to note progress. Emphasis on individual training. Use of weightlifting machines. (A, CSU, UC)

11 SEASONAL SPORTS

1 unit, 2 lab hours, (Repeats = 3 in each activity), (Formerly Physical Education ACT 5)

PREREQUISITE: None.

Recreational skills of baseball, football, soccer, and softball. (A, CSU, UC)

12 SWIMMING

1 unit, 2 lab hours, (Repeats = 3), (Formerly Physical Education ACT 16A)

PREREQUISITE: None.

Techniques of swimming and conditioning for beginning and advanced swimmers. Stroke technique drills and conditioning workouts. (A, CSU, UC)

13 TENNIS

1 unit, 2 lab hours, (Repeats = 3), (Formerly Physical Education ACT 7)

PREREQUISITE: None.

Strokes, rules, etiquette and game strategy for singles and doubles.

(A, CSU, UC)

14 VOLLEYBALL

1 unit, 2 lab hours, (Repeats = 3), (Formerly Physical Education ACT 5G)

PREREQUISITE: None.

Basic skills, rules, strategy, offense and defense. Tournaments according to skill level of students. (A, CSU, UC)

15A WEIGHT TRAINING (WOMEN)

1 unit, 2 lab hours, (Repeats = 3), (Formerly Physical Education ACT 11B)

PREREQUISITE: None.

Total body developed by exercising against weighted resistance, and doing isotonic and circuit exercises. Use of weight lifting equipment. Safety methods of lifting and the use of equipment. Special emphasis on body building needs of women. (A, CSU, UC)

15B WEIGHT TRAINING (MEN)

1 unit, 2 lab hours, (Repeats = 3), (Formerly Physical Education ACT 11A)

PREREQUISITE: None.

Total body developed by exercising against weighted resistance, and doing isotonic and circuit exercises. Use of weight lifting equipment. Safety methods of lifting and the use of equipment. Special emphasis on body building needs of men. (A, CSU, UC)

15C WEIGHT TRAINING (COED)

1-2 units: 2 units, 4 lab hours; 1 unit, 2 lab hours, (Repeats = 3), (Formerly Physical Education ACT 11C)

PREREQUISITE: None.

Total body development by exercising against weighted resistance; isotonic and circuit exercises. Class is structured to satisfy the body building needs of both men and women as they participate in the same environment. Use of weight lifting equipment. Safety methods of lifting and the use of equipment. (A, CSU, UC)

17 HATHA YOGA

1 unit, 2 lab hours, (Repeats = 3), (Formerly Physical Education ACT 28)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Fundamental exercises for flexibility, strength, relaxation, and improvement of concentration drawn largely from the Hatha Yoga tradition. (A, CSU, UC)

50 ADAPTED FITNESS AND FLEXIBILITY

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 3)

PREREQUISITE: None.

Designed for students with disabling conditions. Development and/or maintenance of basic physical/mental skills with an introduction to basic nutrition, disability and pharmaceutical issues. Measured cardiovascular fitness, stretching, nutritional evaluation and current disability/pharmaceutical topics. (A, CSU, UC)

51 ADAPTED AQUATICS

1 unit, 2 lab hours, (Repeats = 3)

PREREQUISITE: None.

Designed for students with disabling conditions. Development and/or maintenance of basic physical skills, knowledge, and attitude for successful participation in aquatics. Measured skill performance and cardiovascular fitness. (A, CSU, UC)

52 ADAPTED RECREATIONAL SPORTS

1 unit, 2 lab hours, (Repeats = 3)

PREREQUISITE: None.

Designed for students with disabling conditions. Recreational skills of Frisbee and softball. (A, CSU, UC)

53 ADAPTED STRENGTH TRAINING

1 unit, 2 lab hours, (Repeats = 3)

PREREQUISITE: None.

Designed for students with disabling conditions. Development and/or maintenance of strength. Adapted fundamental/advanced strength, flexibility, and cardiovascular endurance. (A, CSU, UC)

54 ADAPTED WALKING AND BASIC CONDITIONING

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 3)

PREREQUISITE: None.

Designed for students with disabling conditions. Development and/or maintenance of basic physical/mental conditioning skills with and introduction to basic nutrition, disability and pharmaceutical issues. Measured cardiovascular fitness, stretching, nutritional evaluation and current disability/pharmaceutical topics. (A, CSU, UC)

55 ADAPTED FLEXIBILITY AND STRENGTH

1 unit, 2 lab hours, (Repeats = 3)

PREREQUISITE: None.

Designed for students with disabling conditions. Development and/or maintenance of flexibility, strength, and fitness using progressive resistance, stretching, and cardiovascular fitness activities. A very basic introduction to nutrition and current disability/pharmaceutical issues. (A, CSU, UC)

PREPROFESSIONAL COURSES

- 20 ATHLETIC TRAINING**
4 units, 3 lecture hours, 2 lab hours, (Formerly Physical Education PRE 32)
ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended. (A background in science is preferred).
Taping, treating, prevention, and evaluating athletic injuries. Emergency first aid. (A, CSU, UC)
- 23 LIFEGUARD TRAINING**
3 units, 2 lecture hours, 2 lab hours, (Formerly Physical Education PRE 31A)
PREREQUISITE: Intermediate swimming test: freestyle, elementary backstroke, breaststroke, and sidestroke. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
Lifeguarding and water safety techniques. Red Cross Certification available. (A, CSU, UC)
- 24 SPORTS OFFICIATING**
2 units, 2 lecture hours, (Repeats = 3)
ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
Understanding and interpreting the rules and regulations of officiating one or more of the following activities: baseball, basketball, football, soccer, softball, track, volleyball, and wrestling. (A, CSU, UC)
- 25 WATER SAFETY INSTRUCTOR**
3 units, 2 lecture hours, 2 lab hours, (Formerly Physical Education PRE 31B)
PREREQUISITE: Intermediate swimming test: freestyle, elementary backstroke, breaststroke, and sidestroke. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
Teaching methods: all levels of swimming and diving. (A, CSU, UC)
- 62 INTRODUCTION TO KINESIOLOGY**
3 units, 3 lecture hours, (Formerly Physical Education 22 and Physical Education PRE 35)
ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.
Nature and scope of physical education and its sub-disciplines. Historical background, philosophy, curriculum, current problems and issues, and career options. (A, CSU, UC)

INTERCOLLEGIATE ACTIVITY COURSES

Medical clearance resulting from a physical examination by the college's team physician is required prior to a student's first enrollment in any intercollegiate activity course.

- 29A THEORY OF BADMINTON**
1 unit, 1 lecture hour, 1 lab hour, (Repeats = 2)
Techniques and biomechanics of badminton. (A, CSU, UC)
- 29B COMPETITIVE BADMINTON**
3 units, 10 lab hours, (Repeats = 2)
Designed primarily for people possessing the desire, ability and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)
- 29C OFF-SEASON CONDITIONING FOR BADMINTON**
1 unit, 3 lab hours, (Repeats = 2)
Off-season conditioning activities for badminton players. (A, CSU, UC)
- 30A THEORY OF BASEBALL**
1 unit, 1 lecture hour, 1 lab hour, (Repeats = 2), (Formerly Physical Education PRE 33B)
Techniques and biomechanics of baseball. (A, CSU, UC)
- 30B COMPETITIVE BASEBALL**
3 units, 10 lab hours, (Spring), (Repeats = 2), (Formerly Physical Education INT 41)
Designed primarily for people possessing the desire, ability, and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)
- 30C OFF-SEASON CONDITIONING FOR BASEBALL**
1 unit, 3 lab hours, (Repeats = 2)
Off-season conditioning activities for baseball players. (A, CSU, UC)
- 31A THEORY OF BASKETBALL**
1 unit, 1 lecture hour, 1 lab hour, (Repeats = 3), (Formerly Physical Education PRE 33A)
Techniques and biomechanics of basketball. (A, CSU, UC)

31B COMPETITIVE BASKETBALL

3 units, 10 lab hours, (Fall and Spring), (Repeats = 3), (Formerly Physical Education INT 40)

Designed primarily for people possessing the desire, ability, and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)

31C OFF-SEASON CONDITIONING FOR BASKETBALL

1 unit, 3 lab hours, (Repeats = 2)

Off-season conditioning activities for basketball players. (A, CSU, UC)

32A THEORY OF CROSS COUNTRY

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 2)

Techniques and biomechanics of cross country. (A, CSU, UC)

32B COMPETITIVE CROSS COUNTRY

3 units, 10 lab hours, (Fall), (Repeats = 2), (Formerly Physical Education INT 48)

Designed primarily for people possessing the desire, ability, and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)

33A THEORY OF FOOTBALL

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 3), (Formerly Physical Education PRE 33C)

Techniques and biomechanics of football. (A, CSU, UC)

33B COMPETITIVE FOOTBALL

3 units, 10 lab hours, (Fall), (Repeats = 2), (Formerly Physical Education INT 42)

Designed primarily for people possessing the desire, ability, and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)

33C OFF-SEASON CONDITIONING FOR FOOTBALL

1 unit, 3 lab hours, (Repeats = 2)

Off-season conditioning activities for football players. (A, CSU, UC)

34A THEORY OF GOLF

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 2)

Techniques and biomechanics of golf. (A, CSU, UC)

34B COMPETITIVE GOLF

3 units, 10 lab hours, (Repeats = 2), (Formerly Physical Education INT 46)

Designed primarily for people possessing the desire, ability, and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)

34C OFF-SEASON CONDITIONING FOR GOLF

1 unit, 3 lab hours, (Repeats = 2)

Off-season conditioning activities for golfers. (A, CSU, UC)

35B PEP AND CHEER

2 units, 6 lab hours, (Repeats = 3), (Formerly Physical Education PRE 38)

Designed primarily for people possessing the desire, ability, and skills necessary to participate in cheer and pep on the college level. Prospective participants should confer with the instructor before enrollment. (A, CSU, UC)

36A THEORY OF SOCCER

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 2)

Techniques and biomechanics of soccer. (A, CSU, UC)

36B COMPETITIVE SOCCER

3 units, 10 lab hours, (Fall), (Repeats = 2), (Formerly Physical Education INT 39)

Designed primarily for people possessing the desire, ability, and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)

36C OFF-SEASON CONDITIONING FOR SOCCER

1 unit, 3 lab hours, (Repeats = 2)

Off-season conditioning activities for soccer players. (A, CSU, UC)

37A THEORY OF SOFTBALL

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 2)

Techniques and biomechanics of softball. (A, CSU, UC)

37B COMPETITIVE SOFTBALL

3 units, 10 lab hours, (Spring), (Repeats = 2), (Formerly Physical Education INT 36)

Designed primarily for people possessing the desire, ability, and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)

37C OFF-SEASON CONDITIONING FOR SOFTBALL

1 unit, 3 lab hours, (Repeats = 2)
Off-season conditioning activities for softball players. (A, CSU, UC)

38A THEORY OF TENNIS

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 2)
Techniques and biomechanics of tennis. (A, CSU, UC)

38B COMPETITIVE TENNIS

3 units, 10 lab hours, (Spring), (Repeats = 2),
(Formerly Physical Education INT 44)
Designed primarily for people possessing the desire, ability, and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)

38C OFF-SEASON CONDITIONING FOR TENNIS

1 unit, 3 lab hours, (Repeats = 2)
Off-season conditioning activities for tennis players. (A, CSU, UC)

39A THEORY OF TRACK AND FIELD

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 2),
(Formerly Physical Education PRE 33D)
Techniques and biomechanics of track and field. (A, CSU, UC)

39B COMPETITIVE TRACK AND FIELD

3 units, 10 lab hours, (Spring), (Repeats = 2),
(Formerly Physical Education INT 43)
Designed primarily for people possessing the desire, ability, and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)

39C OFF-SEASON CONDITIONING FOR TRACK AND FIELD

1 unit, 3 lab hours, (Repeats = 2)
Off-season conditioning activities for track and field team members.
(A, CSU, UC)

40A THEORY OF VOLLEYBALL

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 2)
Techniques and biomechanics of volleyball. (A, CSU, UC)

40B COMPETITIVE VOLLEYBALL

3 units, 10 lab hours, (Fall), (Repeats = 2), (Formerly
Physical Education INT 37)
Designed primarily for people possessing the desire, ability, and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)

40C OFF-SEASON CONDITIONING FOR VOLLEYBALL

1 unit, 3 lab hours, (Repeats = 2)
Off-season conditioning activities for volleyball players. (A, CSU, UC)

41A THEORY OF WRESTLING

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 2)
Techniques and biomechanics of wrestling. (A, CSU, UC)

41B COMPETITIVE WRESTLING

3 units, 10 lab hours, (Fall), (Repeats = 2), (Formerly
Physical Education INT 45)
Designed primarily for people possessing the desire, ability, and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)

41C OFF-SEASON CONDITIONING FOR WRESTLING

1 unit, 3 lab hours, (Repeats = 2)
Off-season conditioning activities for wrestlers. (A, CSU, UC)

42A THEORY OF WATER POLO

1 unit, 1 lecture hour, 1 lab hour, (Repeats = 2)
Techniques and biomechanics of water polo. (A, CSU, UC)

42B COMPETITIVE WATER POLO

3 units, 10 lab hours, (Repeats = 2)
Designed primarily for people possessing the desire, ability, and skills necessary to compete on the intercollegiate level. Prospective participants should confer with the head coach of the sport before enrollment. A minimum of 10 hours participation per week during the season of the sport normally is required. (A, CSU, UC)

42C OFF-SEASON CONDITIONING FOR WATER POLO

1 unit, 3 lab hours, (Repeats = 2)
Off-season conditioning activities for water polo players. (A, CSU, UC)

PHYSICAL SCIENCE (PHYSC)

7 ENVIRONMENTAL SCIENCE

3 units, 3 lecture hours, (Formerly Environmental Studies 7)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

The application of basic scientific principles to the understanding of environmental problems. Topics include urban land planning and usages, air and water pollution, water usages and management, food production, wildlife management, and population studies. Optional field trips may be offered. (A, CSU-GE, UC, I)

11 INTRODUCTORY PHYSICAL SCIENCE

3 units, 3 lecture hours

ADVISORY: Mathematics 101 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Emphasis on a survey of physics, chemistry, and earth science, including mechanics, thermodynamics, electricity and magnetism, optics, modern physics, nuclear physics, chemical systems, chemical reactions, geologic time, weather phenomena, astronomy, and cosmology. Designed primarily for non-science majors. (A, CSU-GE, UC, I)

PHYSICS (PHYS)

2A GENERAL PHYSICS 1

4 units, 3 lecture hours, 3 lab hours

PREREQUISITE: Mathematics 4A. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Mechanics, thermal physics, oscillations, and waves. Designed primarily for life science and related majors. (A, CSU-GE, UC, I)

2B GENERAL PHYSICS 2

4 units, 3 lecture hours, 3 lab hours

PREREQUISITE: Physics 2A.

Electricity and magnetism, optics, and introduction to modern physics. Designed primarily for life science and related majors. (A, CSU-GE, UC, I)

4A PHYSICS FOR SCIENTISTS AND ENGINEERS

4 units, 3 lecture hours, 3 lab hours

COREQUISITE: Mathematics 5B. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Classical mechanics and mechanical waves. Designed primarily for physics, engineering, and related majors. (A, CSU-GE, UC, I)

4B PHYSICS FOR SCIENTISTS AND ENGINEERS

4 units, 3 lecture hours, 3 lab hours

PREREQUISITE: Physics 4A.

Thermodynamics, electricity, and magnetism. Designed primarily for physics, engineering, and related majors. (A, CSU-GE, UC, I)

4C PHYSICS FOR SCIENTISTS AND ENGINEERS

4 units, 3 lecture hours, 3 lab hours

PREREQUISITE: Physics 4A. Physics 4B is not a prerequisite.

Electromagnetic waves, optics, relativity, quantum mechanics, nuclear physics, and elementary particles. Designed primarily for physics, engineering, and related majors. (A, CSU-GE, UC, I)

POLITICAL SCIENCE (POLSCI)

1 MODERN POLITICS

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Political concepts and processes through a survey of the literature of the subfields of political science: political philosophy, international relations, constitutional law, American politics, public administration, and behavioral studies methodology. (A, CSU-GE, UC, I)

2 AMERICAN GOVERNMENT

3 units, 3 lecture hours

ADVISORY: Eligibility for English 1A recommended.

Analysis of political and judicial institutions and processes, political ideology, political economy, civil rights, California state and local government. Satisfies the U.S. Constitution requirements and the national state and local government requirements for transfer students. (TCSU POLS 110) (A, CSU-GE, UC, I)

2H HONORS AMERICAN GOVERNMENT

3 units, 3 lecture hours

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in the college catalog.

Analysis of political and judicial institutions and processes, political ideology, political economy, the role of the media, civil rights, California state and local government. Satisfies the U.S. Constitution requirements and the national, state and local government requirements for transfer students. In addition Honors sections investigate in detail the original design of the American political system, including the values imbued in the Constitution, the construction of the federal system, and the legal responsibilities of the major actors, and contrast those features with the current conditions in American politics. Emphasis is given to explaining the differences between the two situations, and requiring students to suggest how access to the present system can be gained and used. (TCSU POLS 110) (A, CSU-GE, UC, I)

5 COMPARATIVE GOVERNMENT

3 units, 3 lecture hours

ADVISORY: Political Science 2 and eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Introduction to comparative governmental, political, economic and ideological arrangements in selected countries or contexts. (A, CSU-GE, UC, I)

13 LEGAL AND JUDICIAL REASONING

3 units, 3 lecture hours

ADVISORY: Eligibility for English 1A recommended.

Statutory, common law and constitutional interpretation; examination of judicial and legal reasoning and the evolution of fundamental constitutional rights and principles. (A, CSU-GE, UC)

24 INTERNATIONAL RELATIONS

3 units, 3 lecture hours, (See also Political Science 174)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

How nations manage their relations with other nations; their perceptions of themselves and of each other; their use of power to achieve their objectives. Issues facing the U.S. and the world community. (A, CSU, UC)

25 MODEL UNITED NATIONS

3 units, 3 lecture hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Preparation for simulated United Nations conferences. Focus on international diplomacy through study of member countries and their national policies. Practice on speech, debate, negotiation, and writing techniques. Students will be expected to attend at least two Model United Nations conferences during the semester. (A, CSU)

110 AMERICAN INSTITUTIONS

3 units, 3 lecture hours, (Formerly Political Science 10)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Current problems of American and California government. Federal, state and local institutions. Does not satisfy the U.S. history constitution transfer requirements for a BA degree under Section 40404. Satisfies Fresno City College graduation requirement. (A)

174 INTERNATIONAL RELATIONS

3 units, 3 lecture hours, (See also Political Science 24), (Formerly Political Science 74)

PREREQUISITE: None.

How nations manage their relations with other nations; their perceptions of themselves and of each other; their use of power to achieve their objectives. Issues facing the U.S. and the world community. (A)

PRINTING TECHNOLOGY (PT)

SEE GRAPHIC COMMUNICATIONS

PSYCHOLOGY (PSY)

2 GENERAL PSYCHOLOGY

3 units, 3 lecture hours, (Formerly Psychology 7)

ADVISORY: Eligibility for English 1A is recommended.

Scientific study of behavior and mental processes. Topics include history, methodology biopsychology, lifespan development, sensation and perception, consciousness and altered states, learning and memory, thought and language, intelligence, motivation and emotion, personality, psychopathology and therapy, stress and health, and social and cultural influences. (A, CSU-GE, UC, I)

2H HONORS GENERAL PSYCHOLOGY

3 units, 3 lecture hours, (Formerly Honors 7P and Psychology 7H)

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in college catalog.

Scientific study of behavior and mental processes. Topics include history, methodology, biopsychology, lifespan development, sensation and perception, consciousness and altered states, learning and memory, thought and language, intelligence, motivation and emotion, personality, psychopathology and therapy, stress and health, and social and cultural influences. The Honors section of this course places a greater emphasis on understanding the human being as an integrated physiological, social, and psychological organism and further enriches that perspective with data and theories from related disciplines. (TCSU PSY 110)(A, CSU-GE, UC, I)

5 SOCIAL PSYCHOLOGY

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A systematic analysis of the social determinants of behavior and mental processes, including the ways in which individuals are influenced by, and influence, their social environment. Emphasis is placed on the critical analysis of methodology, theory, and empirical findings related to social perception and cognition, attitudes, roles, conformity and obedience, attraction, aggression, prejudice and discrimination, prosocial behavior, behavior in groups, and behavior in built environments. (A, CSU, UC)

12 CHILD ABUSE

3 units, 3 lecture hours, (See also Child Development 12)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Issues related to abused, battered, and neglected children including issues related to child sexual molestation and pornography. Characteristics of different types of abusers, pedophiles, and adolescent molesters. Reporting laws and the legal process. Identification, prevention, and treatment of abused children and abusers. (A, CSU)

15 PSYCHOLOGY OF RELIGION

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Psychological consequences of religion on thinking, emotions, moral and social behavior. Topics include the science-religion conflict, a comparison of selected Eastern and Western approaches to human identity and social relationships, and an examination of the impact of religion on experience, attitudes, behavior, and mental health. (A, CSU, UC)

16 ABNORMAL PSYCHOLOGY

3 units, 3 lecture hours

ADVISORY: Psychology 2 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Psychological, social, and biological bases of abnormal behavior. Definitions of abnormality; current models of etiology, classification, therapy, and prevention; critical analysis of research techniques and findings. (A, CSU, UC)

25 HUMAN SEXUALITY

3 units, 3 lecture hours

ADVISORY: Psychology 2 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 and recommended.

Sexual behaviors and values in contemporary society from a biological, psychological, social, cultural, historical and lifespan perspective. Anatomy and physiology of sex, gender development and socialization, contraception and abortion, conception and prenatal development, sexual orientation, love and communication, sexual patterns and techniques, sexual dysfunctions, sexually transmitted diseases, and the causes and consequences of sexual victimization. Presented in an explicit and scientific manner. (A, CSU, UC)

33 PERSONAL AND SOCIAL ADJUSTMENT

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The psychology of effective and ineffective coping patterns. Topics include personality, lifespan development, psychological factors of physical health and illness, stress, gender roles, interpersonal relationships, work and leisure, psychological disorders, and therapy. These topics will be explored with an emphasis on both theory and practical application in everyday life. (A, CSU-GE, UC)

36 BIOLOGICAL PSYCHOLOGY

3 units, 3 lecture hours

ADVISORY: Psychology 2, Biology 1, 3, or 5, and eligibility for English 1A recommended.

Biological mechanisms central to fundamental concepts and issues of psychology. Topics include basic neuroanatomy and neurophysiology, and genetics; research methods in biological psychology; and the physiological mechanisms underlying sensation, perception, consciousness, motivation, emotion, stress, sexual behavior, learning memory, neurological disorders, psychopharmacology, and psychological disorders. (A, CSU, UC)

38 LIFESPAN DEVELOPMENT

3 units, 3 lecture hours, (See also Child Development 38)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic theories, research concepts, and principles of typical and atypical physical, cognitive and psychosocial development at each major stage of life from conception to death. All major topics of human development (e.g. human behavior, sexuality, nutrition, health, stress, key relationships of humankind to the social and physical environment, and implications of death and dying) presented in an integrated manner. (A, CSU-GE, UC, I)

39 CHILD GROWTH AND DEVELOPMENT

3 units, 3 lecture hours, 1 lab hour, (See also Child Development 39)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended. Verification of freedom from tuberculosis is recommended.

Basic theories, research, concepts, and principles of physical, cognitive/language, and psychosocial development at each major stage in life from conception through adolescence. Emphasis on environmental and genetic influences on typical and atypical development. (A, CSU-GE, UC, I)

42 STATISTICS FOR THE BEHAVIORAL SCIENCES

4 units, 4 lecture hours, (See also Mathematics 42)

PREREQUISITE: Mathematics 103 or equivalent. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Descriptive statistics, sampling, hypothesis testing, estimation, selected non-parametric techniques, ANOVA, and regression, with applications from psychology, biology, and social sciences. (A, CSU-GE, UC, I)

RADIOLOGIC TECHNOLOGY (RAD)

1A FUNDAMENTALS OF RADIOLOGIC TECHNOLOGY

6 units, 6 lecture hours

PREREQUISITE: Admission to the Radiologic Technology Program; Applied Technology 11; Biology 24 or Biology 20 and 22. COREQUISITE: Radiologic Technology 1B and 1C. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Radiography and its relation to radiology and the hospital; X-ray production, darkroom chemistry, radiographic quality, medical ethics, and use of X-ray equipment. (A, CSU)

1B BASIC RADIOGRAPHIC POSITIONING LABORATORY

1 unit, 3 lab hours

PREREQUISITE: Admission to the Radiologic Technology Program; Applied Technology 11; Biology 24 or Biology 20 and 22. COREQUISITE: Radiologic Technology 1A and 1C. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Demonstration and practice in positioning of the chest, abdomen, upper and lower extremities, and shoulder girdle. (A, CSU)

1C CLINICAL ORIENTATION LABORATORY

2 units, 6 lab hours

PREREQUISITE: Admission to the Radiologic Technology Program; Applied Technology 11; Biology 24 or Biology 20 and 22. COREQUISITE: Radiologic Technology 1A and 1B. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 recommended.

Practice of the applicable rules and regulations of the clinical facility. Assist with basic radiographic procedures. (A, CSU)

2A RADIATION BIOLOGY

6 units, 6 lecture hours

PREREQUISITE: Radiologic Technology 1A, 1B and 1C. COREQUISITE: Radiologic Technology 2B, 2C, and 2D.

Biological effects of radiation, protection standards, personnel monitoring, and concepts of radiation units. (A, CSU)

2B ADVANCED RADIOGRAPHIC POSITIONING LABORATORY

1 unit, 3 lab hours

PREREQUISITE: Radiologic Technology 1A, 1B and 1C. COREQUISITE: Radiologic Technology 2A, 2C, and 2D.

Demonstration and practice in positioning of the pelvis and upper femora, vertebral column, bony thorax, digestive system, gallbladder, biliary ducts, urinary system and mammography. (A, CSU)

2C CLINICAL OBSERVATION LABORATORY

2 units, 6 lab hours

PREREQUISITE: Radiologic Technology 1A and 1B and 1C. COREQUISITE: Radiologic Technology 2A, 2B, and 2D.

Practice of the applicable rules and regulations of the clinical facility. Under direct supervision, perform basic radiographic procedures. (A, CSU)

2D QUALITY ASSURANCE IN RADIOLOGIC TECHNOLOGY

1 unit, 3 lab hours

PREREQUISITE: Radiologic Technology 1A and 1B and 1C. COREQUISITE: Radiologic Technology 2A, 2B, and 2C.

Evaluation of radiographic systems to assure consistency in the production of quality images. Fulfills the computer literacy graduation requirement for Radiologic Technology majors only. (A, CSU)

3A NURSING PROCEDURES IN RADIOLOGIC TECHNOLOGY

2 units, 3 lecture hours, (12 weeks), (Summer only)

PREREQUISITE: Radiologic Technology 2A, 2B, 2C, and 2D. COREQUISITE: Radiologic Technology 3B.

Procedures and methods pertaining to X-ray, emergency patients, and surgical procedures. (A, CSU)

3B BASIC CLINICAL RADIOLOGIC TECHNOLOGY

7 units, 32 lab hours, (12 weeks), (Summer only)

PREREQUISITE: Radiologic Technology 2A, 2B, 2C, and 2D. COREQUISITE: Radiologic Technology 3A.

Basic radiographic positioning and fluoroscopy. Supervised clinical experience in local hospital radiology departments. (A, CSU)

4A PATHOLOGY IN RADIOLOGIC TECHNOLOGY

2 units, 2 lecture hours

PREREQUISITE: Radiologic Technology 3A and 3B. COREQUISITE: Radiologic Technology 4B and 4C.

Abnormal conditions of patients that preclude routine radiography; pathological conditions that need recognition and special treatment by radiologic technologists. (A, CSU)

4B ADVANCED CLINICAL RADIOLOGIC TECHNOLOGY

11 units, 33 lab hours

PREREQUISITE: Radiologic Technology 3A and 3B. COREQUISITE: Radiologic Technology 4A and 4C.

Advanced radiographic exposure and positioning; procedures in medical-surgical conditions. (A, CSU)

4C ADVANCED RADIOGRAPHIC POSITIONING LABORATORY-CRANIUM

1 unit, 3 lab hours

PREREQUISITE: Radiologic Technology 3A and 3B. COREQUISITE: Radiologic Technology 4A and 4B.

Demonstration and practice in positioning of the skull, facial bones, paranasal sinuses and temporal bones for radiographic examination. (A, CSU)

5A SPECIAL PROCEDURES IN RADIOLOGIC TECHNOLOGY

2 units, 2 lecture hours

PREREQUISITE: Radiologic Technology 4A, 4B, and 4C. COREQUISITE:

Radiologic Technology 5B and 5C.

Special procedures for diagnostic purposes and equipment maintenance. (A, CSU)

5B SPECIALIZED CLINICAL RADIOLOGIC TECHNOLOGY

11 units, 33 lab hours

PREREQUISITE: Radiologic Technology 4A, 4B, and 4C. COREQUISITE:

Radiologic Technology 5A and 5C.

Special procedures for diagnostic purposes; exposure to new imaging modalities. (A, CSU)

5C FLUOROSCOPY

2 units, 2 lecture hours, 1 lab hour

PREREQUISITE: Radiologic Technology 4A, 4B, and 4C. COREQUISITE:

Radiologic Technology 5A, 5B.

Fluoroscopy techniques including positioning the patient, selecting exposure factors and positioning fluoroscopy equipment. (A, CSU)

6 CONCENTRATED CLINICAL RADIOLOGIC TECHNOLOGY

6 units, 40 lab hours, (8 weeks), (Summer only)

PREREQUISITE: Radiologic Technology 5A, 5B, and 5C.

Concentrated clinical experience to develop proficiency in all aspects of diagnostic radiography. (A, CSU)

REAL ESTATE (RE)

Certain real estate courses offered by the college presently meet the course requirements imposed by the California Department of Real Estate in order to take the real estate salesperson and/or broker examination. However, these courses are not intended as licensing test preparation courses. The course requirements applicable to these examinations may be viewed at the California Department of Real Estate website www.dre.ca.gov.

40 REAL ESTATE PRINCIPLES

3 units, 3 lecture hours, (Formerly Real Estate 50)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

California real estate history, real property descriptions, public and private restriction terminology, agency and contracts, forms, licensure, and careers in real estate. (A, CSU)

41 REAL ESTATE PRACTICE

3 units, 3 lecture hours, (Formerly Real Estate 51)

PREREQUISITE: Real Estate 40 or hold a license as a real estate salesperson or broker in California.

Day-to-day operations affecting brokers and sales persons, listings, advertising and marketing techniques. (A, CSU)

42 LEGAL ASPECTS OF REAL ESTATE

3 units, 3 lecture hours, (Formerly Real Estate 52)

PREREQUISITE: Real Estate 40, or equivalent experience, or hold a real estate salesperson license.

Statute and case law with emphasis on laws affecting licensees includes duties, responsibilities and regulation of licensees in the areas of agency, contracts, property financing, ownership, use and transfer of real property. (A, CSU)

43 REAL ESTATE APPRAISAL I

3 units, 3 lecture hours, (Formerly Real Estate 54)

PREREQUISITE: Real Estate 40, or equivalent experience, or hold a real estate salesperson license. ADVISORY: Eligibility for Mathematics 101 recommended.

Residential and commercial property evaluation. Preparation of appraisal reports. (A, CSU)

44 REAL ESTATE FINANCE

3 units, 3 lecture hours, (Formerly Real Estate 54)

PREREQUISITE: Real Estate 40, or equivalent experience, or hold a real estate salesperson license. ADVISORY: Eligibility for Mathematics 101 recommended.

Money markets, interest, and lending policies for residential, multi-family, commercial, and special purpose properties. (A, CSU)

45 ESCROW PRINCIPLES AND PRACTICES

3 units, 3 lecture hours, (Formerly Real Estate 60)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Role and responsibility of escrow officer, including legal issues, contracts, title insurance, and forms. Institutional lenders, sales and assignments of beneficial interest, property exchange and transfers. (A, CSU)

46 ECONOMICS OF REAL ESTATE

3 units, 3 lecture hours, (Formerly Real Estate 56)

PREREQUISITE: Real Estate 40, or equivalent experience, or hold a real estate salesperson license.

Urban growth, redevelopment, land use planning and utilization, shopping centers, and subdivisions. (A, CSU)

47 REAL ESTATE APPRAISAL II

3 units, 3 lecture hours, (Formerly Real Estate 57)

PREREQUISITE: Real Estate 43.

Multi-family dwellings and evaluation of commercial and special-use property. Appraisal reports. (A, CSU)

48 REAL ESTATE INVESTMENT

3 units, 3 lecture hours, (Formerly Real Estate 58)

PREREQUISITE: Real Estate 41, or equivalent experience. ADVISORY: Eligibility for Mathematics 101 recommended.

Capital gains, depreciation, installment sales, tax deferred exchanges, sale, and lease-back; investment trusts in estate building. (A, CSU)

49 PROPERTY MANAGEMENT

3 units, 3 lecture hours, (Formerly Real Estate 63)

PREREQUISITE: Real Estate 40, or equivalent experience.

Methods and procedures; development of a plan; property and neighborhood analysis; tenant selection and maintenance procedures. (A, CSU)

RECREATION (REC)**19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL
1-8 units, (Repeats = 2)**

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to recreation. Collaborative learning objectives established specific to recreation. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

20 INTRODUCTION TO RECREATION

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Educational opportunities; federal, state, and local relationships; planning programs; finance, and leadership. (A, CSU)

21 RECREATION LEADERSHIP

3 units, 2 lecture hours, 2 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Theoretical and philosophical basis for leadership. Social dynamics of participation in recreation activities. (A, CSU)

23 OUTDOOR RECREATION

3 units, 2 lecture hours, 3 lab hours

COREQUISITE: Recreation 20.

History, development, principles and trends of organized camping, nature and conservation, and outdoor recreation. Laboratory and field trips, including camping and hiking activities. Practical skills in firecrafts, outdoor cooking, and backpacking. Leadership training in camp counseling. Required for recreation majors. (A, CSU)

50 ADAPTED RECREATION AND LEISURE

3 units, 2 lecture hours, 2 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Designed for students with disabling conditions. An introduction to the regional recreational and leisure venues, and opportunities available and accessible for individuals with disabling conditions. Laboratory and field trips including, but not limited to, dining, theater, museums, sports events, concerts, and outdoor activities. (A, CSU)

RESPIRATORY CARE PRACTITIONER (RCARE)**16 PATIENT ASSESSMENT**

3 units, 3 lecture hours

PREREQUISITE: Acceptance into the Respiratory Care Program; Biology 1, Chemistry 3A, and Mathematics 103. COREQUISITE: Respiratory Care 17, 18, and 20. ADVISORY: English 1A.

Introduction to the diagnostic tools and techniques used clinically to diagnose and assess the patient with cardiopulmonary dysfunction. (A, CSU)

17 FUNDAMENTALS OF PATIENT MANAGEMENT

4 units, 3 lecture hours, 3 lab hours

PREREQUISITE: Acceptance into the Respiratory Care Program; Biology 1, Chemistry 3A, and Mathematics 103. COREQUISITE: Respiratory Care 16, 18, and 20. ADVISORY: English 1A.

Problem-solving and communication skills in fundamental patient care situations utilizing respiratory care concepts and related scientific rationale; cardiopulmonary resuscitation; basic pharmacology. (A, CSU)

18 PHYSIOLOGY OF THE RESPIRATORY SYSTEM

2 units, 2 lecture hours

PREREQUISITE: Acceptance into the Respiratory Care Program; Biology 1, Chemistry 3A, and Mathematics 103. COREQUISITE: Respiratory Care 16, 17, and 20. ADVISORY: English 1A.

Introduction to the basic physiologic principles for the cardiopulmonary system with emphasis on the respiratory system. (A, CSU)

19 WORK EXPERIENCE (COOPERATIVE), OCCUPATIONAL

1-8 units, 1 lecture hour, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to occupational work experience. Summer Session: Enrollment in another college course is optional. Supervised employment directly related to the student's major. Offered under specific majors.

Supervised employment extending the classroom based on occupational learning related to respiratory care. Collaborative learning objectives established specific to respiratory care. Seventy-five (75) hours of paid work

or 60 hours of non-paid work per unit per semester. Maximum of 8 units per semester, 16 units total. May be repeated for not more than 16 units total. (A, CSU)

20 INTRODUCTION TO RESPIRATORY CARE
5 units, 3 lecture hours, 6 lab hours

PREREQUISITE: Acceptance into the Respiratory Care Program; Biology 1, Chemistry 3A, and Mathematics 103. COREQUISITE: Respiratory Care 16, 17, and 18. ADVISORY: English 1A.

Selected modalities for respiratory care with the physical, mechanical, and scientific principles associated with all attendant equipment. (A, CSU)

21 APPLICATIONS AND PROCEDURES IN RESPIRATORY CARE

11 units, 8 lecture hours, 8 lab hours

PREREQUISITE: Respiratory Care 16, 17, 18 and 20. ADVISORY: English 1A.

Introduction to selected therapeutic and diagnostic modalities for respiratory care, with the physical, mechanical and scientific principles associated with all attendant equipment. Mechanical ventilation (theory and applications), sustained maximal inspiration, pulmonary function testing and chest physiotherapy. Supervised clinical performance in area hospitals. (A, CSU)

22 CLINICAL APPLICATIONS IN RESPIRATORY CARE I
9 units, 2 lecture hours, 22 lab hours

PREREQUISITE: Respiratory Care 21. ADVISORY: English 1A.

Introduction into the fully supervised clinical experience of the student respiratory care practitioner. Discerning individual patient needs, developing appropriate care plans and applying correct procedures. (A, CSU)

23 CLINICAL APPLICATIONS IN RESPIRATORY CARE II
9 units, 2 lecture hours, 22 lab hours

PREREQUISITE: Respiratory Care 22. COREQUISITE: Respiratory Care 25. ADVISORY: English 1A.

Introduction into the fully supervised clinical experience of the student respiratory care practitioner, including discerning individual patient needs, developing appropriate care plans, and applying correct procedures to patients in the intensive care setting. Selected computer clinical simulations for exit-testing are integrated with a computer-based research paper. Fulfills the computer literacy graduation requirement for Respiratory Care Practitioner majors only. (A, CSU)

25 RESPIRATORY DISEASE
2 units, 2 lecture hours, (Spring)

PREREQUISITE: Respiratory Care 22. COREQUISITE: Respiratory Care 23. ADVISORY: English 1A.

The pathology, etiology and management of selected respiratory diseases and/or trauma. (A, CSU)

RETAILING FASHION

SEE FASHION MERCHANDISING

RUSSIAN SEE FOREIGN LANGUAGES

SOCIAL SERVICE SEE HUMAN SERVICES (HS)

SOCIOLOGY (SOC)

1A INTRODUCTION TO SOCIOLOGY
3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Basic concepts, theoretical approaches, and methods of sociology. Analysis and explanation of social systems, socialization and self, institutions, stratification, inter-/intra-group dynamics, multi-/cross-cultural relations, demography, deviance, collective behavior, social change, and global trends. (TCSU SOC 110)(A, CSU-GE, UC, I)

1AH HONORS INTRODUCTION TO SOCIOLOGY
3 units, 3 lecture hours

ADVISORY: Meet the qualifications for consideration for acceptance into the Honors Program recommended. See Honors Program listing in college catalog.

Basic concepts, theoretical approaches, and methods of sociology. Analysis and explanation of social systems, socialization, and self, institutions, stratification, inter-/intra-group dynamics, multi-/cross-cultural relations, demography, deviance, collective behavior, social change, and global trends. The Honors section of this course places a greater emphasis on methods of conducting scientific research in the field of Sociology. Additional emphasis is placed on contemporary social issues as explored through supplemental readers or texts. (A, CSU-GE, UC, I)

1B GLOBAL SOCIAL PROBLEMS
3 units, 3 lecture hours

ADVISORY: Sociology 1A and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Social problems in an international context, including issues of development, industrial, and post-industrial social changes; racial, ethnic, gender, and economic inequalities; crime; population growth; technology; resources; and the environment. (A, CSU, UC)

2 AMERICAN MINORITY GROUPS**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The institutional, ecological, demographic, sociological, and social-psychological aspects of ethnicity and race, and the examination of other non-dominant groups in the United States. (A, CSU-GE, UC, I)

5 SOCIOLOGY OF RAPE**3 units, 3 lecture hours, (See also Women's Studies 5)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A micro and macro overview of rape including the history of rape, a study of what creates a rape culture, social and psychological characteristics and pathology of rapists, sociological impact upon the psychology of the survivor. Includes the various forms of sexual assault, such as acquaintance rape, marital rape, male rape, gang rape and child sexual assault. The sociological foundation and history of current laws and their execution. (A, CSU)

7 DOMESTIC VIOLENCE: ABUSE WITHIN THE FAMILY**3 units, 3 lecture hours, (See also Women's Studies 7)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A micro and macro study of the historical and contemporary problem of domestic violence. Overview of the battered spouse syndrome, characteristics of the survivor and the batterer, therapeutic approaches and development of legislation. Various forms of domestic violence such as child abuse, elder abuse, and violence in same gender relationships are also studied. (A, CSU)

10 INTRODUCTION TO AGING STUDIES**3 units, 3 lecture hours, (See also Human Services 10), (Formerly Sociology 22)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to gerontology: theories, concepts, perspectives, and research in the study of aging; psychological and sociological changes; cultural, multicultural, substance abuse, and political issues. Intergenerational and multicultural activities. (A, CSU-GE, UC, I)

14 SOCIOLOGY OF THE MEXICAN AMERICAN COMMUNITY**3 units, 3 lecture hours, (See also Chicano-Latino Studies 14)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Sociological examination of the Chicano-Latino in American society: family, religious, educational, economic, and political social institutions. Social problems, social issues, and social and cultural change. (A, CSU, UC)

31 THE CHILD IN SOCIETY: A SOCIAL PROBLEMS**APPROACH****3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A social problems approach to the child in society: socialization, the dysfunctional family, abuse, deprivation, disabilities, drugs, delinquency, and special needs. (A, CSU)

32 COURTSHIP, MARRIAGE AND DIVORCE: FAMILY AND INTERPERSONAL RELATIONSHIPS**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction to the principles of marriage and family relationships, including love, courtship, mate selection, marriage, sexuality, family planning, pregnancy and childbirth, sexually transmitted diseases, family conflict, conflict resolution, communication skills, divorced families, step-families, aging, and widowhood. (A, CSU-GE, UC)

160 BASIC SOCIOLOGY**3 units, 3 lecture hours, (Formerly Sociology 60)**

PREREQUISITE: None.

Basic concepts, theoretical approaches, and methods of sociology. Analysis and explanation of social systems, socialization and self, institutions, stratification, inter/intra-group dynamics, multi/cross cultural relations, demography, deviance, collective behavior, social change, and global trends. (A)

Note: If a student takes Soc 1A and receives a grade of "C" or better subsequent to receiving a "D" or "F" in Soc 160, then the student may apply for academic renewal of the deficient grade in Soc 160.

SPANISH SEE FOREIGN LANGUAGES

SPECIAL STUDIES

47 (COURSE TITLE TO BE SELECTED)**.1 to more units, 9 lecture hour equivalents per 1/2 unit of credit**

PREREQUISITE: To be determined.

Current topics of importance and concern in a designated subject field or on topics not covered in the regular curriculum or which need to be covered in greater depth than is possible with the regular offerings. Designed for transfer credit. Some topics may be repeatable. Contact the department. (A, CSU, UC approved as variable topics; evaluation completed by individual campuses after admission.)

177 (COURSE TITLE TO BE SELECTED)

.1 to more units, 9 lecture hour equivalents per 1/2 unit of credit. (Formerly Special Studies 77)

PREREQUISITE: To be determined.

Current topics of importance and concern in a designated subject field or on topics not covered in the regular curriculum or which need to be covered in greater depth than is possible with the regular offerings. Designed for nontransfer credit. (A)

277 (COURSE TITLE TO BE SELECTED)

.1 to more units, 9 lecture hour equivalents per 1/2 unit of credit, (Formerly Special Studies 77)

PREREQUISITE: To be determined.

Current topics of importance and concern in a designated subject field or on topics not covered in the regular curriculum or which need to be covered in greater depth than is possible with the regular offerings. Designed for nondegree, nontransfer credit.

377 (COURSE TITLE TO BE SELECTED)

0 units, lecture hours & lab hours to be determined, (Formerly Special Studies 77)

PREREQUISITE: To be determined.

Current topics of importance and concern in a designated subject field or on topics not covered in the regular curriculum or which need to be covered in greater depth than is possible with the regular offerings. Designed for noncredit.

SPEECH (SPEECH) SEE COMMUNICATIONS

SUPERVISED TUTORING (ST)

FORMERLY BASIC STUDIES AND INDIVIDUALIZED LEARNING

300 SUPERVISED TUTORING

0 units, lab hours arranged, (Repeats = 3), (Formerly Supervised Tutoring 100)

PREREQUISITE: None.

Provides tutoring assistance to increase the probability of a student's successful completion of his or her educational objectives. Hours will vary depending upon individual student need.

SURGICAL TECHNOLOGY (SURGT)

101 INTRODUCTION TO SURGICAL TECHNOLOGY

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Introduction of surgical team concepts with emphasis on the role of the surgical technologist. An overview of the history of surgery, health care facilities and systems, and the surgical environment. Ethical and legal responsibilities and interpersonal relationships. Principles of aseptic technique, sterilization, and basic instrumentation. (A)

102 SURGICAL TECHNIQUES

3 units, 3 lecture hours

PREREQUISITE: Surgical Technology 101. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Discussion and application of the principles of aseptic technique, procedures relating to patient care, and demonstration of the use and care of supplies and equipment in the operating room. (A)

103 SURGICAL PROCEDURES

3 units, 9 lab hours, (Repeats = 2)

PREREQUISITE: Surgical Technology 102. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The role of the surgical technologist in surgical procedures. Principles of anesthesiology and surgical pharmacology. (A)

104 CLINICAL PRACTICUM

6 units, 18 lab hours, (Repeats = 2)

PREREQUISITE: Surgical Technology 103. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The first of two clinical components of the surgical technology training. Assignment to a hospital surgery department and participation as an independent member of the surgical team to master first scrub role in a surgical team. (A)

105 ADVANCED CLINICAL PRACTICUM

6 units, 18 lab hours, (Repeats = 2)

PREREQUISITE: Surgical Technology 104. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The second clinical component of the surgical technology training. Participation as an independent member of a surgical team to master the first scrub role. Performance of advanced skills and mastering anticipation of surgical needs. (A)

THEATRE ARTS (TA)

12 FUNDAMENTALS OF INTERPRETATION**3 units, 3 lecture hours, (See also Communication 12)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to orally interpreting works of literary art in their intellectual, emotional, and aesthetic entirety. Class readings include poetry, prose, and drama. (A, CSU-GE, UC)

15C CREATIVE WRITING: PLAYWRITING**3 units, 3 lecture hours, (Repeats = 1), (See also English 15C)**

PREREQUISITE: English 1A or the equivalent.

Writing plays for critical review. (A, CSU-GE, UC)

24 THEATRE CRAFTS PRACTICUM**3 units, 1 lecture hour, 6 lab hours, (Repeats = 3)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended.

Scenic, lighting, property, and sound technical construction and installation for theatre and dance department productions. (A, CSU, UC)

25 THEATRE CRAFTS I**3 units, 3 lecture hours, (Formerly Theatre Arts 34A)**

COREQUISITE: Theatre Arts 24. ADVISORY: Eligibility for English 125 and 126 or ESL 67 and 68, and Math 101 recommended.

Introduction to basic scene construction techniques, materials and hardware of the stage including scenic painting techniques and drafting for the theatre. (A, CSU, UC)

26 THEATRE CRAFTS II**3 units, 3 lecture hours, (Formerly Theatre Arts 34B)**

COREQUISITE: Theatre Arts 24. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 and Theatre Arts 25 recommended.

Introduction to theatrical lighting, basic electricity, theatrical sound, and stage management. (A, CSU, UC)

27A INTRODUCTION TO SCENIC DESIGN**3 units, 3 lecture hours, 1 lab hour**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, Mathematics 101 and Theatre Arts 25 recommended.

Designing and drafting scenery for the theatre. Ground plans, section drawings, elevations, and scenic models are emphasized. (A, CSU, UC)

27B INTRODUCTION TO LIGHTING DESIGN**3 units, 3 lecture hours, 1 lab hour**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, Mathematics 101 and Theatre Arts 26 recommended.

Designing and drafting lighting for the theatre. Lighting plans and sections; color theory; photo-metrics and cueing are emphasized. (A, CSU, UC)

28 INTRODUCTION TO STAGE MAKEUP**2 units, 1 lecture hour, 3 lab hours, (Formerly Theatre Arts 37)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and recommended.

Introduction to methods of designing and applying makeup for the stage. Classroom lecture as well as practical application of makeup materials to the body. (A, CSU, UC)

30 THEATRE APPRECIATION**3 units, 3 lecture hours**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to the theatre with emphasis on the theatre as an exciting artistic and social experience. Designed for the general student. (A, CSU-GE, UC, I)

31 THEATRE HISTORY AND DRAMATIC LITERATURE I**3 units, 3 lecture hours, (Formerly Theatre Arts 32A)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Survey of the theatre history and dramatic literature of Western culture from Ancient Greeks through Restoration Theatre. (A, CSU-GE, UC, I)

32 THEATRE HISTORY AND DRAMATIC LITERATURE II**3 units, 3 lecture hours, (Formerly Theatre Arts 32B)**

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Survey of the theatre history and dramatic literature of Western culture from 18th century to the present. (A, CSU-GE, UC, I)

34 COSTUME PRACTICUM

3 units, 1 lecture hour, 6 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Supervised theatre practice for students with an emphasis in costume design/construction or costume crew responsibilities for Fresno City College Theatre productions. (A, CSU)

35 COSTUME CRAFTS

3 units, 3 lecture hours, (Formerly Theatre Arts 35A)

COREQUISITE: Theatre Arts 34. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Techniques used for costume and costume accessory construction. Experience in preparation for play performance and costume crew assignment. (A, CSU, UC)

36 COSTUME DESIGN

3 units, 3 lecture hours, (Formerly Theatre Arts 35B)

COREQUISITE: Theatre Arts 34. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Techniques in costume design. Introduction to the creation of costumes for the stage by the use of visual images, drawing, and watercolor. (A, CSU, UC)

40 PERFORMANCE PRACTICUM

3 units, 2 lecture hours, 12 lab hours, (9 weeks), (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Rehearsal and performance of plays for public presentation. Credit given for the performance of acting roles, stage management, direction or assistant direction of a Fresno City College theatre production. Participation in a Fresno City College theatre production required. (A, CSU)

41 BEGINNING ACTING

3 units, 3 lecture hours, (Formerly Theatre Arts 31A)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

An introduction to the fundamentals of acting through exercises, scene performance, and play analysis. Not open to students enrolled in Theatre Arts 42. (A, CSU-GE, UC)

42 BEGINNING ACTING FOR THEATRE MAJORS

3 units, 2 lecture hours, 4 lab hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Designed for theatre arts majors stresses acting technique, character building, scene and monologue performance, and scene analysis from selected plays from Modern Realism. Not open to students currently enrolled in Theatre Arts 41. (A, CSU, UC)

43 INTERMEDIATE ACTING

3 units, 3 lecture hours, (Formerly Theatre Arts 31B)

PREREQUISITE: Theatre Arts 41 or 42. ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Improvisation, body movement, character development; class exercises to develop voice for the stage, classical and contemporary, monologues and scene study with class performance. (A, CSU, UC)

44 ACTORS WORKSHOP

3 units, 2 lecture hours, 3 lab hours, (Repeats = 1), (Formerly Theatre Arts 38A and 38B and 38)

PREREQUISITE: Theatre Arts 41 or 42 or equivalent. ADVISORY: Theatre Arts 43 recommended. Eligibility for English 125 or 126 or English as a Second Language 67 and 68 recommended.

Skill development for actors with intermediate acting experience. Explores elements of performance styles, scene work of classical and contemporary materials and auditioning techniques. (A, CSU-GE, UC)

45 KENNEDY CENTER AMERICAN COLLEGE THEATER FESTIVAL TOPICS

2 units, 2 lecture hours, 4 lab hours, (9 weeks), (Repeats = 3)

PREREQUISITE: Student must either be selected by Kennedy Center American College Theater Festival adjudicators for participation in the festival, or audition for the instructor to be cast as a scene partner for a festival participant.

Preparation of theatre students for attendance at the Kennedy Center American College Theater Festival. Participation in master classes and participation/attendance at adjudication events. (A, CSU)

46 VOICE FOR THE ACTOR

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Principles of the use of voice and speech for stage performance including Standard American Speech (IPA), diaphragmatic breath control, relaxation techniques, enunciation, articulation, projection, vocal characterization, vocal energy and expressiveness. (A, CSU, UC)

48 TEASERS

1 unit, .25 lecture hour, 2 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 recommended.

Creation, rehearsal and performance of new plays for public presentation. Participation in a Fresno City College theatre production of Teasers is required. (A, CSU)

348 SENIOR PLAY PRODUCTION

0 units, 1 lecture hour, 9 lab hours, (16 weeks), (Unlimited Repeats), (Formerly Theatre Arts 80)

Organize, write, cast, rehearse, and perform a major seniors' variety show for public performance.

VOCATIONAL ENGLISH AS A SECOND LANGUAGE (VESL)

266R APPLIED INTERMEDIATE READING FOR COLLEGE AND CAREERS

4 units, 8 lecture hours, (9 weeks), (Pass/No Pass)

PREREQUISITE: English as a Second Language 264R or designated score on the placement test. Use of language other than English as primary language.

Intermediate reading, vocabulary, critical thinking and study skills applied to tasks for a variety of career fields. Reading strategies reinforced through use of workplace materials and other texts. Acquisition and effective use of workplace vocabulary. Course content includes: teamwork, problem solving, critical thinking, organizational and research skills, self-editing and the use of technological resources.

266W APPLIED INTERMEDIATE WRITING FOR COLLEGE AND CAREERS

4 units, 8 lecture hours, (9 weeks), (Pass/No Pass)

PREREQUISITE: English as a Second Language 264W or designated score on the placement test. Use of language other than English as primary language.

Intermediate writing, grammar, critical thinking and study skills applied to tasks for various career fields. Focus on a broad range of professional communication genres. Acquisition and application of appropriate syntactic and semantic elements. Course content includes: problem solving, teamwork, critical thinking, organizational and research skills, self-editing and use of technological resources.

269R APPLIED ADVANCED READING FOR COLLEGE AND CAREERS

4 units, 8 lecture hours, (9 weeks)

PREREQUISITE: English as a Second Language 265R, or designated score on the placement test, or completion of Vocational English as a Second Language 266R. Use of language other than English as primary language.

Advanced reading, vocabulary, critical thinking and study skills applied to tasks for a variety of career fields. Reading strategies reinforced through the use of workplace materials and other texts. Acquisition and effective use of workplace vocabulary. Course content includes: teamwork, problem solving, critical thinking, organizational and research skills, self-editing, and the use of technological resources.

269W APPLIED ADVANCED WRITING FOR COLLEGE AND CAREERS

4 units, 8 lecture hours, (9 weeks)

PREREQUISITE: English as a Second Language 265W, or designated score on the placement test, or completion of Vocational English as a Second Language 266W. Use of language other than English as primary language.

Advanced writing, grammar, critical thinking and study skills applied to tasks for various career fields. Emphasis on a broad range of professional communication genres. Acquisition and application of syntactic, lexical and grammatical rules. Course content includes: problem solving, teamwork, critical thinking, organizational and research skills, self-editing and the use of technological resources.

WATER TREATMENT AND DISTRIBUTION (WTD)

101 BASIC WATER TREATMENT

3 units, 3 lecture hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 and Mathematics 101 recommended or permission of the instructor.

Provides water treatment operators with the knowledge and skills required to effectively operate and maintain water treatment facilities; prepares students to take the California Public Health Department (CPHD) test for "Water Treatment Operator Grade T2" (or Grade 2). (A)

102 ADVANCED WATER TREATMENT

3 units, 3 lecture hours, (Repeats = 3)

COREQUISITE: Water Treatment and Distribution 101 or equivalent.

Concepts of various scientific disciplines to the science of water treatment, and preparation for taking the California Department of Public Health (CDPH) test for "Water Treatment Operator Grade T3" (or higher). (A)

106 BASIC WASTEWATER TREATMENT

3 units, 3 lecture hours, (Repeats = 3)

PREREQUISITE: None.

Knowledge and skills required to effectively operate and maintain wastewater treatment facilities; prepares students to take the State Water Resources Control Board (SWRCB) Grade II Certificate Exam. (A)

107 ADVANCED WASTEWATER TREATMENT

3 units, 3 lecture hours, (Repeats = 3)

PREREQUISITE: Water Treatment and Distribution 106 or equivalent.

Knowledge and skills required to effectively operate and maintain wastewater treatment facilities; prepares students to take the State Water Resources Control Board (SWRCB) Grade III Certificate Exam. (A)

112 BASIC WASTE DISTRIBUTION

3 units, 3 lecture hours, (Repeats = 3)

PREREQUISITE: None.

Explores the field of water distribution, including the configuration, operation and maintenance of a water distribution system, and the Expected Range of Knowledge (ERK) required for California Department of Public Health (CDPH) water distribution exam at D1 & D2 levels. Successful completion fulfills the requirements for specialized training covering fundamentals of water supply principles required to apply for CDPH D2 examination. (A)

113 ADVANCED WASTE DISTRIBUTION

3 units, 3 lecture hours, (Repeats = 3)

PREREQUISITE: Water Treatment and Distribution 112 or equivalent.

Intermediate level; preparing for apprentice or journey person positions in the field of water distribution; the Expected Range of Knowledge (ERK) required to pass California Department of Public Health (CDPH) water distribution examination at D3 level. Successful completion fulfills the requirements for specialized training covering the fundamentals of water supply principles required to apply for CDPH D3 examination. (A)

114 WATER MATHEMATICS

3 units, 3 lecture hours

PREREQUISITE: None.

Recommended for current enrollees in water technology course(s); Covers math required to solve problems commonly encountered in water technology, including Water Treatment, Water Distribution, and Wastewater. The Water Treatment Operator and Water Distribution Operator Certification Tests are weighted heavily with water math. (A)

WELDING TECHNOLOGY (WELD)

1 EXPLORING WELDING/METALS

3 units, 2 lecture hours, 3 lab hours, (Formerly Industrial Education 5)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 or Applied Technology 130 recommended.

An introduction to oxyacetylene and shielded metal arc welding in the flat and horizontal positions, along with other methods of joining steel together. An emphasis on safety and developing good manipulative skill. Includes information on cutting, brazing, and an introduction to the MIG process. (A, CSU)

2A INTRODUCTION TO WELDING TECHNOLOGY

6 units, 4 lecture hours, 6 lab hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 or Applied Technology 130 recommended.

Oxyacetylene welding and cutting, shielded metal arc, gas metal arc (MIG), and gas tungsten arc (TIG) welding. An emphasis on good manipulative welding skills for joining steel and aluminum. Use of various electrodes. An introduction to the electrode and base metal classification system. (A, CSU)

2B ADVANCED MULTI-PROCESS WELDING

5 units, 3 lecture hours, 7 lab hours, (Repeats = 3)

PREREQUISITE: Welding Technology 2A.

Vertical and overhead welding with the shielded metal arc process leading to the American Welding Society (AWS) Structural Welding Code 3G and 4G Unlimited Certification Test. Advanced welding skills with gas metal arc (MIG), fluxed cored (FCAW) and gas tungsten arc (TIG). (A, CSU)

3A WELDING DESIGN AND FABRICATION

5 units, 3 lecture hours, 7 lab hours

PREREQUISITE: Computer Aided Drafting and Design 14 and Welding 2B. ADVISORY: Drafting 12, and eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 or Applied Technology 130 recommended.

Design and fabrication of metal projects by welding. Manufacturing processes, production techniques, and material cost estimation. (A, CSU)

3B ADVANCED WELDING DESIGN AND FABRICATION

5 units, 3 lecture hours, 7 lab hours, (Repeats = 3)

PREREQUISITE: Welding 3A.

A continuation of Welding 3A in the design, construction, and finishing of welded projects. (A, CSU)

4A HEAVY PLATE, STRUCTURAL STEEL WELDING AND CERTIFICATION

5 units, 3 lecture hours, 7 lab hours, (Repeats = 3)

ADVISORY: Welding 2B or equivalent, Drafting 12, and eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 or Applied Technology 130 recommended.

An emphasis on obtaining certification in vertical and overhead welding positions (3G and 4G) in structural welding with shielded metal arc welding (SMAW) flux cored arc welding (FCAW) gas metal arc welding (GMAW) processes leading to the American Welding Society (AWS) Structural Welding Code Certification test. (A, CSU)

4B PIPE, TUBE WELDING AND CERTIFICATION

5 units, 3 lecture hours, 7 lab hours, (Repeats = 3)

ADVISORY: Welding 2B or equivalent, Drafting 12, and eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 or Applied Technology 130 recommended.

Shielded metal arc, gas metal arc welding, gas tungsten arc, and flux cored arc welding processes on different piping systems. Fit up and assemble joint configurations used in pressure vessel, power systems, cross country and refinery applications. Certification procedures in accordance with API, AWS, and ASME codes. (A, CSU)

56 BLUEPRINT READING FOR WELDERS

2 units, 2 lecture hours, (Repeats = 3)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68, and Mathematics 101 or Applied Technology 130 recommended.

Basic fundamentals of blueprint reading and welding symbol interpretation as required by the welding trade. (A, CSU)

WIND TURBINE TECHNOLOGY (WTT)

1 INTRODUCTION TO SAFETY IN THE UTILITY WIND TURBINE INDUSTRY

2.5 units, 2 lecture hours, 1.5 lab hours, (Repeats = 3)

PREREQUISITE: None.

An introduction to the Wind Generation Industry, the history, advantages and disadvantages of wind generation, and industry market trends. Safety practices used in the Wind Generation Industry. (A, CSU)

2 WIND GENERATION AND ELECTRICAL CIRCUITS

2.5 units, 2 lecture hours, 1.5 lab hours, (Repeats = 3)

PREREQUISITE: None.

The electrical measurement tools used in the wind generation industry. The tool types, application and test procedures, including tool safety. (A, CSU)

3 WIND TURBINE SYSTEM MAINTENANCE AND REPAIR

2.5 units, 2 lecture hours, 1.5 lab hours, (Repeats = 3)

PREREQUISITE: None.

Introduction to wind turbine technology systems, both mechanical and electrical. The operation and maintenance of wind turbine systems. (A, CSU)

WOMEN'S STUDIES (WSTS)

5 SOCIOLOGY OF RAPE

3 units, 3 lecture hours, (See also Sociology 5)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A micro and macro overview of rape including the history of rape, a study of what creates a rape culture, social and psychological characteristics and pathology of rapists, sociological impact upon the psychology of the survivor. Includes the various forms of sexual assaults, such as acquaintance rape, marital rape, male rape, gang rape and child sexual assault. The sociological foundation and history of current laws and their execution. (A, CSU)

7 DOMESTIC VIOLENCE: ABUSE WITHIN THE FAMILY

3 units, 3 lecture hours, (See also Sociology 7)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A micro and macro study of the historical and contemporary problem of domestic violence. Overview of the battered spouse syndrome, characteristics of the survivor and the batterer, therapeutic approaches, and development of legislation. Various forms of domestic violence such as child abuse, elder abuse, and violence in same gender relationships are also studied. (A, CSU)

10 CHANGING ROLES OF WOMEN

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The traditional and changing roles of women in Western society, including the effects of these roles on women as individuals, in their personal relationships, and their status in society. The contributions and contrasting perspectives of minority/ethnic women. (A, CSU-GE, UC, I)

24 LA CHICANA AND LATINA

3 units, 3 lecture hours, (See also Chicano-Latino Studies 24)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

A sociological analysis of the Mexican American female in contemporary society. Special emphasis placed on her role in the family, church, education, economics, and politics. (A, CSU, UC)

25 ASSERTIVENESS TRAINING

2 units, 2 lecture hours, (See also Human Services 25)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

How to become more effective and creative in expressing oneself in a courteous and dignified manner. Discovering the communication options available in various life situations. (A, CSU)

30 ASIAN-AMERICAN WOMEN

3 units, 3 lecture hours, (See also Asian-American Studies 30)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Historical experiences of early and later Asian immigrant women. Emphasis is on Asian American women today. Topics include growing up Asian American, relationship with parents, marriage, identity, raising children, doll image, voice, and American feminism. (A, CSU, UC)

36 WOMEN IN LITERATURE

3 units, 3 lecture hours, (See also English 36)

PREREQUISITE: English 1A or equivalent. English 1B is not a prerequisite for this course.

Survey of literature by and about women in fiction, drama, poetry, biography, and essay. Covers multicultural and international literature from classical to contemporary periods, in addition to feminist and gender theory. (A, CSU-GE, UC, I)

41 THE AFRICAN-AMERICAN WOMAN

3 units, 3 lecture hours, (See also African-American Studies 41)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Examination of the roles and status of African-American women within the larger U.S. social structure. Diversified roles of women in Africa from antiquity through the period of slavery and colonization, including contemporary issues among African-American women and the impact African-American women have had on the U.S. and the world. (A, CSU, UC)

43 WOMEN'S NUTRITION

2 units, 2 lecture hours, (See also Food and Nutrition 43)

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

The relationship between nutrition and various contemporary health issues affecting women. Significance of nutrition as it relates to the health of women during specific stages in the life cycle. Current trends and research. (A, CSU)

44 WOMEN IN MANAGEMENT

3 units, 3 lecture hours, (See also Business Administration 44)

ADVISORY: Business Administration 10 and eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Management and entrepreneurial behaviors for women seeking leadership skills, particularly for managers and those aspiring to executive levels. (A, CSU)

47 INTRODUCTION TO LESBIAN AND GAY STUDIES

3 units, 3 lecture hours

ADVISORY: Eligibility for English 125 and 126 or English as a Second Language 67 and 68 recommended.

Interdisciplinary perspective of Lesbian and Gay studies through various disciplines. Issues covered include identity development and coming out, cultural ideology, sub-cultures, activism, gay marriage, gay parenting and community. Theoretical perspectives concerning the historical development of sexual identity, the marginalization of sexual minority communities within social institutions and concomitant issues of class, race and gender in contemporary U.S. society and around the world will be explored. (A, CSU-GE, UC, I)

WORK EXPERIENCE, GENERAL (WKEXP)

19 WORK EXPERIENCE (COOPERATIVE), GENERAL
1-3 units, (Repeats = 2)

COREQUISITE: Fall and Spring Semesters: Must be enrolled in at least one other course, in addition to work experience. Summer Session: Enrollment in another college course is optional. Work experience need not be related to student's educational goal.

Acquisition of desirable work habits, attitudes and career awareness. Exploring basic academic skills, communicating, adapting to new situations, and problem solving. Seventy-five (75) hours of paid work or 60 hours of non-paid work per unit per semester. Maximum of 3 units per semester, 6 units total. May be repeated for not more than 6 units total. (A, CSU)

- Waters, Rosemary
1972-2009
Biology
- Watson, Donald G.
1968-2005
Counselor
- Wayte, William R.
1968-1999
Physical Education
- Weinschenk, Franz A.
1954-1980
Associate Dean of Instruction, Humanities

Weidenhoefer, Hans

1948-1984
Director of Athletics,
Physical Education

Whitt, C. Thomas

1969-2001
Criminology

Wilson, Vernon L.

1976-1988
Radiologic Technology

Winter, Robert F.

1951-1990
Botany, Biology

Woodman, Joseph B.

1948-1976
Auto Mechanics

Woodruff, Jr., Elbert N.

1971-1984
English

Woods, MaryAnn

1989-1999
Medical Assisting,
Health Information Technology

Wrzalinski, Eugene S.

1984-2003
Environmental Technology

Young, Nain T.

1962-1984
Registered Nursing

Zepeda-Esparza, Josephine

1969-1995
English, Spanish

Emeritus Classified Professionals

Andrews-Boock, Sharon

1988-2008

Administration Aide

Archuleta, Irene

1990-2004

Administrative Aide

Barber, Joan

1974-2007

Office Assistant III

Belk, James

1982-2004

Library/Learning Resources Assistant III

Bischel, Steve

1973-2007

Custodian

Bogdanoff, Gerald

1980-2004

Electronics/Microcomputer Technician

Brooks, Edward

1977-2010

Custodian

Caldwell, Carmen

1979-2008

Department Secretary

Carr, William

1999-2010

Financial Aid Assistant II

Christiansen, Argilia

1977-2003

Textbook Purchasing Clerk

Cox, James

1992-2010
