## Notes:

- 1. The Special Education Paraprofessional Certificate of Achievement prepares students to work as paraprofessionals in special education classrooms in Kindergarten through grade 12 (K-12) school settings. Completing the certificate satisfies the federal No Child Left Behind requirements for employment in school districts and is the foundation for the Associate degree for Transfer in Elementary Teacher Education.
- 2. Some of the above courses may have prerequisites. See the catalog or schedule of classes.
- 3. The Certificate of Achievement requires completion of the major (48 units) with a "C" or better grade in each course.

## Additional advisement for K-12 teaching and/or substitute teaching:

Students wishing to become K-12 teachers and substitute teachers may now use specified coursework completed with a grade of B or higher in lieu of or in conjunction with the CBEST to demonstrate proficiency in the basic skills of reading, writing, and math.

The CCTC has stated that qualifying coursework taken at a community college would fulfill this basic skills demonstration of proficiency. Coursework must meet all the following requirements:

Courses must have been taken at a regionally accredited college or university for credit

- Passed with a grade of B or better
- Be degree applicable, and
- At least 3 semester units (or equivalent quarter units)

Qualifying coursework does not include professional development or continuing education units or in-service training or workshops.

## Qualifying coursework includes:

- For reading proficiency: a course in critical thinking, literature, philosophy, reading, rhetoric, or textual analysis.
- For writing proficiency: a course in composition, English, rhetoric, written communication, or writing.
- For mathematics proficiency: a course in algebra, geometry, mathematics, quantitative reasoning, or statistics.

A course that does not fall within the indicated areas may still qualify with additional letter of explanation from the registrar or relevant department chair of the college or university. This must state that a course passed by the applicant covered reading, writing, or mathematics at the same level as one of the listed courses. Such a letter could also attest that a single course sufficiently indicates proficiency in reading and writing combined.

The following FCC coursework has been determined to meet the basic skills proficiency:
