Fresno City College

# WELCOME TO FRESNO CITY COLLEGE!

Welcome to California's first Community College! As the president of Fresno City College, I pledge to continue the rich tradition of academic excellence and student success that began in 1910.

My journey to becoming a college president was different than the traditional path. I grew up in a family of farmworkers and have a strong work ethic because of my experience. I began my education at a community college which has helped me advocate for the needs of students who may be the first to attend college in their family.

As a first generation college student myself, I am thrilled and energized to serve the community of Fresno and work alongside faculty, staff, and administrators who are dedicated to improving the lives of our students. Fresno City College has many quality programs to offer you. We have

highly regarded instructors who are poets and published authors, others who are Grammy nominated musicians. We also have 22 athletics teams that consistently help students complete their educational goals and earn scholarships to major universities.

It has been my personal and professional goal to create a culture of anti-racism, where respect and inquiry are valued. I have also worked to foster student success as well as improve the economic, social, and cultural development of our students. Students are at the heart of the mission and vision of our college and our staff, faculty, and administrators are dedicated to your success.

Fresno City College has a responsibility to the entire region to provide quality programs and accessibility for all. Come join the Fresno City College Ram family and achieve your goals with our support. We look forward to seeing you on campus!

Thank you!

# Registering FOR CLASSES

**Self-Service** is the system students use to register for classes. One benefit for students within the State Center Community College District (SCCCD) is the ability to enroll at multiple campuses in the district (FCC, CCC, RCC, MCC) although courses may count differently towards degrees at each college. Students receive their registration dates via their college email before the registration period begins.

- 1 ⇒ Log into **My Portal**.  
⇒ Open the **Self-Service** app.  
⇒ Click on **Search for Classes/Add to Schedule** on the main or side menu.

- 2 ⇒ Select a **Campus Location**.  
⇒ Select a **Term**.  
⇒ Select a course **Subject** and **Course Number** from you SEP.  
⇒ Click **Search**.

- 3 ⇒ Check the **Section Status** to see if the class is closed, open, or waitlisted.  
⇒ Under **Section Name**, click on the class link for full information such as lab times, then click **Add**.

⇒ The status will have a yellow **Scheduled** bar when it has been added to your schedule. Repeat until all of your classes are added to your schedule. You are now ready to register for your class.

- 4 ⇒ Click on **Register for Classes/View My Schedule** on the left-side **Academics** drop down menu.  
⇒ Use the arrow buttons to select the right term.  
⇒ Click the **Register** button below each class.  
⇒ Check that the class turns green on the **Schedule**. If the class is yellow, you are not registered or may need to press the **Waitlist** button. If the class is red, it conflicts with another class.  
⇒ Classes that have no meeting time are listed at the bottom of the **Schedule**.

# WAITLISTS and *Classes*

## What do I do if I am on the waitlist for a class?

- Check your college email **daily** for a **Permission to Register** email. Once permission is granted, you will have four days to enroll in the class. If you have not enrolled before permission expires, you will be removed from the waitlist.
- If you are on the waitlist when the class starts, you will have priority to add the class following the steps below.

## How do I add a class after it begins?

- If you would like to add a class after it starts, you will need **Add Authorization** from the instructor.
- On the first day of class, either attend the class or email the instructor if the class is online. Make sure to include your **student ID number!**
- If there is availability, the instructor will authorize you to add the class. As long as you are eligible for the course, you will now have the ability to register by adding the section to your **Self-Service Schedule** and then clicking the **Register** button.

## *Helpful Tip*

If you need help registering, visit our tutorial pages or watch our short videos at [www.fresnocitycollege.edu/registration](http://www.fresnocitycollege.edu/registration) or scan the code above.

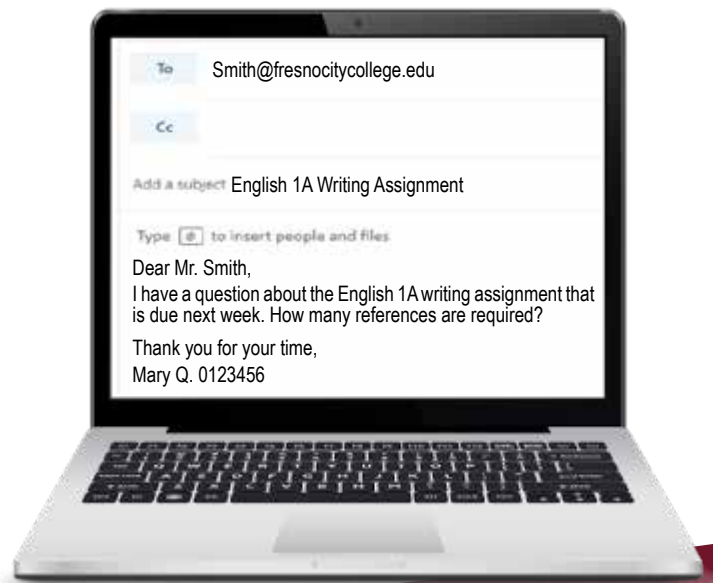

# *Campus* COMMUNICATION

- It's important to communicate with your instructors, counselors, coaches, and supervisors, especially if you need help or have questions.
- Some instructors have office hours where you can ask questions and get to know your instructor better.

## *Helpful Tip*

When emailing, make sure to always use your student email and include your name, student ID number, and the class name and section number (ENGL-1A-12345). Use appropriate language, respectful greetings, and proofread before sending.

Some instructors prefer to communicate via Canvas. Check your syllabus to see which method you should use.
