## ART OF TEACHING

### ~~Learning Communities: Race or Ethnicity~~

~~A panel of faculty representing Puente, Symbaa and Idle will discuss the needs of their students and the benefits gained from students learning about their individual historical experiences.~~

## CAMPUS ISSUES

### Career Counseling

Faculty to Faculty collaboration in counseling, career exploration, and development as a driving factor in student success.

### Club Advisor Liability Issues

Club advisors provide a tremendous service to our students. Unfortunately, they're also exposed to legal liability. Greg Taylor, SCCCD Legal Council, will provide information on traveling, fundraising, campus & community activities and how to reduce advisor exposure. A must for all club advisors.

### Dishonesty, Cheating, & Plagiarism at FCC

This workshop will focus on a review of SCCCD College Administrative Regulations, processes, and forms directly related to student dishonesty, cheating, and plagiarism. Discussion will focus on examples of evidence, syllabi, and software that faculty have provided to address situations.

### PTK and AGS: Getting the Word out to Students about FCC's Honor Societies

Information useful to encourage students to participate in honor societies at FCC will be presented about membership requirements, benefits, and campus-community involvement.

### Student Learning Outcomes – Finishing What We Started

This session will provide the opportunity to complete the required documentation due this Fall. Bring your assessment data or course/program information to complete.

### Student Veterans: Understanding & Meeting their Needs

Two expert panels will discuss the needs of our student veterans in the classroom and on our campus. One panel will be made up of student veterans and the other panel will be comprised of local service providers.

### What does Outcomes & Assessment mean for Fresno City College? Creating a Vision...

This session will explore external forces pushing SLOs forward while looking at our internal processes for refinement. This will be a working lunch designed for members of the Outcomes & Assessment Committee and any other faculty members interested in shaping the policies for Outcomes & Assessment.

### Workforce and Economic Development in the Community College.

Learn what workforce and economic development is, what benefit it can bring, what it looks like at community colleges and what it looks like at Fresno City College.

## INTERNATIONAL EDUCATION & CULTURE

### Hispanic America, the One and the Many

The presentation will explore different regions in Hispanic America and highlight the differences and similarities. Ethnicity, geography, economic development, inequalities, and other topics will be explored from pre-Columbian times to the present

### Technology & Business In China – an Emerging Economy

Over Winter break, 2011-2012, Todd McLeod and Dennis Mohle were able to attend a faculty development program to China, visiting many businesses, and will share what they experienced and learned.

### Visit Tutorial Services 9:00 am-3:00 pm!

Learn more about our services, schedule a class visit or presentation, and complete the faculty referral form so your students can receive tutoring.

## FOR FUN

### Art Songs: LIVE!

Description through live performance and a brief discussion of the collaborative requirements of the performers as viewed by the vocalist and pianist.

### Simple Self-Defense

Learn some offensive and defensive techniques. Explore the concepts of mind set, gates, environmental utilization, and non-cooperation.

## TECHNOLOGY

### CurricUNET:

A hands-on workshop to introduce the on-line curriculum process. Recommended for faculty development and modifying courses and programs.

**Do You Have An App For That? Effective Uses of the iPad as an Instructional Tool** Session will present instructional apps for the iPad or tablet.

### Extending Blackboard

Come see the different Blackboard Plugins that are available to enhance your course.

### Grade Books

See how MicroGrade, EasyGrade Pro, Blackboard, and Excel can be used to input your grades.

### Library After Dark

Budget cuts have shortened the library's hours, but online resources abound. Latest information on databases, ebooks, research help and online tutorials

### My Labs from Pearson

The labs are built to deliver dynamic online solutions that include customizable content, personalized study paths, responsive learning tools, and real-time evaluation and diagnostics. A demonstration from Pearson's representatives will show how to understand, navigate and execute these tasks.
